Our Illustrious Founder & Our Founding Vision

At Kitex, enriching people through caring is inherent in our business model. Since the inception of the company our founder M.C Jacob had implemented the concept 'caring' as its basic motto and today we believe that caring is the very winning formula of our company. Over the years we have realised that when our actions are filled with caring, the business, employee & community relations are strengthened.

Our founder Late Mr. Mekkamkunnil Chacko Jacob (M.C.Jacob) was moved by the plight of the farmers who worked in his father's fields. That's when he decided to set up an aluminium-based unit in 1968 with an employee strength of eight. This was the first baby step to

put Kizhakkambalam, then a remote village in Kerala into a hub of industrial activities.

The Anna-Kitex group of companies which he founded, since then took wings and grew multifold. By the time he departed from this world in 2011, the group had become a diversified business conglomerate having interests in Aluminium, Spices, Textiles and Apparels. The group provided scores of people livelihood by giving employment as well as through its regular social interventions.

Statements in this report that describe the Company's objectives, projections, estimates, expectations or predictions of the future may be 'forward-looking statements' within the meaning of the applicable securities laws and regulations. The Company cautions that such statements involve risks and uncertainty and that actual results could differ materially from those expressed or implied. Important factors that could cause differences include raw materials' cost or availability, cyclical demand and pricing in the Company's principal markets, changes in government regulations, economic developments within the countries in which the Company conducts business, and other factors relating to the Company's operations, such as litigation, labour negotiations and fiscal regimes.

CHAIRMAN'S MESSAGE

To ensure quality, reliability and for the better co-creation of value, many buyers are doing away with multiple suppliers and are consolidating the purchase from large and more dependable partners. Our company being one of the largest infant garment manufacturer in the world, is poised to benefit from this trend.

Dear Shareholders

Welcome to the 26th annual report of your company Kitex Garments Limited.

Kitex business is undergoing a dynamic transition taking the company to the next level. The management is deeply involved in further improving our global advantage. The succeeding few years are going to be very important to our company as we capitalize on the company's inherent strengths which are primarily our profoundly advanced processes, practices and the way we engage with our customers.

FY17-18 has been a challenging year with respect to our top line and margins. Revenue from operations grew by 2% on year to year basis. Our margins and performance were adversely impacted due to Increase in raw material costs, Reduction in export Incentives due to GST implementation and further one of our client has filed a petition in the bankruptcy court in USA to wind down its US operations. A motion before the court is pending from suppliers including our company. The company is in the process of recovery of receivables. We consider this as an impact limited to FY18 as the allocated capacity for the client has already been taken up by other clients.

Innovation is our key constituent for increasing our competitive advantage. Despite the unforeseen challenges from the external environment we continue to strengthen our internal operations by upgrading technology, streamlining processes and rationalization of human resources. This is in line with our goal to enhance our capacity by the year 2021. This strategy is also consistent with supplier consolidation trend among major infant garment buyers in our markets. To ensure quality, reliability and for the better co-

creation of value, many buyers are doing away with multiple suppliers and are consolidating the purchase from large and more dependable partners. Our company being one of the largest infant garment manufacturers in the world is poised to benefit from this trend. The Kitex USA LLC licensed brand "Lamaze" and Own Brand "Little Star" have already started establishing their market presence. The company is providing value added service in the form of design services to its clients.

The global market is abuzz with debates and impact analysis on the recent escalation of trade sanctions between USA and China. In the event of further escalation of this development, global buyers particularly those based in the US may restructure their supply chains and opt for sourcing products from countries other than China. This could create a substantial opportunity for manufacturers in other countries including India. The supplier consolidation trend as well as the Trade war related fallout is already unfolding more opportunities that support growth in the near future as well as long term.

Stepping into FY19 towards the vision of becoming a global player of substance, due attention is being given to our quality processes with focus on health, safety and comfort of Infants - who are end users of our products. Read Page 8 and 10 for more details on our value chain and product stewardship

Corporate Social Responsibility

In our founding principle adding socio economic value is considered as the essential core outcome of doing business. Over the years we have been able to transform lives in Kizhakkambalam Panchayath, where our unit is located, with respect to improving livelihoods, creating

housing and public infrastructure, food security programs, education, agriculture and health.

During the year we carried out several social initiatives and took up many new initiatives touching upon Housing, Food Security, Education, Health, Drinking Water and Livelihood. Read Page 14, 15 & 16 for more details.

The Board joins me in expressing our deep appreciation for the interest shown by various stakeholders and this is clearly depicted by the growth in numbers of our Shareholder community from 28000 to 40000 shareholders as on the close of the financial year 2017-18. I take this opportunity to thank our employees, customers, bankers, investor's suppliers and Government for reposing their trust in the management. We assure you our commitment for continued growth.

OUR PRODUCT VALUE CHAIN PROFOUNDLY ADVANCED

Having an integrated and traceable value chain which meets various global standards at various stages of the product supply chain is the key global differentiator at Kitex. The value chain at kitex primarily consists of an external and internal value chain. We purchase yarns, dyestuffs and chemicals from approved sources and are tested as per Oekotex Standard 100 Class-I and GOTS Organic standards. The dye recipes, dye dispensing and yard dyeing are done using robotic technology for accuracy and quality.

Kitex uses the most advanced knitting machinery including fully robotised yarn dyeing machine to convert yarn in to greige fabric which is bleached using advanced German machinery and further dyed using colour pad technology. Dyed fabrics are washed and printed on modern rotary printing machines. The fabrics thus produced confirms to all product safety standards and meet strict international quality norms (CPSIA). Fabrics are further cut by using automated spreading and cutting machines. Advanced embroidery machines, cutting-edge- IT enabled sewing procedure takes the process to the final product stage which confirms to Oekotex Standard 100 Class1, GOTS and CPSIA. We have special software in production which monitors hourly individual operator efficiency.

At Kitex product stewardship is managed through four core elements

Raw Material and inputs sourcing from reliable and certified sources as per prescribed standards

The entire product supply chain is managed and maintained as per out customers product traceability programmes

To deliver the most innovative products and services to our customers

Quality Assurance and all stages of the supply chain – sourcing, manufacturing and dispatch

Worldwide Responsible Accredited Production (WRAP)

Kitex Garments is certified at 'Platinum' level, the highest possible rating, by Worldwide Responsible Accredited Production (WRAP). This certification is recognized by all major retailers, manufacturers and importers in the US and worldwide, and gives them assurance that the apparel produced at the accredited factory is produced in a safe, lawful, humane and ethical manner.

Supplier Compliance Audit Network (SCAN)

SCAN is an industry trade association that provides a systematic approach whereby mutually acceptable global compliance standards are achieved in reducing audit and operational redundancy for common supply chain stakeholders while maintaining confidentiality.

Workplace Conditions Assessment (WCA)

The Workplace Conditions Assessment (WCA) program provides a powerful, cost-effective solution for companies and facilities seeking to improve workplace conditions efficiently and in accordance with widely accepted industry standards and best practices. WCA addresses all key elements of sustainability and ethical practices related to work place people, products, and environment.

Global Organic Textile Standard (GOTS)

Kitex Garments is certified for compliance to GOTS, the worldwide leading textile processing standard for organic fibres, including ecological and social criteria, backed up by independent certification. It ensures organic status of textiles, from harvesting of the raw materials, through environmentally and socially responsible manufacturing up to labelling in order to provide a credible assurance to the end consumer. This certification enables Kitex Garments to supply certified organic garments to customers worldwide.

Supplier Qualification Program (SQP)

International retailers, brands and buyers are demanding more effective ways to evaluate supplier manufacturing performance through improved transparency and more reliable, open benchmarking processes. At Kitex we have adopted Supplier Qualification Program (SQP) standards to meet world-class benchmarking.

Consumer Product Safety Commission (CPSC)

The safety of products is a major concern among retailers worldwide. Governments worldwide have framed policies and standards that seek to ensure the safety of products sold in their countries. In the US, Consumer Product Safety Commission (CPSC) has laid down strict standards that must be adhered to by brands, retailers, manufacturers and importers. In the EU, REACH standards have gained acceptance.

Oeko-Tex

Kitex Garments is certified 'Class-I' for compliance to Oeko-Tex Standard 100 standards. Class-I is the strictest standard for chemical product safety and is an assurance that products so produced are safe for infants.

Global Security Verification

Kitex Garments is rated as 'Low Risk' by GSV for compliance to Customs Trade Partnership against Terrorism (C-TPAT) and Border Security requirements laid out by the government of United States. 'Low Risk' is GSV's highest possible rating and assures Governments, Manufacturers and Retailers that the supply chain operates in a secure and efficient manner.

MANAGEMENT DISCUSSION & ANALYSIS

Global Economy 2017

In 2017, global economic growth reached 3 per cent—the highest growth rate since 2011—and growth is expected to remain steady for the coming year. The improved global economic situation provides an opportunity for countries to focus policy towards longer-term issues such as low carbon economic growth, reducing inequalities, economic diversification and eliminating deep-rooted barriers that hinder development.

US Economy 2017

The US economy grew 2.3% for the year ended December 2017. According to estimates the growth was ahead of the 1.5% growth in 2016, but slower than 2015. It's also below the 3% target the President Trump has set for his first term. Overall, the economy is healthy. Americans are shopping, businesses are investing, and the stock market is booming. Consumer confidence is the highest since 2000, unemployment is the lowest in 17 years, and the country has added jobs every month for more than seven years.

USA Textile, Apparel Trends 2017

Childrenswear outpaced womenswear and menswear in retail value growth terms in 2017. A mixture of demographic, macroeconomic and social trends stimulated growth. According to a report by Euromonitor children's fashion is on the rise and parents enjoy dressing their children in scaled-down versions of their outfits. Mini-me fashion is largely influenced by social media and the sharing community, as parents like to take photos of mini-me styles and share with their families, friends and followers on social media platforms.

Strategic Environment & KiteX Advantages

The United States is the most important textile import market in the world, and one of the most important export targets of developing countries. In view of its ecological environment and consumer health, the United States has put forward increasingly strict environmental protection systems and standards for imported textile products, and its environmental trade barriers have been steadily strengthened. At present, the textile imports of the United States is predominantly from China and India—more than one third of all their imports. China and India both have comparative advantages in the import trade of textile raw materials and clothing in the United States (U.S.).

Buyers in USA and other developed markets conduct assessments of political, social, economic, trade, labour and intellectual

property protection conditions in the countries and suppliers. Suppliers are expected to adhere to the requirements of the U.S. Customs and Border Protection's Customs-Trade Partnership Against Terrorism ("C-TPAT") program, including standards relating to facility security, procedural security, personnel security, cargo security, and the overall protection of the supply chain.

Having an integrated and traceable value chain which meets various global standards at various stages of the product supply chain is the key global differentiator at KiteX. The value chain at KiteX primarily consists of an external and internal value chain. Risks & Risk Management

Risk Management Policy implementation In today's economic environment, Risk Management is a very important part of business. The main aim of risk management is to identify, monitor and take precautionary measures in respect of the events that may pose risks for the business. Your Company's risk management is embedded in the business processes. Your company has identified the following risks:

Key Risk	Impact to KiteX Garments Ltd	Mitigation Plans
Commodity Price Risk	Risk of price fluctuation on basic raw materials like cotton, yarn, Chemicals, power as well as finished goods used in the process of manufacturing	The Company commands excellent business relationship with the buyers. In case of major fluctuation either upwards or downwards, the matter will be mutually discussed and compensated both ways. Also by focusing on new value added products helps in lowering the impact of price fluctuation in finished goods.
Uncertain global economic environment – slow growth in global economy	Impact on demand and realization of Exports of Childrenswear	Infant wear by its very nature is not effected by slow downs/recessions, since parents compromise on the infants needs as a last resort only.
Interest Rate Risk	Any increase in interest rate can affect the finance cost	Dependence on debt is very minimum and we have surplus funds with Banks to settle the entire debt in case the need arises.

Foreign Exchange Risk	Your company exports all the products to USA and other European countries. Any volatility in the currency market can impact the overall profitability	The Company commands excellent business relationship with the buyers. In case of major fluctuation either upwards or downwards, the matter will be mutually discussed and compensated both ways.
Human Resources Risk	Your Company's ability to deliver value is dependent on its ability to attract, retain and nurture talent. Attrition and non-availability of the required talent resource can affect the overall performance of the Company	By continuously benchmarking of the best HR practices across the industry and carrying out necessary improvements to attract and retain the best talent. By putting in place production incentives on time bound basis and evaluating the performance at each stage of work. Also recruitment is across almost all states of India which helps to mitigate this risk and we do not anticipate any major issue for the coming five years.

Competition Risk	Your company is always exposed to competition Risk from Asian Countries like Sri Lanka, China, Taiwan, and other African Countries. The increase in competition can create pressure on margins, market share etc	By continuous efforts to enhance the brand image of the Company by focusing on R&D, quality, Cost, timely delivery and customer service. By introducing new product range commensurate with demands your company plans to mitigate the risks so involved.
Compliance Risk – Increasing regulatory requirements	Any default can attract penal provisions	By regularly monitoring and review of changes in regulatory framework. By monitoring of compliance through legal compliance Management tools and regular internal audit by the Internal Auditor.
Industrial Safety, Employee Health and Safety Risk	The Garmenting industry is labour intensive and are exposed to accidents, health and injury risk due to machinery breakdown, human negligence etc	By development and implementation of critical safety standards across the various departments of the factory, establishing training need identification at each level of employee. We are certified for Global safety and compliance Audits like WRAP,CTPAT etc.

Seasonality

The company experience seasonal fluctuations in the sales and profitability due to the timing of certain holidays and key retail shopping periods, which generally has resulted in lower sales and gross profit in the first half of the calendar year versus the second half of the year. Accordingly, our results of operations during the first half of the year may not be indicative of the results we expect for the full year.

Internal Control Systems and their Adequacy

The Company has a proper and adequate internal control system to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and those transactions are authorised, recorded and reported correctly. The internal control is exercised through documented policies, guidelines and procedures. It is supplemented by an extensive program of internal audits conducted by in house trained personnel. The audit observations and corrective action taken thereon are periodically reviewed by the audit committee to ensure effectiveness of the internal control system. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data, and for maintaining accountability of persons.

Apart from the above the company has engaged Messrs. K Venkitachalam Aiyer & Co, Chartered Accountants to conduct Internal Audit during the year 2017-18.

Human Resources/Industrial Relations

The Company's HR philosophy is to establish and build a high performing organization, where each individual is motivated to perform to the fullest capacity to contribute to developing and achieving individual excellence and departmental objectives and continuously improve performance to realize the full potential of our personnel. The Company is giving direct employment to 4372 employees. Industrial relations are cordial and satisfactory.

ANNEXURE - C TO DIRECTORS' REPORT

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES – 2017-18

(As per Rule 8 (1) of Companies (Corporate Social Responsibility policy) Rules, 2014)

A. Brief outline of the company's CSR policy

Kitex Garments Limited (KGL) CSR policy is focused on "Caring the Community" and has been the intrinsic value guiding our efforts in the realm of social development. Twenty20 Kizhakkambalam Association was instrumental for demonstrating care for the society through its focus on Eradicating Hunger and Poverty, Education and Skill Development, ensuring good Health & Wellness, Environment Sustainability and making available Safe Drinking Water. Over the years, while reaching out to underserved communities as part of our HERITAGE, we believe in the trusteeship concept. This entails transcending business interests and grappling with the "quality of life" challenges that underserved communities face, and working towards making a meaningful difference to them. The Projects undertaken has been a hall mark and much appreciated by the community and international agencies alike and was within the broad framework of Schedule VII of the Companies Act, 2013.

Our vision is – "to effectively contribute to the social and economic development of the communities in which we operate. In doing so we intend to build a better, sustainable way of life for the weaker sections of society and raise the country's human development index". **Our Vision converges on Corporate Social Responsibility for Kizhakkambalam, where we dream to make this Panchayath the best in the state of Kerala.**

Our CSR policy includes:

- To pursue a corporate strategy that enables realization of the twin goals of shareholder value enhancement and societal value creation in a mutually reinforcing and synergistic manner.
- To implement Social Investments / CSR programmes primarily in the economic vicinity of your Company's operations with a view to ensuring the long term sustainability of such interventions.

3. To contribute to sustainable development in areas of strategic interest through initiatives designed in a manner that addresses the challenges faced by the Indian society especially in rural India.

4. To collaborate with communities and groups to contribute to the national mission of eradicating poverty and hunger, especially in rural areas, through superior farm and agri-extension practices, soil and moisture conservation and watershed management, conservation and development of forest resources, empowering women economically, supplementing primary education and participating in rural capacity building programmes and such other initiatives.

5. To sustain and continuously improve standards of Environment, Health and Safety through the collective endeavour of your Company and its employees at all levels towards attaining world class standards and support other programmes and initiatives, internal or external, for the prevention of illness and combating of diseases as may be considered appropriate from time to time.

6. To encourage the development of human capital by expanding human capabilities through skills development, vocational training etc. and by promoting excellence in identified cultural fields.

Details of CSR activities undertaken in the current year are available in our weblink: www.facebook.com/KitexGarments. Further details of Company's CSR policy is available in www.kitexgarments.com

PARTICULARS OF ENERGY CONSERVATION, RESEARCH AND DEVELOPMENT TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

(Particulars pursuant to the Rule 8(3) Companies (Accounts) Rules, 2014)

A. Conservation of Energy

i. Steps taken for conservation of energy:

Your Company continually took necessary steps to absorb and adopt the latest technologies and innovations in the Garment Industry. Some of the steps undertaken are:

- Use of LED Tube fittings in place of conventional tube lights in all Floors of KGL Factory.
- By alternative working of Areators at Sewage Treatment and effluent Treatment plants and installation of inverters at STP.
- Installation of variable frequency drives on Boiler ID fan Motors.
- Replacement of inefficient Air Compressors in processing plant.
- Installation of pressure reducing valve on steam line of Comby Jigger machines and reduced steam consumption by 8 to 10%.
- Regular monitoring of power consumption and production data to sustain lowest possible kwh/kg through minimum operation of machines and aligning maintenance schedule and production programme.
- Monitoring of airline leakages to reduce the compressor working hour and to save power.
- Installation of timers in street lights for saving in power.
- Water and steam conservation efforts at processing plant.
- Recycling and Reusing of Machine cooling water in processing areas and gardening.

These measures have also led to better pollution control, reduced the impact on environment, reduced maintenance time and cost, improved hygienic condition and consistency in quality and improved productivity.

ii. The steps taken by the Company for utilizing alternative source of energy.

Your company has taken steps for up-gradation and modernization of various machines in phased manner. The Company also replaces old plant and machinery in the processing unit and steps are taken to modernization of various operations including installation of robotic machines for handling very specialized work/activities.

iii. Capital investment on energy conversation equipment: NIL

CORPORATE GOVERNANCE REPORT

Your Directors present the Company's Report on Corporate Governance for the year ended March 31, 2018 in terms of regulation 34 (3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('The Listing Regulations') as amended from time to time.

1. COMPANY'S PHILOSOPHY

Kitex Garment's governance philosophy is based on trusteeship, transparency and accountability. As a corporate citizen, our business fosters a culture of ethical behavior and disclosures aimed at building trust on our stakeholders. The Company's Code of Business Conduct and Ethics, Internal Code of Conduct for regulating, Monitoring and Reporting of Trades by Insiders are an extension of our values and reflect our commitment to ethical business practices, integrity and regulatory compliance.

The Company's governance framework is based on the following principles:

- Appropriate composition and size of the Board with each member bringing in expertise in their respective domains;
- Availability of information to the members of the Board and Board Committees to enable them to discharge their fiduciary duties;
- Timely disclosure of material operation and financial information to the stakeholders;
- Systems and processes are in place for internal control;
- Communicate externally, in a truthful manner, about how the Company runs internally;
- Have a simple and transparent corporate structure driven solely by business needs; and
- The Management is the trustee of the shareholders' capital and not the owner.

The Board of Directors is at the core of our corporate governance practice and oversees how the Management serves and protects the long-term interest of all stakeholders. The Company continues to focus its resource, strengths and strategies to achieve the vision of becoming a Global Leader in Infantswear Garments while uplifting the core values of Quality, Trust, Leadership and Excellence.

6.3. VIGIL MECHANISM/WHISTLE BLOWER POLICY

Pursuant to Section 177 (9) and (10) of the Companies Act, 2013, and Regulations 22 of the Listing Regulations, the Company has formulated Vigil Mechanism (Whistle Blower Policy) for Directors and employees to report to the management about the unethical behaviour, fraud or violation of Company's Code of conduct. The mechanism provides for adequate safeguards against victimization of employees and Directors who use such mechanism and makes provisions for direct access to the Chairman of the audit Committee in exceptional cases. None of the personnel of the company has been denied access to the Audit Committee. The whistle Blower Policy is displayed on the Company's website viz., www.kitexgarments.com

6.4. POLICY FOR DETERMINING MATERIAL SUBSIDIARIES

As the Company doesn't have any subsidiaries under the provisions of the Companies Act, 2013 read with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the requirement for adopting the Policy for determining 'material' subsidiaries doesn't applicable in the case of the Company. Hence we have not shown the web link of the policy in this report.

6.5. DISCLOSURE OF ACCOUNTING TREATMENT

In the preparation of the financial statements, the Company has followed the Accounting Standards specified under Section 133

of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 to the extent applicable. The Significant accounting policies which are consistently applied are set out in the Notes to the Financial Statements and that the Company has not done a treatment different from that prescribed in the Standard.

6.6. PROCEEDS FROM PUBLIC ISSUES, RIGHTS ISSUES, PREFERENTIAL ISSUES, ETC.

During the year under review, the Company has not raised any proceeds by way of public issue, rights issue or preferential issue.

6.7. DETAILS OF COMPLIANCE WITH MANDATORY REQUIREMENTS

The Company has complied with all mandatory requirements laid down under the provision of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

6.8. ADOPTION OF THE DISCRETIONARY REQUIREMENTS.

SEBI new listing regulations states that the non mandatory requirements may be implemented as per the discretion of the Company. Details of compliance of non-mandatory requirements are listed below:

INDEPENDENT AUDITOR'S REPORT

To the Members of Kitex Garments Limited,

Kizhakkambalam

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Kitex Garments Limited (hereinafter referred to as "the Company"), comprising the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (hereinafter referred to as "the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and

matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31st March, 2018, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Other Matters

The comparative financial information of the Company for the transition date opening balance sheet as at 1st April 2016 included in these standalone Ind AS financial statements, are based on

the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by the predecessor auditor whose report for the year ended 31st March 2016 dated 4th April 2016 expressed an unmodified opinion on those standalone financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2016 (hereinafter referred to as "the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- As required by Section 143(3) of the Act, we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - On the basis of the written representations received from the directors as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
 - With respect to the adequacy of the internal financial controls system with reference to financial statements reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - With respect to the other matters to be included in

the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note No 2.37.1.1 to the standalone Ind AS financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

ANNEXURE B

REFERRED TO IN PARAGRAPH 2(f) UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR INDEPENDENT AUDIT REPORT OF EVEN DATE ON THE STANDALONE IND AS FINANCIAL STATEMENTS OF KITEX GARMENTS LIMITED FOR THE YEAR ENDED 31ST MARCH 2018

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls system with reference to financial statements reporting of Kitex Garments Limited (hereinafter referred to as "the Company") as of March 31, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy

and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls system with reference to financial statements reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls system with reference to financial statements reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements reporting and their operating effectiveness. Our audit of internal financial controls system with reference to financial statements reporting included obtaining an understanding of internal financial controls system with reference to financial statements reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements reporting.

Meaning of Internal Financial Controls with reference to Financial Statements reporting

A company's internal financial controls system with reference to financial statements reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls system with reference to financial statements reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded

as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements reporting

Because of the inherent limitations of internal financial controls system with reference to financial statements reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls system with reference to financial statements reporting to future periods are subject to the risk that the internal financial controls system with reference to financial statements reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements reporting and such internal financial controls system with reference to financial statements reporting were operating effectively as at March 31, 2018, based on the internal control with reference to financial statements reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

As stated in Note No 2.38 to the standalone Ind AS Financial Statements, Software under development disclosed under 'Intangible assets under development' represents expenditure on implementation of an integrated ERP System covering all functional areas/ transactions including inventories, which is in progress; and pending implementation of the same, the company has alternate internal controls over financial reporting in place.

Our opinion is not modified in respect of this matter.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2018

General Information

Kitex Garments Limited is a Public Company incorporated and domiciled in India having its registered office at Kizhakkambalam, Alwaye, Ernakulam- 683562, Kerala, India. Its shares are listed on the Bombay Stock Exchange and the National Stock Exchange. The Company is engaged in the manufacture of fabric and readymade garments.

1 Significant Accounting Policies

1.1 Basis of preparation of financial statements

These financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act 2013 and notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

For all periods up to and including the year ended 31st March 2017, the company prepared its financial statements in accordance with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP"). These financial statements for the year ended 31st March 2018 are the first financial statements prepared by the company in accordance with Ind AS. See Note 2.43 for an explanation on how the transition from previous GAAP to Ind AS has affected the company's financial position, financial performance and cash flows.

The financial statements have been prepared on a historical cost basis on the accrual basis of accounting, except for the following -

- a. Financial assets and liabilities that is measured at fair value;
- b. defined benefit plans - plan assets measured at fair value; Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

1.2 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current – noncurrent classification of assets and liabilities.

1.3 Use of Estimates

In the preparation of financial statements, the

management makes estimates and assumptions in conformity with the Generally Accepted Accounting Principles in India. Such estimates and assumptions are made on reasonable and prudent basis taking into account all available information. However actual results could differ from these estimates and assumptions and such differences are recognized in the period in which results are ascertained. The estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 1.19.

1.4 Inventories

Inventories are valued at lower of cost or net realisable value. For this purpose, the cost of bought-out inventories comprise of the purchase cost of the items, net of applicable tax/duty credits and cost of bringing such items into the factory on First-In, First-Out (FIFO) basis. Cost of Inventory comprises Cost of Purchase, Cost of Conversion and other Costs incurred to bring them to their respective present location and condition. The net realizable value of bought out inventories is taken at their current replacement value. The cost of manufactured inventories comprises of the direct cost of production plus appropriate fixed and variable production overheads.

Difference between the purchase price for normal credit terms and the amount paid for deferred settlement terms, if any, is recognised as an expense.

1.5 Income Tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year computed in accordance with the provisions of the Income Tax Act, 1961. Taxable income differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using

tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or items related to equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.6 Property, Plant & Equipment

On transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment, with corresponding adjustments to recognise the amount of unamortised deferred grant income as at the date of the transition.

Property, plant and equipment (except freehold land) are stated at cost of acquisition less accumulated depreciation and impairment if any. Freehold land is carried at historical cost. The company is adopting the cost model for determining gross carrying amount. Cost comprises of purchase price, inward freight, duties, taxes and any attributable cost of bringing the assets to its working condition for its intended use.

When parts of an item of property, plant and equipment

have different useful lives, they are accounted for as separate items (major components). The cost of replacement spares/ major inspection relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed by the management at each financial year and adjusted prospectively, if appropriate.

Capital work in progress comprises of the cost of fixed assets that are not yet ready for their intended use at the reporting date.

Depreciation on Property, plant and equipment is provided on Straight Line Method at the useful lives based on a review by the management at the year-end as under:

- a) Assets (other than capital spares) - based on useful lives prescribed under Schedule II of the Companies Act, 2013
- b) Capital Spares- based on useful life of each replaced part (2 - 5 years).

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in the Statement of Profit and Loss

1.7 Intangible Assets

On transition to Ind AS, the company has elected to continue with the carrying value of all of intangible assets recognised as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

Cost of software is capitalised as intangible asset and amortised on a straight-line basis over the economic useful life of three years.

The residual values, useful lives and methods of depreciation of intangible assets are reviewed by the management at each financial year and adjusted prospectively, if appropriate.

1.8 Financial assets

All financial assets are initially measured at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted.

Financial assets are classified using the following measurement categories:

- To be measured subsequently at fair value (either through other comprehensive income or through profit and loss), and;
- To be measured at amortised cost.

a. Trade Receivable

(i) Trade receivables are recognized initially at fair value and subsequently measured at amortised cost using effective interest method, less provision for impairment.

(ii) For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, provision for bad and doubtful debts is based on the simplified approach of impairment of trade receivables permitted by Ind AS 109 Financial instruments which requires lifetime expected credit losses to be recognized excepting those which are contractually not due as per the terms of the contract or those which are considered realizable based on a case to case review. The expected credit loss is computed based on a provision matrix which takes into account historical credit loss experience and is adjusted for forward looking information and also takes into account available external and internal credit risk factors. The company has identified customer segments for assessing historical credit loss since experience shows significantly different loss patterns for the different customer segments.

If the credit risk on the trade receivables has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the lifetime expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

b. Investments

Investments in Associate Enterprise : The Company's investment in equity instruments in associate enterprises are accounted for at cost. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss. On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

Others : Investments which are held for trading are

classified as 'at fair value through Other comprehensive income' and all changes are recognized in the Other comprehensive income.

b. Other loans and receivables

Other loans and receivables are measured at amortised cost, using the effective interest method less impairment. Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

c. Derecognition of financial asset

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

1.9 Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective interest rate method. Gains and losses are recognised in profit and loss when the liabilities are derecognised as well as through the amortisation of effective interest.

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.10 Government grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received. Government grants shall be recognised in profit and loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

Government grants related to depreciable assets are presented in the balance sheet by setting up the grant as deferred income and are recognised in profit and loss over the periods and in the proportions in which depreciation expense on those assets is recognised and are presented under Other Income.

A government grant that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in profit and loss of the period in which it becomes receivable and are presented under Other Income/ deducted from the related heads of expenditure.

1.11 Revenue Recognition

Revenue from operations comprise the fair value of the consideration received or receivable for the sale of goods and rendering of services in the ordinary course of the the company's activities. The Company recognises revenue when the amount of revenue and related cost can be reliably measured, when it is probable that the collectability of the related receivable is reasonably assured and when the specific criteria for each of the company's activities are met as follows -

a. Sale of Goods:

Sales are recognised when significant risks and rewards of ownership of goods have been passed to the buyer.

b. Export benefits/incentives:

Export incentives are recognized on exports on accrual basis, except when there are significant uncertainties, based on the estimated realizable value of such entitlements.

c. Other incomes:

Other incomes are recognised on accrual basis except when there are significant uncertainties.

Interest income is recognised on accrual basis using effective interest rate method.

1.12 Employee Benefits

a) Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and recognized in the period in which the employee renders the related service.

b) Defined Contribution Plans

The company has defined contribution plans for employees comprising of Provident Fund and Employee's State Insurance. The contributions paid/payable to these plans during the year are recognised as employee benefit expense in the Statement of Profit and Loss for the year.

c) Defined Benefit Plans: Gratuity

The net present value of the obligation for gratuity benefits are determined by independent actuarial valuation, conducted annually using the projected unit credit method.

The retirement benefit obligations recognised in the Balance Sheet represents the present value of the defined benefit obligations reduced by the fair value of plan assets. All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefits are recognised immediately in Statement of Profit and Loss as past service cost, if any, and net interest on the defined benefit liability/(asset) are recognised in the Statement of Profit and Loss.

Remeasurements of the net defined benefit liability/(asset) comprising actuarial gains and losses and the return on the plan assets(excluding amounts included in net interest), are recognised in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

d) Long Term Employee Benefits: Compensated absences

The company has a scheme for compensated absences for employees, the liability of which is determined on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in full in the Statement of Profit and Loss for the period in which they occur.

1.13 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial period of time to get ready for its intended use are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Other borrowing costs are recognized as expenditure in the period in which they are incurred.

1.14 Foreign Currency Transactions

Items included in the financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Indian Rupees ("INR"), which is the functional currency and presentation currency of the Company.

a. Foreign Currency Transactions:

Foreign exchange transactions are recorded at the functional currency adopting the exchange rate prevailing on the dates of respective transactions. Monetary assets and liabilities denominated in foreign currencies existing as on the Balance Sheet date are translated at the functional currency exchange rate prevailing as at the Balance Sheet date. The exchange difference arising from the settlement of transactions during the period and effect of translations of assets and liabilities at the Balance Sheet date are recognized in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or profit or loss are also recognised in Other Comprehensive Income or profit and loss, respectively).

b. Derivative instruments and hedge accounting:

(i) The company uses foreign currency derivative contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and highly probable forecasted transactions. The company designates these as cash flow hedges applying the recognition and measurement principles set out in the

Ind AS 109– Financial Instruments.

The use of foreign currency and derivative contracts is governed by the Company's policies approved by the Board of directors which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The company does not use derivative financial instruments for speculative purposes.

Foreign currency derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit and loss, except for the effective portion of cash flow hedges, which is recognised in Other Comprehensive Income in the cash flow hedge reserve and later reclassified to profit and loss when the hedge item affects profit and loss.

Hedge accounting is discontinued when the hedge instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting.

1.15 Leases

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the company is classified as a finance lease. All other leases are classified as operating leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

1.16 Segment Reporting

Operating Segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

1.17 Earnings per share

Basic/diluted earnings per share is calculated by dividing the net profit and loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares/diluted potential equity shares outstanding as at the end of the year, as the case may be.

1.18 Impairment of Non-financial Assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset or a cash generating unit may be impaired. An asset or a cash generating unit is treated as impaired, when the carrying value of assets exceeds its recoverable amount. The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs of disposal and its value in use. Based on such assessment, impairment loss if any is recognized in the Statement of Profit & Loss for the period in which the asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

1.19 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, it's carrying amount is the present value of those cash flows (when the effect of time value of money is material). These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

When the company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent Liabilities are disclosed when the company has a possible obligation or a present obligation and it is probable that an outflow of resources will not be required to settle the obligation or the amount of obligation cannot be measured with sufficient reliability.

Contingent assets are not recognized in the books of account. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognised in the financial statements of the period in which the change occurs. If an inflow of economic benefits has become probable, an entity discloses the contingent asset

1.20 Critical accounting estimates, assumptions and judgements

The Company makes judgements, estimates and assumptions about the carrying amounts of assets and

liabilities that are not readily apparent from other sources in the application of the Company's accounting policies that are described in Note 1. Estimates and judgements are continually evaluated and are based on historical experience and other factors that are considered to be relevant under the circumstances. Actual results may differ from the estimates.

Key sources of estimation uncertainty

- i. Useful lives of property, plant and equipment and intangible assets:

As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period.

- ii. Actuarial Valuation:

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depend upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

- iii. Impairment of Assets:

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

- iv. Recoverability of advances/receivables:

Management reviews its receivables for objective evidence of impairment at least quarterly. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management makes judgement as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the technological, market, economic or legal environment in which the debtor operates in.

Where there is objective evidence of impairment,

management makes judgements as to whether an impairment loss should be recorded as an expense. In determining this, management uses estimates based on historical loss experience for assets with similar credit risk characteristics.

1.21 Recent accounting pronouncements

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Company has evaluated the effect of this on the financial statements and the impact is not material.

Ind AS 115- Revenue from Contract with Customers:

The Ministry of Corporate Affairs ("MCA") has notified the Ind AS 115, Revenue from Contract with Customers on 28th March 2018. The standard replaces existing revenue recognition standards Ind AS 11 Construction Contracts and Ind AS 18 Revenue. An entity should recognize revenue in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

The standard permits two possible methods of transition:

- Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Errors
- Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach) The effective date for adoption of Ind AS 115 is financial periods beginning on or after April 1, 2018.

The Company is in the process of evaluating the impact on application of Ind AS 115.

2.08A During the year, TOYS "R" US, Inc. ,one of the customers of the Company filed a petition in the Bankruptcy Court in The United States of America to wind down its US operation and the process is pending. A motion is pending in the said court regarding claims of its creditors which would establish streamlined procedures and forms for asserting those types of claims, which is set to be heard on 24th May 2018. The management is waiting on the court to enter the order on that motion so that the claim of the Company is consistent with the procedures set by the Court. The Company has to recover trade receivables from them aggregating to Rs.1,735.15 Lakhs (US\$ 26.62 Lakhs) and the Company also holds merchandise/other materials in stock for them in inventory . The Company has engaged the services of Attorneys and Counselors at Law ,M/s Nelson Mullins Riley & Scarborough LLP, USA to file the claim for recovery of all its dues and no shortfall is anticipated thereon by the management at this stage. However as a prudential measure, an estimated provision of Rs. 347.03 Lakhs has been made in the said accounts towards loss, if any on recovery of receivables.

2.39 Fair Value Measurement

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value of current trade receivables, current trade payables and other Current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature.

There were no transfers between Level 1 and Level 2 during the year.

2.39A Fair value hierarchy of financial instruments measured at fair value on a recurring basis is as follows:

Particulars	Fair value Hierarchy (Level)	As at 31.03.2018	As at 31.03.2017	As at 01.04.2016

2.39C Financial instrument measured at amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their face values since the Company does not anticipate that the carrying cost would be significantly different from the values that would eventually be received or settled.

2.40 Financial Risk Management - Objectives and Policies

The Company has a well-managed risk management framework, anchored to policies and procedures and internal financial controls aimed at ensuring early identification, evaluation and management of key financial risks (such as liquidity risk, market risk, credit risk and foreign currency risk) that may arise as a consequence of its business operations as well as its investing and financing activities. Accordingly, the Company's risk management framework has the objective of ensuring that such risks are managed within acceptable risk parameters in a disciplined and consistent manner and in compliance with applicable regulation.

1) Liquidity Risk

Liquidity risk is the risk that the Company will encounter due to difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The company has sound financial strength represented by its aggregate current assets as against aggregate current liabilities and its strong equity base and lower working capital debt.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

Maturities of financial liabilities As at 31 March 2018	Less than 1 year	1 year to 5 years	More than 5 years	Total
Borrowings	29.22	62.58	-	91.80

Trade payable	4,158.98	-	-	4,158.98
Other financial liabilities	2,034.87	-	-	2,034.87

2) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, other balances with banks and other receivables.

Credit risk arising from balances with banks is limited because the counterparties are banks with high credit ratings.

(iv) Loans	2.00	2.00	2.00
(v) Other financial assets	-	-	193.67

B Trade Receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India and USA. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

For trade receivables, as a practical expedient, the company computes credit loss allowance based on a provision matrix. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates and also takes into account available external and internal credit risk factors.

Financial assets that are past due and impaired :	347.03	-	-
Total	22,532.59	26,790.66	34,958.53

3) Market Risk

The Company is exposed to market risk through its use of financial instruments and specifically to currency risk and interest rate risk, which result from both its operating and investing activities.

A Interest Rate Risk

As the Company is having low debt liabilities and its deferred payment liabilities do not carry interest, the exposure to interest rate risk from the perspective of Financial Liabilities is negligible.

Below is the sensitivity of profit or loss in interest rates for borrowings.

Particulars	Impact in Statement of Profit and Loss for 1% change	
	31 March 2018	31 March 2017
Interest sensitivity Change by 100 basis points (100 bps)	78.01	72.51

B Foreign Currency Risk

The Company undertakes transactions denominated in foreign currency (mainly US Dollar) which are subject to the risk of exchange rate fluctuations. Financial assets and liabilities denominated in foreign currency, are also subject to reinstatement risks.

The Company uses forward exchange contracts to hedge its exposures in foreign currency arising from firm commitments and highly probable forecast transactions. The carrying amount of foreign currency denominated financial assets and liabilities including derivative contracts, are detailed in Note No.2.41

The following table details the Company's sensitivity to a 1% increase and decrease in the rupee against the relevant foreign currencies net of forward contracts.

The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 1% change in foreign currency rates, with all other variables held constant.

2.42 Capital Management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

The Company's financial strategy aims to support its strategic priorities and provide adequate capital to its businesses for growth and creation of sustainable stakeholder value. The Company funds its operations through internal accruals. The Company aims at maintaining a strong capital base largely towards supporting the future growth of its businesses as a going concern.

As at 31st March, 2018, the Company has only one class of equity shares and has low debt liabilities. The company is not subject to any externally imposed capital requirements.

2.43 First Time Adoption of Ind AS

These financial statements, for the period ended 31st March 2018, are the first financial statements prepared by the company in accordance with Ind AS. For periods up to and including the year ended 31st March 2017, the company prepared its financial statements in accordance with Previous GAAP, including accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended).

Accordingly, the company has prepared financial statements which comply with Ind AS applicable for periods ending on or after 31st March 2018, together with the comparative period data as at and for the year ended 31st March 2017, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1st April 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1st April 2017 and the financial statements as at and for the year ended 31st March 2017.

Exemptions applied:

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS.

The Company has applied the following exemptions:

a. Deemed cost for Property, plant and equipment and intangible assets

The Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

b. Determining whether an arrangement contains a lease

Appendix C of Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease, at the inception of the contract or arrangement. However, Company has used Ind AS 101 exemption and assessed all arrangements based for embedded leases based on conditions in place as at the date of transition.

c. Deemed cost for investments in Associate

Ind AS 101 First-time Adoption of Indian Accounting Standards, permits a first-time adopter to elect to continue with the carrying value for investments in Associates as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. Accordingly, the Company has elected to measure its investments in Associate Enterprise in the standalone financial statements at their previous GAAP carrying value.

IND AS mandatory exemptions

The following exceptions have been applied in accordance with Ind AS 101 in preparing the financial statements.

a. Estimates

In accordance with Ind AS, as at the date of transition to Ind AS an entity's estimates shall be consistent with the estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP except impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition this was not required under the previous GAAP.

b. Derecognition of financial assets and financial liabilities

Company has elected to apply the derecognition requirements for financial assets and financial liabilities in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS.

c. Classification and measurement of financial assets

Company has classified the financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

2.43A Reconciliations between previous GAAP and Ind AS are as given below

i. Reconciliation of Equity as previously reported on account of transition from the previous Indian GAAP to IND AS :

Details of Measurement and recognition difference between Ind AS and Previous GAAP for the year ended 31st March 2017

1) Proposed dividend

Under Previous GAAP upto 1.4.2016, proposed dividend including dividend distribution tax (DDT), are recognized as liability in the period to which they relate, irrespective of when they are declared. Under Ind AS, proposed dividend is recognized as liability in the period in which it is declared by Company, usually when approved by shareholders in a general meeting or paid.

Therefore, the dividend liability (proposed dividend) including dividend distribution tax liability amounting to Rs.428.77 Lakhs upto 1.4.2016 has been derecognised in the retained earnings as on the date of transition.

Proposed dividend including dividend distribution tax liability amounting to Rs.428.77 Lakhs upto 1.4.2016 which was derecognised as on the transition date, has been recognised in retained earnings during the year ended 31st March,2017 as declared and paid.

2) Remeasurement benefit of defined benefit plans

In the financial statements prepared under Previous GAAP, remeasurement benefit of defined plans (gratuity), arising primarily due to change in actuarial assumptions was recognised as employee benefits expense in the Statement of Profit and Loss. Under Ind AS, such remeasurement benefits relating to defined benefit plans is recognised in Other Comprehensive Income as per the requirements of Ind AS 19 - Employee benefits. Consequently, the related tax effect of the same has also been recognised in Other Comprehensive Income.

For the year ended 31st March, 2017, remeasurement of gratuity liability resulted in a net expenses of Rs.16.18 Lakhs which has now been reclassified from employee benefits expense in the Statement of Profit and Loss and recognised separately in Other Comprehensive Income. This has resulted in increase in employee benefits expense by Rs.16.18 Lakhs and Other Comprehensive Income by Rs.16.18 Lakhs for the year ended 31st March, 2017. Consequently, tax effect of the same amounting to Rs.5.60 Lakhs is also recognised separately in Other Comprehensive Income. The above changes do not affect Equity as at date of transition to Ind AS and as at 31st March, 2017.

3) Government Grant

As per previous GAAP, Government grants specifically relatable to capital assets are credited to the carrying value of the respective asset. As per Ind AS, Government grants relating to depreciable assets are recognised as deferred income and are transferred to the Statement of Profit and Loss over the periods and in the proportions in which depreciation expense on those assets are recognised. Accordingly, unamortised Government Grants under Liabilities includes Rs 965.02 Lakhs as on transition date which has been grossed up in the Property, Plant and Equipment and Rs.120.10 Lakhs received in relation to assets purchased subsequently. Deferred grant amounting to Rs 146.64 Lakhs has been transferred to the Statement of Profit and Loss during the year 2016-17 in the proportions in which depreciation expense on those assets are recognised and the balance in the deferred grant as on 31.03.2017 is Rs 1,134.51 Lakhs (including grossing up of grant amounting to Rs 196.02 Lakhs received during the year). Consequently, depreciation expense for such assets have been increased by the same amount for the year 2016-17. The treatment has no impact in the net profit as per the Statement of Profit and Loss for the year ended 31.03.2017.

4) Other comprehensive income

Under Ind AS, all items of income and expense recognized in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expenses that are not recognized in profit or loss, but are shown in the statement of profit and loss as 'other comprehensive income' includes remeasurements of defined benefit plans, effective portion of cash flow hedge and change in fair value of equity instruments. The concept of other comprehensive income did not exist under the previous GAAP.

5) Cash Flow Hedge

Under the previous GAAP, Premium or discount arising at the inception of a forward exchange contract is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the reporting period in which the exchange rates change. Under Ind AS, forward exchange contract are initially measured at fair value and are re-measured at subsequent reporting dates. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in Other Comprehensive Income in the cash flow hedge reserve and later reclassified to profit or loss when the hedge item affects profit or loss. This has resulted in increase of Other Current Financial Assets by Rs 33.21 Lakhs and corresponding increase in Other Equity by Rs 21.72 Lakhs (Net of tax of Rs 11.49 Lakhs) as at the transition date and subsequent adjustments to Foreign Exchange Rate Translation and deferred tax in the Statement of Profit and Loss on subsequent settlement in the year ended 31.03.2017. This has no impact to the Other Equity as at 31.03.2017 on closing of the forward contract.

6) Equity

Under the Previous GAAP, the Company accounted for long term investments in quoted equity shares as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the Company has designated such investments as Fair Value through Other Comprehensive Income (FVTOCI) investments. Ind AS requires FVTOCI investments to be measured at fair value. At the date of transition to Ind AS, difference between the instruments fair value and Indian GAAP carrying amount amounting to Rs 5.50 Lakhs has been recognised as a separate component of

equity, in the Equity Instrument through Other Comprehensive Income reserve with corresponding adjustment to the carrying value of investments. The amount recognised in Other Comprehensive Income for the year ended 31.03.2017 is Rs 4.62 Lakhs

7) Deferred tax

Previous GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. Consequent deferred tax adjustments in relation to transactions referred to above have also been made in the books of accounts.

8) Other matters

In the preparation of these Ind-AS Financial Statements, Company has made several presentation differences between previous GAAP and Ind-AS. These differences have no impact on reported profit or total equity. Accordingly, some assets and liabilities have been reclassified into another line item under Ind-AS at the date of transition. Further, in these Financial Statement, some line items as described differently under Ind-AS compared to previous GAAP although the assets and liabilities included in these line items are unaffected.

2.44 Figures have been stated to the nearest rupee in Lakhs. Previous GAAP figures have been reclassified to conform to Ind AS presentation requirements.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON CONSOLIDATED ACCOUNTS FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2018

General Information

Kitex Garments Limited is a Public Company incorporated and domiciled in India having its registered office at Kizhakkambalam, Alwaye, Ernakulam- 683562, Kerala, India. Its shares are listed on the Bombay Stock Exchange and the National Stock Exchange. The Company is engaged in the manufacture of fabric and readymade garments. Kitex USA LLC is a corporation registered in Delaware, United States of America with 50% equity participation each from Kitex Garments Limited and Kitex Childrenswear Limited..

1 Significant Accounting Policies

1.1 Principles of Consolidation

The consolidated financial statements relate to Kitex Garments Limited (the 'Company') and the Company's share of profit / loss in its associate. The consolidated financial statements have been prepared on the following basis:

- i. The financial statements / financial information of the associate used in the consolidation are drawn upto the same reporting date as that of the Company, i.e., 31 March, 2018.
- ii. The consolidated financial statements include the share of profit / loss of an associate entity which has been accounted for using 'equity method' as per Ind AS 28 'Investments in Associates and Joint Ventures'. Accordingly, the share of profit / loss of the associate entity (the loss being restricted to the cost of investment) has been added to / deducted from the cost of investment. In using equity method for accounting for investment in an associate, Gains and losses resulting from 'upstream' and 'downstream' transactions between the company and its associate are recognised in the company's financial statements only to the extent of unrelated investors' interests in the associate. The company's share in the associate's gains or losses resulting from these transactions is eliminated.

Following associate entity has been considered in the preparation of the consolidated financial statements:

Name of the Entity : Kitex USA LLC

Relationship : Associate

% of Holding and voting power : 50% for the year 2017-18 and 2016-17.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's separate financial statements..

1.2 Basis of preparation of financial statements

- A. The Consolidated Financial Statements of Kitex Garments Limited (the Company) and its associate Kitex USA LLC have been prepared in accordance with Ind AS 28 'Investments in Associates and Joint Ventures' under the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act 2013 and notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended).
- B. Investments in the associate M/s. Kitex USA LLC is accounted for using the Equity Method of accounting as laid down by Ind AS 28 'Investments in Associates and Joint Ventures'. The investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the company's share of the associate's net assets. The company's profit and loss includes its share of the associate's profit and loss and the company's other comprehensive income includes its share of the associate's other comprehensive income. Gains and losses resulting from 'upstream' and 'downstream' transactions between the company and its associate are recognised in the company's financial statements only to the extent of unrelated investors' interests in the associate. The company's share in the associate's gains or losses resulting from these transactions is eliminated. No statutory audit has been conducted by the associate M/s. Kitex USA LLC for the year ended 31.03.2018 as the same is not required under the statutes of that country. The financial statements/ financial information comprising balance sheet as of March 31st 2018 and the related

statements of income and retained earnings for the period beginning April 1st 2017 ending December 31st 2017 and period beginning January 1st 2018 ending March 31st 2018 have been prepared by the management and the financial statement/ financial information has been compiled by a Certified Public Accountant in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

1.3 Basis of Accounting

These consolidated financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act 2013 and notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

For all periods up to and including the year ended 31st March 2017, the company prepared its consolidated financial statements in accordance with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP"). These consolidated financial statements for the year ended 31st March 2018 are the first consolidated financial statements prepared by the company in accordance with Ind AS. See Note 2.43 for an explanation on how the transition from previous GAAP to Ind AS has affected the company's consolidated financial position, consolidated financial performance and consolidated cash flows.

The consolidated financial statements have been prepared on a historical cost basis on the accrual basis of accounting, except for the following -

- a. Financial assets and liabilities that is measured at fair value;
- b. Defined benefit plans - plan assets measured at fair value; Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

1.4 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current – noncurrent classification of assets and liabilities.

1.5 Use of Estimates

In the preparation of consolidated financial statements, the management makes estimates and assumptions in conformity with the Generally Accepted Accounting Principles in India. Such estimates and assumptions are made on reasonable and prudent basis taking into account all available information. However actual results could differ from these estimates and assumptions and such differences are recognized in the period in which results are ascertained. The estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in

Note 1.22..

1.6 Inventories

Inventories are valued at lower of cost or net realisable value. For this purpose, the cost of bought-out inventories comprise of the purchase cost of the items, net of applicable tax/duty credits and cost of bringing such items into the factory on First-In, First-Out (FIFO) basis. Cost of Inventory comprises Cost of Purchase, Cost of Conversion and other Costs incurred to bring them to their respective present location and condition. The net realizable value of bought out inventories is taken at their current replacement value. The cost of manufactured inventories comprises of the direct cost of production plus appropriate fixed and variable production overheads.

Difference between the purchase price for normal credit terms and the amount paid for deferred settlement terms, if any, is recognised as an expense.

1.7 Income Tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year computed in accordance with the provisions of the Income Tax Act, 1961. Taxable income differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the

liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or items related to equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.8 Property, Plant & Equipment

On transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment, with corresponding adjustments to recognise the amount of unamortised deferred grant income as at the date of the transition.

Property, plant and equipment (except freehold land) are stated at cost of acquisition less accumulated depreciation and impairment if any. Freehold land is carried at historical cost. The company is adopting the cost model for determining gross carrying amount. Cost comprises of purchase price, inward freight, duties, taxes and any attributable cost of bringing the assets to its working condition for its intended use.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components). The cost of replacement spares/ major inspection relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed by the management at each financial year and adjusted prospectively, if appropriate.

Capital work in progress comprises of the cost of fixed assets that are not yet ready for their intended use at the reporting date.

Depreciation on Property, plant and equipment is provided on Straight Line Method at the useful lives based on a review by the management at the year-end as under:

- a) Assets (other than capital spares) - based on useful

lives prescribed under Schedule II of the Companies Act, 2013

- b) Capital Spares- based on useful life of each replaced part (2 - 5 years).

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in the Statement of Profit and Loss

1.9 Intangible Assets

On transition to Ind AS, the company has elected to continue with the carrying value of all of intangible assets recognised as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

Cost of software is capitalised as intangible asset and amortised on a straight-line basis over the economic useful life of three years.

The residual values, useful lives and methods of depreciation of intangible assets are reviewed by the management at each financial year and adjusted prospectively, if appropriate.

1.10 Financial assets

All financial assets are initially measured at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted.

Financial assets are classified using the following measurement categories:

- To be measured subsequently at fair value (either through other comprehensive income or through profit and loss), and;
- To be measured at amortised cost.

a. Trade Receivable

(i) Trade receivables are recognized initially at fair value and subsequently measured at amortised cost using effective interest method, less provision for impairment.

(ii) For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, provision for bad and doubtful debts is based on the simplified approach of impairment of trade receivables permitted by Ind AS 109 Financial instruments which requires lifetime expected credit losses to be recognized excepting those which are contractually not due as per the terms of the contract or those which are considered realizable based on a case to case review. The expected credit loss is computed based on a provision matrix which

takes into account historical credit loss experience and is adjusted for forward looking information and also takes into account available external and internal credit risk factors. The company has identified customer segments for assessing historical credit loss since experience shows significantly different loss patterns for the different customer segments.

If the credit risk on the trade receivables has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the lifetime expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

b. Investments

Investments in Associate Enterprise : The Company's investment in equity instruments in associate enterprises are accounted for at cost. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss. On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

Others : Investments which are held for trading are classified as 'at fair value through Other comprehensive income' and all changes are recognized in the Other comprehensive income.

b. Other loans and receivables

Other loans and receivables are measured at amortised cost, using the effective interest method less impairment. Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

c. Derecognition of financial asset

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

1.11 Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss, loans and borrowings, payables, or as derivatives

designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective interest rate method. Gains and losses are recognised in profit and loss when the liabilities are derecognised as well as through the amortisation of effective interest.

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.12 Government grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received. Government grants shall be recognised in profit and loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

Government grants related to depreciable assets are presented in the balance sheet by setting up the grant as deferred income and are recognised in profit and loss over the periods and in the proportions in which depreciation expense on those assets is recognised and are presented under Other Income.

A government grant that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in profit and loss of the period in which it becomes receivable and are presented under Other Income/ deducted from the related heads of expenditure.

1.13 Revenue Recognition

Revenue from operations comprise the fair value of the consideration received or receivable for the sale of goods and rendering of services in the ordinary course of the the company's activities. The Company recognises

revenue when the amount of revenue and related cost can be reliably measured, when it is probable that the collectability of the related receivable is reasonably assured and when the specific criteria for each of the company's activities are met as follows -

a. Sale of Goods:

Sales are recognised when significant risks and rewards of ownership of goods have been passed to the buyer.

b. Export benefits/incentives:

Export incentives are recognized on exports on accrual basis, except when there are significant uncertainties, based on the estimated realizable value of such entitlements.

c. Other incomes:

Other incomes are recognised on accrual basis except when there are significant uncertainties.

Interest income is recognised on accrual basis using effective interest rate method.

1.14 Employee Benefits

a) Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and recognized in the period in which the employee renders the related service.

b) Defined Contribution Plans

The company has defined contribution plans for employees comprising of Provident Fund and Employee's State Insurance. The contributions paid/payable to these plans during the year are recognised as employee benefit expense in the Statement of Profit and Loss for the year.

c) Defined Benefit Plans: Gratuity

The net present value of the obligation for gratuity benefits are determined by independent actuarial valuation, conducted annually using the projected unit credit method.

The retirement benefit obligations recognised in the Balance Sheet represents the present value of the defined benefit obligations reduced by the fair value of plan assets. All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefits are recognised immediately in Statement of Profit and Loss as past service cost, if any, and net interest on the defined benefit liability/(asset) are recognised in the Statement of Profit and Loss.

Remeasurements of the net defined benefit liability/(asset) comprising actuarial gains and losses and the return on the plan assets(excluding amounts included in net interest), are recognised in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

d) Long Term Employee Benefits: Compensated absences

The company has a scheme for compensated absences for employees, the liability of which is determined on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in full in the Statement of Profit and Loss for the period in which they occur.

1.15 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial period of time to get ready for its intended use are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Other borrowing costs are recognized as expenditure in the period in which they are incurred.

1.16 Foreign Currency Transactions

Items included in the financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Indian Rupees ("INR"), which is the functional currency and presentation currency of the Company.

a. Foreign Currency Transactions:

Foreign exchange transactions are recorded at the functional currency adopting the exchange rate prevailing on the dates of respective transactions. Monetary assets and liabilities denominated in foreign currencies existing as on the Balance Sheet date are translated at the functional currency exchange rate prevailing as at the Balance Sheet date. The exchange difference arising from the settlement of transactions during the period and effect of translations of assets and liabilities at the Balance Sheet date are recognized in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign

currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or profit and loss are also recognised in Other Comprehensive Income or profit and loss, respectively).

b. Derivative instruments and hedge accounting:

(i) The company uses foreign currency derivative contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and highly probable forecasted transactions. The company designates these as cash flow hedges applying the recognition and measurement principles set out in Ind AS 109- Financial Instruments.

The use of foreign currency and derivative contracts is governed by the Company's policies approved by the Board of directors which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The company does not use derivative financial instruments for speculative purposes.

Foreign currency derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit and loss, except for the effective portion of cash flow hedges, which is recognised in Other Comprehensive Income in the cash flow hedge reserve and later reclassified to profit and loss when the hedge item affects profit and loss.

Hedge accounting is discontinued when the hedge instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting.

1.17 Leases

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the company is classified as a finance lease. All other leases are classified as operating leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the

asset or assets, even if that right is not explicitly specified in an arrangement.

1.18 Segment Reporting

Operating Segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

1.19 Earnings per share

Basic/diluted earnings per share is calculated by dividing the net profit and loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares/diluted potential equity shares outstanding as at the end of the year, as the case may be.

1.20 Impairment of Non-financial Assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset or a cash generating unit may be impaired. An asset or a cash generating unit is treated as impaired, when the carrying value of assets exceeds its recoverable amount. The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs of disposal and its value in use. Based on such assessment, impairment loss if any is recognized in the Statement of Profit & Loss for the period in which the asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

1.21 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of time value of money is material). These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

When the company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any

reimbursement.

Contingent Liabilities are disclosed when the company has a possible obligation or a present obligation and it is probable that an outflow of resources will not be required to settle the obligation or the amount of obligation cannot be measured with sufficient reliability.

Contingent assets are not recognized in the books of account. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognised in the financial statements of the period in which the change occurs. If an inflow of economic benefits has become probable, an entity discloses the contingent asset

1.22 Critical accounting estimates, assumptions and judgements

The Company makes judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources in the application of the Company's accounting policies that are described in Note 1. Estimates and judgements are continually evaluated and are based on historical experience and other factors that are considered to be relevant under the circumstances. Actual results may differ from the estimates.

Key sources of estimation uncertainty

- i. Useful lives of property, plant and equipment and intangible assets:
As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period.
- ii. Actuarial Valuation:
The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depend upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.
- iii. Impairment of Assets:
The evaluation of applicability of indicators of impairment of assets requires assessment of several

external and internal factors which could result in deterioration of recoverable amount of the assets.

iv. Recoverability of advances/receivables:

Management reviews its receivables for objective evidence of impairment at least quarterly. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management makes judgement as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the technological, market, economic or legal environment in which the debtor operates in.

Where there is objective evidence of impairment, management makes judgements as to whether an impairment loss should be recorded as an expense. In determining this, management uses estimates based on historical loss experience for assets with similar credit risk characteristics.

1.23 Recent accounting pronouncements

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Company has evaluated the effect of this on the financial statements and the impact is not material.

Ind AS 115- Revenue from Contract with Customers:

The Ministry of Corporate Affairs ("MCA") has notified the Ind AS 115, Revenue from Contract with Customers on 28th March 2018. The standard replaces existing revenue recognition standards Ind AS 11 Construction Contracts and Ind AS 18 Revenue. An entity should recognize revenue in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising

from the entity's contracts with customers.

The standard permits two possible methods of transition:

- Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Errors
- Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach) The effective date for adoption of Ind AS 115 is financial periods beginning on or after April 1, 2018.

The Company is in the process of evaluating the impact on application of Ind AS 115.

2.08A During the year, TOYS "R" US, Inc., one of the customers of the Company filed a petition in the Bankruptcy Court in The United States of America to wind down its US operation and the process is pending. A motion is pending in the said court regarding claims of its creditors which would establish streamlined procedures and forms for asserting those types of claims, which is set to be heard on 24th May 2018. The management is waiting on the court to enter the order on that motion so that the claim of the Company is consistent with the procedures set by the Court. The Company has to recover trade receivables from them aggregating to Rs. 1,735.15 Lakhs (US\$ 26.62 Lakhs) and the Company also holds merchandise/other materials in stock for them in inventory. The Company has engaged the services of Attorneys and Counselors at Law, M/s Nelson Mullins Riley & Scarborough LLP, USA to file the claim for recovery of all its dues and no shortfall is anticipated thereon by the management at this stage. However as a prudential measure, an estimated provision of Rs. 347.03 Lakhs has been made in the said accounts towards loss, if any on recovery of receivables.

2.37 The details of Provisions, Contingent Liabilities and Contingent Assets are as required under Ind AS-37 Provisions, Contingent Liabilities and Contingent Assets for the year ended 31st March 2018.

2.37.1 Contingent Liabilities not provided for:

Particulars	As at 31.03.2018 Rupees in Lakhs	As at 31.03.2017 Rupees in Lakhs
1. Claims against the Company not acknowledged as debts being demand raised against the Company, disputed on Appeal before various Appellate authorities.		
i) Customs Dues [Which includes ₹ 1,635.79 Lakhs (₹ 1,400.19 Lakhs) in respect of which guarantee is issued]	2,877.77	2,394.20
ii) Employee Provident Fund and Employee State Insurance Corporation Dues	428.94	461.88
iii) Income tax dues	82.65	82.65
The above demands are disputed by the company and matters are pending in appeal before appellate authorities in various stages. In the opinion of the management and based on legal advice received, these demands are not tenable in law and the company is hopeful of getting full relief and hence no provision has been made thereof.		
2. Other Counter Guarantee issued in favour of Banks for the guarantees issued by the Banks	88.81	89.88
3. Letters of Credit Outstanding	602.85	459.90

2.38 Software under development disclosed under 'Intangible Assets under development' represents expenditure on implementation of an integrated ERP System covering all functional areas/transactions including inventories, which is in progress; and pending implementation of the same, the Company has alternate internal controls over financial reporting in place.

2.39 Fair Value Measurement

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value of current trade receivables, current trade payables and other Current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature.

There were no transfers between Level 1 and Level 2 during the year.

2.39A Fair value hierarchy of financial instruments measured at fair value on a recurring basis is as follows:

Particulars	Fair value Hierarchy (Level)	As at 31.03.2018	As at 31.03.2017	As at 01.04.2016
Financial Assets measured at Fair value through Profit or Loss

		5,537.63	5,223.79	14,546.33

2.39C Financial instrument measured at amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their face values since the Company does not anticipate that the carrying cost would be significantly different from the values that would eventually be received or settled.

2.40 Financial Risk Management - Objectives and Policies

The Company has a well-managed risk management framework, anchored to policies and procedures and internal financial controls aimed at ensuring early identification, evaluation and management of key financial risks (such as liquidity risk, market risk, credit risk and foreign currency risk) that may arise as a consequence of its business operations as well as its investing and financing activities.

Accordingly, the Company's risk management framework has the objective of ensuring that such risks are managed within acceptable risk parameters in a disciplined and consistent manner and in compliance with applicable regulation.

1) Liquidity Risk

Liquidity risk is the risk that the Company will encounter due to difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The company has sound financial strength represented by its aggregate current assets as against aggregate current liabilities and its strong equity base and lower working capital debt.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

Maturities of financial liabilities As at 31 March 2018	Less than 1 year	1 year to 5 years	More than 5 years	Total
Borrowings	29.22	62.58	-	91.80

Other financial liabilities	688.77	-	-	688.77
Maturities of financial liabilities As at 1 April 2016	Less than 1 year	1 year to 5 years	More than 5 years	Total
Borrowings	8,352.48	829.28	-	9,181.76
Trade payable	4,158.98	-	-	4,158.98
Other financial liabilities	2,034.87	-	-	2,034.87

2) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, other balances with banks and other receivables.

Credit risk arising from balances with banks is limited because the counterparties are banks with high credit ratings.

(iv) Loans	2.00	2.00	2.00
(v) Other financial assets	-	-	193.67

B Trade Receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India and USA. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

For trade receivables, as a practical expedient, the company computes credit loss allowance based on a provision matrix. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates and also takes into account available external and internal credit risk factors.

Financial assets that are past due and impaired :	347.03	-	-
Total	22,532.59	26,790.66	34,958.53

3) Market Risk

The Company is exposed to market risk through its use of financial instruments and specifically to currency risk and interest rate risk, which result from both its operating and investing activities.

A Interest Rate Risk

As the Company is having low debt liabilities and its deferred payment liabilities do not carry interest, the exposure to interest rate risk from the perspective of Financial Liabilities is negligible.

Below is the sensitivity of profit or loss in interest rates for borrowings.

Particulars	Impact in statement of Profit and Loss for 1% change	
	31 March 2018	31 March 2017
Interest sensitivity		
Change by 100 basis points (100 bps)	78.01	72.51

B Foreign Currency Risk

The Company undertakes transactions denominated in foreign currency (mainly US Dollar) which are subject to the risk of exchange rate fluctuations. Financial assets and liabilities denominated in foreign currency, are also subject to reinstatement risks.

The Company uses forward exchange contracts to hedge its exposures in foreign currency arising from firm commitments and highly probable forecast transactions. The carrying amount of foreign currency denominated financial assets and liabilities including derivative contracts, are detailed in Note No.2.41

The following table details the Company's sensitivity to a 1% increase and decrease in the rupee against the relevant foreign currencies net of forward contracts.

The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 1% change in foreign currency rates, with all other variables held constant.

2.42 Capital Management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

The Company's financial strategy aims to support its strategic priorities and provide adequate capital to its businesses for growth and creation of sustainable stakeholder value. The Company funds its operations through internal accruals. The Company aims at maintaining a strong capital base largely towards supporting the future growth of its businesses as a going concern.

As at 31st March, 2018, the Company has only one class of equity shares and has low debt liabilities. The company is not subject to any externally imposed capital requirements.

2.44 First Time Adoption of Ind AS

These financial statements, for the period ended 31st March 2018, are the first financial statements prepared by the company in accordance with Ind AS. For periods up to and including the year ended 31st March 2017, the company prepared its financial statements in accordance with Previous GAAP, including accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended).

Accordingly, the company has prepared financial statements which comply with Ind AS applicable for periods ending on or after 31st March 2018, together with the comparative period data as at and for the year ended 31st March 2017, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1st April 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1st April 2017 and the financial statements as at and for the year ended 31st March 2017.

Exemptions applied:

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS.

The Company has applied the following exemptions:

a. a. Deemed cost for Property, plant and equipment and intangible assets

The Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

b. b. Determining whether an arrangement contains a lease

Appendix C of Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease, at the inception of the contract or arrangement. However, Company has used Ind AS 101 exemption and assessed all arrangements based for embedded leases based on conditions in place as at the date of transition..

c. Deemed cost for investments in Associate

Ind AS 101 First-time Adoption of Indian Accounting Standards, permits a first-time adopter to elect to continue with the carrying value for investments in Associates as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. Accordingly, the Company has elected to measure its investments in Associate Enterprise in the standalone financial statements at their previous GAAP carrying value.

IND AS mandatory exemptions

The following exceptions have been applied in accordance with Ind AS 101 in preparing the financial statements..

a. Estimates

In accordance with Ind AS, as at the date of transition to Ind AS an entity's estimates shall be consistent with the estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP except impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition this was not required under the previous GAAP.

b. Derecognition of financial assets and financial liabilities

Company has elected to apply the derecognition requirements for financial assets and financial liabilities in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS..

c. Classification and measurement of financial assets

Company has classified the financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

2.44A Reconciliations between previous GAAP and Ind AS are as given below

i. Reconciliation of Consolidated Equity as previously reported on account of transition from the previous Indian GAAP to IND AS:

Details of Measurement and recognition difference between Ind AS and Previous GAAP for the year ended 31st March 2017

1) Proposed dividend

Under Previous GAAP upto 1.4.2016, proposed dividend including dividend distribution tax (DDT), are recognized as liability in the period to which they relate, irrespective of when they are declared. Under Ind AS, proposed dividend is recognized as liability in the period in which it is declared by Company, usually when approved by shareholders in a general meeting or paid.

Therefore, the dividend liability (proposed dividend) including dividend distribution tax liability amounting to Rs.428.77 Lakhs upto 1.4.2016 has been derecognised in the retained earnings as on the date of transition.

Proposed dividend including dividend distribution tax liability amounting to Rs.428.77 Lakhs upto 1.4.2016 which was derecognised as on the transition date, has been recognised in retained earnings during the year ended 31st March,2017 as declared and paid..

2) Remeasurement benefit of defined benefit plans

In the financial statements prepared under Previous GAAP, remeasurement benefit of defined plans (gratuity), arising primarily due to change in actuarial assumptions was recognised as employee benefits expense in the Statement of Profit and Loss. Under Ind AS, such remeasurement benefits relating to defined benefit plans is recognised in Other Comprehensive Income as per the requirements of Ind AS 19- Employee benefits. Consequently, the related tax effect of the same has also been recognised in Other Comprehensive Income.

For the year ended 31st March, 2017, remeasurement of gratuity liability resulted in a net expenses of Rs.16.18 Lakhs which has now been reclassified from employee benefits expense in the Statement of Profit and Loss and recognised separately in Other Comprehensive Income. This has resulted in increase in employee benefits expense by Rs.16.18 Lakhs and Other Comprehensive Income by Rs.16.18 Lakhs for the year ended 31st March, 2017. Consequently, tax effect of the same amounting to Rs.5.60 Lakhs is also recognised separately in Other Comprehensive Income. The above changes do not affect Equity as at date of transition to Ind AS and as at 31st March, 2017..

3) Government Grant

As per previous GAAP, Government grants specifically relatable to capital assets are credited to the carrying value of the respective asset. As per Ind AS, Government grants relating to depreciable assets are recognised as deferred income and are transferred to the Statement of Profit and Loss over the periods and in the proportions in which depreciation expense on those assets are recognised. Accordingly, unamortised Government Grants under Liabilities includes Rs 965.02 Lakhs as on transition date which has been grossed up in the Property, Plant and Equipment and Rs.120.10 Lakhs received in relation to assets purchased subsequently. Deferred grant amounting to Rs 146.64 Lakhs has been transferred to the Statement of Profit and Loss during the year 2016-17 in the proportions in which depreciation expense on those assets are recognised and the balance in the deferred grant as on 31.03.2017 is Rs 1134.51 Lakhs (including grossing up of grant amounting to Rs 196.02 Lakhs received during the year). Consequently, depreciation expense for such assets have been increased by the same amount for the year 2016-17. The treatment has no impact in the net profit as per the Statement of Profit and Loss for the year ended 31.03.2017.

4) Other comprehensive income

Under Ind AS, all items of income and expense recognized in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expenses that are not recognized in profit or loss, but are shown in the statement of profit and loss as 'other comprehensive income' includes remeasurements of defined benefit plans, effective portion of cash flow hedge and change in fair value of equity instruments. The concept of other comprehensive income did not exist under the previous GAAP.

5) Cash Flow Hedge

Under the previous GAAP, Premium or discount arising at the inception of a forward exchange contract is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the reporting period in which the exchange rates change. Under Ind AS, forward exchange contract are initially measured at fair value and are re-

measured at subsequent reporting dates. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in Other Comprehensive Income in the cash flow hedge reserve and later reclassified to profit or loss when the hedge item affects profit or loss. This has resulted in increase of Other Current Financial Assets by Rs 33.21 Lakhs and corresponding increase in Other Equity by Rs 21.72 Lakhs (Net of tax of Rs 11.49 Lakhs) as at the transition date and subsequent adjustments to Foreign Exchange Rate Translation and deferred tax in the Statement of Profit and Loss on subsequent settlement in the year ended 31.03.2017. This has no impact to the Other Equity as at 31.03.2017 on closing of the forward contract.

6) Equity

Under the Previous GAAP, the Company accounted for long term investments in quoted equity shares as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the Company has designated such investments as Fair Value through Other Comprehensive Income (FVTOCI) investments. Ind AS requires FVTOCI investments to be measured at fair value. At the date of transition to Ind AS, difference between the instruments fair value and Indian GAAP carrying amount amounting to Rs 5.50 Lakhs has been recognised as a separate component of equity, in the Equity Instrument through Other Comprehensive Income reserve with corresponding adjustment to the carrying value of investments. The amount recognised in Other Comprehensive Income for the year ended 31.03.2017 is Rs 4.62 Lakhs.

7) Deferred tax

Previous GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. Consequent deferred tax adjustments in relation to transactions referred to above have also been made in the books of accounts.

8) Other matters

In the preparation of these Ind-AS Financial Statements, Company has made several presentation differences between previous GAAP and Ind-AS. These differences have no impact on reported profit or total equity. Accordingly, some assets and liabilities have been reclassified into another line item under Ind-AS at the date of transition. Further, in these Financial Statement, some line items as described differently under Ind-AS compared to previous GAAP although the assets and liabilities included in these line items are unaffected.

2.45 Figures have been stated to the nearest rupee. Previous GAAP figures have been reclassified to conform to Ind AS presentation requirements.

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying Consolidated Ind AS financial statements of Kitex Garments Limited (hereinafter referred to as "the Company") and its associate (Kitex USA LLC), comprising the Consolidated Balance Sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the preparation of these Consolidated Ind AS financial statements in terms of requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Company including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act. The respective Board of Directors of the company and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and its associate and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these Consolidated Ind AS financial statements based on our audit.

While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Consolidated Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the other financial information of the associate, the aforesaid Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the consolidated state of affairs of the Company and its associate as at 31st March, 2018, and their consolidated profit, consolidated total comprehensive income, its consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Other Matters

a) The consolidated Ind AS financial statements also include the Company's share of net loss (after elimination of share of unrealised profit on transactions with associate) of Rs. 647.29 Lakhs for the year ended 31st March, 2018 (Previous Year – Net loss of Rs. 875.95 Lakhs) as considered in the consolidated Ind AS financial statements, in respect of one associate registered outside India, whose financial statements/ financial information have not been audited for the reasons as stated in Note No 1.2.B to the Consolidated Ind AS Financial Statements. These financial statements/ financial information have been prepared by the Management of the associate and has been compiled by

a Certified Public Accountant in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants and have been furnished to us by the Management of the Company and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of the associate, is based solely on such unaudited financial statements/ financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements/ financial information are not material to the Company.

b) The comparative financial information of the Company for the transition date opening balance sheet as at 1st April 2016 included in these consolidated Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by the predecessor auditor whose report for the year ended 31st March 2016 dated 4th April 2016 expressed an unmodified opinion on those consolidated financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and the other financial information of the associate, having regard to the observations stated under Other Matters paragraph above, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.

ANNEXURE A REFERRED TO IN PARAGRAPH 1(f) UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR INDEPENDENT AUDIT REPORT OF EVEN DATE ON THE CONSOLIDATED IND AS FINANCIAL STATEMENTS OF KITEX GARMENTS LIMITED FOR THE YEAR ENDED 31ST MARCH 2018

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of Kitex Garments Limited (hereinafter referred to as "the Company") and its associate (Kitex USA LLC), as of and for the year ended March 31, 2018, we have audited the internal financial controls system with reference to financial statements reporting of the Company as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and

maintaining internal financial controls based on the internal controls with reference to financial statements reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls system with reference to financial statements reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial control system with reference to financial statements reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements reporting and their operating effectiveness. Our audit of internal financial controls system with reference to financial statements reporting included obtaining an understanding of internal financial controls system with reference to financial statements reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements reporting.

Meaning of Internal Financial Controls with reference to Financial Statements reporting

A company's internal financial controls system with reference to financial statements reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls system with reference to financial statements reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide

reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements reporting

Because of the inherent limitations of internal financial controls system with reference to financial statements reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls system with reference to financial statements reporting to future periods are subject to the risk that the internal financial controls system with reference to financial statements reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements reporting and such internal financial controls system with reference to financial statements reporting were operating effectively as at March 31, 2018, based on the internal control with reference to financial statements reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

(a) As stated in Note No 2.38 to the consolidated Ind AS Financial Statements, Software under development disclosed under 'Intangible assets under development' represents expenditure on implementation of an integrated ERP System covering all functional areas/ transactions including inventories, which is in progress; and pending implementation of the same, the company has alternate internal controls over financial reporting in place.

(b) As stated in sub-paragraph (a) of the Other Matters paragraph in our independent auditor's report, the financial statements/ financial information of the associate registered outside India are unaudited and have been furnished to us by the Management and our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting does not include reporting insofar as it relates to the said associate.

Our opinion is not modified in respect of the above matters.
