The issue of Debentures in one or more Tranches and to be listed on the BSE is being made strictly on a private placement basis. This Document is not intended to be circulated to more than 49 (Forty Nine) persons for each Tranche being offered. Multiple copies hereof given to the same entity shall be deemed to be given to the same person and shall be treated as such. No invitation is being made to any persons, other than to those to whom application forms along with this Document and the Pricing Supplement for a Tranche being issued have been sent. Any application by a person to whom the Document, the Tranche Pricing Supplement and Application Form have not been sent by the Company or Arranger, if any, shall be rejected without assigning any reason. The person who is in receipt of this Document shall maintain utmost confidentiality regarding the contents of this Document and shall not reproduce or distribute in whole or in part or make any announcement in public or to a third party regarding the contents without the consent of the Issuer.

Apart from this Document, no Offer Document or Prospectus has been prepared in connection with this Issue and no Prospectus in relation to the Issuer or the Debentures relating to this offer has been delivered for registration nor is such a document required to be registered under the applicable laws.

This Document is issued by the Company. The views contained in this Document do not necessarily reflect the views of its Directors, officers, employees, affiliates, subsidiaries or representatives and should not be taken as such. This Document has been prepared by the Company to provide general information on the Company and does not purport to contain all the information a potential investor may require. Where this Document summarizes the provisions of any other document, that summary should not be solely relied upon and the relevant document should be referred to for the full effect of the provisions.

The information relating to the Company contained in this Document is believed by the Company to be accurate in all respects as of the date hereof.

This Document shall not be considered as a recommendation to purchase the Debentures and recipients are urged to determine, investigate and evaluate for themselves, the authenticity, origin, validity, accuracy, completeness, adequacy or otherwise the relevance of information contained in this Document. The recipients are required to make their own independent valuation and judgment of the Company and the Debentures. It is the responsibility of potential investors to ensure that if they sell/ transfer these Debentures, they shall do so in strict accordance with this Document and other applicable laws, so that the sale does not constitute an offer to the public, within the meaning of Companies Act 2013 and Companies Act 1956 which are in effect from time to time. The potential investors should also consult their own tax advisors on the tax implications relating to acquisition, ownership, sale or redemption of Debentures and in respect of income arising thereon. Investors are also required to make their own assessment regarding their eligibility for making investment(s) in the Debentures of the Company. The Company or any of its directors, employees, advisors, affiliates, subsidiaries or representatives do not accept any responsibility and/ or liability for any loss or damage however arising and of whatever nature and extent in connection with the said information.

Neither the Arranger, if any, nor any of their respective affiliates or subsidiaries have independently verified the information set out in this Document or any other information (written or oral) transmitted or made to any prospective investor in the course of its evaluation of the Issue.

The Arranger, if any, makes no representation or warranty, express or implied, as to the accuracy or completeness of the Document, and the Arranger, if any, does not accept any responsibility for the legality, validity, effectiveness, adequacy or enforceability of any documentation executed or which may be executed in relation to this Offer. The Arranger, if any, is not required to file this document with SEBI/ROC/RBI as it is strictly on private placement basis to the prospective Investor to whom it is distributed and not an offer to the general public.

The contents of this Document are intended to be used only by those investors to whom it is distributed. It is not intended for distribution to any other person and should not be reproduced by the recipient.

Each person receiving and acting on this Document acknowledges that such person:

- has been afforded an opportunity to request and to review and has received all additional information considered by him/her/it to be necessary to verify the accuracy of or to supplement the information herein and
- has not relied on any intermediary that may be associated with any tranche or issuance of Debentures in connection with its investigation of the accuracy of such information or its investment decision.

The Issuer does not undertake to update the Document to reflect subsequent events after the date of the Document and thus it should not be relied upon with respect to such subsequent events without first confirming their accuracy with the Issuer. Neither the delivery of this Document nor any sale of Debentures made hereunder shall, under any circumstances, constitute a representation or create any implication that there has been no change in the affairs of the Issuer since the date hereof.

However, the Issuer shall file a Pricing Supplement and an Addendum, if necessary, and update this Document to the extent necessary, which besides being filed with the BSE, shall be issued to the then potential investor of the Debentures.

The Document is made available to investors in the Issue on the strict understanding that it is confidential.

Force Majeure

The Company reserves the right to withdraw the Issue prior to the earliest closing date in the event of any unforeseen development adversely affecting the economic and regulatory environment or otherwise. In such an event, the Company will refund the application money, if any, along with interest payable on such application money, if any, without assigning any reason.

SEBI Disclaimer Clause

As per the provisions of Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008, a copy of this Document is not required to be filed with or submitted to SEBI. It is to be distinctly understood that this Document has not been cleared or vetted by SEBI. The SEBI does not take any responsibility either for financial soundness of any scheme or the project for which the Issue is proposed to be made, or for the correctness of the statements made or opinions expressed in the Document.

Stock Exchange Disclaimer Clause

As required, a copy of this Disclosure Document for issue of Debentures on private placement basis shall be filed with the BSE in terms of SEBI (Issue and Listing of Debt Securities) Regulations, 2008 as amended from time to time.

It is to be distinctly understood that submission of the Disclosure Document to the BSE should not in any way be deemed or construed to mean that the Disclosure Document has been cleared or approved by the BSE; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Disclosure Document, nor does it warrant that the Issuer's securities will be listed or will continue to be listed on the BSE; nor does it take any responsibility for the financial or other soundness of the Issuer, its promoters, its management or any scheme or project of the Issuer.

This Document is to facilitate investors to take an informed decision for making investment in the proposed Issue.

Eligibility of the Issuer to Come Out with the Issue

As on the date of this Private Placement Disclosure Document, the Issuer and its Directors have not been prohibited from accessing the Capital Market under any order or Directions passed by SEBI.

Declaration of the Reserve Bank of India about Non-Responsibility for financial soundness or correctness of statements

The issuing of licence and granting of approval by the Reserve Bank of India (“**RBI**”) to the Issuer in any regard, should not in any way, be deemed or construed to be an approval by RBI of this Private Placement Disclosure Document nor should it be deemed that RBI has approved it nor does RBI take any responsibility for the financial soundness of the Issuer or the correctness of the statements made, or opinions expressed in this connection.

Disclaimer in Respect of Jurisdiction

Issue of these Debentures will be made in India to investors, as specified under the heading “Who can apply” under the Section: Offering Information of this Private Placement Disclosure Document, who are specifically approached by the Issuer. This Private Placement Disclosure Document is not construed or constituted as an offer to sell or an invitation to subscribe to Debentures offered hereby to any person to whom it is not specifically addressed. The Debentures are governed by and shall be construed in accordance with the existing Indian Laws. Any dispute arising in respect thereof will be subject to the exclusive jurisdiction of the courts and tribunals of Mumbai.

Forward-Looking Statements

While no forecasts or projections relating to the Issuer's financial performance are included in this Private Placement Disclosure Document, this document contains certain "forward-looking statements" like "intends", "believes", "expects" and other similar expressions or variations of such expressions. These statements are primarily meant to give Prospective Investors an overview of the Issuer's future plans, as they currently stand. The Issuer operates in a highly competitive, regulated and ever-changing business environment, and a change in any of these variables may necessitate an alteration of the Issuer's plans. Further, these plans are not static, but are subject to continuous internal review, and may be altered if the altered plans suit the Issuer's needs better. Further, many of the plans may be based on one or more underlying assumptions (all of which may not be contained in this Private Placement Disclosure Document) which may not come to fruition. Thus, actual results may differ materially from those suggested by the forward-looking statements. The Issuer cannot be held liable by estoppels or otherwise for any forward-looking statement contained herein. All statements contained in this Private Placement Disclosure Document that are not statements of historical fact constitute "forward looking statements" and are not forecasts or projections relating to the Issuer's financial performance.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results to differ materially from our expectations include, amongst others:

- General economic and business conditions in India and abroad;
- Our ability to successfully implement our strategy, our growth and expansion plans and technological changes;
- Our ability to compete effectively and access funds at competitive cost;
- Changes in the value of Rupee and other currency changes;
- Unanticipated turbulence in interest rates, equity prices or other rates or prices; the performance of the financial and capital markets in India and globally;
- Availability of funds and willingness of our lenders to lend;
- Changes in political conditions in India;
- The rate of growth of our loan assets and level of NPAs in our portfolio;
- The outcome of any legal or regulatory proceedings we are or may become a party to;
- Our ability to retain our management team and skilled personnel;
- Changes in Indian and foreign laws and regulations, including tax, accounting, banking, securities, investments and loans, foreign exchange, insurance and other regulations; changes in competition and the pricing environment in India; and regional or general changes in asset valuations; and
- Changes in laws and regulations that apply to NBFCs in India, including laws that impact our lending rates and our ability to enforce our collateral.

By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. The forward-looking statements made in this Private Placement Disclosure Document speak only as of the date of this Private Placement Disclosure Document. Neither the Issuer nor its Directors nor any of the Issuer's affiliates have any obligation, or intention, to update or otherwise revise any forward-looking statement to reflect circumstances arising after the date hereof or to reflect the events occurring after the date hereof, even if the underlying assumptions do not come to fruition and the Issuer does not assume any responsibility to do so.

(III) RISK FACTORS

(A) USE OF MARKET DATA

Unless stated otherwise, macroeconomic and industry data if used throughout this Document have been obtained from publications prepared by providers of industry information, government sources and multilateral institutions. Such publications generally state that the information contained therein has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although the Issuer believes that industry data if used in this Disclosure Document are reliable, it has not been independently verified.

(B) RISK FACTORS

The following are some of the risks envisaged by the management. Investors should consider the same carefully for evaluating the Company and its business before making any investment decision. Unless the context requires otherwise, the risk factors described below apply to the Company only. If any one of the risks occur, the Company's business, financial conditions and results of operations could suffer and therefore the value of the Company's debt securities could decline.

Note: Unless specified or quantified in the relevant risk factors, the Company is not in a position to quantify the financial or other implications of any risk mentioned herein below:

A. INTERNAL RISK FACTORS

1. **As an NBFC, one of the most important risks affecting our profitability is the risk of non-payment by the borrowers and other counterparties.**

The size of our Company's loan assets is expected to continue to increase in the future as our Company expands its business in India and offers new products. Since most of our Company's borrowers are retail customers and dealers of Volkswagen Group Brands, our Company's credit risk could be higher due to their potential inability to adapt to changes in the economic and industrial scenario and global technological changes as also changes in the Indian regulatory and political environment. This may lead to an increase in the number and value of our Company's NPAs.

Our Company is exposed to the risk that third parties which owe us money, securities or other assets may not perform their obligations. These parties may default on their obligations to us due to various reasons including bankruptcy, lack of liquidity, operational failure, and other reasons. Further, any delay in enforcing the collateral due to delays in enforcement proceedings before Indian courts or otherwise could expose our Company to potential losses.

A nationwide credit bureau has been established in India. This may affect the quality of information available to our Company about the credit history of our Company's new borrowers. In deciding whether to extend credit to or enter into transactions with customers and counter parties, our Company relies largely on information furnished by or on behalf of its customers, including financial information, based on which the Company performs its credit assessment. The Company may also depend on certain representations and undertakings as to the accuracy, correctness and completeness of information, and the verification of the same by agencies to which such functions are outsourced.

Any such information, if materially misleading may increase the risk of default. Our financial condition and results of operations could be negatively affected by relying on information that may not be true or may be materially misleading.

Although our Company regularly reviews credit exposures to clients and counterparties and to industries and geographical regions that our Company believes may present credit concerns, defaults may arise from events or circumstances that are difficult to detect or foresee.

2. The difficulty to control the number and value of NPAs in our portfolio could adversely affect our business and results of operations.

As on March 31, 2016, our gross non-performing assets were Rs. 13,203.06 lakh representing 2.30% of the gross value of our customer assets. It may be difficult for us to control or reduce the number and value of NPAs of our portfolio due to adverse global and domestic economic conditions and a prolonged recession period. The Company may not be able to improve its collections and recoveries in relation to its existing NPAs. The difficulty to control or reduce the number and value of its NPAs may lead to deterioration of the quality of its loan portfolio and may severely impact its business.

The Company has made provisions of Rs. 7,159.71 lakh towards its gross NPAs as on March 31, 2016. Though the Company's total provisioning against the NPAs at present may be adequate to cover all the identified losses in our loan portfolio, there may not be any assurance that in future, the provisioning though compliant with regulatory requirements will be sufficient to cover all anticipated losses. Further, the Company may not be able to meet our recovery targets set for the particular financial year due to the economic slowdown and intense competition witnessed in the domestic markets. In such circumstances, there could be an increase in the number and value of our NPAs which can impact the Company.

As our business grows, the number and value of NPAs may increase substantially as a large part of the portfolio is not highly seasoned, which may result in increased provisioning towards our NPAs.

3. The Company may be exposed to the potential loss of less recovery of value of collaterals due to delays in their enforcement on defaults by the Company's borrowers and also due to market conditions

The value of collaterals especially vehicles and / or real estate may decline due to adverse market conditions. Delays in bankruptcy and foreclosure proceedings, defects in title, documentation of collateral and the necessity of obtaining regulatory approvals for the enforcement of such collaterals may affect the valuation of the collateral and the Company may not be able to recover the estimated value of the collateral, thus exposing the Company to potential losses.

4. We have launched products in the past and we may launch new products in future and there can be no assurance that these will be profitable in future.

As a part of our growth strategy, we have or otherwise are in the process of launching new products. Although we have recruited experienced management teams which consist of people who have experience in financial services, there are inherent risks in launching new products. The systems / processes are yet to be tested for the new products or they may need improvements or, that the turnover of employees increases or that the products themselves may not find sufficient acceptability in the market.

Further, we do not have any measurable track record in the operations of these new products. The new products consequently are to a larger extent susceptible to competition, economic, political and regulatory conditions. This may affect our operations and cash flow positions.

5. System failures, infrastructure bottlenecks and security breaches in computer systems may adversely affect our business.

Our businesses are highly dependent on our ability to process, on a daily basis, a large number of increasingly complex transactions. Our financial, accounting or other data processing systems may fail to operate adequately or become disabled as a result of events that are wholly or partially beyond our control, including a disruption of electrical or communications services. If any of these systems do not operate properly or are disabled or if there are other shortcomings or failures in our internal processes or systems, it could affect our operations or result in financial loss, disruption of our businesses, regulatory intervention or damage to our reputation. In addition, our ability to conduct business may be adversely impacted by a disruption in the infrastructure that supports our businesses and the localities in which we are located.

Our operations also rely on the secure processing, storage and transmission of confidential and other information in our computer systems and networks. Our computer systems, software and networks may be vulnerable to unauthorized access, computer viruses or other malicious code and other events that could compromise data integrity and security.

6. The Company's lending and investment activities are vulnerable to interest rate risks, market risks and asset liability mismatch risks which may have great impact on our financial performance.

Interest income forms a substantial part of the total income of our Company. The Company extends loans at fixed as well as floating interest rates. The Company's borrowings are also a mix of fixed and floating rates. A mismatch between assets and liabilities may cause our gross spreads to decline and adversely affect our profitability. The Company endeavors to manage interest rate positions to minimize interest rate risk but may not be able to do so.

Operations of the Company are susceptible to interest rate movements. Interest rates are highly sensitive to many factors which are beyond our control, including the monetary policies of the RBI, de-regulation of the financial sector in India, domestic and international economic and political conditions, inflation and other factors. We may be also exposed to interest and currency risks through treasury operations. Sharp increase in interest rates charged on floating rate basis, may also result in higher degree of defaults from this segment.

7. We may face asset-liability mismatches in the short term, which could affect our liquidity position. A portion of our funding requirement is through short-term funding sources and in the event lenders decide to withdraw the existing or committed credit facilities or do not roll over the existing credit facilities, our business could be adversely affected.

The difference between the value of assets and liabilities maturing, in any time period category provides the measure to which we are exposed to the liquidity risk. As is typical for several NBFCs, a portion of our funding requirements is met through short-term funding sources, i.e. bank loans, working capital demand loans, cash credit, short term loans and commercial papers. However, some portion of our assets has medium or long-term maturities. In the event that the existing credit facilities (mostly being uncommitted credit facilities) are withdrawn or are not available to the Company,

funding mismatches may be created and it could have an adverse effect on our business and our future financial performance.

8. Our indebtedness and restrictive covenants imposed by our financing agreements could restrict our ability to conduct our business and operations.

Should we breach any financial or other covenants contained in any of our financing agreements, we may be required to immediately repay our borrowings either in whole or in part, together with any related costs. Under the terms of some of the loan agreements, our Company is required to obtain the prior written consent of the concerned lender prior to our Company entering into any scheme of expansion, merger, amalgamation, compromise or reconstruction or selling, leasing, transferring all or a substantial portion of its fixed and other assets; making any change in ownership or control or constitution of our Company, or in the shareholding or management or majority of directors, or in the nature of business of our Company. This may restrict/ delay some of the actions / initiatives that our Company may like to take from time to time.

9. We are exposed to various operational risks including the risk of fraud and other misconduct by employees or outsiders.

Like other financial intermediaries, we also run the risk of various operational risks which include the risk of fraud or misconduct by our employees or even an outsider, unauthorized transactions by employees or third parties, misreporting and non-compliance of various statutory and legal requirements and operational errors. It may not be always possible to deter employees from the misconduct or the precautions we take to detect and prevent these activities may not be effective in all cases. Any such instances of employee misconduct or fraud, the improper use or disclosure of confidential information, could result in regulatory and legal proceedings and may harm our reputation and also our operations.

10. We may not be able to attract or retain talented professionals required for our business.

The complexity of our business operations requires highly skilled and experienced manpower. Such highly skilled personnel give us a competitive edge. Further the successful implementation of our growth plans would largely depend on the availability of such skilled manpower and our ability to attract such qualified manpower. We may lose many business opportunities and our business would suffer if such required manpower is not available on time. Though we have appropriate human resource policies in place, we may face the risk of losing our key management personnel due to reasons beyond our control and we may not be able to replace them in a satisfactory and timely manner which may adversely affect our business and our future financial performance.

11. We have commitments and contingent liabilities of Rs. 3,297.78 lakh as at March 31, 2016

As at March 31, 2016, the contingent liabilities of the Company are as under:

- i. Contingent Liabilities:
 - Claims against the Company not acknowledged as debts by the Company - Rs 286.08 lakh.
 - Assessment pending in Service Tax matter - Rs. 2,963.08 lakh
 - Income Tax matter in respect of which assessment is pending – Rs. 44.60 lakh
- ii. Capital Commitments: Estimated value of contracts in capital account remaining to be executed is Rs. 4.02 lakh.

12. We may not be able to access funds at competitive rates and higher cost of borrowings could have significant impact on the scale of our operations and also profit margins.

Our growing business needs would require us to raise funds through commercial borrowings. Our ability to raise funds at competitive rates would depend on our credit rating, regulatory environment in the country, adverse news flow specifically affecting Volkswagen Group and the liquidity scenario in the economy. The developments in the international markets affect the Indian economy including the financial liquidity position. Our Company is exposed to the risk of liquidity in the financial markets. Changes in economic and financial conditions could make it difficult for the Company to access funds at competitive rates. Being an NBFC, we also face certain restrictions to raise money from international markets which are relatively cheaper sources of money and this further constrains our ability to raise cheaper funds.

13. The Company faces increasing competition from other established banks and NBFCs. The successful implementation of our growth plans depends on our ability to face the competition.

The Company's main competitors are established commercial banks and NBFCs. Over the past few years, the retail financing area has seen the entry of banks, both nationalized as well as foreign. Banks have access to low cost funds which enables them to enjoy higher margins and / or offer finance at lower rates. NBFCs do not have access to large quantities of low cost deposits, a factor which can render them less competitive.

14. There is no certainty that there would be adequate liquidity of the Debentures being offered through this Issue.

There can be no assurance that an active secondary market for the NCDs will develop, and if such a market were to develop, there is no obligation on us to maintain such a market. The liquidity and market prices of the NCDs can be expected to vary with changes in market and economic conditions, our financial condition and prospects and other factors that generally influence market price of NCDs. Such fluctuations may significantly affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs.

15. We may have a high concentration of loans to certain customers or group of customers. If a substantial portion of these loans becomes non-performing, our business and financial performance could be affected.

Our business of financing retail customers and dealers with or without securities exposes us to the risk of third parties that owe us money. Our loan portfolio and non-performing asset portfolio has, or may in the future, have a high concentration in certain customers or groups of customers. These parties may default on their obligations to us due to bankruptcy, lack of liquidity, operational failure, breach of contract, government or other regulatory intervention and other reasons including inability to adapt to changes in the macro business environment. Historically, borrowers or borrower groups have been adversely affected by economic conditions in varying degrees. Credit losses due to financial difficulties of these borrowers/ borrower groups in the future could adversely affect our business and our financial performance.

16. We have entered into transactions with related parties which create conflicts of interest for certain of our management and directors.

We have entered into transactions with related parties, including our Promoter and its affiliated companies. Such agreements may give rise to current or potential conflicts of interest with respect to

dealings between us and such related parties. Additionally, there can be no assurance that any dispute that may arise between us and related parties will be resolved in our favour.

Risks Relating to the Utilization of Issue Proceeds

17. Our management will have significant flexibility in applying proceeds of the Issue.

The funds raised through this Issue, after meeting the expenditures of and related to the Issue, will be used for our various activities, including but not restricted to lending, to repay our existing loans, our business operations including capital expenditure and working capital requirements.

The Main Objects clause of the Memorandum of Association of the Company permits the Company to undertake the activities for which the funds are being raised through the present Issue and also the activities which the Company has been carrying on till date.

The management of the Company, in accordance with the policies formulated by it from time to time, will have flexibility in deploying the proceeds received from the Issue. Pending utilization of the proceeds out of the Issue for the purposes described above, the Company intends to temporarily invest funds in deposits with banks.

Further as per the provisions of the SEBI (Issue and Listing of Debt Securities) Regulations, 2008, we are not required to appoint a monitoring agency and therefore no monitoring agency has been appointed for this Issue.

Risks Relating to the Debentures

18. Changes in general interest rates in the economy may affect the price of our Debentures.

All securities where a fixed rate of interest is offered, such as our Debentures, are subject to price risk. The price of such securities will vary inversely with changes in prevailing interest rates, i.e. when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of prevailing interest rates. Increased rates of interest, which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our Debentures.

19. We are not required to maintain any Debenture Redemption Reserve (DRR) for the Debentures issued under this Disclosure Document.

As per Rule 18 Sub Rule (7) (b) (ii) of The Companies (Share Capital and Debentures) Rules, 2014, for NBFCs registered with RBI under Section 45-IA of the RBI (Amendment) Act 1997, no Debenture Redemption Reserve is required in case of privately placed debentures.

20. Any downgrading in credit rating of our Debentures may affect the value of Debentures and thus our ability to raise further debts.

India Ratings and Research Private Limited has assigned a 'IND AAA' rating to the NCD program of the Company for an aggregate amount of Rs. 2,500 crore out of which NCDs of Rs. 2,000 crore have already been issued and out of which NCDs of Rs. 1,400 crore are outstanding as on date of this Disclosure Document. The Issuer cannot guarantee that these ratings will not be downgraded. Such a

downgrade in the above credit ratings may lower the value of the NCDs and may also affect the Issuer's ability to raise further debt.

B. EXTERNAL RISK FACTORS

21. We are subject to regulatory and legal risk which may adversely affect our business.

The operations of an NBFC are subject to regulations framed by the RBI and other authorities including regulations relating to foreign investment in India. Under the guidelines issued by the RBI on November 10, 2014 the Company is classified as a Systemically Important Non Deposit Accepting NBFC. The Company is required to maintain a CRAR of 15%, besides complying with other prudential norms. Compliance with many of the regulations applicable to the Company across jurisdictions including any restrictions on investments and other activities currently being carried out by the Company involve a number of risks, particularly in areas where applicable regulations may be subject to varying interpretations. If the interpretation of the regulators and authorities varies from our interpretation, we may be subject to penalties and the business of the Company could be adversely affected.

We are also subject to changes in Indian laws, regulations and accounting principles. There can be no assurance that the laws governing the Indian financial services sector will not change in the future or that such changes or the interpretation or enforcement of existing and future laws and rules by governmental and regulatory authorities will not affect our business and future financial performance.

22. Our growth in loan portfolio is highly dependent on the performance and the growth prospects of Volkswagen Group Brands in India

The Company primarily finances the retail customers for new vehicle purchase and dealers of Volkswagen Group Brands operating in India. The Company also finances retail customers of used cars of other Brands and dealers stocking used cars of other Brands in a limited way. Hence the growth prospects of the Company are highly dependent on the volume growth prospects of Volkswagen Group Brands in India. Any reduction in number of vehicles (both passenger and commercial vehicles) sold in India by Volkswagen Group Brands would also impact the loan growth of the Company and consequently the profitability.

23. Developments with regard Volkswagen Group in international markets

Volkswagen Group has released information related to the emissions issue within its half yearly report 2016 which have been and might be supplemented by press releases on its website. This disclosure document is based on those official and public sources and no additional information related to the emission issue are incorporated.

We cannot exclude that a reputational risk to the Volkswagen brands resulting out of any potential non-compliance with the relevant applicable environmental law may adversely affect the sales of Volkswagen Group branded cars/vehicles and/or growth of that business which may in turn impact the loan growth of the Company.

24. Our growth depends on the sustained growth of the Indian economy. An economic slowdown in India and abroad could have direct impact on our operations and profitability.

Macroeconomic factors that affect the Indian economy and the global economic scenario have an impact on our business. The quantum of our disbursements is driven by the growth in demand for vehicles. The GDP growth in the Indian economy for the fiscal year 2015-16 was 7.6% compared to lower growth rate registered in the preceding two years. Any adverse developments in the economy as a whole can increase the level of defaults thereby adversely impacting the Company's growth plans and the quality of its portfolio.

25. Political instability or changes in the government could delay further liberalization of the Indian economy and adversely affect economic conditions in India generally, which could impact our business.

The role of the Indian Central and State Governments in the economy has remained significant over the years. Since 1991, the Government has pursued a policy of economic liberalization, including significantly relaxing restrictions on the private sector. There can be no assurance that these liberalization policies will continue in the future. The rate of economic liberalization could change, and specific laws and policies affecting financial services companies, foreign investment, currency exchange rates and other matters affecting investments in Indian companies could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India, thus affecting our business. The future Governments could be a coalition of several parties. The withdrawal of one or more of these parties could result in political instability. Any political instability in the country could materially impact our business adversely.

26. Civil unrest, terrorist attacks and war would affect our business.

Terrorist attacks and other acts of violence, war or conflicts, particularly those involving India, as well as in major countries of the world, may adversely affect Indian and global financial markets. Such acts may negatively impact business sentiment, which could adversely affect our business and profitability. India has from time to time experienced, and continues to experience, social and civil unrest, terrorist attacks and hostilities with neighbouring countries. Also, some of India's neighbouring countries have experienced, or are currently experiencing internal unrest. This, in turn, could have a material adverse effect on the market for securities including the Debentures. The consequences of any armed conflicts are unpredictable, and we may not be able to foresee events that could have an adverse effect on our business and the price and yield of our NCDs.

27. Our business may be adversely impacted by natural calamities or unfavourable climate changes.

India, Bangladesh, Pakistan, Indonesia and other Asian countries have experienced natural calamities such as earthquakes, floods, droughts and a tsunami in recent years. Some of these countries have also experienced pandemics, including the outbreak of avian flu/ swine flu. The extent and severity of these natural disasters and pandemics determines their impact on these economies and in turn affects the financial services sector of which our Company is a part. Prolonged spells of abnormal rainfall and other natural calamities could have an adverse impact on the economies in which we have operations, which could adversely affect our business and the price of our Debentures.

28. Any downgrading of India's sovereign rating by an international rating agency(ies) may affect our business and our liquidity to a great extent.

Any adverse revision to India's credit rating for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our financial performance and our ability to obtain financing to fund our growth on favourable terms, or at all.

NOTES TO THE RISK FACTORS

Save, as stated elsewhere in this Disclosure Document, since the date of the last audited financial accounts:

- (a) no developments have taken place that are likely to materially and adversely affect the performance or prospects of the Company.
- (b) no developments have taken place in the last twelve months which materially and adversely affect or are likely to affect the trading or profitability of the Company, or the value of its assets, or its ability to pay its liabilities.

Such interest shall be paid from the date of realization of the cheque(s) / demand draft(s) up to but not including the deemed date of allotment. The respective interest payment instruments along with the letters of allotment/ refund orders, as the case may be, will be dispatched by registered post to the sole / first applicant, at the sole risk of the applicant.

14. Tax Deduction At Source (TDS)

Tax as applicable under the Income Tax Act, 1961, or any other statutory modification or re-enactment thereof will be deducted at source. For seeking TDS Exemption / lower rate of TDS,

relevant certificate / document must be lodged by the debenture holders at the office of registrar and transfer agent before the Record Date pertaining to the relevant Interest Payment Date. Tax exemption certificate in respect of non- deduction of tax on interest on application money, must be submitted along with the Application Form to the satisfaction of the Issuer. The prospective investor is advised to consult his tax advisor before investing in the Debentures to be issued by the Issuer.

However, Investors may note that as per Income Tax Act, 1961, tax is not required to be deducted at source on interest payable on security issued by a company, where such security is in dematerialized form and is listed on a recognized Stock Exchange in India in accordance with the Securities Contracts.

15. Redemption

Unless previously redeemed or purchased and cancelled as specified below, the Debentures shall be redeemed at such price, at the expiry of the respective tenor as mentioned in the Pricing Supplement. In case the Deemed Date of Allotment is revised, then the Redemption Date will also stand revised accordingly.

16. Mode of Transfer

All requests for transfer should be submitted to the respective Depository Participants prior to the Record Date for payment of interest/ principal.

Provided further that nothing in this section shall prejudice any power of the Company to register as Debenture Holder any person to whom the right to any Debenture of the Company has been transmitted by operation of law.

Transfer of Debentures would be in accordance with the rules / procedures as prescribed by NSDL / CDSL/ Depository participant.

17. Payment On Redemption

- *Debentures held in physical form*

The Debenture certificate(s), duly discharged by the sole / all the joint holders (signed on the reverse of the Debenture Certificate(s)) to be surrendered for redemption on maturity should be sent by the Debenture Holder(s) by registered post with acknowledgement due or by hand delivery to the Company/ Registrar and Transfer Agent or to such persons at such addresses as may be notified by the Company from time to time, 15 days prior to the Redemption Date.

The Issuer may, at its discretion, redeem the Debentures without the requirement of surrendering of the certificates by the debenture holder(s). In case the Company decides to do so, the redemption proceeds in the manner stated below would be paid on the Redemption Date to those debenture holders whose names stand in the register of debenture holders maintained by the Company on the Record Date fixed for the purpose of redemption. Hence the transferee(s), if any, should ensure lodgement of the transfer documents with the Company/Registrar and Transfer Agent before the Record Date. In case the transfer documents are not lodged before the Record Date and the Company dispatches the redemption proceeds to the transferor, claims in respect of the redemption proceeds should be settled amongst the parties inter se and no claim or action shall lie against the Company or the Registrar and Transfer Agent.

The Company shall compute the redemption amounts to be paid to each of the debenture holders

based on the relevant Pricing Supplement. shall make payment of redemption amount by way of direct credit through Electronic Clearing Service (ECS), RTGS or National Electronic Funds Transfer (NEFT) and where such facilities are not available, the Company shall make payment of all such amounts by way of cheque/demand draft(s) to the first/sole debenture holder. Direct credit or dispatch of Cheques/Pay Order etc. in respect of such payment will be made on the Redemption Date or within a period of 30 days from the date of receipt of the duly discharged debenture certificate, whichever is later. The Company's liability to the Debenture Holder(s) towards all rights including payment or otherwise shall stand extinguished on and from the due date of redemption in all events and on the Company dispatching the redemption amount to the debenture holder(s). The Company will not be liable to pay any interest, income or compensation of any kind from the Redemption Date. In case of any delay in surrendering the Debenture Certificate(s) for redemption, the Company will not be liable to pay any interest, income or compensation of any kind for the late redemption due to such delay. Also, in case the redemption falls on a holiday, the payment will be made on the previous working day, with interest at Coupon Rate for such reduced period.

- *Debentures held in Demat Form*

In case of the Debentures held in demat form, no action is required on the part of the debenture holder(s) at the time of redemption of the Debentures and on the Redemption Date, the redemption proceeds would be paid to those debenture holder(s) whose name(s) appear on the list of beneficial owners given by the Depositories to the Company. The name(s) would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. All such Debentures will be simultaneously redeemed through appropriate debit corporate action.

The Company shall compute the redemption amounts to be paid to each of the debenture holders based on the relevant Pricing Supplement.

The redemption proceeds shall be directly credited through Electronic Clearing Service (ECS), RTGS or National Electronic Funds Transfer (NEFT) and where such facilities are not available the Company shall make payment of all such amounts by way of cheque/ demand draft. The cheque/demand draft for redemption proceeds, will be dispatched by courier or hand delivery or registered post at the address provided in the Application / at the address as notified by the debenture holder(s) or at the address with Depositories' record. Once the redemption proceeds have been credited to the account of the debenture holder(s) or the cheque/demand draft for redemption proceeds is dispatched to the debenture holder(s) at the addresses provided or available from the Depositories record, the Company's liability to redeem the Debentures on the date of redemption shall stand extinguished and the Company will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the Debenture(s).

18. Effect of Holidays

Should any of the coupon payment dates except last coupon payment date of the debt securities defined above or elsewhere in this Disclosure Document or in the respective pricing supplement (if any), fall on a Sunday or a holiday the coupon payment shall be made on the next working day. If the maturity date of the debt securities, fall on a Sunday or a holiday, the redemption proceeds shall be paid on the previous working day. The last coupon payment will made with principal redemption and business day convention will be that of principal repayment i.e. paid on the previous working day.

19. Issue of Duplicate Debenture Certificate(s)

If any Debenture certificate(s) is / are mutilated or defaced or the pages for recording transfers of Debentures are fully utilised, the same may be replaced by the Company against the surrender of such certificate(s) and upon payment by the claimant of such costs as may be determined by the Company. Provided, where the Debenture Certificate(s) is / are mutilated or defaced, the same will be replaced as aforesaid, only if the certificate numbers, debenture holder number(s) and the distinctive numbers are legible. If any Debenture Certificate(s) is / are destroyed, stolen or lost, then upon production of proof thereof to the satisfaction of the Company and upon furnishing such indemnity / security and / or documents as the Company may deem adequate, duplicate Debenture Certificate(s) shall be issued subject to the charge for the same being borne by the Debenture Holder.

20. Debenture Certificate in dematerialised mode

The Company will make allotment of Debentures to investors in due course after verification of the application form, the accompanying documents and on realization of the application money. The allotted Debentures at the first instance will be credited in dematerialised form within two days of the date of allotment.

21. Right to accept or reject applications

The Company is entitled at its sole and absolute discretion to accept or reject an application, in part or in full, without assigning any reason thereof. Application forms, which are not complete in all respects, shall be liable to be rejected. If record date is non-business day, then previous business day will be considered.

23. Right of the Company to purchase & re-issue Debentures

The Company will have the power exercisable at its absolute discretion from time to time to purchase some or all of the Debentures held by the Debenture Holder at any time prior to the specified date(s) of redemption. Such buy- back of Debentures may be at par or at premium/discount to the par value at the sole discretion of the Company. In the event of the Debentures being so purchased and/or redeemed before maturity in any circumstances whatsoever, the Company shall have the right to re-issue the Debentures if permissible under and subject to the provisions of the Companies Act, 2013, Rules and Regulations thereunder and other Applicable Law as may be amended from time to time.

24. Further Borrowings

So long as the Asset Cover Ratio is maintained at or above the Minimum Security Cover and no Event of Default has occurred and is continuing, the Company shall be entitled to create further non-exclusive, first / second pari-passu or subservient mortgage and/or charge or other encumbrance on the Immovable Property or Movable Property in favour of other lenders/ debenture holders/ other instrument holders/ trustees/ any other Person, as and by way of security for any further Financial Indebtedness (including in the form of debentures) incurred by the Company or any of its affiliates (including borrowings raised by issue of any other debentures), and the Company shall not be required to obtain any consent/approval from the Debenture Holders or the Debenture Trustee for the

purposes of creating such mortgage and/or charge, subject to the conditions/ deletions under the Debenture Trust Deed and Deed of Hypothecation.

In the event the Company exercises at any times or times the right hereby given to create a further charge or encumbrance, the Company shall be entitled to call upon the Debenture Trustee to join with the Company in executing such documents / writings as may be required or deemed necessary by the Company. Further, notwithstanding anything to the contrary contained in the Debenture Trust Deed or any of the Transaction Documents, so long as the required Asset Cover Ratio is maintained at or above the minimum Security Cover, the Company shall have all the rights to deal with the Security in the normal course of business including, inter alia, the right to securitize the Movable Properties (as defined in the Deed of Hypothecation), including by way of direct assignment subject to the condition that the Company shall furnish certificate from independent chartered accountant/statutory auditor certifying the maintenance of Asset Cover Ratio before making any further dealing, charge or encumbrance towards further issue of debentures or any other instruments to the public and/or private, and/or any other person(s) and to raise further loans, advances or such other facilities from Banks, Financial Institutions and /or any other person(s) on the security or assets subject to the conditions/ deletions under the Debenture Trust Deed and Deed of Hypothecation .

25. Events of Default and Cure Period

The events of default have been mentioned in detail in the Debenture Trust Deed executed with the Debenture Trustee. On the happening of one or more of the events specified in Clause 12 of the Debenture Trust Deed, the Debenture Trustee shall forthwith by a notice in writing ("**Cure Notice**") to the Company call upon the Company to cure the Default within a period of 90 Business Days ("**Cure Period**") from the date of Cure Notice and the Debenture Trustee shall keep and each Lender/investor informed in writing about the Default and sending Cure Notice to the Company. 26. Fictitious Applications

As a matter of abundant caution and although not applicable in the case of Debentures, attention of applicants is specially drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013: Any person who -

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under section 447.

27. Notices

The notices to the Debenture Holders required to be given by the Company or the Debenture Trustee shall be deemed to have been given if sent by ordinary post to the sole/first allottee or sole/first registered holder of the Debentures, as the case may be. All notices to be given by Debenture Holders shall be sent by registered post or by hand delivery to the Company at its Administrative Office.

28. Succession

In the event of demise of the Debenture Holder, the Company will recognize the executor or administrator of the deceased Debenture Holder, or the holder of succession certificate or other legal

representative as having title to the Debentures. The Company shall not be bound to recognize such executor, administrator or holder of the succession certificate or other legal representative as having title to the Debentures, unless such executor or administrator obtains probate or letter of administration or such holder is the holder of succession certificate or other legal representation, as the case may be, from a competent Court in India having jurisdiction over the matter. The Directors of the Company may, in their absolute discretion, where they think fit, dispense with production of probate or letter of administration or succession certificate or other legal representation, in order to recognize such holder as being entitled to the Debentures standing in the name of the deceased Debenture Holder on production of sufficient documentary proof or indemnity.

29. Allotment Basis

Acceptance of the offer to invest and the allotment shall be decided by the Company in consultation with the Arrangers, if any. The Company reserves the right to reject in full or part any or all of the offers received by them to invest in the Debentures without assigning any reason for such rejection. Acceptance of the offer shall be subject to completion of subscription formalities as detailed in the application form.

30. Debenture Trustee

IL&FS Trust Company Ltd has been appointed to act as the Debenture Trustee for the Debenture Holders. All remedies of the Debenture Holder(s) for the amounts due on the Debentures will be vested with the Debenture Trustee on behalf of the Debenture Holder(s).

The Debenture Holders shall without any further act or deed be deemed to have irrevocably given their consent to and authorized the Debenture Trustee or any of their Agents or authorized officials to do, inter alia, acts, deeds and things necessary in respect of or relating to the creation of security in terms of this Disclosure Document.

31. Register of Debenture Holders

The Company shall maintain a Register of Debenture Holders in electronic form containing necessary particulars at its Registered Office / Corporate Office / Registrar & Share Transfer Agent's office.

32. Tax Benefits
