

THIS DISCLOSURE DOCUMENT HAS BEEN PREPARED IN CONFORMITY WITH FORM PAS-4 PRESCRIBED UNDER SECTION 42 OF COMPANIES ACT, 2013 AND RULE 14(1) OF COMPANIES (PROSPECTUS AND ALLOTMENT OF SECURITIES) RULES, 2014 AND SECURITIES AND EXCHANGE BOARD OF INDIA (ISSUE AND LISTING OF DEBT SECURITIES) REGULATIONS, 2008, AS AMENDED VIDE SECURITIES AND EXCHANGE BOARD OF INDIA (ISSUE AND LISTING OF DEBT SECURITIES) (AMENDMENT) REGULATIONS, 2012 ISSUED VIDE CIRCULAR NO. LAD-NRO/GN/2012-13/19/5392 DATED OCTOBER 12, 2012 & SECURITIES AND EXCHANGE BOARD OF INDIA (ISSUE AND LISTING OF DEBT SECURITIES) (AMENDMENT) REGULATIONS, 2014 ISSUED VIDE CIRCULAR NO. LAD-NRO/GN/2013-14/43/207 DATED JANUARY 31, 2014 AND RESERVE BANK OF INDIA'S MASTER CIRCULAR - BASEL III CAPITAL REGULATIONS, RBI/2014-15/103 DBOD.NO.BP.BC.6/21.06.201/2014-15 DATED JULY 1, 2014 AND RESERVE BANK OF INDIA'S CIRCULAR: IMPLEMENTATION OF BASEL III CAPITAL REGULATIONS IN INDIA – AMENDMENTS, RBI/2014-15/201 DBOD.NO.BP.BC.38/21.06.201/2014-15 DATED SEPTEMBER 1, 2014

IDBI BANK LIMITED

A company incorporated and registered under the Companies Act, 1956 (1 of 1956) and a banking company within the meaning of Section 5 (c) of the Banking Regulation Act, 1949 (10 of 1949)

Regd. Office: IDBI Tower, WTC Complex, Cuffe Parade, Mumbai 400 005
Tel: (022) 66553355/22189111 Fax: (022) 2218 8137 Website: www.idbi.com
(hereinafter referred to as the “**Issuer**” or the “**Bank**”)

Disclosure Document for issue of 15,000 Unsecured Non-Convertible Basel III compliant Additional Tier 1 Bonds (in the nature of debentures) of ₹10,00,000 each for cash at par (hereinafter referred to as the “Bonds”), amounting to ₹1,500 crore with option to retain over-subscription upto ₹1,000 crore (hereinafter referred to the “Issue”)

General Risk: For taking an investment decision, investors must rely on their own examination of the Issuer and the Issue including the risks involved. The Bonds have not been recommended or approved by the Securities and Exchange Board of India (SEBI) nor does SEBI guarantee the accuracy or adequacy of this Disclosure Document.

Issuer’s Absolute Responsibility: The Issuer, having made all reasonable inquiries, accepts responsibility for, and confirms that this Disclosure Document contains all information with regard to the Issuer, and the Issue, which is material in the context of the Issue, that the information contained in this Disclosure Document is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Disclosure Document or any of such information or the expression of any such opinions or intentions misleading in any material respect.

Credit Rating:

Basel III compliant Additional Tier I Bonds : “CRISIL AA-/Stable” (CRISIL Double A minus with stable outlook)
“IND AA-” (Double A minus)

The rating(s) are not a recommendation to buy, sell or hold securities and investors should take their own decisions. The rating may be subject to revision or withdrawal at any time by the assigning Rating Agency on the basis of new information. Each rating should be evaluated independent of any other rating.

Listing : The Bonds are proposed to be listed on the BSE Limited (BSE) and the National Stock Exchange of India Limited (NSE).

Registrars to the Issue

Karvy Computershare Pvt. Ltd.
Plot No.17-24, Vittal Rao Nagar,
Madhapur, Hyderabad – 500081

Trustees to the Bondholders

SBICAP Trustee Company Ltd.
APEEJAY House, 6th Floor,
3, Dinshaw Wachha Road, Churchgate,
Mumbai - 400020

This Schedule under SEBI guidelines dated June 6, 2008 for private placement of Bonds is neither a prospectus nor a statement in lieu of prospectus and does not constitute an offer to the public generally to subscribe for or otherwise acquire the Bonds to be issued by Issuer.

I. RISK FACTORS

Each investor should carefully consider the following risk factors as well as the other information contained in this Disclosure Document prior to making an investment in the Bonds. In making an investment decision, each investor must rely on its own examination of the Issuer and the terms of the offering of the Bonds, including the merits and risks involved. The risks described below are not the only ones that may affect the Bonds. Additional risks not currently known to the Issuer or factors that the Issuer currently deems immaterial may also adversely affect the Issuer's business, financial condition and results of operations. The market price of the Bonds could decline due to any one or more of these risks or such factors.

1. Risks relating to the Bank

The Indian banking industry is very competitive and the Bank's strategy depends on its ability to compete effectively as a banking company.

The Bank faces competition from Indian and foreign commercial banks in all its products and services. Over the last several years, several Indian banks have increased their focus on retail loans. The Bank will face competition from Indian and foreign commercial banks and non-banking financial companies (NBFCs) in its retail products and services. In addition, since the Bank raises funds from market sources and individual depositors, it will face increasing competition for such funds. Additionally, the Indian financial sector may experience further consolidation, resulting in fewer banks and financial institutions causing more competition as a result of the consolidated banks offering more comprehensive services and products.

The business of lending carries the risk of default by borrowers.

Any lending activity is exposed to credit risk arising from the risk of default by borrowers. As of 31 March 2014, 2.48% of the Bank's net loan assets were classified as NPAs. The Bank may face difficulties in maintaining its existing NPA levels due to several factors, including uncertain economic conditions such as the on-going slowdown of most global economies, increased competition faced by its borrowers, variable industrial growth, the high level of debt in the financing of projects and relatively high inflation and interest rates in the Indian economy, which have reduced profitability for certain of the Bank's borrowers. In the past the Bank formulated packages for the financial restructuring of certain Indian companies primarily in view of the above factors and a number of other factors which affect the Bank's ability to control and reduce non-performing and restructured loans including developments in the global economic and financial scenario and its impact on the Indian economy and financial systems movements in interest rates and exchange rates, that are not within the Bank's control. Despite the creation of the Stressed Assets Stabilisation Fund, to which the Bank transferred stressed assets in the total amount of ₹9,000 crore on 1 October 2004 and efforts by the Bank to tighten its credit appraisal systems, credit risk monitoring and management systems and improved collections on existing NPAs, there is no assurance that the overall quality of its loan portfolio will not deteriorate in the future. Since its conversion to a banking company and the commencement of its banking operations, the Bank has been exposed to the credit risk of retail customers and, recently to an increased degree, small and medium-sized businesses. If the Bank is not able to control its existing NPAs, or if there is a further significant increase in the amount of new loans classified as non-performing or total loans being restructured by the Bank, the Bank's asset quality may deteriorate, its provisioning for probable losses may increase and its business, future financial performance and the trading price of the Bonds could be adversely affected.

The Bank has high concentrations of loans to certain borrowers and industries. If a substantial portion of these loans were to become non-performing, the quantity of the Bank's loan portfolio could be adversely affected.

As of 31 March 2014 the Bank's total customer exposure (TCE) (comprising credit exposure, both fund based and non-fund based, as well as investment exposure) to borrowers was ₹4,48,964 crore. The single largest borrower accounted for 1.01% of TCE and the ten largest individual borrowers of the Bank in aggregate accounted for 8.42% of TCE. Its largest single borrower group accounted for 2.51% of TCE and its ten largest borrower groups accounted for 17.53% of TCE. Credit losses on account of these group exposures could significantly affect the Bank's future performance, financial condition and the trading price of the Bonds. The Bank's major exposures by industry are to the power sector, oil, gas and petroleum products sector, other infrastructure sector, roads, bridges and ports sector, and iron and steel sector, which together accounted for about 34.98% of TCE as of 31 March 2014. As a prudential measure, the Bank has set its exposure limits to each individual industry at 10.0% of its TCE with the exception of 15.00% of TCE for the power sector, 20.00% of TCE for the real estate sector (with a sub-ceiling of 2.50% of TCE for the commercial real estate segment), 10.00% of TCE for the NBFC sector (including micro-finance institutions (MFIs) and excluding housing finance companies), 1.50% of TCE for the gems and jewellery (diamond) sector and 2.00% of TCE for the non-NBFC-MFI sector. As of 31 March 2013, the highest exposure was to the power sector at 10.78% of TCE, followed by the oil, gas and petroleum products sector at 6.63% of TCE and other infrastructure sector at 6.42% of TCE.

The Bank is exposed to various industry sectors. Deterioration in the performance of any of these industry sectors to which the Bank has significant exposure may adversely impact the Bank's business and, in turn, its financial condition.

As of 31 March 2014, the Bank had credit exposure to various industrial sectors in India. As of that date, the Bank's three largest exposures were to the power sector, oil, gas and petroleum sectors and other infrastructure sectors at ₹48,397.72 crore – ₹29,752.28 crore and ₹28,848.13 crore, respectively, comprising a total of ₹1,06,998.13 crore. The global and domestic trends in these industries may have a bearing on the Bank's financial position. Any significant deterioration in the performance of a particular sector, driven by events outside the Bank's control, such as falling consumer demand, regulatory action or policy announcements by the Government or state government authorities, would adversely impact the ability of borrowers in that industry to service their debt obligations to the Bank. As a result, the Bank would experience increased delinquencies which may adversely affect its business, its future financial performance, shareholders' funds and the price of the Bonds.

If the Bank is not able to control or reduce the level of NPAs in its portfolio, its business will suffer.

As of 31 March 2014, the Bank's net NPAs amounted to ₹4,902 crore or 2.48% of its net advances as compared to ₹3,100 crore or 1.58% of its net advances as of 31 March 2013, an increase of 1.00% over the year. A number of factors may affect the Bank's ability to control and reduce non-performing and restructured loans. Some of these factors, including developments in the Indian economy, movements in global commodity markets, global competition, interest rates and exchange rates, are not within the Bank's control. Although the Bank is increasing its efforts to improve collections and to foreclose on existing non-performing loans, there is no assurance that it will be successful in its efforts or that the overall quality of its loan portfolio will not deteriorate in the future. If the Bank is not able to control and reduce its non-performing loans, or

if there is a further significant increase in its stressed assets under restructured loans, its business, future financial performance, shareholders' funds and the price of the Bonds could be adversely affected.

There is no assurance that there will be no deterioration in provisions for loan losses as a percentage of NPAs or otherwise or that the percentage of NPAs that the Bank will be able to recover will be similar to the Bank's past experience of recoveries of NPAs. In the event of any deterioration in the Bank's asset portfolio, there could be an adverse impact on its business, future financial performance, shareholders' funds and the price of the Bonds.

A large proportion of the Bank's loans comprise project finance assistance.

Long-term project finance assistance continues to form a significant proportion of the Bank's asset portfolio. The viability of these projects depends upon a number of factors, including completion risk, market demand, Government policies and the overall economic environment in India and international markets. The Bank cannot be sure that these projects will perform as anticipated. In the past, the Bank has experienced a high level of NPAs in the project finance loan portfolio to manufacturing companies as a result of the downturn in certain global commodity markets and increased competition in India. In addition, a portion of infrastructure projects financed by the Bank are still under implementation and present risks, including delays in the commencement of operations and breach of contractual obligations by counterparties, that could impact the project's ability to generate revenues. If a substantial portion of these loans were to become non-performing, the quality of the Bank's loan portfolio could be adversely affected.

The Bank is exposed to market risk arising out of maturity mismatches.

As of 31 March 2014, the amount of assets maturing within five years was lower than the amount of liabilities maturing within that period resulting in a cumulative negative gap of ₹42,018 crore. Any gap resulting at any future date will be managed through a suitable structuring of the maturity profile of the Bank's investment products, asset portfolio and liability products. Although the Bank has access to various short term borrowing options and has contracted certain revolving lines of credit with other banks and financial institutions to manage liquidity positions, there can be no assurance that such action will be successful and a significant mismatch in the maturity profile of the Bank's assets and liabilities may adversely affect its future performance, financial results and the trading price of the Bonds.

The Bank has large contingent liabilities.

As of 31 March 2014, the Bank had estimated contingent liabilities of ₹1,88,203 crore on account of swaps, forward rate agreements, options, acceptance, endorsement, guarantees, letters of credit, underwriting commitments, uncalled monies on partly paid shares and debentures, claims against the Bank not acknowledged as debt and disputed tax claims. The contingent liabilities are solely on account of normal operations and are subject to the prudential norms applicable to lending and investment operations. If the Bank's contingent liabilities crystallise, this may have an adverse effect on the Bank's business, its future financial performance and the trading price of the Bonds.

The Bank faces potential exposure in respect of its tax liabilities.

As of 31 March 2014, the gross demand raised by the Income Tax Department against the Bank on account of income tax, wealth tax, interest tax, penalty and interest demand was ₹1,443 crore.

The demands include ₹154 crore in respect of matters similar to those in which the Bank has received favourable decisions from the appellate authorities in previous years. The Bank has made provision for an amount of ₹24 crore in respect of certain disputed tax assessments. The net contingent liability is ₹1,265 crore. There can be no assurance, however, that these disputed cases will be decided in the Bank's favour or that the provision will be sufficient to cover all of the Bank's tax liability which may adversely affect the Bank's business, its future financial performance and the trading price of the Bonds.

The Bank's business is particularly vulnerable to volatility in interest rates caused by deregulation of the financial sector in India.

The Bank's results of operations are largely dependent upon the level of its net interest income. Interest rates are highly sensitive to factors beyond the Bank's control, including deregulation of the financial sector in India, the RBI's monetary policies, domestic and international economic and political conditions and other factors. Changes in interest rates could affect the margins earned on interest-earning assets differently than the margins paid on interest-bearing liabilities. This difference could result in an increase in interest expense relative to interest income leading to a reduction in the Bank's net interest income. Over the last several years, the Government and the RBI have substantially deregulated interest rates. The RBI has also deregulated the interest rates payable on Savings Bank accounts which were earlier fixed by the RBI and were the same across the industry. As a result, interest rates on savings deposits as well as fixed deposits are now determined by the market, which has increased the interest rate risk exposure of all banks and financial institutions, including the Bank. Volatility in interest rates could adversely affect the Bank's business, its future financial performance and the trading price of the Bonds.

The Bank's operations are constrained by its low net interest margin, which is lower than its peer banks.

The operations and net interest margin of the Bank are adversely affected by its high cost of past borrowings, high level of past NPAs and substitution of income yielding assets by zero coupon securities issued by the Government under the Stressed Assets Stabilisation Fund. The Bank has been taking steps to contain NPAs, reduce its cost of borrowings and increase its yield on assets. However, if the Bank's net interest margin continues to be low as compared to peer group, the Bank may not be able to implement its growth strategy, which could adversely impact its future performance and the trading price of the Bonds.

The Bank is exposed to fluctuation in foreign exchange rates and other risks.

The Bank undertakes various foreign exchange transactions to hedge its own risk and also for proprietary trading, which are exposed to various kinds of risks including but not limited to settlement and pre-settlement risk, market risk and exchange risk. The Bank has adopted certain market risk management policies to mitigate such risks by imposing various risk limits such as counterparty limits, country wide exposure limits, overnight limits, intraday limits and monitoring the Value at Risk (the **VaR**). The Bank follows the model approved by Foreign Exchange Dealers' Association of India (**FEDAI**) to arrive at the VaR. However, the Bank is exposed to fluctuation in foreign currency rates for its unhedged exposure. Adverse movements in foreign exchange rates may also impact the Bank's borrowers negatively which may in turn impact the quality of the Bank's exposure to these borrowers. Volatility in foreign exchange rates could adversely affect the Bank's future financial performance and the market price of the Bonds.

In addition to foreign exchange risk and interest rate risk as described above, the Bank may also be exposed to other different types of risk during its operation and entering into transactions, including but not limited to credit risk, counterparty risk, market risk, liquidity risk and operational risk.

The Bank's risk management policies and procedures may leave the Bank exposed to unidentified or unanticipated risks, which could negatively affect business or result in losses.

The Bank's hedging strategies and other risk management techniques may not be fully effective in mitigating its risk exposure in all market environments or against all types of risk, including risks that are unidentified or unanticipated. Some methods of managing risk are based upon observed historical market behaviour. As a result, these methods may not predict future risk exposures, which could be significantly greater than the historical measures indicated. Other risk management methods depend upon an evaluation of information regarding markets, clients or other matters. This information may not in all cases be accurate, complete, up-to-date or properly evaluated. Management of operational, legal or regulatory risk requires, among other things, policies and procedures to properly record and verify a large number of transactions and events. The Bank has in place a Risk Management Committee at the Board of Directors of the Bank (the **Board** or the **Board of Directors**) level, which reviews and further refines risk management policies and procedures on an ongoing basis. Although the Bank has introduced these policies and procedures, they may not be fully effective which could adversely impact its future performance and the trading price of the Bonds.

The Bank may not be able to detect money-laundering and other illegal or improper activities fully or on a timely basis, which could expose it to additional liability and harm its business or reputation.

The Bank is required to comply with applicable anti-money-laundering (AML) and anti-terrorism laws and other regulations in India and in other jurisdictions where it has operations. These laws and regulations require the Bank, among other things, to adopt and enforce "know-your-customer" (KYC) policies and procedures and to report suspicious and large transactions to the applicable regulatory authorities in different jurisdictions. While the Bank has adopted policies and procedures aimed at detecting and preventing the use of its banking networks for money-laundering activities and by terrorists and terrorist-related organisations and individuals generally, such policies and procedures may not completely eliminate instances where the Bank may be used by other parties to engage in money laundering and other illegal or improper activities due to, in part, the short history of these policies and procedures. In March 2013, an Indian online news magazine called Cobrapost conducted an undercover investigation of Indian banks' implementation of AML and KYC policies and procedures, finding irregularities in both public and private sector banks. Following the Cobrapost investigation, the RBI conducted its own investigation and on 28 August 2013 imposed fines on a number of public and private sector banks, including a fine of ₹1 crore on the Bank. While the RBI did not find prima facie evidence of money laundering, it imposed fines for non-compliance or aberrations in compliance with its instructions relating to KYC and AML. To the extent the Bank fails to fully comply with applicable laws and regulations, the relevant government agencies to whom the Bank reports have the power and authority to impose fines and other penalties.

If the Bank is unable to adapt to rapid technological changes, its business could suffer.

The Bank's future success and ability to compete effectively with other banks will depend, in part, on its ability to respond to technological advances and emerging banking industry standards

and practices on a cost-effective and timely basis. The development and implementation of such technology entails significant technical and business risks. The Bank has implemented its Core Banking Solution (CBS) across all of its functions and branches. Any failure in the Bank's systems (including the CBS) may significantly affect the Bank's operations and quality of customer service and could result in business and financial losses and adversely affect the trading price of the Bonds. Furthermore, if the Bank is unable, for technical, legal, financial or other reasons, to adapt in a timely manner to changing market conditions, customer requirements or technological changes, its business, the future financial performance of the Bank and the trading price of the Bonds could be materially affected.

Significant security breaches could adversely impact the Bank's business.

The Bank seeks to protect its computer systems and network infrastructure from physical break-ins as well as security breaches and other disruptive problems. Although the Bank employs security systems, including firewalls and password encryption, which are designed to minimise the risk of security breaches, there can be no assurance that these security measures will be adequate or successful. Failure in security measures could have a material adverse effect on the Bank's business, its future financial performance and the trading price of the Bonds. Furthermore, technological breakdowns including computer break-ins and power disruptions could affect the security of information stored in and transmitted through these computer systems and network infrastructure. Although the Bank takes adequate measures to safeguard against system-related and other frauds, there can be no assurance that it would be able to prevent frauds. The Bank's reputation could be adversely affected by frauds committed by employees, customers or outsiders.

The failure of the Bank's systems or a third party to perform on its obligations to deliver systems creation, management and support, could materially and adversely affect the Bank's business, results of operations and financial condition.

The Bank's businesses are heavily dependent on the ability to timely and accurately collect and process a large amount of financial and other information across numerous and diverse markets and products at the Bank's various branches, at a time when the management of transaction processes have become increasingly complex due to increasing volume. The proper functioning of the Bank's financial control, risk management, accounting or other data collection and processing systems, together with the communication networks connecting the Bank's various branches and offices is critical to the Bank's businesses and the Bank's ability to compete effectively. Although the Bank has backup data that could be used in the event of a catastrophe involving or failure of the primary systems, a partial or complete failure of any of these primary systems or communication networks could materially and adversely affect the Bank's decision-making process, risk management or internal controls as well as the Bank's timely response to market conditions. If the Bank cannot maintain an effective data collection and management system or the strategy of outsourcing information technology (IT) and systems management proves unsuccessful or unreliable, the Bank's business, financial condition and results of operations could be materially and adversely affected.

The Bank may experience delays in enforcing its collateral when borrowers default on their obligations to the Bank, which may result in failure to recover the expected value of collateral security exposing it to a potential loss.

A substantial portion of the Bank's loans to corporate customers are secured by real assets, including property, plant and equipment. The Bank's loans to corporate customers also include

working capital credit facilities that are typically secured by a first lien on inventory, receivables and other current assets. In some cases, the Bank may have taken further security of a first or second lien on fixed assets, a pledge of financial assets like marketable securities, corporate guarantees and personal guarantees. A substantial portion of the Bank's loans to retail customers is also secured by the assets financed, predominantly property. Although in general the Bank's loans are over-collateralised, an economic downturn could result in a fall in relevant collateral values for the Bank. Foreclosure on collateral generally requires a written petition to a court or tribunal. An application, when made, may be subject to delays and administrative requirements that may result, or be accompanied by, a decrease in the value of the collateral. In the event a corporate borrower makes a reference to the Board for Industrial and Financial Reconstruction (the **BIFR**), foreclosure and enforceability of collateral is stayed. The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (the **SARFAESI Act**), has strengthened the ability of lenders to resolve NPAs by granting them greater rights as to enforcement of security and recovery of dues from corporate borrowers. While the Bank believes that the SARFAESI Act has contributed to its enforcement efforts, there can be no assurance that the legislation will continue to have a favourable impact on the Bank's efforts to resolve NPAs. The Bank cannot guarantee that it will be able to realise the full value on its collateral, as a result of, among other factors, delays in bankruptcy and foreclosure proceedings, defects in the perfection of collateral and fraudulent transfers by borrowers. A failure to recover the expected value of collateral security could expose the Bank to a potential loss. Any unexpected losses could adversely affect the Bank's business, its future financial performance and the price of the Bonds.

The Bank is in the process of expanding its operations overseas. In particular the Bank has established its first overseas branch in Dubai International Financial Centre, UAE. The overseas operations could be subject to increased competition and international legal and regulatory risk which may adversely affect its business and price of the Bonds.

In December 2009, the Bank obtained a Category-1 licence from the Dubai Financial Services Authority (**DFSA**) to establish the DIFC Branch to cater largely to the wholesale banking business. The DIFC Branch commenced operations on 7 December 2009. The DIFC Branch is the Bank's first overseas banking branch and the Bank will face intense competition from international banks operating in the same region as well as operational, legal and regulatory risks that are unfamiliar to the Bank. There can be no assurance that such factors will not have a material adverse effect on the financial condition and operations of the DIFC Branch in the future. There is also no guarantee that the Bank will be able to realise the projected benefits of setting up the DIFC branch. The Bank may continue to seek to establish banking operations in other countries and may pursue such opportunities globally. As a result of its overseas operations and given that the Bank may establish more foreign branches in the future, the Bank is and will continue to be subject to a wide variety of international banking and financial services laws and regulations and a large number of regulatory and enforcement authorities in the jurisdictions in which it operates. Failure to comply with applicable laws and regulations in various jurisdictions, including unauthorised actions by employees, representatives, agents and third parties, may result in regulatory action including financial penalties and restrictions on or suspension of the related business operations. In addition, failure to comply with the applicable laws and regulations in various jurisdictions by the employees, representatives, agents and third party service providers of the Bank, its overseas branches, overseas subsidiaries and overseas affiliates, either in or outside the course of their services, or suspected or perceived failures by them, may result in inquiries or investigations by regulatory and enforcement authorities, in

regulatory or enforcement action against either, the Bank, its overseas branches, overseas subsidiaries, overseas affiliates or such employees, representatives, agents and third party service providers. Such actions may, amongst other consequences, impact the reputation of the Bank, its overseas branches, overseas subsidiaries and overseas affiliates, result in adverse media reports, lead to increased or enhanced regulatory or supervisory concerns, lead to additional costs, penalties, claims and expenses being incurred by the Bank, its overseas branches, overseas subsidiaries and overseas affiliates or impact adversely its ability to conduct business owing to implications on business continuity, possible distraction, lack of proper attention or time by such employees, representatives, agents and third party service providers to their official roles and duties, or suspension or termination by the Bank of their services and having to find suitable replacements apart from personal liability, financial or other penalties and restrictions that may be imposed on or suffered by them including personal liability for criminal violation. If the Bank, its overseas branches, overseas subsidiaries and overseas affiliates fail to manage their legal and regulatory risk in the jurisdictions in which they operate, their business could suffer, their reputation could be harmed and they would be subject to additional legal risk. This could, in turn, increase the size and number of claims and damages asserted against the Bank, its overseas branches, overseas subsidiaries and overseas affiliates or subject them to regulatory investigations, enforcement actions or other proceedings, or lead to increased regulatory or supervisory concerns. The Bank, its overseas branches, overseas subsidiaries and overseas affiliates may also be required to spend additional time and resources on any remedial measures which could have an adverse effect on its business. Despite the best efforts of the Bank, its overseas branches, overseas subsidiaries and overseas affiliates to comply with all applicable regulations, there are a number of risks that cannot be completely controlled. The international expansions of the Bank, its overseas branches, overseas subsidiaries and overseas affiliates have led to increased risk in this respect. Regulators in the jurisdictions in which the Bank, its overseas branches, overseas subsidiaries and overseas affiliates operate have the power to bring administrative or judicial proceedings against the Bank, its overseas branches, overseas subsidiaries and overseas affiliates (or its employees, representatives, agents and third party service providers), which could result, among other things, in suspension or revocation of one or more of the licences of the Bank, its overseas branches, overseas subsidiaries and overseas affiliates, cease and desist orders, fines, civil penalties, criminal penalties or other disciplinary action which could materially harm its results of operations and financial condition.

Banking is a heavily regulated industry and material changes in the regulations that govern the Bank could cause its business to suffer.

Banks are subject to detailed supervision and regulation by the RBI. In addition, banks are subject generally to changes in Indian law, as well as to changes in regulation, government policies and accounting principles. The laws and regulations governing the banking sector could change in the future and any such changes may adversely affect the Bank's business, future financial performance and the price of the Bonds. In accordance with current RBI guidelines, banks are required to maintain a minimum of 22.00% and 4.00% of its net demand and time liabilities (**NDTL**) by way of the statutory liquidity ratio (**SLR**) and cash reserve ratio (**CRR**), respectively. Furthermore, banks are required to lend a minimum of 40.00% of their adjusted net bank credit (**ANBC**) or equivalent amount of off-balance sheet exposure (**OBE**), whichever is higher, to **Priority Sector**, such as agriculture, micro and small-scale industries, education and housing finance, which are categorised as "Priority Sectors". Assistance to the agriculture sector is required to comprise at least 18.00% of ANBC or the credit equivalent amount of OBE whichever is higher. These deposits and/or advances could carry rates of interest lower than the

prevailing market rates. Consequent to its conversion into a universal bank in October 2004, the Bank is required to comply with SLR and CRR requirements and is required to comply, in a phased manner, with Priority Sector Lending requirements by March 2013. The Bank has been in compliance with CRR requirements since the date of conversion and SLR requirements with effect from 1 October 2009. There are a number of restrictions under the Banking Regulation Act, 1949 (the **Banking Regulation Act**) which impact the Bank's operating flexibility and affect or restrict investors' rights. These include the following:

- Section 15(a) of the Banking Regulation Act, states that “no banking company shall pay any dividend on its shares until all its capitalised expenses (including preliminary expenses, organisation expenses, share-selling commission, brokerage, amounts of losses incurred and any other item of expenditure not represented by tangible assets) have been completely written-off.
- The forms of business in which the Bank and any subsidiaries of the Bank may engage are specified and regulated by the Banking Regulation Act. Pursuant to the provisions of Section 8 of Banking Regulation Act, the Bank cannot directly or indirectly deal in the buying, selling or bartering of goods by itself or for others, except in connection with the realisation of security given to it or held by it, or engage in any trading, buying, selling or bartering of goods for others other than in connection with bills of exchange received for collection or negotiation, or in connection with the administration of estates as executor, trustee or otherwise, or in connection with any business specified under Section 6(1)(o) of the Banking Regulation Act. Goods for this purpose means every kind of movable property, other than actionable claims, stocks, shares, money, bullion and all instruments referred to in Section 6(1)(a) of Banking Regulation Act. Unlike a company incorporated under the Companies Act, 2013 (the **Companies Act**) which may amend the objects clause of its Memorandum of Association to commence a new business activity, banking companies may only carry on business activities permitted by Section 6 of the Banking Regulation Act or specifically permitted by the RBI. This may restrict the Bank's ability to pursue profitable business opportunities as they arise.
- Section 17(1) of the Banking Regulation Act requires every banking company to create a Reserve Fund and out of the profit balance of each year as disclosed in the profit and loss account transfer a sum equivalent to not less than 20.00% of such profit to the reserve fund before paying any dividend.
- Under Sections 35A and 36 of the Banking Regulation Act (which apply to the Bank), the RBI is empowered to give directions to, prohibit from entering into any transactions, and advise generally the Bank. Consequently, the performance of obligations by the Bank, may be restricted by the directions or advice given by the RBI under the aforesaid provision.
- Under Section 50 of the Banking Regulation Act (which applies to the Bank), no person shall have a right, whether in contract or otherwise, to any compensation for any loss incurred by reason of operation of certain provisions of the Act, including Sections 35A and 36. Therefore, holders of the Bonds may not be able to claim any compensation for a failure by the Bank to perform its obligations, consequent to the operation of the aforesaid provisions.

The Bank is required to maintain its capital adequacy ratio at the minimum level required by the RBI for domestic banks. There can be no assurance that the Bank will be able to access capital as and when it needs it for growth.

The RBI requires Indian banks to maintain a minimum Tier I capital adequacy ratio of 6.00% and a minimum risk weighted capital adequacy ratio of 9.00%. As per Basel II norms, the Bank's standalone Tier I and total capital adequacy ratios were 8.02% and 13.13%, respectively, while the Group's consolidated Tier I and total capital adequacy ratios were 8.08% and 13.22%, respectively, as of 31 March 2014. Further as per Basel III norms, the Bank's standalone Tier I and total capital adequacy ratios were 7.79% and 11.68%, respectively, while the Group's consolidated Tier I and total capital adequacy ratios were 7.88% and 11.8%, respectively, as of 31 March 2014. The Bank is exposed to the risk of the RBI increasing the applicable risk weight for different asset classes from time to time. The Bank's current capitalisation levels are in line with these requirements. However, unless the Bank is able to access the necessary amount of additional capital, any incremental increase in the capital requirement may adversely impact the Bank's ability to grow its business and may even require the Bank to withdraw from or to curtail some of its current business operations. There can also be no assurance that the Bank will be able to raise adequate additional capital in the future at all or on terms favourable to it. Moreover, if the Basel Committee on Banking Supervision releases additional or more stringent guidance on capital adequacy norms which are given the effect of law in India in the future, the Bank may be forced to raise or maintain additional capital in a manner which could materially adversely affect its business, financial condition and results of operations.

The Bank's funding is a mix of short and long term wholesale borrowings and wholesale and retail deposits. If lenders and depositors fail to roll over deposited funds upon maturity, the Bank's business could be adversely affected.

The Bank has a fairly diversified funding base comprising both wholesale and retail lenders and depositors. If a significant portion of the Bank's lenders and depositors fail to roll over deposited funds upon maturity or do so for a shorter maturity than that of the Bank's assets, which tend to have medium to long-term maturities, the Bank's liquidity position could be adversely affected. The Bank dynamically manages its liquidity and interest rate sensitivity positions through frequent monitoring and suitable structuring of liability and asset products. However, the failure to obtain rollover of customer deposits upon maturity or to replace them with fresh deposits with similar maturity profile as the Bank's assets could have a material adverse effect on the Bank's business, future financial performance and the trading price of the Bonds.

If the Bank is not able to integrate any future acquisitions, the Bank's business could be disrupted.

The Bank may seek opportunities for growth through acquisitions or be required to undertake mergers mandated by the RBI. Any future acquisitions or mergers may involve a number of risks, including diversion of its management's attention required to integrate the acquired business and failure to retain key acquired personnel and clients, leverage synergies, rationalise operations, or develop the skills required for new businesses and markets, or unknown and known liabilities, some or all of which could have an adverse effect on its business.

Any inability to attract and retain talented professionals may negatively affect the Bank.

Attracting and retaining talented professionals is a key element of the Bank's growth strategy. Because the Bank generally pays wages that are lower than those paid by private sector banks, it

has greater difficulty attracting and retaining talented professionals. An inability to attract and retain such talented professionals or the resignation or loss of key management personnel may have an adverse impact on the Bank's business, future financial performance and trading price of the Bonds.

The Bank is subject to Regulatory Reserve requirements, which affect the interest on a portion of the Bank's balances.

As of 31 March 2014, the Bank was required to maintain 5.15% of its NDTL in the form of balances with the RBI in accordance with Section 42 of the Reserve Bank of India Act, 1934. Under the current provisions, the Bank does not earn any interest on such balances held with the RBI.

The Bank is required to apply the revised Accounting Standard 15 – Accounting for Retirement Benefits (the Revised AS-15), which will result in the Bank having to set aside additional provisions in respect of employee retirement benefits. This in turn may have a material adverse effect on the Bank's financial performance.

The Revised AS-15 issued by the Institute of Chartered Accountants of India became effective for accounting periods commencing on or after 7 December 2006. Prior to 7 December 2006, the amount of employee retirement benefits was determined based on an aggregate basis and the provisioning for such retirement benefits for a given financial period was made accordingly. Under the Revised AS-15, however, the amount of employee retirement benefits is determined on a Projected Unit Credit Method, which is a method prescribed under the International Accounting Standard 19, and the provisioning for such amount is mandatory. The amount of provisions that needs to be set aside by banks in India under the Revised AS-15 may be higher than such provision determined under the previous standard. As a result of the application of the Revised AS-15, the Bank is required to set aside an additional amount of provisions in respect of the employee retirement benefits. It is valued that such additional amount would be ₹64 crore, which the Bank is setting aside over a period of five years commencing from the fiscal year ending 31 March 2008. The Bank has provided for the entire amount of ₹64 crore. Consequently, there is no contingent liability on account of the transition to revised AS-15.

2. Risks Relating to India

A slowdown in economic growth in India could cause the Bank's business to suffer.

The Bank's performance and the growth of its business are necessarily dependent on the health of the overall Indian economy. As a result, any slowdown in the Indian economy could adversely affect the Bank's business. The economic growth of India has deteriorated in the last fiscal year. It is difficult to assess the impact of these fundamental economic changes on the Bank's business. Any further slowdown in the Indian economy could adversely affect the Bank's business, results of operations, financial condition and prospects.

Recent market conditions and the risk of continued market deterioration could adversely affect the Bank's business.

The global equity and credit markets have been going through substantial dislocations, liquidity disruptions and market corrections. Liquidity and credit concerns and volatility in the global credit and financial markets increased significantly with the bankruptcy or acquisition of, and government assistance extended to, several major US and European financial institutions. These and other related events have had a significant impact on the global credit and financial markets

as a whole, including reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in the United States and global credit and financial markets. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, have implemented a number of policy measures designed to add stability to the financial markets. However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilising effects. In the event that the current difficult conditions in the global credit markets continue or if there are any significant financial disruptions, the Bank's cost of funding, loan portfolio, business, future financial performance and the trading price of the Bonds may be adversely affected. Furthermore, as the values of many investment securities that the Bank holds are sensitive to the volatility of the credit markets, to the extent that turmoil and uncertainty in the credit market continues and/or intensifies, such investment securities may be adversely affected by future developments in the credit markets. In addition, the ongoing financial stress in several global economies may adversely affect the ability of the Bank's borrowers to fulfil their debt obligations, which in turn could adversely affect the Bank's business and results of operations.

The Indian banking sector is subject to external economic forces.

As reported by the RBI in its financial stability report released on 30 December 2013, the realignment of global growth is likely to result in volatile cross-border money flows, thus posing threats to financial stability especially in the emerging market and developing economies (EMDEs). With the growth differential between advanced economies (AEs) and EMDEs narrowing, large gyrations in financial markets are likely with every re-pricing of risk. Relatively slower growth in EMDEs may tilt the risk-return structure in favour of AEs which could lead to capital outflows from EMDEs when global liquidity falls. Further the strain on asset quality in the Indian banking sector continues to be a major concern. A few sectors, namely, infrastructure, iron and steel, aviation, textiles and mining, continue to contribute significantly to the problem assets of the banking sector, while the performance of the retail sector has been good. Some factors affecting the asset quality adversely are (i) the current economic slowdown of growth-global and domestic, (ii) persistent policy logjams, (iii) delayed clearances of various projects, (iv) aggressive expansion by corporates during the boom phase with resultant excess capacities, and (v) deficiencies in credit appraisal, and others. However, under improved macro conditions, the present trend in credit quality may reverse during the second half of fiscal year 2015. The Bank has little or no control over any of these risks or trends and may be unable to anticipate changes in economic conditions. Adverse effects on the Indian banking system could impact the Bank's funding, profitability, asset quality or NPAs and adversely affect the Bank's business growth and as a result, impact future financial performance and the market price of the Bonds.

Financial instability in other countries, particularly the pace of recovery in other economies following the global financial crisis, could disrupt the Bank's business and cause the trading price of the Bonds to decrease.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries. Financial turmoil in Asia, Europe, Latin America, Russia, the United States of America and elsewhere in the world in past years has had limited impact on the Indian economy and India was relatively unaffected by financial and liquidity crises experienced elsewhere. India has been impacted to a moderate extent by the recent global financial crisis and has shown strong resilience in the face of a global economic slowdown. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse

effects on the securities of companies in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause volatility in Indian financial markets and, indirectly, in the Indian economy in general. This in turn could negatively impact the Indian economy, including the movement of exchange rates and interest rates in India. Any significant financial disruption could have an adverse effect on the Bank's business, future financial performance and the trading price of the Bonds.

A significant change in the Government's economic policies could disrupt the Bank's business.

The Government has traditionally exercised, and continues to exercise, a dominant influence over many aspects of the economy. Its economic policies have had and could continue to have a significant effect on public sector entities, including the Bank, and on market conditions and prices of Indian securities, including securities issued by the Bank. Significant change in the Government's policies could adversely affect business and economic conditions in India and could also adversely affect the Bank's business, its future financial performance and the trading price of the Bonds.

If regional hostilities, terrorist attacks or social unrest in India increase, the Bank's business could be adversely affected and the trading price of the Bonds could decrease.

India has from time to time experienced social and civil unrest and hostilities both internally and with neighbouring countries. These hostilities and tensions could lead to political or economic instability in India and a possible adverse effect on the Bank's business, its future financial performance and the trading price of the Bonds . Furthermore, India has also experienced social unrest in some parts of the country. If such tensions occur in other parts of the country, leading to overall political and economic instability, it could have an adverse effect on the Bank's business, future financial performance and the trading price of the Bonds.

Trade deficits could have a negative effect on the Bank's business and the trading price of the Bonds.

India's trade relationships with other countries can influence Indian economic conditions. India's trade deficit has ranged between 6.23% and 10.30% of the gross domestic product (GDP) during the years 2007-13. Rising gold imports have been a continuing concern in terms of a rising trade deficit. The share of gold in total imports has been increasing since 2007-08 and was close to 3.00% of the GDP in 2012-13. Several policy measures aimed at reducing vulnerabilities arising from gold imports have been taken recently including increase of import duty on gold etc. Coupled with the improvement in exports, these measures have started reflecting in the recent trade figures. India's current account deficit also narrowed sharply to U.S.\$4.2 billion (0.9% of GDP) in the quarter of 2013-14 from U.S.\$31.7 billion (6.5% of GDP) in quarter of 2012-13. If India's trade deficits increase or become unmanageable, the Indian economy, and therefore the Bank's business, future financial performance and the trading price of the Bonds could be adversely affected.

A downgrade in ratings of India, the Indian banking sector or of the Bank may affect the Banks' business, the Bank's liquidity and the trading price of any Bonds.

In April and June 2012, Standard & Poor's (S&P) and Fitch Ratings Ltd. (Fitch), respectively, revised the outlook on the long-term ratings on India from "stable" to "negative", citing factors such as the slowdown in India's investment and economic growth and the widening current account deficit, resulting in weaker medium term credit, as well as structural challenges such as

corruption, inadequate economic reforms and elevated inflation. At the same time, S&P lowered the credit rating outlook of India's top 10 banks and warned that it could downgrade these banks' credit ratings depending on their asset quality and India's sovereign credit rating, while Fitch downgraded the credit rating outlook of 11 Indian financial institutions to "negative" based on their close links to the Government. Moody's Investors Services Limited (**Moody's**) had earlier, in November 2011, changed the outlook of the Indian banking system from "stable" to "negative" citing concerns of an increasingly challenging operating environment which could adversely affect the asset quality, capitalisation and profitability of Indian banks.

On 8 June 2012 and 8 January 2013, S&P and Fitch, respectively, announced that they might lower India's credit rating below investment-grade, citing slowing GDP growth, setbacks or reversals in India's economic policy, widening fiscal deficit and/or increasing spreads of credit default swaps for Indian banks. On 10 October 2012, S&P stated that a downgrade would be likely if the country's economic growth prospects dim, its external position deteriorates, its political climate worsens or fiscal reforms slow. However, these rating agencies also indicated that they might revise their outlook to "stable" if the government implements initiatives to reduce structural fiscal deficits, improves its investment climate and increases growth prospects. S&P reiterated on 17 May 2013 that, although there has been some easing of pressure towards a downgrade of the rating, there is still a more than one-in-three likelihood of such a downgrade unless significant improvements in factors such as a high fiscal deficit and levels of government borrowing are seen. On 15 June 2013, Fitch upgraded the outlook of ten financial institutions, including the Bank, from "negative" to "stable" following its revision of the outlook on India's long-term foreign-and local-currency issuer default ratings from "negative" to "stable".

On 25 November 2013, S&P downgraded the long-term rating assigned to the Bank to below investment grade, citing weak asset quality. As of the date of this Disclosure Document, the Bank has investment grade ratings from Moody's and Fitch. Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact the Bank's ability to raise additional financing and the interest rates and other commercial terms at which such financing is available. Any of these developments may materially and adversely affect the cost of funds available to the Bank and the trading price of any Bonds.

A decline in India's foreign exchange reserves may affect liquidity and interest rates in the Indian economy which could have adverse impact on the Bank.

India's foreign exchange reserves increased by U.S.\$22.0 billion (40.6%) in fiscal year 2003, by U.S.\$36.9 billion (48.4%) in fiscal year 2004, by U.S.\$28.6 billion (25.3%) in fiscal year 2005, by U.S.\$10.1 billion (7.1%) in fiscal year 2006, by U.S.\$47.6 billion (31.4%) in fiscal year 2007, and by U.S.\$110.5 billion (55.5%) in fiscal year 2008. However, during fiscal year 2009, foreign exchange reserves decreased sharply by U.S.\$57.7 billion (18.6%), as a direct consequence of the effects of the global financial crisis on India, although they increased by U.S.\$27.1 billion (10.7%) during fiscal year 2010 and by U.S.\$25.8 billion (9.2%) during fiscal year 2011. India's foreign exchange reserves decreased by U.S.\$10.42 billion (3.42%) and by U.S.\$2.35 billion (0.79%) for fiscal years 2012 and 2013, respectively. A decline in India's foreign exchange reserves could result in reduced liquidity and higher interest rates in the Indian economy, which could adversely affect the Bank's business, its financial performance and the trading price of the Bonds .

Natural calamities could have a negative impact on the Indian economy and could cause the Bank's business to suffer and the trading price of the Bonds to decrease.

India has experienced natural calamities such as earthquakes, floods and droughts in the past. The extent and severity of these natural disasters determine their impact on the Indian economy. The occurrence of similar or other natural calamities could have a negative impact on the Indian economy, affecting the Bank's business and potentially causing the trading price of the Bonds to decrease.

Financial difficulty and other problems in certain long-term lending institutions and investment institutions in India could have a negative impact on the Bank's business and the trading price of the Bonds could decrease.

The Bank is exposed to the risks of the Indian financial system which in turn may be affected by financial difficulties and other problems faced by certain Indian financial institutions. As an emerging market economy, the Indian financial system faces risks of a nature and to an extent not typically faced in developed countries, including the risk of deposit runs notwithstanding the existence of deposit insurance scheme. Certain financial institutions have experienced difficulties during recent years. Some cooperative banks have also faced serious financial and liquidity crises. The problems faced by individual financial institutions and any instability in or difficulties faced by the financial system generally could create adverse market perception about Indian financial institutions and banks. This in turn could adversely affect the Bank's business, future financial performance and the price of the Bonds.

The effects of the planned convergence with and adoption of IFRS are uncertain.

On 25 February 2011, the Ministry of Corporate Affairs of the Government of India announced through a press release that 35 Indian Accounting Standards (**Ind AS**) were to be converged with the IFRS. However, the date of implementation of convergence is yet to be notified by the Ministry of Corporate Affairs. Because there is a significant lack of clarity on the adoption of and convergence with IFRS and there is not yet a significant body of established practice on which to draw in forming judgments regarding its implementation and application, the Bank has not determined with any degree of certainty the impact that such adoption will have on its financial reporting. The Ind AS may adopt such accounting standard with or without alteration. Furthermore, the new accounting standards will change its methodology for estimating allowances for probable loan losses. New accounting standards may require the Bank to value its non-performing loans by reference to their market value (if a ready market for such loans exists), or to calculate the present value of the expected future cash flows realisable from its loans, including the possible liquidation of collateral (discounted at the loan's effective interest rate) in estimating allowances for probable losses. This may result in the Bank recognising higher allowances for probable loan losses in the future. Therefore, there can be no assurance that the Bank's financial condition, results of operations, cash flows or changes in shareholders' equity will not appear materially worse under IFRS than under Indian GAAP. In the Bank's transition to IFRS reporting, the Bank may encounter difficulties in the ongoing process of implementing and enhancing its management information systems. Moreover, there is increasing competition for the small number of available IFRS-experienced accounting personnel as more Indian companies begin to prepare IFRS financial statements. There can be no assurance that the Bank's adoption of IFRS will not adversely affect its reported results of operations or financial condition and the price and ability to pay Interest of the Bonds.

Increased volatility or inflation of commodity prices could adversely affect the Bank's business.

In recent months, consumer and wholesale prices in India have been rising with particular increases in the prices of food, metals and crude oil. Any increased volatility or rate of inflation of global commodity prices, in particular oil and steel prices, could adversely affect the Bank's borrowers and contractual counterparties. Although the RBI has introduced certain policy measures designed to curb inflation, these may not have an immediate impact or even be successful. Because of the importance of its retail banking portfolio and the importance of its agricultural loan portfolio to the Bank's business, any slowdown in the growth of the housing, automobile and agricultural sectors could adversely impact the Bank's business and a general economic slowdown in India could increase the cost of servicing the Bank's non-Rupee denominated debt, including the Bonds and adversely impact the bank's business prospects, financial condition and results of operations.

Significant increases in the price of crude oil could adversely affect the Indian economy, which could adversely affect the Bank's business. Further, volatility in the by-products of crude oil (such as petrol, diesel, and liquefied petroleum gas (LPG)), due to deregulation of their prices in India, could adversely affect the Indian economy, which in turn may adversely affect the Bank's business.

India imports approximately 75.00% of its crude oil requirement. During the fiscal year ended 2012, crude oil prices remained high. The price of Brent Crude oil, traded in the range of U.S.\$110-115 per barrel for the most of fiscal 2012 but touched a high of U.S.\$125.66 per barrel by 28 March 2012. Any sharp increase in global crude oil prices combined with an adverse exchange rate may adversely affect the Indian economy. The continuing instability in the Middle East and other parts of the world have negatively impacted the supply of crude oil. Furthermore, the economic sanctions imposed on certain oil-producing countries in the Middle East have also affected supply. Continuance of economic sanctions, tensions or hostilities including terrorist activities in regions in which most of the world's oil production facilities are located may lead to increase or greater volatility in oil prices. Any significant increase in the crude oil prices could adversely affect the Indian economy and the Indian banking and financial system. Further, in June 2010, the Government of India deregulated the price of petrol in the domestic market to ensure closer links with movements in crude oil prices in the international markets. Since the deregulation in June 2010, the price of petrol has increased substantially, which has also affected the prices of other commodities. The Government of India may also further deregulate the price of other by-products of crude oil, such as diesel and LPG, which could lead to increased volatility in the prices of these by-products in the domestic market, which may, in turn, have an adverse impact on the prices of other goods and services. The increased volatility in the price of the by-products of crude oil, and the effect such price volatility has on the prices of other commodities, may adversely affect the Bank's borrowers and contractual counter parties and, in turn, impact the Bank's business and operations. All of this could adversely affect the Bank's business, quality of its assets, its financial performance and the trading price of the Bonds.

The proposed new taxation system could adversely affect the Bank's business and the trading price of the Bonds.

The Government has proposed two major reforms in Indian tax laws, namely the goods and services tax and the direct taxes code. The goods and services tax would replace the indirect taxes on goods and services such as central excise duty, service tax, customs duty, central sales tax, state VAT, surcharge and cess currently being collected by the central and state Governments. As of the date of this Disclosure Document, the goods and services tax has not been implemented, and the Government has not indicated an implementation date. The direct

taxes code aims to reduce distortions in tax structure, introduce moderate levels of taxation and expand the tax base. It also aims to provide greater tax clarity and stability to investors who invest in Indian projects and companies. It seems to consolidate and amend laws relating to all direct taxes like income tax, dividend distribution tax, fringe benefit tax and wealth tax and facilitate voluntary compliance. As the taxation system is going to undergo significant overhaul, its long-term effects on the banking system are unclear as of the date of this Disclosure Document and there can be no assurance that such effects would not adversely affect the Bank's business, future financial performance and the trading price of the Bonds .

3. Risk relating to the bonds

The Bonds are not guaranteed by the Republic of India.

The Bonds are not the obligations of, or guaranteed by, the Government. Although the Government owned 76.50% of the Bank's issued and paid up share capital as of 31 March 2014, the Government is not providing a guarantee in respect of the Bonds. In addition, the Government is under no obligation to maintain the solvency of the Bank. Therefore, investors should not rely on the Government ensuring that the Bank fulfils its obligations under the Bonds.

Payments under the Bonds may, and in some cases must, be cancelled.

The Bank may elect not to pay and, in the circumstances outlined below, must not pay, all or some of the coupon falling due on the Bonds on any Coupon Payment Date. Any coupon not so paid on any such Coupon Payment Date shall be cancelled and shall no longer be due and payable by the Bank.

A cancellation of interest pursuant to Condition 24 of the summary term sheet of the Bonds does not constitute a default under the Bonds for any purpose. Pursuant to Condition 24 of the summary term sheet of the Bonds, the Bank may only pay interest on the Bonds to such an extent that it would not likely result in losses in the current year and to the extent that payment of coupon on the Bonds would be likely to result in losses in the current year, the Bank must not pay such coupon. The Bank may only use revenue reserves (i.e. revenue reserves which are not created for specific purposes by the Issuer) and/or credit balance in profit and loss account to make payment of coupon on the Bonds if it meets certain minimum regulatory requirements. Investors should be aware that any change to the Basel III Guidelines (as defined in the Summary Term Sheet below) requiring the Bank to cancel coupon payments in other or additional circumstances could be complied with by the Bank through its general discretion to cancel coupon payments under Condition 24 of the summary term sheet of the Bonds.

Any actual or anticipated cancellation of coupon on the Bonds will likely have an adverse effect on the market price of Bonds. In addition, as a result of the coupon cancellation provisions of the Bonds, the market price of the Bonds may be more volatile than the market prices of other debt securities on which interest accrues that are not subject to such cancellation and may be more sensitive generally to adverse changes in the Bank's financial condition.

The terms and conditions of the Bonds do not contain any restriction on the Bank's ability to declare and pay dividends, distributions or other payments on its ordinary shares or perpetual

non-cumulative preference shares when coupon on the Bonds otherwise scheduled to be paid on a Coupon Payment Date is cancelled.

The Bank may elect not to pay and, in the circumstances described above, must not pay, all or some of the coupon falling due on the Bonds on any Coupon Payment Date. If coupon on the Bonds is cancelled, the terms and conditions of the Bonds do not contain any restriction on the Bank's ability to declare and pay dividends, distributions or other payments on its ordinary shares or perpetual non-cumulative preference shares. Accordingly, it would be possible (subject to applicable law) for the holders of the Bank's ordinary shares or perpetual non-cumulative preference shares, which rank junior to the Bonds, to receive dividends, distributions or other payments when coupon on the Bonds has been cancelled.

The Bonds have no fixed maturity date and investors have no right to call for redemption of the Bonds.

The Bonds are perpetual unless the Bank elects to exercise a call option on the Bonds to the extent allowed by the terms and conditions of the Bonds. Accordingly, the Bonds have no fixed final redemption date. In addition, holders of the Bonds have no right to call for the redemption of the Bonds. Although the Bank may redeem the Bonds at its option, there are limitations on redemption of the Bonds, including obtaining the prior written approval of the RBI and satisfaction of any conditions that the RBI and other relevant Indian authorities may impose at the time of such approval.

The Bonds are subordinated to most of the Bank's liabilities and the terms of the Bonds contain no limitation on issuing debt or senior or pari passu securities.

The Bonds will constitute unsecured and subordinated obligations of the Bank which rank *pari passu* and without preference among themselves. The Bonds are not deposits and are not insured by the Bank or guaranteed or insured by any party related to the Bank and the Issuer is prohibited under the Basel III Guidelines to grant advances against the security of the Bonds. In the event of a winding-up of the Bank's operations, the claims of the holders of the Bonds will be subordinated in right of payment to the prior payment in full of all of the Bank's other liabilities (whether actual or contingent, present or future) including all deposit liabilities and other liabilities of the Bank and all of the Bank's offices and branches. However, the Bonds are superior to the common equity shares and perpetual non-cumulative preference shares (if any) and shall rank *pari passu* amongst each other and with other similar debt instruments qualifying as Additional Tier – 1 capital in terms of the Basel III Guidelines.

As a consequence of the subordination provision, in the event of a winding-up of the Bank's operations, the holders of the Bonds may recover less rateably than the holders of deposit liabilities or the holders of the Bank's other liabilities that rank senior to the Bonds. The Bonds also do not limit the amount of liabilities ranking senior to the Bonds which may be hereafter incurred or assumed by the Bank. In accordance with the Basel III Guidelines, the Bonds will not contribute to liabilities in any balance sheet test for establishing insolvency under any law or otherwise.

The Bonds are subject to permanent or temporary write-down on the occurrence of certain trigger events.

The Bonds, in compliance with the Basel III Guidelines, are required to have principal loss absorption features through (i) temporary write-write down or (ii) permanent write-down mechanism on pre-specified trigger events at a point of non-viability or if the common equity tier 1 ratio (as described in the Basel III Guidelines) falls below a certain level. The write-down will:

- (i) reduce the claim of the Bonds in liquidation;
- (ii) reduce the amount re-paid when a call is exercised; and
- (iii) partially or fully reduce coupon payments on the Bonds.

Various criteria for loss absorption through write-down / write-off on breach of pre-specified trigger and at the point of non-viability are elaborated in the term sheet and later part of this document.

These Bonds are being issued under various rules, regulations and guidelines issued by the RBI. Bank may be forced to write-down the Bonds or to take such other action in relation to these Bonds as may be required pursuant to the law and regulations then in force and as amended from time to time.

There has been no prior public market for the Bonds.

Very few institutions have issued Basel III compliant Additional Tier 1 bonds. There is no established market for such kind of bonds and there is no assurance that a market for trading of such instruments would develop. Further, in the absence of an active market the Bonds run the risk of trading at a discount and restrict the opportunity to exit the investment at a fair price.

B. Brief Summary of the Business/Activities of IDBI Bank Limited and its line of business

i. Overview and History:

The Bank is a company incorporated under the Companies Act, 1956 (1 of 1956) on 27 September 2004 and within the meaning of Section 2(20) of the Companies Act, 2013 and a banking company within the meaning of Section 5 (c) of the Banking Regulation Act, 1949 (10 of 1949). The name of the Bank was changed to IDBI Bank Limited with effect from 7 May 2008 and a fresh certificate of incorporation (consequent upon the change of name) was issued

by the Registrar of Companies, Maharashtra, Mumbai. The RBI has classified the Bank as an “Other Public Sector Bank”.

The Bank was originally known as Industrial Development Bank of India (IDBI) and was established in 1964 by the Government under the Industrial Development Bank of India Act, 1964 (the **IDBI Act**). Initially, IDBI was set up as a wholly-owned subsidiary of the RBI to provide credit and other facilities for the development of industry. In 1976, the ownership of IDBI was transferred to the Government and it was entrusted with the additional responsibility of acting as the principal financial institution for co-ordinating the activities of institutions engaged in the financing, promotion or development of industry. On 1 October 2004, the undertaking of IDBI was transferred to the Bank. For over four decades, the Bank has primarily provided financing to large and medium industrial enterprises engaged or planning to engage in the manufacturing, processing or preservation of goods, mining, shipping, transport, hotel industry, IT, medical and health, leasing generation and distribution of power, maintenance, repair, testing, servicing of vehicles, setting up of industrial estates and also in research and development for the promotion of industrial growth.

In the past, the Government has provided direct and indirect financial assistance and support to the Bank, including access to low cost funding and assistance by way of restructuring of high cost liabilities. The Government, however, has no legal obligation to provide financial assistance or support to the Bank. The Bank’s total assets were ₹3,22,768.51 crore and ₹3,28,996.63 crore as of 31 March 2013 and 2014, respectively. The Bank’s advances to customers were ₹1,96,306.45 crore and ₹1,97,686 crore as of 31 March, 2013 and 2014, respectively. The Bank’s total profit was ₹2,554.73 crore and ₹2,025.26 crore for the fiscal year ended 31 March 2013 and 2014, respectively.

Ownership:

Between 1964 and 1976, the ownership of IDBI was vested with the RBI and was transferred to the Government with effect from 16 February 1976.

The IDBI Act was amended in October 1994 to permit IDBI, *inter alia*, to raise equity from the public subject to the Government’s shareholding in IDBI not falling below 51.00%. Pursuant to the amendment, IDBI made its initial public offering (**IPO**) in July 1995 and raised ₹2,184 crore. The percentage of Government ownership was reduced from 100.00% to 72.14% following the IPO.

The Government's shareholding was further reduced to 55.99% with effect from 5 June 2000 as the Government converted 24.7 crore equity shares into 24.7 crore fully paid preference shares of ₹10 each redeemable within three years. These preference shares were redeemed in 2001. In December 2000, the Board recommended a bonus share issue in the ratio of three equity shares for every five equity shares held. Consequently on 29 March 2001, IDBI issued 244,811,400 fully paid equity shares of ₹10 each as bonus shares by capitalisation of the capital reserve account of ₹4.52 crore and the share premium account of ₹240 crore. Subsequent to the merger of the Bank with IDBI Bank Ltd., the Government's shareholding fell further to 52.80%. As of 31 March 2014, the authorised capital of the Bank was ₹3,000 crore and paid-up capital of the Bank was ₹1,604 crore. As of 31 March 2014, the Government held approximately 76.50% of the shares of the Bank.

The Bank is listed on the BSE Ltd. (the **BSE**) and the National Stock Exchange of India Ltd. (the **NSE**). As of 31 March 2014, the market capitalisation of the Bank on the NSE was ₹10,473.72 crore and BSE was ₹10,497.78 crore.

Conversion into a Universal Bank :

In April 2001, the RBI stated that a Development Financial Institution (**DFI**) such as IDBI could either convert itself into a universal bank or a Non Banking Financial Company (**NBFC**). The then Board of IDBI decided in principle to convert IDBI into a universal bank. The transfer of the undertakings of IDBI to the Bank was effected on 1 October 2004 (the **Appointed Day**) pursuant to the provisions of the Industrial Development Bank (Transfer of Undertaking and Repeal) Act, 2003 (the **IDBI Repeal Act**) proposing the repeal of the IDBI Act. Major provisions of the IDBI Repeal Act included the following:

- the Bank shall be deemed to be a banking company under the Banking Regulation Act and shall carry on banking business in accordance with the provisions of the Banking Regulation Act in addition to the business which was formerly carried on by IDBI as a DFI;
- the Bank shall not be required to obtain a licence under the Banking Regulation Act;
- the Bank shall be exempted from the requirement to maintain the SLR requirements for a period of five years from the Appointed Day (1 October 2004);
- the Government, in consultation with the RBI, may by notification exempt the Bank from certain provisions of the Banking Regulation Act or provide that such provisions will

apply with such exceptions, modifications or adoptions as may be specified in the notification;

- the Government and the shareholders of IDBI (including the Government), immediately before the Appointed Day, shall be deemed to be a shareholder of the Bank to the extent of the face value of the shares held by such shareholders;
- all contracts, deeds, bonds, guarantees, powers of attorney, other instruments and working arrangements subsisting immediately before the Appointed Day and affecting IDBI shall cease to have effect or to be enforceable against IDBI and shall be of full force and effect against or in favour of the Bank as if instead of IDBI, the Bank had been named therein or had been a party thereto;
- with effect from the Appointed Day, all fiscal and other concessions, licences, benefits, privileges and exemptions granted to IDBI in connection with the affairs and business of IDBI under any law for the time being in force (including those granted by the IDBI Act, 1964 prior to its repeal), were deemed to have been granted to the Bank;
- the transfer of the undertaking of IDBI to the Bank shall not be construed as a transfer within the meaning of the Income Tax Act, 1961 (**Income Tax Act**). Where any exemption from, or any assessment with respect to, any tax has been granted or made, or any set off or carry forward benefit has been extended, such exemption will continue to be available to the Bank;
- any guarantee given for or in favour of IDBI shall continue to be operative in relation to the Bank (as of 1 October 2004, all guarantees given for or in favour of IDBI were from the Government); and
- in every Act, regulation or notification in force on the Appointed Day:
 - (a) the words “Industrial Development Bank of India”, wherever they occur, the words “Industrial Development Bank of India Limited referred to in clause (b) of section 2 of the Industrial Development Bank (Transfer of Undertaking and Repeal) Act, 2003” shall be substituted;
 - (b) the words “Development Bank of India”, wherever they occur, the words “Industrial Development Bank of India Limited referred to in clause (b) of section 2 of the Industrial Development Bank (Transfer of Undertaking and Repeal) Act, 2003” shall be substituted;
 - (c) the words “the Development Bank means the Industrial Development Bank of India, established under section 3 of the Industrial Development Bank of India Act, 1964”, the

words “the Industrial Development Bank of India Limited referred to in clause (b) of section 2 of the Industrial Development Bank (Transfer of Undertaking and Repeal) Act, 2003” shall be substituted; and

(d) the words “the Industrial Development Bank of India, established under Section 3 of the Industrial Development Bank of India Act, 1964”, the words “the Industrial Development Bank of India Limited referred to in clause (b) of section 2 of the Industrial Development Bank (Transfer of Undertaking and Repeal) Act, 2003” shall be substituted.

Following conversion into a banking company, the Board decided that the Bank should merge its existing banking subsidiary, IDBI Bank Ltd. Accordingly after obtaining respective Board and Shareholders approvals, the two entities were merged in April, 2005, with the effective date of merger being 1 October 2004.

In consideration of the fact that the Government’s holding in the Bank is required by the Articles of Association (AoA) to remain at or above 51.00% and that, during the discussion on the IDBI Repeal Bill 2003 on 8 December 2004, the Finance Minister of India gave an assurance to the Parliament that the Government intends to maintain such interests in the Bank, the RBI issued a notification on 15 April 2005 and classified the Bank under a new sub-group as an Other Public Sector Bank. In connection with its conversion into a banking corporation, the Bank was granted certain temporary regulatory relaxations, including exemption from compliance with SLR requirements for the first five years after the Appointed Day. In addition, the Bank was also required to meet the priority sector lending requirements in a phased manner so as to comply with those requirements by the end of fiscal year 2011.

The Bank has since complied with the SLR requirements with effect from June 2009. As of 31 March 2014, the SLR holding of the Bank is 25.70%, as compared to the RBI’s stipulated norms of 23.00%.

Other regulatory relaxations extended to the Bank by the RBI include:

- Exemption from the 30.00% limit with respect to outstanding exposure through equity investment, stipulated under Section 19(2) of Banking Regulation Act, as of the Appointed Day. The exposure was to be brought within the stipulated limit within a period of five years from the Appointed Day. On the recommendation of the RBI, the Government had granted a further grace period until 30 September 2011 for the Bank to comply with the regulation. Compliance was completed by 30 September 2011. During

the first quarter of fiscal year 2014, the regulatory limit was breached in relation to two companies by virtue of the Bank holding the shares of the companies by way of pledge as security. The Bank has reduced the pledged holding to bring it within the regulatory limit. As of 31 March 2014, the Bank was fully compliant with respect of Section 19(2) of Banking Regulation Act.

- The RBI, in its circular no.DBOD.FSD.BC.62/24.01.001/2011-12 dated 12 December 2011 issued the following guidelines for banks' investments in non-financial service companies:
 - (a) equity investments by a bank in companies engaged in non-financial services activities are subject to a limit of 10.00% of the investee company's paid-up share capital, or 10.00% of the Bank's paid-up share capital and reserves, whichever is less. Equity investments held under the held for trading (**HFT**) category would also be included for this purpose;
 - (b) equity investments in any non-financial services company held by (a) a bank; (b) entities which are bank's subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and (c) mutual funds managed by asset management companies (**AMCs**) controlled by the Bank should, in aggregate, not exceed 20.00% of the investee company's paid-up share capital; and
 - (c) a bank's equity investments (excluding the HFT category) held in subsidiaries and other entities engaged in financial services, together with equity investments in entities engaged in non-financial services activities, should not exceed 20.00% of the bank's paid-up share capital and reserves.

Furthermore, banks have been advised to carry out a review of their investments in non-financial companies, including the entities mentioned at (b) above, within a period of three months from the date of the circular issued on 12 December 2011. The review, together with the proposed course of action to comply with the regulatory requirement where the existing investments do not comply with the above guidelines, have to be forwarded to the RBI within a month of the completion of the review. As of the date of this Disclosure Document, (i) a review of investments as set out in the above guidelines had been carried out by the Bank, (ii) the Bank is in compliance with requirement at paragraph (c) above and (iii) in respect of certain legacy equity investments, the Bank is not in compliance with the requirements at paragraphs (a) and (b)

above. The RBI has granted the Bank an extension until 31 March 2015 to comply with the same.

- In respect of IDBI Federal Life Insurance Company Ltd. (**IDBI Federal Life**) (previously known as IDBI Fortis Life Insurance Company Ltd., and where the Bank's outstanding exposure by way of equity investment is 48.00%), the Bank has been granted an exemption from the RBI as the investment is a strategic one.
- Permission to issue bonds of varying maturity in respect of undisbursed commitments as of the Appointed Day.
- Special securities of ₹9,000 crore issued to the Bank by the Government in consideration of the transfer of assets to the Stressed Assets Stabilisation Fund to be classified as held-to-maturity (**HTM**) investments and kept out of the prescribed ceiling of 25.00% stipulated for HTM investments.

Merger of IDBI Bank Ltd. :

The Board decided that, to ensure its effective transition into a banking company, the Bank should merge its banking subsidiary, IDBI Bank Ltd. The scheme of amalgamation dated 1 April 2005 (the **IDBI Bank Ltd. Scheme**) of IDBI Bank Ltd. with IDBI Ltd. was approved separately at the extraordinary general meetings of IDBI Ltd. and IDBI Bank Ltd. and also received consent of the RBI under the Banking Regulation Act. The IDBI Bank Ltd. Scheme became effective from the Appointed Day and operative from 2 April 2005 (the **Effective Day**). Under the IDBI Bank Ltd. Scheme, all of the assets and liabilities of IDBI Bank Ltd. were transferred to and vested in the Bank. With effect from the Effective Day, the existing business and employees of the IDBI Bank Ltd. and the Bank were then organised as separate strategic business units (**SBU**s) namely, Commercial Bank SBU and the Development Bank SBU within the Bank.

Merger of United Western Bank (UWB) :

The Government, on 30 September 2006, granted its approval of the amalgamation of the Bank with UWB, with effect from 3 October 2006 (the **Prescribed Date**). With effect from the Prescribed Date, the existing business and employees of UWB were then organised into three SBUs, namely UWB SBU, Commercial Bank SBU and Development Bank SBU, which carried out the operations of the Bank. Following the merger of UWB, the Bank's delivery channels as

of 31 March 2007 comprised 432 branches, 18 extension counters and 525 automatic teller machines (ATMs) spread across 255 cities and towns. Furthermore, the acquisition of UWB has also helped increase the Bank's low-cost demand deposits by way of current account and savings account (CASA) and priority sector lending volumes. Under the scheme of amalgamation dated 30 September 2006 (the **UWB Scheme**) issued by the RBI, the Bank is required to acquire all assets and liabilities of UWB on or before the Prescribed Date. Pursuant to the UWB Scheme, the Bank paid an amount of 28 per share to all eligible shareholders of UWB as a partial settlement of their claims. However, in case where the total amount of realisation from the "advances considered not readily realisable and/or bad or doubtful of recovery" exceeds the value at which they were acquired by the Bank, such surplus will be distributed to the previous shareholders on record of UWB after a period of 12 years or earlier, as prescribed under the UWB Scheme. All the employees of UWB have been transferred to the Bank. The Bank had the option of merging, closing down or relocating some of UWB's branches within a period of one year from the Prescribed Date with the prior approval of the RBI.

Pursuant to approval of the RBI, the aggregate of the excess of UWB's liabilities over its assets (₹489.6 crore) and upfront consideration (₹150.6 crore) aggregating to ₹640.2 crore has been adjusted against the balance available in general reserves of the Bank as of 3 October 2006.

Organisational Setup :

The organisational set-up of the Bank has been structured on the basis of focused business growth based on customer segmentation. There are five business verticals, namely the (i) Infrastructure Corporate Group (**ICG**), (ii) Corporate Banking Group (**CBG**), (iii) Retail Banking Group (**RBG**), (iv) Priority Sector Group (**PSG**), and (v) International Banking Group (**IBG**). The other functional areas consist of eight business support verticals and eight non-business support verticals. The controlling office for all verticals is at the Bank's head office in Mumbai, except for retail banking, whose business functions and controlling office have been further delegated to nine zones, namely (i) West I zone located at Mumbai, (ii) West II zone located at Nagpur, (iii) West III zone located at Ahmedabad, (iv) East I & NE Zone located at Kolkata, (v) East II Zone located at Bhubaneswar, (vi) South I zone located at Chennai, (vii) South II Zone located at Bangalore, (viii) North 1 zone at New Delhi and (ix) North II Zone located at Chandigarh, headed by the Chief General Managers. All administrative units of the business verticals are located at the Bank's head office.

The Bank aspires to emerge as “the preferred Bank” to its stakeholders and position itself as one of the leading Banks in the country through innovative product offerings, superior service delivery and appreciable growth. The Bank aims to leverage its core strength of corporate finance to generate: (a) additional transaction banking business, (b) fee-based income from various corporate services and (c) additional business from related Micro Small and Medium Enterprise (**MSMEs**) or retail entities. In the corporate segment, the Bank provides assistance for both project and non-project purposes to well-rated companies in addition to offering structured products or services and generating adequate fee-based business. The Bank also aims to increase its retail portfolio and priority sector portfolio (namely, MSME and agricultural lending) through the RBG and a rapidly expanding branch network. The Bank has been increasingly financing agricultural, rural and MSME sectors in order to diversify its portfolio and to have better and more stable earning opportunities.

The broad actionable and thrust areas outlined in its strategy include:

Improving profitability parameters of the Bank including net interest margin:

Net interest margin of the Bank has been improving in the past few years. The Bank’s current business plan envisages multi-pronged strategies to improve its margin through appropriate pricing of assets, focus on mobilisation of CASA deposits to further lower the cost of funds, building up high-yield retail assets, cross-selling retail products to staff of corporate clients, diversifying non-project lending through SME and working capital, maintaining and improving asset quality and improving recovery from written-off cases.

Enlarging depositors base and aggressively raising more CASA deposits, thereby reducing dependence on bulk deposits:

The Bank will leverage its public sector undertaking character and its technology platform to tap existing corporate relationships for current account deposits and current account related products. Current account relationships will also be strengthened through the expanding base of MSME lending. Savings account will be improved through the rapid expansion of retail branch network, new products and enhanced customer service. The Bank has already introduced various free of charge services for the benefit of its premier customers who hold a current account or savings account with the Bank. The Bank has also waived minimum average quarterly balance requirements for some of its customers.

Extending Working Capital and Increasing Retail Assets, MSME and Priority Sector Lending:

In order to diversify the Bank's asset composition and improve upon its earnings potential, the Bank intends to increase the share of working capital assistance in its portfolio. Faster credit delivery including appraisal, documentation, sanction and disbursement, will support the diversification process. The Bank will tap upstream and downstream channel partners of existing clients and follow cluster-based approach for financing MSMEs. The Bank intends to expand its network of city MSME centres and corporate branches to support these goals. Furthermore, the product basket will be expanded and modified to meet the differing needs of existing clients and new clients in MSME and retail sector.

Generating adequate fee-based income to meet operating expenses:

The Bank aims to generate higher fee-based income from cash management services, debt or equity syndication and corporate advisory services including M&A advisory, carbon credit services, IPO monitoring, underwriting, in addition to income through its normal banking business.

Effectively managing the assets to bring down the level of NPAs and focusing on higher and faster recovery from written-off cases:

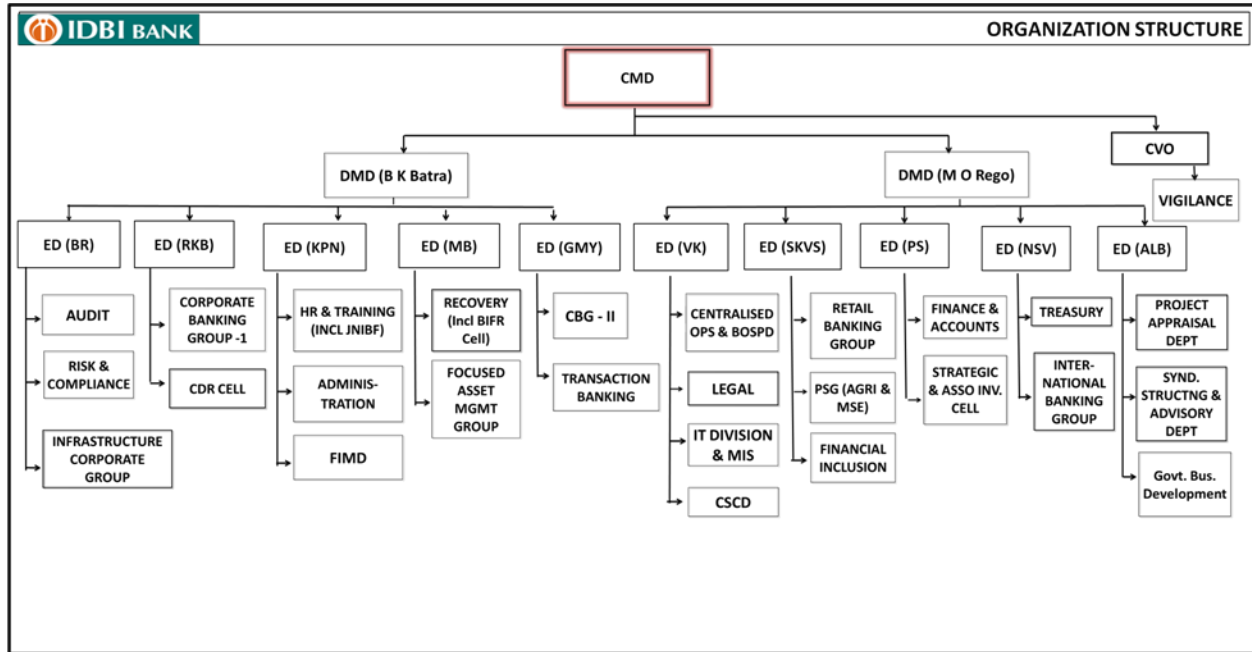

The Bank will continue to remain vigilant to avoid any slippages in asset quality and intends to initiate timely measures to maintain the quality of its existing assets. Actual or potentially distressed assets would be monitored very closely. Accounts where the Bank has made full provisions for or written-off will receive focused attention through a dedicated recovery vertical (the **Recovery Vertical**). The Recovery Vertical uses the provisions under the SARFAESI Act or the Recovery of Debts Due To Banks and Financial Institutions Act, 1993 and/or one time settlement (**OTS**) or negotiated settlement or assignment of debt to quickly realise the capital blocked in the NPAs. The Bank also utilises the services of asset reconstruction companies (**ARCs**) for settlement of NPAs on terms acceptable to it.

Expanding presence by opening more branches and other delivery channels:

It has been the Bank's objective to spread its geographical presence and adequately support its business. As of the date of the Disclosure Document, the Bank has 1,486 branches and 2689 ATMs.

ii. Corporate Structure :

Organisational Chart :

The Bank offers a range of products both in the corporate banking and retail banking segments.

Corporate Banking :

Overview

The Bank extends financial assistance, both funded and non-funded, short and long term, secured and unsecured, to large and mid-sized corporates as well as those in the MSME or Agriculture sectors to meet their capital expenditure and working capital requirements. The amount of credit granted under any of the facilities is strictly determined on a need basis and is backed by a firm source of repayment. Financial assistance for capital expenditure is extended both in the form of project and non-project finance assistance.

Project Finance

Project finance assistance entails the granting of direct assistance to medium and large-scale entities for the establishment of new projects as well as for the purposes of the expansion, diversification and modernisation of existing projects. Assistance is in the form of rupee and foreign currency loans, underwriting and/or direct investments in shares and debentures and guarantees for loans and deferred payments. Project finance loans granted by the Bank are normally repayable over a period of five to 15 years depending upon the debt servicing or cash

flow capacity of the borrower. Loans are usually secured by way of a first charge on all present and future moveable and immovable property of the borrower. A sponsor's guarantee is sometimes obtained on a case-by-case basis depending on the risks involved. The Bank also provides financial guarantees, usually in foreign currency, to cover deferred payments and to enable corporates to raise overseas loans. Guarantees extended by the Bank are solely on account of normal business operations and are subject to applicable prudential norms. The Bank's guarantees are normally secured by assets or by way of charge over the fixed assets of the assisted company. Infrastructure financing continues to be the Bank's key focus area, with the Bank extending assistance to projects involving large financial outlays in the power, telecom, road and bridges and port sectors. As of 31 March 2013 and 31 March 2014, the Bank had total outstanding advances of ₹1,96,306 crore and ₹1,97,686 crore, respectively, out of which outstanding fund-based assistance to infrastructure projects was ₹43,628 crore and ₹53,556 crore, respectively, constituting 22.22% and 27.09%, respectively, of the total advances.

Non Project Finance Assistance

Non-project financial assistance is provided to corporates under the Bank's Corporate Loan Scheme for normal capital expenditure and working capital. The assistance is provided to the corporate for specified purposes.

Priority Sector Lending

Priority sector lending which includes lending to both MSMEs and agricultural business has been accorded an important role in the Bank's growth charter. The Bank has re-organised its business verticals and developed a special business model to serve the MSME/agricultural sectors across the country by forming a priority sector group and has also set up dedicated credit processing centres at various geographical locations to speed up credit delivery. The Bank has also set up dedicated branches at locations covering most of the prominent MSME/agricultural sectors and clusters across the country and conducted MSME workshops at various locations across India.

As a result of the reclassification of exposure to 'direct agriculture' by the RBI in July 2012, the Bank's focus has shifted to direct retail lending to farmers engaged in crop cultivation and allied activities instead of funding through intermediaries, corporates and co-operatives engaged in such activities. The Bank has appointed 25 business correspondents or business facilitators to reach out to the most remote parts of India and to increase business. The Bank

encourages the formation of farmers' clubs for the purpose of knowledge dissemination. The Bank's engagement with farmers and other agriculture intermediaries was also enhanced through the Bank's participation in various 'Agri Expo' and 'Krishi Mela' (farmers' convention) conducted at various locations in India. Priority sector lending has now been extended through all branches of the Bank. Further with a view to increase lending to the priority sector, the Bank has simplified procedures, and various formats of documents including that of loan documents. Through strengthening of its processes and procedures the Bank has enhanced the control mechanisms used to monitor performance and provide early warning signals for any weakness in the portfolio so as to initiate timely remedial action. The Bank has held various campaigns throughout the year to acquire new customers in agriculture and the MSME sector. A special team consisting of senior bank officials (including the general manager and the deputy general manager) has been deputed at different zones for canvassing business relating to the priority sector lending. The Bank's advances to priority sector lending as of 31 March 2014 was ₹52,639 crore.

Working Capital Assistance

The Bank extends working capital assistance to corporates to meet their day-to-day working capital requirements. The Bank offers fund based credit products such as overdrafts, cash credit, working capital demand loan, short-term loans, bills negotiation or purchase or discounting and invoice purchase or discounting. The Bank also offers non-fund based working capital products in the forms of letters of credit (LCs), stand-by LCs, letters of undertaking and bank guarantees (BGs). The assistance is generally secured by way of first charge over the current assets of the borrower on a *pari passu* basis with other working capital lenders.

Global Trade Services

The Bank provides a suite of products for trade related services to meet the requirements of clients. These include:

- bid and performance guarantees, financial guarantees, deferred payment guarantees, shipping guarantees, guarantees under the Export Promotion Capital Goods Scheme and standby LCs;
- export collections (open account) and negotiation of documents under LCs;
- import collections from clients including documents and payments through the Bank's network of correspondent banks;
- negotiation of bills drawn under inland LC;

- trade or non trade inward and outward remittances;
- establishment of LCs and approval of trade credit against LCs;
- establishment of both financial as well as trade standby LCs;
- 24 Nostro accounts maintained in 14 different currencies for operation by domestic branches of the Bank and eight Nostro accounts maintained in seven different foreign currencies for operation by overseas branch of the bank; and
- post award approval for project or service (export) contracts at the post-bid stage.

In addition the Bank has an active treasury and derivatives desk which offers hedge facilities against foreign exchange and interest rate risks encountered by corporates in their normal business operations.

Derivative products offered include forward contracts, swaps and options. The Bank also offers cash management services to its corporate and retail customers and is authorised for collection of statutory payments. The Bank also offers investment banking and advisory services, including carbon credits, to corporate clients.

Retail Banking:

The Bank's retail banking segment offers a variety of liability, asset, capital market and third party products primarily aimed at meeting customers' specific needs. Liability products include savings accounts, current accounts, retail term deposits, recurring deposits, etc. Such retail deposits help the Bank reduce its overall cost of funds and manage its asset and liability position. Asset products offered include housing loans, mortgage loans, personal loans, educational loans, vehicle loans, salary accounts with built-in overdraft facilities and loans against securities. The Bank offers retail loans to NRIs and resident individuals including salaried employees and self employed professionals and businessmen to meet their various requirements. Retail loans are an important focus area for the Bank as they produce higher yields while diversifying the Bank's asset base and reducing balance sheet risk.

The Bank also offers many card products such as international debit cards, gift cards, cash cards and world currency cards. The Bank's RBG offers various capital market and third party products and services such as Demat accounts, mutual funds, insurance products, Government and RBI Bonds, IPOs through the "Application Supported by Blocked Amount" process, investment advisory services, merchant acquisition business, new pension system, public

provident fund and Government of India Senior Citizen Saving Scheme, 2004. The Bank offers full spectrum of financial products and services to NRIs across the globe.

The Bank offers basic non-resident (external) rupee (**NRE**) deposits, non-resident ordinary (**NRO**) deposits and foreign currency non-resident (**FCNR**) deposits at competitive rates and state-of-the-art products and value added services such as forward cover on FCNR deposits, portfolio investment scheme for investments in Indian secondary stock markets, overdraft facilities against the security of NRI Deposits and various options of hassle-free fund remittances to India to enable a fast, economical and convenient fund transfer.

The Bank introduces new products on a regular basis, while existing products are periodically reviewed and modified or customised on a regular basis to meet customer needs and spur business growth.

Retail Liabilities:

The Bank offers various products under its savings, current and term deposit schemes.

Savings Accounts:

The Bank's savings account products are mainly targeted towards individual customers, trusts and associations. In addition to the basic benefits of a savings account, customers who meet certain criteria can also access various other benefits including debit card products, phone and internet banking services, faster fund transfer options and online bill and tax payment. The Bank has a wide range of segmented and customised savings account products to meet the needs of specific customer groups such as high net worth individuals, women, senior citizens, youth and children. The Bank also offers a payroll account product which includes free insurance and a built-in overdraft facility. In order to capture the customer segment who prefer to transact on-line, the Bank has enabled the opening of accounts on-line.

Current Accounts:

The Bank's current account products are mainly targeted towards individual customers, trading and business entities, corporates and government bodies. The Bank's current account product is called the "Flexi Current Account" on account of the flexible benefits offered to customers based on the balances maintained. The Bank offers sub-membership of Centralised Payment System, Decentralised Payment System, National Automated Clearing House and Aadhar Payment

Bridge System to the co-operative banks which in turn enables these co-operative banks to offer such services to its retail customers.

Retail Term Deposits:

Retail term deposits are term deposit products of amounts up to ₹1 crore with tenors ranging from 15 days to 20 years. Interest rates for the fixed deposit products are determined by market conditions. The Bank accepts deposits with a tenor of over 10 years by way of an interest payout option, and a cumulative option is offered for Government social schemes. Some fixed deposit products carry additional facilities such as loans and overdrafts, sweep-in facilities and zero balance savings accounts. The Bank offers additional interest rates for deposits made by senior citizens (citizens over the age of 60 years). The Bank also offers tax savings fixed deposits in which the customer can invest a maximum of ₹1.5 lakh to take advantage of certain tax benefits, and also offers a special fixed deposit product which holds compensation money awarded by the Motor Accident Tribunal and is geared towards victims of motor vehicle accidents. The Bank also offers floating rate term deposits (**FRTD**) and term deposit under the Capital Gains Account Scheme (**CGAS**) to its retail customers. The interest rate under an FRTD is linked to a transparent market-based Rupee benchmark, namely an average yield of 364 day treasury bill auctions undertaken by the RBI during the preceding three months and is reset every calendar quarter. This is intended to help the customer leverage the upside of an increase in interest rates and also hedge floating rate borrowings. Under CGAS, the Bank has been authorised to accept deposits under the CGAS, 1988 as set out in the gazette notification dated 30 November 2012 issued by the Ministry of Finance.

Recurring Deposits:

Recurring deposits are term deposits where customers can contribute fixed sums on a monthly basis. The tenor ranges from one to 10 years and interest rates are aligned with those of fixed deposits. Loan and overdraft facilities are also extended against recurring deposits. The Bank also offers a new recurring deposit product with built-in insurance, which covers all recurring deposit instalments, at a low premium.

Retail Assets

Home Loans:

The Bank's home loan scheme has been designed to meet the varied financial requirements of its customers, including acquisition of new property, renovation of existing property, purchase of resale property, balance transfer and others. At present, salaried, self-employed professionals, self-employed non-professionals, NRI (salaried) and persons of Indian origin (salaried) persons benefit from such home loan schemes provided by the Bank. As of date the Bank offers nine types of home loans, including home loans, home loans interest saver, loans for insurance premium, Rajiv Rinn Yojna (**RRY**), Rajiv Gandhi Gram Niwara Yojna (**RGGNUY**), Indira Awas Yojna (**IAY**) and Priyadarshini Awas Yojana (**HL-PAY**) in the State of Haryana. Types of house loan products offered by the Bank to the rural and semi-urban persons include home loan, home loans interest saver, 25 years home loans for insurance premium and housing loans for rural semi-urban. The RRY, RGGNY, IAY and HL-PAY home loan products are devised by the Central and State Government bodies for addressing national issues of housing infrastructure shortage in the country. Loans are granted for a maximum tenure of 30 years or until the age of retirement of the borrower, whichever is earlier, and are secured by way of first charge on the property financed. The title to the property is required to be clear and free from any encumbrance for the creation of the security. The Bank may also take additional collateral security from the borrowers if required. The Bank's interest rates are one of the most competitive in the market and is marketed through the retail banking branches and retail assets centres.

Personal Loans:

The Bank offers personal loans to its customers in the form of term loan and overdraft facility. Personal loan facilities of three types are extended by the Bank to its customers, namely personal loans to salaried individuals, salary accounts with inbuilt overdraft facilities and pension accounts with inbuilt overdraft facilities. Depending upon the category of customers, the minimum and maximum loan amount under the personal loan scheme may vary between ₹50,000 and ₹10 lakh. For overdraft facilities, the maximum limit is restricted to five times a customer's net salary or pension credit. The maximum loan tenor in the case of a personal loan is 60 months, whereas a salary overdraft has a limit of two years, (renewable every two years) and pension overdraft facility is given for a maximum period of one year (renewable every year).

The “personal loan” scheme was designed to meet the financial requirements of salary account holders having salaried account relationships with the Bank (including staff and pensioners of the Bank), salaried individuals not maintaining salary accounts with the Bank but having asset or liability relationship with the Bank, self employed professionals (**SEPs**), who have availed home loan or loan against property from the Bank and SEPs having existing satisfactory liability relationship with the Bank. The loans are offered to help customers meet unexpected financial circumstances, dispose of credit card debt, and meet other business and household financial emergencies such as repayment of existing loan obligations, home purchases, childrens’ education, hospitalisation or other immediate payments. However facilities extended by the Bank must not be utilised for any type of speculative or illegal activities.

Education Loans:

The Bank launched its “education loan” product in September 2005. As of date, the Bank provides four types of “education loans”, including education loan (i) for non-vocational courses, (ii) for vocational courses, (iii) for students who secured admission through management quota, and (iv) in relation to the financial inclusion programme assigned by the RBI to the Bank. The purpose of the Bank’s education loans is to provide financial assistance to Indian nationals to pursue higher education in India and abroad. The maximum education loan amounts granted by the Bank for studies in India and abroad are ₹10 lakh and ₹20 lakh, respectively. However, for studies at premier institutes, the Bank grants a maximum education loan amount of ₹30 lakh. The tenor of education loans of up to ₹7.5 lakh is 10 years and 15 years for loans above ₹7.5 lakh. A moratorium period of one year or six months after employment, whichever is earlier, is allowed for all education loans. The margin of education loan is nil for loans of up to ₹4 lakh, and 5% for loans above ₹4 lakh (for studies in India) and 15% for studies abroad. There is no collateral security for loans up to ₹4 lakh, but the Bank will require the parent or spouse be added as a “joint borrower” with the primary borrower. The co-borrower must be a salaried individual, a self-employed professional or a businessman. For education loans above ₹4 lakh and up to ₹7.5 lakh, collateral security in the form of a suitable third party guarantee must be provided and for loan amounts above ₹7.5 lakh, tangible collateral security must be provided, in addition to securing a parent or spouse as a joint borrower of the education loan. In the case of education loans to students studying at premier institutes, collateral security is not required for loans up to ₹20 lakh where a parent of the applicant is able to prove sufficient net-worth. In the case of loans

above ₹20 lakh, tangible security must be provided by the applicant. The education loans have floating interest rates, are linked to the base rate of the Bank, and no processing fee is charged. Prepayment or foreclosure of such loans is allowed anytime during repayment of the loan without additional charges.

Auto Loans:

The Bank provides auto loans for the purchase of new cars, including passenger cars, sport utility vehicles, jeeps, etc., and performance motorbikes ex-showroom price. The target clientele is salaried, self-employed professionals, businessmen, firms or companies (in situations where there is a pre-existing relationship), proprietorship firms, partnership firms, private and public limited companies and NRI salaried customers who have had a satisfactory relationship with the Bank for at least one year. The maximum funding amount is up to 90.00% of the on-road price (excluding the cost of accessories) of a vehicle and up to 85% of the cost for bikes (excluding the cost of accessories). Auto loans of the Bank are marketed through the many retail banking branches of the Bank and have been outsourced to various auto dealer networks, including Maruti Suzuki, TATA Motors and Honda Cars India Limited (authorized to extend auto loans to customers who satisfy the eligibility criteria of the Bank to avail of such loans). The Bank has also introduced different variants of the auto loan scheme, such as the “Speed Auto Loan, Combo Offer”, to existing home loan borrowers with the aim of enhancing its business. The Bank’s auto loan product in terms of rate of interest, processing fees, loan to value ratio and prepayment charges is one of the most competitive in the market.

Loans against Securities:

Loan against securities is an overdraft facility given to customers against pre-approved securities such as equity shares, mutual funds, Government bonds, National Savings Certificates and Kisan Vikas Patra life insurance policies. The margin and interest on the facility is fixed depending on the nature of security offered. The accounts are monitored regularly and interest is charged only on the utilised amount of the loan. The facility is given for a period of one year and is renewable thereafter after review.

Third Party Distribution:

The bank-customer relationship is a significant aspect of the banking business model and hence it is one of the primary objectives of the Bank, achieved through regular and high quality contact by branches with their customers, with the aim of increasing customer retention. The Bank aims to cater to the financial requirements of its customers through its comprehensive range of products and services. The Bank offers a range of investment and insurance products through its branches, supported by a central support department referred to as the “third party distribution” department as well as meeting the financial requirements of the Bank’s customers, the distribution of these products also generates fee income for the Bank. The Bank offers various third party products such as mutual fund schemes, the life insurance products of IDBI Federal Life Insurance Company, the general insurance products of BAGIC and fixed income securities such as tax free bonds, Government bonds, National Highway Authority of India and Rural Electrification Corporation Ltd. bonds as detailed below.

Mutual Fund :

Mutual Fund (MF) products form an integral part of the Bank’s comprehensive range of products and services offered to its customers. As a distributor of MF products the Bank earns a fee income and adds to its objective of being a ‘one stop shop’ for its customers by catering to their financial and investment requirements. The Bank currently offers MF schemes run by various AMCs, including its 100.00% owned subsidiary IDBI Mutual Fund. The Bank distributes only those products offered by shortlisted AMCs, ranked on a quarterly basis with reference to various parameters such as superior rates of return, company concentration, liquidity and fund manager performance.

Life Insurance :

The Bank is a corporate agent and distributor of the life insurance products offered by IDBI Federal Life Insurance Company Ltd. Recognising that investing in life insurance can be seen as one of the most important decisions in a person’s life, the Bank helps the customer to choose a policy best suited for the customer’s need.

General Insurance :

The Bank is a corporate agent and distributor of the general insurance products offered by BAGIC. The Bank also offers the customer the choice of BAGIC's three specially designed co-branded products namely "Family Care" for health insurance, "Home Care" for home insurance and "Business Care" for business and office insurance requirements. These products offer comprehensive cover at a competitive price exclusively through the Bank's branches and points of sale.

National Pension Scheme :

The Bank is a point of presence for the Pension Fund Regulatory and Development Authority's, National Pension Scheme (NPS). NPS a defined contribution based pension system was launched by the Government with effect from May 2009 for all Indian citizens with the aim of offering individual and corporate NPS to subscribers. As a first step towards instituting pension reforms, the Government moved from a defined benefit pension to a defined contribution based pension system. This scheme offers a wide range of investment options to its customers and individuals can decide where to invest their money. The contributions and returns thereon are deposited in an inaccessible pension account, which provides annuity when the holder reaches 60 years of age.

Fixed Income Bonds (**FI Bonds**) :

The Bank offers various FI Bonds to its customers, namely Government FI Bonds (at 8.00%), tax free FI Bonds and capital gains FI Bonds (under Section 54 EC of the Income Tax Act which provides exemption for capital gains tax) in relation to the National Highways Authority of India FI Bonds and Rural Electrification Corporation Ltd. FI Bonds.

Retailing of Government Bonds and Certificates of Deposit

The Bank became the first Indian bank to make the Government securities and certificates of deposit available to retail clients through two internet based portals, one called IDBI Samridhdhi G-SEC portal, which enables retail investors to buy or sell Government securities freely; and one called IDBI Samridhdhi CD portal, which enables retail clients to directly buy certificates of deposit under issuance by the Bank in the primary market.

Financial Inclusion

The Government and the RBI have articulated a financial inclusion policy to extend banking and financial services, at affordable costs, to groups who do not have any access to the formal banking system. In pursuit of this objective, the Bank developed a three-year financial inclusion plan with a vision for 340 banking outlets in villages with population of more than 2,000, and 1,500 banking outlets in villages with population of less than 2,000. The plan also envisions opening 382 rural branches (262 branches of which would be established in rural centres) and the deployment of 767 Business Correspondents (**BCs**) by March 2016. As at 31 March 2014, the Bank has extended banking services to 974 villages with no banks through a network of 433 BCs and 61 small format brick and mortar branches. Under the BC model, the Bank offers biometric smart cards to customers in rural areas, which allow them to access banking services through BCs. The Bank is participating in the direct benefit transfer (**DBT**) programme established by the Government in the identified DBT districts and the Bank has successfully integrated the “Aadhar payment bridge” system through the National Payments Corporation of India in order to participate in the direct cash transfer. Domestic commercial banks in India are required to extend at least 40.00% of their ANBC or credit equivalent amount of OBE, whichever is higher, to the priority sectors comprising of loans to the agriculture sector, micro and small enterprises, education, housing and other priority sectors such as micro credit. Assistance to the agriculture sector is required to comprise at least 18.00% of ANBC or the credit equivalent amount of OBE, whichever is higher. At the time of the Bank’s conversion into a banking corporation, the RBI had specified that the priority sector lending target would need to be achieved in a phased, step-up manner so as to meet the priority sector lending target and agricultural lending sub-target by March 2011. The Bank had received forbearance from the RBI for achieving the priority sector lending target and sub-targets until March 2013. Thereafter any shortfall in the amount required to be lent to priority sectors or agriculture and weaker sections shall be allocated as a contribution to the Rural Infrastructure Development Fund established with the National Bank for Agriculture and Rural Development (**NABARD**) or funds with the National Housing Bank (**NHB**) or the Small Industries Development Bank of India (**SIDBI**) or other financial institutions, as specified by the RBI. As of 31 March 2014, the Bank has achieved 27.39% of its ANBC as priority sector lending.

Institutional Development :

The Bank had been instrumental in promoting institutions in India to strengthen the financial architecture and promote orderly growth of the economy. The Bank is one of the original promoters of the Infrastructure Development Finance Company Ltd. (**IDFC**), the specialised institution set up for financing and offering a whole range of services to the infrastructure sector in India. The Bank is also a promoter shareholder of Asset Reconstruction Company (India) Ltd. (**ARCIL**), IDBI Trusteeship Services Ltd. and Biotech Consortium Ltd, and had also in the past been actively associated with the promotion of the State Financial Corporations and State Industrial Development Corporations (**SIDCs**). Other major institutions promoted by the Bank include SIDBI, Export-Import Bank of India, SCICI Ltd. (which merged with ICICI Bank Ltd.) and Tourism Finance Corporation of India Ltd. and North Eastern Development Finance Corporation Ltd., a specialized financial institution catering to the development needs of the north-eastern region of India.

Capital Markets Development:

The Bank played a key role in the formation of the SEBI, the regulator for Indian capital markets. The Bank sponsored the NSE, which first introduced electronic trading in securities in India and has also sponsored and/or supported the formation of Stock Holding Corporation of India Ltd., Credit Analysis and Research Ltd., Investor Services of India Ltd. and OTC Exchange of India Ltd. (a screen based stock exchange predominantly for small cap equity shares). In order to reduce paperwork and the difficulties associated with securities settlements, the Bank promoted the National Securities Depository Ltd. (**NSDL**) in association with the Unit Trust of India and NSE. NSDL provides depository services associated with the settlement of securities trading and is the largest depository in India.

Money Market Institutions:

The Bank was one of the original subscribers to the capital of Discount and Finance House of India Ltd. (**DFHI**) and Securities Trading Corporation of India Ltd. (**STCI**). DFHI deals in money market instruments in order to provide liquidity to the money market in India. STCI was established to foster the development of an active secondary market in government securities and bonds issued by public sector companies.

In addition, the Bank was one of the main promoters of The Clearing Corporation of India Ltd., a specialised institution set up to facilitate clearing and settlement of dealings in securities and

money market instruments including Government securities, treasury bills, corporate bonds, inter-bank transactions in foreign exchange and dealings in derivatives.

Entrepreneurship Development:

The Bank took the lead in setting up the Entrepreneurship Development Institute of India Ltd. at Ahmedabad as a national institute to foster entrepreneurship development in India and in creating similar institutions in some of the industrially less developed states. The Bank also supported the establishment of the Biotech Consortium of India Ltd. to assist in the promotion of bio-technology projects. In addition, the Bank sponsored industrial potential surveys in various parts of India in 1970s which was followed by the setting up of a chain of Technical Consultancy Organisations (**TCOs**) in collaboration with other financial institutions and banks. TCOs provide advisory services to entrepreneurs on product selection, preparation of feasibility studies and technology selection and evaluation.

Offices/Branches:

The Bank has its registered office in Mumbai and has branches throughout India. As of the date of the Disclosure Document, the Bank has 1,486 retail branches at 1061 centres and 2,689 ATMs. Of the 1,486 branches, 353 are metro branches, 432 are urban branches, 424 are semi-urban branches, 276 are rural branches and one overseas branch at DIFC in Dubai. The Bank opened its overseas branch in the DIFC on 7 December 2009.

Q. Other details:

i. DRR creation:

In accordance with Rule 18(7)(b)(i) of the Companies (Share Capital and Debentures) Rules, 2014, as amended, “no DRR is required for debentures issued by All India Financial Institutions (AIFIs) regulated by RBI and banking companies for both public as well as privately placed debentures”. We will, therefore, not be maintaining debenture redemption reserve in respect of the Bonds issued herein and the Bondholders may find it difficult to enforce their interests in the event of a default.

ii. Issue/instrument specific regulation:

The Issue is made in accordance with Form PAS-4 prescribed under Section 42 of Companies Act, 2013 and Rule 14(1) of Companies (Prospectus and Allotment of Securities) Rules, 2014; Securities and Exchange Board of India (Issue And Listing Of Debt Securities) Regulations, 2008, as amended vide Securities And Exchange Board Of India (Issue And Listing Of Debt Securities) (Amendment) Regulations, 2012 issued vide circular no. LAD-NRO/GN/2012-13/19/5392 dated October 12, 2012 & Securities and Exchange Board of India (Issue and Listing of Debt Securities) (Amendment) Regulations, 2014 issued vide circular no. LAD-NRO/GN/2013-14/43/207 dated January 31, 2014, RBI Master Circular DBOD.No.BP.BC.6/21.06.201/2014-15 dated July 1, 2014 on Basel III Capital Regulations and RBI circular DBOD.No.BP.BC.38/21.06.201/2014-15 dated September 1, 2014 on Implementation of Basel III Capital Regulations in India – Amendments

iii. Application process :

Investors are advised to comply with the following General Instructions:

1. Instructions for filling in Application Forms

- a) Application for the Bonds must be in the prescribed form and completed in BLOCK LETTERS in English as per the instructions contained therein.
- b) A separate cheque/ draft must accompany each application form. In case of payment by RTGS, payment particulars must be mentioned on each application form.

2. Applications under Power of Attorney or by Authorized Representatives

A certified copy of the Power of Attorney and/or the relevant authority, as the case may be, along with the names and specimen signatures of all the authorized signatories and the tax exemption certificate/document, if any, must be lodged along with the submission of the completed application form. Future modifications/additions in the Power of Attorney or Authority should also be notified with the Registrar of Issue alongwith necessary documentary proof.

3. PAN of the Applicant

All the applicants should mention their Permanent Account Number (PAN) allotted under the I.T. Act. In case PAN has not been allotted, or the Applicant is not assessed to income Tax, the appropriate information should be mentioned in the space provided. Application Forms without this information will be considered incomplete and are liable to be rejected.

4. Bank Account Details and RTGS/ NEFT particulars

The applicant must fill in the relevant column in the application form giving particulars of its Bank Account number and name of the bank with whom such account is held, to enable the Registrars to the Issue to print the said details in the redemption / interest warrant. This is in the interest of the applicant for avoiding misuse of the redemption / interest warrant. Furnishing this information is mandatory and applications not containing such details are liable to be rejected. The applicants should also fill in RTGS/ NEFT particulars of their bank accounts to enable the Bank to remit redemption/ interest payments by RTGS/ NEFT. IDBI Bank may also download the bank particulars in respect of beneficial ownership position as available with the depositories on the Record Date for this purpose.

5. Eligible Investors

The following categories of applicants are eligible to apply for this Issue of Bonds. However, the prospective subscribers must make their own independent evaluation and judgement regarding their eligibility to invest in the Issue.

- a. Mutual Funds;
- b. Public Financial Institutions as defined under the Companies Act.
- c. Scheduled Commercial Banks;
- d. Insurance Companies;
- e. Provident Funds, Gratuity Funds, Superannuation Funds and Pension Funds;
- f. Co-operative Banks;

- g. Regional Rural Banks authorized to invest in bonds/ debentures;
- h. Companies and Bodies Corporate authorized to invest in bonds/ debentures;
- i. Trusts authorized to invest in bonds/ debentures; and
- j. Statutory Corporations/ Undertakings established by Central/ State legislature authorized to invest in bonds/ debentures, etc.

All applicants are required to comply with the relevant regulations/ guidelines applicable to them for investing in the issue of Bonds as per the norms approved by Government of India, Reserve Bank of India or any other statutory body from time to time.

However, out of the aforesaid class of applicants eligible to invest, this Disclosure Document is intended solely for the use of the person to whom it has been sent by the Bank for the purpose of evaluating a possible investment opportunity by the recipient(s) in respect of the securities offered herein, and it is not to be reproduced or distributed to any other persons.

The issue is restricted to the above investors.

6. Documents to be provided by investors

Investors need to submit the following documentation, along with the application form, as applicable.

- Memorandum and Articles of Association/Documents Governing Constitution
- Resolution authorising investment
- Certified True Copy of the Power of Attorney
- Specimen signatures of the authorized signatories duly certified by an appropriate authority.
- Certificate issued by the Assessing Officer under Section 197(1) of I.T.Act for investors seeking exemption from Tax deduction at source from interest on the application money.
- SEBI registration Certificate (for Mutual Funds)
- PAN of the investor/s.
- Demat details (DP ID & Client ID)

7. Terms of Payment

The full amount of issue price of the Bonds applied for should be paid along with the application.

8. Payment Instructions

The remittance of application money should be made by electronic transfer of funds through RTGS mechanism for credits as per details given hereunder:

Name of the Banker	IDBI Bank Limited
Account Name	DRD – IDBI Bank Ltd.
Account Number	79637000010140 R 41 (Customer RTGS), R 42 (Interbank RTGS)
IFSC Code	IBKL0000796
Address	IDBI Bank Ltd., IDBI Tower, Cuffe Parade, Mumbai – 400005
Narration	Application Money for AT1 Bond Issue

9. Submission of Completed Application Forms

Applications duly completed and accompanied by cheque/demand draft or remittance particulars of application money (by RTGS) must be lodged, while the issue under private placement of the bond is open, with Domestic Resources Department (DRD) at Head Office.

10. Acknowledgements

No separate receipts will be issued for the application money. However, DRD and/or branches receiving the duly completed application form will acknowledge receipt of the application by stamping and returning to the applicant the acknowledgement slip at the bottom of each application form.

11. Basis of Allocation/ Allotment

Beginning from the issue opening date and until the day immediately prior to the issue closing date, full and firm allotment against all valid applications for the Bonds will be made to applicants on a first-come-first-served basis, subject to the limit of the Issue size, in accordance with applicable laws. If and to the extent, the Issue is fully subscribed prior to the issue closing date, no allotments shall be accepted once the Issue is fully subscribed.

12. Right to accept or reject applications

The Bank reserves its full, unqualified and absolute right to accept or reject any application, in part or in full, without assigning any reason thereof. The rejected applicants will be intimated along with the refund warrant, if applicable, to be sent. Interest on application money will be paid from the date of realization of the cheque(s)/ demand drafts(s) till one day prior to the date of refund. The application forms that are not complete in all respects are liable to

be rejected and would not be paid any interest on the application money. Application would be liable to be rejected on one or more technical grounds, including but not restricted to:

- a. Number of bonds applied for is less than the minimum application size;
- b. Applications exceeding the issue size;
- c. Bank account details not given, particularly, account name and number from which money has been remitted to the Issuer;
- d. Details for issue of Bonds in electronic/ dematerialized form not given;
- e. PAN/GIR and IT Circle/Ward/District not given;
- f. In case of applications under Power of Attorney by limited companies, corporate bodies, trusts, etc. relevant documents not submitted;

In the event, if any Bond(s) applied for is/ are not allotted in full, the excess application monies of such Bonds will be refunded, as may be permitted.

13. Interest in case of delay on Allotment/ Despatch

IDBI Bank Ltd. agrees that :

- a. As far as possible, allotment of bonds shall be made within 30 days of the date of closure of the issue;
- b. IDBI Bank Ltd. shall pay interest as per the provision of DIP guidelines if the allotment has not been made and/or the Refund Orders have not been dispatched to the investors within 30 days from the date of closure of the Issue, for the delay beyond 30 days.

14. Bondholder not a Shareholder

The Bondholders will not be entitled to any of the rights and privileges available to shareholders of the Bank, unless otherwise stipulated by applicable law.

R. General Information :

Date of incorporation of the Bank : September 27, 2004

Corporate Identity : L65190MH2004GOI148838

S. Business carried on by Subsidiaries with details of branches or Units :

IDBI CAPITAL MARKET SERVICES LTD.

IDBI Capital Market Services Ltd (**ICMS**), a wholly-owned subsidiary of the Bank incorporated in December 1993, offers a full suite of financial products and services to

institutional, corporate and retail clients. ICMS's businesses include stock brokerage services, distribution of financial products, merchant banking, corporate advisory services, debt arranging and underwriting, portfolio management of pension/provident funds and research services.

ICMS's investment banking group provides services to a diverse group of corporations, financial institutions, investment funds and the Government. It provides strategic advice, helps corporates in arranging funds and raising capital, and also assists companies in distressed situations. During the fiscal year 2013-14 the capital market group successfully completed four offers for sale assignments on behalf the Department of Disinvestment and one small and medium enterprises issue. ICMS's institutional and mutual fund advisory group has advised various clients such as banks, institutions and corporates on entry/exit strategies based on returns, tax efficiency, time horizon of investments, in addition to the deployment of surplus funds to the amount of over ₹4212.75 crore during fiscal year-end 2013-14.

As of 31 March 2014 the total amount of debt securities under portfolio management stood at ₹3756.2 crore. The return on the invested debt securities during fiscal year 2014 was 8.93% for retirement funds where 10-year Government bonds averaged 8.35% (semi-annualised) and surplus funds averaged 9.55%. ICMS is also engaged in assisting various public sector units and corporates with their resource-raising programmes. The institutional debt capital group has raised resources for tax free bond issuance on behalf of the India Infrastructure Finance Company Limited, the Housing and Urban Development Corporation, Power Finance Corporation, the National Housing Bank, the National Highways Authority of India and the Rural Electrification Corporation Limited. Further a tax free bond investment of ₹705 crore has been mobilised during the fiscal year and the group raised ₹70 crore for Bank of India Tier II bond issue.

ICMS paid a dividend of 10.00% for the year ended 31 March 2014.

The tables below sets out a summary of the balance sheet and profit and loss account of ICMS:

IDBI INTECH LIMITED

IDBI Intech Limited (**IIL**) was incorporated in March 2000, as a wholly owned subsidiary of the Bank to undertake the Bank's IT related activities. The major business activities of the company are IT services and the services provided by the National Contact Centre at the central business district Belapur and Hyderabad.

IIL has obtained ISO 9001 certification for its operations which helped the Bank to receive an ISO 27001 certificate for its data centre. IIL has also assisted the Bank with the launch of various value-added products for its customers, and has entered into an arrangement for the provision of end-to-end IT services to two wholly-owned subsidiaries of the Bank: IDBI Asset Management Company Limited and ICMS.

Intech handles all the IT services for the Bank.

In the fiscal year 2014, IIL has successfully implemented 222 projects of various size to complement the Bank's objectives among others to improve operational efficiency, reduce cost, increase reach to customer base and provide customers with better services through IT enabled services and alternate delivery channels.

Key initiatives undertaken by IIL during the last quarter ending March, 2014 include:

- adoption of the executive dashboard: "Region-Sol-wise Drill";
- adoption of the "MT 940 auto generation system";
- adoption of electronic financial messaging services in relation to bulk account verification;
- adoption of online tax fund collection by means of internet banking with respect to the union territory of Dadra Nagar and Haweli;
- implementation of the "H2H system" in relation to the National Payment Corporation of India.

IIL paid no dividend for the year ended 31 March 2014.

IDBI ASSET MANAGEMENT LIMITED

IDBI Asset Management Limited (**IAML**) is a wholly owned subsidiary of the Bank. IAML was incorporated on 25 January 2010 to provide asset management services to IDBI Mutual Fund. IAML's mission is to promote financial inclusion by assisting the common man in making informed investment choices through mutual funds. As of 31 March 2014, IAML's paid up capital was ₹115 crore (the Bank has contributed ₹75 crore and ICMS has contributed ₹40 crore). The year ended 31 March 2014 was the fourth year of operation for IAML.

In its fourth year of operation, IAML has successfully launched the IDBI Debt Opportunities Fund, (which is an open ended income scheme) and the IDBI Diversified Equity Fund, (which is an open ended growth scheme along with 17 schemes under the IDBI FMP Series III and Series IV). For the quarter ending 31 March 2014, the average quarterly assets under IAML's management was ₹5,928.37 crore. IAML currently manages seven debt schemes, six equity schemes, one gold exchange traded fund, one gold fund, and 15 fixed maturity plans.

IAML plans to offer a wide range of investment products geared towards investors' needs.

IDBI TRUSTEESHIP SERVICES LIMITED

IDBI Trusteeship Services Limited (**ITSL**) became a subsidiary of the Bank with effect from 1 October 2011. It was incorporated on 8 March 2001 and was set up to comply with SEBI regulations for carrying out trusteeship services. It acts as (i) debenture/bond trustee for issues of non-convertible debentures and bonds, (ii) security trustee on behalf of a lender in situations where the entire security is created in favour of ITSL and it acts upon instructions from those lenders, (iii) securitisation trustee where commercial or consumer credits are purchased and sold in the form of financial instruments and (iv) share pledge trustee where it holds the security pledged by the borrower on behalf of lenders, amongst other roles. In addition to this, ITSL also provides certain other services including, but not limited to, safe keeping locker services, acting as

nominee director, escrow agent services to monitor cash flows and ensure utilisation of the same as per a pre-defined mechanism, managing family or private trusts including the employees' welfare trust, employee stock option plan trust etc.

ITSL paid an interim dividend of 155.00% for the year ended 31 March 2014 and final dividend of 70.00% for the year ended 31 March 2014.

IDBI FEDERAL LIFE INSURANCE COMPANY LIMITED

IDBI Federal Life Insurance Company Limited (**IDBI Federal Life**), a joint venture life insurance company incorporated on 22 January 2007 under the Companies Act was originally formed in association with Ageas Insurance International (**Ageas**) and Federal Bank Ltd. (**Federal Bank**) with shareholding of 48.00% by IDBI Bank and

26.00% by each of Federal Bank and Ageas. IDBI Federal Life launched its first set of products across India in March 2008 after receiving the requisite approvals from the Insurance Regulatory Development Authority (**IRDA**) on 19 December 2007.

IDBI Federal Life aims to develop financial solutions and its innovative product suite, combines financial protection and wealth creation into distinctive product offerings that suit the varying financial and investment needs at different stages of life.

The new product guidelines were declared in February 2013 and IDBI Federal Life saw this as an opportunity to improve its product portfolio to meet the changing needs of consumers. During the fiscal year 2013-14 the Company announced the launch of four new individual products catering to various life stage needs of customers. The Company also announced the launch of three new group plans. Further, the new products now offer a balanced mix of savings, growth of investments and financial protection. For example, a key feature attractive for Indian consumers, the “guaranteed returns” feature, was built into all the traditional plans. The Company’s innovative product range, with unique trade-marked branding, is highly acclaimed in the industry and has been an important reason for its success.

IDBI Federal Life has a bancassurance partnership with the Bank and Federal Bank. IDBI Federal Life also distributes its products through its own network of agents. As of 31 March 2014, IDBI Federal Life’s network comprised of 59 branches across the country, with 657 agency managers and agency leaders supporting the activities of approximately 10,343 agents.

The following table sets out a summary of the balance sheet and profit and loss account of IDBI Federal Life for the periods specified:

Also if there were any prosecutions filed (whether pending or not) fines imposed, compounding of offences in the last three years immediately preceding the year of the offer letter and if so, section-wise details thereof for the Bank and all of its subsidiaries :

Nil for IDBI Bank Ltd. under Companies Act, 2013 or any other previous company law.

The Reserve Bank of India (RBI) and Securities & Exchange Board of India (SEBI) have taken action against IDBI Bank Limited as under :

- 1) Issues inherited from erstwhile IDBI Bank Ltd. since merged with IDBI Bank Ltd. (formerly Industrial Development Bank of India Ltd.)

During the period 2003-05, SEBI investigated into the irregularities in the IPOs of IDFC & Yes Bank, which revealed that certain market players played a major role in cornering the shares by opening fictitious / benami accounts. SEBI held that the entire scheme for cornering the retail portion could not have been succeeded but for the active role by depositories and depository participants (DPs). In the matter of investigation into IPOs, SEBI under Section 11 and 11B of SEBI Act, 1992 passed an ex-parte interim order dated 27.04.2006 and issued directions, prohibiting them from dealing in the securities market till further orders and not to open fresh demat accounts. IDBI Bank made written submissions and requested SEBI to vacate the Show Cause Notice. Based on submissions, SEBI on 28.06.2006 vacated the Show Cause Notice and permitted IDBI Bank to open fresh demat accounts and also held that all issues & contentions relating to breach of extant KYC norms are left open to be decided by the Enquiry Officer (EO) in subsequent enquiry proceedings pursuant to his report. IDBI Bank made its written submissions in the enquiry proceedings and the order of EO is awaited. Pending enquiry

proceedings, SEBI, vide ex-parte order dated 21.11.2006, imposed the disgorgement liabilities on joint & several basis on NSDL and its DPs including IDBI Bank to the tune of ₹90,02,18,451.80 (IDBI Bank's share was to the extent of ₹85,88,825.28). IDBI Bank preferred an appeal under section 15T of SEBI Act, 1992 with Securities Appellate Tribunal (SAT) for quashing and setting aside the same, which was initially heard on 11.01.2007 when SAT stayed the operation. Final hearing took place on 22.11.2007, when SAT set aside the ex-parte disgorgement order on the ground that principles of natural justice were not followed by SEBI. The enquiry proceedings are still pending and no orders have been passed as on date.

2) RBI related:

- (a) During FY 2013-14, Reserve Bank of India levied a penalty of ₹1 crore for violation of RBI instructions on KYC and AML guidelines.
- (b) Reserve Bank of India has levied a penalty of ₹15 lakh for violation of the provisions of Banking Regulation Act, 1949 in respect of Deccan Chronicle Holdings Ltd vide its order dated July 25, 2014.

3) SEBI Related

IDBI Bank had acquired 50 lakh no. of equity shares of Welspun India Ltd (WIL) on April 22, 2010 through the QIP route, resulting in acquiring 5.64% of the company's then paid up capital. In terms of SEBI's Takeover & PIT Regulations, IDBI Bank made the disclosure of the aforesaid acquisition to BSE, NSE & Kolkata Stock Exchange (KSE) on April 23, 2010.

However SEBI alleged that the Bank had violated the aforesaid regulation as the disclosures were received by BSE & NSE on 27-4-10, while KSE claimed that it had not received any disclosure notice. IDBI Bank furnished copies of the disclosure notices dated April 23, 2010 addressed to the above mentioned addressees alongwith proof of delivery (PoDs) evidencing handing over the notices to the courier agency, which provided reasonable grounds to believe that IDBI Bank had disclosed the acquisition of the company's shares to the stock exchanges within stipulated period.

However, SEBI has considered that there has been a delay by one day in receipt of the disclosure notices by BSE & NSE and has imposed a penalty of ₹2 lakh vide its order dated February 26, 2014 on IDBI Bank in the matter.

There are no restrictions whatsoever on the operations of IDBI Bank imposed either by any Court of Law or by any Regulatory, Statutory or Supervisory Authorities

vii. Details of acts of material frauds committed against the Bank in the last three years and the action taken by the Bank:

a) A borrower who was sanctioned a STL of ₹250 crore in March 2011 defaulted in payment of interest as also installments from June 2012. Forensic audit revealed manipulation in the books of account by the company. Necessary action in compliance with the law is being taken for recovery of the amount.

b) A borrower was sanctioned Rs 150 crore limit in Aug 2009. Subsequently it was found out that the borrower had made exports to related parties and the buyers have not paid the dues since March 2013. It is case of suspected fraud and IDBI Bank has lodged claim with ECGC.

c) A borrower was sanctioned ₹55.00 crore limit in March 2012. It was observed that the company was selling goods to the overseas customers despite of having not received the amount and further added new clients based on the recommendation of a single party, who apparently owns controlling stake in most of the company/ firms. The Main Promoters action in dealing with the affairs of the company has not been to the satisfaction of the Lenders. Necessary action in terms of the regulatory guidelines is being followed for recovery of the amount.

d) Some borrowers had borrowed under Fish Pond Loan scheme. During a review of the loan accounts it was revealed that the documents on records in respect of the fish pond loan accounts like Fisheries department certificate/ land ownership certificate issued by MRO/ VRO etc were fake ones. The amount involved is estimated at ₹34.63 crore. Necessary action in terms of the regulatory guidelines is being followed for recovery of the amount.

e) Another group of borrowers had also borrowed under the same Fish Pond Loan scheme and during review of the loan accounts it was revealed that the documents on records in respect of the fish pond loan accounts like Fisheries department certificate/ land ownership certificate issued by MRO/ VRO etc were fake ones. The amount involved is estimated at ₹31.34 crore. Necessary action in terms of the regulatory guidelines is being followed for recovery of the amount.

IV. ISSUE DETAILS :

i. Date of passing of board resolution authorizing the offer of securities:

April 30, 2014

ii. Date of passing of resolution in the general meeting, authorizing the offer of securities:

September 2, 2014

Unsecured Non-convertible Basel III compliant Additional Tier 1 Perpetual Bonds in dematerialized form for inclusion in Tier I capital

Applicable RBI guidelines

RBI Master Circular DBOD.No.BP.BC.6/21.06.201/2014-15 dated July 1, 2014 on Basel III Capital Regulations and RBI circular DBOD.No.BP.BC.38/21.06.201/2014-15 dated September 1, 2014 on Implementation of Basel III Capital Regulations in India – Amendments. The

definitions, abbreviations or terms wherever used shall have the same meaning as defined in the RBI circulars applicable to the issue of these bonds.

Paid-in status

Fully paid-in

Maturity period

The bonds are perpetual and there are no step-ups or other incentives to redeem.

Rate of Interest

The Bonds may be issued with a fixed or floating rate of interest. Floating rate of interest shall be referenced to a suitable benchmark rate as may be decided by IDBI Bank Ltd. For the bond issuance, a fixed rate of interest as given in the summary Term Sheet would be applicable.

Put & Call Option

Put Option is not available to the bondholder(s). Call option is available to IDBI Bank Limited. The exercise of Call Option by the Bank will be subject to all of the below mentioned conditions.

- a) The instrument has run for at least ten years
- b) The prior approval of RBI (Department of Banking Operations & Development).
- c) The instrument is replaced with capital of the same or better quality and the replacement of this capital is done at conditions which are sustainable for the income capacity of the bank
or
- d) The bank demonstrates to RBI that its capital position is well above the minimum capital requirements after the Repurchase / Buyback / Redemption.

Replacement issues can be concurrent with but not after the instrument is called.

Loss Absorption Features

As per RBI master circular. Please refer to circular DBOD.No. BP.BC. 6/21.06.201/ 2014-15 dated July 1, 2014 (Annexure 4 and Annexure 16) and RBI/2014-15/201 DBOD.No.BP.BC.38/21.06.201/2014-15 dated September 1, 2014.

Status of bondholders/ seniority of claim

The claims of the investors in instruments shall be :

- (i) superior to the claims of investors in equity shares and perpetual non-cumulative preference shares;
- (ii) subordinated to the claims of depositors, general creditors and subordinated debt of the bank;
- (iii) is neither secured nor covered by a guarantee of the issuer nor related entity or other arrangement that legally or economically enhances the seniority of the claim vis-à-vis bank creditors.

Purchase/ funding of bonds by the bank

Neither the Bank nor any related party over which the Bank exercises control or significant influence (as defined under relevant Accounting Standards) shall purchase the Bonds, nor would the Bank directly or indirectly fund the purchase of the Bonds. The Bank shall also not grant advances against the security of the Bonds issued by it.

Loss absorption of Additional Tier 1 (AT1) instruments at the pre-specified trigger

I. Loss Absorption Features

- (i) These instruments shall have principal loss absorption at an objective pre-specified trigger point through temporary write-down mechanism which allocates losses to the instrument.
- (ii) The write-down will have the following effects:
 - (a) reduce the claim of the instrument in liquidation;
 - (b) reduce the amount re-paid when a call is exercised; and
 - (c) partially or fully reduce coupon/dividend payments on the instrument.

II. Level of Pre-specified Trigger and Amount of Equity to be Created by Write-down

The pre-specified trigger for loss absorption through temporary write-down of these bonds must be at least Common Equity Tier 1 (CET1) capital of 5.5% of RWAs before March 31, 2019 after which this trigger would be raised at CET1 of 6.125% of RWAs for these bonds.

The Write-down of any Common Equity Tier 1 capital shall not be required before a write-down of these Additional Tier 1 capital bonds.

- 2.1 The write-down mechanism (temporary or permanent) which allocates losses to these Additional Tier 1 bonds shall generate Common Equity Tier 1 (CET1) under applicable Indian Accounting Standards. The bonds will receive recognition in AT1 capital only upto the extent of minimum level of CET1 generated (i.e. net of contingent liability recognised under the Indian Accounting Standards, potential tax liabilities, etc., if any) by a full write-down.
- 2.2 The aggregate amount to be written-down for these AT1 bonds on breaching the trigger level shall be at least the amount needed to immediately return the bank's CET1 ratio to the trigger level or, if this is not possible, the full principal value of the instruments. Further, the bank shall have full discretion to determine the amount to be written-down subject to the amount of write-down not exceeding the amount which would be required to bring the CET1 ratio to 8% of RWAs (minimum CET1 of 5.5% + capital conservation buffer of 2.5%).
- 2.3 The write-down may be more than once in case the bank hits the pre-specified trigger level subsequent to the first write-down which was partial.

III. Order of Conversion / Write-down of Various Types of AT1 Instruments

The order of claim of various types of Regulatory capital instruments issued by the Bank and that may be issued in future shall be as under:

Additional Tier I debt instruments will be superior to the claims of investors in equity shares and perpetual non-cumulative preference shares and subordinate to the claims of all depositors and general creditors & subordinated debt of the bank. However, write down / claim of AT 1 debt instruments will be on pari-passu basis amongst themselves irrespective of the date of issue.

Perpetual non-cumulative preference shares will be superior to the claims of Equity Share.

IV Minimum Requirements to Ensure Loss Absorbency of Non-equity Regulatory Capital Instruments at the Point of Non-Viability

Point of Non Viability (“PONV”)

These Bonds, at the option of the Reserve Bank of India, will be permanently written-off upon occurrence of the trigger event, called the “Point of Non-Viability Trigger” (“PONV Trigger”).

PONV Trigger

The PONV Trigger event is the earlier of:

- a. a decision that a permanent write off is necessary without which the Bank would become non viable, as determined by the RBI; and
- b. the decision to make a public sector injection of capital, or equivalent support, without which the Bank would have become non viable, as determined by the relevant authority. The write-off consequent upon the trigger event shall occur prior to any public sector injection of capital so that the capital provided by the public sector is not diluted

The write-off of any Common Equity Tier 1 capital shall not be required before the write-off of these Additional Tier I Bonds

For this purpose, a non-viable bank will be:

A bank which, owing to its financial and other difficulties, may no longer remain a going concern on its own in the opinion of the Reserve Bank of India unless appropriate measures are taken to revive its operations and thus, enable it to continue as a going concern. The difficulties faced by a bank should be such that these are likely to result in financial losses and raising the Common Equity Tier 1 capital of the bank should be considered as the most appropriate way to prevent the bank from turning non-viable. Such measures would include permanent write-off in combination with or without other measures as considered appropriate by the Reserve Bank of India.

A bank facing financial difficulties and approaching a PONV shall be deemed to achieve viability if within a reasonable time in the opinion of RBI, it will be able to come out of the present difficulties if appropriate measures are taken to revive it. The measures including permanent write-off/ public sector injection of funds are likely to:

- a. Restore confidence of the depositors/ investors;
- b. Improve rating/ creditworthiness of the bank and thereby improving its

borrowing capacity and liquidity and reduce cost of funds; and

- c. Augment the resource base to fund balance sheet growth in the case of fresh injection of funds.

The amount of non-equity capital to be written-off will be determined by RBI.

The order of claim of various types of Regulatory capital instruments issued by the Bank and that may be issued in future shall be as under:

Additional Tier I debt instruments will be superior to the claims of investors in equity shares and perpetual non-cumulative preference shares and subordinate to the claims of all depositors and general creditors & subordinated debt of the bank. However, write down / claim of AT 1 debt instruments will be on pari-passu basis amongst themselves irrespective of the date of issue.

Perpetual non-cumulative preference shares will be superior to the claims of Equity Shares.

Minimum subscription

5 bonds and in multiples of 1 bond thereafter

Face value, issue price, effective yield for investor

Each Bond has a face value of ₹10 lakhs and is issued at par i.e. for ₹10 lakhs. The effective yield for the investors shall be the same as the Coupon Rate on the Bonds.

Terms of payment

The full face value of the Bonds applied for is to be paid along with the Application Form. Applicant(s) need to send in the Application Form and the cheque(s)/ demand draft(s)/ RTGS for the full value of Bonds applied for.

Face Value per Bond	Minimum Application for	Amount Payable on Application per Bond
₹10 lakhs	5 Bonds and in multiples of 1 Bond thereafter	₹10 lakhs

Computation of interest

Interest for each of the Interest Periods, including Interest on Application Money, shall be computed on a 365 days-a-year basis on the principal outstanding of the Bonds. However, where

the Interest Period (start date to end date) includes 29th February (in a leap year), Interest shall be computed on 366 days-a-year basis i.e. Actual/Actual.

Effect of Holidays

If the coupon payment date of the Bond, falls on a Sunday or a holiday in Mumbai, the location of the Registered Office of the Bank, the coupon payment shall be made on the next working day. If the maturity date of the Bond, falls on a Sunday or a holiday, the redemption proceeds shall be paid on the previous working day.

Record Date

The Record Date for all interest payments and for the repayment of the face value amount upon redemption of the Bonds (including on exercise of Call Option, if applicable, will be 15 (fifteen) days prior to the due date/s of payment of interest or repayment of face value (both dates exclusive).

Payment of interest

Payment of interest on the Bonds will be made to those Bondholders whose names appear in the records of the Depositories as on the Record Date. Interest will be paid by RTGS/ NEFT/ Pay Orders/ Demand Drafts at coupon rate on due date/s mentioned under the head 'Coupon' and 'Coupon Payment Date(s)' under key terms in the Term Sheet.

Redemption of Bond

The Bonds are perpetual in nature and hence non redeemable.

Depository Arrangement

The Bank has entered into depository arrangements for dematerialization of Bonds with National Securities Depository Limited (NSDL) and Central Depository Services Ltd. (CDSL). Investors will hold the security in dematerialized form only and deal with the same as per the provisions of Depositories Act, 1996 (as amended from time to time). Investors should indicate the necessary details in the application form.

The Bank has signed two tripartite agreements in this connection viz.

- 1) Tripartite Agreement dated March 1, 2012 between IDBI Bank Ltd., National Securities Depository Limited (NSDL) and the Registrar, Karvy Computershare Pvt. Ltd.
- 2) Tripartite Agreement dated February 21, 2012 between IDBI Bank Ltd., Central Depository Services Limited (CDSL) and the Registrar, Karvy Computershare Pvt. Ltd

Procedure for allotment of Bonds in Demat form

1. Investor(s) should have a Beneficiary Account with any Depository Participant of NSDL or CDSL
2. For allotment of Bonds in dematerialized form, the beneficiary account number and depository participants ID shall be specified correctly in the relevant columns of the Application Form. If incomplete/incorrect Beneficiary Account Details are given in the Application Form which do not match with the details in the Depository system, the allotment of Bonds shall be kept in abeyance till such time satisfactory demat account details are provided by the investor.
3. The Bonds allotted to investor would be directly credited to the Beneficiary Account as given in the application form after verification. Allotment advice/refund order (if any) would be sent directly to the applicant by the Registrars to the Issue but the confirmation of the credit of the bonds to the investor's Depository Account will be provided to the investor by the investor's Depository Participant.
4. Interest or other benefits with respect to the bonds held in dematerialized form would be paid to those Bondholders whose names appear on the list of beneficial owners given by the depositories to IDBI Bank Ltd. as on the Record Date. In case the beneficial owner is not identified by the depository on the Record Date due to any reason whatsoever, the Bank shall keep in abeyance the payment of interest or other benefits, till such time the beneficial owner is identified by the depository and intimated to IDBI Bank Ltd.
5. Investors may please note that the Bonds in demat form can be traded only on the stock exchanges having electronic connectivity with NSDL or CDSL.

Common form of transfer

The Bonds will be issued in demat (electronic) form only and there would be no physical holding. The normal procedure followed for transfer of securities held in dematerialized form in accordance with the rules/ procedures as prescribed by the depositories, NSDL/CDSL, shall be followed for transfer of these Bonds. The concerned depositories shall provide information to the

Registrars about the rightful owners of the bonds for payment of interest and principal amount on due dates.

Tax Deduction at Source

As per clause (ix) of Section 193 of Income Tax Act 1961, there is no obligation to deduct tax at source in respect of any amount payable by way of interest on securities issued by a company in dematerialized form and is listed on a recognized Stock Exchange in India in accordance with the Securities Contracts (Regulation) Act, 1956. Since Bonds to be issued through this Disclosure Document would be in dematerialized mode only and listed on Stock Exchanges, tax will not be deducted at source in respect of interest payable on such Bonds. However, the applicability of TDS will be governed by the relevant provisions of Income Tax Act 1961 at the time of credit or payment of interest on the Bonds. The interest income is taxable in the hands of the recipient.

Transfer of Bonds

The difference between the sale price on transfer and the cost of acquisition of the Bond held by the Bondholder as a capital asset will be treated as long-term capital gain/loss in the hands of the investor, provided that such Bond listed in recognized stock exchange is held for a continuous period of more than twelve months. As per Section 112 of IT Act, 1961, tax on long term capital gain arising on transfer of listed securities will be 10% of the gain computed without indexation of cost plus surcharge, education cess and higher education cess, as applicable, for all the assesses. IDBI Bonds, on being listed, will be eligible for this benefit. It may be noted that the Bonds being debt instruments, will not have the benefit of cost indexation.

Short-term capital gains on the transfer of listed Bonds, where Bonds are held for a period of not more than twelve months would be taxed at the normal rates of tax in accordance with and subject to the provisions of the I.T. Act.

Investors who wish to avail of the exemption from tax on capital gains on transfer of capital asset as provided in sections 54EC or 54F of IT Act, may do so subject to the conditions as prescribed in those sections. Moreover, investors are advised to consult their tax advisors in this matter.

In case the Bonds are held as stock in trade, the income on transfer of Bonds would be taxed as business income or loss in accordance with and subject to the provisions of the I.T. Act.

Taxability of Interest income from the Bonds

Taxability of interest on Bonds received by Bondholders would be based upon the method of accounting adopted by the resident bond holder as mentioned and subject to the provisions of the I.T. Act.

Issue of duplicate redemption/interest warrant(s)

If any redemption/Interest Warrant(s) is/are lost, stolen or destroyed, then upon production of proof thereof, to the satisfaction of IDBI Bank Ltd. and upon furnishing such indemnity, as may be deemed adequate and upon payment of any expenses incurred by the Bank in connection thereof, new redemption/interest warrants shall be issued. If any redemption/interest warrant(s) is/are mutilated or defaced, then, upon surrender of such interest warrant(s), the Bank shall cancel the same and issue a duplicate redemption/ interest warrant(s) in lieu thereof. The procedure for issue of the duplicate warrant shall be governed by the provisions of the Industrial Development Bank of India Ltd. (Issue and Management of Bonds) Rules, 2004.

Amendment of the Terms of the Bonds

The Bank may amend the terms of the Bond(s), within the purview of applicable laws, at any time by a resolution passed at a meeting of the Bondholders with the consent of the Bondholders holding in the aggregate more than 50% in nominal value of the Bonds held and outstanding under the respective schemes from those present and voting.

Future Borrowings / Issues

The Bank will be entitled to borrow/ raise loans or avail of financial assistance in whatever form as also issue debentures / bonds / other securities in any manner having such ranking in priority, pari passu or otherwise and change the capital structure including the issue of shares of any class, on such terms and conditions as the Bank may think appropriate, without the consent of, or intimation to the Bondholders or the Trustees.

Notices

All notices to the Bondholder(s) required to be given by the Bank shall be deemed to have been given if sent to the Bondholder(s) at the address stated in the application form, or at the address as notified by the Bondholder(s) in due course or may, at the sole discretion of the Bank, but

without any obligation, be published in one English and one regional language daily newspaper. All notices to the Bank by the Bondholder(s) must be sent by registered post or by hand delivery to the Bank at its Registered Office or to such person(s) at such address as may be notified by the Bank from time to time.

Register of Bondholders

The register of Bondholders containing necessary particulars will be maintained by the Bank/Registrar to the Issue at their Regd.Office/ Head Office.

Registrars :

Karvy Computershare Pvt. Ltd. (KCPL) has been appointed as Registrars to the Issue. The Registrar will monitor the applications while the private placement is open and will coordinate the post-private placement activities of allotment, despatching interest warrants etc. Any query/complaint regarding application/ allotment/ transfer should be forwarded to ISIL at their address given below. All requests for registration of transfer along with appropriate documents should also be sent to the registrars.

**Karvy Computershare Pvt. Ltd.
Plot No.17-24, Vittal Rao Nagar,
Madhapur, Hyderabad – 500081
Tel: 040-23420818, Fax: 040-23420814
Email: einward.ris@karvy.com**

Investor Relations and Grievance Redressal

Arrangements have been made to redress investor grievances expeditiously. All grievances related to the Issue, quoting the DP ID/ Client ID, number of Bonds and amount invested, may be addressed to the Registrars at the address given above.

Undertakings from the Issuer

The Bank hereby undertakes that :

- (a) The complaints in respect of the issue would be attended to expeditiously and satisfactorily.
- (b) The Bank would take necessary steps for listing the instruments on time.
- (c) The Bank shall co-operate with the rating agencies in providing true and adequate information

How to apply

This being a private placement Issue, the eligible investors who have been addressed through this communication directly, only are eligible to apply. Applications for the Bonds must be in the prescribed form and completed in BLOCK LETTERS in English and as per the instructions contained therein.

Applications complete in all respects must be submitted before the last date indicated in the issue time table or such extended time as decided by the Bank, at any of the designated collection centres, accompanied by the application money by way of cheque(s)/ demand draft(s) drawn on any bank including a co-operative bank which is situated at and is a member of the Bankers clearing house located at a place where the application form is submitted. The original Applications Forms (along with all necessary documents as detailed in this Disclosure Document), pay-in slip and other necessary documents should be sent to the Head Office of the Bank on the same day.

The remittance of application money should be made by electronic transfer of funds through RTGS mechanism for credits as per details given hereunder:

Name of the Banker	IDBI Bank Limited
Account Name	DRD – IDBI Bank Ltd.
Account Number	79637000010140 R 41 (Customer RTGS), R 42 (Interbank RTGS)
IFSC Code	IBKL0000796
Address	IDBI Bank Ltd., IDBI Tower, Cuffe Parade, Mumbai – 400005
Narration	Application Money for AT1 Bond Issue

Cheque(s), demand draft(s), money orders, postal orders will not be accepted. The Bank assumes no responsibility for any applications lost in mail. The entire amount of ₹10 lakhs per Bond is payable on application.

Applications should be for the number of Bonds applied by the Applicant. Applications not completed in the said manner are liable to be rejected. The name of the applicants bank, type of account and account number must be filled in the Application Form. This is required for the applicants own safety and these details will be printed on the refund orders and interest/redemption warrants.

The applicant should mention his/her Permanent Account Number (PAN) allotted under the Income-Tax Act, 1971 or where the same has not been allotted, the GIR No. and the Income tax Circle/Ward/District. As per the provision of Section 139A (5A) of the Income Tax Act, PAN/GIR No. needs to be mentioned on the TDS certificates. Hence, the applicant should mention his PAN/GIR No. In case neither the PAN nor the GIR Number has been allotted, the applicant shall mention “Applied for” and in case the applicant is not assessed to income tax, the applicant shall mention “Not Applicable” (stating reasons for non applicability) in the appropriate box provided for the purpose. Application Forms without this information will be considered incomplete and are liable to be rejected.

All applicants are requested to tick the relevant column “Category of Investor” in the Application Form. Public/ Private/ Religious/ Charitable Trusts, Provident Funds and Other Superannuation Trusts and other investors requiring “approved security” status for making investments.

For further instructions about how to make an application for applying for the Bonds and procedure for remittance of application money, please refer to the Summary Term Sheet and the Application Form.

viii. Time schedule for which the offer letter is valid :

The time schedule for the offer is as follows :

Issue opening date : September 29, 2014

Issue closing date : October 17, 2014

ix. Purposes and objects of the offer:

The proposed issue of Bonds is being made for augmenting Additional Tier 1 capital and overall capital of the Bank for strengthening its capital adequacy and for enhancing its long-term resources.

x. Contribution being made by the promoters or directors either as part of the offer or separately in furtherance of such objects:

No contribution has been made by the director as part of the offer or separately in furtherance of such objects

xi. Principle terms of assets charged as security:

Not applicable as the Bonds issued are unsecured.

xii. Appointment of Bond Trustee.

The Bank has appointed a Trustee to protect the interest of all the investors. On happening of the Event of Default, the Bondholders may proceed against the Bank in the manner as may be stipulated under the Trustee Agreement to be entered into for the Issue between the Trustee and the Bank. The Bondholders would be restricted under the Trustee Agreement from initiating proceedings against the Issuer, acting singly, and would need to act through the Trustee in relation thereto. The Trustee may refuse to take any action upon the instructions of the Bondholders under the Trustee Agreement unless suitably indemnified.

xiii. Events of Default

As specified in the Bond trust deed.

xiv. Material Contracts & Agreements Involving Financial Obligations of the Issuer :

By very nature of its business, the Bank is involved in a large number of transactions involving financial obligations and therefore it may not be possible to furnish details of all material contracts and agreements involving financial obligations of the Bank. However, the contracts referred to in Para A below (not being contracts entered into in the ordinary course of the business carried on by the Bank) which are or may be deemed to be material have been entered into by the Bank. Copies of these contracts together with the copies of documents referred to in Para B may be inspected at the Head Office of the Bank during business hours on any working day until the issue closing date.

A. MATERIAL CONTRACTS

- a. Letter appointing Registrar and Agreement entered into between the Bank and the Registrar.
- b. Letter appointing Trustee to the Bondholders.

B. DOCUMENTS

- a. Board Resolution dated April 30, 2014, authorizing issue of Bonds offered under terms of this Disclosure Document.
- b. Resolution under section 180(1)(c) of the Companies Act 2013 regarding borrowing powers passed at the Extra Ordinary General Meeting (EGM) of the shareholders of IDBI Ltd. held on June 30, 2014.

- c. Letter of consent from the Trustee for acting as trustees for and on behalf of the holder(s) of the Bonds.
- d. Letter of consent from the Registrar for acting as Registrar to the Issue.
- e. Application made to the NSE and BSE for grant of in-principle approval for listing of Bonds.
- f. Letter from Rating Agencies conveying the credit rating for the bonds.
- g. Tripartite Agreement between the Bank, NSDL and Registrar.
- h. Tripartite Agreement between the Bank, CDSL and Registrar.

xv. Cash Flows for each bond of ₹10 lacs each with Coupon rate of 10.75% p.a. payable annually :

1 st Coupon	17-10-2015	Saturday	365	1,07,500.00
2 nd Coupon	17-10-2016	Monday	366	1,07,500.00
3 rd Coupon	17-10-2017	Tuesday	365	1,07,500.00
4 th Coupon	17-10-2018	Wednesday	365	1,07,500.00
5 th Coupon	17-10-2019	Thursday	365	1,07,500.00
6 th Coupon	17-10-2020	Saturday	366	1,07,500.00
7 th Coupon *	18-10-2021	Monday	366	1,07,795.00
8 th Coupon	17-10-2022	Monday	364	1,07,205.00
9 th Coupon	17-10-2023	Tuesday	365	1,07,500.00
10 th Coupon	17-10-2024	Thursday	366	1,07,500.00

*Coupon payment falling due on Sunday to be paid on following working day.

Note : Any other holiday except Sunday has not been considered. Further, the bonds are perpetual in nature and do not carry redemption date. Coupon upto 10 years has been mentioned for illustrative purpose only. The coupon payment is subject to loss absorption and coupon limitation provisions as provided in the Term Sheet.

xv. **Summary Term Sheet for the issue of Bonds (as defined below) in pursuance of Master Circular - Basel III Capital Regulations, RBI/2014-15/103 DBOD.No.BP.BC.6/21.06.201/2014-15 dated July 1, 2014 read with RBI circular: Implementation of Basel III Capital Regulations in India – Amendments, RBI/2014-15/201 DBOD.No.BP.BC.38/21.06.201/2014-15 dated September 1, 2014, and as amended from time to time (“Basel III Guidelines”).**

1.	Security Name	IDBI Omni Additional Tier 1 Bond 2014-15 Series II
2.	Issuer	IDBI Bank Limited
3.	Issue Size and Option to retain over-subscription	Rs.1,500 Crores with an option to retain over subscription up to Rs.1,000 Crores.
4.	Objects of the Issue / Details of the utilization of the proceeds	Augmenting Additional Tier1 Capital (as the term is defined in the Basel III Guidelines) and over all capital of the Issuer for strengthening its capital adequacy and for enhancing its long-term resources.
5.	Type of Instrument	Unsecured, subordinated, non-convertible, perpetual bonds which will qualify as Additional Tier 1 Capital (as the term is defined in the Basel III Guidelines) (the “ Bonds ”).
6.	Nature of Instrument	The Bonds are neither secured nor covered by a guarantee of the Issuer nor related entity or other arrangement that legally or economically enhances the seniority of the claim of the holders of the Bonds (the “ Bondholders ”) vis-à-vis other creditors of the Issuer.
7.	Seniority	The claims in respect of the Bonds, subject to Condition 8 (<i>Temporary principal write-down</i>), will rank: (i) superior to the claims of investors in equity shares and perpetual non-cumulative preference shares of the Issuer; (ii) subordinate to the claims of all depositors and general creditors and subordinated debt of the Issuer other than subordinated debt qualifying as Additional Tier1 Capital (as the term is defined in the Basel

		<p>III Guidelines) of the Issuer; (iii) <i>pari passu</i> without preference amongst themselves and other debt instruments classifying as Additional Tier 1 Capital in terms of Basel III Guidelines; and (iv) to the extent permitted by the Basel III Guidelines, <i>pari passu</i> with any subordinated obligation eligible for inclusion in hybrid Tier 1 capital under the then prevailing Basel II guidelines.</p> <p><i>As a consequence of these subordination provisions, if a winding up proceeding should occur, the Bondholders may recover less rateably than the holders of deposit liabilities or the holders of other unsubordinated liabilities of the Issuer.</i></p> <p><i>Bondholders will not be entitled to receive notice of, or attend or vote at, any meeting of shareholders of the Issuer or participate in the management of the Issuer.</i></p>
8.	Temporary principal write-down	<p>Where a temporary write-down of the Bonds pursuant to Condition 41(ii) (<i>Temporary principal write-down on CET1 Trigger Event</i>) has occurred, the claim of Bondholders for any amount which has been written-down (and not yet reinstated) in any winding up proceedings of the Issuer will rank <i>pari passu</i> with the rights and claims of the Issuer's ordinary shareholders.</p> <p><i>For the avoidance of doubt: (i) if the Issuer goes into liquidation before any write-down under Condition 41 (Loss Absorption) the Bonds will absorb losses in accordance with Condition 7 (Seniority); (ii) if the Issuer goes into liquidation when the Bonds have been written-down temporarily in accordance with Condition 41(ii) (Temporary principal write-down on CET1 Trigger Event) but yet to be written-up, the holders of such Bonds will have a claim on the proceeds of liquidation <i>pari passu</i> with equity holders in proportion to the amount written-down in accordance with this Condition 8 (Temporary principal write-down); and (iii) if the Issuer goes into</i></p>

		<i>liquidation after any permanent Write-Down of Capital Securities pursuant to Condition 41(i) (Permanent principal write-down on PONV Trigger Event), the holders of the Bonds will have no claim on the proceeds of liquidation in relation to the amount written down.</i>
9.	Listing (including name of stock Exchange(s) where it will be listed)	Proposed on the Wholesale Debt Market (WDM) Segment of NSE / BSE.
10.	Tenor	Perpetual
11.	Convertibility	Non-convertible
12.	Face Value	Rs.10,00,000/- (Rupees Ten Lakh) per Bond.
13.	Credit Rating	(i) 'CRISIL AA-/Stable' from CRISIL; and (ii) 'IND AA-' from India Ratings.
14.	Mode of Issue	Private placement.
15.	Security	Unsecured.
16.	Coupon Rate	10.75% p.a.
17.	Coupon Reset	Not Applicable.
18.	Coupon Type	Fixed.
19.	Coupon Payment Frequency	Subject to Conditions 24 (<i>Coupon Limitation</i>) and Condition 41 (<i>Loss Absorption</i>), coupon will be payable annually in arrear.
20.	Coupon Payment Dates	On the anniversary of the Deemed Date of Allotment.
21.	Interest on application money	Interest at the Coupon Rate (subject to deduction of Income-tax under the provisions of the Income-tax Act 1961, or any statutory modification or re-enactment as applicable) will be paid to all the applicants on the application money for the Bonds. Such interest shall be paid from the date of realization of cheque (s)/demand draft (s) and in case of RTGS/other means of electronic transfer interest shall be paid from the date of receipt of funds to one day prior to the Deemed Date of Allotment.

		<p>The Interest on application money will be computed as per Actual/Actual Day count convention. Such interest would be paid on all the valid applications including the refunds. For the application amount that has been refunded, the Interest on application money will be paid along with the refund orders and for the application amount against which Bonds have been allotted, the Interest on application money will be paid within ten working days from the Deemed Date of Allotment. Where an applicant is allotted lesser number of Bonds than applied for, the excess amount paid on application will be refunded to the applicant along with the interest on refunded money. Income Tax at Source (TDS) will be deducted at the applicable rate on Interest on application money.</p>
22.	Record Date	<p>Reference date for payment of coupon or of principal which shall be the date falling 15 days prior to the relevant Coupon Payment Date, Issuer Call Date, Tax Call Date or Regulatory Call Date (each as defined later) on which interest is due and payable. In the event the Record Date falls on a day which is not a business day, the next business day will be considered as the Record Date.</p>
23.	Computation of Interest	Actual/ Actual
24.	Coupon Limitation	<p>(i) The Issuer may elect at its full discretion to cancel (in whole or in part) coupon scheduled to be paid on Coupon Payment Date.</p> <p>(ii) Further, the coupon will be paid out of distributable items. In this context, coupon may be paid out of current year's profits. However, if current year profits are not sufficient, i.e. payment of coupon is likely to result in losses during the current year, the balance amount of coupon may be paid out of revenue reserves (i.e. revenue reserves which are not created for specific purposes by the Issuer) and/or credit balance in profit and loss account, if any.</p> <p>(iii) However, payment of coupon from the revenue reserves is subject to the Issuer meeting minimum regulatory requirements for CET 1,</p>

		<p>Tier 1 and Total Capital ratios (each as defined and calculated in accordance with the Basel III Guidelines) at all relevant times and subject to the requirements of capital buffer frameworks (i.e. capital conservation buffer, countercyclical capital buffer and Domestic Systemically Important Banks) set out in Basel III Guidelines;</p> <p>(iv) Coupon on the Bonds will be non-cumulative. If coupon is not paid or paid at a rate lesser than the Coupon Rate, the unpaid coupon will not be paid in future years. Non-payment of coupon will not constitute an Event of Default in respect of the Bonds;</p> <p>(v) In the event that the Issuer determines that it shall not make a payment of coupon on the Bonds, the Issuer shall notify the Trustee not less than 21 calendar days prior to the relevant Coupon Payment Date of that fact and of the amount that shall not be paid.</p>
25	Dividend Stopper	There is no dividend stopper in relation to the Bonds
26.	Put Option	Not Applicable
27	Call Option	
(i)	Issuer Call	<p>The Issuer may at its sole discretion, subject to Condition 29 (<i>Conditions for call and repurchase</i>) having been satisfied and having notified the Trustee not less than 21 calendar days prior to the date of exercise of such Issuer Call (which notice shall specify the date fixed for exercise of the Issuer Call (the “Issuer Call Date”), may exercise a call on the outstanding Bonds.</p> <p>The Issuer Call, which is discretionary, may or may not be exercised on the tenth anniversary from the Deemed Date of Allotment i.e. the tenth Coupon Payment Date or on any Coupon Payment Date thereafter.</p>
(ii)	Tax Call or Variation	If a Tax Event (as described below) has occurred and continuing, then the Issuer may, subject to Condition 29 (<i>Conditions for call and repurchase</i>) having been satisfied and having notified the Trustee not less than 21 calendar days prior to the

		<p>date of exercise of such Tax Call or Variation (which notice shall specify the date fixed for exercise of the Tax Call or Variation “Tax Call Date”), may exercise a call on the Bonds or substitute the Bonds or vary the terms of the Bonds so that the Bonds have better classification.</p> <p>A Tax Event has occurred if, as a result of any change in, or amendment to, the laws affecting taxation (or regulations or rulings promulgated thereunder) of India or any change in the official application of such laws, regulations or rulings the Issuer will no longer be entitled to claim a deduction in respect of computing its taxation liabilities with respect to coupon on the Bonds.</p> <p>RBI will permit the Issuer to exercise the Tax Call only if the RBI is convinced that the Issuer was not in a position to anticipate the Tax Event at the time of issuance of the Bonds.</p>
(iii)	Regulatory Call or Variation	<p>If a Regulatory Event (as described below) has occurred and continuing, then the Issuer may, subject to Condition 29 (<i>Conditions for call and repurchase</i>) having been satisfied and having notified the Trustee not less than 21 calendar days prior to the date of exercise of such Regulatory Call or Variation (which notice shall specify the date fixed for exercise of the Regulatory Call or Variation (the “Regulatory Call Date”), may exercise a call on the Bonds or substitute the Bonds or vary the terms of the Bonds so that the Bonds have better classification.</p> <p>A Regulatory Event is deemed to have occurred if there is a downgrade of the Bonds in regulatory classification i.e. Bonds is excluded from the consolidated Tier I Capital of the Issuer.</p> <p>RBI will permit the Issuer to exercise the Regulatory Call only if the RBI is convinced that the Issuer was not in a position to anticipate the Regulatory Event at the time of issuance of the Bonds.</p>
(iv)	Call Notification Time	12 calendar days prior to the date of exercise of Call
28.	Repurchase/ redemption/	The Issuer may at any time, subject to Condition

	buy-back	29 (Conditions for call and repurchase), having been satisfied and such repayment being otherwise permitted by the then prevailing Basel III Guidelines repay the Bonds by way of repurchase, buy-back or redemption. Such Bonds may be held, reissued, resold, extinguished or surrendered, at the option of the Issuer.
29.	Conditions for call and repurchase	The Issuer shall not exercise a call option or redeem, buy-back, repurchase, substitute or vary any of the Bonds unless: (i) in the case of exercise of call option or repurchase, buy-back or redemption, either (i) the Bonds are replaced with the same or better quality capital (in the opinion of the RBI), at conditions sustainable for the income capacity of the Issuer; or (ii) the Issuer has demonstrated to the satisfaction of the RBI that its capital position is well above (in the opinion of the RBI) the minimum capital requirements (after such call option is exercised or after the redemption, repurchase or buy-back, as the case may be); (ii) the prior written approval of the RBI shall have been obtained; (iii) the Issuer has not created any expectation that such call or variation or repurchase shall be exercised; and (iv) any other pre-conditions specified in the Basel III Guidelines at such time have been satisfied.
30.	Depository	(i) National Securities Depository Limited (the “ NSDL ”); and (ii) Central Depository Services (India) Limited (the “ CDSL ”).
31.	Events of Default	As specified in the Bond trust deed.
32.	Cross Default	Not Applicable
33.	Proposed Listing	(i) National Stock Exchange of India Limited (the “ NSE ”); and (ii) BSE Limited (the “ BSE ”)
34.	Issuance	Only in dematerialized form
35.	Trading	Only in dematerialized form

36.	Issue Schedule : 1. Issue Opening Date 2. Issue Closing Date	September 29, 2014 October 17, 2014
37.	Pay-In-Date	Between September 29 to October 17, 2014
38.	Deemed Date of Allotment	October 17, 2014
39.	Minimum Application and in multiples of Debt securities thereafter	5 Bonds and in multiples of 1 Bond thereafter
40.	Settlement	Payment of interest and repayment of principal shall be made by way of credit through direct credit/ NECS/ RTGS/ NEFT mechanism.
41.	Loss Absorption.	
(i)	Permanent principal write-down on PONV Trigger Event	<p>If a PONV Trigger Event (as described below) occurs, the Issuer shall:</p> <ul style="list-style-type: none"> (i) notify the Trustee; (ii) cancel any coupon which is accrued and unpaid on the Bonds as on the write-down date; and (iii) without the need for the consent of Bondholders or the Trustee, write down the outstanding principal of the Bonds by such amount as may be prescribed by RBI (“PONV Write Down Amount”) and subject as is otherwise required by the RBI at the relevant time. The Issuer will affect a write-down within thirty days of the PONV Write-Down Amount being determined and agreed with the RBI. <p>A write-down may occur on more than one occasion.</p> <p>Once the principal of the Bonds have been written down pursuant to PONV Trigger Event, the PONV Write-Down Amount will not be restored in any circumstances, including where the PONV Trigger Event has ceased to continue.</p> <p>If the Issuer is amalgamated with any other bank pursuant to Section 44 A of the Banking Regulation Act, 1949 (the BR Act) before the Bonds have been written down, the Bonds will become part of the Additional Tier 1 capital of the new bank emerging after the merger. If the Issuer</p>

		<p>is amalgamated with any other bank after the Bonds have been written down pursuant to a PONV Trigger Event, these cannot be reinstated by the amalgamated bank. If the RBI or other relevant authority decides to reconstitute the Issuer or amalgamate the Issuer with any other bank, pursuant to Section 45 of the BR Act, the Issuer will be deemed as non-viable or approaching non-viability and the PONV Trigger Event will be activated. Accordingly, the Bonds will be permanently written-down in full prior to any reconstitution or amalgamation.</p> <p>PONV Trigger Event, in respect of the Issuer or its group, means the earlier of:</p> <ul style="list-style-type: none">(i) a decision that a conversion or principal write-down, without which the Issuer or its group (as the case may be) would become non-viable, is necessary, as determined by the RBI; and(ii) the decision to make a public sector injection of capital, or equivalent support, without which the Issuer or its group (as the case may be) would have become non-viable, as determined by the RBI; <p>However, any capital infusion by Government of India into the Issuer as the promoter of the Issuer in the normal course of business may not be construed as a PONV trigger.</p> <p><i>A write-down due to a PONV Trigger Event shall occur prior to any public sector injection of capital so that the capital provided by the public sector is not diluted.</i></p> <p><i>The Basel III Guidelines state that, for this purpose, a non-viable bank will be a bank which, owing to its financial and other difficulties, may no longer remain a going concern on its own in the opinion of the RBI unless appropriate measures are taken to revive its operations and thus, enable it to continue as a going concern. The difficulties faced by a bank should be such that these are likely to result in financial losses and raising the Common Equity Tier I Capital of the bank should be considered as the most appropriate way to prevent the bank from turning non-viable. Such measures would include a permanent write-off in combination with or without other measures as considered appropriate by the RBI.</i></p>
--	--	---

		<p><i>A bank facing financial difficulties and approaching a point of non-viability shall be deemed to achieve viability if within a reasonable time in the opinion of the RBI, it will be able to come out of the present difficulties if appropriate measures are taken to revive it. The measures including a permanent write-off or public sector injection of funds are likely to:</i></p> <p><i>a. restore confidence of the depositors/ investors;</i></p> <p><i>b. improve rating/ creditworthiness of the bank and thereby improving its borrowing capacity and liquidity and reduce cost of funds; and</i></p> <p><i>c. augment the resource base to fund balance sheet growth in the case of fresh injection of funds.</i></p>
(ii)	Temporary principal write-down on CET1 Trigger Event	
(a)	Temporary write down	<p>If a CET1 Trigger Event (as described below) occurs, the Issuer shall:</p> <p>(i) notify the Trustee;</p> <p>(ii) cancel any coupon which is accrued and unpaid to as on the write-down date; and</p> <p>(iii) without the need for the consent of Bondholders or the Trustee, write down the outstanding principal of the Bonds by such amount as the Issuer may in its absolute discretion decide and in no case such amount shall be less than the amount required to immediately return the Issuer’s Common Equity Tier 1 Ratio (as defined below) to above the CET1 Trigger Event Threshold (as defined below) (the “CET1 Write Down Amount”).</p> <p>Notwithstanding the above, if the RBI has agreed with the Issuer prior to the occurrence of the relevant CET1 Trigger Event that a write-down shall not occur because it is satisfied that actions, circumstances or events have had, or imminently will have, the effect of restoring the Common Equity Tier 1 Ratio to a level above the CET1 Trigger Event Threshold that the RBI and the Issuer deem, in their absolute discretion, to be adequate at such time, no CET1 Trigger Event in relation thereto shall be deemed to have occurred.</p> <p>A Write-Down may occur on more than one</p>

		<p>occasion and (if applicable) the Bonds may be written down following one or more Reinstatements pursuant to Condition 41(ii)(b) (<i>Reinstatement</i>). Once the principal of a Bond has been written down pursuant to this Condition 41(ii)(a) (<i>Temporary write down</i>), it may only be restored in accordance with Condition 41(ii)(b) (<i>Reinstatement</i>).</p> <p>If the Issuer is amalgamated with any other bank pursuant to Section 44 A the BR Act before the Bonds have been written down, the Bonds will become part of the Additional Tier 1 capital of the new bank emerging after the merger. If the Issuer is amalgamated with any other bank after the Bonds have been written down pursuant to a CET1 Trigger Event, the amalgamated bank can reinstate these instruments according to its discretion. Further, if the Issuer is amalgamated or acquired by another bank after being written down pursuant to a CET1 Trigger Event and the holders of equity shares get positive compensation on such amalgamation or acquisition, the holders of Bonds which have been written down pursuant to a CET1 Trigger Event will have to be appropriately compensated.</p> <p>CET1 Trigger Event means that the Issuer’s or its group’s Common Equity Tier 1 Ratio is:</p> <ul style="list-style-type: none"> (i) if calculated at any time prior to March 31, 2019, at or below 5.5%; or (ii) if calculated at any time from and including March 31, 2019, at or below 6.125%, <p>(the “CET1 Trigger Event Threshold”);</p> <p>Common Equity Tier 1 Ratio means the Common Equity Tier 1 Capital (as defined and calculated in accordance with the Basel III Guidelines) of the Issuer or its group (as the case may be) expressed as a percentage of the total risk weighted assets (as defined and calculated in accordance with the Basel III Guidelines) of the Issuer or its group (as applicable);</p> <p><i>The purpose of a write-down on occurrence of the CET1 Trigger Event shall be to shore up the capital level of the Issuer. If the Issuer or its group breaches the CET1 Trigger Event Threshold</i></p>
--	--	---

		<p><i>and equity is replenished through write-down of the Bonds, such replenished amount of equity will be excluded from the total equity of the Issuer for the purpose of determining the proportion of earnings to be paid out as dividend in terms of rules laid down for maintaining the capital conservation buffer (as described in the Basel III Guidelines). However, once the Issuer or its group (as the case may be) has attained a total Common Equity Tier 1 Ratio of 8% without counting the replenished equity capital, from that point onwards, the Issuer may include the replenished equity capital for all purposes.</i></p>
(b)	Re-instatement	<p>Following a write-down pursuant to Condition 41(ii)(a) (<i>Temporary write down</i>), the outstanding principal amount of the Bonds may be increased up to a maximum of aggregate of the CET1 Write Down Amounts (a “Reinstatement”). Bonds may be subject to more than one Reinstatement.</p> <p>Subject to any further or alternative conditions specified in the Basel III Guidelines from time to time, any Reinstatement is subject to the following conditions:</p> <p>(i) a Reinstatement may only occur on or after the first anniversary of the date on which the Issuer first paid dividends to ordinary shareholders following the most recent occurrence of a CET1 Trigger Event;</p> <p>(ii) the aggregate amount of any Reinstatements on all Tier 1 loss absorbing instruments in any 12-month period must not exceed the lower of:</p> <p>A. the Relevant Percentage of the Annual Dividend; and</p> <p>B. 25% of the Annual Dividend,</p> <p>where: (I) “Annual Dividend” means the total dividend declared in respect of the Issuer’s ordinary share capital during that 12-month period; and (II) “Relevant Percentage” means the ratio of (i) the Common Equity Tier 1 Capital (as defined and calculated in accordance with the Basel III Guidelines) of the Issuer created by all write-downs on outstanding Tier 1 loss absorbing instruments (“Write-Down Generated CET1”) to (ii) total Common Equity Tier 1 Capital (as defined and calculated in accordance with the Basel III Guidelines) of the Issuer minus Write-Down Generated CET1; and</p>

		<p>(iii) the aggregate amount of any Reinstatements on all Tier 1 loss absorbing instruments, plus the aggregate amount of any coupon amounts paid on any Tier 1 loss absorbing instruments, in any 12-month period cannot exceed the maximum amount that the Issuer can distribute pursuant to capital conservation buffer restrictions contained in the Basel III Guidelines.</p> <p>The Issuer must give notice of any Reinstatement to the Trustee at least 21 Business Days prior to such Reinstatement.</p>
42.	Order of claim of AT 1 instruments at the event of Gone concern situation	<p>The order of claim of various types of Regulatory capital instruments issued by the Bank and that may be issued in future shall be as under:</p> <p>Additional Tier I debt instruments will be superior to the claims of investors in equity shares and perpetual non-cumulative preference shares and subordinate to the claims of all depositors and general creditors & subordinated debt of the bank. However, write down / claim of AT 1 debt instruments will be on pari-passu basis amongst themselves irrespective of the date of issue.</p> <p>Perpetual non-cumulative preference shares will be superior to the claims of Equity Shares</p>
43.	Transaction Documents	<p>The Issuer has executed/ shall execute the documents including but not limited to the following in connection with the issue:</p> <ul style="list-style-type: none"> (i) Letter appointing Trustees to the Bond Holders. (ii) Bond trustee agreement; (iii) Bond trust deed (iv) Rating agreement with Rating agency; (v) Tripartite agreement between the Issuer, Registrar and NSDL for issue of Bonds in dematerialized form; (vi) Tripartite agreement between the Issuer, Registrar and CDSL for issue of Bonds in dematerialized form; (vii) Letter appointing Registrar and agreement entered into between the Issuer and the Registrar. (viii) Listing Agreement with NSE & BSE.
44.	Conditions precedent to subscription of Bonds	<p>The subscription from investors shall be accepted for allocation and allotment by the Issuer subject to the following:</p>

		<p>(i) Rating letter(s) from the aforesaid rating agencies not being more than one month old from the issue opening date;</p> <p>(ii) Letter from the Trustees conveying their consent to act as Trustees for the Bondholder(s);</p> <p>(iii) Letter to NSE & BSE for seeking its In-principle approval for listing and trading of Bonds.</p>
45.	Conditions subsequent to subscription of Bonds	<p>The Issuer shall ensure that the following documents are executed/ activities are completed as per time frame mentioned elsewhere in this Disclosure Document:</p> <p>(i) Credit of demat account(s) of the allottee(s) by number of Bonds allotted within 2 working days from the Deemed Date of Allotment</p> <p>(ii) Making listing application to NSE/BSE within 10 days from the Deemed Date of Allotment of Bonds and seeking listing permission within 20 days from the Deemed Date of Allotment of Bonds in pursuance of SEBI Debt Regulations;</p> <p>(In the event of a delay in listing of the Bonds beyond 20 days of the Deemed Date of Allotment, the Issuer will pay to the investor penal interest of 1% per annum over the Coupon Rate commencing on the expiry of 30 days from the Deemed Date of Allotment until the listing of the Bonds.)</p> <p>Besides, the Issuer shall perform all activities, whether mandatory or otherwise, as mentioned elsewhere in this Disclosure Document.</p>
46.	Business Day Convention	<p>Should any of the dates, other than the Coupon Payment Date including the Deemed Date of Allotment, Issuer Call Date, Tax Call Date or Regulatory Call Date as defined in this Information Memorandum, fall on day which is not a business day, the immediately preceding business day shall be considered as the effective date. Should the Coupon Payment Date, as defined in this Disclosure Document, fall on day which is not a business day, the immediately next business day shall be considered as the effective date.</p>
47.	Re-capitalization	<p>Nothing contained in this term-sheet or in any transaction documents shall hinder re-capitalization by the Issuer</p>

I. OTHER GENERAL TERMS

Dear Mr. Venkatesh,

Re: CRISIL Rating for the Rs.25.0 Billion Tier I Bond Issue (under Basel III) of IDBI Bank Ltd.

We refer to your request for a rating for the captioned Debt instrument.

CRISIL has, after due consideration, assigned a “**CRISIL AA-/Stable**” (pronounced “CRISIL double A minus rating with Stable outlook”) rating to the captioned Debt instrument. Instruments with this rating are considered to have **high** degree of safety regarding timely servicing of financial obligations. Such instruments carry very low credit risk.

As per our Rating Agreement, CRISIL would disseminate the rating along with outlook through its publications and other media, and keep the rating along with outlook under surveillance for the life of the instrument. CRISIL reserves the right to suspend, withdraw, or revise the rating / outlook assigned to the captioned instrument at any time, on the basis of new information, or unavailability of information, or other circumstances which CRISIL believes may have an impact on the rating.

Further, in view of your decision to accept the CRISIL Rating, we request you to apprise us of the instrument details (in the enclosed format) as soon as it has been placed. In the event of your company not making the issue within a period of 180 days from the above date, or in the event of any change in the size or structure of your proposed issue, a fresh letter of revalidation from CRISIL will be necessary.

As per the latest SEBI circular¹ on centralized database for corporate bonds/debentures, you are required to provide international securities identification number (ISIN; along with the reference number and the date of the rating letter) of all bond/debenture issuances made against this rating letter to us. The circular also requires you to share this information with us within 2 days after the allotment of the ISIN. We request you to mail us all the necessary and relevant information at debtissue@crisil.com. This will enable CRISIL to verify and confirm to the depositories, including NSDL and CDSL, the ISIN details of debt rated by us, as required by SEBI. Feel free to contact us for any clarifications you may have at debtissue@crisil.com

Should you require any clarifications, please feel free to get in touch with us.

With warm regards,

Yours sincerely,

Sridhar C
Director – Ratings

Manish Saraf
Associate Director – Financial Sector Ratings

Annexure – I

Key features of the Rs.25.0 billion Tier I Bond Issue (under BASEL III) of IDBI Bank

- Non-Convertible Perpetual Unsecured Basel III compliant Tier I Bonds
- Coupon payments are on an annual basis and are non-cumulative
- The bank has full discretion at all times to cancel coupon payments
- Coupon is to be paid out of current year profits. However, if current year profits are not sufficient i.e. payment of coupon is likely to result in losses during the current year, the coupon payment can be made out of revenue reserves (subject to the bank meeting minimum regulatory requirements for CET1, Tier 1 and Total Capital ratios at all times as prescribed by RBI and subject to the requirements of capital buffer frameworks) and /or credit balance in profit and loss account.
- Loss Absorption Features⁷ as per RBI's BASEL III norms applicable
 - Instrument will be temporarily written-down upon CET 1 breaching the pre-specified trigger of 5.5% before March 31, 2019 and 6.125% on and after March 31, 2019
 - Instrument may be permanently written-off at the option of RBI on occurrence of trigger event called Point of Non Viability (PONV) trigger
 - PONV trigger shall be determined by RBI

A CRISIL rating reflects CRISIL's current opinion on the likelihood of timely payment of the obligations under the rated instrument, and does not constitute an audit of the rated entity by CRISIL. CRISIL ratings are based on information provided by the issuer or obtained by CRISIL from sources it considers reliable. CRISIL does not guarantee the completeness or accuracy of the information on which the rating is based. A CRISIL rating is not a recommendation to buy / sell or hold the rated instrument; it does not comment on the market price or suitability for a particular investor.

ANNEXURE I

Ind-Ra/IDBI/AT1/Sep 2014

IDBI Bank Ltd.
IDBI Tower, WTC Complex,
Cuffe Parade
Mumbai – 400005

September 23, 2014

Kind Attention: Mr. N. S. Venkatesh, Executive Director, IDBI Bank

Dear Sir,

Re: Rating of IDBI Bank's INR25bn Omni Additional Tier 1 Bond 2014-15 Series II

India Ratings has assigned 'IND AA-' to IDBI Bank's upto INR25bn Omni Additional Tier 1 Bond 2014-15 Series II as per the terms finalized by the bank (Annexure-1).

India Ratings also communicates the following ratings:

- Long Term Issuer Rating: affirmed at 'IND AA+'; Outlook Stable
- Short-Term Issuer Rating: affirmed at 'IND A1+'
- Long-term deposit rating: affirmed at 'IND tAAA';
- INR38.4bn senior debt: affirmed at 'IND AA+'
- INR37.7bn lower Tier II: affirmed at 'IND AA+'
- INR3.5bn upper Tier II subordinated bond programme: affirmed at 'IND AA-'
- INR160bn certificates of deposit programme: affirmed at 'IND A1+'
- INR 10bn Omni Infrastructure Bonds 2014-15 Series I: affirmed at 'IND AA+'

In issuing and maintaining its ratings, India Ratings relies on factual information it receives from issuers and underwriters and from other sources India Ratings believes to be credible. India Ratings conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction.

The manner of India Ratings' factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors.

Users of India Ratings' ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can

be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

India Ratings seeks to continuously improve its ratings criteria and methodologies, and periodically updates the descriptions on its website of its criteria and methodologies for securities of a given type. The criteria and methodology used to determine a rating action are those in effect at the time the rating action is taken, which for public ratings is the date of the related rating action commentary. Each rating action commentary provides information about the criteria and methodology used to arrive at the stated rating, which may differ from the general criteria and methodology for the applicable security type posted on the website at a given time. For this reason, you should always consult the applicable rating action commentary for the most accurate information on the basis of any given public rating.

Ratings are based on established criteria and methodologies that India Ratings is continuously evaluating and updating. Therefore, ratings are the collective work product of India Ratings and no individual, or group of individuals, is solely responsible for a rating. All India Ratings reports have shared authorship. Individuals identified in an India Ratings report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only.

Ratings are not a recommendation or suggestion, directly or indirectly, to you or any other person, to buy, sell, make or hold any investment, loan or security or to undertake any investment strategy with respect to any investment, loan or security or any issuer. Ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security. India Ratings is not your advisor, nor is India Ratings providing to you or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A rating should not be viewed as a replacement for such advice or services. Investors may find India Ratings' ratings to be important information, and India Ratings notes that you are responsible for communicating the contents of this letter, and any changes with respect to the rating to investors.

It is important that you promptly provide us with all information that may be material to the ratings so that our ratings continue to be appropriate. Ratings may be raised, lowered, withdrawn, or placed on Rating Watch due to changes in, additions to, accuracy of or the inadequacy of information or for any other reason India Ratings deems sufficient.

Nothing in this letter is intended to or should be construed as creating a fiduciary relationship between India Ratings and you or between India Ratings and any user of the ratings.

In this letter, "**India Ratings**" means India Ratings & Research Pvt. Ltd. and any successor in interest.

We are pleased to have had the opportunity, to be of service to you. If we can be of further assistance, please contact us at +91 22 4000 1700.

Sincerely,
India Ratings

Ananda Bhoulmik
Senior Director

Annexure -1: Terms of IDBI Bank's Omni Additional Tier 1 Bond 2014-15 Series II

- **Optional Redemption dates** - Call date (date at least 10 years from the issue date and each interest payment date thereafter).
- **Subordination** - The claims of the investors in Instruments being issued for inclusion in Additional Tier I capital shall be: (i) Superior to the claims of investors in equity shares and perpetual non-cumulative preference shares issued by the Bank, if any, (ii) subordinated to the claims of depositors, general creditors and subordinated debt of the bank and (iii) is neither secured nor covered by a guarantee of the issuer nor related entity or other arrangement that legally or economically enhances the seniority of the claim vis-à-vis bank creditors.
- **Coupon frequency** – Annual. Interest shall not be cumulative.
- **Coupon Discretion** –
 - The Bank has Full Discretion at all times to cancel coupon distributions/payments. On cancellation of distributions/payments, these payments will be extinguished and Bank shall have no obligation to make distributions/payments in kind as well. Cancellation of distributions/payments will not impose restrictions on the Bank, in relation to distributions to common shareholders.
 - Coupons shall be paid out of distributable items. In this context, coupon may be paid out of current year profits. However, if current year profits are not sufficient i.e. payment of coupon is likely to result in losses during the current year, the balance amount of coupon may be paid out of revenue reserves (i.e. revenue reserves which are not created for specific purposes by a bank) and / or credit balance in profit and loss account, if any.
 - However, payment of coupons from the revenue reserves is subject to the bank meeting minimum regulatory requirements for CET1, Tier I and Total Capital ratios at all times as prescribed by RBI and subject to the requirements of capital buffer frameworks (i.e. capital conservation buffer, countercyclical capital buffer and Domestic Systemically Important Banks).
 - Distributions/payments by the Bank will be subject to the Minimum Capital Conservation Ratios the Bank must meet at various levels of the Common Equity Tier I capital ratios after including the current periods retained earnings (subject to RBI guidelines) as and the minimum Capital Requirements to be complied by the Bank at all times (Consolidated & Solo Level).
 - Dividend stopper clause will not be applicable to these instruments. In the event the holders of these instruments are not paid dividend / coupon they shall not impede the full discretion that Bank has at all times to cancel distributions/payments on these Instruments, nor will they impede / hinder – 1) The Re-Capitalization of the Bank, 2) The Bank's right to make payments on other instruments, 3) The Bank's right to making distributions to shareholders for a period that extends beyond the point in time that coupon/dividends on these Instruments are resumed, 4) The normal operation of the bank or any restructuring activity (including acquisitions/ disposals)
- **Loss absorption** - Temporary write-down upon CET 1 trigger event (5.5% till Mar 31, 2019 and 6.125% thereafter) and permanent write down upon PONV trigger (to be decided by RBI).
- **Convertibility** – Non-convertible
- **Call option** - The exercise of Call Option by the Bank will be subject to ALL of the below mentioned conditions - (i) The instrument has run for at least ten years, (ii) Obtaining prior approval of RBI (Department of Banking Operations & Development) and (iii) The instrument is replaced with capital of the same or better quality and the replacement of this capital is done at conditions which are sustainable for the income capacity of the bank. However, the bank may also call the instrument due to the occurrence of Tax event or Regulatory event only if permitted by RBI.
