Company business

The company was incorporated as Niyati Leasing Ltd. The main business activity of the company has been investment in shares & share trading. The company came out with a public issue in June 1994 and a rights issue in March 1996. The leasing business faced recovery issues since 1997-98 and hence the promoters decided to diversify business interests and the name of the company was changed to NIYATI INDUSTRIES LTD. The company then entered the business of commissioning of wind turbine generators at Bhogat, Porbander. These generators faced technical difficulties and the business was stopped. Later NIL wanted to take over a bulk drug manufacturing unit at Indore, but was unable to do so because of lack of funds. NIL is also trading in textiles, electrical items and chemicals through its group company Niyati International (no further details provided by the company in its accounts). Jayant and Yogesh Shah and various members of the Shah family are on the board of the company.

In FY13 the company issued equity of Rs 72 mn (Rs 32 mn share capital and Rs 40 mn share premium, at Rs 2.25 per share) on a preferential basis. With the capital infusion the company started trading in pharma products and has started the production of ayurvedic medicines. VCL is setting up manufacturing activities at Changodar, Ahmedabad for manufacturing ayurvedic medicines. The factory premises are under construction and will include the manufacture of tablets, liquids, ointments, powders, oils, capsules & cosmetics.
