### FORWARD LOOKING STATEMENTS

Our Company has included statements in this Draft Letter of Offer which contain words or phrases such as ‘anticipate’, ‘believe’, ‘continue’, ‘can’, ‘could’, ‘estimate’, ‘expect’, ‘expected to’, ‘future’, ‘intend’, ‘is likely’, ‘may’, ‘objective’, ‘plan’, ‘potential’, ‘project’, ‘pursue’, ‘shall’, ‘should’, ‘will’, ‘will continue’, ‘would’, or other words or phrases of similar import. Similarly, statements that describe our objectives, strategies, plans or goals are also forward looking statements. However, these are not the exclusive means of identifying forward looking statements. Forward-looking statements are not guarantees of performance and are based on certain assumptions, future expectations, describe plans and strategies, contain projections of results of operations or of financial condition or state other forward-looking information. All statements regarding our Company’s expected financial conditions, results of operations, business plans and prospects are forward-looking statements.

Forward-looking statements contained in this Draft Letter of Offer (whether made by our Company or any third party), are predictions and involve known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, performance or achievements of our Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections. Important factors that could cause actual results to differ materially from our Company’s expectations include, among others:

- Uncertainty of the continuing impact of the COVID-19 pandemic on our business and operations;
- Our ability to successfully implement our growth strategy and expansion plans, and to successfully launch and implement various business plans;
- Any failure or disruption of our information technology system;
- Increasing competition in or other factors affecting the industry segments in which our Company operates;
- Changes in laws and regulations relating to the industries in which we operate;
- Fluctuations in operating costs and impact on the financial results;
- Our ability to attract and retain qualified personnel;
- Changes in political and social conditions in India or in other countries that we may enter, the monetary and interest rate policies of India and other countries, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices; and
- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies.

Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed in the section titled “Risk Factors” beginning on page 24 of this Draft Letter of Offer. By their very nature, market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains, losses or impact on net interest income and net income could materially differ from those that have been estimated, expressed or implied by such forward-looking statements or other projections.

Whilst we believe that the expectations reflected in such forward-looking statements are reasonable at this time, we cannot assure investors that such expectations will prove to be correct. Given these uncertainties, Investors are cautioned not to place undue reliance on such forward-looking statements. In any event, these statements speak only as of the date of this Draft Letter of Offer or the respective dates indicated in this Draft Letter of Offer, and our Company undertakes no obligation to update or revise any of them, whether as a result of new information, future events or otherwise. If any of these risks and uncertainties materialise, or if any of our Company’s underlying assumptions prove to be incorrect, the actual results of operations or financial condition of our Company could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to our Company are expressly qualified in their entirety by reference to these cautionary statements.

Our Current promoters namely, Balakrishna Tati, Vishal Jethalia, Mohit Rathi, Padma Tati, Tati Sruti, Tati Sai Teja, T Venkateshwarlu, Tati Thulasi Dalaxi, Chin Corp Holding Pte Limited acquired the company from existing promoters during the financial year 2021-22.

We are a group of coffee professionals very passionate about coffee with a combined experience of over 100 years and have come together to create an instant coffee product which captures the essence of conventional coffee through sophisticated modern technology and delivers it in a convenient way as Instant coffee.

We are committed to deliver this promise by offering unparalleled customer service for which we have set a unique bench mark.

Our passion for Coffee has led us to delve deep into every aspect of Instant coffee manufacture. Choicest coffee beans from Arabica and Robusta grades are carefully selected to deliver the desired taste and technology brought in to capture wonderful aromas of coffee. The net result being creation of wonderful coffee experience right from buying to consuming, bringing great value to our customer.

We are engaged in our coffee business through our subsidiary, Vintage Coffee Private Limited ("VCPL") and Delecto Foods Private Limited ("DFPL"). We operate a highly optimized and vertically integrated coffee business which ranges from procuring, processing and roasting of coffee beans to retailing of coffee products across various formats.

*For further details, refer chapter titled "Our Business" on page 81.*

#### Summary of Industry

India is among the top 10 coffee-producing countries, with about 3% of the global output in 2020. Indian coffee is one of the best coffees in the world due to its high quality and gets a high premium in the international markets. India produces two types of coffee: Arabica and Robusta. Arabica has high market value than Robusta coffee due to its mild aromatic flavor. Robusta coffee is mainly used in

## VINTAGE COFFEE AND BEVERAGES LIMITED

(CIN- L15100TG1980PLC161210)

making various blends due to its strong flavor. Robusta is the majorly manufactured coffee with a share of 72% of the total production. The industry provides direct employment to more than 2 million people in India. Since coffee is mainly an export commodity for India, domestic demand and consumption do not drastically impact the prices of coffee.

Coffee is largely produced in the southern part of India. Karnataka is the largest producer accounting for about 70% of the total coffee production in India. Kerala is the second-largest producer of coffee but lags far behind, accounting only for about 23% of the total production. Tamil Nadu is the third-largest producer, where India's 6% of the coffee is produced. Nearly half of Tamil Nadu's coffee is made in the Nilgiri district, a major Arabica growing region. Orissa and the northeastern areas have a smaller proportion of production.

For further details, refer chapter titled “Our Industry” on page 68.

### SECTION III - RISK FACTORS

*An investment in our Equity Shares involves a high degree of risk. You should carefully consider each of the following risk factors and all other information set forth in this Draft Letter of Offer, including in "Our Business", "Industry Overview", "Management's Discussion and Analysis of Financial Condition and Results of Operations", and "Financial Statements" before making an investment in our Equity Shares.*

*The risks and uncertainties described below are not the only risks that we currently face. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also adversely affect our business, financial condition, results of operations and cash flows. If any or some combination of the following risks, or other risks that are not currently known or believed to be adverse, actually occur, our business, financial condition and results of operations could suffer, the trading price of, and the value of your investment in, our Equity Shares could decline and you may lose all or part of your investment. In making an investment decision with respect to this Issue, you must rely on your own examination of our Company and the terms of this Issue, including the merits and risks involved. You should consult your tax, financial and legal advisors about the consequences of an investment in our Equity Shares and its impact on you.*

*This Draft Letter of Offer also contains forward-looking statements that involve risks and uncertainties. Our results could differ materially from such forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Letter of Offer.*

*Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context otherwise requires, in this section, reference to "we", "us" "our" refers to our Company.*

#### INTERNAL RISK FACTORS

##### BUSINESS RELATED RISK

1. The top -level management of the company is associated with the company from less than three years.

In the year 2021, our company was acquired by its current promoters from its former promoters and an Open Offer from 2<sup>nd</sup> June, 2021 to 15<sup>th</sup> June, 2021 (both dates inclusive). Consequently, the management of the company has been changed to its current form. Further, our Chief Financial Officer is associated with our company from less than three years. For more details on the top management, Key Management Personnel and their appointment, please refer to chapter "Our Management" beginning on page 91.

2. Our Company is a party to certain litigations, the outcome of which could adversely affect our business operations and financial condition.

Summary of litigations are given below:

Particulars	No. of Cases/ Disputes	Approximate Aggregate Claim Amount (Rs. In Lakhs)

Particulars	No. of Cases/ Disputes	Approximate Aggregate Claim Amount (Rs. In Lakhs)
<b>LITIGATION BY OR AGAINST OUR COMPANY</b>		
<b>Litigation filed by Our Company</b>		
Civil Cases filed by our Company	2	469.73
Criminal cases filed by our Company	-	-

If cases filed by our Company are not decided in favor of our Company, these entities would be deprived of claims receivable from counter party.

For details of the above litigation, please refer to the section titled "Outstanding Litigation" appearing on page 121 of this Draft Letter of offer.

- We require certain approvals and licenses in the ordinary course of business and are required to comply with certain rules and regulations to operate our business and failure to obtain, retain and renew such approvals and licenses or comply with such rules and regulations, in a timely manner or at all may adversely affect our operation.**

Being a manufacturing company, we require several statutory and regulatory permits, licenses and approvals to operate our business. Many of these approvals are granted for a fixed period of time and need renewal from time to time. We are required to renew such permits, licenses and approvals periodically. There can be no assurance that the relevant authorities will issue such permits or approvals to our Company or that they will issue these in time. Further, these permits, licenses and approvals are subject to several conditions and our Company may not be able to continuously meet the conditions and this may lead to cancellation, revocation or suspension of relevant permits / licenses / approvals. Failure by our Company to renew, maintain or obtain the required permits, licenses or approvals or any contravention of or non-compliance with the terms of various regulatory approvals applicable to the manufacturing facility may also require us to cease or limit production until such non-compliance is remedied to the satisfaction of relevant regulatory authorities resulting in the interruption of our Company's operations and may have a material impact on our business prospects, financial condition and cash flows.

- Our Wholly owned subsidiary Companies have manufacturing facility in Telangana and thus we are located in one geographic area i.e. Telangana. Therefore, any localised social unrest, natural disaster or breakdown of services or any other natural disaster in and around Telangana or any disruption in production at, or shutdown of, our manufacturing facility could have material adverse effect on our business and financial condition.**

As on the date of this Draft Letter of Offer, our Wholly owned subsidiary Companies have manufacturing facility which is located in Telangana. Accordingly, our current manufacturing operations is concentrated in one geographic area. Our manufacturing operations and consequently our business is dependent upon our ability to manage these manufacturing facilities, which is subject to operating risks, including those beyond our control. In the event of any disruptions at these manufacturing facilities, due to natural or man-made disasters, workforce disruptions, delay in regulatory approvals, fire, failure of machinery, lack of continued access to assured supply of electrical power and water at reasonable costs, changes in the policies of the states or local government or authorities or any significant social, political or economic disturbances or civil disruptions in and around Telangana, our ability to manufacture our products may be adversely affected.

---

In addition to the loss as a result of a fire or industrial accident, any shutdown of our manufacturing facility could result in us being unable to meet with our commitments, result in modification of our business strategy, or require us to incur significant capital expenditure, which will have an adverse effect on our business, results of operation and financial condition. Disruptions in and around our manufacturing facility could delay production or require us to shut down the facility.

- 5. Activities involving our manufacturing process can be dangerous and can cause injury to people or property in certain circumstances. A significant disruption at any of our manufacturing facilities may adversely affect our production schedules, costs, sales and ability to meet customer demand.**

Our business operations are subject to hazards such as risk of equipment failure, work accidents, fire or explosion and require individuals to work under potentially dangerous circumstances or with flammable materials. Although we employ safety procedures in the operation of our facilities and maintain what we believe to be adequate insurance, there is a risk that an accident or death may occur in one of our facilities. An accident may result in destruction of property or equipment, environmental damage, manufacturing or delivery delays, or may lead to suspension of our operations and/or imposition of liabilities. Any such accident may result in litigation, the outcome of which is difficult to assess or quantify, and the cost to defend litigation can be significant. As a result, the costs to defend any action or the potential liability resulting from any such accident or death or arising out of any other litigation, and any negative publicity associated therewith, may have a negative effect on our business, financial condition, results of operations, cash flows and prospects. In particular, if operations at our manufacturing facility were to be disrupted as a result of any significant workplace accident, equipment failure, natural disaster, power outage, fire, explosion, terrorism, adverse weather conditions, labour dispute, obsolescence or other reasons, our financial performance may be adversely affected as a result of our inability to meet customer demand or committed delivery schedules for our products. Interruptions in production may also increase our costs and reduce our sales, and may require us to make substantial capital expenditures to remedy the situation or to defend litigation that we may become involved in as a result, which may negatively affect our profitability, business, financial condition, results of operations, cash flows and prospects.

- 6. We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.**

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and cause serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and agents may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

- 7. Our business is dependent on our manufacturing facility. The loss of or shutdown of operations of our manufacturing facility may have a material adverse effect on our business, financial condition and results of operations.**

Our manufacturing facility is subject to operating risks, such as the breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, labour disputes, strikes, lock-outs, earthquakes and other natural

disasters, industrial accidents and the need to comply with the directives of relevant government authorities. The occurrence of any of these risks could significantly affect our operating results. We carry out planned shutdowns of our plant for maintenance. Although we take precautions to minimize the risk of any significant operational problems at our facilities, our business, financial condition and results of operations may be adversely affected by any disruption of operations at our facilities, including due to any of the factors mentioned above.

- 8. The capacity of our current plants unit are not fully utilized. Consecutively, if there is also any under-utilization of our capacities in next three years, it could affect our ability to fully absorb fixed costs and thus may adversely impact our financial performance.**

The capacity of our current plants is not fully utilized. The Installed capacity has been increasing during the last three years and the capacity utilization of our plants has also been increasing on a year-on-year basis in the last three. Further, we propose to fully utilize our production capacities in next three year based on our estimates of market demand and profitability. In the event of nonmaterialization of our estimates and expected order flow for our product and/or failure of optimum utilization of our capacities, due to factors including adverse economic scenario, change in demand or for any other reason, our capacities may not be fully utilized thereby impairing our ability to fully absorb our fixed cost and may adversely impact our financial performance.

- 9. We face risks and uncertainties associated with the implementation of expansion and new projects which may impact our business, operations and revenue.**

Our business plan includes expansion of our geographical reach and enter the large domestic market for growth opportunities and thereby increase the revenue. We may face risks and uncertainties in relation to expansion and achieving our business plans efficiently, which may include various factors i.e. we may face difficulties in recruiting, training and retaining sufficient skilled faculty members, technical and management personnel and inability to or difficulty in satisfying clients expectations . This may adversely affect our business, results of operation and revenues..

- 10. Our ability to retain the clients is heavily dependent upon various factors including our reputation and our ability to maintain a high level of quality including our satisfactory performance for the customers. Any failure by us to retain or attract customers may impact its business and revenues.**

We believe our strong brand reputation has helped us to attract and retain our customers. As a result, our reputation and perception of our brands are critical to our business. Although, we believe that we as well as our customers have a dedicated and talented team that comprise of experienced personnel in the field of cattle feed and animal supplements. Our business heavily relies on our reputation as well as the quality and popularity of the product provided by us and our visibility and perception amongst customers. It is important that we retain the trust placed by our customers. We must also continue to attract more and increase the number of our customers at a consistent rate.

We attempt to retain our position by maintaining quality and by our ability to improve and add value to the performance of our customers in their respective areas. This requires constant upgradation of the methodology and manufacturing technologies are adequately equipped. Further, we rely on a variety of advertising efforts tailored to target the customers. Failure to maintain and enhance our reputation or any actual or perceived reasons leading to reduction of benefits from our customers or any negative publicity against us may affect the rate of customers. Any failure by us to retain or attract customers may adversely impact our business and revenues.

- 11. We derive a significant portion of our revenues from our top ten customers. The loss of revenues from such customers, in particular would have an adverse impact on our results of operations and financial condition.**

We are dependent on a limited number of key customers for a significant portion of our revenues. For the Fiscals 2023, our top ten customers contribute approximately 100.00% of our total revenue from operations. Furthermore, most of the business that we conduct with our top customers is through purchase orders that are placed from time to time. We do not typically have exclusivity arrangements with our customers, including our key customers. We cannot assure you that we will be able to maintain historic levels of business from our key customers.

The loss of one or more of our significant customers or a reduction in the amount of business we obtain from them whether due to circumstances specific to such customer, such as pricing pressures or adverse market conditions affecting our supply chain, the specialty chemicals industry or the economic environment generally, such as the COVID-19 pandemic, could have an adverse effect on our business, results of operations, financial condition and cash flows.

We presently do not have any long-term or exclusive arrangements with any of our customers and we cannot assure you that we will be able to sell the quantities we have historically supplied to such customers. In the event our competitors' products offer better margins to such customers or otherwise incentivize them, there can be no assurance that our customers will continue to place orders with us. Most of our transactions with our customers are typically on a purchase order basis without any commitment for a fixed volume of business. There can also be no assurance that our customers will place their orders with us on current or similar terms, or at all. Further, our customers could change their business practices or seek to modify the terms that we have customarily followed with them, including in relation to their payment terms. In the event our customers alter their requirements, it could have a material adverse effect on our business growth and prospects, financial condition, results of operations and cash flows. In addition, our customers may also cancel purchase orders at short notice or without notice, which could have an impact on our inventory management. In the event of frequent cancellations of purchase orders, the same could have a material adverse effect on our business, financial condition, results of operations and cash flows.

Although our Company maintains long-term relationship with our major customers, there can be no assurance that we will continue to maintain such relationship with our customers. Further, in the event our customers experience any delays in placing orders with us, or if they prefer to buy the products of our competitors, it could have a material adverse effect on our business growth and prospects, financial condition, results of operations and cash flows. Our inability to maintain our existing customer network could have a negative impact on our sales, business growth prospects, result in slowdown of operation, financial conditions and cash flows. Further, the performance of our customers, their sales network and their ability to expand their businesses are crucial to the future growth of our business and directly affect our sales volume and profitability. If any of the customers fails to sell our products to the end customers, or if our relationships with our customers are affected, our profitability could be significantly affected.

- 12. We are largely dependent on few suppliers for our raw materials and an inability to procure the desired quality, quantity of our raw materials in a timely manner and at reasonable costs, or at all, may have a negative impact on our business, results of operations, financial condition and cash flows.**

We purchase our major raw material from few suppliers on formula based pricing as mutually agreed upon. Further, our total purchases of raw materials are concentrated from only few suppliers.

---

## VINTAGE COFFEE AND BEVERAGES LIMITED

(CIN- L15100TG1980PLC161210)

Our ability to remain competitive, maintain costs and profitability depend, in part, on our ability to source and maintain a stable and sufficient supply of raw materials at acceptable prices.

We have a mutual understanding with our primary suppliers and we also enter into agreement with them from time to time. However, the absence of long-term supply contracts subjects us to risks such as price volatility caused by various factors viz. commodity market fluctuations, climatic and environmental conditions, production and transportation cost, changes in domestic government policies and regulatory changes. If we cannot fully offset the increase in raw material prices with increase in the prices for our products, we will experience lower profit margins, which in turn may have a material adverse effect on our results of operations, financial condition and ultimately lead to a liquidity crunch. In the absence of such contracts, we are also exposed to the risk of unavailability of certain raw materials in desired quantities and qualities, in a timely manner.

Although we have not faced significant disruptions in the procurement of raw materials in the past, COVID-19 pandemic temporarily affected our ability to source raw materials from certain vendors who were unable to transport raw materials to us. There can thus, be no assurance that in future we will be able to procure the required quantities and quality of raw materials commensurate with our requirements. There can also be no assurance that a particular supplier will continue to supply us with raw materials in the future. Any delay in supplying finished products to customers in accordance with the terms and conditions of the purchase orders, such as delivery within a specified time, as a result of delayed raw material supply, could result in the customer refusing to accept our products, which may have an adverse effect on our business and reputation. Further, we cannot assure you of our ability to enter into fresh agreements or renew our existing arrangements with suppliers on terms acceptable to us, which could have an adverse effect on our ability to source raw materials in a commercially viable and timely manner as well as the commitments to our customers, which may impact our business and profitability.

### **13. Our Company does not have any long-term contracts with suppliers, which may adversely affect our results of operations.**

We are, to a major extent, dependent on external suppliers for our raw materials requirements and we do not have any long-term supply agreements or commitments in relation to the same or for any other raw materials used in our manufacturing process. There can be no assurance that there will not be a significant disruption in the supply of raw materials from current sources or, in the event of a disruption, that we would be able to locate alternative suppliers of materials of comparable quality on terms acceptable to us, or at all. Identifying a suitable supplier involves a process that requires us to become satisfied with their quality control, responsiveness and service, financial stability and labour and other ethical practices. Consequently, we are also exposed to price fluctuations in raw materials, and these fluctuations may adversely affect our ability to obtain orders and/or to execute them in a timely manner, which would have a material adverse effect on our business, results of operations and financial condition. In case of non-availability of raw materials on favourable terms, we may have to procure the same at the terms and conditions prevalent at that point. This may result in reducing our revenues by a considerable amount due to shortage of raw material or due to inability to procure the same. Further, unfavourable terms of raw materials may also force us to reduce the scale of our operations resulting in a down-sizing of our overall business. We may have to put on hold any expansion plans and our future growth will be severely stunted. Any delay, interruption or increased cost in the supply arising from a lack of long-term contracts could have an adverse effect on our ability to meet customer demand for our products and result in lower revenue from operations both in the short and long term.

(CIN- L15100TG1980PLC161210)

- 14. Our Company's failure to maintain the quality standards of the products could adversely impact our business, results of operations and financial condition.**

The demand for our products depends on quality that we manufacture and market. Any failure of ours to maintain the quality standards may affect our business. Although we have put in place strict quality control procedures, we cannot assure that our products will always be able to satisfy our customer's quality standards. Any negative publicity regarding our Company, or products, including those arising from any deterioration in quality of our products or any other unforeseen events could adversely affect our reputation, our operations and our results from operations.

- 15. Delays or defaults in client payments could result in a reduction of our profits.**

We may be subject to working capital shortages due to delays or defaults in payments by clients. If clients default in their payments in due time to which we have devoted significant resources it could have a material adverse effect on our business, financial condition and results of operations and could cause the price of our Equity Shares to decline.

- 16. Changes in customer preferences could affect our business, financial condition, results of operations and prospects.**

Any change in the customer preference can render our old stock obsolete, as changes in customer preference are generally beyond our control. Some or all of our products may become less attractive in light of changing customer preferences or better products by competitors and we may be unable to adapt to such changes in a timely manner. However, we constantly focus on research and development and to develop new products to cater the customer needs, any change in customer preferences that decreases demand could affect our business, financial condition, results of operations and prospects.

- 17. We could become liable to customers, suffer adverse publicity and incur substantial costs as a result of defects in our products, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity.**

Any failure or defect in our products could result in a claim against us for damages, regardless of our responsibility for such a failure or defect. We currently carry no products liability insurance with respect to our products. Although we attempt to maintain quality standards, we cannot assure that all our products would be of uniform quality, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity.

Also, our business is dependent on the trust our customers have in the quality of our products. Any negative publicity regarding our company, brand, or products, including those arising from a drop in quality of merchandise from our vendors, mishaps resulting from the use of our products, or any other unforeseen events could affect our reputation and our results from operations.

- 18. Our Company is dependent on third party transportation providers for the delivery of our goods and any disruption in their operations or a decrease in the quality of their services could affect our Company's reputation and results of operations.**

Our Company uses third party transportation providers for delivery of our raw materials and finished goods. Though our business has not experienced any disruptions due to transportation strikes in the past, any future transportation strikes may have an adverse effect on our business. In addition goods may be lost or damaged in transit for various reasons including occurrence of

---

## VINTAGE COFFEE AND BEVERAGES LIMITED

(CIN- L15100TG1980PLC161210)

accidents or natural disasters. There may also be delay in delivery of products, which may also affect our business and results of operation negatively. An increase in the freight costs or unavailability of freight for transportation of our raw materials or finished goods may have an adverse effect on our business and results of operations.

Further, disruptions of transportation services due to weather related problems, strikes, lock-outs, inadequacies in the road infrastructure, or other events could impair ability to procure raw materials on time. Any such disruptions could materially and adversely affect our business, financial condition and results of operations.

**19. The industry segments in which we operate being fragmented, we face competition from other players, which may affect our business operations and financial conditions.**

The industry in which we operate is highly competitive. Factors affecting our competitive success include, amongst other things, price, demand for our products, availability of raw materials, brand recognition and reliability. Our competitors vary in size, and may have greater financial, production, marketing, personnel and other resources than us and certain of our competitors have a longer history of established businesses and reputations in the Indian market as compared with us. Competitive conditions in some of our segments have caused us to incur lower net selling prices and reduced gross margins and net earnings. These conditions may continue indefinitely. Changes in the identity, ownership structure, and strategic goals of our competitors and the emergence of new competitors in our target markets may impact our financial performance. New competitors may include foreign-based companies and domestic producers who could enter our markets.

Our failure to compete effectively, including any delay in responding to changes in the industry and market, together with increased spending on advertising, may affect the competitiveness of our products, which may result in a decline in our revenues and profitability.

**20. Conflicts of interest may arise out of common business undertaken by our Company and our promoter Group Entities.**

Some of our Promoter Group Entities are authorized to carry out business similar to that of our Company. As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and our Group Entities in circumstances where our respective interests diverge. In cases of conflict, our Promoters may favour other companies in which our Promoters have interests. There can be no assurance that our Promoters or our Group Entities or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition.

**21. We have entered into related party transactions in the past and may continue to do so in the future.**

Our Company has entered into various transactions with our Promoters and associate companies. While we believe that all such transactions are conducted on arm's length basis, there can be no assurance that we could not have achieved more favorable terms had such transactions were not entered into with related parties. Furthermore, it is likely that we will enter into related party transactions in future. There can be no assurance that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operation. For details on the transactions entered by us, please refer to chapter "Related Party Transactions" beginning on page 105 of this Draft letter of offer.

**22. Any adverse change in regulatory requirements governing our products and the products of our customers, may adversely impact our business, prospects, results of operations and financial condition.**

Regulatory requirements with respect to our products and the products of our customers are subject to change. An adverse change in the laws governing the manufacturing of our products and their usage by our customers, including the development of licensing requirements and technical standards and specifications or the imposition of onerous requirements, may have an adverse impact on our operations. We may be required to alter our manufacturing and/or distribution process and target markets and incur capital expenditure to achieve compliance with such new regulatory requirements applicable to us and our customers. We cannot assure you that we will be able to comply with such changes or additional regulatory requirements.

If we fail to comply with new statutory or regulatory requirements, there could be a delay in the submission or grant of approval for manufacturing and marketing new products or we may be required to withdraw existing products from the market. Further, changes in regulatory requirements, may result in our customers being unable to utilise our products for manufacturing their respective products. There is an inherent risk that we may inadvertently fail to comply with such regulations, which could lead to enforced shutdowns and other sanctions imposed by the relevant authorities, as well as the withholding or delay in receipt of regulatory approvals for our new products, which may adversely impact our business, prospects, results of operations and financial condition.

**23. Changes in technology may render our current technologies obsolete or require us to make substantial capital investments.**

Modernization and technology up gradation is essential to reduce costs and increase the efficiency. Our technology may become obsolete or may not be upgraded timely, hampering our operations and financial conditions and we may lose our competitive edge. Although we believe that we are utilizing latest technology by using latest machineries and equipments, we shall continue to strive to keep our technology updated. In case of a new found technology in the cattle feed and allied sector, we may be required to implement new technology employed by us. Further, the cost in upgrading our technology is significant which could substantially affect our finances and operations.

**24. We are a listed company and are required to comply with rules and regulations imposed by the Stock Exchanges and SEBI with respect to continuous listing and the Companies Act. Any failure to comply with such rules and regulations or any wrong disclosure made to the Stock Exchange or any statutory authority could result in penalties being imposed on us, which may adversely affect our business and operations.**

As a listed company, we are required to comply with certain conditions for continuous listing under the SEBI Listing Regulations and other rules and regulations imposed by SEBI, which require us to make certain periodic disclosures, including disclosures about any material events or occurrences with respect to our Company, disclosure of our financial statements and disclosure of our updated shareholding pattern. Any failure to comply with these continuous disclosure requirements or any wrongful disclosure made by us to the Stock Exchange or any other statutory authority may lead to penalties being imposed on us. There has been, on few occasions, inadvertent Non Compliances/ Delay Compliances done by our Company as required under the provisions of SEBI LODR Regulations, Insider Trading Regulations, SEBI Takeover Regulations. We believe, we are in compliance with rules and regulations imposed by the BSE and SEBI with respect to continuous listing, any failure to comply with such rules and regulations or any wrong

disclosure/ Non filing/ Delay Filing to the BSE or any statutory authority could result in penalties being imposed on us, which may adversely affect our business and operations.

**25. Our success depends largely on our senior management and our ability to attract and retain our key personnel.**

Our success depends on the continued services and performance of the members of our management team and other key employees. Competition for senior management in the industry is intense, and we may not be able to retain our existing senior management or attract and retain new senior management in the future. The loss of the services of our Promoters could seriously impair our ability to continue to manage and expand our business. Further, the loss of any other member of our senior management or other key personnel may adversely affect our business, results of operations and financial condition. We do not maintain key man's life insurance for our Promoters, senior members of our management team or other key personnel.

**26. We may not be successful in implementing our business and growth strategies.**

The success of our business depends substantially on our ability to implement our business and growth strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted customers. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Further, our growth strategies could place significant demand on our management team and other resources and would require us to continuously develop and improve our operational, financial and other controls, none of which can be assured. Failure to implement our business and growth strategies would have a material adverse effect on our business and results of operations.

**27. As on the date of this Draft Letter of Offer, no investor complaint is outstanding on SCORES.**

As on the date of this Letter of Offer, no investor complaint is outstanding on SCORES. But there is no assurance that in future the Company will be able to resolve each and every investor complaint received on SCORES. For detailed information of the no. of Investor Complaints received and resolved by the Company, kindly refer to page 132 of this Draft letter of letter.

**28. We have experienced negative cash flows and any negative cash flows in the future could adversely affect our financial conditions and results of operations.**

<b>Net Cash Flow for the Year</b>	<b>(75.67)</b>	<b>202.74</b>

**29. Registered office is not owned are not owned by us.**

We operate from our registered office situated at 202, Oxford Plaza,9-1-129/1, Sd Road Secunderabad Hyderabad TG 500003. The same has been taken on lease from one of Wholly Owned Subsidiaries i.e namely Delecto Foods Private Limited to use the place situated at 202, Oxford Plaza,9-1-129/1, Sd Road Secunderabad Hyderabad TG 500003 as registered office. The Lease started from 01/08/2021 & present Lease agreement valid for one year period starting from 01/08/2022 to 31/07/2023. Any discontinuance of facility to use the office will lead us to locate any other premises. Our inability to identify the new premises may adversely affect the operations, finances and profitability of our Company.

**30. Insurance coverage obtained by us may not adequately protect us against unforeseen losses.**

We have not maintained any insurance coverage of our assets and accident policies. In the event we suffer loss or damage that is not covered by insurance or exceeds our insurance coverage, our results of operations and cash flow may be adversely affected.

**31. Delay in raising funds from the Right issue could adversely impact the implementation schedule.**

The proposed expansion, as detailed in the section titled “*Objects of the Issue*” is to be funded from the proceeds of this Issue. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute the expansion process within the given time frame, or within the costs as originally estimated by us. Any time overrun or cost overrun may adversely affect our growth plans and profitability.

**32. A significant portion of the Issue proceeds will be utilised by our Company to invest in wholly owned subsidiary Companies for their working capital requirements.**

The main object of the Issue is to invest in wholly owned subsidiary Companies named Vintage Coffee Private Limited and Delecto Foods Private Limited for their working capital requirements. For further details, please see the chapter titled “*Objects of the Issue*” beginning on page 57 of this Draft Letter of Offer. The amount of Net Proceeds utilized towards such investment in our wholly owned subsidiary will not be available for use in our business for any other purposes.

**33. The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles “Objects of the Issue”.**

The fund requirement and deployment, as mentioned in the “*Objects of the Issue*” on page 57 of this Draft Letter of Offer is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are

based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter "Objects of the Issue" is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter "Objects of the Issue" will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

- 34. Our future fund requirements, in the form of further issue of capital or securities may be prejudicial to the interest of the Shareholders depending upon the terms on which they are eventually raised.**

We may require additional capital from time to time depending on our business needs. Any further issue of Equity Shares or convertible securities would dilute the shareholding of the existing Shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing Shareholders. If such funds are raised in the form of loans or debt or preference shares, then it may substantially increase our fixed interest/dividend burden and decrease our cash flows, thus adversely affecting our business, results of operations and financial condition.

- 35. Our Company's ability to pay dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditures.**

Our Company has not been a dividend paying Company in last five years. Further, the amount of future dividend payments, if any, will depend upon our Company's future earnings, financial condition, cash flows, working capital requirements, the terms and conditions of our Company's indebtedness and capital expenditures. There can be no assurance that our Company will be able to pay dividends in the future.

- 36. Industry information included in this Draft Letter of offer has been derived from industry reports commissioned by us for such purpose. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.**

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Letter of offer. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their depend ability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us, or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Letter of Offer.

- 37. There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.**

As per SEBI (ICDR) Regulations, 2018 appointment of monitoring agency is required only for Issue size above Rs. 10,000 Lacs. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the BSE and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

### RISKS RELATING TO RIGHTS ISSUE

- 38. Failure to exercise or sell the Rights Entitlements will cause the Rights Entitlements to lapse without compensation and result in a dilution of Investor's shareholding**

The Rights Entitlements that are not exercised prior to the end of the Closing Date will expire and become null and void, and Eligible Equity Shareholders will not receive any consideration for them. The proportionate ownership and voting interest in our Company of Eligible Equity Shareholders who fail (or are not able) to exercise their Rights Entitlements will be diluted pursuant to increase in paid up share capital. Even if you elect to sell your unexercised Rights Entitlements, the consideration you receive for them may not be sufficient to fully compensate you for the dilution of your percentage ownership of the equity share capital of our Company that may be caused as a result of the Rights Issue. Renouncees may not be able to apply in case of failure in completion of renunciation through off-market transfer in such a manner that the Rights Entitlements are credited to the Demat Account of the Renouncees prior to the Issue Closing Date. Further, in case, the Rights Entitlements do not get credited in time, in case of On Market Renunciation, such Renouncee will not be able to apply in this Rights Issue with respect to such Rights Entitlements.

- 39. Our You may not receive the Equity Shares that you subscribe in the Issue until fifteen days after the date on which this Issue closes, which will subject you to market risk.**

The Equity Shares that you subscribe in the Issue may not be credited to your demat account with the depository participants until approximately 15 days from the Issue Closing Date. You can start trading such Equity Shares only after receipt of the listing and trading approval in respect thereof. There can be no assurance that the Equity Shares allocated to you will be credited to your demat account, or that trading in the Equity Shares will commence within the specified time period, subjecting you to market risk for such period.

- 40. There is no guarantee that our Equity Shares will be listed in a timely manner or at all which may adversely affect the trading price of our Equity Shares.**

In accordance with Indian law and practice, final approval for listing and trading of the Equity Shares will not be granted by the Stock Exchanges until after those Equity Shares have been issued and allotted. Approval will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on Stock Exchanges. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares. Further, historical trading prices, therefore, may not be indicative of the prices at which the Equity Shares will trade in the future which may adversely impact the ability of our shareholders to sell the Equity Shares or the price at which shareholders may be able to sell their Equity Shares at that point of time.

(CIN- L15100TG1980PLC161210)

**41. The Issue Price of our Right Equity Shares may not be indicative of the market price of our Equity Shares after the Issue.**

The market price of the Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. There can be no assurance that the Investors will be able to sell their Equity Shares at or above the Issue Price. The factors that could affect our share price are:

- (a) quarterly variations in the rate of growth of our financial indicators such as earnings per share;
- (b) changes in revenue or earnings estimates or publication of research reports by analysts;
- (c) speculation in the press or investment community;
- (d) general market conditions; and
- (e) domestic and international economic, legal and regulatory factors unrelated to our performance.

### EXTERNAL RISK FACTORS

**42. Any downgrading of India's debt rating by a domestic or international rating agency could adversely affect our business.**

There could be a downgrade of India's sovereign debt rating due to various factors, including changes in tax or fiscal policy, or a decline in India's foreign exchange reserves, which are outside our control. Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available.

**43. Investing in securities that carry emerging market risks can be affected generally by volatility in the emerging markets.**

The markets for securities bearing emerging market risks, such as risks relating to India, are, to varying degrees, influenced by economic and securities market conditions in other emerging market countries. Although economic conditions differ in each country, investors' reactions to developments in one country may affect securities of issuers in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and the Indian economy in general.

Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India, which could adversely affect the Indian financial sector in particular. Any such disruption could have an adverse effect on our Company's business, future financial performance, financial condition and results of operations, and affect the price of the Equity Shares. Accordingly, the price and liquidity of the Equity Shares may be subject to significant fluctuations, which may not necessarily be directly or indirectly related to our financial performance.

**44. Political instability or changes in the Government or Government policies could impact the liberalization of the Indian economy and adversely affect economic conditions in India generally.**

The performance and growth of our Company is dependent on the health of the Indian economy and more generally the global economy. The economy could be adversely affected by various factors such as political or regulatory action, including adverse changes in liberalization policies, social disturbances, terrorist attacks and other acts of violence or war, natural calamities, interest rates, commodity and energy prices and various other factors. The rate of economic liberalization could change, and specific laws and policies affecting foreign investment, currency exchange rates

---

## VINTAGE COFFEE AND BEVERAGES LIMITED

(CIN- L15100TG1980PLC161210)

and other matters affecting investment in India could change as well. As a result, our business and the market price and liquidity of the Equity Shares may be affected by such economic and / or political changes. While the current Government is expected to continue the liberalization of India's economic and financial sectors and deregulation policies, there can be no absolute assurance that such policies will be continued. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India generally and specifically have an adverse effect on the operations of our Company.

**45. Regional hostilities, terrorist attacks, communal disturbances, civil unrest and other acts of violence or war involving India and other countries may result in a loss of investor confidence and adversely affect our business, prospects, results of operations and financial condition.**

Terrorist attacks, civil unrest and other acts of violence or war may negatively affect the Indian markets on which our Equity Shares will trade as well as the worldwide financial markets. The Asian region has from time to time experienced instances of civil unrest and hostilities among neighbouring countries which may persist and occur in the future. Military activity or terrorist attacks in India may result in investor concern about stability in the region, which may adversely affect the price of our Equity Shares. Events of this nature in the future, as well as social and civil unrest within other countries in the World, could influence the Indian economy and could have an adverse effect on the market for securities of Indian companies, including our Equity Shares.

**46. Natural disasters and other disruptions could adversely affect the Indian economy and could cause our business and operations to suffer and the trading price of our Equity Shares to decrease.**

Our operations, may be damaged or disrupted as a result of natural disasters such as earthquakes, floods, heavy rainfall, epidemics, tsunamis and cyclones and other events such as protests, riots and labour unrest. Such events may lead to the disruption of information systems and telecommunication services for sustained periods. They also may make it difficult or impossible for employees to reach our business locations which could adversely affect our reputation, our relationships with our customers, our senior management team's ability to administer and supervise our business or it may cause us to incur substantial additional expenditure to repair or replace damaged equipment or rebuild parts of our infrastructure. We may also be liable to our customers for disruption in supply resulting from such damage or destruction. Our insurance coverage for such liability may not be sufficient. Any of the above factors may adversely affect our business, our financial results and the price of our Equity Shares.

**47. Any future issuance of the Equity Shares may dilute your future shareholding and sales of the Equity Shares by the Promoters or other major shareholders of our Company may adversely affect the trading price of the Equity Shares.**

Any future equity issuances by our Company may lead to dilution of your future shareholding in our Company. Any future equity issuances by our Company or sales of the Equity Shares by the Promoters or other major shareholders of our Company may adversely affect the trading price of the Equity Share. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Share. Except as otherwise stated in the Draft Letter of Offer, there is no restriction on our Company's ability to issue the Securities or the relevant shareholders' ability to dispose of their Equity Share, and there can be no assurance that our Company will not issue Equity Share or that any such shareholder (including Promoters and Promoter Group) will not dispose of, encumber, or pledge its Securities.

(CIN- L15100TG1980PLC161210)

**48. The outbreak of Novel Coronavirus, or outbreak of any other severe communicable disease could have a potential impact on our business, financial condition and results of operations.**

The outbreak, or threatened outbreak, of any severe epidemic caused due to viruses (particularly the Novel Coronavirus) could materially adversely affect overall business sentiment and environment, particularly if such outbreak is inadequately controlled. The spread of any severe communicable disease may also adversely affect the operations of our customers and suppliers, which could adversely affect our business, financial condition and results of operations. The outbreak of Novel Coronavirus has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines, shelter in place orders, and shutdowns. These measures have impacted and may further impact our workforce and operations, the operations of our customers, and those of our respective vendors and suppliers. There is currently substantial medical uncertainty regarding Novel Coronavirus. A rapid increase in severe cases and deaths where measures taken by governments fail or are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. The scope, duration and frequency of such measures and the adverse effects of Novel Coronavirus remain uncertain and could be severe. Our ability to meet our ongoing disclosure obligations might be adversely affected, despite our best efforts. If any of our employees were suspected of contracting Novel Coronavirus or any other epidemic disease, this could require us to quarantine some or all of these employees or disinfect the facilities used for our operations. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general.

The outbreak has significantly increased economic uncertainty. It is likely that the current outbreak or continued spread of Novel Coronavirus will cause an economic slowdown and it is possible that it could cause a global recession. The spread of Novel Coronavirus has caused us to modify our business practices (including employee travel, employee work locations, and cancellation of physical participation in meetings, events and conferences), and we may take further actions as may be required by government authorities or that we determine are in the best interests of our employees, customers, partners, and suppliers. There is no certainty that such measures will be sufficient to mitigate the risks posed by the outbreak, and our ability to perform critical functions could be harmed.

The extent to which the Novel Coronavirus further impacts our results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions taken globally to contain the coronavirus or treat its impact, among others. Existing insurance coverage may not provide protection for all costs that may arise from all such possible events. We are still assessing our business operations and system supports and the impact Novel Coronavirus may have on our results and financial condition, but there can be no assurance that this analysis will enable us to avoid part or all of any impact from the spread of Novel Coronavirus or its consequences, including downturns in business sentiment generally or in our sector in particular. The degree to which Novel Coronavirus impacts our results will depend on future developments, which are highly uncertain and cannot be predicted, including, but not limited to, the duration and spread of the outbreak, its severity, the actions taken to contain the outbreak or treat its impact, and how quickly and to what extent normal economic and operating conditions can resume. The above risks can threaten the safe operation of our facilities and cause disruption of operational activities, environmental harm, loss of life, injuries and impact the wellbeing of our people. Further in case the lockdown is extended, it could result in muted economic growth or give rise to a recessionary economic scenario, in India and globally, which could adversely affect the business, prospects, results of operations and financial condition of our Company.

(CIN- L15100TG1980PLC161210)

**49. Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.**

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of salaries, and other expenses relevant to our business.

High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or increase our rates to pass the increase in costs on to our customers. In such case, our business, results of operations, cash flows and financial condition may be adversely affected. Further, the Govt has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

Particulars	March 31, 2021	March 31, 2022	March 31, 2023	March 31, 2024
Inventory	489	514	411	105
Trade Receivable	56	45	32	60
Trade Payable	141	84	36	30

### Justification of Holding Level of last 3 years and estimated for FY 24:

Sr.No.	Particulars	Assumptions
<b>Current Assets</b>		
1	Revenues from operations:	The revenues from operations from FY 2022 to FY 2023 have increased by 31.12% and the revenues from operations from FY 2021 to FY 2022 was decreased by 13.14% due to covid 19. However, going forward we have estimated the rationalization in increase our revenues by utilizing the existing plant capacity.
2	Inventories:	The raw materials of the company which is Coffee Beans seasonal in nature hence we need to keep the stocks of raw materials for a longer period and moreover the finished goods also we need keep for longer period. We have estimated 3.50 Months stocks holding level for the FY24 (Raw materials -2.5 Months and Finished Goods-1 Month).
3	Trade receivables	We have assumed the Trade Receivable holding period level of around 60 days in financial year 2023-24 since our main business is export of

		instant coffee to various countries. Our terms of payment majorly Documents against payment (DP) , basically the holding period is transit time of the export shipments from our factory to reach the customer destination ports.
4	Other current assets including other financial assets.	The key items under this head are advance to suppliers, staff, other advances, security deposit with statutory authorities, Balances of taxes with Government authorities, prepaid expenses etc.
<b>Current Liabilities</b>		
5	Trade payables	In previous financial years from 2020-21 to 2022-23, Our payable's credit period was around 80-90 days, Our company will strive to adhere to stricter credit policy to achieve better and favorable pricing terms and to ensure continued relations with the existing suppliers. By making early payments to the suppliers (i.e. availing lower credit periods), the company shall be able to get competitive prices which would result in a reduction in the cost as a percentage of sales thereby increasing the profitability of the Company. Thus, the Company has estimated lower credit period of around 30 days in a FY 2023-24 which would in turn help in reducing the cost of sales and improve profitability margins.
6	Other current liabilities	Other current liabilities include provisions, statutory dues, expenses payable etc.

### Justification for utilization of Working Capital requirement for financial year 2023-24:

We have estimated Rs. 115.00 Crores turnover during the Financial Year 2023-24 & Calculated the Working capital requirement as per standard holding levels of the industry and the Company. Accordingly, VCPL needs additional working capital funds for expansion of business.

Assuming full subscription and Allotment of the Rights Equity Shares in the Issue, our Company proposes to utilize upto Rs. 2,400.00 lakhs from the Net Proceeds towards making an investment in VCPL for funding its working capital requirements.

We will determine the form of investment for the abovementioned investment in VCPL, i.e., whether they will involve equity, debt or any other instrument or combination thereof. At this stage, our Company cannot determine whether the form of investment will be equity, debt or any other instrument or combination thereof. Our Subsidiaries do not have any stated dividend policy and our Company cannot be assured of any dividends from it. Our Company will remain interested in our Subsidiaries, and will derive benefits from it, to the extent of our direct or indirect shareholding in it, or as a lender if funds are deployed in the form of debt. ***For details, see "Risk Factors on page 24.***

### 2. TO INVEST IN DELECTO FOODS PRIVATE LIMITED, WHOLLY OWNED SUBSIDIARY COMPANY TO FINANCE ITS WORKING CAPITAL REQUIREMENTS.

### 3. TO MAKE ACQUISITIONS OF BUSINESSES IN SIMILAR OR COMPLEMENTARY SPACE

Speed of growth is always vital to leveraging opportunities to their fullest. The fields of coffee and beverages have been rapidly changing and growing in the recent past. The Company management is actively working to identify acquisition targets that will further enhance or complement our ability to

## VINTAGE COFFEE AND BEVERAGES LIMITED

(CIN- L15100TG1980PLC161210)

service our customers. A potential acquisition will give us the ability to bring additional offerings to our customers - hence take a bigger share of their wallet - and/ or enable us reach a new set of customers rapidly.

While companies working in the coffee items and beverages are obvious candidates for acquisition, following are some additional areas that are complementary, and go together with our current offerings. Companies working in these areas therefore become acquisition targets of interest to us:

1. Coffee products
2. Coffee beverages
3. Varieties of tea / Coffee and its processing

In compliance with the SEBI ICDR Regulations towards making an acquisition, the company envisages to utilize upto Rs. 490 Lakhs out of the issue proceeds towards making an acquisition. This is going to be very vital for the company to grow rapidly in the coming years.

### 4. TO FINANCE THE GENERAL CORPORATE PURPOSE

Subject to this, our Company intends to deploy any balance left out of the Net Proceeds of Rs. [●]\* Lacs towards general corporate purposes and the business requirements of our Company, as approved by our management, from time to time. We confirm that utilization for general corporate purposes will not exceed 25% of the Gross Proceeds of the Issue.

Such general corporate purposes may include, but are not restricted to, the following:

- Strategic initiatives, including investments or acquisitions, from time to time;
- Brand building, promotional and outreach activities;
- Strengthening our infrastructure and systems and processes, in-house training initiatives, etc.;
- Repayment of present or future loans;
- Research and Development;
- Ongoing general corporate purposes or exigencies, as approved by the Board, subject to compliance with applicable law.

Our management will have flexibility in utilizing any amounts for general corporate purposes in accordance with policies of our Board. The quantum of utilization of funds towards any of the purposes mentioned above will be determined by the Board, based on the amount actually available under this head and the business requirements of our Company, from time to time.

#### GLOBAL PROSPECTS AND POLICIES

*A tentative recovery in 2021 has been followed by increasingly gloomy developments in 2022 as risks began to materialize. Global output contracted in the second quarter of this year, owing to downturns in China and Russia, while US consumer spending undershot expectations. Several shocks have hit a world economy already weakened by the pandemic: higher-than-expected inflation worldwide--especially in the United States and major European economies--triggering tighter financial conditions; a worse-than-anticipated slowdown in China, reflecting COVID- 19 outbreaks and lockdowns; and further negative spillovers from the war in Ukraine.*

*The baseline forecast is for growth to slow from 6.1 percent last year to 3.2 percent in 2022, 0.4 percentage point lower than in the April 2022 World Economic Outlook. Lower growth earlier this year, reduced household purchasing power, and tighter monetary policy drove a downward revision of 1.4 percentage points in the United States. In China, further lockdowns and the deepening real estate crisis have led growth to be revised down by 1.1 percentage points, with major global spillovers. And in Europe, significant downgrades reflect spillovers from the war in Ukraine and tighter monetary policy. Global inflation has been revised up due to food and energy prices as well as lingering supply-demand imbalances, and it is anticipated to reach 6.6 percent in advanced economies and 9.5 percent in emerging market and developing economies this year--upward revisions of 0.9 and 0.8 percentage point, respectively. In 2023, disinflationary monetary policy is expected to bite, with global output growing by just 2.9 percent.*

*The risks to the outlook are overwhelmingly tilted to the downside. The war in Ukraine could lead to a sudden stop of European gas imports from Russia; inflation could be harder to bring down than anticipated either if labor markets are tighter than expected or inflation expectations unanchor; tighter global financial conditions could induce debt distress in emerging market and developing economies; renewed COVID-19 outbreaks and lockdowns as well as a further escalation of the property sector crisis might further suppress Chinese growth; and geopolitical fragmentation could impede global trade and cooperation. A plausible alternative scenario in which risks materialize, inflation rises further, and global growth declines to about 2.6 percent and 2.0 percent in 2022 and 2023, respectively, would put growth in the bottom 10 percent of outcomes since 1970.*

(CIN- L15100TG1980PLC161210)

*With increasing prices continuing to squeeze living standards worldwide, taming inflation should be the first priority for policymakers. Tighter monetary policy will inevitably have real economic costs, but delay will only exacerbate them. Targeted fiscal support can help cushion the impact on the most vulnerable, but with government budgets stretched by the pandemic and the need for a disinflationary overall macroeconomic policy stance, such policies will need to be offset by increased taxes or lower government spending. Tighter monetary conditions will also affect financial stability, requiring judicious use of macroprudential tools and making reforms to debt resolution frameworks all the more necessary. Policies to address specific impacts on energy and food prices should focus on those most affected without distorting prices. And as the pandemic continues, vaccination rates must rise to guard against future variants. Finally, mitigating climate change continues to require urgent multilateral action to limit emissions and raise investments to hasten the green transition.*

### *Global slowdown intensifies as downside risks materialize.*

A tentative recovery in 2021 has been followed by increasingly gloomy developments in 2022. Performance was slightly better than expected in the first quarter, but world real GDP is estimated to have shrunk in the second quarter—the first contraction since 2020—owing to economic downturns in China and Russia. Downside risks discussed in the April 2022 *World Economic Outlook* are materializing, with higher inflation worldwide, especially in the United States and major European economies, triggering a sharp tightening in global financial conditions; a sharper-than-anticipated slowdown in China, reflecting COVID-19 outbreaks and lockdowns; and further negative cross-border effects from the war in Ukraine.

### *Global inflation again surprises on the upside, prompting more central bank tightening.*

Since 2021, consumer prices have consistently risen faster than widely expected, including in the *World Economic Outlook* (Figure 1). In the United States, the consumer price index rose by 9.1 percent in June, compared with a year earlier, and it also rose by 9.1 percent in the United Kingdom in May—the highest inflation rates in these two countries in 40 years. In the euro area, inflation in June reached 8.6 percent, its highest level since the inception of the monetary union. Equally concerning, in emerging market and developing economies, second-quarter inflation is estimated to have been 9.8 percent. Higher food and energy prices, supply constraints in many sectors, and a rebalancing of demand back

toward services have in most economies driven up headline inflation. But underlying inflation has also increased, as reflected in different gauges of core inflation, reflecting the pass-through of cost pressures by way of supply chains and tight labor markets, especially in advanced economies.<sup>1</sup> Wage growth has on average not kept up with inflation across both advanced and emerging market and developing economies, eroding household purchasing power. Although long-term inflation expectations have been stable in most major economies, they have started to rise according to some measures, including in the United States (Figure 2). In response to incoming data, central banks of major advanced economies are withdrawing monetary support more assertively and raising policy interest rates faster than expected in the April 2022 *World Economic Outlook*. Central banks in several emerging market and developing economies have raised interest rates more aggressively than during past advanced economy tightening cycles. The associated rise in longer-term borrowing costs, including mortgage rates, and tighter global financial conditions (see box) have led to precipitous declines in equity prices, weighing on growth. At the same time, public COVID-19 support packages have been wound down.

**Global growth:** In the baseline scenario, global growth is 3.2 percent in 2022 and moderates to 2.9 percent in 2023, lower than projected in the April 2022 *World Economic Outlook* by 0.4 and 0.7 percentage point, respectively (Table 1). In a number of cases, a better-than-expected growth outcome in the first quarter of 2022 offsets the subsequent slowdown, resulting in a relatively modest net negative revision for average annual growth in 2022. Downgrades for China and the United States, as well as for India, are driving the downward revisions to global growth during 2022-23, which reflect the materialization of downside risks highlighted in the April 2022 *World Economic Outlook*: a sharper slowdown in China due to extended lockdowns, tightening global financial conditions associated with expectations of steeper interest rate hikes by major central banks to ease inflation pressure, and spillovers from the war in Ukraine. With growth near 3 percent in 2022-23, a decline in global GDP or in global GDP per capita—sometimes associated with global recession—is not currently part of the baseline scenario. However, projections for growth on a fourth-quarter-over-fourth-quarter basis point to a significant weakening of activity in the second half of 2022 (Table 1). While the revisions are mostly negative for advanced economies, differing exposures to the underlying developments mean that those for emerging market and developing economies are more mixed:

As noted, growth revisions for major advanced economies in 2022-23 are generally negative. Baseline growth in the United States is revised down by 1.4 percentage points and 1.3 percentage points in 2022 and 2023, respectively, reflecting weaker-than-expected growth in the first two quarters of 2022, with significantly less momentum in private consumption, in part reflecting the erosion of household purchasing power and the expected impact of a steeper tightening in monetary policy. Growth in the euro area is also revised down: by 0.2 percentage point in 2022, when improved prospects for tourism and industrial activity in Italy are more than offset by significant downgrades in France, Germany, and Spain; and by 1.1 percentage point in 2023.

This reflects spillovers from the war in Ukraine as well as the assumption of tighter financial conditions, with the European Central Bank ending net asset purchases and raising rates in July 2022 for the first time since 2011. In a number of European economies, NextGenerationEU funds are supporting economic activity.

## VINTAGE COFFEE AND BEVERAGES LIMITED

(CIN- L15100TG1980PLC161210)

For emerging market and developing economies, the negative revisions to growth in 2022-23 reflect mainly the sharp slowdown of China's economy and the moderation in India's economic growth. The revision in emerging and developing Asia is correspondingly large, at 0.8 percentage point in the baseline for 2022. This revision includes a 1.1 percentage point downgrade to growth in China, to 3.3 percent (the lowest growth in more than four decades, excluding the initial COVID-19 crisis in 2020), owing primarily to the aforementioned COVID-19 outbreaks and lockdowns. Likewise, the outlook for India has been revised down by 0.8 percentage point, to 7.4 percent. For India, the revision reflects mainly less favorable external conditions and more rapid policy tightening. Elsewhere, growth revisions in the baseline have been mostly on the upside. Real GDP for emerging and developing Europe is expected to shrink by 1.5 percentage points less in 2022 than predicted in the April 2022 World Economic Outlook but grow by 0.4 percentage point less in 2023, on the back of stronger-than-expected Russian export growth in 2022 and the recently announced additional sanctions on Russia in 2023. Latin America and the Caribbean has also seen an upward revision of 0.5 percentage point in 2022 as a result of a more robust recovery in the large economies (Brazil, Mexico, Colombia, Chile).. The outlooks for countries in the Middle East and Central Asia and sub-Saharan Africa remain on average unchanged or positive, reflecting the effects of elevated fossil fuel and metal prices for some commodity-exporting countries.

**Inflation:** The baseline projection for global inflation is also more pessimistic, having been revised up to 8.3 percent in 2022 on a fourth-quarter-over-fourth-quarter basis, from 6.9 percent in the April 2022 World Economic Outlook. The upside inflation revision in 2022 is larger for advanced economies, where it is expected to reach 6.3 percent from 4.8 percent projected in the April 2022 World Economic Outlook on a fourth-quarter-over-fourth-quarter basis, driven by significant increases in headline inflation among such major economies as the United Kingdom (a 2.7 percentage point upward revision to 10.5 percent) and the euro area (a 2.9 percentage point upward revision to 7.3 percent). Forecasts for 2023 are relatively unchanged--up by only 0.2 percentage point on a fourth-quarter-over-fourth-quarter basis--reflecting confidence that inflation will decline as central banks tighten policies and energy price base effects turn negative. For emerging market and developing economies, inflation in 2022 is expected to reach 10.0 percent on a fourth-quarter-over-fourth-quarter basis. Revisions for those economies display greater variation across countries, with relatively modest increases in emerging and developing Asia (partly because of a slowdown of activity in China and limited increases in prices of staple foods) but larger revisions for Latin America and the Caribbean (up by 3.0 percentage points) and for emerging and developing Europe (up by 2.9 percentage points).

## Indian Economy Overview

### Introduction

Strong economic growth in the first quarter of FY 2022-23 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of COVID-19 pandemic shock. Real GDP in the first quarter of 2022-23 is currently about 4% higher than its corresponding 2019-20, indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022-2023. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

(CIN- L15100TG1980PLC161210)

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the period of April-September 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

### Market size

- India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy and is planning to achieve 40% of its energy from non-fossil sources by 2030.
- According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at 2.1% of GDP in the first quarter of FY 2022-23.
- Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

### Recent Development

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

Recent economic developments in India are as follows:

- As of September 21, 2022, India's foreign exchange reserves stood at US\$ 524,520 million.
- The private equity-venture capital (PE-VC) sector investments stood at US\$ 2 billion in September 2022.
- Merchandise exports in September 2022 stood at US\$ 32.62 billion.
- PMI Services remained comfortably in the expansionary zone at 56.7 during April-September 2022
- In September 2022, the gross Goods and Services Tax (GST) revenue collection stood at Rs. 147,686 crore (US\$ 17.92 billion).
- Between April 2000-June 2022, cumulative FDI equity inflows to India stood at US\$ 604,996 million.
- In August 2022, the overall IIP (Index of Industrial Production) stood at 131.3. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 99.6, 131.0 and 191.3, respectively, in August 2022.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 7.41% in September 2022.
- In FY 2022-23, (until October 28, 2022), Foreign Portfolio Investment (FPI) outflows stood at Rs. 58,762 crore (US\$ 7.13 billion).
- The wheat procurement in Rabi 2021-22 and the anticipated paddy purchase in Kharif 2021-22 would include 1208 lakh (120.8 million) metric tonnes of wheat and paddy from 163 lakh (16.7 million) farmers, as well as a direct payment of MSP value of Rs. 2.37 lakh crore (US\$ 31.74 billion) to their accounts.

### Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, are aimed at creating immense opportunities in India. In this regard, some of

### COFFEE INDUSTRY OVERVIEW

#### INTRODUCTION

India is among the top 10 coffee-producing countries, with about 3% of the global output in 2020. Indian coffee is one of the best coffees in the world due to its high quality and gets a high premium in the international markets. India produces two types of coffee: Arabica and Robusta. Arabica has high market value than Robusta coffee due to its mild aromatic flavor. Robusta coffee is mainly used in making various blends due to its strong flavor. Robusta is the majorly manufactured coffee with a share of 72% of the total production. The industry provides direct employment to more than 2 million people in India. Since coffee is mainly an export commodity for India, domestic demand and consumption do not drastically impact the prices of coffee.

Coffee is largely produced in the southern part of India. Karnataka is the largest producer accounting for about 70% of the total coffee production in India. Kerala is the second-largest producer of coffee but lags far behind, accounting only for about 23% of the total production. Tamil Nadu is the third-largest producer, where India's 6% of the coffee is produced. Nearly half of Tamil Nadu's coffee is made in the Nilgiri district, a major Arabica growing region. Orissa and the northeastern areas have a smaller proportion of production.

#### EXPORT TREND

Coffee is one of the world's most popular commodities, and as of 2020, the coffee market was valued at around US\$ 466 billion. India majorly exports Robusta coffee beans, a coffee bean species with low acidity and high bitterness compared to Arabica coffee. Apart from green coffee beans, preparations of coffee (31% of which is instant coffee) also have a significant share in India's export basket. Almost one-third of the country's total coffee exports constitute instant coffee. Over the past 10 years, until FY20, instant coffee has experienced a CAGR of 4%.

In recent years, India's specialty coffee has become a popular product, garnering interest from global coffee enthusiasts. Specialty coffee is distinguished by careful cultivation practices, a clear origin, a routine of plucking and special processing, branding, handling, and appearance.

According to The Food and Agriculture Organization (FAO) statistics, India is the eighth largest exporter of coffee by volume. Indian coffee exports display a seasonality, with exports peaking from March to June. The country exports over 70% of its production. In 2021-22, the total exports recorded a 42% rise to US\$ 1.04 billion from the previous year. In March 2022, exports of coffee were valued at US\$ 114.7 million, a 22% growth from February 2022. In FY23 (until September 2022), export of coffee stood at US\$ 610.23 million, a 32.54% rise as compared to the same period previous year. This strong growth in the export of coffee has improved realizations for coffee growers in key states like Karnataka, Kerala, and Tamil Nadu.

### TOP EXPORT DESTINATIONS

India exports coffee to more than 50 countries around the world. Italy, Germany, Belgium, and the Russian Federation are the largest importers of coffee from India, with an average total share of about 45%. The other coffee importing countries are Libya, Poland, Jordan, Malaysia, the US, Slovenia, and Australia.

Italy, India's largest export market, accounts for 20% of bean coffee exports. Europe, where people prefer the more bitter and stronger flavors of the Robusta blend, makes up 42% of India's exports. Arabica coffee blend has high demand from the Middle East region, which can be traced back to the Arabia regions. In 2019-20, Russia, Poland, USA, Turkey, and Malaysia imported coffee preparations produced in India, worth close to US\$ 141 million. Also, the Government of Japan's assurance to purchase all the coffee produced in the Manipur state will drive mass-scale coffee production in areas like Chandel, Litan, and Nongmaiching Hills, which were once regarded unsuitable for coffee production.

India's exports of green coffee beans to Germany saw a 5% CAGR during the 2015-19 period. Indian exporters continue focusing on building a significant market share in Poland and the USA for instant coffee. India is the third-largest exporter of coffee to Poland, while coffee preparations exported to the USA grew at a 9% CAGR.

### GOVERNMENT INITIATIVES

The Government of India took the initiative to provide subsidies to the farmers between US\$ 2,500-US\$ 3,500 per hectare for developing coffee in the traditional areas. Additional assistance for water augmentation, equipment, marketing, and promotion is also provided under the schemes. The government also supports the non-traditional coffee-growing regions under Coffee Development Programmes (CDP). Additionally, in accordance with the national policy of tribal development, coffee cultivation is being encouraged in non-traditional areas such as Andhra Pradesh, Orissa, Maharashtra,

the northeastern states, and Andaman and the Nicobar Islands. Under various export promotion initiatives, transit and freight assistance are provided to help maximize export earnings.

### **Export Promotion scheme - Providing Export incentive**

The scheme aims to maximize export earnings by enhancing the market share of value-added coffees and high-value differentiated coffees in important high-value international markets. The government provides an export incentive of Rs. 2/- per kg. for exporting high-value green coffees to high-value markets such as the USA, Canada, Japan, Australia, New Zealand, South Korea, Finland, and Norway. There is also an incentive of Rs. 3/- per kg. for export of value-added coffees in retail consumer packs exported as “India Brand” calculated on the green coffee utilized for preparation at the maximum rate of 2.6 kg for instant/soluble coffee and 1.19 kgs for Roasted coffee seeds and R & G Coffees.

### HEALTH, SAFETY AND ENVIRONMENT

We are committed to globally accepted best practices and compliance with applicable health, safety and environmental legislation and other requirements in our operations. In order to ensure effective implementation of our practices, we have implemented a safety, health and environment policy wherein we have committed to, inter alia, the maintenance of a safe workplace and providing the necessary training to employees in our workplace. We believe that we comply in all material respects with applicable occupational health and safety laws, regulations and other contractual requirements relevant to health and safety of employees and subcontractors at our project sites and manufacturing facilities.

### COMPETITION

We operate in a competitive retail landscape and face competition, especially from other retailers of coffee products and café operators in India. We believe that the principal factors affecting competition in the coffee retail sector include pricing, product and service quality, brand perception and taste and product variety. We believe that we distinguish ourselves from our competitors on the basis of strong branding and ownership of the same, high levels of customer service, good café locations, trendy café format, competitive pricing and a wide range of products. Furthermore, as we have operated in India for a significant period of time and possess knowledge of the local market, we believe it provides us with an additional competitive edge. In addition, some of our competitors are brands that have been licensed to certain companies in India and may be faced with certain restrictions such as the requirements of royalty payments, freedom and flexibility to take immediate business decisions for expanding product offerings or geographical expansion.

We carefully monitor the prices offered by our competitors and continuously adjust our pricing and promotions to maintain our competitiveness. In addition to price, we believe our ability to provide a high level of customer service gives us a key competitive advantage. We believe our dedicated and experienced employees, deep product and market knowledge, distinctive café formats and innovative marketing initiatives are important ways in which we maintain this advantage.

### OUR PRODUCTS

#### SPRAY DRIED INSTANT COFFEE -

This is then Spray dried , coffee mixture which is now in a slush state is passed through nozzles into a hot air tower and collected as soluble powder. This spray during process allows larger scale economic production, shorter drying times, and because it produces fine, rounded particles.

Green coffee is roasted to perfection using state of the art Probat profile roaster which maps out a perfect roast taking into consideration the requirements of customer to bring out desired flavour and aroma.

Rotating cylinders containing the green beans and hot combustion gases are used in most roasting plants. When the bean temperature reaches 165 °C (329 °F) the roasting begins. It takes about 8-15 minutes to complete roasting.

After cooling, the beans are then ground finely. Grinding reduces the beans to 0.5-1.1-millimetre (0.020-0.043 in) pieces. This ground coffee is then then passed through extractors which uses water. Pressurized liquid water heated to around 175 °C (347 °F) is used for this process.

At this stage Aroma which is lost in high temperature is separated and captured separately.

The coffee concentration in the liquid is then increased by evaporation where soluble and volatile contents of the beans, which provide the coffee aroma and flavor, have to be extracted. At this stage the captured aroma is added back.

#### AGGLOMERATED INSTANT COFFEE-

To get over the drawback of spray dried coffee, which is the particles are too fine to be used effectively by the consumer, by a process of agglomeration , Spray dried coffee is fine ground and steam fused to bind the fine ground instant coffees into granules. This is marketed as a more soluble and attractive form of Instant coffee.

### List of Plant and Machinery

#### Roaster

Vintage coffee is installed with a Roaster from Probat Leogap, Brazil - 4000 kg of green coffee per hour. The roaster uses LPG to run. They opted to use this over bio degradable components such as Wood.

Currently, Our company is using LOT system, where they have 21\*47.5kg cylinders from Indian Oil. They are going for Bulk System, where they will directly be using LPG Bullets.

#### Boiler

Our factory is installed with a multi-fuel boiler purchased from Thermax, which is the top company in India. The boiler has a steam capacity of 16 TPH with double-bed, which is their top capacity model for Fluidised Bed type boiler, which is generally used in this type of industry.

The Boiler can run on Rice Husk and/or Coal. They are currently operating on Rice Husk and Spent Coffee Grounds in a ratio of 70:30. This allows to decrease the husk consumption which is a direct power and fuel cost as well as allows to completely dispose the spent coffee inside the boiler itself. Coal is a back-up option They can use whenever rice husk availability becomes an issue.

The boiler is equipped with a multi-cyclone and bag filter for pollution control. This is the best available technology for pollution control in this capacity and ensures that the emissions are well inside Pollution Control Board (PCB) standards.

#### Extraction, Evaporation, Spray Drier and Agglomeration

The factory is installed with Extraction, Evaporation, Spray Drier and Agglomeration from SSP (India) with a production capacity of 750 kg of instant coffee per hour.

The extraction is comprising of 8 percolators with one of the best cycle times in the industry. The extraction blowdown is connected to a steam tube dryer for spent coffee, and they are using the ground spent in the boiler to reduce husk usage. The evaporation is connected to a double aroma recovery system, one of the best in industry, to make sure while increasing concentration, there is minimal loss of aroma, as aroma is one of the important components of instant coffee character.

The Spray Drier and Agglomeration are both housed in a 45m tower, with the optimum capacity of 750 kg of instant coffee per hour.

#### Packing Line

We currently pack instant Coffee in bulk can and exports to the clients. The instant coffee is stored in storage vessel with 600-1200 kgs capacity. The storage vessels are linked to the filling section. The bulk packing is done in poly liner bags with the capacity of 23 kgs. This again is packed in a carton.

## INDEPENDENT AUDITOR'S REPORT

To,  
The Members of,  
**VINTAGE COFFEE AND BEVERAGES LIMITED (formerly known as Spaceage Products Limited)**

### Report on the Audit of Standalone Financial Statements

#### Opinion

We have audited the accompanying Standalone Financial statements of **VINTAGE COFFEE AND BEVERAGES LIMITED (formerly known as Spaceage Products Limited)** ("The Company"), which comprise the Standalone Balance Sheet as at **31st March, 2022** and the Standalone Statement of Profit & Loss (including the statement of Other Comprehensive Income), the Standalone Cash Flow Statement and the Standalone Statement of Changes in Equity for the year then ended and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information, (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements for the year ended 31st March, 2022 give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, and total comprehensive income (comprising of profit and other comprehensive income) its cash flows and changes in equity for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the "Auditor's responsibilities for the Audit of Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

#### Other Information

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the annual report but does not include the Standalone financial statements and our auditor's report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent

with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

### **Responsibilities of management and those charged with the governance for the standalone financial statement**

The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the companies (Indian Accounting Standards) Rule, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Audit of Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act,

we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of reasonably knowledgeable user of Standalone Financials Results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work: and (ii) to evaluate the effect of any identified misstatements in Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirement**

- (i) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" statement on the matters Specified in paragraphs 3 and 4 of the Order, to the extent applicable.

    - Directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or
    - Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
  - (ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:
    - Directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
    - Provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

- (iv) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (d)(i) and (d)(ii) contain any material miss-statement.
- (v) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

**Independent Auditor's report on the standalone financial statements of VINTAGE COFFEE AND BEVERAGES LIMITED (formerly known as Spaceage Products Limited) for the year ended 31st March 2022**

**Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013**

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

We have audited the internal financial controls with reference to Standalone Financial Statement of **M/s. VINTAGE COFFEE AND BEVERAGES LIMITED (formerly known as Spaceage Products Limited) ("The Company")** as of 31 March, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## **1 Corporate information**

VINTAGE COFFEE AND BEVERAGES LIMITED (formerly known as Spaceage Products Limited) ('the Company') was incorporated on 25<sup>th</sup> April, 1980 under the provisions of the Companies Act applicable in India.

These financial statements were authorized for issue in accordance with a resolution of the directors on 30<sup>th</sup> May 2022.

## **2 Basis of preparation and Significant accounting policies:**

### **2.1 Basis of preparation:**

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

These financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained further in the accounting policies below.

- Certain financial assets like investment in equity shares are measured at fair value,

The standalone financial statements are presented in INR Lakhs ('₹').

### **2.2 Summary of significant accounting policies**

#### **a) Current versus non-current classification**

The Company presents assets and liabilities in the balance sheet based on current and non-current classification.

##### **Assets**

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realised within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

##### **Liability**

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is due to be settled within 12 months after the reporting date; or
- the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities include current portion of non-current financial liabilities.

The Company classifies all other liabilities as non-current.

### **Deferred tax**

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

### **Operating cycle**

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified period of twelve months as its operating cycle.

## **b) Significant accounting, judgments, estimates and assumptions**

The preparation of the Company's Financial Statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities, the accompanying disclosures, and the disclosure of contingent assets and contingent liabilities on the date of the standalone financial statements and the reported amounts of revenues and expenses for the year reported. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty as at the date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of the following:

### **Investment in equity shares:**

The Company is exposed to equity price risk from investments in equity securities measured at fair value through profit and loss. The Management monitors the proportion of equity securities in its investment portfolio based on market indices. Material investments within the portfolio are managed on an individual basis and all buy and sell decisions are approved by the Board of Directors.

### **Taxes**

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies. Uncertainties exist with respect to the interpretation of complex tax regulations and the amount and timing of future taxable income. Given the wide range of business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates, for possible consequences of assessments by the tax authorities. The amount of such provisions is based on various factors, such as experience of previous tax assessments and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the Company's domicile.

Minimum Alternative Tax ("MAT") credit is recognised as deferred tax asset based on evidence that the Company will pay normal income tax during the specified period. Significant judgments are involved in determining the future taxable income and future book profits, including amount of MAT credit available for set-off.

### **Impairment of non-financial assets**

Impairment exists when the carrying value of an asset or cash generating unit (“CGU”) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm’s length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow (“DCF”) model. The cash flows are derived from the budget for future years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset’s performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

### **Impairment of financial assets**

The Company assesses impairment of financial assets (‘Financial instruments’) and recognises expected credit losses in accordance with Ind AS 109. The Company provides for impairment of trade receivables and unbilled revenue outstanding for more than 1 year from the date they are due for payment and billing respectively. The Company also assesses for impairment of financial assets on specific identification basis at each period end.

The Company provides for impairment of investment in subsidiaries. Impairment exists when there is a diminution in value of the investment and the recoverable value of such investment is lower than the carrying value of such investment.

### **c) Fair value measurement**

The company measures financial instrument such as investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability - or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Currently company carries those instruments in level 1 inputs of the above mentioned fair value hierarchy.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

**d) Financial instruments:**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**i. Financial assets**

**Initial recognition and measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

**Subsequent measurement**

For purposes of subsequent measurement, financial assets are classified in three broad categories:

- Debt instruments assets at amortised cost
- Equity instruments measured at fair value through profit or loss (FVTPL)

When assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit and loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

**Debt instruments at amortised cost**

A debt instrument is measured at amortised cost (net of any write down for impairment) if both the following conditions are met:

- the asset is held to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes), and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (“SPPI”) on the principal amount outstanding.

Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit and loss. The losses arising from impairment are recognised statement of profit and loss. This category generally applies to trade and other receivables

**Financial assets at fair value through OCI (FVTOCI)**

A financial asset that meets the following two conditions is measured at fair value through OCI unless the asset is designated at fair value through profit and loss under fair value option.

- The financial asset is held both to collect contractual cash flows and to sell.
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in OCI. However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Profit and

Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Financial assets at fair value through profit and loss

FVTPL is a residual category for company's investment instruments. Any instruments which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

All investments included within the FVTPL category are measured at fair value with all changes recognized in the Profit and Loss

In addition, the company may elect to designate an instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

### **Equity investments**

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company has not made any such election. This classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment, However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investment in subsidiary are measured at cost.

### **De-recognition**

When the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; it evaluates if and to what extent it has retained the risks and rewards of ownership.

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- Based on above evaluation, either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a bases that reflect the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying

amount of the asset and the maximum amount of consideration that the Company could be required to repay.

### **Impairment of financial assets**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 ('Financial instruments') requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

### **ii. Financial liabilities**

#### **Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss or at amortised cost, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs.

The Company's financial liabilities include trade payables, lease obligations, and other payables.

#### **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

#### **Financial liabilities at amortised cost**

After initial recognition, interest-bearing loans and borrowings and other payables are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

#### **Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

### **iii. Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

#### **iv. Reclassification of financial assets**

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

#### **e) Property, plant and equipment**

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant if the recognition criteria are met.

Capital work in progress is stated at cost. Capital work-in-progress comprises of expenditure incurred for construction of building.

Property, plant and equipment are eliminated from financial statements, either on disposal or when retired from active use. Losses arising in case of retirement of Property, Plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognised in statement of profit and loss in the year of occurrence.

The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year and adjusted prospectively, if appropriate. Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets. Useful lives used by the Company are different from rates prescribed under Schedule II of the Companies Act 2013. These rates are based on evaluation of useful life estimated by the management supported by internal technical evaluation. The range of useful lives of the property, plant and equipment are as follows:

Property, plant and equipment	Useful lives estimated by the management (years)	Useful lives as per the Companies Act, 2013
Computer and Printers	3 years	3 years
Office equipment	5 years	5 years
Motor Car	5 years	5 years

#### **f) Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets are amortised on a straight-line basis over the estimated useful economic life. The Company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. If the persuasive evidence exists to the affect

that useful life of an intangible asset exceeds ten years, the Company amortises the intangible asset over the best estimate of its useful life. Such intangible assets and intangible assets not yet available for use are tested for impairment annually, either individually or at the cash-generating unit level. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortisation method is changed to reflect the changed pattern and are treated as changes in accounting estimates.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

#### **g) Impairment of non-financial assets**

Non-financial assets including Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the standalone statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the standalone statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

#### **h) Lease**

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Where the Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. An operating lease is a lease other than a finance lease. Operating lease:

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight line basis.

#### **i) Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from sale of products is stated net off discounts and any applicable duties and taxes on dispatch of goods in accordance with terms of sales.

Further, revenue from treasury investment activities like investment in quoted and un-quoted equity shares are measured at fair value through profit or loss at each reporting date.

The Company collects goods and service tax, service tax, sales tax and other taxes as applicable in the respective tax jurisdictions where the Company operates, on behalf of the government and therefore it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

#### **ii. Other income**

Dividend income is recognised when the Company's right to receive dividend is established by the reporting date. The right to receive dividend is generally established when shareholders approve the dividend.

Interest income is recognized as it accrues in the standalone statement of profit and loss using effective interest rate method.

#### **j) Foreign currency translation**

##### **i. Initial recognition**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

##### **ii. Conversion**

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

**iii. Exchange differences** Exchange differences arising on the settlement of monetary items or on reporting monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise except those arising from investments in non-integral operations.

#### **k) Taxes**

Tax expense comprises of current and deferred tax.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income-tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. Tax liability under Minimum Alternate Tax ("MAT") is considered as current tax. MAT entitlement is considered as deferred tax.

Minimum Alternative Tax ("MAT") credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

#### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences and the carry forward of any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit and loss is recognised outside profit and loss (either in OCI or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

**l) Provisions, Contingent liabilities, Contingent assets and Commitments:**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability. A contingent asset is disclosed, where an inflow of economic benefits is probable.

**m) Earnings per share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**n) Segment reporting**

The Company has only one segment of activity of dealing in IT products during the period; hence segment wise reporting as defined in Indian Accounting Standard-108 is not applicable.

**o) Inventory**

Inventories are valued at cost or net realizable value whichever is lower, computed on a FIFO basis, after providing for cost of obsolescence and other anticipate losses, wherever considered necessary. Finished goods include costs of conversion and other costs incurred in bringing the inventories to their present location and condition as certified by the management.

**p) Retirement and other employee benefits**

Employee benefits include provident fund and compensated absences.

#### **Defined contribution plans**

Contributions payable to recognized provident funds, which are defined contribution schemes, are charged to the standalone statement of profit and loss.

#### **Short-term employee benefits**

Short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. Compensated absences, which are expected to be utilised within the next 12 months, are treated as short-term employee benefits. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

#### **q) Cash and cash equivalents**

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value are unrestricted for withdrawal and usage

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

#### **r) Recent accounting pronouncements**

##### **Ind AS 116 'Leases':**

The Company is required to adopt Ind AS 116, Leases from 1 April 2019. Ind AS 116 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard – i.e. lessors continue to classify leases as finance or operating leases. It replaces existing leases guidance, Ind AS 17, Leases.

The Company is in the process of evaluating the impact of the new lease standard on all its lease arrangements and shall determine the appropriate transition option once the said evaluation has been completed.

##### **Ind AS 109 – Prepayment Features with Negative Compensation**

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments. The Company does not expect this amendment to have any impact on its standalone financial statements.

## **CONSOLIDATED FINANCIAL STATEMENTS**

## **Independent Auditors' Report on Consolidated Financial Statements**

To the Members,

**VINTAGE COFFEE AND BEVERAGES LIMITED (formerly known as Spaceage Products Limited)**

### **Report on the Consolidated Financial Statements**

#### **Opinion**

We have audited the accompanying consolidated financial statements of **Vintage Coffee And Beverages Limited (formerly known as Spaceage Products Limited)** (herein after referred to as "The Holding Company") and its subsidiary companies "**DELECTO FOODS PRIVATE LIMITED and VINTAGE COFFEE PRIVATE LIMITED**" (collectively referred to as "the Group"), comprising of the consolidated balance sheet as at 31 March 2022, the consolidated statement of profit and loss (including other comprehensive income), the consolidated cash flow statement, the consolidated statement of changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of other financial information of the subsidiary, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at 31<sup>st</sup> March 2022, and their consolidated profit including other comprehensive Income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the Auditor's responsibilities for the audit of the "Consolidated Financial Statements" section of our report. We are independent of the group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the rules there under, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Other Information**

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent

with the Consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility and those charged with Governance for the Consolidated Financial Statements**

The holding company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Companies Act, 2013 (hereinafter referred to as "the Act") read with Rule 7 of the Companies (Accounts) Rules, 2014 the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the Companies included in Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of the consolidated financial statements by the Directors of the holding company, as aforesaid.

In preparing the Consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is responsible for overseeing financial reporting process of the Group.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

We communicate with those charged with governance of Holding Company and such other entities included in the Consolidated Financial Statements of which are independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we

determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2) A) As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that :
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of aforesaid consolidated financial statements.
  - b. In our opinion proper books of account as required by law relating to preparation of aforesaid consolidated financial statements have been kept by the Company so far as appears from our examination of those books and the reports of the group company.
  - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with relevant books of account and records maintained for the purpose of preparation of consolidated financial statements.
  - d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 Companies (Indian Accounting Standards) Rules, 2015, as amended;
  - e. On the basis of written representations received from the directors of Holding Company as on March 31, 2022, and taken on record by the Board of Directors of Holding Company and the report of the statutory auditors of subsidiary company, incorporated in India, none of the directors of the Group Companies, incorporated in India, is disqualified as on March 31, 2022, from being appointed as a directors in terms of Section 164(2) of the Act.
  - f. With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- B. With respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - a) The consolidated financial statements disclose the impact, if any, of pending litigations on the consolidated financial position of the Group, to the consolidated financial statements

- b) The Group did not have any long-term contracts including derivative contracts as at March 31, 2022; as such the question of commenting on any material foreseeable losses thereon does not arise
- c) There has been no delaying in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding company and its Subsidiary Company, incorporated in India.
- d) i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies incorporated in India to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Holding Company or its subsidiary companies incorporated in India or
  - Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Holding Company or its subsidiary companies incorporated in India from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Holding Company or its subsidiary companies incorporated in India shall:
- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Parties or
  - Provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries
- (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d)(i) and (d)(ii) contain and material mis-statement.
- C. With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and according to the information and explanation given to us, the remuneration paid during the current year by the Holding Company and its subsidiaries which are incorporated in India to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiaries which are incorporated in India, is not in excess of the limit laid down under Section 197 of the Act.

**Annexure B to the Independent Auditor's Report on the consolidated financial statements of VINTAGE COFFEE AND BEVERAGES LIMITED (formerly known as Spaceage Products Limited) for the year ended 31 March 2022**

**Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

(Referred to in paragraph A(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In conjunction with our audit of the consolidated financial statements of the Company for the year ended 31 March, 2022, we have audited the internal financial controls over financial reporting of **VINTAGE COFFEE AND BEVERAGES LIMITED (formerly known as Spaceage Products Limited)** ("The Holding Company") and its subsidiary company, "**DELECTO FOODS PRIVATE LIMITED and VINTAGE COFFEE PRIVATE LIMITED**" (together referred to as "the Group"), which are the companies incorporated in India as of that date.

**Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Holding Company and its subsidiary company, to whom reporting under clause (i) of sub section 3 of section 143 of the Act in respect of the adequacy of the internal financial controls over financial reporting is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Holding Company and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## **Notes to the consolidated financial statements as at and for the year ended March 31, 2022**

### **1 Corporate information**

VINTAGE COFFEE AND BEVERAGES LIMITED (formerly known as Spaceage Products Limited) ('the Company') was incorporated on 25<sup>th</sup> April, 1980 under the provisions of the Companies Act applicable in India.

These financial statements were authorized for issue in accordance with a resolution of the directors on 30<sup>th</sup> May 2022.

### **2 Basis of preparation and Significant accounting policies:**

#### **2.1 Basis of preparation:**

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

These financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained further in the accounting policies below.

- Certain financial assets like investment in equity shares are measured at fair value,

The consolidated financial statements are presented in INR Lakhs ('₹').

#### **2.2 Summary of significant accounting policies**

##### **a) Current versus non-current classification**

The Company presents assets and liabilities in the balance sheet based on current and non-current classification.

##### **Assets**

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realised within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

### **Liability**

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is due to be settled within 12 months after the reporting date; or
- the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities include current portion of non-current financial liabilities.

The Company classifies all other liabilities as non-current.

### **Deferred tax**

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

### **Operating cycle**

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified period of twelve months as its operating cycle.

## **b) Significant accounting, judgments, estimates and assumptions**

The preparation of the Company's Financial Statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities, the accompanying disclosures, and the disclosure of contingent assets and contingent liabilities on the date of the standalone financial statements and the reported amounts of revenues and expenses for the year reported. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty as at the date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of the following:

### **Investment in equity shares:**

The Company is exposed to equity price risk from investments in equity securities measured at fair value through profit and loss. The Management monitors the proportion of equity securities in its investment portfolio based on market indices. Material investments within the portfolio are managed on an individual basis and all buy and sell decisions are approved by the Board of Directors.

### **Taxes**

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies. Uncertainties exist with respect to the interpretation of complex tax regulations and the amount and timing of future taxable income. Given the wide range of business relationships and the long-term

nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates, for possible consequences of assessments by the tax authorities. The amount of such provisions is based on various factors, such as experience of previous tax assessments and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the Company's domicile.

Minimum Alternative Tax ("MAT") credit is recognised as deferred tax asset based on evidence that the Company will pay normal income tax during the specified period. Significant judgments are involved in determining the future taxable income and future book profits, including amount of MAT credit available for set-off.

#### **Impairment of non-financial assets**

Impairment exists when the carrying value of an asset or cash generating unit ("CGU") exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow ("DCF") model. The cash flows are derived from the budget for future years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

#### **Impairment of financial assets**

The Company assesses impairment of financial assets ('Financial instruments') and recognises expected credit losses in accordance with Ind AS 109. The Company provides for impairment of trade receivables and unbilled revenue outstanding for more than 1 year from the date they are due for payment and billing respectively. The Company also assesses for impairment of financial assets on specific identification basis at each period end.

The Company provides for impairment of investment in subsidiaries. Impairment exists when there is a diminution in value of the investment and the recoverable value of such investment is lower than the carrying value of such investment.

#### **c) Fair value measurement**

The company measures financial instrument such as investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability - or

- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Currently company carries those instruments in level 1 inputs of the above mentioned fair value hierarchy.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

#### **d) Financial instruments:**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

##### **i. Financial assets**

##### **Initial recognition and measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

##### **Subsequent measurement**

For purposes of subsequent measurement, financial assets are classified in three broad categories:

- Debt instruments assets at amortised cost
- Equity instruments measured at fair value through profit or loss (FVTPL)

When assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit and loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

### **Debt instruments at amortised cost**

A debt instrument is measured at amortised cost (net of any write down for impairment) if both the following conditions are met:

- the asset is held to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes), and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (“SPPI”) on the principal amount outstanding.

Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit and loss. The losses arising from impairment are recognised statement of profit and loss. This category generally applies to trade and other receivables

### **Financial assets at fair value through OCI (FVTOCI)**

A financial asset that meets the following two conditions is measured at fair value through OCI unless the asset is designated at fair value through profit and loss under fair value option.

- The financial asset is held both to collect contractual cash flows and to sell.
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in OCI. However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Financial assets at fair value through profit and loss

FVTPL is a residual category for company’s investment instruments. Any instruments which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

All investments included within the FVTPL category are measured at fair value with all changes recognized in the Profit and Loss

In addition, the company may elect to designate an instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as ‘accounting mismatch’).

### **Equity investments**

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company has not made any such election. This classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investment in subsidiary are measured at cost.

#### De-recognition

When the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; it evaluates if and to what extent it has retained the risks and rewards of ownership.

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- Based on above evaluation, either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a bases that reflect the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

#### Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 ('Financial instruments') requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

#### ii. Financial liabilities

## Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss or at amortised cost, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs.

The Company's financial liabilities include trade payables, lease obligations, and other payables.

## Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

### Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings and other payables are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

## Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

### iii. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### iv. Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations.

Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

**e) Property, plant and equipment**

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant if the recognition criteria are met.

Capital work in progress is stated at cost. Capital work-in-progress comprises of expenditure incurred for construction of building.

Property, plant and equipment are eliminated from financial statements, either on disposal or when retired from active use. Losses arising in case of retirement of Property, Plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognised in statement of profit and loss in the year of occurrence.

The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year and adjusted prospectively, if appropriate. Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets. Useful lives used by the Company are different from rates prescribed under Schedule II of the Companies Act 2013. These rates are based on evaluation of useful life estimated by the management supported by internal technical evaluation. The range of useful lives of the property, plant and equipment are as follows:

Property, plant and equipment	Useful lives estimated by the management (years)	Useful lives as per the Companies Act, 2013
Computer and Printers	3 years	3 years
Office equipment	5 years	5 years
Motor Car	5 years	5 years

**f) Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets are amortised on a straight-line basis over the estimated useful economic life. The Company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. If the persuasive evidence exists to the affect that useful life of an intangible asset exceeds ten years, the Company amortises the intangible asset over the best estimate of its useful life. Such intangible assets and intangible assets not yet available

for use are tested for impairment annually, either individually or at the cash-generating unit level. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortisation method is changed to reflect the changed pattern and are treated as changes in accounting estimates.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

#### **g) Impairment of non-financial assets**

Non-financial assets including Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the standalone statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the standalone statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

#### **h) Lease**

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Where the Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. An operating lease is a lease other than a finance lease. Operating lease:

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight line basis.

#### **i) Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from sale of products is stated net off discounts and any applicable duties and taxes on dispatch of goods in accordance with terms of sales.

Further, revenue from treasury investment activities like investment in quoted and un-quoted equity shares are measured at fair value through profit or loss at each reporting date.

The Company collects goods and service tax, service tax, sales tax and other taxes as applicable in the respective tax jurisdictions where the Company operates, on behalf of the government and therefore it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

#### **ii. Other income**

Dividend income is recognised when the Company's right to receive dividend is established by the reporting date. The right to receive dividend is generally established when shareholders approve the dividend.

Interest income is recognized as it accrues in the standalone statement of profit and loss using effective interest rate method.

#### **j) Foreign currency translation**

##### **i. Initial recognition**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

##### **ii. Conversion**

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other

similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences Exchange differences arising on the settlement of monetary items or on reporting monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise except those arising from investments in non-integral operations.

#### **k) Taxes**

Tax expense comprises of current and deferred tax.

##### **Current income tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income-tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. Tax liability under Minimum Alternate Tax ("MAT") is considered as current tax. MAT entitlement is considered as deferred tax.

Minimum Alternative Tax ("MAT") credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

##### **Deferred tax**

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

- In respect of taxable temporary differences associated with investments in subsidiaries when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences and the carry forward of any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit and loss is recognised outside profit and loss (either in OCI or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

#### **I) Provisions, Contingent liabilities, Contingent assets and Commitments:**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability. A contingent asset is disclosed, where an inflow of economic benefits is probable.

**m) Earnings per share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**n) Segment reporting**

The Company has only one segment of activity of dealing in IT products during the period; hence segment wise reporting as defined in Indian Accounting Standard-108 is not applicable.

**o) Inventory**

Inventories are valued at cost or net realizable value whichever is lower, computed on a FIFO basis, after providing for cost of obsolescence and other anticipate losses, wherever considered necessary. Finished goods include costs of conversion and other costs incurred in bringing the inventories to their present location and condition as certified by the management.

**p) Retirement and other employee benefits**

Employee benefits include provident fund and compensated absences.

**Defined contribution plans**

Contributions payable to recognized provident funds, which are defined contribution schemes, are charged to the standalone statement of profit and loss.

**Short-term employee benefits**

Short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. Compensated absences, which are expected to be utilised within the next 12 months, are treated as short-term employee benefits. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

**q) Cash and cash equivalents**

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value are unrestricted for withdrawal and usage

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

**r) Recent accounting pronouncements**

**Ind AS 116 'Leases':**

The Company is required to adopt Ind AS 116, Leases from 1 April 2019. Ind AS 116 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard – i.e. lessors continue to classify leases as finance or operating leases. It replaces existing leases guidance, Ind AS 17, Leases.

The Company is in the process of evaluating the impact of the new lease standard on all its lease arrangements and shall determine the appropriate transition option once the said evaluation has been completed.

**Ind AS 109 – Prepayment Features with Negative Compensation**

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments. The Company does not expect this amendment to have any impact on its standalone financial statements.

For VINTAGE COFFEE AND BEVERAGES LIMITED

Managing Director

**Independent Auditor's Report on the Quarterly and Year to Date Audited Standalone Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended**

To,  
The Board of Directors,  
**VINTAGE COFFEE AND BEVERAGES LIMITED** (formerly known as Spaceage Products Limited)

**Report on the audit of the Standalone Financial Results**

**Opinion**

We have audited the accompanying statement of quarterly and year to date standalone financial results of Vintage Coffee And Beverages Limited (the "Company") for the quarter ended March 31, 2023 and for the year ended 31 March 2023, (the "Statement"), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us

- i. presents financial results in accordance with the requirements of Regulation 33 of the Listing Regulations, and
- ii. gives a true and fair view in conformity with the applicable Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act 2013 (the Act) read with the Companies (Indian) Accounting Standards) Rules 2015 and other accounting principles generally accepted in India, of the standalone net profit after tax and other comprehensive loss and other financial information of the Group for the year ended 31 March 2023,

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended (the "Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Results" section of our report. We are independent auditor of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and

the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

### **Management's Responsibilities for the Standalone Financial Results**

The Statement has been prepared on the basis of the standalone annual financial statements. The Board of Directors of the Company are responsible for the preparation and presentation of the Statement that gives a true and fair view of the net profit and other comprehensive income of the Company and other financial information in accordance with the applicable accounting standards prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Statement, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Results**

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial, controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Independent Auditor's Report on the Quarterly and Year to Date Audited Consolidated Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended**

To,  
The Board of Directors,  
**VINTAGE COFFEE AND BEVERAGES LIMITED** (formerly known as Spaceage Products Limited)

**Report on the audit of the Consolidated Financial Results**

**Opinion**

We have audited the accompanying statement of quarterly and year to date consolidated financial results of Vintage Coffee And Beverages Limited (the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as the "Group") for the quarter ended March 31, 2023 and for the year ended March 31, 2023 ("Statement"), attached herewith, being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate audited financial statements of the subsidiaries, the statement:

- i. includes the results of the entities as mentioned in attached Annexure I;
- ii. are presented in accordance with the requirements of the Listing Regulations in this regard, and
- iii. gives a true and fair view in conformity with the applicable accounting standards, and other accounting principles generally accepted in India, of the consolidated net profit and other comprehensive income and other financial information of the Group for the quarter ended March 31, 2023 and for the year ended March 31, 2023.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the "Auditor's

Responsibilities for the Audit of the Consolidated Financial Results" section of our report. We are independent of the Group in accordance with the Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us and the other auditors in terms of their reports referred to in "Other Matter" paragraph below, is sufficient and appropriate to provide a basis for our opinion.

### **Management's Responsibilities for the Consolidated Financial Results**

The Statement has been prepared on the basis of the consolidated annual financial statements. The Holding Company's Board of Directors are responsible for the preparation and presentation of the Statement that give a true and fair view of the net profit and other comprehensive income and other financial information of the Group in accordance with the applicable accounting standards prescribed under section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Statement by the Directors of the Holding Company, as aforesaid.

In preparing the Statement, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Results**

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate and joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw

attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate and joint venture to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Statement, including the disclosures and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Statement. We are responsible for the direction, supervision and performance of the audit of the financial information of such entities included in the Statement of which we are the independent auditors. For the other entities included in the Statement, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the Statement of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

We also performed procedures in accordance with SEBI Circular CIR/CFD/CMD1/44/2019 dated 29 March 2019 issued by the SEBI under Regulation 33 (8) of the Listing Regulations, to the extent applicable.

## Other Matters

The accompanying Statement includes the audited financial statements and other financial information, in respect of:

- 2 subsidiaries (namely DELECTO FOODS PRIVATE LIMITED and VINTAGE COFFEE PRIVATE LIMITED) which were obtained by the holding company as on 12<sup>th</sup> July 2021, whose financial statements before the consolidation adjustments include total assets of Rs. 37.72 Crores and Rs. 130.25 Crores as at March 31, 2023, total Revenues of Rs. 15.93 Crores and Rs. 44.25 Crores, total Net Profit/ (Loss) after tax of Rs. 0.76 Crores and Rs. 1.94 Crores, total Comprehensive income of Rs. 0.76 Crores and Rs. 1.93 Crores, for the year ended on that date respectively, and net cash outflows of Rs. (0.04) Crores and Rs. (0.61) Crores for the year ended March 31, 2023 respectively, as considered in the Statement which has been audited by the other auditor.

The independent auditor's report on the financial statements and other financial information of these entities have been furnished to us by the Management and our opinion on the Statement in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the reports of such auditors and the procedures performed by us as stated in the paragraph above.

Our opinion on the Statement is not modified in respect of the above matters in respect to our reliance on the work done and reports of the other auditors and the financial statements and financial information certified by the management.

### **PROCESS OF MAKING AN APPLICATION IN THE ISSUE**

In accordance with Regulation 76 of the SEBI ICDR Regulations, the SEBI Rights Issue Circulars and the ASBA Circulars, all Shareholders desiring to make an Application in this Issue are mandatorily required to use the ASBA process. Shareholders should carefully read the provisions applicable to such Applications before making their Application through ASBA.

Investors can submit either the Application Form in physical mode to the Designated Branches of the SCSBs or online/ electronic Application through the website of the SCSBs (if made available by such SCSB) authorizing the SCSB to block the Application Money in an ASBA Account maintained with the SCSB. Application through ASBA facility in electronic mode will only be available with such SCSBs who provide such facility.

Investors applying through the ASBA facility should carefully read the provisions applicable to such Applications before making their Application through the ASBA process. For details, titled "Procedure for Application through the ASBA Process" on page 137.

Please note that subject to SCSBs complying with the requirements of SEBI Circular CIR/CFD/DIL/13/2012 dated September 25, 2012, within the periods stipulated therein, Applications may be submitted at the Designated Branches of the SCSBs.

Further, in terms of the SEBI Circular CIR/CFD/DIL/1/2013 dated January 2, 2013, it is clarified that for making Applications by SCSBs on their own account using ASBA facility, each such SCSB should have a separate account in its own name with any other SEBI registered SCSB(s). Such account shall be used solely for the purpose of making an Application in this Issue and clear demarcated funds should be available in such account for such an Application.

**Applicants should note that they should very carefully fill-in their depository account details and PAN in the Application Form or while submitting application through online/electronic Application through the website of the SCSBs (if made available by such SCSB). Please note that incorrect depository account details or PAN or Application Forms without depository account details shall be treated as incomplete and shall be rejected. For details refer "Grounds for Technical Rejection" 131. Our Company, the Registrar and the SCSBs shall not be liable for any incomplete or incorrect demat details provided by the Applicants.**

Additionally, in terms of Regulation 78 of the SEBI ICDR Regulations, Investors may choose to accept the offer to participate in this Issue by making plain paper Applications. Please note that Eligible Equity Shareholders making an application in this Issue by way of plain paper applications shall not be permitted to renounce any portion of their Rights Entitlements. For details, refer chapter titled "Application on Plain Paper under ASBA process".

### **Options available to the Eligible Equity Shareholders**

The Rights Entitlement Letter will clearly indicate the number of Equity Shares that the Eligible Equity Shareholder is entitled to.

If the Eligible Equity Shareholder applies in this Issue, then such Eligible Equity Shareholder can:

- a) apply for its Equity Shares to the full extent of its Rights Entitlements; or
- b) apply for its Equity Shares to the extent of part of its Rights Entitlements (without renouncing the other part); or

---

(CIN- L15100TG1980PLC161210)

- c) apply for Equity Shares to the extent of part of its Rights Entitlements and renounce the other part of its Rights Entitlements; or
- d) apply for its Equity Shares to the full extent of its Rights Entitlements and apply for additional Equity Shares; or
- e) renounce its Rights Entitlements in full.

### **Making of an Application through the ASBA process**

A Shareholders, wishing to participate in this Issue through the ASBA facility, is required to have an ASBA enabled bank account with an SCSB, prior to making the Application. Shareholders desiring to make an Application in this Issue through ASBA process, may submit the Application Form in physical mode to the Designated Branches of the SCSB or online/ electronic Application through the website of the SCSBs (if made available by such SCSB) for authorizing such SCSB to block Application Money payable on the Application in their respective ASBA Accounts.

Shareholders should ensure that they have correctly submitted the Application Form and have provided an authorisation to the SCSB, via the electronic mode, for blocking funds in the ASBA Account equivalent to the Application Money mentioned in the Application Form, as the case may be, at the time of submission of the Application.

For the list of banks which have been notified by SEBI to act as SCSBs for the ASBA process, please refer to <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmld=34>.

Please note that subject to SCSBs complying with the requirements of the SEBI circular bearing reference number CIR/CFD/DIL/13/2012 dated September 25, 2012, within the periods stipulated therein, Applications may be submitted at the Designated Branches of the SCSBs. Further, in terms of the SEBI circular bearing reference number CIR/CFD/DIL/1/2013 dated January 2, 2013, it is clarified that for making Applications by SCSBs on their own account using ASBA facility, each such SCSB should have a separate account in its own name with any other SEBI registered SCSB(s). Such account shall be used solely for the purpose of making an Application in this Issue and clear demarcated funds should be available in such account for such an Application.

Our Company, its directors, its employees, affiliates, associates and their respective directors and officers and the Registrar shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc., in relation to Applications accepted by SCSBs, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts.

### **Do's for Shareholders applying through ASBA:**

- a) Ensure that the details about your Depository Participant, PAN and beneficiary account are correct and the beneficiary account is activated as the Equity Shares will be allotted in the dematerialized form only.
- b) Ensure that the Applications are submitted with the Designated Branch of the SCSBs and details of the correct bank account have been provided in the Application.

Ensure that there are sufficient funds (equal to {number of Equity Shares (including additional Equity Shares) applied for} X {Application Money of Equity Shares}) available in ASBA Account mentioned in the Application Form before submitting the Application to the respective Designated Branch of the SCSB.

---

## VINTAGE COFFEE AND BEVERAGES LIMITED

(CIN- L15100TG1980PLC161210)

- c) Ensure that you have authorised the SCSB for blocking funds equivalent to the total amount payable on application mentioned in the Application Form, in the ASBA Account, of which details are provided in the Application Form and have signed the same.
- d) Ensure that you have a bank account with an SCSB providing ASBA facility in your location and the Application is made through that SCSB providing ASBA facility in such location.
- e) Ensure that you receive an acknowledgement from the Designated Branch of the SCSB for your submission of the Application Form in physical form or plain paper Application.
- f) Ensure that the name(s) given in the Application Form is exactly the same as the name(s) in which the beneficiary account is held with the Depository Participant. In case the Application Form is submitted in joint names, ensure that the beneficiary account is also held in same joint names and such names are in the same sequence in which they appear in the Application Form and the Rights Entitlement Letter.

### **Don'ts for Shareholders applying through ASBA:**

- a) Do not submit the Application Form after you have submitted a plain paper Application to a Designated Branch of the SCSB or vice versa.
- b) Do not send your physical Application to the Registrar, the Escrow Collection Bank(s) (assuming that such Escrow Collection Bank is not an SCSB), a branch of the SCSB which is not a Designated Branch of the SCSB or our Company; instead submit the same to a Designated Branch of the SCSB only.
- c) Do not instruct the SCSBs to unblock the funds blocked under the ASBA process upon making the Application.
- d) Do not submit Application Form using third party ASBA account.

### **Making of an Application by Eligible Equity Shareholders on Plain Paper under ASBA process**

An Eligible Equity Shareholder in India who is eligible to apply under the ASBA process may make an Application to subscribe to this Issue on plain paper in case of non-receipt of Application Form as detailed above. In such cases of non-receipt of the Application Form through e-mail or physical delivery (where applicable) and the Eligible Equity Shareholder not being in a position to obtain it from any other source may make an Application to subscribe to this Issue on plain paper with the same details as per the Application Form that is available on the website of the Registrar, Stock Exchange. ### ***Application for Additional Equity Shares***

Shareholders are eligible to apply for additional Equity Shares over and above their Rights Entitlements, provided that they are eligible to apply for Equity Shares under applicable law and they have applied for all the Equity Shares forming part of their Rights Entitlements without renouncing them in whole or in part. Where the number of additional Equity Shares applied for exceeds the number available for Allotment, the Allotment would be made as per the Basis of Allotment finalised in consultation with the Designated Stock Exchange. Applications for additional Equity Shares shall be considered and Allotment shall be made in accordance with the SEBI ICDR Regulations and in the manner as set out in "- *Basis of Allotment*" mentioned below.

**Eligible Equity Shareholders who renounce their Rights Entitlements cannot apply for additional Equity Shares.** Non-resident Renouncees who are not Eligible Equity Shareholders cannot apply for additional Equity Shares.

### ***Additional general instructions for Shareholders in relation to making of an application***

- i) Please read this Draft Letter of offer carefully to understand the Application process and applicable settlement process.
- ii) Please read the instructions on the Application Form sent to you. Application should be complete in all respects. The Application Form found incomplete with regard to any of the particulars required to be given therein, and/or which are not completed in conformity with the terms of this Draft Letter of offer, the Abridged Letter of Offer, the Rights Entitlement Letter and the Application Form are liable to be rejected. The Application Form must be filled in English.
- iii) In case of non-receipt of Application Form, Application can be made on plain paper mentioning all necessary details as mentioned under the section "*Making of an Application by Eligible Equity Shareholders on Plain Paper under ASBA process*" mentioned above.
- iv) Applications should be (i) submitted to the Designated Branch of the SCSB or made online/electronic through the website of the SCSBs (if made available by such SCSB) for authorising such SCSB to block Application Money payable on the Application in their respective ASBA Accounts. Please note that on the Issue Closing Date, (i) Applications through ASBA process will be uploaded until 5.00 p.m. (Indian Standard Time) or such extended time as permitted by the Stock Exchange.
- v) Applications should not be submitted to the Banker(s) to the Issue or Escrow Collection Bank(s) (assuming that such Escrow Collection Bank is not an SCSB), our Company or the Registrar.
- vi) All Applicants, and in the case of Application in joint names, each of the joint Applicants, should mention their PAN allotted under the Income-tax Act, irrespective of the amount of the Application. Except for Applications on behalf of the Central or the State Government, the residents of Sikkim and the officials appointed by the courts, Applications without PAN will be considered incomplete and are liable to be rejected. With effect from August 16, 2010, the demat accounts for Shareholders for which PAN details have not been verified shall be "suspended for credit" and no Allotment and credit of Equity Shares pursuant to this Issue shall be made into the accounts of such Shareholders.
- vii) Ensure that the demographic details such as address, PAN, DP ID, Client ID, bank account details and occupation ("**Demographic Details**") are updated, true and correct, in all respects. Depository. Therefore, Shareholders applying under this Issue should carefully fill in their Depository Account details in the Application. These Demographic Details would be used for all correspondence with such Shareholders including mailing of the letters intimating unblocking of bank account of the respective Shareholders and/or refund. The Demographic Details given by the Shareholders in the Application Form would not be used for any other purposes by the Registrar. Hence, Shareholders are advised to update their Demographic Details as provided to their Depository Participants. **The Allotment Advice and the e-mail intimating unblocking of ASBA Account or refund (if any) would be e-mailed to the address of the Shareholders as per the e-mail address provided to our Company or the Registrar or Demographic Details received from the Depositories. The Registrar will give instructions to the SCSBs for unblocking funds in the ASBA Account to the extent Equity Shares are not allotted to such Shareholders. Please note that any such delay shall be at the sole risk of the Shareholders and none of our Company, the SCSBs, Registrar shall be liable to compensate the Shareholders for any losses caused due to any such delay or be liable to pay any interest for such delay. In case no corresponding record is available with the Depositories that match three parameters, (a) names of the Shareholders (including the order of names of joint holders), (b) DP ID, and (c) Client ID, then such Application Forms are liable to be rejected.**

- viii) By signing the Application Forms, Shareholders would be deemed to have authorised the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records.
- ix) For physical Applications through ASBA at Designated Branches of SCSB, signatures should be either in English or Hindi or in any other language specified in the Eighth Schedule to the Constitution of India. Signatures other than in any such language or thumb impression must be attested by a Notary Public or a Special Executive Magistrate under his/her official seal. The Shareholders must sign the Application as per the specimen signature recorded with the SCSB.
- x) Shareholders should provide correct DP ID and Client ID/ Folio number (for Eligible Equity Shareholders who hold Equity Shares in physical form as on Record Date) while submitting the Application. Such DP ID and Client ID/ Folio number should match the demat account details in the records available with Company and/or Registrar, failing which such Application is liable to be rejected. Shareholders will be solely responsible for any error or inaccurate detail provided in the Application. Our Company, SCSBs or the Registrar will not be liable for any such rejections.
- xi) In case of joint holders and physical Applications through ASBA process, all joint holders must sign the relevant part of the Application Form in the same order and as per the specimen signature(s) recorded with the SCSB. In case of joint Applicants, reference, if any, will be made in the first Applicant's name and all communication will be addressed to the first Applicant.
- xii) All communication in connection with Application for the Equity Shares, including any change in contact details of the Eligible Equity Shareholders should be addressed to the Registrar prior to the date of Allotment in this Issue quoting the name of the first/sole Applicant, Folio number (for Eligible Equity Shareholders who hold Equity Shares in physical form as on Record Date)/DP ID and Client ID and Application Form number, as applicable. In case of any change in contact details of the Eligible Equity Shareholders, the Eligible Equity Shareholders should also send the intimation for such change to the respective depository participant, or to our Company or the Registrar in case of Eligible Equity Shareholders holding Equity Shares in physical form.
- xiii) Shareholders are required to ensure that the number of Equity Shares applied for by them do not exceed the prescribed limits under the applicable law.

No investment under the FDI route (i.e any investment which would result in the Shareholders holding 10% or more of the fully diluted paid-up equity share capital of the Company or any FDI investment for which an approval from the government was taken in the past) will be allowed in the Issue unless such application is accompanied with necessary approval or covered under a pre-existing approval from the government. It will be the sole responsibility of the Shareholders to ensure that the necessary approval or the pre-existing approval from the government is valid in order to make any investment in the Issue. Our Company will not be responsible for any allotments made by relying on such approvals.

### ***Procedure for Applications by NRIs***

Investments by NRIs are governed by the FEMA Rules. Applications will not be accepted from NRIs that are ineligible to participate in this Issue under applicable securities laws.

As per the FEMA Rules, an NRI or Overseas Citizen of India ("OCI") may purchase or sell capital instruments of a listed Indian company on repatriation basis, on a recognised stock exchange in India, subject to the conditions, *inter alia*, that the total holding by any individual NRI or OCI will not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together will not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants. The aggregate ceiling of 10% may be raised to 24%, if a special resolution to that effect is passed by the general body of the Indian company.

Further, in accordance with press note 3 of 2020, the FDI Policy has been recently amended to state that all investments by entities incorporate in a country which shares land border with India or where beneficial owner of an investment into India is situated in or is a citizen of any such country ("**Restricted Shareholders**"), will require prior approval of the Government of India. It is not clear from the press note whether or not an issue of the Rights Equity Shares to Restricted Shareholders will also require prior approval of the Government of India and each Shareholders should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval has been obtained, the Shareholders shall intimate our Company and the Registrar about such approval within the Issue Period.

### ***Procedure for Applications by Mutual Funds***

A separate application can be made in respect of each scheme of an Indian mutual fund registered with SEBI and such applications shall not be treated as multiple applications. The applications made by asset management companies or custodians of a mutual fund should clearly indicate the name of the concerned scheme for which the application is being made.

### ***Procedure for Applications by Systemically Important Non-Banking Financial Companies ("NBFC-SI")***

In case of an application made by NBFC-SI registered with RBI, (a) the certificate of registration issued by RBI under Section 45IA of RBI Act, 1934 and (b) net worth certificate from its statutory auditors or any independent chartered accountant based on the last audited financial statements is required to be attached to the application.

Shareholders may be subject to adverse foreign, state or local tax or legal consequences as a result of trading in the Rights Entitlements. Shareholders who intend to trade in the Rights Entitlements should consult their tax advisor or stock-broker regarding any cost, applicable taxes, charges and expenses (including brokerage) that may be levied for trading in Rights Entitlements.

Please note that the Rights Entitlements which are neither renounced nor subscribed by the Shareholders on or before the Issue Closing Date shall lapse and shall be extinguished after the Issue Closing Date.

**Our Company accept no responsibility to bear or pay any cost, applicable taxes, charges and expenses (including brokerage), and such costs will be incurred solely by the Shareholders.**

### ***On Market Renunciation***

The Eligible Equity Shareholders may renounce the Rights Entitlements, credited to their respective demat accounts by trading/selling them on the secondary market platform of the Stock Exchange through a registered stock-broker in the same manner as the existing Equity Shares of our Company.

In this regard, in terms of provisions of the SEBI ICDR Regulations and the SEBI Rights Issue Circulars, the Rights Entitlements credited to the respective demat accounts of the Eligible Equity Shareholders shall be admitted for trading on the Stock Exchange under ISIN [●] subject to requisite approvals. Prior to the Issue Opening Date, our Company will obtain the approval from the Stock Exchange for trading of Rights Entitlements. No assurance can be given regarding the active or sustained On Market Renunciation or the price at which the Rights Entitlements will trade. The details for trading in Rights Entitlements will be as specified by the Stock Exchange from time to time.

The Rights Entitlements are tradable in dematerialized form only. The market lot for trading of Rights Entitlements is one Rights Entitlements.

The On Market Renunciation shall take place only during the Renunciation Period for On Market Renunciation, *i.e.*, from [●] to [●] (both days inclusive).

The Shareholders holding the Rights Entitlements who desire to sell their Rights Entitlements will have to do so through their registered stock-brokers by quoting the ISIN [●] and indicating the details of the Rights Entitlements they intend to trade.

The Shareholders can place order for sale of Rights Entitlements only to the extent of Rights Entitlements available in their demat account.

The On Market Renunciation shall take place electronically on secondary market platform of BSE under automatic order matching mechanism and on 'T+2 rolling settlement basis', where 'T' refers to the date of trading. The transactions will be settled on trade-for-trade basis. Upon execution of the order, the stock-broker will issue a contract note in accordance with the requirements of the Stock Exchange and the SEBI.

### **Off Market Renunciation**

The Eligible Equity Shareholders may renounce the Rights Entitlements, credited to their respective demat accounts by way of an off-market transfer through a depository participant. The Rights Entitlements can be transferred in dematerialised form only.

## **VINTAGE COFFEE AND BEVERAGES LIMITED**

(CIN- L15100TG1980PLC161210)

Eligible Equity Shareholders are requested to ensure that renunciation through off-market transfer is completed in such a manner that the Rights Entitlements are credited to the demat accounts of the Renouncees on or prior to the Issue Closing Date to enable Renouncees to subscribe to the Equity Shares in the Issue.

The Shareholders holding the Rights Entitlements who desire to transfer their Rights Entitlements will have to do so through their depository participant by issuing a delivery instruction slip quoting the ISIN [●], the details of the buyer and the details of the Rights Entitlements they intend to transfer. The buyer of the Rights Entitlements (unless already having given a standing receipt instruction) has to issue a receipt instruction slip to their depository participant. The Shareholders can transfer Rights Entitlements only to the extent of Rights Entitlements available in their demat account.

The instructions for transfer of Rights Entitlements can be issued during the working hours of the depository participants.

The detailed rules for transfer of Rights Entitlements through off-market transfer shall be as specified by the NSDL and CDSL from time to time.

### **MODE OF PAYMENT**

All payments against the Application Forms shall be made only through ASBA facility. The Registrar will not accept any payments against the Application Forms, if such payments are not made through ASBA facility.

In case of Application through the ASBA facility, the Shareholders agrees to block the entire amount payable on Application with the submission of the Application Form, by authorizing the SCSB to block an amount, equivalent to the amount payable on Application, in the Shareholder's ASBA Account. The SCSB may reject the application at the time of acceptance of Application Form if the ASBA Account, details of which have been provided by the Shareholders in the Application Form does not have sufficient funds equivalent to the amount payable on Application mentioned in the Application Form. Subsequent to the acceptance of the Application by the SCSB, our Company would have a right to reject the Application on technical grounds as set forth in this Draft Letter of offer.

After verifying that sufficient funds are available in the ASBA Account details of which are provided in the Application Form, the SCSB shall block an amount equivalent to the Application Money mentioned in the Application Form until the Transfer Date. On the Transfer Date, upon receipt of intimation from the Registrar, and pursuant to the finalization of the Basis of Allotment as approved by the Designated Stock Exchange, the SCSBs shall transfer such amount as per the Registrar's instruction from the ASBA Account into the Allotment Account(s) which shall be a separate bank account maintained by our Company, other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act, 2013. The balance amount remaining after the finalisation of the Basis of Allotment on the Transfer Date shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB.

In terms of RBI Circular DBOD No. FSC BC 42/24.47.00/2003- 04 dated November 5, 2003, the stock invest scheme has been withdrawn. Hence, payment through stock invest would not be accepted in this Issue.

## VINTAGE COFFEE AND BEVERAGES LIMITED

(CIN- L15100TG1980PLC161210)

Please note that if Eligible Equity Shareholders holding Equity Shares in physical form as on Record Date, have not provided the details of their demat accounts to our Company or to the Registrar, they are required to provide their demat account details to our Company or the Registrar not later than two Working Days prior to the Issue Closing Date, *i.e.*, [●] to enable the credit of the Rights Entitlements by way of transfer from the demat suspense escrow account to their respective demat accounts, at least one day before the Issue Closing Date, *i.e.*, [●] .

### Basis of Allotment

Subject to the provisions contained in this Draft Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter, the Application Form, the Articles of Association and the approval of the Designated Stock Exchange, our Board will proceed to allot the Equity Shares in the following order of priority:

- (a) Full Allotment to those Eligible Equity Shareholders who have applied for their Rights Entitlements of Equity Shares either in full or in part and also to the Renouncee(s) who has or have applied for Equity Shares renounced in their favour, in full or in part.
- (b) Eligible Equity Shareholders whose fractional entitlements are being ignored and Eligible Equity Shareholders with zero entitlement, would be given preference in allotment of one additional Equity Share each if they apply for additional Equity Shares. Allotment under this head shall be considered if there are any unsubscribed Equity Shares after allotment under (a) above. If number of Equity Shares required for Allotment under this head are more than the number of Equity Shares available after Allotment under (a) above, the Allotment would be made on a fair and equitable basis in consultation with the Designated Stock Exchange and will not be a preferential allotment.
- (c) Allotment to the Eligible Equity Shareholders who having applied for all the Equity Shares offered to them as part of this Issue, have also applied for additional Equity Shares. The Allotment of such additional Equity Shares will be made as far as possible on an equitable basis having due regard to the number of Equity Shares held by them on the Record Date, provided there are any unsubscribed Equity Shares after making full Allotment in (a) and (b) above. The Allotment of such Equity Shares will be on equitable basis giving due regard to the holdings as on the record date and will not be a preferential allotment.
- (d) Allotment to Renouncees who having applied for all the Equity Shares renounced in their favour, have applied for additional Equity Shares provided there is surplus available after making full Allotment under (a), (b) and (c) above. The Allotment of such Equity Shares will be made on a proportionate basis in consultation with the Designated Stock Exchange, as a part of this Issue and will not be a preferential allotment.
- (e) Allotment to any other person, subject to applicable laws, that our Board may deem fit, provided there is surplus available after making Allotment under (a), (b), (c) and (d) above, and the decision of our Board in this regard shall be final and binding.

After taking into account Allotment to be made under (a) to (d) above, if there is any unsubscribed portion, the same shall be deemed to be 'unsubscribed'.

## **VINTAGE COFFEE AND BEVERAGES LIMITED**

(CIN- L15100TG1980PLC161210)

Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall send to the Controlling Branches, a list of the Shareholders who have been allocated Equity Shares in this Issue, along with:

- i) The amount to be transferred from the ASBA Account to the separate bank account opened by our Company for this Issue, for each successful Application;
- ii) The date by which the funds referred to above, shall be transferred to the aforesaid bank account; and
- iii) The details of rejected ASBA applications, if any, to enable the SCSBs to unblock the respective ASBA Accounts.

Further, the list of Applicants eligible for refund with corresponding amount will also be shared with Escrow Collection Bank(s) to refund such Applicants.

### **ALLOTMENT ADVICE OR REFUND/ UNBLOCKING OF ASBA ACCOUNTS**

Our Company will send/ dispatch Allotment advice, refund intimations or demat credit of securities and/or letters of regret, only to the Eligible Equity Shareholders who have provided Indian address. In case such Eligible Equity Shareholders have provided their valid e-mail address, Allotment advice, refund intimations or demat credit of securities and/or letters of regret will be sent only to their valid e-mail address and in case such Eligible Equity Shareholders have not provided their e-mail address, then the Allotment advice, refund intimations or demat credit of securities and/or letters of regret will be dispatched, on a reasonable effort basis, to the Indian addresses provided by them; along with crediting the Allotted Equity Shares to the respective beneficiary accounts (only in dematerialised mode) or in a demat suspense account (in respect of Eligible Equity Shareholders holding Equity Shares in physical form on the Allotment Date) or issue instructions for unblocking the funds in the respective ASBA Accounts, if any, within a period of 4 days from the Issue Closing Date. In case of failure to do so, our Company and our Directors who are "officers in default" shall pay interest at 15% p.a. and such other rate as specified under applicable law from the expiry of such 4 days' period.

The Rights Entitlements will be credited in the dematerialized form using electronic credit under the depository system and the Allotment advice shall be sent, through an e-mail, to the e-mail address provided to our Company or at the address recorded with the Depository.

In the case of non-resident Shareholders who remit their Application Money from funds held in the NRE or the FCNR Accounts, unblocking and/or payment of interest or dividend and other disbursements, if any, shall be credited to such accounts.

Where an Applicant has applied for additional Equity Shares in the Issue and is allotted a lesser number of Equity Shares than applied for, the excess Application Money paid/blocked shall be refunded/unblocked. The unblocking of ASBA funds / refund of monies shall be completed within such period as prescribed under the SEBI ICDR Regulations. In the event that there is a delay in making refunds beyond such period as prescribed under applicable law, our Company shall pay the requisite interest at such rate as prescribed under applicable law.

### **PAYMENT OF REFUND**

#### **Mode of making refunds**

The payment of refund, if any, including in the event of oversubscription or failure to list or otherwise would be done through any of the following modes.

---

## VINTAGE COFFEE AND BEVERAGES LIMITED

(CIN- L15100TG1980PLC161210)

### **Unblocking amounts blocked using ASBA facility.**

**NACH** - National Automated Clearing House is a consolidated system of electronic clearing service. Payment of refund would be done through NACH for Applicants having an account at one of the centres specified by RBI, where such facility has been made available. This would be subject to availability of complete bank account details including MICR code wherever applicable from the depository. The payment of refund through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where Applicant is otherwise disclosed as eligible to get refunds through NEFT or Direct Credit or RTGS.

**National Electronic Fund Transfer ("NEFT")** - Payment of refund shall be undertaken through NEFT wherever the Shareholders' bank has been assigned the Indian Financial System Code ("IFSC Code"), which can be linked to a MICR, allotted to that particular bank branch. IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Shareholders have registered their nine digit MICR number and their bank account number with the Registrar to our Company or with the Depository Participant while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of refund will be made to the Shareholders through this method.

**Direct Credit** - Shareholders having bank accounts with the Banker(s) to the Issue shall be eligible to receive refunds through direct credit. Charges, if any, levied by the relevant bank(s) for the same would be borne by our Company

**RTGS** - If the refund amount exceeds Rs. 2,00,000, the Shareholders have the option to receive refund through RTGS. Such eligible Shareholders who indicate their preference to receive refund through RTGS are required to provide the IFSC Code in the Application Form. In the event the same is not provided, refund shall be made through NACH or any other eligible mode. Charges, if any, levied by the Refund Bank(s) for the same would be borne by our Company. Charges, if any, levied by the Shareholder's bank receiving the credit would be borne by the Shareholders.

For all other Shareholders, the refund orders will be dispatched through speed post or registered post subject to applicable laws. Such refunds will be made by cheques, pay orders or demands drawn in favour of the sole/first Shareholders and payable at par.

Credit of refunds to Shareholders in any other electronic manner, permissible by SEBI from time to time.

### ***Refund payment to non-residents***

The Application Money will be unblocked in the ASBA Account of the non-resident Applicants, details of which were provided in the Application Form.

## **ALLOTMENT ADVICE OR DEMAT CREDIT OF SECURITIES**

### **Receipt of the Equity Shares in Dematerialized Form**

The demat credit of securities to the respective beneficiary accounts will be credited within 15 days from the Issue Closing Date or such other timeline in accordance with applicable laws.

## **VINTAGE COFFEE AND BEVERAGES LIMITED**

(CIN- L15100TG1980PLC161210)

**PLEASE NOTE THAT THE EQUITY SHARES APPLIED FOR UNDER THIS ISSUE CAN BE ALLOTTED ONLY IN DEMATERIALIZED FORM AND TO (A) THE SAME DEPOSITORY ACCOUNT/ CORRESPONDING PAN IN WHICH THE EQUITY SHARES ARE HELD BY SUCH SHAREHOLDERS ON THE RECORD DATE, OR (B) THE DEPOSITORY ACCOUNT, DETAILS OF WHICH HAVE BEEN PROVIDED TO OUR COMPANY OR THE REGISTRAR AT LEAST TWO WORKING DAYS PRIOR TO THE ISSUE CLOSING DATE BY THE ELIGIBLE EQUITY SHAREHOLDER HOLDING EQUITY SHARES IN PHYSICAL FORM AS ON THE RECORD DATE.**

Shareholders shall be allotted the Equity Shares in dematerialized (electronic) form. Our Company has signed an agreement with NSDL and with CDSL which enables the Shareholders to hold and trade in the securities issued by our Company in a dematerialized form, instead of holding the Equity Shares in the form of physical certificates.

**SHAREHOLDERS MAY PLEASE NOTE THAT THE EQUITY SHARES CAN BE TRADED ON THE STOCK EXCHANGE ONLY IN DEMATERIALIZED FORM.**

The procedure for availing the facility for Allotment of Equity Shares in this Issue in the dematerialized form is as under:

- i) Open a beneficiary account with any depository participant (care should be taken that the beneficiary account should carry the name of the holder in the same manner as is registered in the records of our Company. In the case of joint holding, the beneficiary account should be opened carrying the names of the holders in the same order as registered in the records of our Company). In case of Shareholders having various folios in our Company with different joint holders, the Shareholders will have to open separate accounts for such holdings. Those Shareholders who have already opened such beneficiary account(s) need not adhere to this step.
- ii) It should be ensured that the depository account is in the name(s) of the Shareholders and the names are in the same order as in the records of our Company or the Depositories.
- iii) The responsibility for correctness of information filled in the Application Form *vis-a-vis* such information with the Shareholder's depository participant, would rest with the Shareholders. Shareholders should ensure that the names of the Shareholders and the order in which they appear in Application Form should be the same as registered with the Shareholder's depository participant.
- iv) If incomplete or incorrect beneficiary account details are given in the Application Form, the Shareholders will not get any Equity Shares and the Application Form will be rejected.
- v) The Equity Shares will be allotted to Applicants only in dematerialized form and would be directly credited to the beneficiary account as given in the Application Form after verification or demat suspense account (pending receipt of demat account details for resident Eligible Equity Shareholders holding Equity Shares in physical form/ with IEPF authority/ in suspense, etc.). Allotment advice, refund order (if any) would be sent directly to the Applicant by e-mail and, if the printing is feasible, through physical dispatch, by the Registrar but the Applicant's depository participant will provide to him the confirmation of the credit of such Equity Shares to the Applicant's depository account.
- vi) Non-transferable Allotment advice/ refund intimation will be directly sent to the Shareholders by the Registrar, by e-mail and, if the printing is feasible, through physical dispatch.
- vii) Renouncees will also have to provide the necessary details about their beneficiary account for Allotment of Equity Shares in this Issue. In case these details are incomplete or incorrect, the Application is liable to be rejected.

### RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991, of the Government of India and FEMA. While the Industrial Policy, 1991, of the Government of India, prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Under the Industrial Policy, 1991, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Accordingly, the process for foreign direct investment ("FDI") and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as the Department of Industrial Policy and Promotion) ("DPIIT"), Ministry of Finance, Department of Economic Affairs, FIPB section, through a memorandum dated June 5, 2017, has notified the specific ministries handling relevant sectors.

The Government has, from time to time, made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated FDI Policy Circular of 2020 ("FDI Circular 2020"), which, with effect from October 15, 2020, consolidated and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Circular 2020 will be valid until the DPIIT issues an updated circular.

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendments to FEMA. In case of any conflict, the relevant notification under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 will prevail. The payment of inward remittance and reporting requirements are stipulated under the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 issued by RBI. The FDI Circular 2020, issued by the DPIIT, consolidates the policy framework in place as on October 15, 2020, and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of RBI, provided that (i) the activities of the investee company falls under the automatic route as provided in the FDI Policy and FEMA and transfer does not attract the provisions of the Takeover Regulations; (ii) the non- resident shareholding is within the sectorial limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI and RBI.

No investment under the FDI route (i.e. any investment which would result in the investor holding 10% or more of the fully diluted paid-up equity share capital of the Company or any FDI investment for which an approval from the government was taken in the past) will be allowed in the Issue unless such application is accompanied with necessary approval or covered under a pre-existing approval from the government. It will be the sole responsibility of the investors to ensure that the necessary approval or the pre-existing approval from the government is valid in order to make any investment in the Issue. Our Company will not be responsible for any allotments made by relying on such approvals.

Please also note that pursuant to Circular no. 14 dated September 16, 2003 issued by RBI, Overseas Corporate Bodies ("OCBs") have been derecognized as an eligible class of investors and RBI has

subsequently issued the Foreign Exchange Management (Withdrawal of General Permission to Overseas Corporate Bodies (OCBs)) Regulations, 2003. Any Investor being an OCB is required not to be under the adverse notice of RBI and in order to apply for this issue as an incorporated non-resident must do so in accordance with the FDI Circular 2020 and Foreign Exchange Management (Non-Debt Instrument) Rules, 2019. Further, while investing in the Issue, the Investors are deemed to have obtained the necessary approvals, as required, under applicable laws and the obligation to obtain such approvals shall be upon the Investors. Our Company shall not be under an obligation to obtain any approval under any of the applicable laws on behalf of the Investors and shall not be liable in case of failure on part of the Investors to obtain such approvals.

The above information is given for the benefit of the Applicants / Investors. Our Company is not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Letter of Offer. Investors are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.
