EXPLANATORY STATEMENT AS REQUIRED UNDER SECTION 102 OF THE COMPANIES ACT, 2013 AND THE INFORMATION AS REQUIRED PURSUANT TO CLAUSE 49 OF THE LISTING AGREEMENT

Item no. 3 - Re-appointment of Ms. Dipali Goenka.

BRIEF RESUME OF DIRECTORS BEING APPOINTED / RE-APPOINTED

Ms. Dipali Goenka, aged 45, has done her Bachelors in Psychology. She is spouse of Mr. Balkrishan Goenka, Chairman of the Company. She has been associated with Welspun textile's business for 13 years. As the driving force behind Welspun's textile business, she has successfully led the development of two of the most recognised brands in India known as SPACES Home & Beyond and WelHome. She was appointed as Executive Director of the Company w.e.f. April 1, 2013. She holds 75,040 equity shares of the Company. She attended 3 meetings of the Board of Directors of Welspun India Limited during FY 2014-15. Details of other directorships and membership of committees are given in Annexure 1.

None of the key managerial personnel or directors of the Company or their relatives except Ms. Dipali Goenka and Mr. Balkrishan Goenka may be deemed to be concerned or interested in this resolution.

Shareholders' approval is sought by way of ordinary resolution proposed under Item no. 3 of the accompanying Notice.

Item no. 5 – Authority to issue secured / unsecured Non-Convertible Debentures:

In terms of Section 42 of the Companies Act, 2013 (“Act”) read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014

("Rules"), a company shall not make Private Placement of its Securities unless the proposed offers of Securities or invitation to subscribe to Securities has been previously approved by the members of the Company by a Special Resolution. In case of an offer or invitation for offer of Non-Convertible Debentures, the Company can pass a Special Resolution once a year for all the offers or invitations to be made for such Debentures during the year.

In order to augment resources for, inter alia, long term working capital and short term working capital requirements, replacement of higher cost borrowings and for general corporate purposes, the Company may offer or invite subscription for securities including but not limited to secured/unsecured redeemable Non-Convertible Debentures and/or Commercial Papers, in one or more series/ tranches on private placement, issuable/redeemable at discount/par/premium.

The Company seeks to pass an enabling resolution to borrow funds from time to time by offer of securities including but not limited to Non-Convertible Debentures and/or Commercial Papers for an amount not exceeding Rs. 500 Crore (Rupees Five Hundred Crore only), at a discount or at par or at a premium and at such interest as may be appropriate considering the prevailing money market conditions at the time of the borrowing. The borrowing limit (apart from temporary loans obtained from the company's bankers in the ordinary course of business) approved by the shareholders vide the resolution dated March 30, 2015 is Rs. 4,000 Crore (Rupees Four Thousand Crore only). The approval sought for offer of securities including but not limited to Non-Convertible Debentures and/or Commercial Papers, shall be within the overall borrowing limits of the Company as approved under Section 180(1)(c) of the Companies Act, 2013.

Accordingly, consent of the members is sought for passing a Special Resolution as set out at item no. 5 of the Notice. None of the directors / key managerial personnel of the Company / their relatives is, in any way, concerned or interested, financially or otherwise, in the Special Resolution set out at item no. 5 of the Notice.

The Board recommends passing of the Special Resolution at item no. 5 of the accompanying Notice for approval by the Members of the Company.

CHAIRMAN'S MESSAGE

In the year 2014, we have remained a frontrunner in the textile business, having been ranked as the No. 1 Home Textile Supplier to the US, third year running

Balkrishan Goenka
Chairman, Welspun Group

My dear fellow stakeholders,

“Dare to commit” is a belief well entrenched into Welspun’s DNA. It drives every aspect of our business - from leading innovative technologies, to developing path-breaking products, to fostering sustainability.

Business Scenario

As you are all aware, India has emerged as a significant player in the textiles sector, and is currently ranked as the second largest exporter of textile products behind China. As I mentioned in my last year’s address, certain structural changes are taking place in the industry which are helping India improve its competitiveness and market share in the global arena. We are thus seeing more and more clients increase their sourcing pie of textile and apparel from India. In home textiles, the India advantage has been even more prominent and I believe, things are only going to get better in the coming years for the industry.

At Welspun, we continue to be a supplier of choice for our clients as evidenced by our growing market share. Over the last few years, we undertook significant initiatives to fortify our stronghold by fostering innovation, enhancing skill development and increasing our backward integration. We maintained our leadership position in home textiles being ranked as the No:1 supplier to the US for the 3rd consecutive year. In our estimate, every sixth towel and every tenth bed sheet sold in the US, comes from Welspun. Our towel and sheet capacities are running at full throttle which is reflected in the financial results as well. Financial year 2015 was undoubtedly our best year, with revenue, operating EBITDA and profit after tax at all-time highs. We declared a dividend policy, among the first in the textile industry, where we would distribute a quarter of our profits as dividends to our esteemed shareholders.

Going forward, we will sustain our agility to capitalize on evolving opportunities, improve our business & market competitiveness, continue to build a sustainable and progressive community, and enhance value to all our stakeholders. In the coming years, we will focus our attention on further growth by targeting the lesser penetrated markets such as Europe, East Asia and Latin America. We also aim to increase the share of branded sales in our overall sales. On the international front, we are in the process of expansion of "Christy" into newer geographies such as China and the Middle East. As regards India, we have launched a major marketing campaign for our domestic brand "Spaces" with Ms. Parineeti Chopra as the brand ambassador. We remain very excited about the domestic market opportunity – our branded sales in India has been growing at around 40% CAGR over the last two years. Another key focus area will be increasing the share of innovative products in our overall portfolio. In this direction we have launched a well-targeted marketing campaign in US to promote Hygro cotton®, our own patented technology, directly to end-consumers. This is the first ever such campaign in textiles in the last 15 years, and we believe that it will give a further boost to our reputation as a highly innovative company. We are focusing on leveraging underpenetrated channels such as hospitality and e-commerce to drive further growth. We also remain committed to attract the best talent, empower them and develop them into our future business leaders.

Building A Responsible Business

At Welspun, building a responsible business is the essence of our core values. It defines and guides the way we conduct business, and has proven to be a differentiating element in our success story.

Community Development

Our social mission is enshrined within the '3Es' - Empowerment, Education and Environment & Health. To date, we have helped empower over 200 underprivileged women by providing skills training and career opportunities.

By providing school infrastructure and learning opportunities, we have kindled hope and optimism for over 3,000 children.

Some of our initiatives in Environment & Health include, setting up of RO plants around our facilities, conducting health camps, providing mobile health vans, constructing sanitation facilities, tree planting and biodiversity drives, to name a few.

Sustainability

R&D and innovation are key facets of our growth strategy and sustainability orientation. Ongoing efforts are underway to rationalize production activities, maintain energy efficiency and reduce ecological impact. We also focus on creating a superior workspace for our employees. We continually monitor the quantum of waste generated by our operations, focus on waste reduction and evaluate its possible reuse as alternate materials. Through implementation of measures such as recycling, wastewater recovery, rainwater harvesting and ensuring optimal use of water in our operations, we consciously reduce the quantity of fresh water that we consume. Innovation spans our value chain. In FY15, we introduced 'eco smart rugs' and 'recycled polyester' products, as well as other items produced with minimal consumption of water and energy, as part of our 'Bath, Bed and Rugs' product lines.

Swachh Welspun Abhiyan

Inspired by PM Narendra Modi's Swachh Bharat Abhiyaan, Welspun launched Swachh Welspun Abhiyan on 2nd of October 2014. This initiative outlines a comprehensive blueprint for a coordinated approach to waste minimization, cleanliness targets, and reducing adverse environmental impact, which eventually impacts the delicate ecological balance.

We 'Dare to Commit'

Friends, as we celebrate a very successful 2014-15, we remain aware that we still have a long way to go and we therefore remain committed to our journey of being one of the most preferred home textile companies in the world.

Last but not the least, I take this opportunity to express my sincere gratitude to our Board of Directors, our Management, our dedicated employees and our esteemed customers & suppliers, bankers and investors, for their unrelenting dedication, support and commitment to Welspun.

Sincerely,
Best Regards,

Balkrishan Goenka

COMMITMENT TO RESPONSIBLE BUSINESS

At Welspun, building a responsible business is a central and core value. It defines and guides the way we do business, and has proven a differentiating element in our success story.

We believe that long-term success is achieved only when we add value to individuals' lives, while acting responsibly towards the environment and the communities that we are a part of.

Our responsible business strategy uses a structured assessment process to prioritize issues that are most important to our business and to our stakeholders, which include our associates, our community and the environment. We use our expertise, technology, and partnerships to create positive impact.

Welspun's business practices have always been synonymous with sustainability. We aim to make a positive impact and create shared value for society. We protect the environment, foster economic performance, create opportunities and empower people. While designing our sustainability efforts, we actively engage with our stakeholders for their insights, inputs and expectations.

In this report, we discuss our responsible business activities and progress through 2014-15.

COMMUNITY

DEVELOPING LOCAL COMMUNITIES

In everything that we do, there is a strong commitment towards wider, all-round social progress along with sustainable development, which balances the needs of the present with those of the future.

The Welspun group's social vision is enshrined in the three Es which have become the guiding principles of our Corporate Social Value (CSV) initiatives: Education, Empowerment, Environment & Health; where a number of projects have been taken up under the banner of the Welspun Foundation for Health and Knowledge (WFHK).

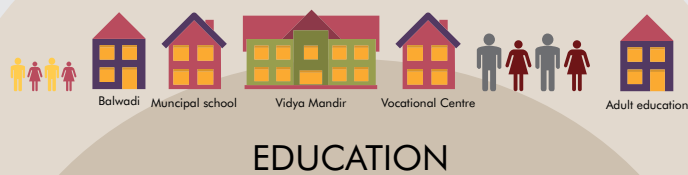

We aim to build a sustainable 'Model Village' by providing the local population with employment, helping revive the local economy and creating ancillary livelihood opportunities.

Model Village

In 2014, we conducted a need assessment study to identify areas of improvement to help create 20 model villages. So far we have created 1 model village where we have undertaken initiatives in the areas of Education, Empowerment, Environment and Health.

Smart Village

As part of our 2020 vision, we plan to convert the model villages into 25 smart villages. A smart village will be equipped with solar panels for 24*7 electricity, public announcement systems, CCTV cameras, public Wi-Fi, garbage management systems and a mobile library. Starting with Versamedi village, this plan will be executed in coordination with a village committee comprising key decision makers like Sarpanch, village leaders, Asha workers and school principals, among others.

I. EMPOWERMENT

For families to be able to sustain themselves and move towards growth and prosperity, we have focused our attention on the empowerment of women. At Welspun, we have adopted a 360-degree approach that encompasses needs analysis, vocational training, and work opportunities.

- **Needs analysis:** We conduct surveys in the communities around our facilities, to identify needy women with an aptitude to learn and look for opportunities to uplift themselves.
- **Vocational training:** We set up community centres where we provide these women with training in vocational skills such as sewing and garment making. These centres are run by the Welspun CSR team as a professional enterprise wherein targets are set, quality and efficiency is monitored and daily guidance is provided to the women.
- **Work opportunities:** On completion of their vocational training, we endeavour to provide our trainees with consistent work orders to ensure sustainable earnings. Whenever possible, we also offer employment to these women at our textile facilities.

Going forward, we aim to annually increase the number of beneficiaries, while also working to increase individual earnings of the beneficiaries. Our endeavour is to empower women across communities in Anjar through this model.

Impact Of Welspun's Women Empowerment Programme

Our aim is to increase the average earnings for all Welspun associates. Specifically, by the year 2020, we will ensure an average minimum income for each beneficiary of Rs. 20,000 per month.

The Initiatives promoting Women Empowerment and Sustainability are:

SPUN: Threads with a Soul

Mashroo, Kala Cotton & Bhujodi weaving, Kutchhi applique and patchwork, intricate block printing, the Kantha stitching technique and the mirror work of Gujarat are some of the art forms that make up the fabric of India's rich cultural heritage.

Our passion for preserving traditional arts and crafts,

coupled with our focus on empowering women, gave rise to 'The Spun Project'.

With increasing participation of women at our community vocational centres, the Spun Project is rapidly gaining momentum and helping to preserve our heritage, while empowering women.

Rags to Riches

Rags to Riches is a model based on a virtuous cycle: creating products out of factory fabric scraps, it simultaneously provides employment for women which propagates reuse and recycling.

By creating products out of remnant fabric, the Rags to Riches initiative at once provides employment for women while reusing and recycling waste. Innovative use of little shreds of material has resulted in a collection of contemporary, beautiful and sustainable furnishings such as decorative pillows, rugs, table linen sets as well as accessories with a truly glocal appeal.

'SHE IS LIFE'

Welspun's empowerment activities in Anjar has helped change lives of the little known women of the Great Rann of Kutch, providing training and livelihood to many, thus renewing their sense of pride, dignity and self-sufficiency. After a devastating earthquake that struck the region in 2001, Welspun's community activities became twice as much focused on rehabilitating inhabitants and rekindling their hopes and dreams.

The commemorative coffee table book, 'She is Life' is a compilation of real life stories of women who came forward to be empowered. The book provides a glimpse into the many facets and challenges that a woman takes on in life, while never losing her smile.

She is a mother. She is a breadwinner. She is an inspiration. She is life.

Welspun currently supports 20 government schools in Anjar, Gujarat by engaging para teachers and providing smart learning options to students. Our dedicated efforts have shown a 51% improvement in students' scores.

Our 5 year plan includes expansion and outreach to 1100 government schools in the Anjar vicinity, with the aim of improving the quality of education.

Adult literacy classes for women

2. EDUCATION

The Right to Education (RTE) Act of 2009 gives every underprivileged child the right to have access to quality education. Through our education focused programmes, we aim to empower future generations.

1. Children's 'Quality Education Programme'

According to the National Education University for Planning and Administration, Anjar has a total of 156 schools, with almost 80% of them providing primary education. Their report also states that although these primary schools are able to provide education to all students and retain them till class VIII, the dropout rate in 2015 was 10% at the primary level, which brings up unique challenges for secondary level education.

Our baseline study on the situation revealed that:

- Over 60% of students in classes I to VIII did not meet their learning levels in reading, writing and mathematics.
- The dropout rate was 3% across classes I to VIII; and was 8% in the migrating community.

- 80% of teachers were irregular; would report late, would leave early without the knowledge of the SMCs (School Monitoring Committees).
- Non-functional toilets created hardships for the students; many used the open space next to the schools leading to unsanitary conditions, while girl students had to wait to get home to use the facilities, leading to them dropping out of school.

In 2012, Welspun initiated the 'Quality Education Programme' at Anjar in close association with the Government of Gujarat. We worked with 3 government schools in Varsamedi, New Dudhai and Bhadreswar, which positively impacted 28 teachers and 584 students from classes V through VIII. The impact was measured using pre- and post- programme testing.

During 2013-14, we reached out to 18 Government schools from 14 villages (Ajapar, Bhadreswar, Kumbharia, Shinai, Sinugra, Veera, VidiBaug, Varsamedi, Nagalpar, Vidi, Valadiya, Indraprasth, Kharapasvariya, Khamra), benefitting 83 teachers and 3,844 students.

A local volunteer was appointed from these 14 villages to act as an EDU leader, working in co-ordination with the

Sports activity at Welspun Vidya Mandir

local Panchayats to monitor activities, identify gaps and introduce further improvements in the schools. Reviews were conducted on a monthly basis with a view to monitor the momentum of growth.

In 2014-15, we expanded our reach to 20 schools in 15 villages, encompassing 5,146 students from classes I to VIII. 26 para-teachers were appointed on the payroll of the Welspun Foundation for Health and Knowledge (WFHK). These teachers substituted for those who were absent. They are responsible for coaching academically weak students and also conduct extra-curricular activities. Apart from this 'SMART Classes' were implemented across the 20 schools. The regular curriculum was made more practical and engaging, which improved student attendance and learning levels.

Over the course of the next five years, by 2020, we plan to extend our reach to 1100 schools in Kutch. The programme design defines that we work closely with each school for a period of three years, to equip them with necessary resources. Thereafter, respective community groups are entrusted to ensure day-to-day functioning, making it a self-sustaining initiative.

We have received a phenomenal response to the smart class programme implemented in over 20 schools, wherein the normal curriculum is taught in visual format. Through classes conducted by over 26 para teachers working with the government teachers, there has been a 51% improvement in the learning capacity of weaker students. This has been well appreciated and acknowledged by the education authorities.

2. Balwadis

Welspun runs 4 Balwadis in the workers colonies in Anjar and Vapi, Gujarat and Palghar, Maharashtra. A total of 170 children benefit from the basic education imparted at these Balwadis.

Kids at Balwadi

3. Adult Literacy Programme

We also run an adult literacy programme for women in Anjar. In 2013-14, three classes were conducted in two villages, to provide basic literacy to approximately 90 women.

4. Welspun Vidya Mandir

Welspun has also set up a 'Vidya Mandir' at Anjar that runs classes up to class XII and follows the CBSE academic curriculum. It currently provides quality education to over 1,500 students and focuses on their holistic development.

As part of the community welfare and awareness programme, the school regularly organizes community service activities wherein children get the opportunity to visit old age homes, orphanages, etc. They also participate in art & craft exhibitions; and funds collected are donated to charity.

5. Lend a hand

Vocational training will be provided to class IX and X students in a secondary school in Ratnal village. The curriculum will include tailoring, electrical servicing, welding, carpentry, plumbing, basic engineering and others.

Ambulance and Health van

3. HEALTH

Welspun is committed to promote and protect community health. Our initiatives in this realm include purification of drinking water, organizing health camps and provision of mobile health vans.

1. Health Camps

During the year 2014-15, 10 camps were conducted in five surrounding villages (Versamedi, Ajapar, Shinogra, Kharapaswariya and Chandrani) of Anjar, to promote community health.

These camps were organized based on need assessments and requests from the village Sarpanch and principals of government schools. We conducted blood group camps and height and weight checks at the government schools in these villages, to assess levels of malnourishment in children.

We conducted camps for identification of blood groups and asses cases of malnourishment among school children from these villages by calculating BMI (Body Mass Index) and checking on growth rates. Further, we worked to create awareness about potential pandemics such as swine flu and HIV/AIDS in the 20 villages where we have our CSR Centres.

2. Mobile Health Vans

Welspun aims to provide free and easy access to primary healthcare services. To cater to this growing need, we

Health Care Centre

initiated our Mobile Health Van Services in Mumbai and in Anjar in association with the Wockhardt Foundation. The mobile vans are equipped with medicines, with each van being manned by a doctor and a paramedic.

This project was developed in phases:

- Phase 1 (2011-12): Benefitted 15,532 individuals from 6 communities.
- Phase 2 (2012-13): Benefitted 25,797 individuals from 6 communities. There was a higher emphasis on preventive healthcare and various health aspects like mother & child healthcare, immunization, cardiovascular diseases and other seasonal diseases.
- Phase 3 (2013-14): Benefitted over 50,000 individuals through an extended outreach to 12 new communities.

Health Camps

To prevent waterborne diseases, we have set up 5 RO water purification plants in Vapi and Anjar in Gujarat, each with a capacity of 500 litres/hour, to provide clean drinking water to over 10,000 families.

RO water plant

- Phase 4 (2014-15): Mobile Health Van Services were launched in Anjar, which provided free primary healthcare services to approximately 50,000 people in 20 villages.

3. Purification of drinking water

A survey conducted in villages near Vapi and Anjar, in the Indian State of Gujarat, confirmed that a majority of the water sources were highly contaminated, with very high pH values well beyond permissible limits specified by the World Health Organization (WHO).

Taking cognizance of the urgent need for safe and hygienic drinking water for the community around our facilities, in 2012 we installed a 500lph RO plant in Kunta, Vapi which

has made potable drinking water available to 6,200 people in the neighbouring regions.

In 2014, we installed an RO plant at Vapi and three RO plants at Anjar. We plan to install additional plants around our facilities, wherever the need exists.

4. Other initiatives

NGO exhibition stalls, blood donation camps, celebration of World Environment Day, beach clean-up drives, World No Tobacco Day, donation drives and relief operations for victims of natural calamities are some of the other initiatives that are spearheaded by our headquarters in Mumbai.

ENVIRONMENT

Pledging our commitment to environmental conservation, we aim to become a carbon neutral organization by the year 2020.

Welspun is committed to environmental leadership in all of our business activities. Our global environmental management system ensures our company is vigilant in protecting the environment in all its operations.

1. Environmental Management

Our environmental management programme stems from our belief that we need to make the right choices today, to ensure environmental sustainability and to protect the environment for future generations.

Our aim is to continually identify opportunities that reduce our impact on the environment and thereby reduce our environmental footprint.

We have implemented environmental policies across our locations, putting our intent of safeguarding the environment into practice, in real life situations. We have steadily imbibed sustainability into our operations; and continue to identify additional areas to ensure effectiveness of our activities, enable resource optimization and conserve natural resources.

Carbon neutrality

We have planted more than 229,654 trees. Additionally we aim to plant more than 25000 by 2016 in all our locations and surrounding areas. Over and above that we have started a campaign to give vegetable and fruit saplings to the villagers. The villagers are encouraged to plant and nurture the saplings in their courtyards, which contributes to reducing the carbon footprint in the region.

Tree plantation

Although our facilities at Anjar, Vapi and Dahej are located in designated industrial areas and by design have minimal impact on biodiversity, we undertake tree planting at all our facilities. To date, we have planted more than 229,654 trees.

We have dedicated teams to ensure that we maintain a green belt in and around our operations and monitor the survival rate of our plantation. We also spread awareness about the importance of tree planting by inviting our stakeholders to plant trees at our facilities during their visits.

Biodiversity

Amongst numerous benefits, biodiversity reduces health

hazards posed by environmental pollution; and is a viable methodology to promote self-sufficiency within local communities. Biodiversity drives were undertaken in March 2014 at Versamedi, Kharapaswaria & Satapar villages of Anjar. 180 fruit bearing plants, 225 flowering plants and 60 packets of vegetable seeds were planted. The local community will maintain and nurture these saplings. This initiative is envisioned to positively impact over 100 families, 3 schools and Anganwadis within these three villages. During the next fiscal, we plan to extend this initiative to more villages.

2. Waste Management

We continually monitor the amount of waste generated by our operations, focus on waste reduction and evaluate its possible reuse as alternate materials. We ensure disposal of waste is executed with appropriate segregation and directed to authorized channels of disposal. We adhere to the rules of the respective State Pollution Control Boards (SPCB), for disposal of waste generated from our operations.

An example of reuse of waste from our operations is the production of bricks from fly ash generated by our power

We have planted 229,654 trees in Anjar and are expanding this green effort to villages around our areas of operations. Our eco-supportive efforts in the surrounding communities focus on increasing the green cover and spreading awareness on the importance of environmental sustainability.

Rain water harvesting ponds

We carry out rain water harvesting facilitated by 2 rain water harvesting ponds in Anjar with a storage capacity of 3 billion tonnes of water. This helps provide a significant amount of fresh water to the local population.

We also recycle waste water from our operations in Anjar and Vapi and reuse the output.

Tree plantation drive

plant. These bricks are utilized for construction of our worker colonies, and to build boundary walls. Additionally, as an alternative to sand, we utilize the waste from stone cuttings surrounding our plants, mixed into cement, thus putting waste from our surroundings to use. We also reuse salvageable waste cotton from our textile processes, to further reduce the consumption of virgin cotton.

Sewage Treatment Project

We are in the process of commissioning a Sewage Treatment Plant (STP) to recycle domestic sewage from the neighbouring areas of Gandhidham, Adipur and Anjar. These regions have a combined population of half a million which translates to 40 million litres per day of recycled water generated, thus drastically reducing the dependency on freshwater.

Biogas generation

With a view to reduce our impact on garbage landfills, we recycle wet waste generated from our kitchen, canteens and gardens; wet waste is processed at our captive bio gas plant. The gas generated fuels the stoves in our canteens at Anjar thereby reducing the consumption of LPG.

Paper and plastic recycling

With a view to reducing waste going into landfills, used plastic bottles/ PEC bottles are sent to a local women's Self Help Group (SHG) – Stree Mukti Sanghatana, for recycling. Waste paper from our offices is also recycled into notepads which are used in our training rooms, thus reducing the use of virgin paper.

This initiative not only helps us stay conscious about the number of trees being felled for paper production, and reduces waste, but also helps empower women from the SHG.

3. Water Management

Water is an indispensable resource for our operations, especially for our textile business vertical (WIL).

Through implementation of measures such as recycling, rainwater harvesting and optimal use of water in our operations, we consciously reduce the quantity of fresh water we consume.

We have instituted mechanisms to monitor our water consumption, which helps us understand demand patterns. Taking a step ahead, we have adopted innovative technologies and solutions and have designed products that consume less water, thereby benefitting our consumers.

Fresh water utilisation is intrinsic to our manufacturing processes. To reduce our water consumption, we have taken special efforts to ensure water usage is minimized at all times. We also focus on recycling to the maximum extent possible, consequently lessening our fresh water

consumption. Our captive Wastewater Recovery Plant at Anjar processes effluents from our textile and pipe & plate plants.

Water Tanks

5 Lakh litre capacity underground tanks are being constructed at Versamedi village for all the villagers. A water connection has been provided to all homes enabling the villagers to access water on a daily basis.

4. Sanitation

A baseline needs assessment in 15 communities in Gujarat prompted us to construct 1,060 toilets in 8 villages during 2014-15. In 2015-16, our Phase 2 goal is to construct 2,500 more toilets. Going forward, as part of our '3E' model of community development, we have a long-term target of imparting 100% sanitation within all the communities that we are responsible for.

EMPLOYEE DEVELOPMENT

Manav Vikas Kendra Training

EMPLOYEE DEVELOPMENT, OUR FORMULA FOR SUSTAINED GROWTH

We acknowledge that our people play a vital role in ensuring our long-term success. Respect for individuals, ensuring employees' wellbeing & safety and creating a work environment that encourages employees to excel, are intrinsic to Welspun's business culture.

1. Learning and development

Welspun pursues the highest standards of employee engagement by imparting their workforce with requisite skills training and providing resources essential to perform their job functions, thus reinforcing an environment of excellence through learning and development.

2. Employee engagement

We are firm believers in work-life balance, to ensure that our employees remain effective, efficient and productive. We have therefore instituted an employee engagement programme named 'TABLET', an acronym for 'take a break,

As of today, we have 200 employees with hearing, speaking impairments and other disabilities in our Vapi and Anjar locations. We aim to further increase the disabled employee count by 5% in the next few years as per our effort to integrate them into the mainstream.

With 2541 women out of over 18,000 employees across our locations, we plan to increase that by 30% in the future, and empower them with skills training and workshops for enhanced employability, positively impacting their community.

let's enjoy ourselves'. Under the initiative of 'TABLET', we organised a host of interactive and engaging events such as 'Kids Fiesta', Women's Day, sports events, etc. for our employees and their families.

3. Health & Safety

We remain committed to ensuring the health and safety of every employee on our workforce. We provide necessary PPEs (personal protective equipment) as a precautionary measure for specific occupational hazards like noise-induced hearing disability, respiratory tract diseases, etc. Occupational Health Centres at our plant locations routinely conduct health check-ups for our employees. To maintain an accident-free workplace, safety committees are appointed at each location.

4. Manav Vikas Kendra Centre for Skill Training

As a part of our skill development efforts, we provide our employees with technical training that enables them to perform high precision technical jobs efficiently.

We design and provide behavioural, functional and technical training to our workforce and executives, to impart the necessary skills to perform their jobs, inculcate the industrial culture, develop interpersonal relations and encourage self-development.

5. SWASTI Foundation

This is a specially designed training programme for the workforce to build awareness around common health problems, enhance communication skills, build knowledge about personal finance, create awareness about gender roles and develop leadership skills.

6. Leadership Development

We are committed to nurturing talent from within our organisation and develop a strong succession planning for the employees who have the potential to ascend to top management roles. Under the LDP program, we run a Leadership Academy that comprises modules like strategic thinking, execution excellence, emotional intelligence, better engagement and customer centricity, influencing skills, relation management and drive change management.

7. Women Employment

A significant section of our employees at our Anjar and Vapi plants are women and it is fairly common for them to leave their jobs after getting married. To encourage them to continue working we provide married couples accommodation on priority. In addition, we have trained and employed over 700 women at our eight CSR centres at our plant. We also provide trained women with flexible "work from home" employment options. Further to that, we

aim to increase the women employees at our locations to 30% in the coming few years.

A special girls' hostel has been set up in Anjar and Vapi. More so, we have sponsored 55 girls at our hostel in Vapi, encouraging them to continue with higher studies.

8. Employing people with special needs

With over 200 people already employed at our Vapi and Anjar plants, we further aim to increase the proportion of employing people with special needs to over 5%. In addition to providing special training for hearing and speech impaired employees, they are given a special pouch with a whistle and a notepad to enable them to communicate with other employees. All staff members are trained in sign language and sensitized toward the needs of these employees.

MANAGEMENT DISCUSSION AND ANALYSIS (FY 2014- 15)

FY14-15 was a landmark year for us. Not only did we make our operations much more robust by increasing our backward integration, we also improved our profitability significantly posting our best annual financial results ever. In spite of the backward integration capex, we ensured that we generated positive free cash flows and our balance sheet remained strong with lower debt.

Mr. Rajesh Mandawewala
Managing Director

The Management Discussion and Analysis (MD&A) should be read in conjunction with the Audited Consolidated Financial Statements of Welspun India Ltd ("Welspun" or "WIL" or the "Company"), and the notes thereto for the year ended March 31, 2015. This MD&A covers Welspun's financial position and operations for the year ended March 31, 2015. Amounts are stated in Indian Rupees unless otherwise indicated. The numbers for the year ending March 31, 2015 as well as for the previous year are on a consolidated basis and regrouped and reclassified wherever necessary.

WELSPUN INDIA LTD - BUSINESS OVERVIEW

Welspun India Limited (WIL) is the Global Leader in Home Textiles with global reach, delivering to more than 50 countries. WIL supplies to 14 of the top 30 global retailers and has been ranked 1st in the Top 15 Supplier Giants to the USA by Home Textiles Today Magazine continuously for the last three years. With world-class manufacturing facilities in Gujarat - India, the company offers a wide range of home textile products in Bath, Bedding and Flooring Solutions to its consumers from almost every corner of the World. Welspun has a strong presence in key markets like USA, Canada, UK, and Europe and about 95% of its production is exported to various countries across the World. The Company owns brands such as 'Christy', 'Spaces' and 'Welhome' which constitute around 11% of the sales. The Company has a strong emphasis on innovation which is reflected in the number of patents and trademarks which it holds and has applied for. More than 30% of the total revenues of WIL come from the innovative products developed by the company.

GLOBAL ECONOMIC OVERVIEW

In 2014, global economic recovery remained tepid and divergent across economies, with most emerging market economies experiencing slowdown. While advance

economies remained susceptible to the risk of deflation, inflationary pressures subsided in key emerging economies giving leeway for easing monetary policy. Global commodity prices continued to decline. Financial markets were buoyant but volatile in pricing in policy developments in major economies.

Global economic activity appears to be stabilising, but with markedly divergent growth profiles between advanced and emerging economies, and between commodity exporters and importers. The collapse of international commodity prices, especially of crude oil, seems to have reallocated demand across economies. Monetary policy stances across countries have been easing, including unconventionally, and market expectations on the timing of the US monetary policy normalisation have been pushed back. In response, there have been large movements in exchange rates and other asset prices. Reflecting risk appetite and search for yield, long-term yields have fallen to record lows amidst heightened volatility in financial markets. For commodity exporters, however, risk spreads have widened and currency depreciations have been sizable. Thus, even though financial conditions are easy and are being reflected in financial asset prices, the outlook for global growth remains moderate, held back by still-weak demand.

In the United States, growth has been firming up, aided by improving labour and housing market conditions. The sharp appreciation in the US dollar in recent months could, however, dampen prospects for exports. In the Euro area, economic conditions remain weak although some pick-up in Q4 of 2014 and the early months of 2015 is being observed, supported by lower crude prices and the depreciation in the euro as well as increased bank lending. The contraction of activity in Japan moderated in the final quarter of 2014, with mixed signals from higher frequency data in the beginning of 2015 - consumer confidence and exports show improvement, but retail sales and industrial production have contracted.

Most emerging economies continue to decelerate due to subdued external demand, political uncertainties and domestic supply-side constraints. In China, activity has slowed over the second half of 2014 and Q1 of 2015 as investment demand lost pace and the real estate sector weakened on deleveraging and financial repair among households and corporations. The Russian economy slowed sharply due to falling oil prices and Western sanctions. Contraction continues in Brazil as high inflation squeezes domestic demand. Falling oil and commodity prices also weighed on growth prospects of countries in the Middle East, Eastern Europe and Latin America.

Overall, although the near-term outlook is improving slowly, developed economies are yet to fully recover from the after-effects of the global financial crisis. Emerging economies face the challenge of addressing persistent negative output gaps and falling growth potential, which yields a more subdued near-term outlook for them. In fact, the sluggish global recovery over the course of 2014 and 2015 so far has warranted successive downward adjustments to forecasts the world over, raising concerns of a global growth stagnation.

The pace of global trade continues to be weighed down by both cyclical and structural factors, with world trade volume growing by only 3.1 per cent in 2014 - well below the pre-crisis trend. The impact of the growth slowdown in China, Russia, the Euro area and Japan on world trade has been significant, aggravated by weaker activity in some major oil exporters. Even though world trade growth is expected to pick up moderately along with improvement in global output in 2015, risks continue to tilt downwards, given the subdued conditions characterising global demand and international commodity prices. Incoming data on most emerging market economies show contraction in exports in the early months of 2015.

INDIAN ECONOMY

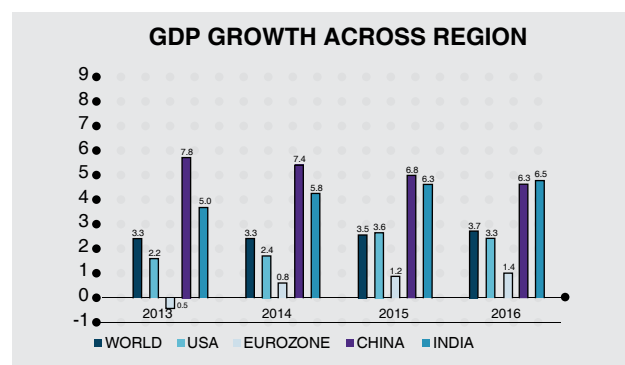

In the past couple of years the Indian economy has experienced some moderation after a high growth trajectory achieved in early 2000s. Slow demand, financial crises in developed nations and domestic economy slowdown appeared to be some of the major setbacks for the country. However prudent regulatory and fiscal policies have helped in slow pickup in growth. Moreover, India continues to be a favourable investment and trade destination globally. India's share in the global GDP climbed from 4% in 2000s to 6% in 2012 (Source : World Trade Report 2014). In the last decade, net capital inflows in the country grew at a CAGR of 14.4% reaching nearly USD 50 bn in 2013. India has ranked among the top 20 biggest exporters in 2013 and has ranked 19th biggest exporter in 2013, improving from 26th rank in 2008. In the last decade, the contribution of India's exports to its GDP has grown from 11.1% in 2003-04 to 17% in 2013-14.

The macroeconomic environment is expected to improve in 2015-16, with fiscal policy gearing to an investment-led growth strategy and monetary policy using available room for accommodation. The Reserve Bank's consumer confidence survey (CCS) points to growing consumer optimism since June 2014, reflecting purchasing power gains arising from lower inflation as well as improved perception of income, spending and employment growth.

Large declines in commodity prices and the benign inflation outlook for the near-term should provide a boost to growth. Nevertheless, there are downside risks to growth which could restrain growth prospects if they materialise. The ongoing downturn in the international commodity price cycle, which commenced in 2012, could reverse, given occasional signs of oil prices reviving ahead of global economic activity. In fact, the volatile geopolitical environment could even hasten the reversal. The consequent resurgence of inflation pressures could overwhelm the nascent conditions setting in for recovery.

GLOBAL TEXTILE INDUSTRY AND TRADE

According to the data published by the WTO, the global Textile and Clothing trade has reached US\$ 766 bn in CY2013. This indicates a CAGR of nearly 10% from the 2009 levels at the peak of the economic crisis. Of the total trade, Clothing or Apparel trade was US\$ 460 bn in 2013 while the remaining was on account of textile trade which was US\$ 306 bn.

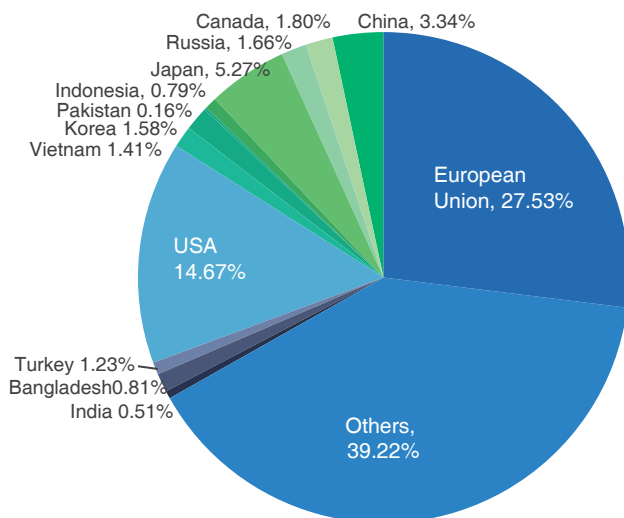

Developing economies such as China and India continue to be the major exporters while developed economies such as US and Europe continued to be the major importers of Textile and Apparel.

INDIAN TEXTILE INDUSTRY

The Indian Textiles Industry has emerged as a significant source for the global market during the last five years. India has emerged as the third largest exporter of Textiles and Apparels in the World in 2013 after China and EU with a market share of approximately 4.7% overall as per WTO data for CY 2013. At a country level, India has become the second largest exporter overtaking Germany and Italy but trailing China by a significant margin.

In apparel, India is the fifth largest exporter with ~ 4% market share in CY 2013 (behind China, EU, Turkey, Bangladesh and Vietnam). India's position is stronger in textiles (non-clothing) trade where it is the third largest exporter with a share of 6.2% in CY 2013. This share was 4.2% in CY 2008 has been consistently increasing over the last few years (Figure 5).

HOME TEXTILES MARKET

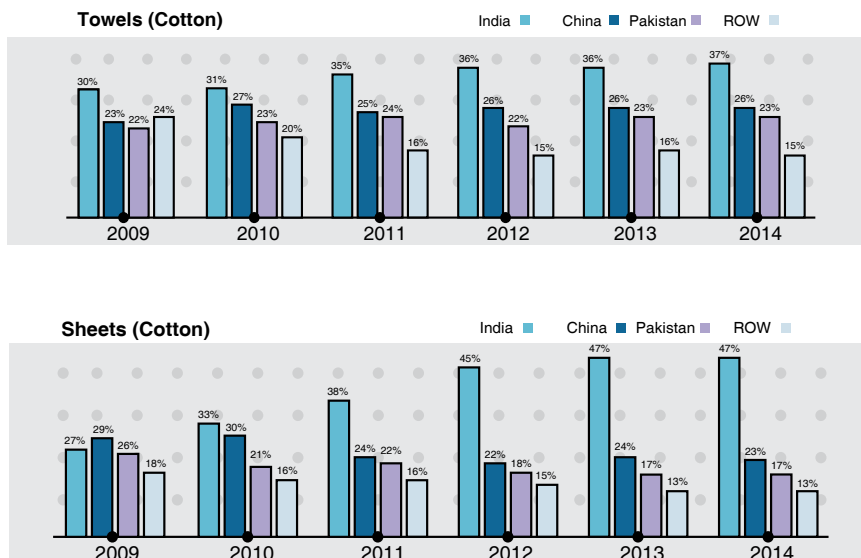

The Home Textiles segment basically includes terry towels, bed sheets, top of the beds, curtains, pillows cases, rugs, carpets etc used for home furnishings. The global Home Textiles market is estimated at around US\$45 billion, at the

wholesale level. The major consuming regions in this sector are US and Europe, each constituting about one-third of world demand. India, China and Pakistan are the biggest exporters in this segment, constituting more than 50% of the world trade. India, China and Pakistan constitute more than 85% of home textile exports into the US market. In Europe, some other players such as Turkey and Bangladesh, which enjoy duty-free status into the region, are also important players apart from these three countries.

The 'India advantage' is most prominent in the Home Textile segment as the Indian players have the scale and technology to compete with the large manufacturers in China as well as other countries. India's share in home textile trade is around 11%, more than double its share in textiles. In "cotton" Home Textiles, the share is even higher and better than China in many products. India has been constantly growing its market share over the last few years in this space.

In the US market, India is best placed among the competing countries. The share of imports of Cotton Towels to the US has grown from 30% in CY 2009 to ~37% in CY 2014 showing a significant jump. Also in the cotton sheets segment, India's market share has grown from 27% in CY 2009 to 47% in CY 2014 as per the data released by the Office of Textiles and Apparels, US. Figure 10 and 11 shows the share of key competing countries in US imports in Cotton Towels and Sheets.

WELSPUN OVERVIEW

“ We maintained our leadership position through our quality and innovation, which is reflected in our No:1 ranking in the US for the third year in a row. One of our key focus areas was branding our products and innovations. We launched a major campaign for “Spaces” in India and for “Hygro” in US. We also launched “Christy” stores in China. We also launched “Spun” brand globally on the CSR front. ”

Ms. Dipali Goenka
Executive Director
Welspun India Limited

WIL PRODUCTS

BATH:

TOWELS

Towels are made out of 100% cotton or blended yarns, which have significant hygroscopic property, with a capability of quick water absorption. The range offered by WIL includes beach towels, kitchen towels, baby hood towels, hand towels, face towels and bath sheets. The Company also includes innovative products like Quick Dry Towels, HYGRO etc.

ROBES

Welspun manufactures bath robes in different styles such as “kimono”, “hood”, “zipper”, “shawl” and “wraps”. Since the fabric for bath robes is similar to that of towels, the Company is able to leverage the product development and innovation undertaken in the production of terry towels, in this segment.

BED:

BED LINEN PRODUCTS

The bed sheets are made out of 100% cotton, various blends and such as polyester cotton, cotton bamboo, cotton silk and cotton eucalyptus. The bed sheets are in different sizes, according to bed sizes and mattress depth. The bed sheet includes innovative products like Flexifit (which fits into the size of the mattress without any wrinkles and doesn't need ironing).

BASIC BEDDING AND DECORATIVE BEDDING

Basic bedding includes mattress pads, blown and garneted pillows and basic comforters while decorative bedding products include comforters, duvets, coverlets, bed skirts, shams, decorative pillows and bolsters.

FLOORING:

RUGS

Bath rugs are made of cotton, nylon or micro fiber and can be latex-backed, depending on consumer preferences. These come in various sizes, shapes and designs.

CARPETS:

The carpet facility was completed in FY14 and has started contributing to the revenues in FY15. The Company is basically focusing on decorative carpets and area rugs in this segment.

KEY DEVELOPMENTS IN FY 2014-15

FY 2014-15 was a landmark year for the Company. In the year, the Company recorded its highest annual sales, annual EBITDA and EBITDA margin in its history. The Company also maintained its position as the No:1 Home textile supplier to the US for the third consecutive year, based on the rankings published by Home Textiles Today (HTT) in January 2015.

During the year, the Company completed a major part of its vertical integration project for increasing its spinning and weaving capacity. The Company successfully commissioned 1,70,000 spindles for producing fine count yarn during the year. The spinning unit inaugurated at Anjar, Gujarat is India's largest spinning unit under one roof. The new facility will be instrumental in taking the total spinning capacity of the Company to over three lakh spindles, thereby fulfilling nearly 70 per cent of its internal yarn requirement from 35% before its completion. The new facility will improve the company's supply chain with lesser dependency on external sourcing.

The Company generated positive free cash flows after meeting its capex requirements. The Long Term Credit Rating of the Company improved two notches to AA- as rated by Fitch ratings.

The Company announced a dividend policy by which it has recommended to pay 25% of PAT as dividends to the shareholders. For the year, the Board recommended a final dividend of Rs. 7.5/sh in addition to the interim dividend of Rs. 3/sh already paid. This takes the dividend for the full year to Rs. 10.5/sh.

Today WIL's global reach and delivery has spread to more than 50 countries across the globe with 95% of its production exported globally. WIL has added clients across the globe and during the year, it gained foothold in Latin America, Central America and Ireland.

The Company also took several initiatives to increase its share of branded sales. WIL has several brands and licences, the most prominent ones being "Christy" for the global market and "Spaces" in the Indian market. A key development in this area was the launch of "Spaces" campaign in India. The campaign was launched across print media and television. The Company has also appointed Ms. Parineeti Chopra as its brand ambassador. The Indian branded sales are growing at a CAGR of 40% during the last two years. During the year, WIL also launched Christy stores in China, which have been received well. Global expansion of Christy into geographies such as Middle East, USA and Continental Europe is also underway.

A key differentiator for Welspun has been its focus on innovation and new product development. The company

has twelve patents (including granted as well as pending) to its credit. Currently, ~30% of FY2015 sales comes from innovative technologies developed/owned by the company. Some of these innovations include 'Hygro® Cotton' (ultra-soft, ultra absorbent, quick drying etc.) and 'Flexifit' sheets (fits a range of mattress sizes). A more detailed list is shown in the figure below. Apart from product innovation, the company continuously works on process innovation and innovations in the supply chain.

Figure 11: Key innovation of WIL

In the year 2014-15, the Company took steps to brand its innovation capabilities. As a first step, a campaign was launched in the USA to introduce the patented Hygro®Cotton technology to consumers. This is the first such campaign in the textile industry in the last fifteen years.

The Company gained traction in hospitality business globally. It also increased its presence in the global e-commerce space tying up with major portals in US, UK and India.

During the year, the Company won numerous awards for its quality, innovation and CSR initiatives. Some of the key awards were:

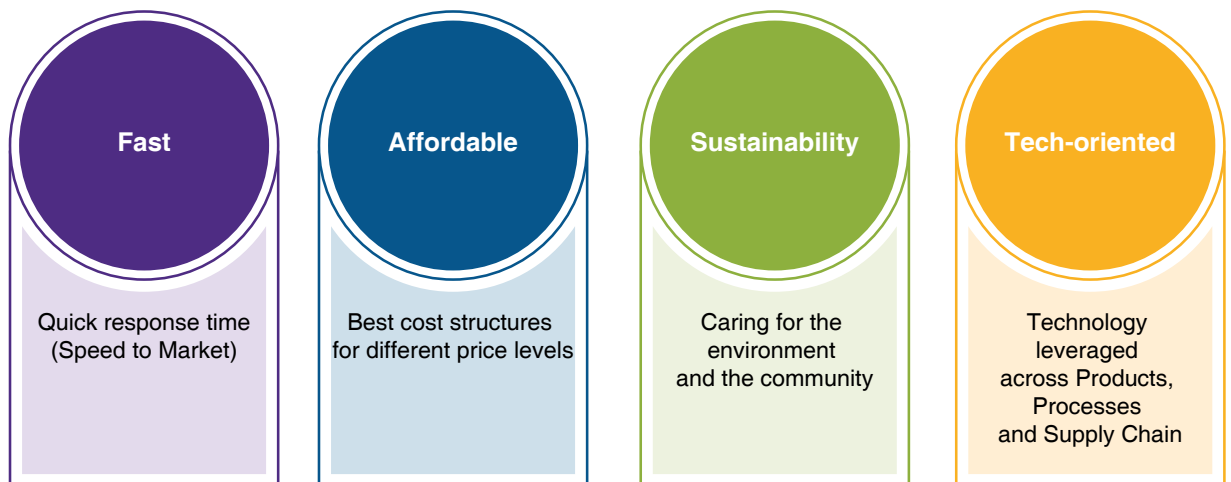

- 5 Star Vendor award for the year 2014 by Macy's
- Special award "Global Citizen Award" for our Corporate Social Values by Macy's
- Best Brand in Bed and Bath/Furniture Category 2013-14 by Shopper's Stop
- 5 Supplier Award for the year 2014– Macy's
- TEXPROCIL AWARDS for EXPORT PERFORMANCE 2014 :
 - 1 Special Gold & 1 Gold - Highest Global Exports (Overall) and Terry Towels
 - 2 Silver - Second Highest Exports of 'Bed Linen/Bed Sheets/Quilts' in Made-ups and Other Made-ups

WELSPUN'S STRENGTHS

Welspun has evolved a customer-centric FMCG approach to the textile industry, taking up activities right from consumer research and product development to promoting and communicating the products to the end consumer. The core of this model is the end customer who is the final consumer of its products.

This approach has helped the company develop new products, which fulfill the gaps in the customer offering. This has helped the Company gain a strategic vendor status with its customers i.e. the retailers.

Welspun's strengths can be summarized into the acronym "FAST" as shown in the figure below:

OUTLOOK

The US economy is expected to continue on its growth trajectory in the coming year. New home-sales data is indicating a strengthening housing market while consumer confidence has been hitting multi-year highs. While consumer confidence in Europe is edging higher, it is expected to get a further boost from falling oil prices and the ECB stimulus, which would improve real household spending power. Indian textile exports to Europe are growing, despite a disadvantage in terms of import duty compared to other exporters like Pakistan, Bangladesh and Turkey. The proposed India – EU Free Trade Agreement (FTA), if it goes through, will provide a strong push for textile exports from India to EU.

The Indian economy is expected to grow faster in the coming years as economic reforms gather pace. Other key markets, such as Japan, Korea, Australia, South Africa, also present huge potential for growth. India has signed an FTA (Free Trade Agreement) with Japan, Korea and the SAARC countries, which could be leveraged to increase Indian exports to these countries. To summarise, the outlook for Indian cotton textiles, especially home textiles, continues to be positive.

For Welspun, the strategy will be to leverage its strength – “FAST” into

- a. Underpenetrated channels such as Branded sales, e-commerce, hospitality
- b. Underpenetrated products such as carpets, filled products, bath robes
- c. Underpenetrated markets such as Europe, India, Japan

KEY RISK FACTORS

The various external factors that could impact Welspun's business going forward with its mitigation measures is as below:

HUMAN RESOURCE UPDATE

Increase in Input Costs	Secures a significant part of its cotton requirement during the cotton season; WIL's backward integration of ~75% provides the captive yarn and fabric; Company's 80 MW captive power plant at Anjar which reduces power costs and provides continuous supply
Labour Availability	The Company is continuously providing its workforce with vocational training to improve their skill level and also focusing on improving labour retention. It is also actively employing more women to diversify its workforce.
Poor economic environment and consumer sentiment	The Company is trying to address this through diversification into newer market regions such as Korea, Australia and Japan.
Competition	The Company's strategy of providing end-to-end solutions and innovative products, and maintaining strong relationships with clients, helps in reducing competitive risks.
Currency movements	Hedges significant portion of its export revenues expected for the following year.
Change in Indian Government Policies	The Company continuously monitors Government policies and takes measures to minimize any adverse impact.
Trade Barriers	Geographic diversification to reduce impact of trade barriers imposed by any particular country.

At Welspun, constant efforts are made to align employee expectations with business requirements. To ensure the same, the company started the Internal HR survey initiative. Based on feedback received, the HR team moved their focus from employee communication to the next level- Employee Development. A need for various training and development initiatives was felt across business and therefore, HR team took up the initiative of bringing up customized employee development approach.

Apart from Employee Development process, various initiatives were also undertaken to improve systems and processes which have been explained in the latter part.

KEY HIGHLIGHTS

The key initiatives taken in HR are as listed below:-

Employee Development: To understand the training requirement of individual, psychometric tests were conducted and based on the feedback, three different teams of high performers were identified based on the level and efficiency – Team A (first line), Team B (Second line) and Team C (third line). To meet the specific needs of each individual, training needs were identified and Individual Development Plan were prepared for each team member. Customized programs were launched with new training techniques like Simulation, Role Plays, Outbound trainings etc. Team wise skill directory was also framed based on competency framework to set standard skillset requirement for the business.

At the plant level, programs for supervisory staff were launched and executed and at the Head Office, a series of learning interventions were initiated through 'Corporate Studio'. Varied range of programs like Impactful Communication, Personal Brand Management, Negotiation Skills, Presentation skills, Time Management, Interpersonal Skills, Business Etiquettes etc. were covered. Behavioural training workshops were also initiated for worker level.

Talent Acquisition: New initiatives were taken up in the talent acquisition process to make it more objective and ensure selection of right candidate for right profile. Job Pro was designed to understand the behavioral requirement of candidate for each role. Concepts like Predictive Index test and Behavioural Interview were introduced to match the person's capabilities to the profile requirement. The panel member was also trained to conduct behavioural interviews.

Employee Communication & Engagement: In this area, the focus was on strengthening the existing initiatives which were started last year. Standardisation of common initiatives was done across the Group. At the individual level, process of skip level meetings was started to conduct 'health check' of the organization. At the department level, communication forums like Monthly Departmental Meeting (MDM) and Mini Town Halls were continued. 'Gup-Shup' with Mrs. Dipali Goenka (Executive Director), an informal chat session was another major highlight. Shining Star Scheme & Star of the Stars scheme (on the spot appreciation scheme) across all locations was also continued. To motivate the winners, they were sent for plant visit along with their families.

Other events such as Diwali Celebration, Women's Week celebration, Holi Celebrations, monthly birthday celebration, participation in Mumbai Marathon and monthly newsletters were the key activities for the year.

Performance Management System (PMS): To strengthen the review mechanism, lot of new initiatives were started

to educate employees on the importance of review mechanism. PMS workshops were organized which were conducted through role play. Special rooms were designated to conduct review discussions. Print medium was also used to create awareness. With a motive to move towards a paperless approach, the entire covering Annual Evaluation & Goal Setting was completed through PMS module of SAP HR.

HR Automation: To bring uniformity and accuracy in the HR processes, automation of all HR activities of employee life cycle is being done through SAP- HR. It includes PA, OM, Time Management, Recruitment, Performance Management, and LSO module. Apart from LSO modules, all other modules have been successfully implemented across locations. Launch of Employee Self Service / Manager Self Service portal was also a major highlight. Various sessions were organized for training employees to ensure smooth functioning and maximum usage of the software.

For workers, SAMAY application based on SAP data has been designed. Workers have been provided access to their attendance and leave. This has helped in creating a transparent system which is virtually error proof, and has drastically reduced grievances related to wages.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The internal control system encompasses the policies, processes, tasks, behaviours and other aspects of Welspun India Ltd that taken together, facilitate effective and efficient operation, quality of internal and external reporting, compliance with applicable laws and regulations. Welspun's objectives, its internal organization and the environment in which it operates are continuously evolving and as a result, the risks it faces are continuously changing. In order to make its internal control effective and sound, WIL thoroughly and regularly evaluates the nature and extent of the risks to which the Company is exposed. The operation and monitoring of the system of internal control has been taken by individuals who collectively possess the necessary skills, technical knowledge, objectivity, understanding of the Company, industries and markets in which it operates. The qualified, experienced and independent Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of internal controls systems and suggests improvements for strengthening them. Welspun has a strong Management Information System which is an integral part of the control mechanism.

DISCUSSION OF FINANCIAL PERFORMANCE – FY15

FY14-15 was the “Best Ever” financial year for the Company. In this year, the Company has recorded its highest annual sales and profitability in the Company’s history by crossing Rs. 50 billion milestone in sales and Rs 5 billion milestone for PAT during the year. The operating EBITDA margin has reached a new level at 24% in FY15. The Company has generated free cash flows after meeting the capex requirements for the year.

Revenues grew 21% in the year, to Rs. 53,025 million from Rs. 43,730 million in FY14 driven by strong volume growth and higher realization across all products.

1. REVENUE

a. Revenue from Operations (Net)

Net Sales stood at Rs. 53,025 million in FY15, a growth of 21% over FY14 (Rs. 43,730 million). This revenue is backed by strong volume growth and better realization across all the products. The Company has achieved all time high sales and has crossed the Rs 50 billion mark this year.

b. Other income

Income from other sources was Rs. 949 million in FY15, as against Rs. 1,042 million in FY14. This consisted of interest Income of Rs. 259 million, Income on Status Holder Incentive Script of Rs. 509 million and dividend and other miscellaneous income of Rs. 181 million.

2. Expenditure

a. Cost of Materials

Consumption of raw materials stood at Rs. 25,443 million during the year. This accounts for 48% of sales for FY15. As a percentage of sales, this material cost has been lesser by approximately 4% as compared to FY14 figure of sales due to higher vertical integration and change in the product mix.

b. Manufacturing Expenses

Manufacturing expense was at Rs. 5,874 million in FY15 as compared to Rs. 4,766 million in FY14. The manufacturing expense includes power, fuel and water charges of Rs. 1,187 million, dyes & chemicals of Rs. 2,155 million and labour and job work charges of Rs. 1,324 million.

As a percentage of sales, manufacturing expenses was at 11.1% in FY15 as compared to 10.9% in FY14.

c. Employee Cost

Employee cost stood at Rs. 4,460 million in FY15 as compared to Rs. 3,400 million in FY14. As a percentage of sales it has increased to 8.4% as compared to 7.7 % last year due to increase in the average wages and salary and also the head count increase during the year.

d. Selling, Administration and Other Expenses

Selling administration and other expenses was reported at Rs. 4,506 million in FY15 as compared to Rs. 3,680 million in FY14. This increase was primarily on account of higher advertising and sales promotion expenses. As a percentage of sales, the expense head has increased to 8.5% of sales in FY15 as against 8.4% in FY14.

e. Finance Costs

Financial expenses in FY15 was Rs. 2,829 million. The corresponding figure in FY14 was Rs. 2,352 million. The increase was on account of discontinuation of working capital interest subvention in FY15 and additional loans taken for the vertical integration projects in spinning and weaving during the year.

f. Depreciation and amortisation expense

Depreciation was reported at Rs. 3,329 million in FY15 end as compared to Rs. 6,863 million in FY14. This was primarily on account of the change in depreciation policy in FY14 from straight line method to reducing balance method, which resulted in an additional one-time depreciation of Rs. 4,631 million. During the year the spinning project was capitalized.

3. MARGINS

a. EBITDA

Operational EBITDA in FY15 has grown 38% to Rs. 12,742 million resulting in an EBITDA margin of 24% from Rs. 9,211 million (margin 21%), thanks to higher vertical integration, better product mix and tighter cost control. The reported EBITDA in FY15 was Rs. 13,691 million, a significant improvement compared to the FY14 figure of Rs. 10,253 million. Annual EBITDA and EBITDA margin are at the highest level in the history of the company.

b. PROFIT AFTER TAX

Profit after Tax post minority interest stood at Rs. 5,398 million in FY15 as compared to Rs 4,195 million in FY14 (Adjusted for one-time depreciation impact Rs 3,274 million) representing a growth of 29% YoY on account of the strong growth in revenues, change in product mix, and improvement in realisations contributed by the value added and innovative products.

4. EARNINGS PER SHARE (Basic)

Earnings per Share for the year ending March 31, 2015 (Basic) (before extra-ordinary item) stood at Rs. 53.8 per share as compared to Rs. 41.8 per share at the end of 31st March 2014. (This EPS for FY14 is adjusted for the one time additional depreciation of Rs. 3,274 million). This improvement was mainly on account of better profitability in FY15.

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2015

To,
The Members,
WELSPUN INDIA LIMITED,
Welspun City, Village Versamedi,
Anjar – 370110, Gujarat, India.
CIN: L17110GJ1985PLC033271
BSE Scrip Code – 514162
NSE Code – WELSPUNIND Series EQ

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by WELSPUN INDIA LIMITED (hereinafter referred to as the “Company”) Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31 2015, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance – mechanism in place to the extent, in the manner and subject to the reporting made hereinafter :

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31 2015 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI ACT’):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 notified on October 28 2014.

- e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (Not applicable to the Company during audit period)
- f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (Not applicable to the Company during the audit period) and
- h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; (Not applicable to the Company during the audit period)

I have also examined compliance with the Listing Agreements entered into by the Company with Bombay Stock Exchange and The National Stock Exchange of India Limited.

During the audit period, the Central Government had not approved the Secretarial Standards with respect to General and Board Meetings, therefore examination of the applicable clauses is not made.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non – Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decisions are carried through while the dissenting members' views, if any; are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period the company has issued 1,13,400 (One Lac Thirteen Thousand Four Hundred only) equity shares of rupees 10 (Ten only) each at a premium of rupees 25.60 (twenty-five and sixty paise only) upon conversion of employee stock options (ESOPs).

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF WELSPUN INDIA LIMITED

Report on the Standalone Financial Statements

1. We have audited the accompanying standalone financial statements of **Welspun India Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements to give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and Accounting Standard 30, Financial Instruments: Recognition and Measurement issued by the Institute of Chartered Accountants of India to the extent it does not contradict any other accounting standard referred to in Section 133 of the Act read with Rule 7 of Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.

4. We have taken into account the provisions of the Act and the Rules made thereunder including the accounting standards and matters which are required to be included in the audit report.

5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2015, and its profit and its cash flows for the year ended on that date.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF WELSPUN INDIA LIMITED

Emphasis of Matter

9. We draw your attention to Note 38, matter relating to utilisation of deferred tax assets recognised in earlier period aggregating Rs. 310.70 million on the incremental unabsorbed Income-tax depreciation arising out of the Company's treatment of certain excise and value added tax incentives as 'capital receipts' for income tax purposes. The income tax authorities have passed orders treating these incentives as revenue in nature which are liable to income-tax. The Company has preferred appeals with the Commissioner of Income Tax (Appeals) against these orders. If the final decision in the matter is eventually decided against the Company, the tax expense for the year ended March 31, 2015 would be higher by Rs. 310.70 million. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

10. As required by 'the Companies (Auditor's Report) Order, 2015', issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.

11. As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;

- e) On the basis of the written representations received from the directors as on March 31, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - i) The Company has disclosed the impact of pending litigations as at March 31, 2015, on its financial position in its standalone financial statements.
 - ii) The Company has long-term contracts as at March 31, 2015 for which there were no material foreseeable losses. The Company does not have long-term derivative contracts as at March 31, 2015.
 - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2015.

Annexure to Independent Auditors' Report

Referred to in paragraph 10 of the Independent Auditors' Report of even date to the members of Welspun India Limited on the standalone financial statements as of and for the year ended March 31, 2015

i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.

(b) The fixed assets of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.

ii. (a) The inventory excluding stocks with third parties and material in transit has been physically verified by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. In our opinion, the frequency of verification is reasonable.

(b) In our opinion, the procedures of physical verification of inventory followed by the Management are reasonable and adequate in relation to the size of the Company and the nature of its business.

(c) On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of inventory. The discrepancies noticed on physical verification of inventory as compared to book records were not material.

iii. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a) and (iii)(b) of the said Order are not applicable to the Company.

iv. In our opinion, and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods. Further, on the basis of our examination of the books and records of the Company, and according to the information and explanations given to us, we have neither come across, nor have been informed of, any continuing failure to correct major weaknesses in the aforesaid internal control system.

v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the rules framed there under to the extent notified.

vi. We have broadly reviewed the books of account maintained by the Company in respect of products where, pursuant to the rules made by the Central Government of India, the maintenance of cost records has been specified under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.

vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues, including provident fund, employees' state insurance, sales tax, income tax, wealth tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities.

(b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of wealth-tax, service-tax, duty of custom and cess which have not been deposited on account of any dispute. The particulars of dues of income tax, sales tax, duty of excise and value added tax as at March 31, 2015 which have not been deposited on account of a dispute, are as follows.

2.1 Basis of preparation

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. Pursuant to section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, till the standards of accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply.

Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended] and other relevant provisions of the Companies Act, 2013, and Accounting Standard 30, Financial Instruments: Recognition and Measurement issued by the Institute of Chartered Accountants of India to the extent it does not contradict any other accounting standard referred to in sub-section (3C) of Section 211 of the Act.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.2 Tangible Assets

Tangible Assets except land are stated at cost (net of cenvat credit, wherever applicable) less accumulated depreciation and impairment losses, if any.

Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

Depreciation on tangible assets, other than plant and machinery (except electrical installations) is provided on a pro-rata basis on the straight-line method over the estimated useful lives.

Assets	Useful Life
Factory Building	28
Residential and Other Buildings	58
Vehicles	5
Electrical Installation	10
Furniture and Fixtures	10
Office Equipment	5
Computers	3

Consequent to the enactment of the Companies Act, 2013 (the Act) and its applicability for accounting periods commencing from April 1, 2014, the Company has, wherever required, to reflect the actual usage of above mentioned assets, realigned the remaining useful lives of few assets in accordance with the provisions prescribed under Schedule II to the Act. Also refer Note 14.1.

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ up to the date of such additions/ deletions.

Plant and Machinery (except electrical installations) is depreciated on written down value method over the useful life ranging between 7.5 years to 18 years which is equal to or lower than the life prescribed under Schedule II to the Companies Act, 2013 in order to reflect the actual usage of the assets.

Leasehold improvements are amortised on straight-line basis over the primary period of lease.

2.3 Intangible Assets

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets comprise of computer software which is amortised on the straight-line method over a period of five years. Cost of software includes license fees and implementation/ integration expenses.

2.4 Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial

Notes to the financial statements for the year ended March 31, 2015

period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

2.5 Investments

Investments that are readily realisable and are intended to be held for not more than one year from the date, on which such investments are made, are classified as current investments. All other investments are classified as long term investments. Current investments are carried at cost or fair value, whichever is lower. Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

2.6 Inventories

- (a) Inventories are stated at lower of cost and net realisable value.
- (b) Cost of raw materials (includes packing material) and stores and spares is determined on weighted average basis. Cost of traded goods is determined on first-in-first-out basis. Cost of work-in-progress and finished goods comprises of raw material, direct labor, other direct costs and related production overheads. Net realisable value is the estimate of the selling price in the ordinary course of the business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.7 Current Tax and Deferred Tax

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Deferred tax is recognised for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the group reassesses unrecognised deferred tax assets, if any.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.8 Employee Benefits

Provident Fund

The Contribution towards provident fund for certain employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

Superannuation Fund

Contribution towards superannuation fund for certain employees is made to SBI Life Insurance Company where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from contribution made on monthly basis.

Gratuity

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the statement of Profit and Loss in the year in which they arise.

Gratuity Fund is recognised by the income tax authorities and is administered through trustees. The Employee's Gratuity Trust takes group gratuity policies with insurance companies.

Notes to the financial statements for the year ended March 31, 2015

Compensated Absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

2.9 Foreign Currency Translation

Initial Recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition

As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined. All monetary assets and liabilities in foreign currency are restated at the end of accounting period.

Exchange differences on restatement of all other monetary items are recognised in the Statement of Profit and Loss.

Forward Exchange Contracts and Swaps

In respect of forward exchange contracts, other than forward exchange contracts in respect of firm commitments and highly probable forecast transactions, the premium or discount arising at the inception of forward exchange contract, is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the reporting period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such a forward exchange contract is recognised as income or as expense for the period.

In respect of forward exchange contracts taken to hedge the risks associated with foreign currency fluctuations relating to firm commitments and highly probable forecast transactions and interest rate swaps, the Company has adopted Accounting Standard 30 'Financial Instruments: Recognition and Measurement'. Accordingly, forward exchange contracts relating to firm commitments and highly probable forecast transactions and interest rate swaps are fair valued at each reporting date.

Changes in the fair value of these hedging instruments that are designated and considered as effective hedges of highly probable forecasted transactions are recognised directly in shareholders' funds under 'Hedging Reserve Account' to be recognised in the Statement of Profit and Loss when the underlying transaction occurs. Changes in the fair value of the hedging instruments that do not qualify for hedge accounting are recognised in the Statement of Profit and Loss as they arise.

Forward exchange contracts outstanding as at the year end on account of firm commitment / highly probable forecast transactions are marked to market and the losses, if any, are recognised in the Statement of Profit and Loss and gains are ignored in accordance with the Announcement of Institute of Chartered Accountants of India on 'Accounting for Derivatives' issued in March 2008.

2.10 Revenue Recognition

- (a) Sales are recognised when the substantial risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and are recognised net of trade discounts, rebates, sales taxes and excise duties. Domestic sales are recognised on dispatch to customers. Export sales are recognised on the date of cargo receipts, bill of lading or other relevant documents, in accordance with the terms and conditions for sales.
- (b) In case of sale made by the Company as Support Manufacturer, export benefits arising from Duty Entitlement Pass Book (DEPB), Duty Drawback scheme and Focus Market Scheme are recognised on export of such goods in accordance with the agreed terms and conditions with customers. In case of direct exports made by the Company, export benefits arising from DEPB, Duty Drawback scheme and Focus Market Scheme are recognised on shipment of direct exports.

2.11 Other Income

Interest: Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend: Dividend income is recognised when the right to receive dividend is established.

Notes to the financial statements for the year ended March 31, 2015

2.12 Government Grants

Government grants are accounted for when it is reasonably certain that ultimate collection will be made. Capital grants relating to specific assets granted under the Technology Upgradation Fund Scheme (TUFS) are reduced from the gross value of the Fixed Assets. Revenue grants, in the nature of interest subsidy are adjusted against interest expense. Revenue grants, in the nature of Sales Tax benefits are recognized in the Statement of Profit and Loss on a systematic/ appropriate basis.

Impairment

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

2.13 Provisions and Contingent Liabilities

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.14 Employees Stock Option Schemes

Equity settled stock options granted under "Employee Stock Option Schemes" are accounted for as per the accounting treatment prescribed by Employee Stock Option Scheme and Employee Stock Purchase Guidelines, 1999, issued by Securities and Exchange Board of India and the Guidance Note on Employee Share-based Payments issued by the Institute of Chartered Accountants of India.

2.15 Leases

As a lessee:

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease.

As a lessor:

The Company has leased certain tangible assets and such leases where the Company has substantially retained all the risks and rewards of ownership are classified as operating leases. Lease income on such operating leases are recognised in the Statement of Profit and Loss on a straight line basis over the lease term which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognised as an expense in the Statement of Profit and Loss in the period in which they are incurred.

2.16 Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents includes cash in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less.

2.17 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period, if any. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

Notes :

14.1 The Company has realigned the remaining useful lives of few assets in accordance with the rates prescribed under Schedule II to the Act. Consequently, in case of assets which have completed their useful lives (prescribed under Schedule II to the Act), the carrying value (net value) as at April 1, 2014 amounting to Rs. 71.88 million (net of deferred tax of Rs. 37.01 million) has been adjusted to Reserves and Surplus and in case of other assets the carrying value (net of residual value) is being depreciated over the revised remaining useful lives.

As a result of change, depreciation for the current year is higher by Rs. 383.03 million and profit before tax for the current year is lower by Rs. 383.03 million with a consequential impact on profit after tax for the current year.

14.2 Borrowing Costs aggregating Rs.176.17 million (Previous Year: Rs. 88.73 million) attributable to the acquisition or construction of qualifying assets are capitalised during the year as part of the cost of such assets.

14.3 Deletions/ Adjustments for Plant and Machinery includes adjustments for the capital subsidy of Rs. 95.22 million (Previous Year : Rs. Nil) granted under the Technology Upgradation Fund (TUF) Scheme.

14.4 Additions to fixed assets during the year include capital expenditure of Rs. 51.31 million (Previous Year : Rs. Nil) incurred on in-house Research & Development activities [Refer Note 54]

In accordance with the EPCG Scheme, imports of capital goods are allowed to be made duty free and under Advance License Scheme, imports of raw material are allowed to be made duty free, subject to the condition that the Company will fulfill, in future, a specified amount of export obligation within a specified time. Amount of duty saved on imports of above goods against which export obligation is yet to be fulfilled by the Company is Rs.61.82 million as at March 31, 2015 (Rs. 22.65 million as at March 31, 2014). Amount of Export Commitments on above.	500.20	182.40
Corporate Guarantees (Refer Note 36)	3,198.89	4,809.63

36 The Company has issued corporate guarantees aggregating Rs. 8,960.83 million as at the year end (March 31, 2014: Rs. 9,913.94 million) on behalf of Welspun Global Brands Limited (WGBL) (formerly known as Welspun Retail Limited), Welspun USA Inc. (WUSA), Welspun Captive Power Generation Limited (WCPGL) and CHT Holdings Limited (CHTHL). Liability outstanding for which corporate guarantees have been issued aggregates Rs. 3,198.89 million as on March 31, 2015 (March 31, 2014: Rs. 4,809.63 million).

37 In the previous year, with effect from July 1, 2013, the management re-assessed the method of providing depreciation on its plant and machinery (other than electrical installations) after taking into consideration the type of assets, nature of their use etc. Based on the re-assessment, the Company changed the method of providing depreciation from straight-line method to reducing balance method as it was considered that it would result in more appropriate preparation and presentation of the Financial Statements of the Company. Accordingly, depreciation was recalculated under the reducing balance method for the period from the date on which the assets came into use upto June 30, 2013 in accordance with Accounting Standard 6 "Depreciation Accounting" notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended]. The incremental depreciation of Rs. 4,630.96 million for the period upto June 30, 2013 arising from the change was provided in the previous year. In addition to the aforementioned incremental depreciation, depreciation for the period July 1, 2013 to March 31, 2014 was higher by Rs.107.13 million due to the change in the method. Accordingly, depreciation and amortization expenses for the year ended March 31, 2014 was higher by Rs. 4,738.09 million.

38 The Company has utilised deferred tax assets recognized in earlier period aggregating Rs. 310.70 million on the incremental unabsorbed Income-tax depreciation arising out of its treatment of certain Excise and Value Added Tax incentives as 'capital receipts' for income tax purposes. Income Tax authorities have passed orders treating these incentives as revenue in nature. The Company has filed an appeal against the aforesaid orders. If the final decision in the matter is eventually decided against Welspun India Limited, then the current tax expense could be higher by Rs. 310.70 million.

Notes to the financial statements for the year ended March 31, 2015

39 : Details of Employees Stock Options

On June 30, 2009, the Company issued Employee Stock Options (ESOP) under the Employee Stock Options Scheme (the "Scheme") to employees of the Company with a right to subscribe to equity shares ("New Options") at a price of Rs. 35.60 per equity share (closing market price as on June 30, 2009). The salient features of the Scheme are as under:

- i) Vesting: Options to vest over a period of four years from the date of their grants as under:
 - 20% of the Options granted to vest at each of the 1st and 2nd anniversaries of the date of grant.
 - 30% of the Options granted to vest at each of the 3rd and 4th anniversaries of the date of grant.
- ii) Exercise: Options vested with an employee will be exercisable within 3 years from the date of their vesting by subscribing to the number of equity shares in the ratio of one equity share for every option at the Exercise Price. In the event of cessation of employment due to death, resignation or otherwise, the Options may lapse or be exercisable in the manner specifically provided for in the Scheme.

Date of Grant	June 30, 2009
Number of Options Granted	2,265,000
Vesting Conditions	The options would vest only if the option grantee continues to be in employment of the Company at the time the options are due to vest.

The compensation costs of stock options granted to employees are accounted by the Company using the intrinsic value method as permitted by the SEBI Guidelines and the Guidance Note on Accounting for Employee Share Based Payments issued by the Institute of Chartered Accountants of India in respect of stock options granted. The value of underlying share has been determined by an independent valuer. Since, on the date of grant of option, quoted market price of the underlying equity shares of the Company was equal to the exercise price of an option, no expense or liability arising from the Scheme has been recognised.

Notes to the financial statements for the year ended March 31, 2015

The Company's earnings per share would have been as under, had the compensation cost for employees stock options been recognised based on the fair value at the date of grant in accordance with Black Scholes' model.

Consolidated Financials

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF WELSPUN INDIA LIMITED

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements (the "Consolidated Financial Statements") of Welspun India Limited ("the Company"), its subsidiaries and joint venture hereinafter referred to as the "Group" (refer Note 1 to the attached consolidated financial statements), which comprise the consolidated Balance Sheet as at March 31, 2015, the consolidated Statement of Profit and Loss, the consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these consolidated financial statements to give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India including the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

4. We conducted our audit in accordance with the Standards on Auditing and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the

consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the consolidated financial statements.

6. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

7. We report that the consolidated financial statements have been prepared by the Company's Management in accordance with the requirements of Accounting Standard (AS) 21 – Consolidated Financial Statements and Accounting Standard (AS) 27 – Financial Reporting of Interests in Joint Ventures specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and Accounting Standard 30, Financial Instruments: Recognition and Measurement issued by the Institute of Chartered Accountants of India to the extent it does not contradict any other accounting standard referred to in Section 133 of the Act read with Rule 7 of Companies (Accounts) Rules, 2014.

8. Based on our audit and on consideration of reports of other auditors on separate financial statements and on the other financial information of the components of the Group as referred to in paragraph 10 below, and to the best of our information and according to the explanations given to us, in our opinion, the aforesaid consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Group as at March 31, 2015, and its consolidated profit and its consolidated cash flows for the year ended on that date.

Emphasis of Matter

9. We draw your attention to Note 33, matter relating to utilisation of deferred tax assets recognised in earlier period aggregating Rs. 310.70 million on the incremental unabsorbed Income-tax depreciation arising out of the

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF WELSPUN INDIA LIMITED

Company's treatment of certain excise and value added tax incentives as 'capital receipts' for income tax purposes. The income tax authorities have passed orders treating these incentives as revenue in nature which are liable to income-tax. The Company has preferred appeals with the Commissioner of Income Tax (Appeals) against these orders. If the final decision in the matter is eventually decided against the Company, the tax expense for the year ended March 31, 2015 would be higher by Rs. 310.70 million. Our opinion is not qualified in respect of this matter.

Other Matter

10. We did not audit the financial statements of 14 subsidiaries included in the consolidated financial statements, which constitute total assets of Rs. 4,503.98 million and net assets of Rs. 2,089.65 million as at March 31, 2015, total revenue of Rs. 2,906.87 million, net profit of Rs. 15.41 million and net cash flows amounting to Rs. 100.65 million for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us, and our opinion on the consolidated financial statements to the extent they have been derived from such financial statements is based solely on the report of such other auditors.

Notes to the consolidated financial statements for the year ended March 31, 2015

2. Summary of significant accounting policies

2.1 Basis of Preparation

These consolidated financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis, except for certain tangible assets which are being carried at revalued amounts. Pursuant to section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, till the standards of accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply. Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended] and other relevant provisions of the Companies Act, 2013 and Accounting Standard 30, Financial Instruments: Recognition and Measurement issued by the Institute of Chartered Accountants of India to the extent it does not contradict any other accounting standard referred to in sub-section (3C) of Section 211 of the Act.

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Revised Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.2 Principles of Consolidation

The consolidated financial statements relate to Welspun India Limited (the "Company"), its subsidiary companies and joint venture company (together the "Group"). The consolidated financial statements have been prepared on the following basis:

The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances, intra-group transactions

and resulting unrealised profits or losses on intra-group transactions.

The difference between the cost of investment in the subsidiaries over the Company's portion of equity of the subsidiary is recognised in the financial statements as Goodwill or Capital Reserve.

Minority Interest in the net assets of consolidated subsidiaries consist of :

- The amount of equity attributable to minorities at the date on which investment in a subsidiary is made; and
- The minorities' share of movements in equity since the date the parent subsidiary relationship comes into existence

In the consolidated financial statements, the Company has reported its interest in the joint venture companies under AS-27 using proportionate consolidation method whereby the Company's share of each of the assets, liabilities, income and expenses of the jointly controlled entities is reported as separate line items, after eliminating proportionate unrealised profits or losses attributable to the interest of the Company.

The consolidated Statement of Profit and Loss reflects the investor's share of the results of operations of the investee.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are prepared to the extent possible, in the same manner as the Company's separate financial statements.

2.3 Tangible Assets

Tangible Assets except land are stated at cost (net of cenvat credit, wherever applicable) less accumulated depreciation and impairment losses, if any.

Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

Notes to the consolidated financial statements for the year ended March 31, 2015

Depreciation on tangible assets, other than plant and machinery (except electrical installations), is provided on straight-line method over the estimated useful lives.

Assets	Useful Life
Factory Building	28
Residential and Other Buildings	30 - 58
Vehicles	5 -10
Electrical Installation	10
Furniture and Fixtures	10
Office Equipment	5
Computers	3 – 4
Roads, fencing, ashpond, etc.	3- 5

Plant and Machinery (except electrical installations) is depreciated on written down value method over the useful life ranging between 7.5 years to 20 years .

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ up to the date of such additions/ deletions.

Amortisation of leasehold improvements is computed on the straight line method over the term of the related lease including extensions which are reasonably expected to occur, which is not in excess of the estimated useful lives of such improvements.

2.4 Intangible Assets

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets include computer software which is amortised on the straight-line method over a period of five years. Cost of software includes license fees and implementation/ integration expenses.

Goodwill arising on consolidation of a certain subsidiary sub-group is amortised on a straight line basis over its estimated useful economic life of 20 years. Further, goodwill on consolidation is tested for impairment on an annual basis.

2.5 Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or

sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

2.6 Investments

Investments that are readily realisable and are intended to be held for not more than one year from the date, on which such investments are made, are classified as current investments. All other investments are classified as long term investments. Current investments are carried at cost or fair value, whichever is lower. Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

Investment in Associate is accounted for using the equity method.

2.7 Inventories

Inventories are stated at lower of cost and net realisable value.

Cost of raw materials (includes packing material) and stores and spares is determined on weighted average basis. Cost of traded goods is determined on weighted average basis. Cost of work-in-progress and finished goods comprises of raw material, direct labor, other direct costs and related production overheads. Net realisable value is the estimate of the selling price in the ordinary course of the business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.8 Current Tax and Deferred Tax

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Deferred tax is recognised for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the group reassesses unrecognised deferred tax assets, if any.

Notes to the consolidated financial statements for the year ended March 31, 2015

Deferred tax assets arising in situations where there are brought forward losses and unabsorbed depreciation as per the Income Tax Act, 1961, of India, are recognized only when there is a virtual certainty supported by convincing evidence that such assets will be realized.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.9 Employee Benefits

Provident Fund and other Social Security funds

Contribution towards provident fund, employee's state insurance fund, employee's pension scheme and various other social security funds are generally administered by the respective Government authorities in respect of which the group has no further obligations. Such benefits are classified as Defined Contribution Schemes as the group does not carry any further obligations, apart from the contributions made on a monthly basis.

Superannuation Fund

Contribution towards superannuation fund for certain employees is made to an insurance company where the group has no further obligations. Such benefits are classified as Defined Contribution Schemes as the group does not carry any further obligations, apart from contribution made on monthly basis.

Gratuity

Certain companies in the Group provide for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to

vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The entities liabilities are actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Gratuity Fund is recognised by the income tax authorities and is administered through trustees. The Employee's Gratuity Trust takes group gratuity policies with insurance companies.

Compensated Absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's entity's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

2.10 Foreign Currency Translation

Initial Recognition

In respect of the Company, its subsidiaries incorporated in India and its jointly controlled entity, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition

As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined. All monetary assets and liabilities in foreign currency are restated at the end of accounting period.

Notes to the consolidated financial statements for the year ended March 31, 2015

Exchange differences on restatement of all other monetary items are recognised in the Statement of Profit and Loss.

Translation of foreign operations

Foreign operations are classified as either 'integral' or 'non-integral' operation. Exchange differences arising on a monetary item that, in substance, forms part of an enterprise's net investment in a non-integral foreign operation are accumulated in the Foreign Currency Translation Reserve until the disposal of the net investment, at which time they are recognised as income or as expenses.

Forward Exchange Contracts and Swaps

In respect of forward exchange contracts, other than forward exchange contracts in respect of firm commitments and highly probable forecast transactions, the premium or discount arising at the inception of forward exchange contract, is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the reporting period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such a forward exchange contract is recognised as income or as expense for the period.

In respect of forward exchange contracts taken to hedge the risks associated with foreign currency fluctuations relating to firm commitments and highly probable forecast transactions and interest rate swaps, the group has adopted Accounting Standard 30 'Financial Instruments: Recognition and Measurement'. Accordingly, forward exchange contracts relating to firm commitments and highly probable forecast transactions are fair valued at each reporting date.

Changes in the fair value of these hedging instruments that are designated and considered as effective hedges of highly probable forecasted transactions are recognised directly in shareholders' funds under 'Hedging Reserve Account' to be recognised in the Statement of Profit and Loss when the underlying transaction occurs.

Forward exchange contracts outstanding as at the year end on account of firm commitment / highly probable forecast transactions are marked to market and the losses, if any, are recognised in the Statement of Profit and Loss and gains are ignored in accordance with the Announcement of Institute of Chartered Accountants of India on 'Accounting for Derivatives' issued in March 2008.

2.11 Revenue Recognition

Sales are recognised when the substantial risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and are recognised net of trade discounts, rebates, sales taxes and excise duties. Domestic sales are recognised on dispatch to customers. Export sales are recognised on the date of cargo receipts, bill of lading or other relevant documents, in accordance with the terms and conditions for sales.

Revenue from supply of power is recognised on an accrual basis based on the billing to customers in accordance with the terms of agreements entered with them. Revenue from supply of steam is recognised on an accrual basis.

In case of sale made by the Company as Support Manufacturer, export benefits arising from Duty Entitlement Pass Book (DEPB), Duty Drawback scheme and Focus Market Scheme are recognised on export of such goods in accordance with the agreed terms and conditions with customers. In case of direct exports made by the entities in the group export benefits arising from DEPB, Duty Drawback scheme and Focus Market Scheme are recognised on shipment of direct exports.

2.12 Other Income

Interest: Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend: Dividend income is recognised when the right to receive dividend is established.

2.13 Government Grants

Government grants are accounted for when it is reasonably certain that ultimate collection will be made. Capital grants relating to specific assets granted under the Technology Upgradation Fund Scheme (TUFS) are reduced from the gross value of the Fixed Assets. Revenue grants, in the nature of interest subsidy are adjusted against interest expense. Revenue grants, in the nature of Sales Tax benefits are recognized in the Statement of Profit and Loss on a systematic/ appropriate basis.

2.14 Impairment

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing

Notes to the consolidated financial statements for the year ended March 31, 2015

impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

2.15 Provisions and Contingent Liabilities

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.16 Employees Stock Option Schemes

Equity settled stock options granted under "Employee Stock Option Schemes" are accounted for as per the accounting treatment prescribed by Employee Stock Option Scheme and Employee Stock Purchase Guidelines, 1999, issued by Securities and Exchange Board of India and the Guidance Note on Employee Share-based Payments issued by the Institute of Chartered Accountants of India.

2.17 Leases

As a lessee:

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease.

As a lessor:

The Group has leased certain tangible assets and such leases where the Group has substantially retained all the risks and rewards of ownership are classified as operating leases. Lease income on such operating leases are recognised in the Statement of Profit and Loss on a straight line basis over the lease term which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognised as an expense in the Statement of Profit and Loss in the period in which they are incurred.

2.18 Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less.

2.19 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period, if any. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

33 : The Company has utilised deferred tax assets recognized in earlier period aggregating Rs. 310.70 million on the incremental unabsorbed Income-tax depreciation arising out of its treatment of certain Excise and Value Added Tax incentives as 'capital receipts' for income tax purposes. Income Tax authorities have passed orders treating these incentives as revenue in nature. The Company has filed an appeal against the aforesaid orders. If the final decision in the matter is eventually decided against Welspun India Limited, then the current tax expense could be higher by Rs. 310.70 million.

34 : In the previous year, with effect from July 1, 2013, the management re-assessed the method of providing depreciation on its plant and machinery (other than electrical installations) after taking into consideration the type of assets, nature of their use etc. Based on the re-assessment, the Company changed the method of providing depreciation from straight-line method to reducing balance method as it was considered that it would result in more appropriate preparation and presentation of the Financial Statements of the company. Accordingly, depreciation was recalculated under the reducing balance method for the period from the date on which the assets came into use upto June 30, 2013 in accordance with Accounting Standard 6 "Depreciation Accounting" notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended]. The incremental depreciation of Rs. 4,630.96 million for the period upto June 30, 2013 arising from the change was provided in the previous year. In addition to the aforementioned incremental depreciation, depreciation for the period July 1, 2013 to March 31, 2014 was higher by Rs.107.13 million due to the change in the method. Accordingly, depreciation and amortization expenses for the year ended March 31, 2014 was higher by Rs. 4,738.09 million.

36 : Details of Employees Stock Options

On June 30, 2009, the Company issued Employee Stock Options (ESOP) under the Employee Stock Options Scheme (the "Scheme") to employees of the Company with a right to subscribe to equity shares ("New Options") at a price of Rs. 35.60 per equity share (closing market price as on June 30, 2009). The salient features of the Scheme are as under:

- Vesting: Options to vest over a period of four years from the date of their grants as under:
 - 20% of the Options granted to vest at each of the 1st and 2nd anniversaries of the date of grant.
 - 30% of the Options granted to vest at each of the 3rd and 4th anniversaries of the date of grant.
- Exercise: Options vested with an employee will be exercisable within 3 years from the date of their vesting by subscribing to the number of equity shares in the ratio of one equity share for every option at the Exercise Price. In the event of cessation of employment due to death, resignation or otherwise, the Options may lapse or be exercisable in the manner specifically provided for in the Scheme.

Date of Grant	June 30, 2009
Number of Options Granted	2,265,000
Vesting Conditions	The options would vest only if the option grantee continues to be in employment of the Company at the time the options are due to vest.

The compensation costs of stock options granted to employees are accounted by the Company using the intrinsic value method as permitted by the SEBI Guidelines and the Guidance Note on Accounting for Employee Share Based Payments issued by the Institute of Chartered Accountants of India in respect of stock options granted. The value of underlying share has been determined by an independent valuer. Since, on the date of grant of option, quoted market price of the underlying equity shares of the Company was equal to the exercise price of an option, no expense or liability arising from the Scheme has been recognised.

The group's earnings per share would have been as under, had the compensation cost for employees stock options been recognised based on the fair value at the date of grant in accordance with Black Scholes' model.
