Our commitment for a sustainable tomorrow

Focused commitment to ensure a sustainable future growth for its customers and other stakeholders has made HCL Infosystems one of the most environment-friendly companies. It has integrated environmental management procedures into its business processes for the continued and sustained protection of the environment, health and safety of all its stakeholders.

The Company has pioneered many vital sustainability initiatives in India and is the first IT company in the country to secure ISO 14001 compliance. It is also the first company in India to have a comprehensive take back policy for WEEE recovery and recycling and the first to launch a complete range of RoHS compliant PCs.

HCL's Go Green initiatives include:

- Drive for energy conservation
- Integration of environment management processes in manufacturing facilities
- Best Assured Campaign
- Green belt creation
- HCL's Green Bag Campaign

HCL ecoSafe is one of our biggest initiatives as part of our drive for a greener tomorrow and an endeavour to protect the environment, health and safety of all our stakeholders.

In line with our focus on environment protection, HCL's manufacturing facilities practice various measures to reduce power consumption by using natural light during daytime, installing different capacity DG sets that consume optimum amount of diesel as per required load.

HCL Green Bag Campaign is an initiative taken by the company to dispose of e-Waste in a 100% environment-friendly manner. In order to facilitate the disposal of e-Waste in an environmentally responsible manner, HCL has equipped all HCL Touch Centres across the country to collect and dispose e-waste.

Chairman's **Message**

Dear Stakeholders

The economy at large has been going through a challenging phase with both enterprise and consumers being cautious in decision making and discretionary spends. Inflationary pressures leading to aggressive interest rate escalation have also played a role in slowing down the economy and the desired growth momentum. Due to the volatile economic environment in the country today, capacity expansion in most sectors has momentarily taken a back seat. In the domestic IT sector, the uptake of products and services like System Integration has been impacted. This is specifically manifesting in slow Government project execution and decision process.

I see this having a short term impact. The emerging broadband ecosystem will lead to technologies like cloud services and mobility. These developments coupled with certain steps taken by the Government like the new Electronics Policy and a renewed focus on R&D will be potential growth drivers in the long run.

With a new mission firmly in place your company now embarks on a growth trajectory. In this journey the company will leverage its operational strengths leading to continuous growth. To achieve this, the management team has been strengthened. Also the company has drawn a charter to heavily invest in identified growth drivers defined under three horizons to include a blend of mature, rapidly growing and emerging business areas.

Within our mature verticals, Lifecycle services for consumers and enterprises will continue to be our focus. We intend to drive substantial growth in our Multi-brand distribution unit through expansion and better management of the portfolio. Also another mature vertical - the Strategic and Transaction outsourcing will focus on bringing in larger businesses.

The company has also been nurturing its rapidly growing business units like Learning Solutions, which is on a high growth trajectory. Our expansion into the emerging geographies has also been quite rapid and we intend to keep on delivering positive results.

We have clearly defined emerging business areas and significant investments are being made as we gear up for the future frontiers. We are readying ourselves in areas like Cloud Computing for both Large Enterprise & SMB. Mobility is another emerging business case and our future roadmap has taken cognizance of an ecosystem of both B2B and B2C applications running on Tablets. Your company has introduced some promising products and solutions which have already made some early breakthroughs.

As HCL Infosystems begins its new year, I am confident that our rigorous execution plans will show results and build a strong organisation over the next 2-3 years for the future.

With warm regards

Management Discussion and Analysis

Overview

The Year 2010-11 has seen a difficult economy with both enterprises & consumers being cautious in decision making and discretionary spends. Inflationary pressures leading to aggressive rate hikes by the RBI led to a slowing economy and growth momentum clearly tapered off by the end of the year.

Your company has faced some significant growth & operational challenges in the year. Some of the key challenges were.

- Decline in sales of telecom products due to certain gap in partner's portfolio. However the introduction of Dual Sim phones has led to strong performance in the month of June.
- Profitability has been impacted due to continued losses in Consumer Computing. However delayering of channel & launch of accessories in the last quarter has yielded positive results.
- Cash has been tied in businesses like System Integration due to excessive delay in government decision cycles in the last 9 months. As we had reported earlier in a release made on our website, a government investigating agency has collected certain documents from the company, pertaining to a material contract awarded to it by a government company. The CAG has also commented on this contract in a report.

- Business like HCL Infinet, Security & CDC have continued to grow but not adequately scaled in the last few years. Actions were taken on each of these businesses.
 - o Signing divestment agreement with Tikona and
 - o Rationalization of unprofitable CDC franchises.
 - o Merging of Security with OA business

However in spite of these challenges we achieved some significant milestones such as.

- Company achieved snag free roll out of many prestigious projects of national importance like RGI, AFNET & implementation of core banking systems for Co-operative banks like HPSCB.
- Large outsourcing deals like PCMC, MPPDS & Financial Inclusion were won by the company. These deals are transactions based and likely to increase in the future.
- HCL Learning launched multimedia classroom offerings - DigiSchool & Xcelerate.
- Operations of HCL Global Touch were started to offer remote customer support to overseas customers.
- Acquisitions in the Middle East & opening of offices in South Africa

and Nigeria enhanced Global foot print.

- DQ Survey rated the company #1 rating in Customer Satisfaction.
- Company rated as one of the Best employers in the country & was once again selected as Business Super brands.

As your company embarks on a new year, it has identified improvement levers for each businesses with a rigorous execution plan. It has also identified strategic initiatives as the way forward to change our trajectory both in the next 2-3 years and in the longer term. These include:

1. Investment in Growth Drivers that your company believes are next big growth opportunities for HCL where these new businesses can be incubated and brought to scale quickly.
2. Organization Transformation program 'ASPIRE' where key excellence initiatives have been kick started in different functional areas to build organization effectiveness & improve Working Capital and acquire new organization capabilities to make the Transformation successful.

Your Company's Growth Drivers are supported by clear market trends and the company's operational strengths to leverage these trends such as:

- Adoption of cloud computing by enterprises and hosted applications by SMBs. As organisations move towards more optimised investments, they want to move ahead for more of opex than capex based model.
- Adoption of mobility devices like Tablets. Enterprise Mobility is gaining steam as businesses world over come to terms with real-time information/solution be it customer support or sales force automation.
- Role of IT in delivering quality education is getting more & more pronounced.
- Large scale e-governance projects will witness increased adoption with online delivery of citizen services and Document Management Services (DMS) and digital imaging technologies.
- Growth in various lifecycle managed services for digital solutions used by enterprises & consumers, e.g. Managed Print media services, Remote Infrastructure Management.

Business Outlook

The economy decisively slowed down in the second half of FY 10-11. Growth momentum during the period tapered off in all key sectors. Government project execution was sluggish and inflation continued to be high and the continuous rate hikes drove down capacity expansion in most sectors.

The outlook for FY 11- 12 remains cautious about the country's economic outlook in the short term amid high inflation & delays in government decisions hurting overall business activities.

- **HCL Learning** - HCL's Career Development Centres (CDC) offer IT courses in over 60 centres across India. HCL introduced 'HCL DigiSchool' last year, its solution designed for Indian schools that offer modern multimedia classrooms with high quality content. HCL Infosystems DigiSchool solutions are designed & customised as per Indian K-12 school curricula for different school

boards. HCL Learning is expected to show strong growth as we see consistent growth in spend for Education and increasing adoption of IT for delivery of quality education.

- **Digital Lifestyle** - HCL continues to grow Digital Lifestyle products distribution business by adding new products to its portfolio of consumer electronics and mobile accessories. With increase in size of India's middle class and share-of-wallet shifting from basic necessities to discretionary items, demand for digital lifestyle products is expected to grow.
- **Office Automation** - Office Automation (OA) business addresses the requirements of Audio-Visual Systems, EPABX/VoIP solutions, Imaging & Printing solutions, Media and Entertainment solutions and Tracking solutions required by various enterprises and governments. Your company has also created new services like managed print and media services. Growth in sale of Office Automation products like Printers, Projection Systems & AVSI systems is expected to slow down as businesses optimize capex investments in near term. However demand would be

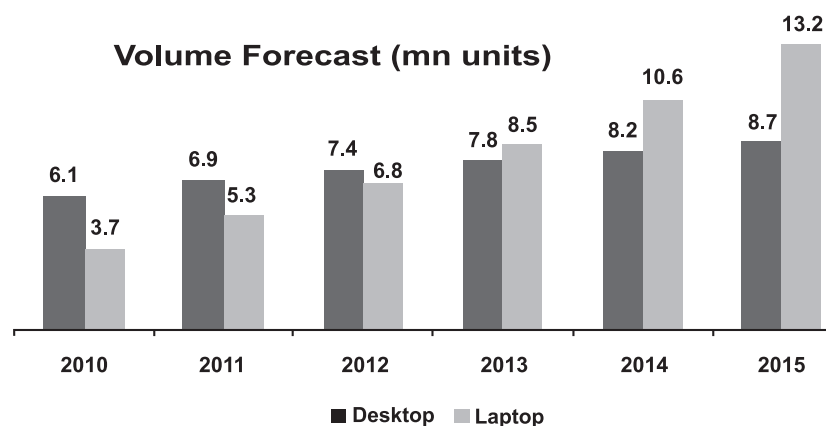

Product	Market Size
Printers	2000 Cr
Managed Print Services	1000 Cr
Projection Systems	650 Cr
AVSI	1150 Cr
Media & Entertainment	440 Cr

high in managed services like print services etc.

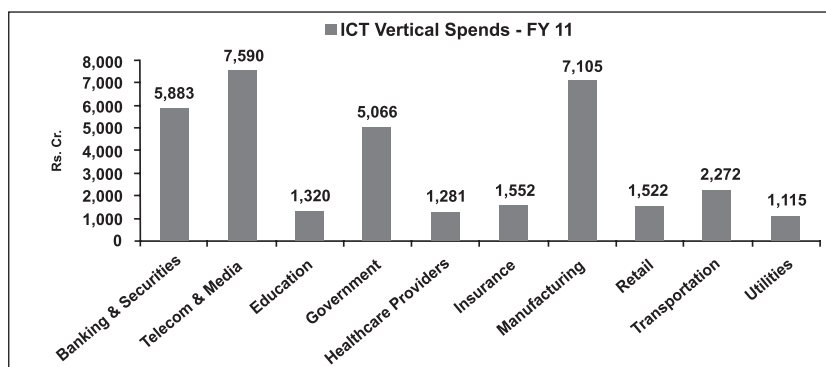

- **Consumer & Enterprise Computing** - HCL Infosystems is a significant player in the Desktop, Laptop and Thin clients market with a strong brand recall.

Desktop & Laptop market is expected to show slow growth and pricing pressure in near term with decrease in consumer spending and new products like Tablets eating market share. However, long term growth story of PC market still remains intact as PC penetration in the country is still just about 4% (compare this with mobile phone penetration of over 60%) and broadband penetration is still under 1% and a rapid growth in the same expected over next 4-5 years.

In computing, besides PCs, your company's **Enterprise Business Unit** drives sale of hardware like desktops, laptops, S4N (server, storage, security, network) products and System Integration solutions to Government, enterprises & Small and Medium Business (SMB) customers. In the near term, even this business is likely to face a slow down with a tightening of the economy. However this unit is expected to show a consistent growth in the long term as SMB market grows in India and both government and Enterprises continue to seek efficiencies using IT and with new technologies of mobility and cloud computing.

Growth Drivers

Your company has identified following future growth opportunities as the Growth Drivers for the company in the next 2-3 years.

I. Lifecycle Services (Enterprises & Customers)

The company offers a large number of managed services programs for our enterprise customers. These managed services programs include offerings like Facility Management, Remote Infrastructure Management (RIM) and Managed Print Services. It has setup and operationalised a RIM Centre in Pondicherry to enhance offerings in the area of Managed services. The facility provides services in Infrastructure (Network, DC/DR, Clients) Management, Application management and Operations management services. Under Facility Management services, the company operates a large network of service engineers along with back end repair facilities and call centres providing 24/7 repair services across all major cities for enterprise customers.

For consumers, HCL has a multi-brand repair capability across PCs, phones & Digital lifecycle products. Services are provided through consumer service centres (branded 'HCL Touch'). The company has also started a Remote technical support offering to overseas consumers through phone, chat & email. This business is expected to grow rapidly with increasing needs of support for various digital products in the life of a consumer today.

II. Multibrand Distribution Strategy

HCL Infosystems has built a large value added distribution network in the country with partnerships with leading global brands such as, Nokia, Apple, Kodak, Toshiba, Microsoft, Konica and Minolta among others. HCL's distribution network is able to distribute products to over 100,000 retail outlets all over the country.

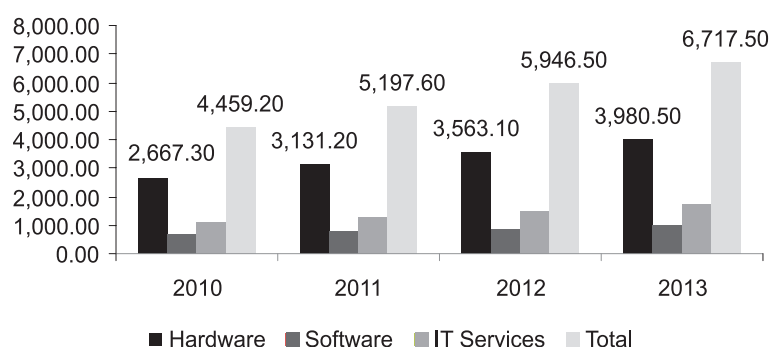

As part of the Multibrand distribution strategy, the company

will focus on addition of new brands in existing categories and add new profitable, fast growing categories. It will try to increase geographical reach and build an ecosystem of accessories.

III. Emerging Markets (Middle East & Africa)

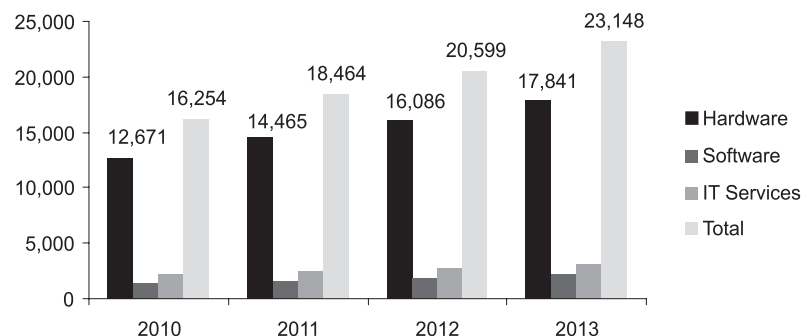

The company strengthened its global presence with the addition of emerging markets like Middle East, Africa and South-East Asia. Apart from focused initiatives in the emerging markets, the company bought a majority stake in the Dubai-based NTS Group and minority stake in distribution company Techmart. The acquisition of stake in NTS (now called HCL MEA) will see its customer relationships across the Middle East, get access to the HCL Infosystems expertise in the ICT domain. The investment in Techmart will give HCL access to the distribution market in Middle East & Africa. The company also recently opened a subsidiary in South Africa.

IV. Learning - Digischool & Digicampus

Established with an objective to meet the increasing demand for quality education in schools, HCL Infosystems introduced 'HCL DigiSchool', its state-of-the-art solutions designed for Indian schools that offer modern multimedia classrooms with world class content.

With an installed base of only 54,000 class rooms out of a total addressable market of 1.4 mn class rooms, HCL Digischool has a significant market potential to increase sales of K-12 content within CBSE and state board schools. Other initiatives in this business include IT enabled remote delivery of quality content for Coaching for competitive exams, vocational training, Language Lab and School ERP products and other solutions for schools & students.

V. Mobility

The global market of Tablets is growing very rapidly and it is expected to grow 3-4 times in 2012 and reach a size of 70 Million units in 2012. Adoption of tablets in India is still low due to lack of good coverage of 3G/ 4G communication networks. However, we expect tablets to show a strong growth in next 3-4 years as high speed wireless networks mature and also India specific applications and price points emerge. Your company will have a play in this growing market through Mobility solutions for both consumers as well as enterprises.

VI. System Integration in high growth verticals

Your company has decided to focus on a few select verticals where it can leverage its best practices and IP developed through various successful projects.

During the FY 2010-11, your company strengthened its organization for System Integration through

- Creation of a dedicated Project Management Office (PMO) and Central Bid Team (CBT)

- Vertical focused practices
- IP creation with a development centre at Jaipur

VII. Cloud Computing

Cloud computing is reshaping the IT marketplace, creating new opportunities for suppliers and catalysing changes in the traditional IT offerings. Large enterprises are now open to adopting private clouds for their in house requirements and Small and Medium Businesses now have access to world class applications and IT capabilities through renting of these through what is called 'Public clouds'. This will help adoption of technology in SMB in India significantly. Some reports put growth of cloud computing market

to be as high as 50-60% y-o-y for next 5 years. Your company has built capabilities to help large organizations in building private cloud infrastructure as well as to offer Infrastructure and Software as a service to SMBs through your company's hosted applications.

ASPIRE - Excellence Tracks

ASPIRE is a Business Excellence program started in late FY 2011 to help your company transform itself to be better prepared for new opportunities and also to help drive significant cost and working capital efficiencies.

This program which has 7 tracks, was started in the second half of the year and is tracked regularly with progress reviews every week with the Project Sponsors & the CEO.

ASPIRE Charter	Objectives
Sales Excellence	Create a strong account management program and build high performance sales engine by strengthening partner base, build competencies through sales certifications, improve effectiveness through Business intelligence and Analytics tools & strengthen back end processes like delivery management.
Service Excellence	Build Customer Delight & provide consistency & efficiency in services. Deliver benefits by deploying a Account Service Management Programme for Customers, enable field services to migrate to higher value added services.
Project Excellence	Drive significant improvements to your company's Program Management practices. Create smooth Project Kickoff process with pre knowledge being part of bidding process and have strong Resource Management practices and tools for resource optimization
Cost Excellence	Provide continuous cost productivity by leveraging a comprehensive range of lean practices, Identifying and eliminating wastes, adopting preferred Vendor Strategy, & driving cost efficiencies throughout the organization.
Distribution Excellence	Implement solutions for Distribution management & consolidation, route planning and Logistics Integration and achieve standardization and consolidation of processes/practices across the distribution operations.
Operational Excellence	Working capital improvements through reduction of Order to Cash cycle time, SKU consolidation & sales forecasting and Project Delivery improvements.
Innovation Excellence	Optimise R&D investments through a robust Stage Gate process. Build new R&D Centers of Excellence,

I. R&D Initiatives

As part of its R&D initiatives, the company launched Hand Held terminals (HHT) & BancMate solution for financial companies in FY 10-11.

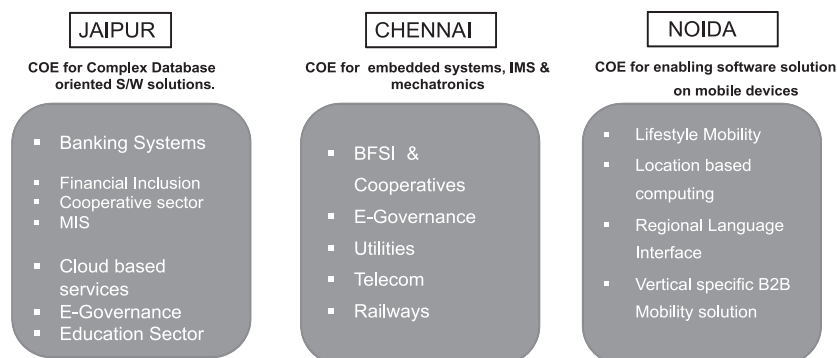

The company will make significant investment in R&D this year with a

robust C2C (Concept to Commercialization) process that is being deployed as a part of the ASPIRE Business Excellence Programme.

The company has also set up three center of excellence to build strong product capability.

undertaken as a part of ASPIRE program to help reduce the cost and increase overall profitability.

Achieving Customer Delight has also been a key goal of our ongoing excellence journey. Quality and process improvement has also been linked with ongoing ASPIRE excellence tracks. Various Cost and Lean improvement projects have been

of the business units and support functions, where the key business leaders participated in risks identification and mitigation planning exercise. The effectiveness of the Risk Management action plans are measured tracked and reported quarterly to the Board appropriately.

Some of the key actions that were initiated under the risk management program during the financial year were as follows:

- Credit controller has been added to assess customer and channel partner credit risk and approve credit limits for each of them.
- Board Approved hedging policy on foreign exchange has been implemented across the company.
- Segregation of Project Management Office (PMO) & Central Bid Team (CBT) from sales to manage challenges in System Integration business around contract management & project estimation.

IV. Internal Control Systems and their Adequacy

Your company has put in place adequate controls that are commensurate with its size and the nature of its operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use or losses, executing transactions with proper authorization and ensuring compliance of corporate policies. These processes have been further revised as a part of the iQMS framework and an upgraded control framework is being put in place with a roll out of a new Authority Schedule for all operations in the company (planned to be completed in Q2 FY 2012).

Your company has an Audit Committee, the details of which have been provided in the Corporate Governance Report. The Audit Committee reviews reports submitted by the Internal Auditors. Suggestions for improvement are considered by the Management and the Audit Committee follows up on the implementation of corrective actions.

Your company has an internal audit function and internal audit is based on an Audit Plan, which is reviewed each year in consultation with the Audit Committee. The Internal Audit

process is designed to review the adequacy of internal control checks in the system and covers all significant areas of the Company's operations such as accounting and finance, procurement, employee engagement, travel, insurance, IT processes, safeguarding of assets and their protection against unauthorised use, among others.

Stringent disciplinary actions are taken when ever internal audit finds non compliance to corporate policies and controls.

V. Human Resource Development

In today's competitive world, we believe that our success is contingent on our ability to attract and retain the best talent the industry has to offer. Keeping this in mind, your company introduced various programs for Leadership training, functional training & technical training at its 16 acre campus in Hyderabad. We carried forward our iLead Development Centres, one year customised development programs to support transitions. We continued training & development initiatives to develop a robust leadership pipeline and provide our people with extensive blended learning opportunities for career development and growth.

As an enabler to our Business excellence initiative, ASPIRE, we introduced a new three-step Performance Management System. We believe that our path to Business Excellence will be greatly enhanced through this solid Performance Management System and a culture of individual accountability. Performance is now an assessment of both, results as well as behaviours and competencies.

In line with the performance management system, the incentive structures are now strongly linked to margin and cash flows and not on sales.

In our transformation towards business excellence, we recognise the need for keeping our people involved in all important changes taking place within the organisation. We have initiated new channels of communication such as CEO Townhalls, regular mailers and posters to communicate the vision of business excellence.

During the year, your company focused on building a strong leadership bench required for success in new upcoming growth areas. Besides a new CEO, many new Business Unit heads and Functional managers were hired with relevant back ground and skill sets to the leadership team of the company. Current top leadership team of the company consists of a balanced mix of the top talent developed internally through multi-functional exposure within the company as well as talent hired from outside. Besides talent infusion at the senior levels, your company has also focused on attracting talent at entry and mid management level and runs a robust Management Trainee and Exec MBA recruitment program for recruitments from top Management and Engineering Colleges in the country.

Your company continues to get accolades from third party agencies for being one of the best employers in the IT Industry.

The employee strength has increased from 6731 in 2010 to 7357 in 2011.

Segment Performance

The company has identified three primary segments namely Computer Systems and related products & services, Telecommunication & Office Automation and Internet & related services.

Segment Revenue**Segment PBIT****Computer Systems and Related Products & Services**

The segment operations comprise of manufacturing of computer hardware systems, providing comprehensive Systems Integration, Roll out and Infrastructure management solutions in different Industry verticals, providing IT services including maintenance & facility management and ICT training. The subsidiary HCL Insys Pte Limited, Singapore and its step down subsidiary HCL Infosystems MEA, Dubai along with its subsidiaries form part of Computer Systems segment.

Segment revenues in FY 2011 were Rs. 3691 crores as against Rs. 3643 crores in previous year.

Segment PBIT in FY 2011 was Rs. 118 crores as against Rs. 190 crores in previous year. PBIT as a % to sales was 3.2% as against 5.2% in the previous year. Delay in customer decision / acceptances had resulted in cost overruns and receivables provisioning impacted the margins of this segment.

Capital employed in the segment as at June 30, 2011 was Rs. 1363 crores as against Rs. 1215 crores as at June 30, 2010.

Telecommunication & Office Automation

The segment operations comprise of distribution of telecommunication and other digital lifestyle products, office automation products and related comprehensive maintenance and allied services. The subsidiary HCL Security Limited (known as Digilife Distribution and Marketing services Ltd. w.e.f August 1, 2011) and HCL Investment Pte Limited, Singapore, with its joint venture Techmart Telecom Distribution FZCO, Dubai, form part of Telecommunication & Office Automation segment.

Segment revenues in FY 2011 were Rs. 7805 crores as against Rs. 8529 crores in the previous year. Decline in the telecom handset distribution business, a dominant portion of this segment, led to de-growth in this segment. Office Automation business reported a growth of 14% over last year.

Segment PBIT in FY 2011 was Rs. 193 crores as against Rs. 216 crores in the previous year. PBIT as % to sales was 2.5% in FY 2011, the same as in the previous year.

Capital employed in the segment as at June 30, 2011 was Rs. 310 crores as against Rs. 203 crores as at June 30, 2010.

Internet and Related Services

The segment provides Internet and related services through the Company's wholly owned subsidiary HCL Infinet Limited to business enterprises. The offerings include Internet access services, virtual private network and other connectivity services.

The Company had signed a Share Purchase Agreement with a Buyer in January, 2011 for the sale of its equity stake in HCL Infinet Limited, which is accordingly identified as discontinuing operation.

The sale/transfer of the entire equity stake in HCL Infinet Limited shall be given effect on receipt of necessary regulatory approvals. Accordingly, gain amounting to Rs 22.4 crores as on June 30, 2011 arising on sale of HCL Infinet Limited in consolidated results will be accounted for on consummation of this transaction.

Segment Revenue in FY 2011 was Rs. 75 crores as against Rs. 77 crores in the previous year. Segment PBIT in FY 2011 was Rs. (11) crores as against Rs. (14) crores in the previous year.

Report on Corporate Social Responsibility

Social Responsibility & Community Development

HCL Infosystems remains committed to sustainability. Our vision for a sustainable future is based on a societal change we have set to bring about with us renewing our efforts to make a sizeable impact. In this period numerous programmes have been undertaken under the championship of employee volunteers to enrich the lives of the disadvantaged, especially under privileged children and the elderly. The initiatives taken include sponsoring child education, volunteering to teach IT, donations for elderly, blood donation camps, collection drives and green movement to save the environment. Diversity of workforce and inclusion of all classes of society has been actively promoted through participation in job fairs exclusive to people with disabilities, additional support for women employees and emphasis on recruitment from smaller towns and far-flung areas of the country.

HCL INFOSYSTEMS Mindia

Mindia is all about saluting the prowess of the Indian mind. At HCL Infosystems we believe that it is the Indian mind that is responsible for our country's growth today. To celebrate the prowess of the Indian mind, HCL Infosystems has enunciated the concept of Mindia. Mindia is an apt manifestation of basic feeling that binds all Indians together that of being 'Proud to be an Indian'. The HCL Infosystems Mindia conclaves aim to bring an interactive platform where illustrious minds of India share their perspective about the greatness and distinctness of the Indian mind. HCL Infosystems Mind Conclaves are a series of events organized across the country to propagate the thought 'Mindia'. The conclave has already covered 26 cities across the country since its inception.

HCL INFOSYSTEMS Concert Series

HCL Infosystems Concert series is yet another initiative taken up by HCL Infosystems in association with The Indian Habitat

Centre, Delhi and the Music Academy, Chennai. Through this initiative, HCL Infosystems provides a renowned platform to upcoming talents in the Indian performing art forms. HCL Infosystems 'Expression of the Mind' is the salutation to the 'Gurus' of the Indian classical dance and music. This way HCL Infosystems strives to showcase the excellence in Indian arts and culture to discerning audiences and the series promises to present hundreds of concerts featuring a variety of artists over several years of its continuation.

So far, close to 400 concerts have been successfully organized under HCL Infosystems concert series over the past 11 years.

Environmental Sustainability Report

According to the latest Greenpeace' Greener-Electronics-Guide release (October 2010), HCL Infosystems is now among the **GLOBAL-TOP-3** companies on Green-front.

As compared to last year rankings (September 2009), we gained 1.0 points (highest gain by a company), resulting in a 16.4% growth in our Greenpeace ratings Year-on-Year.

HCL Ecosafe is a well structured Program, and its functions have broadly been divided into 3 categories:

1. Chemical Compliance
2. E-waste
3. Energy

In the following pages, we will provide a category-wise overview of all our major initiatives, activities and achievements in all of these.

HCL Infosystems Environment Policy: HCL Infosystems is committed to conducting its business in a manner that delivers Environmental, Health and Safety performance.

Our Goals:

1. To provide products and services that are safe and environmentally sound throughout their lifecycles
2. To conduct our operations in an environmentally responsible manner
3. To create healthy and safe practices in work environment

To accomplish this, we will:

- a. Meet or exceed applicable legal requirements.
- b. Proactively reduce occupational injury and illness risks, and promote employee health and well-being.

- c. Aggressively pursue pollution prevention, energy conservation and waste reduction in our operations.
- d. Design and manufacture our products to be safe to use and to minimize their environmental impact.
- e. Share information with our customers on environmentally responsible end-of-life management services for HCL Infosystems products.
- f. Ask our suppliers to conduct their operations in a socially and environmentally responsible manner.
- g. Use an Environmental Management System approach to establish goals, implement programs, monitor technology and environmental management practices, evaluate progress, and continually improve environmental performance.
- h. Foster a culture of environmental responsibility among employees and management.
- i. Harness energy conservation in our operations and products and reduce carbon footprint.
- j. Proactively address chemicals phase-out through a chemical policy and initiate a program for end-of the life product management as its individual responsibility.

We believe that this high level of performance can be achieved by integrating these objectives into our business planning, decision-making, performance tracking and review processes.

We believe our company must work with employees, suppliers, partners, customers, and governmental, non-governmental and community organizations to protect and enhance health, safety and the environment.

1. CHEMICAL COMPLIANCE:

Highlight: On 25th September, 2010, HCL Infosystems unveiled first 'Made in India' REACH Compliance Laptops - HCL ME series 54 laptops - in the Indian market, a future-ready product that conforms to the stringent REACH compliance in EU. This product is not only free of PVC and BFR, but is also free of Antimony and Beryllium.

HCL Infosystems Chemical Policy Based on Precautionary Principle:

HCL Infosystems' vision is to avoid the use of substances in its products that could seriously harm the environment or human health and to ensure that the company acts responsibly and with caution.

HCL Infosystems believes that if reasonable scientific grounds indicate a substance (or group of substances) could pose significant environmental or human health risks, even if the full extent of harm has not yet been definitively established, precautionary measures should be taken to avoid use of the substance(s) in products unless there is convincing evidence that the risks are small and are outweighed by the benefits. HCL Infosystems considers these to be substances of concern that need to be eliminated in the long term and substituted or gradually phased out in the short term.

HCL Infosystems is strongly in favour of government legislation such as the Electronic Products Standard law which restricts/bans use of certain identified chemicals in Electronic Products.

HCL Infosystems identifies these substances with consideration for legal requirements as mandated by the Ministry of Environment and Forest, Government of India, international treaties and conventions, RoHS legislation etc. as applicable to its area of operations and by the following criteria:

- Substances with hazardous properties that are a known threat to human health or the environment.
- Substances with hazardous properties that show strong indications of significant risks to human health or the environment.
- Substances with hazardous properties that are known to bio persists and bio accumulates in humans or the environment.

To enforce the company's precautionary measures, HCL Infosystems strives to eliminate such substances of concern in its products by:

- Maintaining a Banned and Restricted Substance List.
- Choosing designs and materials that avoid the use of substances of concern.
- Committing suppliers not to use these substances contractually.
- Substitution of viable alternate substances.

To demonstrate our commitment, HCL Infosystems has targeted the following substances for phase out:

- Phthalates - Tentative timeline for its phase out by HCL Infosystems is 2012.
- Beryllium and its compound-Tentative timeline for its phase out by HCL Infosystems is 2012.
- Antimony and its Compounds- Tentative timeline for its phase out by HCL Infosystems is 2012.

Acceptable alternatives would be identified for the above that will not compromise product performance and will lower product health and environmental impacts. We will have appropriate management procedures to deliver this policy and review a phase out plan yearly or when required and evaluate available technical, environmental and scalable solutions. HCL Infosystems is committed to continually improve the environmental quality of our products.

HCL Infosystems' methodology for Identifying Harmful Chemicals in Future:

At HCL Infosystems, we have a dedicated team that regularly monitors the following indicators for identifying clues/proofs about new Harmful Chemicals in Electronic Industry:

- National Legislations
- International Legislations
- Concerns raised by International Community

- Environment related Publications
- Scientific Studies on the effects of Chemicals on Environment/human-health
- Concerns raised by NGOs
- Concerns raised by Study-groups

Every quarter, this team classifies the information thus gathered in the following categories:

- Chemicals which have been empirically proven to be Toxic
- Chemicals which are not empirically evident to be Toxic

Every quarter, the chemicals that figure in the category 1 above are identified as Toxic Chemicals, and are included in the Class A list.

Simultaneously, changes if any are communicated to all our suppliers as per requirement.

The chemicals that figure in Category 2 are constantly followed for any further clarity on them.

Class A: This list includes all the chemicals, substances, elements, their alloys and compounds which are totally banned from all our products due to their hazardous properties.

Class B: This list includes the restriction in use of certain chemical substances, their alloys and compounds as per the limits specified and the timeline for its phase out.

For details please visit <http://www.hclinfosystems.in/indexhclinfosystems-eco-safe.html>

Product packaging material restriction

HCL Infosystems' objective is to use packaging materials in a way which has minimum impact on environment. During the product development stage, product packaging is designed keeping mind the following points:

- Use of only recyclable material
- Use of minimum possible size & weight in order to reduce material consumption
- Use of recycled material wherever possible
- Specifying the list of banned and restricted chemicals for packaging materials

HCL Infosystems on compliance to RoHS under EU Directive (2002/95/EC)

Restriction of Hazardous Substances or RoHS is an important EU legislation intended to eliminate or severely curtail the use of six hazardous elements namely Lead, Cadmium, Hexavalent Chromium, Mercury, Poly Brominated Biphenyl (PBB) and Poly Brominated Diphenyl Ether (PBDE).

The presences of these elements in products are detrimental to the environment, health and safety of users and must be discontinued or reduced to acceptable safe levels. Although there are no direct compliance requirements on RoHS, HCL Infosystems has adopted a proactive stance on RoHS compliance keeping in mind the emerging requirements of the stakeholders.

With effect from 1st January, 2008 we have achieved total RoHS compliance for Desktops, Laptops, workstations, and Servers.

HCL Infosystems' initiatives on phasing out PVC, BFR, Antimony and Beryllium in product manufacturing:

On 25th September 2010, HCL Infosystems' unveiled first 'Made in India' REACH Compliant Laptops - HCL ME series 54 laptops in the Indian market, a future-ready product that conforms to the stringent REACH compliance in EU. This product is not only free of PVC and BFR, but is also free of Antimony and Beryllium (except for the Power-adaptor).

The REACH-compliant HCL Infosystems ME Series 54 meets the standards laid down by the European environmental-safety standards, and is future-ready for the environmentally-conscious global consumer. The notebook is also blessed with the unique HCL Infosystems Balanced Power Theme which enables auto shutdown during idle period. The notebook becomes greener with Advanced Thermal Engineering which minimizes the heat-generation capacity. These features increase the battery back-up of the notebook, thus making a step towards conserving energy. Also, HCL Infosystems takes the responsibility of recycling the Laptops at the end-of-life, making it the first Laptop in India to comply with the 'Cradle-to-Grave-to-Cradle' approach of sustainable product designing.

We are happy to point-out that we have achieved the (PVC, BFR, Antimony, Beryllium) free status in our product much ahead of our committed date of 31st December, 2012.

At present 50% of our overall range of laptops is PVC and BFR free. HCL Infosystems is working towards the road map of making entire product range PVC and BFR free.

2. E-WASTE:

As you are aware, the e-waste draft rules have already been drafted by MoEF, and we are proud to say that we have been playing a very proactive role in the process, right from the conception to the final draft.

Through MAIT, we were involved at Management level in this Endeavour.

Even in the absence of a regulatory framework in the country and the lack of EPR laws, HCL Infosystems has been providing the customers a free e-waste take-back and recycling service from past 2 years under the HCL Infosystems 'Green-Bag' Campaign.

Last year, we extended the HCL Infosystems 'Green-Bag' Campaign to retail customers also, thru our HCL Infosystems - Touch Network.

In Financial-year 2010-11, we collected and recycled 46,000 kg of e-waste. Since 2005-06, we have been seeing a continuous improvement in e-waste collection and recycling.

3. ENERGY

Highlights:

1. HCL Green Data Center at HO, Noida became the first Data Center Building in India to be certified LEED IC PLATINUM by US-Green Building Council

2. HCL ME series 54 became the first Laptop in India to be certified BEE-Star, the highest energy-efficiency standard in India for Laptops
3. Absolute reduction of 1,581 tonnes of CO₂-e in operations as compared to last year

Energy is one field where we have made a considerable improvement. We divide our Energy efforts in 2 broad categories:

1. Energy Efficient Products
2. Energy Efficient Operations

HCL Infosystems Support for mandatory Reduction of GHG Emissions:

HCL Infosystems fully supports the Kyoto protocol and demands for reduction in global GHG emissions. HCL Infosystems is fully committed to reduce its own GHG emission, strongly advocates for strong Energy Efficiency regulations for future industrial growth in India and is willing to work with government and industry stakeholders on this issue.

GHG emission Disclosure of HCL Infosystems Operations:

HCL Infosystems reports GHG emissions under scope 1 and scope 2 of GHG protocol. From next year, we will also include scope 3 emissions in our GHG reporting.

HCL Infosystems has accounted the GHG emissions for its 210 sites operating in India. As per the review of M/s Ernst & Young in accordance with the International Standard on Assurance Engagement (the ISAE 3000) issued by the International federation of accountants, estimated GHG emissions of the 210 sites amount to 10.749 Kilo Tonnes CO₂e (Carbon-di-oxide equivalent) for the period July 2009-June 2010. **This is a whopping reduction of 13% in a single year**, and is the right indicator in the direction of our targeted 20% absolute reductions by year 2014, saving us both energy and cash.

We are now in the process of implementing the Scope-3 GHG emissions (which includes GHG emissions arising from employee-commutation and employee-business travel). This is a first of its kind assessment being done by an ICT company in India.

Commitment to reduce GHG emissions:

HCL Infosystems set a target of 20 % reduction in its GHG emission by 2014 from the base year of financial year 2007-08 on per square foot area basis.

Road-Map for Committed GHG reduction:

We have a well planned road map for achieving this challenging target. Six projects have been started in this direction, which have started with dedicated people from Admin, marketing, commercial and procurement departments:

1. **Green Buildings:** All new buildings will be Green Buildings with LEED-Platinum certified. Also, in December 2010, HCL Green Data Center at HO Noida became the first Data Center Building in India to be certified LEED IC PLATINUM by US-Green Building Council.

2. **Use of Renewable Energy:** We will double the use of solar energy from 0.13% to 0.26% of our overall energy consumption.
3. **Installation of energy saver ACs:** Estimated reduction of 5% electricity consumption for each unit.
4. **Replacement:** Tube lights will be replaced with more efficient LED lights and CRTs will be replaced with TFTs. Normal power-supply will be replaced with energy star power-supply for all computers at HCL Infosystems Offices.

Energy efficiency of new models

HCL Infosystems follows 2 steps for improving the energy efficiency of its green PC models:

- a. Choosing the right hardware for a green PC (e.g. using motherboards with Dynamic Energy Saver (DES) technology), and using more efficient power supplies (ES 4.0 and ES 5.0)
- b. Setting the right tuning of the software to support green computing

These methods have resulted in energy conservation of 20 to 33 % for our green PC models (depending on the model) and 75 % for the monitors.

The entire range of HCL Infosystems products has ACPI mode for power savings, as well as UL certification for safety.

BEE-STAR version 1.0: Our Ecosafe-team was aware about the BEE-Star version 1.0 standards from last year, and we had been communicating with our product and PEG teams for the same in a pro-active manner.

HCL was proactively participating with Government Agencies to bring out India-specific Energy Efficiency standards. Also, the fact that Energy-Star will no more be valid for India from June 2011, further prompted us to bring out India-specific standards and labeling programs for computing products.

Consequently, on 29th April, 2011; HCL ME series 54 laptop became the first laptop in India to be BEE-Star certified. This has come out to be a clear 'differentiator' for our series 54 laptop.

By September 2011, we plan to get all our laptop products certified on BEE-Star standards.

Intel Node Manager Policy and HCL Infosystems IGL Servers:

HCL Infosystems IGL 2700 UR server based on latest Nehalem Architecture is now enabled with Intel Power Management Policy and ISMS 3.5, which reduces the total power consumption of the server system by setting a threshold value for the power consumed in watts.

This feature helps restrict the total power consumption during less or no loads, preferably on weekends and during night-time. The Administrator can add policies according to the workloads and requirements which help in achieving low power states.

Affirmative Action Initiatives

HCL Infosystems is working towards Affirmative Action as an important step towards ensuring sustainability in the organization. As part of this initiative, HCL Infosystems has re-iterated its commitment towards enforcing equal opportunities in employment. The organization is also taking steps towards increasing employability among those who are socially and economically disadvantaged by providing training, voluntary coaching and mentoring.

HCL Infosystems will make efforts for up-skilling and continual training of employees from socially disadvantaged sections in order to enhance their capabilities and competitive skills. The company will further maintain records on Affirmative Action. As part of the CII Affirmative Action Code of Conduct, quality and cost being equal, HCL Infosystems would give preference to enterprises with promoters, partners, and proprietors, and/or workers in majority from Scheduled Castes and Scheduled Tribes.

Table: Employee Demographics	Total (OBC,SC,ST)	Total Manpower	Percentage of Manpower from socially disadvantaged section
As on June 2011 as per voluntary disclosure	1130	7231	15.63%
As on January 2010 as per voluntary disclosure	815	6444	12.88%

1. Employability

- a. HCL Learning announced Scholarship Scheme for Technical Training for economically & socially disadvantaged sections.
- b. HCL Infosystems partners with Prajwala, a NGO for providing skill development training. The Company also provided products and support at discounted prices.

2. **Education-** HCL Infosystems organized employee volunteer programs for partner NGOs.

3. Entrepreneurship

- a. Supplier Diversity Model - Organization included in the CII Supplier Diversity database

- b. HCL Infosystems partners with Sukarya, an NGO for regular sale of products to employees at office premises

4. Employment

- a. HCL Infosystems visits approximately 350 Diploma Institutes in rural & semi urban areas. Company recruited 600 Diploma engineers with a high percentage from economic & social backward sections. Post recruitment, 4 weeks training was provided to all recruits on chosen technology areas.
- b. HCL Infosystems partners with Ability Foundation for employing people with disability.

Annexure To Directors' Report

Information relating to Conservation of Energy, R&D, Technology Absorption and Innovation, and Foreign Exchange Earnings/Outgo forming part of the Directors' Report in terms of section 217(1)(e) of the Companies act, 1956.

A. Conservation of Energy

Under HCL ecoSafe policy, energy conservation has been a key area of work to reduce power consumption in products and employing measures in manufacturing of products to minimize energy consumption.

HCL ecoSafe Policy clearly recognizes the importance of products that are energy efficient and help customers cut costs of ownership and attain broader goals of protecting the environment.

All our manufacturing facilities practice various measures to reduce power consumption by using natural light during daytime, installing different capacity DG sets that consume optimum amount of diesel as per required load. Some of activities initiated in manufacturing are:

1. Chiller running time reduced to 6 hours instead of regular 8 hours daily except during summer seasons in Puducherry Manufacturing Operations.
2. BMS Implementation for Chiller Operation – Useful to maintain water flow and temperature.
3. Scheduled running hours for water pumping from underground borewell to sump to reduce water consumption.
4. Power shutdown in non- testing areas after office working hours.
5. Switching off ACs during DG running (EB Power failure).
6. 155 CRT monitors changed to TFT monitors and rest is in progress.
7. Desktop assembly conveyor UP/DN motorized elevators were converted into pneumatically operated.
8. Day time integration bay lighting switched off from 10 am to 4pm by providing new transparent sheet at rooftop.
9. 250W MV lamp in production floor changed into 125W MV and operating these lamps only after 17.00 hrs.
10. In production floors, all roof exhaust fans removed.
11. Separate switch provided for each light at each stage of conveyor lines resulting in savings of 3072 unit per year in Uttaranchal Manufacturing Operations.
12. Conveyor line motors interlocked for unnecessary running resulting in saving of 5760 units per year.
13. Replaced all High Energy Consuming bulbs with CFL, resulting in saving of 10275 units during the year.
14. Rescheduling of machine RT testing has resulted in saving of 22080 liters of Diesel.

Auditors' Certificate regarding compliance of conditions of Corporate Governance

To the Members of HCL Infosystems Limited

We have examined the compliance of conditions of Corporate Governance by HCL Infosystems Limited, for the year ended June 30, 2011, as stipulated in Clause 49 of the Listing Agreements of the said Company with stock exchanges in India.

The compliance of conditions of Corporate Governance is the responsibility of the Company's management. Our examination was carried out in accordance with the Guidance Note on Certification of Corporate Governance (as stipulated in Clause 49 of the Listing Agreement), issued by the Institute of Chartered Accountants of India and was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreements.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Auditors' Report

To
The Members of HCL Infosystems Limited

1. We have audited the attached Balance Sheet of HCL Infosystems Limited (the "Company") as at June 30, 2011, and the related Profit and Loss Account and Cash Flow Statement for the year ended on that date annexed thereto, which we have signed under reference to this report. These financial statements are the responsibility of the Company's Management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003, as amended by the Companies (Auditor's Report) (Amendment) Order, 2004 (together the "Order") issued by the Central Government of India in terms of sub-section (4A) of Section 227 of 'The Companies Act, 1956' of India (the 'Act') and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that:
 - (a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) The Balance Sheet, Profit and Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - (d) In our opinion, the Balance Sheet, Profit and Loss Account and Cash Flow Statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of Section 211 of the Act;
 - (e) On the basis of written representations received from the directors, as on June 30, 2011 and taken on record by the Board of Directors, none of the directors is disqualified as on June 30, 2011 from being appointed as a director in terms of clause (g) of sub-section (1) of Section 274 of the Act;
 - (f) In our opinion and to the best of our information and according to the explanations given to us, the said financial statements together with the notes thereon and attached thereto give, in the prescribed manner, the information required by the Act, and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (i) in the case of the Balance Sheet, of the state of affairs of the Company as at June 30, 2011;
 - (ii) in the case of the Profit and Loss Account, of the profit for the year ended on that date; and
 - (iii) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Annexure To Auditors' Report

[Referred to in paragraph 3 of the Auditors' Report of even date to the members of HCL Infosystems Limited on the financial statements for the year ended June 30, 2011]

1. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies between the book records and the physical inventory have been noticed.
- (c) In our opinion and according to the information and explanations given to us, a substantial part of fixed assets has not been disposed of by the Company during the year.
2. (a) The inventory (excluding stocks with third parties) has been physically verified by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. In our opinion, the frequency of verification is reasonable.
- (b) In our opinion, the procedures of physical verification of inventory followed by the Management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of inventory. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
3. (a) The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 301 of the Act.
- (b) The Company has not taken any loans, secured or unsecured, from companies, firms or other parties covered in the register maintained under Section 301 of the Act.
4. In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of inventory, fixed assets and for the sale of goods and services. Further, on the basis of our examination of the books and records of the Company, and according to the information and explanations given to us, we have neither come across nor have been informed of any continuing failure to correct major weaknesses in the aforesaid internal control system.
5. (a) In our opinion and according to the information and explanations given to us, the particulars of contracts or arrangements referred to in Section 301 of the Act have been entered in the register required to be maintained under that section.
- (b) In our opinion and according to the information and explanations given to us, the transactions made in pursuance of such contracts or arrangements and exceeding the value of Rupees Five Lakhs in respect of any party during the year have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.
6. The Company has not accepted any deposits from the public within the meaning of Sections 58A and 58AA of the Act and the rules framed there under.
7. In our opinion, the Company has an internal audit system commensurate with its size and nature of its business.
8. We have broadly reviewed the books of account maintained by the Company in respect of products where, pursuant to the Rules made by the Central Government of India, the maintenance of cost records has been prescribed under clause (d) of sub-section (1) of Section 209 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
9. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, except dues in respect of sales tax and employee state insurance contribution, where there have been some delays during the year, the Company is regular in depositing the undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, sales-tax, wealth tax, service tax, customs duty, excise duty, cess and other material statutory dues as applicable with the appropriate authorities.
- (b) According to the information and explanations given to us and the records of the Company examined by us, the particulars of dues of income-tax, sales-tax and excise duty as at June 30, 2011 which have not been deposited on account of a dispute, are as follows:

Schedules to the Balance Sheet & Profit and Loss Account

SCHEDULE 20 - SIGNIFICANT ACCOUNTING POLICIES

1. BASIS OF ACCOUNTING

The financial statements of the Company have been prepared and presented under the historical cost convention, on the accrual basis of accounting in accordance with the accounting principles generally accepted in India and comply with the mandatory Accounting Standards notified under section 211(3C) of the Companies Act, 1956 and the relevant provisions of the Companies Act, 1956.

2. FIXED ASSETS

Fixed Assets including in-house capitalisation and Capital Work-In-Progress are stated at cost except those which are revalued from time to time on the basis of current replacement cost / value to the Company, net of accumulated depreciation.

Assets taken on finance lease on or after April 1, 2001 are stated at fair value of the assets or present value of minimum lease payments whichever is lower.

Intangible Assets are stated at cost net of amortisation.

3. DEPRECIATION

(a) Depreciation has been calculated as under:

- (i) Depreciation on fixed assets is provided on a prorata basis using the straight-line method based on economic useful life determined by way of periodical technical evaluation.

Economic useful lives which are not exceeding those stipulated in Schedule XIV of the Companies Act, 1956 are as under:

Plant & Machinery	4-8	years
Buildings		
- Factory	25-28	years
- Others	50-58	years
- Capitalised prior to 1.5.1986	As per Section 205(2)(b) of the Companies Act, 1956	
Furniture and Fixture	4-6	years
Air Conditioners	3-6	years
Vehicles	4-6	years
Office Equipment	3-6	years
Computers	3-5	years

- (ii) The assets taken on finance lease on or after April 1, 2001 are depreciated over their expected useful lives.

- (b) Leasehold land is amortised over a period of lease. Leasehold improvements are amortised on straight line basis over the period of three years or lease period whichever is lower.
- (c) Intangible assets other than Goodwill are amortised over their estimated useful life i.e. over a period of 1-5 years.
- (d) Goodwill arising on acquisition is tested for impairment at each balance sheet date.
- (e) Individual assets costing ₹ 5,000 or less are depreciated/ amortised fully in the year of acquisition.

4. INVESTMENTS

Long-term investments are stated at cost of acquisition inclusive of expenditure incidental to acquisition. Any decline in the value of the said investment, other than a temporary decline, is recognised and charged to profit and loss account.

Current investments are carried at lower of cost or fair value where fair value for mutual funds is based on net asset value and for bonds is based on market quote.

Schedules to the Balance Sheet & Profit and Loss Account

5. INVENTORIES

Raw Materials and Components held for use in the production of inventories and Work-In-Progress are valued at cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. If there is a decline in the price of materials/ components and it is estimated that the cost of finished goods will exceed the net realisable value, the materials/ components are written down to net realisable value measured on the basis of their replacement cost. Cost is determined on the basis of weighted average.

Finished Goods and Work-In-Progress are valued at lower of cost and net realisable value.

Cost of Finished Goods and Work-In-Progress includes cost of raw materials and components, direct labour and proportionate overhead expenses. Cost is determined on the basis of weighted average.

Stores and Spares are valued at lower of cost and net realisable value/future economic benefits expected to arise when consumed during rendering of services. Adequate adjustments are made to the carrying value for obsolescence. Cost is determined on the basis of weighted average.

Goods in Transit are valued inclusive of custom duty, where applicable.

6. FOREIGN CURRENCY TRANSACTIONS

- a) Foreign currency transactions are recorded at the exchange rates prevailing at the date of transaction. Exchange differences arising on settlement of transactions, are recognised as income or expense in the year in which they arise.
- b) At the balance sheet date, all monetary items denominated in foreign currency, are reported at the exchange rates prevailing at the balance sheet date and the resultant gain or loss is recognised in the profit and loss account. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.
- c) Pursuant to notification under section 211(3C) of the Companies Act, 1956 issued by Ministry of Corporate Affairs on March 31, 2009 amending Accounting Standard - 11 (AS - 11) 'The Effects of Changes in Foreign Exchange Rates (revised 2003)', exchange differences arising on translation of long term foreign currency monetary items having a term of 12 months or more are recognised as stated below:
 - (i) Exchange differences relating to long term foreign currency monetary items, arising during the year, in so far as they relate to the acquisition of a depreciable capital asset are added to or deducted from the cost of the asset and depreciated over the balance life of the asset.
 - (ii) In other cases, such differences are accumulated in the "Foreign Currency Monetary Translation Difference Account" and amortised over the balance period of the long term assets/liabilities but not beyond March 31, 2011.
- d) In case of forward foreign exchange contracts where an underlying asset or liability exists at the balance sheet date, the difference between the forward rate and the exchange rate at the inception of the contract is recognised as income or expense over the life of the contract.
- e) In case of forward foreign exchange contracts taken for highly probable/forecast transactions, the net loss, if any, calculated on 'Mark to Market' principle as at the balance sheet date is recorded.
- f) Profit or loss arising on cancellation or renewal of a forward contract is recognised as income or expense in the year in which such cancellation or renewal is made.

7. EMPLOYEE BENEFITS

Defined Benefit:

Liability for gratuity is provided as determined on actuarial valuation made at the end of the year which is computed using projected unit credit method. Gains/losses arising out of actuarial valuation are recognised immediately in the profit and loss account as income/expense.

Company's contributions towards recognised Provident Fund is accounted for on accrual basis. The Company has an obligation to make good the shortfall, if any, between the return from the investment of the provident fund trust and the notified interest rate.

Schedules

to the Balance Sheet & Profit and Loss Account

Defined Contribution:

Company's contributions towards Superannuation Fund is accounted for on accrual basis.

The Company makes defined contributions to a superannuation trust established for the purpose. The Company has no further obligation beyond the monthly contributions.

Other Benefit:

Liability for leave encashment is provided as determined on actuarial valuation made at the end of the year which is computed using projected unit credit method. Gains/losses arising out of actuarial valuation are recognised immediately in the profit and loss account as income/expense.

8. REVENUE RECOGNITION

- (a) Sales, after adjusting trade discount, are inclusive of excise duty and the related revenue is recognised (after providing for expenses to be incurred connected to such sale) on transfer of all significant risks and rewards of ownership to the customer and when no significant uncertainty exists regarding realisation of the consideration.
- (b) Composite contracts, outcome of which can be reliably estimated, where no significant uncertainty exists regarding realisation of the consideration, revenue is recognised in accordance with the percentage completion method, under which revenue is recognised on the basis of cost incurred as a proportion of total cost expected to be incurred. The foreseeable losses on the completion of contract, if any, are provided for immediately.
- (c) Service income includes income:
 - i) From maintenance of products and facilities under maintenance agreements and extended warranty, which is recognised upon creation of contractual obligations rateably over the period of contract, where no significant uncertainty exists regarding realisation of the consideration.
 - ii) From software services:
 - (a) The revenue from time and material contracts is recognised based on the time spent as per the terms of contracts.
 - (b) In case of fixed priced contracts revenue is recognised on percentage of completion basis. Foreseeable losses, if any, on the completion of contract are recognised immediately.

9. GOVERNMENT GRANTS

Revenue grants, where reasonable certainty exists that the ultimate collection will be made are recognised on a systematic basis in profit and loss account over the periods necessary to match them with the related cost which they are intended to compensate.

10. ROYALTY

Royalty expense, net of performance based discounts, is recognised when the related revenue is recognised.

11. LEASES

- a) Assets taken under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalised at the inception of the lease at the lower of fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on outstanding liability for each period.
- b) Initial direct costs relating to the finance lease transactions are included as part of the amount capitalised as an asset under the lease.
- c) Assets taken on leases where significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the profit and loss account on straight-line basis over the lease term.

Schedules to the Balance Sheet & Profit and Loss Account

- d) Profit on sale and leaseback transactions is recognised over the period of the lease.
- e) Assets given under finance lease are recognised as receivables at an amount equal to the net investment in the lease. Inventories given on finance lease are recognised as deemed sale at fair value. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.
- f) Assets leased out under operating leases are capitalised. Rental income is recognised on accrual basis over the lease term.
- g) In sale and leaseback transactions and further sub-lease resulting in financial leases, the deemed sale is recognised at fair value at an amount equal to the net investment in the lease where substantially all risks and rewards of ownership have been transferred to the sub-lessee. A liability is created at the inception of the lease at the lower of fair value or the present value of minimum lease payments for sale and leaseback transaction. Each lease rental payable/receivable is allocated between the liability/receivable and the interest cost/income, so as to obtain a constant periodic rate of interest on outstanding liability/receivable for each period.

12. INCOME TAXES

The current charge for income taxes is calculated in accordance with the relevant tax regulations.

Deferred tax assets and liabilities are recognised for timing differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using the tax rates that have been enacted or substantially enacted at the balance sheet date. Deferred tax asset is recognised and carried forward when it is reasonably certain that sufficient taxable profits will be available in future against which deferred tax assets can be realised except in case of carry forward tax losses or unabsorbed depreciation where deferred tax asset is recognised only when it is virtually certain that sufficient taxable profit will be available in future against which deferred tax assets can be realised.

13. PROVISIONS AND CONTINGENCIES

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the amount of the obligation cannot be made.

14. USE OF ESTIMATES

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Examples of such estimates include estimate of cost expected to be incurred to complete performance under composite arrangements, income taxes, provision for warranty, employment benefit plans, provision for doubtful debts and estimated useful life of the fixed assets. The actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

15. EMPLOYEE STOCK OPTION SCHEME

The Company calculates the employee stock compensation expense based on the intrinsic value method wherein the excess of market price of underlying equity shares as on the date of the grant of options over the exercise price of the options given to employees under the Employee Stock Option Scheme of the Company, is recognised as deferred stock compensation expense and is amortised over the vesting period on the basis of generally accepted accounting principles in accordance with the guidelines of Securities and Exchange Board of India.

16. BORROWING COSTS

Borrowing costs to the extent related/attribution to the acquisition/construction of assets that necessarily take substantial period of time to get ready for their intended use are capitalised along with the respective fixed asset up to the date such asset is ready for use. Other borrowing costs are charged to the profit and loss account.

Schedules to the Balance Sheet & Profit and Loss Account

17. SEGMENT ACCOUNTING

The segment accounting policy is in accordance with the policies consistently used in the preparation of financial statements. The basis of reporting is as follows:

- a) Revenue and expenses distinctly identifiable to a segment are recognised in that segment. Identified expenses include direct material, labour, overheads and depreciation on fixed assets. Expenses that are identifiable with/allocable to segments have been considered for determining segment results.

Allocated expenses include support function costs which are allocated to the segments in proportion of the services rendered by them to each of the business segments. Depreciation on fixed assets is allocated to the segments on the basis of their proportionate usage.

- b) Unallocated expenses/income are enterprise expenses/income, which are not attributable or allocable to any of the business segment.
- c) Assets and liabilities which arise as a result of operating activities of the segment are recognised in that segment. Fixed assets which are exclusively used by the segment or allocated on a reasonable basis are also included.
- d) Unallocated assets and liabilities are those which are not attributable or allocable to any of the segments and includes liquid assets like investments, bank deposits and investments in assets given on finance lease.
- e) Segment revenue resulting from transactions with other business segments is accounted on the basis of transfer price which is at par with the prevailing market price.

18. IMPAIRMENT OF ASSETS

At the each balance sheet date, the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount and if the carrying amount of the asset exceeds its recoverable amount, an impairment loss is recognised in the profit and loss account to the extent the carrying amount exceeds the recoverable amount.

Limited, a subsidiary company) against which the total amount utilised as at June 30, 2011 is ₹ 35.33 Crores (2010 - ₹ Nil).
- (v) Corporate Guarantee of ₹ 132.93 Crores (2010 - ₹ Nil) was given to Banks for working capital facilities sanctioned to Techmart Telecom Distribution FZCO, Dubai (joint venture of HCL Investments Pte. Limited, a subsidiary company) against which the total amount utilised as at June 30, 2011 is ₹ 110.78 Crores (2010 - ₹ Nil).
- c) The Company has transferred Financial Assets (Lease Rental Recoverable) to a bank under a financing arrangement for which the balance outstanding with the bank as on June 30, 2011 is ₹ Nil (2010 - ₹ 10.87 Crores). The transfer of these Financial Assets is with recourse to the Company.

4. The Company has the following warranty provision in the books of accounts:

	2011 ₹/Crores	2010 ₹/Crores
Opening Balance as on July 1	6.25	4.28
Additions during the year	12.11	15.55
Utilised/Reversed during the year	13.28	13.58
Closing Balance as on June 30	5.08	6.25

The warranty provision has been recognised for expected warranty claims for the first year of warranty on products sold during the year. Due to the very nature of such costs, it is not possible to estimate the timing of cash outflows due to uncertainties relating to the outflows of economic benefits.

5. Taxation:

- a) Provision for taxation has been computed by applying the Income Tax Act, 1961 to the profit for the financial year ended June 30, 2011, although the actual tax liability of the Company has to be computed each year by reference to the taxable profit for each fiscal year ended March 31.

Auditors' Report on the Consolidated Financial Statements

Report of the Auditors' to the Board of Directors of HCL Infosystems Limited on the Consolidated Financial Statements of HCL Infosystems and its Subsidiaries.

Report of the Auditors' to the Board of Directors of HCL Infosystems Limited

1. We have audited the attached consolidated Balance Sheet of HCL Infosystems Limited (the "Company") and its subsidiaries and joint ventures of its subsidiaries, hereinafter referred to as the "Group" (refer Note 1 on Schedule 20 to the attached consolidated financial statements) as at June 30, 2011, the related consolidated Profit and Loss Account and the consolidated Cash Flow Statement for the year ended on that date annexed thereto, which we have signed under reference to this report. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We did not audit the financial statements of eight subsidiaries and two jointly controlled entities of its subsidiary included in the consolidated financial statements, which constitute total assets of ₹ 215.68 Crores and net assets of ₹ 21.65 Crores as at June 30, 2011, total revenue of ₹ 401.19 Crores, net profit of ₹ 4.05 Crores and net cash flows amounting to ₹ 20.71 Crores for the year then ended. The financial statements and other financial information have been audited by other auditors for seven subsidiaries and one jointly controlled entity of its subsidiary whose reports have been furnished to us, and one subsidiary and one jointly controlled entity of a subsidiary have been certified by the respective directors of these entities, and our opinion on the consolidated financial statements to the extent they have been derived from such financial statements is based solely on the report of such other auditors and those management certified financial statements.
4. Refer to note 18 of Notes to Accounts (Schedule 21) to the attached consolidated financial statements regarding the subsidiary and joint venture of a subsidiary, whose financial statements are unaudited, the impact of which is not likely to be material.
5. We report that the consolidated financial statements have been prepared by the Company's Management in accordance with the requirements of Accounting Standard (AS) 21 - Consolidated Financial Statements and Accounting Standard (AS) 27 - Financial Reporting of Interests in Joint Ventures notified under sub-section 3C of Section 211 of the Companies Act, 1956.
6. Based on our audit and on consideration of reports of other auditors on separate financial statements and on the other financial information of the components of the Group as referred to above, and to the best of our information and according to the explanations given to us, in our opinion, the attached consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) in the case of the consolidated Balance Sheet, of the state of affairs of the Group as at June 30, 2011;
 - (b) in the case of the consolidated Profit and Loss Account, of the profit of the Group for the year ended on that date; and
 - (c) in the case of the consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

2. BASIS FOR PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements of the Group have been prepared and presented under the historical cost convention on the accrual basis of accounting in accordance with the accounting principles generally accepted in India and comply with the mandatory Accounting Standards notified under Section 211(3C) of the Companies Act, 1956 and the relevant provisions of the Companies Act, 1956.

Subsidiaries have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances/transactions in full as per Accounting Standard 21 on 'Consolidated Financial Statements'.

Minority Interest represents the minority shareholders' proportionate share of net assets and the net income in consolidated subsidiaries. Minorities' interest in net profit of consolidated subsidiaries for the year is identified and adjusted against the income in order to arrive at the net income attributable to the shareholders of the Company.

Interests in the assets, liabilities, income and expenses of the joint venture are consolidated using proportionate consolidation method. Intra-group balances, transactions and unrealised profits/losses are eliminated to the extent of Company's proportionate share.

All unrealised surpluses and deficits on transactions between the Group companies are eliminated.

Schedules to the Consolidated Balance Sheet & Profit and Loss Account

Goodwill has been recorded to the extent that the cost of acquisition exceeds the book value of group's share of identifiable net assets in each acquired company. The goodwill arising on consolidation is tested for impairment at each balance sheet date.

Accounting policies between the Group companies are consistent to the extent practicable.

3. FIXED ASSETS

Fixed Assets including in-house capitalisation and Capital Work-In-Progress are stated at cost except those which are revalued from time to time on the basis of current replacement cost/value to the Group, net of accumulated depreciation.

Assets taken on finance lease on or after April 1, 2001 are stated at fair value of the assets or present value of minimum lease payments, whichever is lower.

Intangible Assets are stated at cost net of amortisation.

4. DEPRECIATION

(a) Depreciation has been calculated as under:

- (i) Depreciation on fixed assets is provided on a prorata basis using the straight-line method based on economic useful life determined by way of periodical technical evaluation.

Economic useful lives which are not exceeding those stipulated in Schedule XIV of the Companies Act, 1956 are as under:

Plant & Machinery*	4-8	years
Buildings		
- Factory	25-28	years
- Others	50-58	years
- Capitalised prior to 1.5.1986	As per Section 205(2)(b) of the Companies Act, 1956	
Furniture and Fixtures	4-6	years
Air Conditioners*	3-6	years
Vehicles	4-6	years
Office Equipment	3-6	years
Networking Equipments	3-6	years
Computers	3-5	years

* For HCL Infinet Limited the economic useful life is 9.67 years.

- (ii) The assets taken on finance lease on or after April 1, 2001 are depreciated over their expected useful lives.
- (b) Leasehold land is amortised over a period of lease. Leasehold improvements are amortised on straight line basis over the period of three years or lease period whichever is lower.
- (c) Intangible assets other than Goodwill are amortised over their estimated useful life i.e. over a period of 1-5 years.
- (d) Goodwill arising on acquisition is tested for impairment at each balance sheet date.
- (e) The one-time license fee capitalised is amortised equally over the balance period of license from the date of license.
- (f) Individual assets costing ₹ 5,000 or less are depreciated/amortised fully in the year of acquisition.

5. INVESTMENTS

Current Investments are carried at lower of cost or fair value where fair value for mutual funds is based on net asset value and bonds is based on market quotes.

6. INVENTORIES

Raw Materials and Components held for use in the production of inventories and Work-In-Progress are valued at cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. If there is a decline in the price of materials/components and it is estimated that the cost of finished goods will exceed the net realisable value, the materials/components are written down to net realisable value measured on the basis of their replacement cost. Cost is determined on the basis of weighted average.

Schedules to the Consolidated Balance Sheet & Profit and Loss Account

Finished Goods and Work-In-Progress are valued at lower of cost and net realisable value.

Cost of Finished Goods and Work-In-Progress includes cost of raw materials and components, direct labour and proportionate overhead expenses. Cost is determined on the basis of weighted average.

Stores and Spares are valued at lower of cost and net realisable value/future economic benefits expected to arise when consumed during rendering of services. Adequate adjustments are made to the carrying value for obsolescence. Cost is determined on the basis of weighted average.

Goods in Transit are valued inclusive of custom duty, where applicable.

7. FOREIGN CURRENCY TRANSACTIONS

- a) Foreign currency transactions are recorded at the exchange rates prevailing at the date of transaction. Exchange differences arising on settlement of transactions, are recognised as income or expense in the year in which they arise.
- b) At the balance sheet date, all monetary items denominated in foreign currency, are reported at the exchange rates prevailing at the balance sheet date and the resultant gain or loss is recognised in the Profit and Loss Account. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.
- c) Pursuant to notification under section 211(3C) of the Companies Act, 1956 issued by Ministry of Corporate Affairs on March 31, 2009 amending Accounting Standard - 11 (AS - 11) 'The Effects of Changes in Foreign Exchange Rates (revised 2003)' exchange differences arising on translation of long term foreign currency monetary items having a term of 12 months or more are recognised as stated below:
 - (i) Exchange differences relating to long term foreign currency monetary items, arising during the year, in so far as they relate to the acquisition of a depreciable capital asset are added to or deducted from the cost of the asset and depreciated over the balance life of the asset.
 - (ii) In other cases, such differences are accumulated in the "Foreign Currency Monetary Translation Difference Account" and amortised over the balance period of the long term assets/liabilities but not beyond March 31, 2011.
- d) In case of forward foreign exchange contracts where an underlying asset or liability exists at the balance sheet date, the difference between the forward rate and the exchange rate at the inception of the contract is recognised as income or expense over the life of the contract.
- e) In case of forward foreign exchange contracts taken for highly probable/forecast transactions, the net loss, if any, calculated on 'Mark to Market' principle as at the balance sheet date is recorded.
- f) Profit or loss arising on cancellation or renewal of a forward contract is recognised as income or expense in the year in which such cancellation or renewal is made.
- g) In translating the financial statements of a non-integral foreign operation for incorporation in financial statements, the assets and liabilities, both monetary and non-monetary, of the non-integral foreign operation are translated at the closing rate; income and expense items of the non-integral foreign operation are translated at average exchange rates prevailing during the year; and all resulting exchange differences are accumulated in a "Foreign Currency Translation Reserve" until the disposal of the net investment.

8. EMPLOYEE BENEFITS

Defined Benefit:

Liability for gratuity is provided as determined on actuarial valuation made at the end of the year which is computed using projected unit credit method. Gains/losses arising out of actuarial valuation are recognised immediately in the Profit and Loss Account as income/expense.

Group's contributions towards recognised Provident Fund are accounted for on accrual basis. The Group has an obligation to make good the shortfall, if any, between the return from the investment of the provident fund trust and the notified interest rate.

Defined Contribution:

For Indian Entities

Group's contribution towards Superannuation Fund is accounted for on accrual basis.

Schedules

to the Consolidated Balance Sheet & Profit and Loss Account

The Group makes defined contribution to a superannuation trust established for the purpose. The Group has no further obligations beyond its monthly contributions.

For Entities outside India

Group's contributions towards Provident Fund are accounted for on accrual basis. Contributions are made to the fund approved by the Government of the respective country and there is no obligation other than the payment to the approved fund.

Other Benefit:

Liability for leave encashment is provided as determined on actuarial valuation made at the end of the year which is computed using projected unit credit method. Gains/losses arising out of actuarial valuation are recognised immediately in the Profit and Loss Account as income/expense.

9. REVENUE RECOGNITION

- (a) Sales, after adjusting trade discount, are inclusive of excise duty and the related revenue is recognised (after providing for expenses to be incurred connected to such sales) on transfer of all significant risks and rewards to the customer and when no significant uncertainty exists regarding realisation of the consideration.
- (b) Composite contracts, outcome of which can be reliably estimated, where no significant uncertainty exists regarding realisation of the consideration, revenue is recognised in accordance with the percentage completion method, under which revenue is recognised on the basis of cost incurred as a proportion of total cost expected to be incurred. The foreseeable losses on the completion of contract, if any, are provided for immediately.
- (c) Service income includes income:
 - i) From maintenance of products and facilities under maintenance agreements and extended warranty, which is recognised upon creation of contractual obligations rateably over the period of contract, where no significant uncertainty exists regarding realisation of the consideration.
 - ii) From software and information technology solution services:
 - (a) The revenue from time and material contracts is recognised based on the time spent as per the terms of contracts.
 - (b) In case of fixed priced contracts revenue is recognised on percentage of completion basis. Foreseeable losses, if any, on contract completion are recognised immediately.
 - iii) Virtual private networks: Revenue is recognised on proportionate basis over the period of contract with the customer. One time charges recovered upfront from the customer are recognised as revenue at the commencement of service.
 - iv) Technical help desk: The Group is engaged in providing technical and administrative help desk support to its various customers through the web. Revenue for the same has been recognised based on fulfilling obligations as contracted in the respective agreements.

10. GOVERNMENT GRANTS

Revenue grants, where reasonable certainty exists that the ultimate collection will be made, are recognised on a systematic basis in Profit and Loss Account over the periods necessary to match them with the related cost which they are intended to compensate.

11. LICENSE FEES - REVENUE SHARE

With effect from December 16, 2004, the variable license fee is computed as per the License Agreement for Provision of Internet Services (including Internet Telephony), License Agreement for National Long Distance Service and from Department of Telecommunications (DOT) letter dated June 21, 2006, and is being charged to the Profit and Loss Account in the year in which the related revenue from the Group's Networking and Internet related products and services segment arises.

12. ROYALTY

Royalty expense, net of performance based discounts, is recognised when the related revenue is recognised.

13. LEASES

- a) Assets taken under leases where the Group has substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalised at the inception of the lease at the lower of fair value or the present value of

Schedules to the Consolidated Balance Sheet & Profit and Loss Account

minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on outstanding liability for each period.

- b) Initial direct costs relating to the finance lease transactions are included as part of the amount capitalised as an asset under the lease.
- c) Assets taken on leases where significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Profit and Loss Account on straight-line basis over the lease term.
- d) Profit on sale and leaseback transactions is recognised over the period of the lease.
- e) Assets given under finance lease are recognised as receivables at an amount equal to the net investment in the lease. Inventories given on finance lease are recognised as deemed sale at fair value. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.
- f) Assets leased out under operating leases are capitalised. Rental income is recognised on accrual basis over the lease term.
- g) In sale and leaseback transactions and further sub-lease resulting in financial leases, the deemed sale is recognised at fair value at an amount equal to the net investment in the lease where substantially all risks and rewards of ownership have been transferred to the sub-lessee. A liability is created at the inception of the lease at the lower of fair value or the present value of minimum lease payments for sale and leaseback transaction. Each lease rental payable/receivable is allocated between the liability/receivable and the interest cost/income, so as to obtain a constant periodic rate of interest on outstanding liability/receivable for each period.

14. SEGMENT ACCOUNTING

The segment accounting policy is in accordance with the policies consistently used in the preparation of financial statements of the Group. The basis of reporting is as follows:

- a) Revenue and expenses distinctly identifiable to a segment are recognised in that segment. Identified expenses include direct material, labour, overheads and depreciation on fixed assets. Expenses that are identifiable with/allocable to segments have been considered for determining segment results.

Allocated expenses include support function costs which are allocated to the segments in proportion of the services rendered by them to each of the business segments. Depreciation on fixed assets is allocated to the segments on the basis of their proportionate usage.

- b) Unallocated expenses/income are enterprise expenses/income, which are not attributable or allocable to any of the business segment.
- c) Assets and liabilities which arise as a result of operating activities of the segment are recognised in that segment. Fixed assets which are exclusively used by the segment or allocated on a reasonable basis are also included.
- d) Unallocated assets and liabilities are those which are not attributable or allocable to any of the segments and includes liquid assets like investments, bank deposits and investments in assets given on finance lease.
- e) Segment revenue resulting from transactions with other business segments is accounted on the basis of transfer price which is at par with the prevailing market price.

15. BORROWING COSTS

Borrowing costs to the extent related/attributable to the acquisition/construction of assets that necessarily take substantial period of time to get ready for their intended use are capitalised along with the respective fixed asset up to the date such asset is ready for use. Other borrowing costs are charged to the profit and loss account.

16. INCOME TAXES

The current charge for income taxes is calculated in accordance with the relevant tax regulations in the jurisdiction where the Group conducts the business.

Deferred tax assets and liabilities are recognised for timing differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using tax

Schedules to the Consolidated Balance Sheet & Profit and Loss Account

rates that have been enacted or substantially enacted at the balance sheet date. Deferred tax asset is recognised and carried forward when it is reasonably certain that sufficient taxable profits will be available in future against which deferred tax assets can be realised except in case of carry forward tax losses or unabsorbed depreciation where deferred tax asset is recognised only when it is virtually certain that sufficient taxable profit will be available in future against which deferred tax assets can be realised.

17. PROVISIONS AND CONTINGENCIES

The Group creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the amount of the obligation cannot be made.

18. USE OF ESTIMATES

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Examples of such estimates include estimate of cost expected to be incurred to complete performance under composite arrangements, income taxes, provision for warranty, employment benefit plans, provision for doubtful debts and estimated useful life of the fixed assets. The actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

19. EMPLOYEE STOCK OPTION SCHEME

The Group calculates the employee stock compensation expense based on the intrinsic value method wherein the excess of market price of underlying equity shares as on the date of the grant of options over the exercise price of the options given to employees under the Employee Stock Option Scheme of the Group, is recognised as deferred stock compensation expense and is amortised over the vesting period on the basis of generally accepted accounting principles in accordance with the guidelines of Securities and Exchange Board of India.

20. IMPAIRMENT OF ASSETS

At the each balance sheet date, the Group assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount and if the carrying amount of the asset exceeds its recoverable amount, an impairment loss is recognised in the profit and loss account to the extent the carrying amount exceeds the recoverable amount.

Plant and Machinery	June 30, 1992	(1.01)
Total		29.43
Less: Goodwill		5.70
Transferred to Revaluation Reserve		23.73
Less:		
- Expenditure incurred on acquisition of business in 1992		0.86
- Loss on sale of Land		0.15
- Depreciation and Amortisation		0.33
- Adjusted on amalgamation of Subsidiaries in earlier years		22.39
Balance as at June 30, 2011		-

- Estimated value of contracts on capital account, excluding capital advances, remaining to be executed and not provided for amount to ₹ 14.01 Crores (2010 - ₹ 7.97 Crores).

- Contingent Liabilities:**

- Claims against the Group not acknowledged as debts:

	2011 ₹/Crores	2010 ₹/Crores
Sales Tax*	54.14	31.00
Excise*	9.32	10.91
Income Tax*	3.95	2.94
Industrial Disputes, Civil Suits and Consumer Disputes	8.64	8.95

* Includes sum of ₹ 9.20 Crores (2009 - ₹ 7.67 Crores) deposited by the Group against above.

The amounts shown in the item (a) represents the best possible estimates arrived at on the basis of available information. The uncertainties and possible reimbursements are dependent on the out come of the different legal processes which have been initiated by the Group or the claimants as the case may be and therefore cannot be predicted accurately.

- Corporate Guarantee of ₹ 132.93 Crores (2010 - ₹ Nil) was given by the Company to Banks for working capital facilities sanctioned to Techmart Telecom Distribution FZCO, Dubai (joint venture of HCL Investments Pte. Limited, a subsidiary company) against which the total amount utilised as at June 30, 2011 is ₹ 110.78 Crores (2010 - ₹ Nil).
- The Company has transferred Financial Assets (Lease Rental Recoverable) to a Bank under a financing arrangement for which the balance outstanding with the bank as on June 30, 2011 is ₹ Nil (2010 - ₹ 10.87 Crores). The transfer of these Financial Assets is with recourse to the Company.

Schedules to the Consolidated Balance Sheet & Profit and Loss Account

4. The Company has the following warranty provision in the books of accounts:

	2011 ₹ /Crores	2010 ₹ /Crores
Opening Balance as on July 1	6.46	4.28
Additions during the year	12.28	15.76
Utilised/Reversed during the year	13.27	13.58
Closing Balance as on June 30	5.47	6.46

The warranty provision has been recognised for expected warranty claims for the first year of warranty on products sold during the year. Due to the very nature of such costs, it is not possible to estimate the timing of cash outflows due to uncertainties relating to the outflows of economic benefits.

5. Taxation:

- a) Provision for taxation has been computed by applying the Income Tax Act, 1961 and other relevant tax regulations in the jurisdiction where the Group conducts the business to the profit for the financial year ended June 30, 2011, although the actual tax liability of the Group has to be computed each year by reference to taxable profit for each fiscal year ended March 31.

- b) Deferred Tax:

Major Components of Deferred Tax arising on account of timing difference along with their movement as at June 30, 2011 are:

	As at 30.06.10	Movement during the year	₹/Crores As at 30.06.11

Previous Year	5.64	7.87	13.51

6. Employee Stock Option Plan (ESOP):

The Company has established Employee Stock Option Scheme 2000 and Employee Stock Based Compensation Plan 2005, for a total grant of 31,90,200 and 33,35,487 options respectively to the employees of the Company and its subsidiaries. These options vest on a graded basis over a period of 42 and 60 months respectively from the date of grant and are to be exercised within a maximum period of 5 years from the date of vesting.

The Board of Directors/Committee approves the grant of options, including the grant of options that lapse out of each grant.

Each option of ₹ 10/- confers on the employee a right to five equity shares of ₹ 2/- each.

Schedules to the Consolidated Balance Sheet & Profit and Loss Account

Exercise price is market price as specified in the Employee Stock Option Scheme and Employee Stock Purchase Scheme Guidelines, 1999 issued by the Securities and Exchange Board of India ("SEBI").

Assumptions

The fair value of each stock option granted under Employee Stock Option Scheme 2000 and Employee Stock Based Compensation Plan 2005, as on the date of grant has been computed using Black-Scholes Option Pricing Formula and the model inputs are given as under:

	Employee Stock Option Scheme 2000	Employee Stock Based Compensation Plan
Volatility	42% to 68%	44% to 65%
Risk free rate	4.57% to 8.18%	6.49% to 7.98%
Exercise Price	₹ 516.50 to ₹ 1,271.25	₹ 620.50 to ₹ 1,348.25
Time to Maturity (years)	2.20 to 5.50	2.50 to 7.00
Dividend Yield	9% to 28%	10% to 29%
Life of options	8.5 Years	10 Years
Fair Value of options as at the grant date	₹ 17.17 to ₹ 203.14	₹ 24.75 to ₹ 262.97

Notes:

1. Volatility: Based on historical volatility in the share price movement of the Company.
2. Risk Free Rate: Being the interest rate applicable for maturity equal to the expected life of options based on yield curve for Government Securities.
3. Time to Maturity: Vesting period and volatility of the underlying equity shares have been considered for estimation.
4. Dividend Yield: Based on historical dividend payouts.

Schedules to the Consolidated Balance Sheet & Profit and Loss Account

The impact on the profit of the Company for the year ended June 30, 2011 and the basic and diluted earnings per share had the Company followed the fair value method of accounting for stock options is set out below:
