REG:- Clarification/Confirmation on news item appearing in "CNBC TV 18"

We have received your e-mail as well as scan copy of letter dated 13th October, 2015 seeking asking clarification/confirmation on the news item appearing in "CNBC TV 18". Our response to the above is as under:-

1. This PBH agreement is a standard support contract for the maintenance of a Helicopter and is in use on many aircraft in the GVHL fleet.
2. This is only newsworthy for Airbus as it is the first time they have this agreement on this relatively new model of helicopter.
3. Company was aware that Airbus was considering a press release but Airbus has released it without notifying the Company.
4. Company was not monitoring script at any stage.
5. Due to standard support contract for the maintenance of a Helicopter, there is no material change to the business of the Company.

We hereby inform that this is not price sensitive information and the said press release has been given by Airbus as it is the first time they have used this sort of agreement on this type of aircraft.

Kindly make note of the same

Thanking You,

Yours Faithfully

For Global Vectra Helicorp Limited
