## **TCS Recognized as a Leader in Gartner® Magic Quadrant™ for Data Center Outsourcing and Hybrid Infrastructure Managed Services, Worldwide**

*Tata Consultancy Services Was Placed Highest for its Ability to Execute*

**NEW YORK | MUMBAI, August 29, 2023:** Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS) has been positioned as a Leader in the Gartner Magic Quadrant for Data Center Outsourcing (DCO) and Hybrid Infrastructure Managed Services, Worldwide<sup>1</sup>. In an assessment of 20 global DCO and hybrid infrastructure service providers, TCS was positioned highest for its Ability to Execute.

*“Enterprises are modernizing their digital infrastructure to manage the proliferation of data, meet the intensive computing demands of technologies like AI, and address the rising global focus on sustainability. TCS’ cognitive-powered hybrid IT infrastructure approach helps customers build an intelligent, agile, scalable, secure and sustainable digital core,”* said **Ashok Pai, Global Head, Enterprise Cognitive Business Operations, TCS.** *“We believe our position as a Leader in this report for the third time is a reflection of our breadth and depth of cloud expertise, deep domain knowledge, strong partnerships with the hyperscalers and our portfolio of intellectual property on the cloud.”*

TCS provides a comprehensive hybrid infrastructure model using its investments in data center modernization, private cloud infrastructure, and partnerships with all major public cloud providers.

For clients looking to transform their IT operating model while modernizing their infrastructure, **TCS Cognix™ for Agile Infrastructure**, an AI-driven human-machine collaboration suite, helps manage existing data centers autonomously. With the innovative use of AI/ML, automation, and containerization, Cognix modernizes the data centers making them intelligent, agile, resilient, and scalable. It provides a suite of pre-built, configurable, and reusable digital solutions such as a container maturity analyzer, Edge orchestrator, infrastructure stack deployer and system security qualifier.

**TCS Enterprise Cloud** provides end-to-end full stack dynamic hybrid cloud services that enable enterprises to build and synergize their cloud strategies, with future-forward business models. Available across 26 availability zones, it is integrated with software-defined and platform-as-a-service capabilities, enabling automation and resilience at all levels. TCS Enterprise Cloud platform-as-a-service offers SAP HANA on Cloud, workspace-as-a-service, database-as-a-service, big data platform-as-a-service, container-as-a-service, and application modernization. TCS’ industry-specific solutions like TCS BaNCS™, TCS iON™, the TCS ADD suite, Intelligent Data as a Service, and TCS Optumera™ are also offered on TCS Enterprise Cloud.

In addition, TCS has built full-stack capabilities with the major hyperscaler clouds and offers clients a full suite of services and solutions around cloud migration, application and data modernization, managed services, and industry-specific innovation. These capabilities across various hyperscalers include:

**AWS:** TCS’ AWS Business Unit is a full-stack, multidisciplinary group that offers enterprise customers end-to-end services and solutions. TCS’ large pool of AWS-certified cloud-ready professionals leverage their domain knowledge and AWS technology building blocks to create transformational solutions contextualized to specific industry sub-verticals. TCS is an AWS Premier Consulting Partner, AWS Public Sector Partner, AWS Solution Provider Partner, AWS Public Sector Solution Provider, and AWS Managed Service Partner. TCS has 14 competencies, 13 service validations on AWS and is enrolled in 8 partner programs. TCS is a launch partner for 13 products on AWS and has 19 industry solutions and 21 practices listed on APN.

<sup>1</sup> Gartner, Magic Quadrant for Data Center Outsourcing and Hybrid Infrastructure Managed Services, Worldwide, DD Mishra, Biswajit Maity, Karl Rosander, Andrew Miljanovski, 27 June 2023

**Microsoft Cloud:** TCS' team of dedicated Microsoft-certified associates work with hundreds of customers worldwide, from every industry, to accelerate their multi-horizon cloud transformation journeys. TCS is one of the most recognized partners in the Microsoft ecosystem, having achieved all 6 Microsoft Partner Designations and received a record-setting [17 Microsoft Advanced Specializations](#). TCS is an Azure Expert Managed Service Provider and IoT Elite Partner. It has won the [2023 Microsoft Partner of the Year Award](#) in the category MVP Industry Solutions Global Systems Integrator (GSI) along with the 2023 Microsoft US Partner of the Year Award in the categories Global Systems Integrator, Industrials and Manufacturing, and Dynamics 365 Sales and Marketing, as well as the Malaysia Customer Success Partner of the Year.

**Google Cloud:** TCS offers a full complement of services and solutions leveraging its domain-focused innovation and Google Cloud's suite of technologies. It has a rich suite of cloud accelerators rendered on the TCS Cloud Lab on Google Cloud, a digital lab that allows sprinting for experimentation with an experiential and immersive experience. TCS has achieved [29 regional specializations as well as 100 Expertise Badges](#).
