Sub.: Notice of Annual General Meeting (AGM)

Dear Sir(s),

This is to inform you that the 37th AGM of the Company is scheduled to be held on Tuesday, 26th September, 2017 at 11:30 a.m. at registered office of the Company.

Further, in terms of Section 108 of the Companies Act, 2013 read with relevant rules thereof and Regulation 44 of the SEBI (Listing Obligation and Disclosure Requirement) Regulations, 2015, the Company is pleased to provide its members remote e-voting facility, which would enable the shareholders to cast their vote electronically.

A person whose name is recorded in the Register of Members / Register of beneficial owners maintained by the depositories as on the cut-off date i.e. 19th September, 2017 shall be entitled to avail the facility of remote e-voting as well as voting at the AGM.

The remote e-voting period will commence on Saturday, 23rd September, 2017 from 9.00 a.m. and will end on Monday, 25th September, 2017 at 5:00 p.m. The e-voting module shall be disabled by CDSL thereafter. Once the vote on a resolution is cast, you will not be allowed to change it subsequently.

Please find attached herewith soft copy of the Annual Report for the Financial Year 2016-17 containing inter alia the Notice of Annual General Meeting.

You are requested to kindly take the above information on record.

Thanking you.

Yours faithfully,
For **Jindal Stainless Limited**

MISSION

Improving lives through trustworthy and innovative stain-less solutions

Improving Lives

We will strive to improve lives of all our stakeholders (customers, suppliers, employees, shareholders and communities) and environment

Through Trustworthy

We will strive to be the most trusted and respected organization in the way we conduct ourselves with our employees, suppliers, shareholders, customers and communities and reflect our core of being truly stainless

And Innovative

We will always work towards innovating for better, be it processes, practices, solutions, delivering value added and innovative solutions to the world in our areas of work

Stain-less Solutions

We will strive to provide total solutions to our customers with reliable pre and post sale services and advisory. We will educate communities on properties (strong, versatile, corrosion resistant) and use of stainless steel and encourage downstream industries

MISSION

To be a leading stainless steel company in the world

Forging reliable relationships with customers, suppliers, employees and all other stakeholders

Building strong capabilities driving innovative practices, high quality and competitive solutions

Leading Stainless Steel Company In The World

We will strive to be amongst the top stainless steel players in the world by increasing our capacity and its utilization resulting in revenue and net profit growth

Reliable Relationships With Customers, Suppliers and All Other Stakeholders

We will build long lasting relationships and uphold our commitment to the highest standards thereby becoming preferred choice for our customers, suppliers and stakeholders

Strong Capabilities

We will build or buy appropriate technology, focus on research & development and develop people capabilities

Innovative Practices

We will evolve best in-class innovative practices (business, manufacturing and people) to help our customers, suppliers, employees, shareholders and communities

High Quality

We will strive to offer stainless steel products and services of the highest quality that is required

Competitive Solutions

We will strive to provide agile, cost competitive and efficient stainless steel solutions to our customers; giving us an edge over our competitors

FOUNDING PRINCIPLES

Shri O.P. Jindal

August 7, 1930 - March 31, 2005
Founder - O.P. Jindal Group

At JSL, we continue to draw inspiration from the largeness of his spirit and wisdom. His kinship for workers, his commitment to the larger common good and his gusto for entrepreneurship remain core to our way of being.

The life of Shri O.P. Jindal can be encapsulated in three words: Courage, Conviction and Compassion. An uninstructed engineering genius, whose passion for machines was visible from early childhood. This passion went on to assume iconic proportions when coupled with a vision of a self-reliant India.

Shri O.P. Jindal devoted his entire life to realise his vision of a self-sustained economy through industrial development, the first seed of which was sown in 1952 with a manufacturing unit in Howrah to make pipe bends and sockets. From there, he moved on to manufacturing of steel buckets and steel pipes, and finally, to establishing a fully integrated stainless steel plant. Today, the company boasts fully integrated operations, providing for the stainless steel requirements of myriad and various specialised grades. It is our honour and pride to expand the canvas of his imagination and nurture the dream he so fondly held.

At JSL, we continue to draw inspiration from the largeness of his spirit and wisdom. His kinship for workers, his commitment to the larger common good and his gusto for entrepreneurship remain core to our way of being. His mettle shines in the very metal we produce. Absolutely stainless.

Smt. Savitri Devi Jindal Chairperson Emeritus

Jindal Stainless Limited (JSL) is committed towards inclusive growth and development in a sustainable manner and looks at 'Shared Value' through the prism of 'Beyond Business'. The activities being undertaken are aligned with what has been prescribed under Schedule VII of the Companies Act, 2013 with projects being undertaken after carrying out a detailed base line survey and assessing needs of communities ensuring the 'Bottom up' approach. The focus of all initiatives is enshrined in the corporate vision statement -improving lives through trustworthy and innovative stain-less solutions.

It gives me immense pleasure to share that despite major hurdles and challenges faced by the company, JSL serves the society with servitude fulfilling the dreams of the architect, Late Shri O. P. Jindal ji, who during his lifetime served people with great humility.

I am particularly happy to note that the farmers are being encouraged to double their income through innovative ways, and I wish this new and impactful initiative all the success.

I am also sanguine with the effort directed towards projects on women empowerment because it is my belief that by 'empowering a woman you empower a family and in turn empower society'. Our innovative projects around education and skill development have transformed the lives of these women, imparting enough confidence in them together with financial independence. The women self help groups, which have been created in the remote areas of Odisha, primarily because of their empowerment, are now engaged in micro credit activities and are taking loans from large and small banks.

The steady growth of 'Project ASMITA', with the opening of a boutique managed by the community women, has given a 'voice' to the rural women and showcases their prowess in entrepreneurial development. Such case studies and stories need to be shared and replicated across geographies. This project with a small number of women, has trained other women in various technical processes ranging, from sourcing product design to product

development and marketing. Such processes are great indicators in explaining project outcomes. Besides, 'Project SAHAJ', a mini sanitary napkins manufacturing unit managed by a Self Help Group, is a great example of promoting good health and hygiene practices amongst women in the community.

I am sure with the model of 'pursuing with excellence', JSL under the guidance of the CMD, Shri Ratan Jindal, will continue to go from strength to strength along with being a Socially Responsible Corporate.

I am particularly happy to note that the farmers are being encouraged to double their income through innovative ways and I wish this new and impactful initiative all the success.

CHAIRMAN SPEAKS

Ratan Jindal

Chairman & Managing Director

Dear Shareholders,

The financial year 2016-17 marks a milestone in the journey of Jindal Stainless Limited (JSL); for the company declared net profit for the first time in its history. It's a story of turnaround for JSL. Ever since the commencement JSL operations in Jajpur, Odisha in 2011, the company has come a long way in stabilising and continuously improving performance on all fronts. Our teething problems are behind us, and JSL has set the ball rolling for profitable growth.

Our turnaround is evidenced both in our operational and financial success. For the first time, the plant reached a capacity utilization level close to 90%, by producing about 7.3 lakh tonnes of stainless steel. This is a marked improvement over FY 2015-16 capacity utilization of 75% with a production level of about 6 lakh tonnes. JSL's standalone gross revenue for the financial year ended on 31st March, 2017 increased by about 27% over FY 16, from Rs 7,028 crore to Rs 8,957 crore. Our earnings before depreciation, interest, exceptional items and taxes (EBIDTA) nearly doubled to Rs 1107 crore as compared to Rs 521 crore in FY 15-16, a jump of 112%. Your company has shown a net profit of Rs 58 crore as against a loss of Rs 559 crore in FY 15-16.

JSL was able to tide over difficulties in the preceding couple of years with the active support and collaboration of our consortium of lenders and bankers. We owe them a debt of gratitude for their backing in all ways possible. They approved our Asset Monetisation Plan (AMP), which resulted in creation of three new companies. Apart from financial balancing, the AMP also helped improve our product offering and operations.

Our success can chiefly be ascribed to a multi-pronged improvement strategy, driven by a force of

motivated and talented employees. Progress made in logistics, operations, sourcing, energy efficiency and financial leverage worked in tandem to bring about a complete transformation. During the year, we commissioned a railway siding within the plant to lower freight costs and dependence on local transporters. This, in turn, led to faster movement of raw materials and finished goods. Internal improvements, such as higher yields, increased power savings and better packaging, met the twin goals of cost optimisation and customer delight. Our foray into critical strategic sectors such as nuclear fusion reactors and oil & gas expanded our footprint in the Indian and global markets. A conducive local environment in Jajpur, Odisha played an instrumental and harmonious role in effecting such growth. Policies of Odisha Mining Corporation Ltd for chrome ore have to be conducive for the development of ferro-chrome industry. Currently, the units suffer due to non-availability of sufficient chrome ore, as well as frequent volatility in prices. Furthermore, shortage of coal puts pressure on power generation and pushes up power costs. In the past few months, coal prices have also gone up, adversely affecting the health of power plants. We are hopeful to find solutions to these issues with the support of authorities concerned.

The Indian stainless steel sector is slated to grow at a compound annual growth rate of 7.5% over the next decade. Sectors like ART (Automobile, Railway &

Transportation), ABC (Architecture, Building & Construction), process industry and defence are expected to fuel growth in the stainless steel industry. While the future prospects are teeming with opportunities, there remain concerns over low priced and substandard imports from countries like China. Measures taken by the Government of India to check dumping have been rendered ineffective as importers are finding new ways to sidestep laws. Challenges notwithstanding, JSL is prepared to meet the future head-on. Our tireless efforts to maximise operational efficiency will continue in full steam. We are prepared to enhance our capacity of cold-rolled products to further improve customer expectations. I am confident that our capable soldiers would continue to generate value for all our stakeholders.

Future will belong to new ideas and new technologies. It will belong to those who will be able to predict the direction of growth and customize their offerings to aid that process. Speed & innovation will be the two integral pillars for any business to expand its horizon whilst retaining its base. I am confident that JSL will meet and surpass all expectations as we go ahead. The company has embarked on a new journey to realize our Vision -Improving lives through trustworthy and innovative stain-less solution. I am confident that this vision will find manifestation in the lives of our stakeholders.

With the hope that the best is yet to come, I convey my gratitude to all our stakeholders for their trust and continued support in us.

NEW PRODUCT APPLICATIONS

Foraying into Uncharted Routes

Stainless Steel Fuel Tanks

Currently fuel tanks which are fabricated out of aluminised mild steel / galvanized steel, experience localised flaking off of the coating during welding and fabrication process. At these flaked off regions, the fuel comes in direct contact with the mild steel substrate and initiates the corrosion process. The corroded iron particles gradually clog the fuel tank nozzles, thereby necessitating frequent repair and cleaning of the fuel tanks.

Stainless Steel fuel tanks are immune from this problem since the corrosion resistance is provided by its innate chemistry and not through application of any physical coating. Due to its higher strength to weight ratio, Stainless Steel also enables reduction in thickness of the fuel tank components, resulting in weight savings of approximately 25 - 30%. The overall life cycle cost of using Stainless Steel fuel tanks is thereby lower than other alternative materials.

Key Projects:

- 350 litre capacity Stainless Steel fuel tanks being commercialised by Ashok Leyland.
- Stainless steel fuel tanks being developed by Volvo-Eicher Commercial vehicles.
- Stainless Steel fuel tanks being developed for Tata Motors for export vehicles.

Stainless Steel Exhaust systems for Commercial Vehicles

With the implementation of BS 4 emission norms, the particulate matter and NOX emissions in commercial vehicles have to be reduced by 50% each from the BS 3 levels. This mandates usage of after-treatment technologies like EGR or SCR, wherein there is an increase in the operating temperature and injection of corrosive chemicals like urea for SCR. Currently used material like aluminised mild steel are unable to withstand such high temperature and undergo corrosion in contact with urea.

Stainless Steel with its superior corrosion resistance, and higher oxidation and thermal fatigue resistance is the optimal material to be used for fabrication of exhaust systems.

Key Projects:

- Ashok Leyland
- Tata Motors (Heavy Commercial Vehicles)

Stainless Steel Bus Bodies

Bus Bodies having superstructure and inner / outer panels made out of painted mild steel experience severe corrosion, especially in the coastal parts of India. Thus, the entire structure needs to be overhauled after every 3-4 years.

Stainless Steel (SS) with its superior corrosion resistance properties eliminates the need for repair and maintenance. Further, due to its higher strength to weight ratio, it enables reduction in the weight of the bus body by as much as 20%, thereby lowering the fuel consumption and increasing the tyre life. The overall life cycle cost of a stainless steel bus body is therefore significantly lower as compared to alternative materials. Stainless Steel also offers superior fire and crash resistance as compared to other alternative materials.

Stainless Steel components currently used in Bus Bodies are as follows:

- Superstructure
- Outer panels in painted condition
- Inner panels in bright finish stainless steel
- Floors/luggage compartments with SS chequered sheets.
- Grab poles/handrails with Unpainted SS tubes

Key Projects:

- KMS Coaches, Bangalore
- SM Kannappa, Bangalore
- Azad Coaches, Jaipur and Bangalore
- Goa State Road Transport Corporation

PRODUCT BASKET

Stainless steel (SS) is a generic term for a family of corrosion resistant alloy steels containing 10.5% or more chromium. All stainless steels have a tremendous resistance to corrosion. This resistance is due to the naturally occurring chromium-rich oxide film formed on the surface of the steel. Although extremely thin, this invisible, inert film is tightly adherent to the metal and extremely protective in corrosive environment. The film is expeditiously self repairing in nature, and the indentation due to abrasion, cutting or machining is hastily repairable in the presence of oxygen. In addition, stainless steel objects rarely become waste at the end of their useful life as this metal is 100% recyclable. Qualities like low lifecycle cost, high strength to weight ratio, aesthetic brilliance and easy clean ability makes stainless steel the wonder metal for various applications.

Jindal Stainless Limited is the largest stainless steel producer in India with a capacity of 1 MTPA, eventually scalable up to 3.2 MTPA. It is also the largest manufacturer of stainless steel in 200 series, 300 series (including SS 304, SS 316), 400 series and duplex stainless steel grades. Company's manufacturing facility in Jajpur, Odisha, has the state-of-the-art equipment from world's reputed technology suppliers. The facility comprises of 250,000 TPA of Ferro Alloy division with a captive power generation unit of 264 MW. The product range includes Slabs, HR coil, CR coil and Plates.

Bus bodies | Exhaust systems, auto chassis, trims, suspension parts, fuel tanks, catalytic converters | Railway wagons and coaches | Metro coaches

Process & Engineering

Nuclear grade SS for fuel containment and waste handling | Super critical boilers in power plants | Water treatment and drinking water supply | Desalination applications | Chemicals, petro-chemical & fertilizer plants

Consumer Durables

Washing Machine | Microwave | Refrigerator | Components thereof

Stainless Steel in Plumbing

Stainless steel pipes are being increasingly used for plumbing because stainless steel offers wide range of benefits, with particular importance attached to its hygienic properties, its resistance to corrosion, long life and low maintenance. It does not require painting and blends smoothly with modern interior design. It is also fully recyclable.

Stainless steel often enjoys life cycle cost advantages compared to other materials. Even though the initial costs may be marginally higher for stainless steel plumbing materials, the gap in installed cost is reduced by a fast and more efficient method of jointing. Low maintenance, low system downtime and replacement costs, long life etc. makes stainless steel the most attractive metal when compared to other materials.

Stainless Steel in Chemical Industry

Probably the most demanding industries that use stainless steels are the chemical, processing and oil & gas industries. They have created a large market for stainless tanks, pipes, pumps and valves. One of the first major success stories for 304/316 stainless steel was the storage of dilute nitric acid as it could be used in thinner sections and was more robust than other materials.

SS pipes & tubes exhibit superior corrosion resistance, heat resistance and low-temperature properties & have been used as raw materials that can withstand harsh environments as seen in petroleum, brewery, Sugar, refining, oil & gas industries.

Stainless Steel in Beverage/ Dairy and Food Preparation and Processing

Materials for beverage, dairy and food preparation, processing and storage are required to maintain the integrity of the structure (i.e. to be corrosion resistant and sufficiently robust to withstand their service environment) and to be inert (i.e. to impart neither colour nor flavour to foodstuffs or beverages). Stainless steels are widely used in these applications because they are resistant to corrosion, inert, easily cleaned and sterilised without loss of properties, and can be readily fabricated by a variety of techniques.

Stainless Steels for Application in Automotive and Transport Sectors

Automotive and Transport sectors are making increasing use of stainless steels to reduce weight, improve aesthetics, enhance safety and minimize life cycle cost. Characterized by superior fire and corrosion resistance, they ensure safety and reliability. Since stainless steel exhibits superior combination of high strength, ductility, formability and toughness compared to other metals and alloys, the intrinsic weight of vehicle decreases and its load carrying capacity and fuel efficiency increases. Maintenance cost is naturally lower and stainless steel component at the end of its long life is easily recycled.

Stainless Steel In Architecture, Building & Construction

Stainless steel has been used in architecture, building and construction since its invention. Stainless Steel provides tremendous design flexibility to high profile projects while their strength and resistance to corrosion, wear and fire make them a practical long lasting choice for public and industrial buildings.

Worldwide stainless steels are being used for structural applications ranging from cutting edge architecture to infrastructure. Exceptional structural historical examples include the stainless steel concrete reinforcing bar in Yucatan, Mexico's Progreso Pier (1945); St. Louis, USA's Gateway Arch (1965); and the Louvre Pyramid in Paris, France (1989).

HARNESSING THE POWER OF IT

To ensure highest standards for information security, process planning and data management, Jindal Stainless Limited has designed and implemented world-class next generation IT Infrastructure. The company's consistent efforts towards delivering a robust, seamless and real-time support system ushered some breakthrough developments in the year 2016-17. Amongst such myriad initiatives the major ones are:

G- Suite Mail

From the traditional mailing system we have moved to cloud. With this major upgradation, we now have access to features such as Google Drive, Google Plus, Hangout, etc.

Asset Management System

This includes 'in-plant asset

facilitates checking online stock, issue and revocation of asset details, and availability with in-built approval matrix.

In Plant Vehicle Tracking System

Vehicle tracking system for both in-bound and out-bound processes via GPS system with a highly advanced alert system.

Barcode Scanning System

Physical Inventory location on system.

Single Window Operation

Single stoppage verification window for all the bills related to external services.

Next Generation Firewall Upgradation

Providing extended level of access control by monitoring network

layer including granular application identification and controlled user based authentication.

Enhancement of Customer Portal: Interactive portal for the valuable customers of JSL where they get a platform for raising the complaints related to product quality.

Implementation of BIS Certification: Product Standardization as per Govt Norms in Feb 2017.

In the journey of continual improvement and excellence, the company's IT team has always pushed the boundaries in succeeding, by delivering efficiently. So far, the expedition has been remarkably seamless. There are miles to go in shaping a stainless world for a digital future. The team's unfailing dedication and zest have always been the reason behind the successful endeavours.

AWARDS & ACCOLADES

UNLEASHING PEOPLE POWER

The sheen of stainless steel products of Jindal Stainless Limited is a reflection of the quality of its people. We are fully aware that every company's differentiating factor is its people, who cannot be replaced with technology, and they are the real power of a company.

While the organization continued to adopt the outside-in approach to bring delight to customers, it led a focused Inside-out campaign to re-define standards. Sustained learning and development initiatives were introduced to increase growth in results, harness untapped potential, foster team spirit and combine business vitals with personal growth. The organization built several platforms to nurture camaraderie at

workplace and urge people to move towards innovative & proactive work practices. Harnessing the power of IT in Human Resource Management, JSL digitized all its HR processes, including knowledge management systems and critical talent pool creation for exceptional performers. The automation of Talent Acquisition was introduced to strengthen the recruitment processes by integrating sources, processes, people and locations to a unified platform, where managing processes was now a much more efficient task.

Though learning and development remained the key to developing a relevant and passionate work culture, JSL maintained its

dedication to 'Hire Right' through its Talent Acquisition Process. During FY 16-17, 262 employees were added to our rolls which included 17 GETs (Graduate Engineer Trainees) from premier engineering colleges of India. The employee strength of JSL stood at 1820 as on 31st March 2017.

Following the unveiling of the new Vision and Mission statements for JSL, a first-hand approach was taken to measure success at all levels of the organization through the Balanced Score Card (BSC). By assisting employees to ask and answer the most paramount business questions, the BSC mapped a strategy to move from existing levels of performance to desired levels of performance. The activity was carried out across all functions and has now been made central to all management processes as well. This has ensured that different functions work in synergy to realize the vision and mission of the company and encompass it in our day-to-day functioning.

JSL remained devoted on its commitment to further a High-Trust, High-Performance Work Culture. The organization successfully accomplished the milestone of being Great Place to Work-Certified™. By participating in this meticulous assessment, we put ourselves through the litmus test of employee engagement and emerged with encouraging results. This marked a milestone in the evolution of our HR practices, and provided us with a clear insight for deeper and better engagement.

JSL's culture of inspiring and being inspired through enriching and meaningful human relations was recognized at an apex level. The company bagged the prestigious "Golden Peacock Training Award – 2017" for its 'Excellence in Training'. The overall training man days for JSL for FY 2016-17 stood at 9852.

At JSL, work-life balance is not just a concept but a way of life. Moving towards the principles of sustainable living, JSL promotes health and well-being among all its stakeholders, including employees. In FY 16-17, JSL launched a Wellness Calendar with a smorgasbord of constructive healthy actions meant to enhance employees' lifestyles. Various camps and awareness sessions were organized every month with Health Experts from reputed hospitals to coach employees.

JSL is currently at the cusp of a cultural change. Systematic learning and unlearning mechanisms are in place to ensure that the organization remains agile to a rapidly, and often entirely, changing marketplace. Every-day, we aim to be more creative than the last. Every-day, our enterprising employees seek and find innovative solutions to improve the lives of all our stakeholders.

SUSTAINABLE INITIATIVES

Philosophy of Sustainable Development

CSR Vision

Corporate Social Responsibility (CSR) is the strategic approach towards sustainable community development and the key to inclusive growth. With that as a focus, JSL's Corporate Vision is "Improving lives through trustworthy and innovative stain-less solutions".

Aligned to its vision, JSL through its Foundation has a wide range of social development programs initiated around its corporate offices, plant locations and factories with the aim of empowering communities and bringing succor to their woes. In addition, efforts are being made to sensitize employees on social issues and get them engaged in community work through volunteering programs. This has given our stakeholders including the employees, the community, and others in the supply chain, an opportunity to get connected with each other especially in the immediate operational space. Jindal Stainless Limited has established links with various National/International CSR initiatives and stressed upon participatory approach of Programme Development and Design.

Jindal Stainless Foundation

JSL Foundation, a registered society under the Registrar of Societies, was established with the aim of implementing various social and environmental initiatives through direct & indirect methods.

Mrs. Deepikka Jindal, Chairperson Jindal Stainless Foundation, provides the overall guidance for the CSR initiatives. Direct interventions are carried out by professional and experienced CSR team members at plant locations, and programs are also implemented through reputed national and international civil society and Non Government Organizations. We believe that "CSR is the direct connect between "Head & Heart" and can only be achieved when the professional understands and speaks the "Language of Heart."

Aim

Mainstreaming Communities at the Bottom of the

Philosophy

To address key social developmental issues and encourage all stakeholders to get engaged through Focused Sustainable Interventions with the aim of achieving the overall vision of JSL of improving lives through trustworthy and innovative stain-less solutions

Objectives

- To work towards Social advancement of all stakeholders to include i.e. communities and their families
- To work with farming communities toward doubling their incomes through technology based solutions and promoting climate adaptation practices
- Empower Rural Youth and Women through skill enhancement and promoting entrepreneurship
- Provide basic amenities to rural communities living around our areas of operations i.e. Primary Health, Basic Education etc.
- To work towards Environmental Protection
- To provide an enabling environment and promote best practices
- To ensure a proper reporting structure

Promoting Gender Equality and Empowering Women

Mr. Ratan Jindal, CMD of Jindal Stainless Limited (JSL), has clearly articulated his resolve of 'Responsible Business' in the Company's Vision Statement 'Improving lives through trustworthy and innovative stain-less solutions'. To improve the lives of women, besides the activities linked towards sustainable growth, Mr. Jindal has signed the United Nations (UN), 'CEO Statement of Support on Women Empowerment Principles (WEP)' and JSL as a member of the UNGC, is committed towards embracing the 10 UNGC principles. Since signing the 'CEO Statement of Support on WEP', the company has increased its representation of women in the work force, which is a major shift in policy as steel and mining industries as a practice have a thin presence of women due to the intense nature of work. However, the CMD has encouraged women to join the workforce and set an example of promoting women with equal opportunities.

JSL is streamlining the Women Empowerment Principles within the company and has come up with safety guidelines for women. The company is encouraging women to apply for managerial positions.

JSL also has a strong Internal Complaints Committee. A policy for prevention of sexual harassment at workplace and guidelines toward safety of women employees are in place.

CSR Activities

International Women's Day

International Women's Day (IWD) was celebrated at JSL on 8th March 17. The theme for IWD this year was "Be Bold for Change".

Stainless Steel Application Training Program in Rohad

Jindal Stainless has initiated a new project in Rohad this year in consortium with partners like Xyneto, UNDP, IKEA, Indian Development Foundation and Lok Bharti Education Society. The project aims at skill development and training of women, thereby creating employment opportunities for them in stainless steel industry. The training is imparted to equip them with the knowhow of various processes including cutting, welding, polishing, packing, as well as on quality control and quality assurance of stainless steel.

Once the training is over, these women are provided with the placement support and employment opportunities at Jindal Stainless. This year, 76 of these women were employed in the factory.

Promoting Education & Enhancing Vocational Skills

iStar Project:

Child Fund India adopted three educational centers and developed them as per the policy of Govt. of India – Early Childhood Care and Education (ECCE). As a first step they have done the educational painting work for two educational centers at Kantipur and Trijanga.

Mainstreaming of students from Bridge Course Education Centers

A total of 50 students from all the education centers have qualified for mainstreaming to the nearby government primary schools in standard II and III. The concerned head masters and education department officials were sensitized to enroll children in schools. The previously mainstreamed children from the bridge course centers have been doing well in their studies as per the feedback received from schools. IT Courses: Nine months PGDCA Course has been running with 30 students in two batches. A summer course of three months' duration with 30 students and a hardware training with 31 students has also been completed. Out of the 97 students trained in the year, 12 have been placed with various IT companies in the locality. Campus recruitment is also provided to the students.

Village Library

A total of 14852 readers visited the village library at Hudisahi Community Center, Bainsipur and its mobile library centers, etc. The mobile library goes around villages periodically and loans books to interested readers who come in large numbers at the appointed place and time. Efforts are made to encourage reading habits amongst locals with newspaper and periodicals selectively placed.

Employment Enhancing Vocational Skills

Courses such as Business Process Outsourcing, Computer Hardware, Summer IT Course, Industrial Electrical at Jindal Institute of Industrial Training (JIIT). A total of 358 students are enrolled at JIIT in different courses. The details of the courses are given as below:

Grameen Mahila Sanjivaneer Gruh Udyog has been promoted as a micro-enterprise by the CSR team at Kumbhiragadia village since 2014. This food processing unit has been catering to the needs of the village women. On the request of the women group, the CSR department has provided 70% of the total cost of stabiliser and pulverizer, and the group has installed pulverizer in the unit.

Details of Livelihood Promotion Activities:

- Production of snacks by the women SHG Members
- Sale of SHG products in plant – Grameen Dukan
- Poultry farming
- ASMITA Boutique Centre
- Processing of flour, besan etc.
- Mushroom Production
- Sahaja Sanitary Napkin Making Unit
- ASMITA Production Centre

Mushroom Cultivation by Women SHGs

Mushroom cultivation is organized in different phases in the villages involving the women SHG members. This year, a consolidated income of Rs 2,73,994 /- was earned by the women.

Poultry Farming

Last year the CSR Department introduced Rainbow Rooster variety of poultry birds amongst the community with technical guidance from local animal resources development department. A total of 1161 chicks were arranged from the government approved poultry farm from Bhadrak which were distributed amongst 85 beneficiaries from 13 CSR villages. A total of ₹ 2,45,885 was earned due to this initiative.

Tailoring Training Centres

Five tailoring training centres are running at different locations. This year, 256 girls/women were trained from these centres. The tailoring centres have been catering to the skill upgradation of the underprivileged village girls, and many of them have taken it up as their additional / main occupation.

ASMITA Production Centre

The center is working on a work order of 100 Ladies Kurtis from a local client M/s. Laxmi Enterprises, Jajpur Road. Orders such as Vinayak PPE for safety jackets, JP Handloom for door curtains are also stitched in the centre. Two ZUKI machines and one cloth cutting machine are provided to the centre.

Health Care

CSR Department has been looking after the community health care by organizing health camps in and around the periphery of JSL plant everyday with a doctor, pharmacist and one assistant. They are covering 14 villages every week as per the health camp schedule.

A total of 21272 patients visited the static clinic and mobile clinic.

JSL Dental Care Centre

The dental clinic is functioning at Community Health Centre (CHC), Danagadi and Maria Bhawan, Duburi. The clinic functions from 8.30 AM to 1.30 PM on every Saturday. A total no. of 969 patients were provided dental care at CHC, Danagadi and at Maria house, Nadiabhanga, Duburi.

Ensuring Environmental Sustainability & Ecological Balance

Project 'Krishi Unnati'

Project 'Krishi Unnati' is being implemented by Gram Unnati Foundation (GUF), the project implementing partner with the aim of doubling farmer's income through technology based solutions and adaptation of climate resilient practices. Besides other capacity building exercises being undertaken by GUF, soil testing exercise has been carried out at the testing laboratories of Paradeep Phosphates Ltd., at Bhubaneswar.

Eco friendly Cook Stove Promoted

Bio fuel efficient and eco friendly cook stoves in CSR operational villages are distributed in different villages of Kalinganagar. PCS -1 model of the Envirofit stove (durability 5 years) cooks in less wood and less smoke and is appreciated by the village women. It is procured from the agency and is distributed to 100 underprivileged women who are SHG members. The CSR Department has distributed 100 stoves to the SC/ST and underprivileged women of Trijanga, Baligotha, Satabainsia, Dasamania etc. with some marginal contribution from the women.

Agriculture Development

The CSR department has taken the Solar Photovoltaic Irrigation Project to three villages. Farmers Clubs are mobilized to open bank accounts in local banks and urged to start saving for the project towards 'farmers' contributions.

CSR department in collaboration with National Bank for Agriculture and Rural Development (NABARD) has installed two 2 hp and one 3hp solar irrigation systems in Asanbahali and Bengapatia villages respectively in which 31 farmers are benefitted and at least 30 acres of land shall be brought under cultivation.

Promotion of Solar Lights

To promote clean energy, the CSR department has been promoting solar lights in Kalinganagar area. 1440 inflatable solar lights have been procured from MPowered, a US based organization, with a different product line and distributed to communities with the aim of mitigating the problems associated with frequent power cuts and providing an alternate to the ongoing practice of using kerosene oil lamps. Around 900 lights are sold with subsidized price to the underprivileged women who are SHG members and another 340 lights are sold inside the plant by Sahaja women SHGs.

Explanatory Statement pursuant to Section 102 of the Companies Act, 2013
ITEM NO. 4

The Board of Directors had appointed Mr. Abhyuday Jindal as an Additional Director in the capacity of Non-Executive Vice Chairman with effect from 9th August, 2017, pursuant to the provisions of Section 161(1) of the Companies Act, 2013 ("the Act") and Articles of Association of the Company. His appointment was recommended by the Nomination and Remuneration Committee of the Company. Terms of his appointment are as under:

1. Tenure: He will be liable to retire by rotation.
2. He shall be entitled to receive sitting fees for attending the meetings of the Board of directors or committees thereof.
3. He shall be entitled to reimbursement of expenses actually and properly incurred by him for the business of the company.

In terms of the provisions of Section 161(1) of the Act, Mr. Abhyuday Jindal will hold office up to the date of the ensuing Annual General Meeting of the Company. A notice pursuant to Section 160 of the Companies Act, 2013 has been received from a member signifying his intention to propose Mr. Abhyuday Jindal as a candidate for the office of Director. He is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013 and has given his consent to act as Director. His brief resume, educational and professional qualifications, nature of his work experience etc. are given under the head "Additional Information".

The Board recommends the resolution set out at Item No. 4 as an Ordinary Resolution to the Shareholders for their approval. Mr. Abhyuday Jindal, being concerned, and Mr. Ratan Jindal, being relative of Mr. Abhyuday Jindal, along with their relatives may be deemed to be interested in the resolution.

None of the other Directors or key managerial personnel of the Company or their relatives is in any way concerned or interested, financially or otherwise, in the above referred resolution.

ITEM NO. 5

The Board of Directors had appointed Ms. Bhaswati Mukherjee as an Additional Director in the capacity of Independent Director, with effect from 15th July, 2017. Her appointment was recommended by the Nomination and Remuneration Committee of the Company. In terms of provisions of Section 161(1) of the Act, she will hold office up to the date of this Annual General Meeting.

Ms. Bhaswati Mukherjee is not disqualified from being appointed as Director in terms of Section 164 of the Act and has given her consent to act as Director. The Company has also received declaration from her that she meets with the criteria of Independence as prescribed under Section 149(6) of the Act and Regulation 16 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. In terms of Section 149 of the Companies Act, 2013 ("the Act") read with Schedule IV thereto and with the Companies (Appointment and Qualification of Directors), Rules 2014, an Independent Director shall hold office for a period of up to 5 consecutive years and shall not be liable to retire by rotation.

The Board of Directors considered the matter of her appointment in its meeting held on 9th August, 2017 on recommendation of the Nomination and Remuneration Committee and felt that her association would be of immense benefit to the Company and proposed her appointment as Independent Director under Section 149 of the Act, whose office shall not be liable to retirement by rotation, to hold office for a term of 3 (three) consecutive years commencing from 15th July, 2017 till 14th July, 2020. In the opinion of the Board, she fulfils the conditions of appointment as an Independent Director as specified in the Act, and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations 2015.

The Company has received notice in writing from a member in terms of Section 160 of the Act alongwith deposit of requisite amount proposing her candidature to be appointed as director in this Annual General Meeting.

Her brief resume, educational and professional qualifications, nature of her work experience etc. are given under the head "Additional Information".

Copy of the draft letter of appointment setting out the terms and conditions for the appointment of Ms. Bhaswati Mukherjee as Independent Director is available for inspection by the Members at the Registered Office of the Company during normal business hours on working days upto the date of this Annual General Meeting.

The Board recommends the resolution set out at Item No. 5 as an Ordinary Resolution to the Shareholders for their approval.

Ms. Bhaswati Mukherjee, being concerned, along with her relatives may be deemed to be interested in the resolution. None of the other Directors or key managerial personnel of the Company or their relatives is in any way concerned or interested, financially or otherwise, in the above referred resolution.

ITEM NO. 6

Pursuant to Section 148 of the Companies Act 2013 read with the Companies (Cost Records and Audit) Rules, 2014 as amended and Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to Cost Auditors should be ratified by the shareholders of the Company. The Board of Directors, in its meeting held on 9th August, 2017, on the basis of recommendations of the Audit Committee appointed M/s. Ramanath Iyer & Co., Cost Accountants, 808, Pearls Business Park, Netaji Subhash Place, New Delhi - 110034, as Cost Auditors to conduct audit of cost records of the Company for the financial year 2017-18 in respect of business activities relating to Steel business and subject to ratification by shareholders, fixed their remuneration at ₹ 1,75,000 (Rupees One Lakh Seventy Five Thousand).

The Board recommends the resolution set out at Item No. 6 as an Ordinary Resolution to the shareholders for their approval.

None of the Directors, Key Managerial Personnel of the Company or their relatives is, in any way, concerned or interested, financially or otherwise in this resolution.

ITEM NO. 7

The Company in the ordinary course of its business and on arm's length basis, sells goods to PT. Jindal Stainless Indonesia ("PTJSI"), Jindal Stainless (Hisar) Limited ("JSHL"), Jindal United Steel Limited ("JUSL") and Jindal Coke Limited ("JCL") and also purchases goods from them, besides allocating common corporate expenditure. Further, the Company also, from time to time, may enter into the transactions specified under Section 188 of the Companies Act, 2013 including availing of and rendering services from / to the above entities.

PTJSI is subsidiary of the Company and is 'Related Party' of the Company within the meaning of Section 2(76)(viii) of the Companies Act, 2013 ("the Act"); JUSL and JCL are associate companies and are 'Related Party' within the meaning of Section 2(76)(viii)(A) of the Act; and JSHL is a 'Related Party' of the Company within the meaning of Section 2(76)(v) and 2(76)(viii)(A) of the Act. PTJSI, JUSL, JCL and JSHL are also related parties in terms of the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The values of the transactions proposed which will be on an arm's length basis, are based on the Company's estimated transaction value for FY 2017-18.

The explanation to Regulation 23(1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, provides that a transaction with a related party shall be considered material if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds ten percent of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity. Further, Regulation 23(4) provides that all material related party transactions shall require approval of the shareholders through ordinary resolution.

Further, in terms of first proviso to Section 188 of the Companies Act, 2013 read with Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014, the contracts or arrangements exceeding the sums as may be prescribed, shall be approved by the shareholders of the Company.

The contracts / arrangements / transactions relating to sale or purchase of products, goods, materials, leasing of property of any kind or rendering / acquiring of services besides sharing of common corporate expenditure with PTJSI, JSHL, JUSL and JCL are likely to exceed either the thresholds prescribed under explanation to Regulation 23(1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for being considered material or the thresholds prescribed under Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014.

Approval of the Shareholders is therefore being sought in terms of explanation to Regulation 23(1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, by way of an Ordinary Resolution. The Board recommends the resolution set out at Item No. 7 as an Ordinary Resolution to the shareholders for their approval.

INSTRUCTIONS FOR E-VOTING:

Pursuant to Section 108 of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014 and as amended, the Company is pleased to provide remote e-voting facility as an alternate for Shareholders of the Company to enable them to cast their votes electronically on the resolutions mentioned in the Notice of the 37th Annual General Meeting of the Company to be held on Tuesday, the 26th day of September, 2017. For this purpose, necessary arrangements have been made with the Central Depository Services (India) Limited ("CDSL") to facilitate e-voting. E-Voting is optional to the shareholders. The members may cast their votes using an electronic voting system from a place other than the venue of the meeting ("remote -voting"). The Company has appointed Mr. Sandeep Garg, Advocate, as the Scrutinizer for conducting the e-voting process in a fair and transparent manner. The list of shareholders/ beneficial owners shall be reckoned on the equity shares as on 19th September, 2017.

Process and Manner for Shareholders opting for e-voting is as under:-

- (i) The remote e- voting period begins on 23rd September, 2017 at 9.00 a.m. and ends on 25th September, 2017 at 5.00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 19th September, 2017, may cast their vote electronically. The remote e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) The shareholders should log on to the e-voting website www.evotingindia.com.
- (iv) Click on "Shareholders/Members"
- (v) Now Enter your User ID
 - (a) For CDSL: 16 digits beneficiary ID,
 - (b) For NSDL: 8 Character DP ID followed by 8 Digits Client ID,
 - (c) Members holding shares in Physical Form should enter Folio Number registered with the Company.
- (vi) Next enter the Image Verification as displayed and Click on Login.
- (vii) If you are holding shares in demat form and had logged on to www.evotingindia.com and voted on an earlier voting of any company, then your existing password is to be used.
- (viii) If you are a first time user follow the steps given below:

For Members holding shares in Demat Form and Physical Form

PAN: Enter your 10 digit alpha-numeric *PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders)

* Members who have not updated their PAN with the Company/Depository Participant are requested to use the Sequence number which is printed on Attendance Slip annexed with the Annual Report in loose leaf.

Dividend Bank Details / Date of Birth (DOB): Enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy) as recorded in your demat account or in the company records for the said demat account or folio. If both the details are not recorded with the depository or company please enter the member id/folio number in the Dividend Bank details field as mentioned in instruction (v).

- (ix) After entering these details appropriately, click on "SUBMIT" tab.
- (x) Members holding shares in physical form will then directly reach the Company selection screen. However, members holding shares in demat form will now reach 'Password Creation' menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- (xi) For Members holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.
- (xii) Click on the EVSN 'Jindal Stainless Limited' on which you choose to vote.
- (xiii) On the voting page, you will see "RESOLUTION DESCRIPTION" and against the same the option "YES/NO" for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- (xiv) Click on the "RESOLUTIONS FILE LINK" if you wish to view the entire Resolution details.
- (xv) After selecting the resolution you have decided to vote on, click on "SUBMIT". A confirmation box will be displayed. If you wish to confirm your vote, click on "OK", else to change your vote, click on "CANCEL" and accordingly modify your vote.
- (xvi) Once you "CONFIRM" your vote on the resolution, you will not be allowed to modify your vote.
- (xvii) You can also take out print of the voting done by you by clicking on "Click here to print" option on the Voting page.
- (xviii) If Demat account holder has forgotten the same password then Enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.
- (xix) Shareholders can also cast their vote using CDSL's mobile app m-Voting available for android based mobiles. The m-Voting app can be downloaded from Google Play Store. Apple and Windows phone users can download the app from the App Store and the Windows Phone respectively. Please follow the instructions as prompted by the mobile app while voting on your mobile.
- (xx) Note for Non-Individual Shareholders & Custodians:
 - Non-Individual Shareholders (i.e. other than Individuals, HUF, NRI etc.) and Custodians are required to log on to www.evotingindia.com and register themselves as Corporates.
 - They should submit a scanned copy of the Registration Form bearing the stamp and sign of the entity to helpdesk.evoting@cdslindia.com.

- After receiving the login details they have to create a user who would be able to link the account(s) which they wish to vote on.
 - The list of accounts should be mailed to helpdesk.evoting@cdslindia.com and on approval of the accounts they would be able to cast their vote.
 - They should upload a scanned copy of the Board Resolution and Power of Attorney (POA) which they have issued in favour of the Custodian, if any, in PDF format in the system for the scrutinizer to verify the same.
- (xxi) Any person, who acquires shares of the Company and become member of the Company after the despatch of the Notice and holding shares as on the cut-off date i.e. 19th September, 2017 may follow the same instructions as mentioned above for e-voting.
- In case you have any queries or issues regarding e-voting, you may refer the Frequently Asked Questions ("FAQs") and e-voting manual available at www.evotingindia.com under help section or write an email to helpdesk.evoting@cdslindia.com as well as to the Secretarial Department of the Company at O.P. Jindal Marg, Hisar or email at investorcare@jindalstainless.com.

FINANCIAL HIGHLIGHTS

Your Company has adopted Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Accounting Standard) Rules, 2015, as amended, w.e.f. April 1, 2016 and the above results have been prepared in compliance with Ind AS. Ind AS has replaced the existing Indian GAAP prescribed under Section 133 of the Companies Act, 2013 read with Rule 7 of Companies (Accounts) Rules, 2014.

The financial results for the year ended March 31, 2016 have been restated to comply with Ind AS to make them comparable.

A Composite Scheme of Arrangement (the 'Scheme') amongst the Company, Jindal Stainless (Hisar) Limited, Jindal United Steel Limited, Jindal Coke Limited and their respective shareholders and creditors under the provision of Sec 391-394 of the Companies Act, 1956 and other applicable provisions of Companies Act, 1956 and/or Companies Act, 2013 was sanctioned by the Hon'ble High Court of Punjab & Haryana, Chandigarh (High Court) pursuant to its Order dated 21st September 2015 (as modified on 12th October, 2015). The certified copy of the said order was filed with the office of the Registrar of Companies on 1st November, 2015. Consequent thereupon, Sections I and II of the Scheme became operative with effect from the Appointed Date 1 i.e. close of business hours before midnight of 31st March, 2014. Further, the Company received approval from the Orissa Industrial and Infrastructure Development Corporation Limited (OIIDCO) on 24th September, 2016 with respect to transfer/right to use the land on which Hot Strip Mill (HSM) and Coke Oven Plant is located from the Company to Jindal United Steel Limited and Jindal Coke Limited respectively and consequent thereupon, Sections III and IV of the Scheme became operative with effect from the Appointed Date 2 i.e. close of business hours before midnight of 31st March, 2015. The impact of the implementation of the Scheme has been reflected in the financial results for the years ended on 31st March, 2016 and on 31st March, 2017.

During the year, the Revenue from operations of your Company on standalone basis has increased by 27.45% at ₹ 8,957.40 Crore as compared to ₹ 7,028.24 Crore during previous financial year 2015-16. The Profit before other income, Finance Cost, Depreciation, Exceptional Items, Tax & Amortisation (EBIDTA) on standalone basis stood at ₹ 1,106.70 Crore as compared to ₹ 520.94 Crore during previous year. The Net profit on standalone basis stood at ₹ 58.34 Crore as compared to a net loss of ₹ 559.12 Crore during previous year.

Further, during the year, the consolidated Revenue from operations, of your Company has increased by 29.84% at ₹ 9,924.78 Crore as compared to ₹ 7,643.86 Crore during previous financial year 2015-16. Consolidated Profit before other income, Finance Cost, Depreciation, Exceptional Items, Tax & Amortization (EBIDTA) stood at ₹ 1,165.59 Crore as compared to ₹ 572.73 Crore during previous year. The Net profit on consolidated basis stood at ₹ 81.57 Crore as compared to a net loss of ₹ 556.79 Crore during previous year.

During the year under review, the operations of your Company improved significantly and the EBIDTA of the Company on standalone basis increased by 102% over the last financial year. However, the high interest burden continued to put pressure on the profitability of the Company.

OUTLOOK

The world economy is gaining momentum after a dull outturn in 2016. Economic growth is expected to increase to 3.5% in 2017 from 3.1% in 2016, as per International Monetary Fund (IMF). Improved economic activity is likely to push the growth further. Economic performance across most regions is recovering but US policy uncertainty poses a concern.

Growth in emerging markets including India remains subdued. IMF projects slowdown in Indian economy on account of demonetisation with GDP growth rate estimates revised to 7.2% for 2017-18. Further, outlook for the Asian region remains sluggish with an exception of China.

As per International Stainless Steel Forum, global stainless steel production increased to 45.8 MT in 2016, China being the highest contributor. According to estimate by Steel and Metals Market Research (SMR), global stainless steel demand will increase by 4% in 2017. In India, domestic demand will grow by over 9% in next five years as per Indian Stainless Steel Development Association (ISSDA). Major demand is expected from the Architecture, Building and Construction (ABC) segment while Automobile, Railway and Transport (ART) will also provide stimulus. Prospects of normal monsoon project a GDP growth of above 7% in 2017-18.

OPERATIONS

Your Company has been able to improve its performance significantly during the year 2016-17 despite the adverse global position of Stainless Steel industry. Steel Melting Shop produced 7,22,995 MT as compared to 6,03,852 MT in the last year, having rolled both stainless steel material (7,04,680 MT) and mild steel material (3,41,798 MT), Plate Finishing Shop produced 46,966 MT against 33,082 MT in last year, HAPL in CRM produced 5,92,113 MT against 5,34,138 MT in last year and CAPL in CRM produced 3,44,725 MT against 3,11,923 MT produced in last year.

The production at Ferro Alloys during the year was 2,05,510 MT against 1,54,309 MT during last year.

The captive Power Plants (2X125MW) generated 1,784.92 million units (net) of power as compared to 1,620.26 million units (net) in the last year.

Your Company is certified for various product and system certifications including integrated management system comprising of ISO 9001:2008 Quality Management System (ISO 9001:2008), Environment Management System (ISO 14001:2004) and Health and Safety Management System as per BS OHSAS 18001:2007. And further up-gradation of ISO 9001 & 14001 for 2015 version is under process.

Your Company is now in receipt of REACH/RoHS certification for 200, 300 & 400 series stainless steel grades. This includes compliance to the 7 new additions of substances of very high concern (SVHC) in the REACH regulation 1907/2006. Scope of Construction Product Directive (CE Marking) certification is expanded to include grades – EN 1.4003, 1.4016, 1.4512 and 1.4372. This has enabled your Company to be the preferred and certified manufacturers of stainless for construction field in European market with 10 grades covered under CE marking scope. Validity of AD/PED certification has been extended to Feb 2019 along with the grade additions of EN 1.4003. Your Company's Jajpur unit has also successfully completed DNV audit against DNV guidelines for Manufacturer Product Quality Assessment (Level 4) and Marine approvals.

Asset Monetization and Business Reorganization Plan (AMP) and Composite Scheme of Arrangement

The Company, after having various rounds of discussions with the CDR Lenders, had finalized a comprehensive plan of Asset Monetization cum Business Reorganisation Plan ("AMP"), which entailed monetization of identified business undertaking(s) of the Company through demerger/slump sale(s) and utilization of the proceeds of the slump sale(s) in reduction of debt of the Company.

As a part of the above said AMP, a Composite Scheme of Arrangement among the Company and its three wholly owned subsidiary companies viz. Jindal Stainless (Hisar) Limited ("JSHL"), Jindal United Steel Limited ("JUSL") and Jindal Coke Limited ("JCL") and their respective creditors and shareholders was undertaken which was approved by the Hon'ble High Court of Punjab and Haryana at Chandigarh, vide its order dated 21st September, 2015 (as modified on 12th October, 2015), Certified true copy of the said Order was filed on 1st November, 2015, with the office of Registrar of Companies, NCT of Delhi and Haryana. Consequently, Section I (pertaining to demerger of Mining Division and Ferro Alloys Division and vesting the same in JSHL) and Section II (pertaining to slump sale of manufacturing facility at Hisar from the Company to JSHL) of the Scheme became operative from the Appointed Date 1 i.e. close of business hours before midnight of 31st March, 2014. The Scheme envisaged demerger of Mining Division including the Chromite Mines located at Sukinda and vesting the same in JSHL, however, the Company did not receive approval from the Ministry of Mines, Government of Odisha for transfer of the said Mines to JSHL, therefore, the Board of Directors of the Company in its meeting held on 23rd November, 2016, in terms of clause 1.10 of Section V of the Scheme, decided not to transfer the Mines to JSHL.

Section III and IV of the Scheme with respect to JUSL and JCL respectively became operative from Appointed Date 2 i.e. close of business hours before midnight of 31st March, 2015, and became effective upon receipt of approval from Orissa Industrial and Infrastructure Development Corporation Limited (OIIDCO), on 24th September, 2016, with respect to the transfer / right to use the land on which Hot Strip Mill and Coke Oven Plant is located, from the Company to JUSL and JCL respectively.

Post implementation of the Scheme, the Company has already received an amount of ₹ 2600 Crore as consideration for slump sale from JSHL, which has been utilized to prepay the debts of the Company and accordingly the debt of the Company as on date has been reduced to that extent. The Company has further received an amount of ₹ 2355 Crore from JUSL and ₹ 490 Crore from JCL towards consideration of slump sale and interest free security deposit for sharing infrastructure facilities in due course and that amount shall also be utilized to prepay the debts of the Company.

On 26th May, 2017, the Company has allotted (i) 605,70,320 equity shares of face value of ₹ 2 each ("Equity Shares") and (ii) 14,28,30,637 - 0.01% Optionally Convertible Redeemable Preference Shares of face value of ₹ 2 each ("OCRPS") to the lenders of the Company upon conversion of the Funded Interest Term Loan I and the Funded Interest Term Loan II at a price of ₹ 39.10 (including premium of ₹ 37.10) per Share/OCRPS, aggregating to ₹ 236,82,99,512; and ₹ 558,46,77,906.70 respectively.

In view of above the AMP scheme implementation is substantially complete.

ANNEXURE II TO DIRECTORS' REPORT

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO PURSUANT TO PROVISIONS OF SECTION 134 OF THE COMPANIES ACT, 2013 READ WITH THE COMPANIES (ACCOUNTS) RULES, 2014.

(A) CONSERVATION OF ENERGY

The steps taken for conservation of energy:

1. Ferro Alloy Plant Energy Conservation

- Utilizing waste heat out of gases generated from 60 MVA furnaces by passing through WHRB & generating steam which is supplied to CRM. Approx 118901 tones of steam generated in FY 2016-17 utilizing waste heat of flue gases. To generate equivalent amount of steam quantity approx 31290 metric tons of coal is required, thereby saving of ₹ 8,44,83,000 per annum.
- Modification of bottom blower circuit at SAF-5 which provides energy saving of 33288 KWh per annum. Annual Savings- ₹ 1.9 Lakhs with an investment of Zero.

2. Captive Power Plant Energy Conservation

- Cooling Tower fan-6 Shaft, Blade & Gear box modification carried out resulting a substantial reduction of energy consumption for achieving the same cooling effect with saving of 287021 KWh/Year. Annual saving- ₹ 16.5 Lakhs, Cost incurred – ₹ 4.9 Lakhs
- Installation of electronic actuator instead of pneumatic actuator in BFP#1A & BFP#2A resulted in process optimization as well as a saving on compressed air which is around 38914 KWh/Year. Annual saving- ₹ 2.24 Lakhs, Cost incurred – ₹ 7.4 Lakhs
- Installation of electronic actuator instead of pneumatic actuator in PA Fan # 2A & PA Fan # 2B resulted in process optimization as well as a saving on compressed air which is around 27337 KWh/Year. Annual saving- ₹ 1.57 Lakhs, Cost incurred – ₹ 5.48 Lakhs

3. Cold Rolling Mill Energy Conservation

- Replacement of 250 watt HPMV lights with 35 watt LED lights at HAPL Lopper in order to save energy. Annual Savings – ₹ 7.9 Lakhs, Cost incurred- ₹ 1.85 Lakhs.
- Replacement of 250 watt HPMV shed lights with 150 watt LED lights at CAPL in order to save energy. Annual Savings – ₹ 5.03 Lakhs, Cost incurred – ₹ 4.92 Lakhs.
- Installation of 180KVA Energy Saver panel for shed lights at finishing line to reduce the energy consumption due to lighting. Annual Savings – ₹ 3.82 Lakhs, Cost incurred – ₹ 2.75 Lakhs.

4. Steel Melt Shop Energy Conservation

- Reduction in EAF power consumption achieved by (a) Use of cleaner scrap and high yield material (b) Trials with AOD slag addition (c) Increased use of liquid Ferro Chrome to an extent of 3628238 KWh per annum. Annual Savings – ₹ 208.62 Lakhs, Cost incurred – Nil.
- Energy Savings achieved in LRF by Minimal purging in lead heats of longer sequences to an extent of 1451295 KWh per annum. Annual Savings – ₹ 83.5 Lakhs, Cost incurred – Nil.

FORM OF DISCLOSURE OF PARTICULARS WITH RESPECT TO TECHNOLOGY ABSORPTION

1. Specific areas in which, the Company carried out Research and Development Certifications:

Jindal Stainless Limited is certified for various product and system certifications including integrated management system comprising of ISO 9001:2008 Quality Management System (ISO 9001:2008), Environment Management System (ISO 14001:2004) and Health and Safety Management System as per BS OHSAS 18001:2007. And further up-gradation of ISO 9001 & 14001 for 2015 version is under process.

The Company is now in receipt of REACH/RoHS certification for 200, 300 & 400 series stainless steel grades. This includes compliance to the 7 new additions of substances of very high concern (SVHC) in the REACH regulation 1907/2006. Scope of Construction Product Directive (CE Marking) certification is expanded to include grades – EN 1.4003, 1.4016, 1.4512 and 1.4372. This has enabled the Company to be the preferred and certified manufacturers of stainless for construction field in European market with 10 grades covered under CE marking scope. Validity of AD/ PED certification has been extended to Feb 2019 along with the grade additions of EN 1.4003. The Company's unit has also successfully completed DNV audit against DNV guidelines for Manufacturer Product Quality Assessment (Level 4) and Marine approvals.

Quality Assurance Steel Melt shop & Material laboratory have availed NABL accreditation as per ISO 17025: 2005. Also, Metallurgical & Mechanical testing facility of Quality Assurance laboratory is in process of enhancing the testing standards in line with the requirements of NABL as per ISO 17025: 2005. The Company's Jajpur unit is in the process of incorporating Energy Management System (ISO 50001:2011) to the existing integrated management system comprising of QMS, EMS and OHSAS.

The Company is in receipt of ISI mark/ BIS certification for Stainless Steel grades for Austenitic & Ferritic series as per IS 6911: 1992 (Stainless steel plate, sheet and strips). This has enabled the Company to be first stainless steel manufacturer to receive BIS license for stainless steel as per IS 6911: 1992. Furthermore the Company has also availed ISI mark/ BIS certification of stainless steel standards as per IS 5522: 2014 (Stainless Steel Sheets and Strips for Utensils) & IS 15997:2012 (Low Nickel Austenitic Stainless Steel and Strip for Utensils and Kitchen Appliances). The Company's has also successfully carried out marking of product as per IS 6911:1992, IS 5522:2015 & IS 15997:2012 thus meeting the mandatory requirements of Government of India, in the ministry of Steel.

The Company has also successfully completed audit & testing as per Japanese Industrial standard & certification is awaited from Japan Quality Assurance Organization (JQA) soon. This will enable to dispatch material in Export market with JIS Certification as per JIS G 4304(Hot-Rolled Stainless Steel Plate, Sheet and Strip), JIS G 4305(Cold-Rolled Stainless Steel Plate, Sheet and Strip) & JIS G 4312(Heat-resisting Steel Plate, Sheet and Strip).

Development of new products:

Additions of various Developmental SS grades at Jajpur unit in FY 2016-17 UNS S32205 for fabrication purpose for further usage in marine applications, 410 for material handling in coal industries, 321H for high temperature tube applications, EN 1.4306 for general application and HNS for use in defence as material for Mine Protected Vehicle. Developmental achievements include 2J finish supply in grade 304L to customer Bombardier in 2mm thickness.

2. Developmental achievements & Process Improvement:

Developmental Achievements

- Major developmental achievements includes substitution of 2B finish through double 2E+SPM instead of processing at CAPL in grade 304, JT in suitable thickness & applications.
- Modification of chemistry in grade JSLUDD in order to minimize Sliver-B.
- Improvement in polishability of grades – JLSLD/ DD.
- Reduced surface roughness in grade 430 by controlling de-scaling practices and pickling parameters in continuous annealing & pickling line.

Process Achievements:

- Major Process improvement achievements include minimization of Ferritic segregation in grades 304/304L through optimization of chemistry, grinding practices & HSM practices.
- Minimization of defect slab scale in grades 304/304L through slab grinding
- Minimization of slab edge in 300sr grades through slab de-burring & edger roll practice change.
- Improvement in productivity in grade 409L at HAPL/CAPL through increased cold reduction & optimization of CRM processing parameters.
- Minimization of Roll Thermal Crack in grade 410DB & 410S by optimizing casting parameters.

3. Cost reduction:

- Minimising slab grinding in grade 304.

4. Benefits derived:

- Scope of construction and Product directive certification (CE marking) - Preferred and certified manufacturers of stainless for construction field in European market with 10 grades covered under CE marking scope.
- Incorporation of ISI/BIS certification as per IS 6911:1992 has also enabled the Company to be the first stainless steel manufacturer to receive BIS license for stainless steel.
- Receipt of REACH/RoHS certification for 200/300/400 series grades.
- ISI/BIS certification in carbon steel IS 10748:2004 and IS 2062:2011 and mild steel standard IS 11513:2011 & IS 6240:2008.
- Value addition of Grade – 304L, 2J finish–new application include making of metro coaches by Bombardier.

5. Future action plan:

- Development & stabilisation of new grades such as 904L, 409Ni, 444, 445, 347, UNS 32101.
- Development of value-added products in 2J, Hairline finish.

6. Expenditure on R&D:

	2016-17 (₹ in Lakhs)
Capital	100
Revenue	45
Total	145
Total R&D expenditure as percentage of turnover	0.002%

A. Cold Rolling Mill

1. Efforts made, in brief, towards technological absorption, adaptation and innovation:

Jajpur CRM plant comprises the latest technology from Europe, any and every increase in yield or decrease in consumables has a large effect on the carbon foot print & also cost to the company. Being one of the leading producers of the SS in the country & even with the state-of-the-art technology and equipments we have made continual efforts to further reduce wastages and improve beyond the designed capabilities.

Taking a step forward to the mission of the Company, CRM also catered materials to customers like Bombardier this year and have been successfully acknowledged by the customer regarding our superior product quality.

CRM has also been continually making efforts in making out maximum from the existing resource like:

- Commissioning of a new In-house constructed container/ packet loading device in CRM.

- Faster Loading

- Capacity optimization

Other facilities/developments are done for better environment & cost effectiveness.

- Successfully provided 100 MT of 2J finish material to Bombardier customer.
- Installation of lime handling project as a statutory requirement for health improvement and safety compliance.

- Successfully processed 2EE finish in grades like 304, JT & 409L
- Achieved success in rolling weld joint at CAPL which will bring forth high yield and cost optimization in future.
- Formed teams to target masses to create awareness in safety, housekeeping and for self development : Special 26 to connect masses on safety, Crazy CRM for encouraging Housekeeping and 10 Ka Dum for skill developments by imparting training.

II. Benefits derived as a result of the above efforts:

The overall benefits from the initiatives taken are apparent. To name some:

- In view of Social responsibility for better environment & cost effectiveness reduction in steel wastage by Overall Yield improvement.
- Increased energy efficiency through Power saving by 40%.
- Reduced carbon footprint by minimizing propane consumption by 40%.
- Improved productivity led to rise in finish production in FY'16-17 by 19% wrt FY'15-16

Production Quantity (MT) for FY'2016-17 is as below:

- HAPL: 0.592 million ton
- CAPL: 0.345 million ton
- HR FIN: 0.239 million ton
- CR FIN: 0.434 million ton

B. Steel Melting Shop
I. Efforts made, in brief, towards technological absorption, adaptation and innovation:

- Steel melting shop with its augmented state of the art facility has shown stupendous performance by increasing its annual production by 17% to 725.6 KT from 603.9 KT in last fiscal. Significant efforts have been made towards reduction of both conversion cost and raw material cost by continual improvement of operating practices which led to decline of costs incurred for refractory, power, fuel and electrode and use of cheaper raw material sources like LMS and Solomet sinters. As initiative to utilize low variant of Ni, successful de-phosphorization of Nickel pig iron has also been carried out in electric arc furnace.
- Pollution dust and mill scale sample has been tested at IMMT Bhubaneswar for extraction of valuable metal from above by product of SMS thereby showing its commitment towards resource saving and re-utilization.
- Alongside production, the commitment towards environment and safety has been of highest order. A positive trend is also evident in the energy utilization of the department with reduction in usage of both electrical energy and fuel sources as compared to the previous years. New grades like UNS 2205, HNS 321H were produced which added new dimension stainless steel market segment.
- The Company has tied up with IMMT Bhubaneswar in recovering valuable metal from pollution dust and mill scale thereby showing its commitment towards resource saving and re-utilization.

II. Benefits derived as a result of the above efforts:

- Efforts towards continual improvement have resulted in 20% increase in capacity utilization of plant compared to last fiscal.
- EAF operated at highest life of 497 heats without repair.
- Significant improvement in AOD achieving ever highest of 174 Heats, with highest productivity of tapping of 19 heats in a day is an evidence of our efforts towards process efficiency.
- As cast achieved upto 97% and operated caster with ever highest speed of 1.35 m/min.
- In house roller table extension of caster has been carried out which reduced the load of caster bay crane load by 10%.

C. Ferro Alloys

The production at Ferro Chrome during the year FY 2016-17 was 0.205 million ton against 0.142 million ton in FY 2015-16.

I. Efforts made in brief :

- Commissioning of second press of capacity 30 TPH in Briquetting plant -2
- Ferro Chrome conversion agreement for 7000 MT per month entered with M/s TATA Steel for four years to ensure supply of raw material
- A dedicated team was engaged optimize the liquid Ferro Chrome transfer to SMS from 60 MVA as well as 27.6 MVA furnaces too.
- Effective utilization of storage shed -2 for proper storage of green briquettes.
- 100% utilization of domestic electrode carbon paste also conversion & stabilization of 27.6 MVA furnaces with M/s Carbon Resource paste.

II. Benefits derived as a result of the above efforts:

- Continuous availability of raw materials paved the way to run all five furnaces throughout the year, producing 66515 MT of TATA Ferro Chrome & reach a total production of 205510 MT Ferro Chrome production resulting in capacity utilization of Ferro Alloys & continuous utilization of power from CPP.
- The transfer of liquid Ferro Chrome to SMS is 58092 MT in FY 16-17 against 50488 MT in the FY 2015-16.
- Briquette fines generation has come down to 20% in FY16-17 compared to 29% in FY 15-16 at higher production volume also.
- Alternate supplier availability & also the cost of M/s Carbon resource paste is less about ₹ 1000 than M/s Hindalco paste giving a benefit of about ₹ 18 per tonne of production from 27.6 MVA furnaces.

D. Captive Power Plant

Captive Power Plant (2X125MW) generated 1,784.923 million units (gross) of power. Out of the total generation, 1587.215 million units were consumed at Jajpur plant and 55.923 million units sold through exchange. Total plant load factor gross generation achieved 85% in 2016-17.

Efforts made:-

- Energy savings potential of 2,14,566 units/year achieved by modifying CT Fan-6 at required vacuum effecting low power consumption in auxiliaries.
- Energy savings potential of 3,600 units/year achieved by modifying RO Plant HRSCC sludge discharge system by replacing motorize system to gravity system.
- Energy savings potential of 27,337 units/year achieved by application of electronic actuator instead of pneumatic actuator in U#2 both PA fans.
- Energy savings potential of 38,948 units/year achieved by application of electronic actuator instead of pneumatic actuator in BFP#1A & BFP#2A.
- By commissioning of Reverse Osmosis plant for effective reuse of Cooling Tower Blow down water 500 m3/Day Cooling Tower Blow down water is recycled & equivalent make up water is reduced.

Future action plan:

- APH main motor to be replaced by energy efficient motor.
- All CT fan except Fan – 6 to be modified by fiber materials with effecting of low power consumption.
- U#1 both PA Fans to be modified by application of electronic actuator instead of pneumatic actuator.
- Energy to be saved /year achieved by application of electronic actuator instead of pneumatic actuator in BFP#1B & BFP#2B.

**II. Benefits derived as a result of the above efforts:-
(b) CRMHS (Central Raw material handling system)**
Efforts made:

In order to minimize the cost of unloading, truck tippler 1&2 project has been commissioned with total unloading of 1,40,343 MT from 7486 trucks up to Mar'17. Parallel conveyor J4C2 has also been commissioned which helps in direct stacking of coking coal without hampering Truck Tippler unloading and CPP feeding. By installation of Pre wetting and Water Mist System in Wagon Tippler fugitive dust emission from coal unloading has been suppressed.

II. Benefits derived as a result of the above efforts

- The transportation cost of coal reduced.
- The generation cost of power reduced.
- The Handling losses during transportation reduced.
- The mixing of foreign materials with coal in the general railway siding has minimized.
- The cost of coal feeding has reduced as feeding is directly from the wagon tippler to bunkers of coke oven and CPP.

Future action plan:

Installation of parallel conveyor J12C2 which will reduce the risk of single conveyor feeding to CPP and ensure redundant conveyor line for continuous coal feeding.

Benefits derived as a result of the above efforts

- The unloading cost of coal reduced by Rs 40/MT by truck tippler over manual unloading.
- The generation cost of power reduced due to lower coal handling cost (Avg. 1.2p/Unit).
- The penalty for delay in unloading of rake imposed by Railways is avoided.
- The environmental impact due to fugitive dust emission has reduced.

E. Railway Siding
I. Efforts made, in brief, towards technological absorption, adaptation and innovation:

- After starting operations in November, 2015 the JSL Railway Siding has been on a continuous path of increasing traffic volume catering to different commodities like containerized cargo and bulk cargo like coal, fluxes and also carbon steel slabs and HR coils. Multimodal concept for despatch of SS has also been incorporated successfully. The highest traffic volume reached 103 rakes in November, 2016.
- For lashing and choking of FG export containers an innovative method using Expandable Polystyrene blocks (EPS) has been adopted. Presently about 500 containers are being stuffed using this method.

II. JSL-Railway Siding Benefits derived as a result of the above efforts:

- Consistent operations of railway siding have resulted in substantial savings on freight in addition to effective control on transit losses and pilferage. This has also resulted in reducing road congestion inside and outside the plant thereby improving vehicle turnaround time and enhancing safety.
- Lashing and choking using EPS blocks has resulted in significant reduction in vehicle turnaround time and also cost of container stuffing.

FUTURE PLAN FOR THE RAILWAY SIDING

The ICD project is in an advanced stage and due for completion and commissioning in the next three months. This will improve container availability and also reduce transportation and detention costs.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2017

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Jindal Stainless Limited

We have conducted the secretarial audit of the compliance of applicable statutory provisions and adherence to good corporate practices by Jindal Stainless Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company (as per Annexure – A1, hereinafter referred to as "Books and Papers") and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the period covered by our audit, that is to say, from April 01, 2016 to March 31, 2017 (hereinafter referred to as "Audit Period"), complied with the statutory provisions listed hereunder and also that the Company has proper board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the Books and Papers maintained by the Company for the Audit Period according to the provisions of:

1. The Companies Act, 2013 ("the Act") and the rules made thereunder including any re-enactment thereof;
2. The Securities Contracts (Regulation) Act, 1956 ("SCRA") and the rules made thereunder;
3. The Depositories Act, 1996 and the regulations and bye-laws framed thereunder;
4. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct Investment, Foreign Direct Investment and External Commercial Borrowings;
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act"):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 (SAST Regulations);
 - (b) The Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations');
 - (c) Securities Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (d) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 and Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (e) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 ("SEBI (ICDR) Regulations, 2009");
 - (f) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - (g) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008
6. Laws specifically applicable to the industry to which the Company belongs, as identified by the management, that is to say:
 - (a) Mines Act, 1952 read with Mines Rules, 1955;
 - (b) Mines and Minerals (Development and Regulation) Act, 1957 and Mineral Conservation and Development Rules, 1985;
 - (c) Mines Vocational Training Rules, 1966;
 - (d) Metalliferous Mines Regulations, 1961.
 - (e) Mines Rescue Rules, 1985;
 - (f) Mining Leases (Modification of Terms) Rules, 1956.
 - (g) Payment of Wages Act, 1936 and Payment of Wages (Mines) Rules, 1956;
 - (h) The Payment of Undisbursed Wages (Mines) Rules, 1989;
 - (i) The Iron Ore Mines Manganese Ore Mines and Chrome Ore Mines Labour Welfare Fund Rules, 1978;
 - (j) Iron Ore Mines Manganese Ore Mines and Chrome Ore Mines Labor Welfare Fund Act, 1976;
 - (k) Orissa Minerals (Prevention of Theft, Smuggling & Illegal Mining and Regulation of Possession, Storage, Trading and Transportation) Rules, 2007 along with OMPTS Amendment Rules, 2015;
 - (l) Orissa Minor Mineral Concession Rules, 2004;
 - (m) Collection of Statistics Act, 2008;

We have also examined compliance with the applicable clauses of the following:

- (a) Secretarial Standards 1 and 2 issued by the Institute of Company Secretaries of India;

During the Audit Period, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, etc. mentioned above.

MANAGEMENT RESPONSIBILITY:

1. Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit;
2. We have followed the audit practices and the processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion;
3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company or examined any books, information or statements other than Books and Papers;
4. We have not examined any other specific laws except as mentioned above;
5. Wherever required, we have obtained the Management Representation about the compliance of laws, rules and regulation and happening of events etc;
6. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedure on test basis;
7. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Resolutions have been approved by majority while the dissenting members', if any, views are captured and recorded as part of the minutes.

We further report that to ensure compliance with the labour laws, industrial laws and environmental laws and other specific laws applicable to the Company, the Company has developed compliance tool which lists the applicable Acts, regulations and the compliances to be ensured under the same along with the time limit. The compliance tool lists the officer responsible for filling up the compliance status on a regular basis. Hence, in our view, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the Audit Period, the Company has not incurred any specific event/ action that can have a major bearing on the company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc., except as follows:

(I) Allotment pursuant to Composite Scheme of Arrangement

During the Audit period, pursuant to Composite Scheme of Arrangement ("Scheme") among Jindal Stainless Limited and Jindal Stainless (Hisar) Limited, Jindal United Steel Limited and Jindal Coke Limited and their respective shareholders and creditor, Company has allotted following securities:

(a) Allotment of equity shares upon conversion of inter-corporate balance

The Company has allotted 16,82,84,309 equity shares to Jindal Stainless (Hisar) Limited against the conversion of inter-corporate balance amounting to Rs. 366.19 Crore on July 03, 2016.

(b) Allotment of Warrants ('CCW')

The Company has allotted 1,91,81,586 Warrants ('CCW') to Virtuous Tradecorp Private Limited (Promoter Group Company) on February 23, 2017.

OVERVIEW

Jindal Stainless Limited continued to march ahead on its all-encompassing vision of *Improving Lives* transforming at a rapid pace and catering to the requirements of millions of people globally. Rooted in this cause, the organization has been able to scale-up its market reach, improve all key operational parameters, strengthen relationships with stakeholders and engage in welfare of the society through several new initiatives.

Stainless Steel is an extremely versatile metal and awareness about this metal is growing in multiple segments like Architecture, Building & Construction (ABC), Automotive, Road & Transport (ART) & process engineering. As a result of diversification into new segments, stainless steel today enjoys high visibility through its usage in metro train, Rajdhani coaches or bus queue shelters. In fact, compared to the situation which prevailed in the early 1990s, when utensils and kitchenware segment accounted for most of the stainless steel consumption in India, the sector consumers only 55% of the total production. The other notable developments include increased usage of stainless steel in the infrastructure projects including smart cities and individual home space going beyond utensils and new applications such as overhead water storage tanks. Moreover, with more stringent norms like Euro-VI kicking in by 2020, consumption of stainless steel is expected to get a further boost.

With India now emerging as one of the fastest growing consumer of stainless steel, countries saddled with excess stainless steel capacity are eyeing this market. Today, the biggest threat is from China, which has a surplus production of 3 million metric tons of stainless steel. Despite operating at 69% capacity utilization, it still continues to add capacities. There have been frequent instances of trade remedial action against China in stainless steel but they have failed to address these concerns. The industry has taken up this issue with the Government and is eagerly awaiting a solution.

With increased demand of stainless steel in traditional and uncharted sectors along with our unique experience in delivering highest quality product and customer experience, we are confident to maintain our position as a leading stainless steel company in the world. The company recorded highest ever production and revenue numbers (details in subsequent sections), while ensuring global standards of corporate governance. Going forward, we seek to invest efficiently in several areas of technology to enhance the customer experience and improve our process efficiencies. Inside Jindal Stainless, we will continue to bet on building market awareness, developing new applications of stainless steel and creating a customer-oriented culture to build a sustainable differentiation for the company.

ECONOMIC OUTLOOK

The financial year 2016-17 was marked by major events such as the US Presidential election and UK's Brexit referendum that contributed to socio-economic uncertainty. However, global growth prospects improved and fears of deflation receded towards the end of the year, helped by rising commodity prices and hopes of a fiscal stimulus in the US. International Monetary fund (IMF) revised the world output growth to 3.1% in 2016 and expect it to further increase to 3.4 percent in 2017 and 3.6 percent in 2018, slightly above the October 2016 World Economic Outlook (WEO) forecast. Overall, although global economy has started to pick-up, major structural impediments (low productivity growth and high-income inequality) and deflationary pressures in markets like Japan is likely to persist in the medium term.

Table 1: Overview of the World Economic Outlook Projects
(Percent change unless noted otherwise)

	YEAR OVER YEAR (YOY)			
	Estimates		Projections	
	2015	2016	2017	2018
World Output	3.2	3.1	3.4	3.6
Advanced Economies	2.1	1.6	1.9	2.0
United States	2.6	1.6	2.3	2.5
Euro Area	2.0	1.7	1.6	1.6

Similarly, activities is projected to pick up markedly in emerging market and developing economies contributing to over 75% of global growth in output and consumption. In India, the growth forecast remains between 7 and 8 percent, slightly lower than earlier estimates primarily because of the temporary

negative consumption shock induced by cash shortages and payment disruptions from the recent currency exchange initiative. Medium-term growth prospects are favorable, driven by key reforms, loosening of supply-side bottlenecks, and appropriate fiscal and monetary policies.

Moreover, the ushering in of the GST regime promises to bring in an era of fiscal stability, elimination of procedural bottle necks and promotion of uniformity in the taxation structure. Such initiatives by the Government of India along with the focus on developing infrastructure in the form of Smart Cities, stations redevelopment, metro projects in 50 cities, new & emerging areas like water management & sewage treatment, public projects like bus shelters, bio toilets among others, will definitely add to many more prospects for business growth in the coming years.

GLOBAL STAINLESS STEEL SCENARIO

The demand and production of stainless steel witnessed robust growth across the world. As per the data provided by the International Stainless Steel Forum (ISSF), melt shop production in the world surged by 10.2%, growing from 41.5 million metric tones (MT) in 2015 to 45.8 MT in 2016. Most of the production growth was driven by China that grew by 15.7% year-on-year.

China continues to be single most dominant force both in production and consumption of Stainless Steel. China witnessed accelerated growth of cold-rolled consumption in 2016 primarily due to the credit creation stimulus by the government which led to demand growth in sectors like infrastructure, real estate, and vehicle production. While the Chinese domestic market thrived, exports from China remained under check due to ADD and countervailing duties imposed by European and USA government. This ensured that domestic industries struggled to compete and prices remained under stress in the non-tariff countries.

On the raw material side, after a steep decline by the end of 2015 and start of 2016, nickel prices increased considerably to reach above \$11,000/pmt levels in the month February 2017 primarily due to nickel mines ban in Philippines and also due to increase in Chinese stainless steel production. Major corrections happened in nickel prices post announcements of Indonesian government on nickel export ban relaxations which played an important part in pushing the nickel prices downwards from March 2017 onwards. Prices are expected to remain between \$10,000 - \$12,000 levels given the expected record production of stainless steel of 46 million MT, resulting in total demand of virgin nickel as 2.08 million MT against supply of 2.03 million MT.

Measured over a period of 25 years, from 1980 to 2015, the compound annual growth rate (CAGR) of stainless steel stands way higher than that of other metals in the world. Here's a snapshot on how stainless steel has grown over the long haul as a preferred choice among metals:

Financial Year 2016-17 was marked by an increase of stainless steel prices in Western Europe, USA, China and South East Asia. The price increase was particularly supported by soaring alloy costs and lower levels of distribution stocks. Moreover, during October–November 2016, South African producers of ferro-chrome announced a rise in prices that further strengthened the prices of stainless steel in second half of FY2016-17.

INDIA STAINLESS STEEL SCENARIO

Having claimed the second position worldwide in stainless steel production in FY17, the Indian stainless steel industry is now second only to China. India registered a growth of 8.6% per annum in 2016 year-on-year, with increasing the total melt shop production to 3.32 million metric tons in 2016 from 3.1 million metric tons in 2015. India's growth momentum is likely to accelerate even further, spurred by several government initiatives viz. Smart Cities, Make in India, improving sanitation facilities, better waste management and infrastructure creation. Moreover, India's per capita consumption of stainless steel is still only 1.9 -2 Kg (as compared to the world average of 5.2 kg) indicating an immense potential for growth.

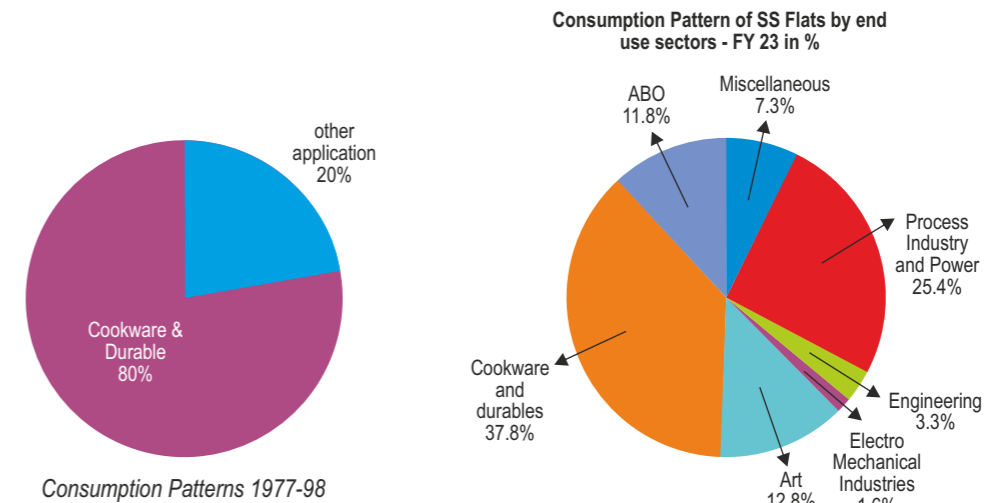

Imports and dumping from countries like China saw a staggering rise in imports by about 15% in the first nine months of the fiscal, and were only reduced after the imposition of the Quality Control Order (QCO) in February 2017. Overall, imports in FY 16-17 remained stagnant at same levels as in FY15-16.

STAINLESS STEEL CONSUMPTION IN INDIA

The stainless steel consumption in India can be classified broadly into 6 to 7 categories – Cookware & Durables; Process Industry; Engineering Goods; Electro Mechanical Industries; Architectural, Building and Construction (ABC); Automobile, Railways & Transportation (ART) and other miscellaneous products. Out of these Cookware & Durables; Process Industry; Engineering Goods and Electro Mechanical Industries are relatively mature applications areas whereas areas like ABC, ART and miscellaneous new applications are still evolving in the country and have a great potential for growth. In line with these expectations, the pattern of stainless steel consumption by end use is likely to change in future.¹

EMERGING MAJOR CATEGORIES IN USAGE OF STAINLESS STEEL:

The **automotive, railway and transport (ART)** sector is now emerging as the sector with the fastest growing consumption of stainless steel in the country. As information on the virtues of this metal is disseminated to the masses, it will only find greater acceptance in wide ranging applications. An example of this is the policy announcement by Ministry of Railways to the effect that from 2017-18 onwards, there will be ambitious program to convert 55,000 coaches to LHB technology which will entail the usage of stainless steel. Initiatives such as these will help to spread the message of stainless steel amongst the masses.

Another emerging segments for stainless steel consumption is the **Architecture, Building and Construction (ABC)** sector. The ABC sector is mostly driven by growth in the Indian real estate sector consisting of residential real estate, commercial real estate, retail space, entertainment space, hospitality projects and Special Economic Zones. The current use of Stainless Steel in the construction segment in our country is miniscule, but growing rapidly driven by rapid urbanization (elevators and escalators); integrated applications (modular kitchens etc); and architectural products (building facades, decorative material etc).

AWARDS AND RECOGNITION

Jindal Stainless Limited gleaned several awards and accolades during the year. Such recognition validates the company's focus on a 360 degree approach to development. JSL has been recognized for its performance as well as social commitments, which are illustrated in detail in the Awards & Accolades section of this report.

PILLARS OF GROWTH
1. Human Resources

The sheen of stainless steel products of Jindal Stainless Limited is a reflection of the quality of its people. JSL remained steadfast on its commitment to further a High-Trust, High-Performance Work Culture. The organization successfully accomplished the milestone of being **Great Place to Work-Certified™**. By participating in this rigorous assessment, we put ourselves through the litmus test of employee engagement and emerged with encouraging results. As we move towards a Stainless future, every-day our enterprising employees seek and find innovative solutions to improve the lives of all our stakeholders. Please refer to section Unleashing People Power for more details.

2. Unmatched Customer Orientation

Our team undertook a host of initiatives to strengthen internal processes and improve customer satisfaction. Strengthening of business relations through long term contracts, digitizing pre & post -sales activities, increasing reach through expanding distribution network, focused retail sales through service centers by making material available just in time (JIT), implementing bar coding, streamlining credit management process and standardizing quality complaint process are a part of this drive, to name a few. In line with increasing footsteps across the country and to create supply chain as a competitive advantage, we are serving the customers through our offices and warehouses located in more than 10 locations.

3. Continuous Learning

The organization remains agile to new technologies and innovations to further improve the processes and bring-in efficiencies. The company actively engages with all its stakeholders – employees, customers, vendors, service providers, consultants and community – to derive these learnings. We witnessed a continuous drop in quality complaints and a significant increase in communication between the company and internal/external world.

4. Responsible Citizenship

In our journey of growth, the company has ensured safe working conditions, excellent corporate governance and community inclusion. Details of each of these are covered separately in the BRR report and company's website.

RISKS AND CONCERNS

The company is exposed to normal industry risk factors like market fluctuations, economic slowdown, government policies logjam and imports from global competitors etc. and manages these risks by deploying prudent business and risk management practices. The company has been undertaking continuous modernization programs to maintain efficient operations of its products and engineering activities. The company has also made efforts to mitigate risks by enhancing the quality of its products, investing in latest equipment and technology, reducing energy consumption and improving productivity. The management actively benchmark relevant operational parameters and ensures adequate level of liquidity is maintained for smooth operations.

QUALITY MANAGEMENT SYSTEMS

At Jindal Stainless, Quality is more than just about certifications; it is a way of life. Right from our workstation and shop-floor to our product and services, we raise our own bar of quality higher with each passing year.

The Company is certified for various product and system certifications including integrated management system comprising ISO 9001:2008 Quality Management System (ISO 9001:2008), Environment Management System (ISO 14001:2004) and Health and Safety Management System as per BS OHSAS 18001:2007. Further up-gradation of ISO 9001 & 14001 for 2015 version is under process.

The Company is now in receipt of REACH/RoHS certification for 200, 300 & 400 series stainless steel grades. This includes compliance to the seven new additions of substances of very high concern (SVHC) in the REACH regulation 1907/2006. Scope of Construction Product Directive (CE Marking) certification is expanded to include grades – EN 1.4003, 1.4016, 1.4512 and 1.4372. This has enabled us to be the preferred and certified manufacturers of stainless for construction field in European market with 10 grades covered under CE marking scope. Validity of AD/ PED

certification has been extended to February 2019 along with the grade additions of EN 1.4003. Our unit has also successfully completed DNV audit against DNV guidelines for Manufacturer Product Quality Assessment (Level 4) and Marine approvals.

Quality Assurance Steel Melt shop & Material laboratory have availed NABL accreditation as per ISO 17025: 2005. Also, Metallurgical & Mechanical testing facility of Quality Assurance laboratory is in process of enhancing the testing standards in line with the requirements of NABL as per ISO 17025: 2005. Jindal stainless Limited Jajpur unit is in the process of incorporating Energy Management System (ISO 50001:2011) to the existing integrated management system comprising of QMS, EMS and OHSAS.

The Company is in receipt of ISI mark/ BIS certification for Stainless Steel grades for Austenitic & Ferritic series as per IS 6911: 1992 (Stainless steel plate, sheet and strips). This has enabled the Company to be first stainless steel manufacturer to receive BIS license for stainless steel as per IS 6911: 1992. Furthermore the Company has also availed ISI mark/ BIS certification of stainless steel standards as per IS 5522: 2014 (Stainless Steel Sheets and Strips for Utensils) & IS 15997:2012 (Low Nickel Austenitic Stainless Steel and Strip for Utensils and Kitchen Appliances). JSL has also successfully carried out marking of product as per IS 6911:1992, IS 5522:2015 & IS 15997:2012 thus meeting the mandatory requirements of Government of India, in the ministry of Steel.

The Company has also successfully completed audit and testing as per Japanese Industrial standard & certification is awaited from Japan Quality Assurance Organization (JQA) soon. This will enable to dispatch material in export market with JIS Certification as per JIS G 4304 (Hot-Rolled Stainless Steel Plate, Sheet and Strip), JIS G 4305 (Cold-Rolled Stainless Steel Plate, Sheet and Strip) & JIS G 4312 (Heat-resisting Steel Plate, Sheet and Strip). One of our customers M/S Lyondell Basell has also approved the company as a stainless steel supplier for their upcoming projects.

Development of various SS grades at Jajpur unit in FY 2016-17 include UNS S32205 for fabrication purpose for further usage in marine applications, 410 for material handling in coal industries, 321H for high temperature tube applications, EN 1.4306 for general application and HNS for use in defence as material for Mine Protected Vehicle. Developmental achievements include 2J finish supply in grade 304L, JT in suitable thickness & applications, modification of chemistry in grade JSLUDD in order to minimize Sliver-B, modification of Bell Cycle in grade IRSM 44-97 to reduce bell processing time, continuous annealing of grade 430 at plate finishing section and processing of grade 304 to produce chequered plates at HSM.

Process improvement initiatives taken in the year 2016-17 include minimization of Ferritic segregation in grades 304/304L through optimization of chemistry, minimization of defect slab scale in grades 304/304L through slab grinding, minimization of slab edge, minimization of roll pickup mark through optimization of chemistry, among others.

DETAILS OF SOME OF THE MARKET DEVELOPMENT ACTIVITIES DURING THE YEAR

The company conducted following events and activities -

Sugar Conference - Sugar Technologist Association of India (STAI) organized a conference on “**Emerging Trends in use of Stainless Steel to combat Corrosion in Sugar & Allied Industries**” supported by Jindal Stainless to highlight the usage of stainless steel in Sugar & Allied Industries. Multiple presentations were made by the equipment manufacturers; sugar manufacturers; welding companies stressing the importance of using stainless steel in the Sugar Industry. 100+ participants pan India participated in the program and appreciated the initiative of Jindal Stainless in providing information on key parameters of stainless steel usage and discussed their queries and concerns.

Water Conference - Jindal Stainless in association with WAPTEMA (Water Purification & Treatment Equipment Manufacturer Association) conducted a seminar on “**Stainless Steel Solution in Water Purification Industry**” on 29th March, New Delhi. The objective of the seminar was to deliberate on the innovative technologies being used in water purification industry especially with reference to use of Stainless steel in various equipments manufactured. The technical sessions, imparted knowledge on importance of using stainless steel and on right technical parameters related to welding and finishing. Seminar was attended by more than 50 participants from the Industry and was very well appreciated by the customers.

Fabricator Training - Jindal Stainless conducted training programs for small fabricators in 6 cities i.e. Varanasi, Bareilly, Bhiwadi, Bangalore, Kochi, Narnaul, Pithampur, Gwalior, Agra, Haridwar, Hapur, Hyderabad & Gurgaon; 1450 participants from respective regions dealing in SS & MS fabrication were trained in this quarter. More emphasis was given to address right usage of SS grades; fabricators concerns of welding, finishing & possibilities of fabrication of more items with SS. Marketing team was supported by regional Sales team, L&T, Emiclean, ESAB, PSSR Group & ISSDA. Total of 2500 fabricators in 33 cities have been trained.

College of Engineering (Pune) - Jindal Stainless as part of its initiative in imparting training to young engineering students participated in COEP, Pune conference on Advanced Metals and Metallurgy and delivered a presentation on stainless steel characteristics and benefits. More than 100 participants from across the industry participated in the conference and deliberated on having more institute-industry interactions.

Make in Steel-Make in India - Jindal Stainless participated in Conference on “**Make in Steel- Make in India**”, organized by Ministry of Steel & KATM. The program focused on how to increase usage of steel/stainless steel in the country. Hon'ble Union Minister of Steel Shri Ch. Birender Singh inaugurated the session. Dr. Aruna Sharma, Secretary, Ministry of Steel along with other key officials of Ministry of Steel, major steel companies were present during the program. During the speech, Minister highlighted the key benefits of usage of stainless steel especially in maintaining hygiene in water industry. Mr. Ashok Gupta gave a presentation on usage of stainless steel particularly in Metro Coaches & highlighted the need of sourcing stainless steel from Indian producers under “**Make in India**” policy.

Alambagh Railway Workshop (Lucknow) - Jindal Stainless conducted Stainless Steel awareness program in Alambagh Railway Workshop, Lucknow. Senior management of Railway workshop along with 75 Supervisors and technicians attended the program and discussed their queries

and concerns related to stainless steel repair/ fabrication. The technical session was followed by a visit to the workshop to explore areas of improvement by replacing other metals by Stainless Steel.

WAY FORWARD

Driven by the unique ability to resist corrosion, heat damage and provide high strength, stainless steel is becoming a preferred material over alternate metals, wood and other such materials. Geared to expand its market and brand presence, JSL is venturing into new markets and making inroads into new applications of stainless steel. The company is investing in technology, increasing production capacity, improving processes, and developing new stainless steel grades and finishes to cater to varied requirements of the market.

Special drive have been organized in the company to identify untapped segments and educate end users. As part of this initiative, JSL plans to develop a strategy on brand promotion and help consumers realize the importance of stainless steel in their day to day life. The company plans to leverage social media and other forms of digital communication to reach larger audience and make them aware of stainless steel material.

The company has also been actively investing in developing capabilities to provide faster deliveries through its warehouses and strengthening back-end systems to provide timely information. In addition various initiatives to increase customer satisfaction are being planned. These include digitization initiatives like Bar Coding of products, auto dispatch information to customer and customer portal (C4C). We believe that these initiatives will not only help in servicing the customer, but also, support the sales team with real time information & analytics.

Last, but not the least, the company continues to build trustworthy relationship with all its stakeholders and actively participate in various developmental initiatives focused on empowering individuals and communities towards a stainless future.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE IND AS FINANCIAL STATEMENTS OF JINDAL STAINLESS LIMITED
Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of JINDAL STAINLESS LIMITED ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

JINDAL STAINLESS LIMITED

CORPORATE AND GENERAL INFORMATION

Jindal Stainless Limited ("the Company") is domiciled and incorporated in India and its equity shares and GDR are listed at Bombay Stock Exchange(BSE) /National Stock Exchange (NSE) and at Luxemburg Stock Exchange (LSE) respectively. The registered office is located at O. P. Jindal Marg Distt. : Hisar – 125005 Haryana, India.

The Company is a leading manufacturer/producer of Stainless steel flat products in Austenitic, Ferritic, Martensitic and Duplex grades. The product range includes Ferro Alloys, Stainless Steel Slabs, Hot Rolled Coils, Plates and Sheets, and Cold Rolled Coils and Sheets.

The financial statements of the company for the year ended 31st March 2017 were approved and authorized for issue by board of directors in their meeting held on 12th May 2017.

STATEMENT OF COMPLIANCE

The financial statements are a general purpose financial statement which have been prepared in accordance with the Companies Act 2013, Indian Accounting Standards and complies with other requirements of the law. Indian Accounting Standards (IND AS) include equivalent to International Financial Reporting Standards (IFRS). Compliance with the IND AS ensures that the financial statements and notes of the entity comply with International Financial Reporting Standards (IFRS).

BASIS OF PREPARATION

Pursuant to MCA notification for applicability of IND AS, The Companies (Indian Accounting Standards) Rules, 2015 (as amended), the Company has adopted IND AS for the financial year beginning from April 1, 2016 with April 1, 2015 as the date of transition.

These are the Company's first annual financial statements prepared complying in all material respects with the accounting standards notified under Section 133 of the Companies Act 2013, read with the Companies (Indian Accounting Standards) Rule 2015. The financial statements comply with IND AS notified by Ministry of Company Affairs ("MCA"). The Company has consistently applied the accounting policies used in the preparation of its opening IND AS Balance Sheet at April 1, 2015 and comparative period presented.

The company prepared financial statements for all periods upto 31st March 2016 in accordance with The Accounting Standards notified u/s 133 of The Companies Act 2013 (as amended) (read with Companies (Accounts) Rules 2014 ("Indian GAAP"). Indian GAAP is considered as the previous GAAP, under IND AS 101.

The reconciliation of effects of the transition from Indian GAAP to IND AS is disclosed in Note no 56.to these financial statements.

The financial statement has been prepared considering all IND AS as notified by MCA till reporting date i.e. March 31, 2017.

The standalone financial statements provide comparative information in respect to the previous year (including Balance Sheet at the beginning on the transition date to IND AS).

The preparation of the financial statements requires management to make estimates and assumptions. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision and future periods if the revision affects both current and future years.

RECENT ACCOUNTING DEVELOPMENTS**Standards issued but not yet effective:**

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' and Ind AS 102, 'Share-based payment.' The amendments are applicable to the Company from April 1, 2017.

Amendment to Ind AS 7:

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement. The possible impact on the financial statements is being assessed by the Company.

SIGNIFICANT ACCOUNTING POLICIES**1. Basis of Measurement**

The standalone financial statements have been prepared on a historical cost basis except for the following assets and liabilities which have been stated at fair value:

- Property Plant And Equipment (on transition to IND AS)
- Derivative financial instruments,
- Financial assets and liabilities except certain Investments, Loans and borrowings carried at amortised cost,
- Defined benefit plans – plan assets,

The standalone financial statements are presented in Indian Rupees ("INR"), which is the Company's functional and presentation currency and all amounts are rounded to the nearest Crores (except otherwise indicated).

2. Property, plant and equipment

- (i) Property, plant and equipment situated in India are stated at fair Value on transition to IND AS and considered that fair value as deemed cost.
- (ii) **Depreciation**
Depreciation on Fixed Assets is provided on Straight Line Method over their useful lives and in the manner specified in Schedule II of the Companies Act, 2013. However, in respect of certain Plant & Machinery and Electric Installation, depreciation is provided as per their useful lives assessed on the basis of technical evaluation by the external valuer, ranging from 20 to 40 years.
- (iii) **Component Accounting**
When significant parts of property, plant and equipment are required to be replaced at intervals, the Company derecognizes the replaced part,

and recognizes the new part with its own associated useful life and it is depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

- (iv) Lease Hold Assets are amortised over the period of lease.
- (v) Classification of plant & machinery into continuous and non-continuous is made on the basis of technical assessment and depreciation is provided for accordingly.
- (vi) Expenditure during construction/erection period is included under Capital Work-in-Progress and is allocated to the respective fixed assets on completion of construction/ erection.
- (vii) Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of Property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in Statement of Profit and Loss in the year of occurrence.
- (viii) The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

3. Investment properties:

Investment property consists of investments in land and buildings that are held to earn rental income or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business. Investment property is stated at cost less accumulated depreciation and impairment losses.

Depreciation on building is provided over the estimated useful lives as specified in Schedule II to Companies Act, 2013. The Residual Life, useful lives and depreciation method of investment properties are reviewed, and adjusted on Prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

4. Intangible assets:

- (i) Intangibles assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably. Intangible Assets are stated at cost which includes any directly attributable expenditure on making the asset ready for its intended use. Intangible assets with finite useful lives are capitalized at cost and amortized on a straight-line basis over a period of 5 to 10 years, depending on their estimated useful lives.
 - (a) Mines development expenses over the period of expected duration of benefits or ten years, whichever is earlier.
 - (b) Software:-5 Years
Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit and loss in the period in which the expenditure is incurred.
The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.
Intangibles assets with indefinite useful lives (like goodwill, brands), if any are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually to determine whether indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite life is made on prospective basis.
- (ii) Mines development expenses incurred for developing and preparing new mines are written off over the period of expected duration of benefits or ten years, whichever is earlier.

5. Research and development cost:**Research Cost:**

Revenue expenditure on research is expensed under the respective heads of accounts in the period in which it is incurred.

Development Cost:

Development expenditure on new product is capitalised as intangible asset, if technical and commercial feasibility as per IND AS 38 demonstrated.

6. Inventories:

Inventories are stated at lower of cost and fair value (except scrap/ waste which are valued at net realizable value). Net realizable value is the estimated selling price in the ordinary course of business less estimated costs of completion and selling costs. The cost is computed on weighted average basis. Finished Goods and Process Stock include cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Conversion cost includes direct material, labor and allocable material and manufacturing overhead based on normal operating capacity.

7. Cash and cash equivalents:

Cash and cash equivalents are financial assets. Cash and cash equivalents consist of cash and short-term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase and are carried at cost plus accrued interest.

8. Financial instruments:

A financial instrument is any contract that at the same time gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments are recognized as soon as the company becomes a contracting party to the financial instrument. In cases where trade date and settlement date do not coincide, for non-derivative financial instruments the settlement date is used for initial recognition or derecognition, while for derivatives the trade date is used. Financial instruments stated as financial assets or financial liabilities are generally not offset; they are only offset when a legal right to set-off exists at that time and settlement on a net basis is intended.

A. Financial assets:

Financial assets include trade receivable, cash and cash equivalents, derivative financial assets and also the equity / debt instruments held. Initially all financial assets are recognised at amortised cost or fair value through Other Comprehensive Income or fair value through Statement of Profit or Loss, depending on its business model for those financial assets and their contractual cash flow characteristics.

Subsequently, based on initial recognition/ classification, where assets are measured at fair value, gain and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

(a) Trade receivables:

Trade receivables are recognised initially at fair value and subsequently measured at amortized cost less credit loss/impairment allowances. Receivables that do not bear interest or bear below market interest rates and have an expected term of more than one year are discounted with the discount subsequently amortized to interest income over the term of the receivable.

Impairment is made on the expected credit losses, which are the present value of the cash deficits over the expected life of receivables. The estimated impairment losses are recognised in the Statement of Profit and Loss. Subsequent changes in assessment of impairment are recognized in the Statement of Profit and Loss as changes in estimates.

The company makes provision for expected credit loss against trade receivables based on the simplified approach (i.e. the loss allowance is measured as the amount equal to lifetime expected credit losses).

(b) Loans & other financial assets

Loans and other financial assets are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and other financial assets are measured at amortized cost using the effective interest method, less any impairment losses.

(c) Investment in equity shares:

Investment in equity securities are initially measured at fair value. Any subsequent fair value gain or loss for investments held for trading is recognized through Statement of Profit or Loss. The fair value gains or losses of all other equity securities are recognized in Other Comprehensive Income.

(d) Investment in associates, joint venture and subsidiaries:

The Company's investment in subsidiaries and associates, joint venture at carried at cost except where impairment loss recognised.

B. Financial liabilities:

Financial liabilities such as loans and borrowings and other payables are recognized initially on the trade date, which is the date that the Company becomes a party to the contractual terms of the instrument. Financial liabilities other than fair valued through profit and loss are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest method. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss.

The Company derecognizes a financial liability when its contractual obligations are settled or cancelled or expired.

Financial liabilities at fair value through profit or loss:

It include financial liabilities held for trading and are designated such at initial recognition. Financial liabilities are held for trading if they are incurred for the purpose of repurchasing in near term and also include Derivatives that are not part of an effective hedge accounting in accordance with IND AS 109, classified as "held for trading" and carried at fair value through profit or loss. Financial liabilities at fair value through profit or loss are measured at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

Financial liabilities measured at amortised cost

Post recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method ("EIR"). Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

Loans and Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Financial guarantee contracts:

As per IND AS -109 "Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument."

Initial recognition

The date the company becomes a party to the irrevocable commitment is considered to be the date of initial recognition and Financial guarantee contracts are recognised as liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

Trade and other payables:

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. Trade accounts payable and other non-derivative financial liabilities are in general measured at amortized cost using the effective interest method. Finance charges, including premiums payable on redemption or settlement, are periodically accrued using the effective interest method and increase the liabilities' carrying amounts unless they have already been settled in the period in which they were incurred.

Derivative financial instruments:

The Company uses derivative financial instruments principally to manage its exposure to fluctuations in interest rates, exchange rates and prices of raw materials arising from operating, financing and investing activities. Derivative financial instruments are classified as current or non-current assets or liabilities based on their maturity dates. Embedded derivatives are separated from the host contract and accounted for separately if they are not closely related to the host contract. Derivative financial instruments are initially recognised at fair value on the date a derivative contract is

entered into and are subsequently re-measured at their fair value at the end of each period. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, on the nature of the item being hedged. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

(C) Business combinations under common control:

Common control business combinations include transactions, such as transfer of subsidiaries or businesses, between entities within a group.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interests method.

Under pooling of interest method, the assets and liabilities of the combining entries are reflected at their carrying amounts, the only adjustments that are made are to harmonise accounting policies.

The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and presented separately from other capital reserves.

(D) Impairment of non-financial assets:

At each reporting date, the company assesses whether there is any indication that a non-financial asset may be impaired. If any such indication exists, the recoverable amount of the non-financial asset is estimated in order to determine the extent of the impairment loss, if any.

Recoverable amount is determined:

- In the case of an individual asset, at the higher of the Fair Value less cost to sell and the value in use; and
- In the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of cash generating unit's fair value less cost to sell and the value in use.

Where it is not possible to estimate the recoverable amount of an individual non-financial asset, the company estimates the recoverable amount of the smallest cash generating unit to which the non-financial asset belongs. The recoverable amount is the higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use. If the recoverable amount of a non-financial asset or cash generating unit is estimated to be less than its carrying amount, the carrying amount of the non-financial asset or cash generating unit is reduced to its recoverable amount. Impairment losses are recognized immediately in the statement of Profit and Loss.

Where an impairment loss subsequently reverses, the carrying amount of the non-financial asset or cash generating unit is increased to the revised estimate of its recoverable amount. However, this increased amount cannot exceed the carrying amount that would have been determined had no impairment loss been recognized for that non-financial asset or cash generating unit in prior periods. A reversal of an impairment loss is recognized immediately in the statement of Profit and Loss.

(E) Foreign currency transactions:

(i) Functional and presentation Currency

The functional and reporting currency of company is INR.

(ii) Transaction and Balances

Currency Transactions denominated in foreign currencies are initially recorded at the rates of exchange prevailing on the dates of the transactions. Monetary assets and liabilities denominated in such currencies are retranslated at the rates prevailing on the balance sheet date. Profits and losses arising on exchange are included in the net profit or loss for the period.

Pursuant to exemption given under IND AS 101 the company has continued the policy for accounting for amortization of exchange differences arising from translation of long-term foreign currency monetary items over the tenure of loan.

Non-Monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to the translation difference.

(F) Revenue recognition:

- Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer and the amount of revenue can be measured reliably.
- Revenue from services is recognized when services are rendered.
- No revenue is recognized if there are significant uncertainties regarding recovery of the consideration due or the possible return of goods. Revenue is recognized net of applicable provisions for discounts and allowances.
- Revenue from other activities: is recognized based on the nature of activity, when consideration can be reasonably measured. Certain claims like those relating to Railways, Insurance, Electricity, Customs, and Excise are accounted for on acceptance/when there is a reasonable certainties.
- Revenue is measured at the fair value (including of excise duty) of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.
- **Dividend income:**
Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.
- **Interest income:**
For all financial instruments measured at amortised cost, interest income is recorded using effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in statement of profit and loss.

(G) Government Grant

- Government grants related to capital nature is recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.
- A government grant that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs is recognised in profit or loss of the period in which it becomes receivable.

(H) Employees Benefits:**(a) Short term employee Benefit:**

All employees' benefits payable wholly within twelve months rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognised during the period in which the employee renders related service.

(b) Defined Contribution Plan:

Contributions to the Employees' Provident Fund and Employee's State Insurance are recognized as Defined Contribution Plan and charged as expenses in the year in which the employees render the services.

(c) Defined Benefit Plan:

The Provident Fund (Funded), Leave Encashment and Gratuity are defined benefit plans. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at each balance sheet date, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not classified to the statement of profit and loss in subsequent periods. Past Service cost is recognised in the statement of profit and loss in the period of plan amendment.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognises the following changes in the net defined benefit obligation under employee benefit expenses in the statement of profit and loss.

- Service costs comprising current service costs, gains and losses on curtailments and non-routine Settlements.
- Net interest income or expense.

(d) Long term Employee Benefit:

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date.

(e) Termination benefits:

Termination benefits are recognised as an expense in the period in which they are incurred.

The Company shall recognise a liability and expense for termination benefits at the earlier of the following dates:

- (a) when the entity can no longer withdraw the offer of those benefits; and
- (b) when the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

(I) Borrowing costs:

(a) Borrowing costs that are specifically attributable to the acquisition, construction, or production of a qualifying asset are capitalised as a part of the cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time (generally over twelve months) to get ready for its intended use or sale.

(b) For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

(c) All other borrowing costs are recognised as expense in the period in which they are incurred.

(J) Leases:

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

(a) Finance Lease

Finance Lease that transfer substantially all of the risks and benefits incidental to ownership of the leased item, are capitalised at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and a reduction in the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's policy on borrowing costs.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

(b) Operating Lease

Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by lessor are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Payments/receipts under operating lease are recorded in the Statement of Profit and Loss on a straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

Leasehold lands are amortised over the period of lease.

(K) Taxes on income:**(a) Current Tax:**

1. Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the Income-Tax Act 1961 and based on the expected outcome of assessments / appeals.

2. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(b) Deferred tax:

(i) Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax basis used in the computation of taxable profit as well as for unused tax losses or credits. In principle, deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized. Deferred tax assets and liabilities are also recognized on temporary differences arising from business combinations except to the extent they arise from goodwill that is not taken into account for tax purposes.

(ii) Deferred taxes are calculated at the enacted or substantially enacted tax rates that are expected to apply when the asset or liability is settled. Deferred tax is charged or credited to the income statement, except when it relates to items credited or charged directly to other comprehensive income in equity, in which case the corresponding deferred tax is also recognized directly in equity.

(L) Provisions, Contingent liabilities, Contingent assets and Commitments:**(a) General**

The Company recognizes provisions for liabilities and probable losses that have been incurred when it has a present legal or constructive obligation as a result of past events and it is probable that the Company will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a financing cost.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

(b) Other Litigation claims:

Provision for litigation related obligation represents liabilities that are expected to materialise in respect of matters in appeal.

(c) Onerous contracts:

Provisions for onerous contracts are recorded in the statements of operations when it becomes known that the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received.

(M) Exceptional Items:

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the company is such that its disclosure improves the understanding of the performance of the company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

(N) Earnings per share:

Basic Earnings per share is calculated by dividing the profit from continuing operations and total profit, both attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed using the net profit for the year attributable to the shareholder and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

(O) Segment accounting:

As the company's business falls within a primary business segment viz. "stainless steel".

(P) Financial statement classification:

Certain line items on the balance sheet and in the statement of Profit and Loss have been combined. These items are disclosed separately in the Notes to the financial statements. Certain reclassifications have been made to the prior year presentation to conform to that of the current year.

In general the company classifies assets and liabilities as current when they are expected to be realized or settled within twelve months after the balance sheet date.

(Q) Fair value measurement:

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability.

Or

- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

- Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(R) Non-current assets held for sale and discontinued operations:

Non-current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and disposal groups are classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. This condition is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a complete sale within one year from the date of classification.

Discontinued operations are excluded from the results of continuing operations are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

Assets and liabilities classified as held for distribution are presented separately from other assets and liabilities in the balance sheet.

A disposal group qualifies as discontinued operation if it is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinate plan to disclose of a separate major line of business or geographical area of operations

Or

- Is a subsidiary acquired exclusively with a view to resale.

An entity shall not depreciate (or amortise) a non-current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale.

(S) Significant Accounting Judgments, Estimates and Assumptions:

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

(a) Income taxes

Management judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets/ liabilities. The factors used in the estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the stand alone financial statements.

(b) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(c) Defined benefit plans:

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These Includes the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(d) Contingencies:

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(e) Mines Restoration Obligation:

The company is hopeful that no material future obligation shall be incurred towards mines restoration obligation and provision already made in books is sufficient.

(T) Capital:

Debt and equity instruments:

Ordinary equity shares are classified as equity .Debt instruments are classified as either liabilities or as equity in accordance with the substance of the contractual arrangement.

(iv) Under the Corporate Debt Restructuring mechanism, the recompense amount works out to ₹ 34.63 Crores as at March 31, 2017. The same is ascertained after taking into account the interest rate difference for all term loan facilities of each bank post restructuring. However, the same is subject to final confirmation/reconciliation with individual lenders.

(B) Restructuring of ECB Facilities

Besides reworking of its domestic term debt obligations as stated in note A above, the Company has also completed the restructuring of its debt obligations in relation to USD 250 million ECB facilities, outstanding of USD 147.19 million (USD 196.88 million) availed for the part financing of Odisha Phase II project and has executed requisite amendment agreements with all the ECB lenders on 29th March 2013. The revised terms inter-alia includes deferment of repayment schedule, increase in interest rates, etc. had been implemented on receipts of RBI approvals. The company has executed the Third Amendment and Restatement Agreement on 03rd January, 2017 with all the existing lenders for implementation of AMP.

33. As on March 31, 2017, the overdue financial obligations to banks/financial institutions (30 in nos.) (30 in nos.) were ₹ 266.68 Crores (₹ 553.60 Crores) of which maximum overdue period was 60 days (61 days).
34. Post adoption of IND AS and Due to adoption of fair valuation of assets (including property, plant and equipment as allowed in IND-AS and liabilities) the net worth of the company became positive (refer note no. 56). Further, to strengthen its net worth, the Company is taking necessary steps towards full implementation of AMP including conversion of Funded Interest Term Loan (FITL) by the Lenders of the Company into Equity Shares / Optionally Convertible Redeemable Preference Shares (refer note no. 32 (A)(ii)). Thus, these accounts have been prepared on a going concern basis.
35. The Company has made investment of ₹ 8.47 Crores (along with bank guarantee of ₹ 10.01 Crores) in MJSJ Coal Limited (MJSJ) and ₹ 0.10 Crores in Jindal Synfuels Limited (Jindal Synfuels), wherein JSL hold 9% and 10% stake respectively (both joint venture companies). The Hon'ble Supreme Court of India vide order dated 24.09.2014 has cancelled 214 out of 218 coal blocks allotted to various companies/entities, including the coal blocks allotted to MJSJ & Jindal Synfuels. No mining activity/production had commenced in these coal blocks, therefore cancellation of these coal blocks allotted to the MJSJ and Jindal Synfuels will not have any material impact on the current operations of the Company. The Company has filed review petition on 18.11.2014 challenging the order dated 24.09.2014 passed by Hon'ble Supreme Court and the matter is pending adjudication in respect of coal block allotted to MJSJ. After the enactment of the Coal Mines (Special Provisions) Act, 2015 dated 30th March 2015 allowing compensation to the prior allottees in respect of land and mining infrastructure, the management does not anticipate any material variance between carrying value of assets in investee companies and the expected compensation.
36. (a) Company has filed Writ Petition (C) before the Hon'ble High Court of Orissa, challenging the order passed by the Dy. Commissioner of Commercial Tax, Jajpur for the period from 01/10/2006 to 30/09/2010, for payment of Entry Tax under the Orissa Entry Tax Act 1999 on the goods procured from outside the territory of India. The demand is on 2/3rd amount of Entry Tax on the goods imported from outside the territory of India on which the payment of 1/3rd amount of entry tax deposited as per the interim order of the Hon'ble Supreme Court. Considering the prudence, demand of entry tax have been fully provided for and pending final decision interest and penalty have been included under note no. 28(A)(d)(i) (Contingent Liability).

The Hon'ble High Court has heard the matter and vide its interim order dated 14.03.2012, directed the company to deposit 50% of the amount of interest i.e. ₹ 1.08 Crores by 25.03.2012 and granted stay for the balance amount of demand till disposal of the case. The company has deposited the amount within the permitted time and informed to the Hon'ble High Court.

- (b) The Company had challenged the legality of Orissa Entry Tax Act 1999 in the Hon'ble Supreme Court of India. On 16.04.2010 the Entry tax matters of the states have been referred to a larger 9-judges Constitutional Bench of the Hon'ble Supreme Court of India, the 9 judges bench while holding the constitutional validity of entry tax, has, vide its Order dated 11th November 2016, referred the same to divisional/regular benches for testing and determination of the Article 304 (a) of the constitution vis a vis state legislation and levy of entry tax on goods entering the landmass of India from another country. The liability in this regards have been provided. Interest/ penalty if any, will be accounted for as and when this is finally settled/ determined by the Regular Benches hearing the matters/where the appropriate proceedings are continuing presently the same included under note no. 28(A)(d)(i) (Contingent Liability).
37. Due from Grid Corporation of Orissa Limited (Gridco) is of ₹ 117.56 Crore (₹ 105.31 Crores) including interest. The company had realized part of the overdue amount on receipt of the order of Orissa Electricity Regulatory Commission (OERC) in Case no. 106 of 2011 No. 4387 dated 17/11/2012. Delayed payment surcharge (Interest) on this will be accounted for in terms of contractual obligation on final settlement. The management is hopeful of recovery of due from Gridco.
38. The company has filed Writ Petition (C) before the Hon'ble High Court of Orissa, Cuttack challenging the order passed by the Jt Commissioner of Commercial Tax, Jajpur disallowing the issue of C Form for the procurement of plant and machinery for Captive Power Plant during the year 2004-05 to 2007-08. The Hon'ble Court heard the matter and passed interim order dated 14.03.2012, directing the company to deposit 25% out of total demanded amount of ₹ 33.06 Crore. The company has deposited an amount of ₹ 8.26 Crore within the permitted time and informed the Hon'ble High Court. Pending final decision, no provision in this respect has been made in the books and the same is included in note no. 28(A) (d) (i) (Contingent Liability).

40. (A) Certain balances of trade receivable, loan & advances (including MAT credit), Secured loans, trade payable and other liabilities are subject to confirmation and/or reconciliation.
- (B) Although the book value\ fair value of certain unquoted investments amounting to ₹ 76.70 Crore (₹ 82.76 Crore), as reflected in Note no 3, is lower than the cost, considering the strategic and long term nature of the investment, future prospectus and assets base of the investee company, such decline, in the opinion of the management, has been considered to be of temporary in nature and hence no provision for the same at this stage is considered necessary.
The company has also given inter corporate deposit to its subsidiary companies amounting to ₹ 16.21 Crore (₹ 16.56 Crore) where the subsidiary companies has accumulated losses\negative net worth. In view of the long term involvement of the company, in the said companies no provision has been considered necessary.
- (C) In the opinion of board, assets have a realizable value, in the ordinary course of business at least equal to the amount at which they are stated.
41. In accordance with the provisions of "Indian Accounting Standard (Ind AS) -36 – Impairment of Assets", the company has made an assessment of the recoverable amount of assets based on higher of, the value in use considering its projected scale of operations, prevailing market conditions, future cash flows and future growth projections for domestic consumption and export of stainless steel items in general and estimated net selling price of the assets pertaining to its various Cash Generating Units and found recoverable amount of these assets to be higher as compared to carrying value of assets in its Financial Statements. Accordingly, management considers that there is no need for the provision on account of impairment of assets.

Mortality rate (inclusive of provision for disability)	100% of IALM (2006-08)	100% of IALM (2006-08)
Expected Average remaining working lives of employees (years)	24.40	24.62

The assumption of discount rate is based upon the market yields available on Government bonds at the accounting date with a term that matches that of the liabilities. salary increase rate takes into account inflation, seniority, promotion and other relevant factors on long term basis. Same assumptions were considered for comparative period i.e. 2015-16 as considered in previous GAAP on transition to IND AS.

* The Demographic and other assumptions for sick leave considered the same as taken for leave encashment.

VII. Sensitivity Analysis:

Description	Change in Assumption	Effect on Gratuity Obligation	Effect on Leave encashment
For the year ended March 31, 2016			
Discount Rate-Loss/(gain)	+0.5%	(0.36)	(0.23)
	-0.5%	0.40	0.26
Salary Growth Rate-Loss/(gain)	+0.5%	0.40	0.26
	-0.5%	(0.37)	(0.24)
For the year ended March 31, 2017			
Discount Rate-Loss/(gain)	+0.5%	(0.39)	(0.28)
	-0.5%	0.43	0.31
Salary Growth Rate-Loss/(gain)	+0.5%	0.44	0.32
	-0.5%	(0.40)	(0.29)

Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.

The above sensitivity analysis is based on a change in an assumption while holding all other assumption constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the Balance Sheet.

OCI presentation of defined benefit plan

- Gratuity is in the nature of defined benefit plan, Re-measurement gains/(losses) on defined benefit plans is shown under OCI as Items that will not be reclassified to profit or loss and also the income tax effect on the same.

- Leave encashment cost is in the nature of short term employee benefit.

Presentation in Statement of Profit & Loss and Balance Sheet

Expense for Service Cost, net interest on net defined benefit liability (asset) is charged to Statement of Profit & Loss IND AS 19 do not require segregation of provision in current and non-current, however net defined benefit liability (asset) is shown as current and non-current provision in balance sheet as per IND AS 1.

Actuarial liability for short term benefit (leave encashment cost) is shown as current and non-current provision in balance sheet.

When there is surplus in defined benefit plan, company is required to measure the net defined benefit asset at the lower of, the surplus in the defined benefit plan and the assets ceiling, determined using the discount rate specified, i.e. market yield at the end of the reporting period on the government bonds, this is applicable for the domestic companies, foreign company can use corporate bonds rate.

The company assess these assumptions with its projected long-term plans of growth and prevalent industry standards. The mortality rates used are as published by one of the leading life insurance companies in India.

44. On 28th July, 2010, the Company granted 35,77,500 stock options to eligible employees of the Company, its subsidiaries including non executive directors (excluding Nominee Director), as per Employees Stock Option Scheme, 2010 (ESOP 2010). The exercise price of stock options is ₹ 75/- per share which would gradually vest over a maximum period of 4 years from the date of grant based on specified Criteria, as may be decided by the Compensation Committee.

Salient features of the grants are as under:

Description	Grant I (granted on 28.7.2010)

FINANCIAL INSTRUMENT MEASURED AT AMORTISED COST

- The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.
- The disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, trade payables, interest accrued but not due and book overdraft at carrying value because their carrying amounts are near to the fair values due to their short term nature.

FAIR VALUE HIERARCHY

The following table provides the fair value measurement hierarchy of Company's asset and liabilities, grouped into Level 1 to Level 3 as described below:

- level 1 -
Quoted prices for identical assets / liabilities in active markets. It includes fair value of financial instruments traded in active markets and are based on quoted market prices at the balance sheet date (like Mutual funds units).
- level 2 -
Inputs that are observable for the asset / liability (other than level 1 inputs), either directly (that is, as prices) or indirectly (that is, derived from prices). It includes fair value of the financial instruments that are not traded in an active market, is determined by using valuation techniques. If all significant inputs required to fair value an instrument are observable then instrument is included in level 2.
- level 3 -
Significant Inputs for the asset or liability (instrument) that are not based on observable market data, is included in level 3.

For assets and liabilities which are measured at fair value as at Balance Sheet date, the classification of fair value calculations by category is summarized below:

55. Financial risk management, objective and policies
55.1 Financial risk factors

The financial risk management is governed by policies guidelines which are reviewed and approved by the board of directors. The guidelines and policies primarily cover credit risk, liquidity risk, forex risk, interest rate risk and commodity price risk. The Company's operation exposed to various of financial risks: market risk (including currency risk, interest rate, price risk), credit risk and liquidity risk. The company uses derivative financial instruments to hedge certain risk exposures.

(i) Credit risk

Credit risk is the possible risk that a counter party may not to settle its agreed obligations under a financial instrument or customer contract, leading to a financial loss. It arises from credit exposure to trade receivable, cash and cash and cash equivalent including deposits with banks and derivative financial instruments. Trade receivables are generally unsecured non-interest bearing. There is no significant concentration of credit risk. The company's credit risk management policy in relation to trade receivables involves periodically assessing the financial reliability of customers, taking into account their financial position, past experience and other factors. The utilization of credit limit is regularly monitored and a significant element of credit risk is covered by credit insurance.

Trade Receivables

The company's exposure to the credit risk inherent in its trade receivables and the associated risk management techniques that the company deploys in order to mitigate this risk. The company's credit risk is mainly confined to the risk of customers defaulting against credit sales made.

Outstanding trade receivables are regularly monitored by Credit monitoring group. The Company has also taken advances and security deposits from its customers, which mitigate the credit risk to an extent.

The Ageing of trade receivables is as below:-

(ii) Liquidity risk

Liquidity risk is the risk that company could experience difficulties in meeting its existing or future obligations due to insufficient availability of cash or cash equivalents. Managing liquidity risk, is one of the central tasks of the company. In order to be able to ensure the Group's solvency and financial flexibility at all times, long-term credit limits and cash and cash equivalents are reserved on the basis of perennial financial planning and monthly rolling liquidity planning.

The company manages its liquidity risk by using reasonable and retrospectively assessed assumptions to forecast the future cash-generative capabilities and working capital requirements of the businesses it operates and by maintaining committed borrowing facilities and other credit lines as appropriate.

As per loan covenant and AMP conditions certain financial covenants are required to be maintained/ complied by the company like financial ratios (including total debt to EBITDA / net worth, EBITDA to gross interest, debt service coverage ratio and secured coverage ratio), failure of which may turn loans callable at the option of lenders, except where exemption is provided by lender.

(iii) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Various measures are used to mitigate or eliminate the risk of fluctuations in the fair values or future cash flows from financial instruments due to market changes. These mainly include foreign currency forward contracts, interest rate swaps and commodity forward contracts with banks. Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments.

(a) Foreign exchange risk

The company is exposed to foreign exchange risk in the normal course of its business. Multiple currency exposures arise from commercial transactions like sales, purchase, borrowings denominated in foreign currencies, recognised financial assets and liabilities (monetary items) denominated in foreign currencies and translational exposure on net investments in foreign operations. The company's manage foreign currency transactional exposures by entering into foreign exchange forward contract and other derivative contracts to hedge exposed foreign currency risk.

Foreign exchange risk sensitivity analysis has been performed on the foreign currency exposures in the company's financial assets and financial liabilities at the reporting date i.e. 31st March 2017, net of related foreign exchange contracts. Reasonably possible changes are based on an analysis of historic currency volatility, together with any relevant assumptions regarding near-term future volatility.

The impact on the Company's profit before tax and other comprehensive income due to Changes in the fair value of monetary assets and liabilities are given below:

PLACE: New Delhi
DATED: 12th May, 2017

To the Members of JINDAL STAINLESS LIMITED

REPORT ON THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

We have audited the accompanying Consolidated Ind AS financial statements of JINDAL STAINLESS LIMITED (herein after referred to as "the Holding Company") and its subsidiaries ("the Holding Company & its subsidiaries" together referred as "the Group") and its associates, comprising of the Consolidated Balance Sheet as at 31st March 2017, the Consolidated statement of profit and loss (including other comprehensive income), the Consolidated cash flow statement for the year then ended and the consolidated statement of changes in equity for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Ind AS financial statements").

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation of the Consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (herein after referred as "the Act") that give a true and fair view of the Consolidated financial position, Consolidated financial performance and Consolidated cash flows of the Group and its associates in accordance with the accounting principles generally accepted in India, including the Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder. The respective Board of Directors of the Companies included in the Group and its Associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its Associates and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the Consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the Consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their report referred to in the other matter below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the Consolidated state of affairs (financial position) of the Group, as at 31 March 2017, and their Consolidated profit (financial performance) including other comprehensive income, their Consolidated cash flows and the consolidated changes in equity for the year ended on that date.

EMPHASIS OF MATTERS:

We draw attention to the following matters:

- Pending necessary approvals for managerial remuneration [including payment made to one of the director pending central Government's approval] and waiver application for excess remuneration paid earlier to one of the director rejected by the Central Government as stated in Note no. 47 of the financial statements;
- Pending confirmations/reconciliation of balances of certain secured loans, loans & advances (including MAT credit), trade receivables, trade payables & other liabilities read with Note no. 31(A)(iii)(g) & 31(B) and 39(A) of the financial statements;
- Mat Credit entitlement, considered as good and fully realizable/ recoverable and no provision for diminution in value is considered necessary in the opinion of the management as stated in note no. 39(B) of the financial statements;

- Note no 34 of the financial statements wherein the company has made investment of ₹ 8.56 crore (As per Ind AS ₹ 8.47 Crore as on 31st March, 2017) (along with bank guarantee of ₹ 10.01 Crore) and ₹ 0.10 Crore in MJSJ Coal Limited and Jindal Synfuels Limited respectively. The company continues to treat the investment as good and recoverable in view of the pending decision challenging the Order and other circumstances mentioned therein;

- Net worth, post considering the fair value, became positive as stated in the Note No. 33 of the financial statements.

Our opinion is not modified in respect of these matters.

OTHER MATTERS

- We did not audit the financial statements of three subsidiaries, namely, PT Jindal Stainless Indonesia, Jindal Stainless UK Limited and Jindal Stainless FZE; included in the consolidated financial statements of the company for the year ended 31st March 2017, whose financial statements reflect total assets of ₹ 741.63 Crore and net assets of ₹ 120.36 Crores as at 31st March, 2017, total revenue of ₹ 940.14 Crore for the year ended 31st March, 2017 and net cash inflow of ₹ 0.71 Crores for the year ended 31st March, 2017, as considered in the consolidated Ind AS financial statements. The consolidated Ind AS financial statements also include the Company's share of net profit of ₹ 11.48 Crore for the year ended 31st March 2017, as considered in the consolidated Ind AS financial statements, in respect of 3 associates. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our report on the statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, is based solely on the reports of the other auditors.

All of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Company and audited by us.

- We have relied on the management certified financial statements (un-audited) of two subsidiaries, namely JSL Group Holdings PTE. Limited and Iber Jindal S.L. whose financial statements reflect total assets of ₹ 149.50 Crore and net assets of ₹ 39.62 Crore as at 31st March, 2017, total revenue of ₹ 245.89 Crore for the year ended 31st March, 2017 and net cash outflow of ₹ 0.12 Crore for the year ended 31st March, 2017, as considered in the consolidated Ind AS financial statements. These Financial statements are un-audited and have been furnished to us by the management and our opinion on the statement, in so far as it relates to the amounts included and disclosure included in respect of these subsidiaries is based solely on such management certified financial statements / financial information.

Our opinion on the Consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by sub-section 3 of Section 143 of the Act, we report, to the extent applicable, that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Ind AS financial statements.
- In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- The Consolidated balance sheet, the Consolidated statement of profit and loss, the Consolidated cash flow statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Ind AS financial statements.
- In our opinion, the aforesaid Consolidated Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder.
- On the basis of the written representations received from the directors of the Holding Company as on 31 March 2017 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditors of its subsidiary companies and associates companies incorporated in India, none of the Directors of the Group and its Associates incorporated in India is disqualified as on 31 March 2017 from being appointed as a Director in terms of Section 164(2) of the Act.
- With respect to the adequacy of the internal financial controls over financial reporting of the Group (Holding and Subsidiary Companies, associates companies incorporated in India) the operating effectiveness of such controls, refer to our separate report in "Annexure- A"; and
- With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The Consolidated Ind AS financial statements disclose the impact of pending litigations on the Consolidated financial position of the Group and its Associates- Refer Note 27,30,35 and 36 to the Consolidated Ind AS financial statements.

- (ii) Provision has been made in the Consolidated Ind AS financial statement, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivatives contracts.
- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the holding company and its subsidiaries companies, Associate Companies incorporated in India.
- (iv) The company had provided requisite disclosures in its financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November, 2016 to 30th December, 2016 and these are in accordance with the books of accounts maintained by the company. ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED IND AS FINANCIAL STATEMENTS OF JINDAL STAINLESS LIMITED
Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Ind AS financial statements of the Company as of and for the year ended 31st March 2017, we have audited the internal financial controls over financial reporting of JINDAL STAINLESS LIMITED ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries (incorporated in India) together referred to as "the Group") and its associates which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the companies are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company, its subsidiary companies and its associates which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

OTHER MATTERS

Our aforesaid reports under Section 143(3)(l) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 3 associate companies which are companies incorporated in India, is based on the corresponding reports of the respective auditors of such associate companies incorporated in India.

JINDAL STAINLESS LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE NO – 1 BASIS OF CONSOLIDATION AND SIGNIFICANT ACCOUNTING POLICIES

(i) General Information:

JINDAL STAINLESS LIMITED ("the Company" or "the Parent Company") is a leading manufacturer /producer of Stainless steel flat products in Austenitic, Ferritic, Martensitic and Duplex grades. The product range includes Ferro Alloys, Stainless Steel Slabs, Hot Rolled Coils, Plates and Sheets, and Cold Rolled Coils and Sheets.

The Parent and its subsidiaries (together referred as "the Group") are manufacturer of diverse range of steel products with its manufacturing facilities located in the state of Odisha in India and also in Indonesia with worldwide distribution.

(ii) Statement of compliance:

The consolidated financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Indian Accounting Standards notified under section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and the relevant provisions of the Companies Act, 2013 and listing requirements.

For all periods up to and including the year ended 31st March 2016, the Group prepared its consolidated financial statements in accordance with the Accounting Standards notified u/s 133 of The Companies Act 2013 (as amended) (read with Companies (Accounts) Rules 2014 ("Indian GAAP"). Indian GAAP is considered as the previous GAAP, under IND AS 101. These are the first Ind AS Consolidated Financial Statements of the Group. The date of transition to Ind AS is 1st April, 2015. The Group has consistently applied the accounting policies used in the preparation of its opening IND AS Balance Sheet at April 1, 2015 and comparative period presented.

These Consolidated financial statements have been approved and adopted by Board of Directors of the Company in their meeting held on 12th May 2017.

The Company is listed on stock exchanges in India and Luxembourg. These consolidated financial statements are available on the web site of the Company for public use.

(iii) Basis of Preparation of Consolidated Financial Statements:

The Company has prepared consolidated financial statements by consolidating its accounts with those of the followings as on 31.03.2017:

Name	Country of Incorporation	%Age Shareholding / Voting Power	
		31.03.2017	31.03.2016

Jindal Coke Limited (w.e.f 2.12.2014)	India	26.00%	100.00%

* Un-audited statements have been considered for the purpose of consolidation.

Step down Subsidiary of Jindal Stainless UK Limited.

Step down Subsidiary of JSL Group Holdings Pte Limited and it has been liquidated during the current financial year.

@ The Control in subsidiary is gained when the Company is exposed to, or has rights to variable returns from its involvement with the entity and the ability to affect those returns through its power over the entity.

\$ An associate is entity over which the group has significant influence, i.e. the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

(a) Jindal Stainless Italy Srl and Jindal Acerox Inoxidable S.L, Spain has been liquidated during the year; accordingly their financial statements have not been consolidated.

(b) Jindal Stainless Madencilik Sanaye Ve Ticaret AS has been Liquidated w.e.f. 02.12.2015 therefore its financial statements have not been consolidated.

(c) The Financial Statements of parent Company and its subsidiaries have been consolidated on line-by-line basis by adding together book value of like items of assets, liabilities, income and expenses after eliminating intra-group balances and intra- group transactions in accordance with Ind AS 110 "Consolidated Financial Statement".

(d) Non-controlling Interest represents the equity in a subsidiary not attributable, directly or indirectly to a Parent. Non-controlling interest in the net assets of the subsidiaries being consolidated is identified and presented in the consolidated Balance Sheet separately from the equity attributable to the Parent's shareholders and liabilities. Profit or loss and each component of other comprehensive income are attributed to Parent and to the non-controlling interest. Impact of any insignificant and immaterial Non Controlling Interest is not considered.

(e) Foreign Subsidiaries- Items of the assets and liabilities, both monetary and non-monetary, have been translated at the exchange rates prevailing at the end of the year and items of income and expenses have been translated at the average rate prevailing during the period. Resulting exchange differences arising on translation of said items have been transferred to Foreign Currency Translation Reserve Account through Other Comprehensive Income / (loss).

(f) In case of associates, where Company holds directly or indirectly through subsidiaries 20% or more equity or / and exercises significant influence, investments are accounted for by using equity method in accordance with Ind AS 28 "Investments in Associates and Joint Ventures".

(g) Post acquisition, the Company accounts for its share in the change in net assets of the associates (after eliminating unrealised profits and losses resulting from transactions between the Company and its associates to the extent of its share), through its statement of profit and loss, other comprehensive income and through its reserves for the balance.

(h) The difference between the cost of investment and the share of net assets at the time of acquisition of shares in the subsidiaries and associates is identified in the financial statements as Goodwill or Capital Reserve as the case may be. However, for associates, Goodwill is not separately recognised but included in the value of investments.

(i) The Accounting Policies of the parent company, its subsidiaries and associates are largely similar. However, few accounting policies are different as certain subsidiaries / associates located in different countries have to comply with the local regulatory requirements.

(j) The deferred tax is recognised for temporary differences arising after elimination of profits and losses resulting from intragroup transactions.

(k) Figures pertaining to the subsidiary companies have been reclassified wherever necessary to bring them in line with Parent company's financial statements.

(l) Significant Accounting Policies of the financial statements of the company and its subsidiaries are set out in their respective Standalone Financial Statements.

(m) Exemptions from retrospective application:

Business Combinations: The Company has opted to apply Ind AS 103 prospectively from the date of transition to Ind AS, i.e. 1st April, 2015 onwards. As such, previous GAAP balances relating to assets and liabilities acquired under business combinations entered into before transition date, have been carried forward without any adjustments.

(iv) Significant accounting policies: The significant accounting policies to prepare consolidated financial statements are in uniformity with the standalone financial statements of the Company. Following are the additional policies specifically considered for preparation of consolidated financial statements:

(a) Business Combination:

Business Combinations are accounted for using the acquisition method. The cost of acquisition is measured at the aggregate of the fair values at the date of exchange of assets given, liabilities incurred or assumed and equity instruments issued by the Company in exchange for control of the acquiree. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the recognition criteria are stated at their fair values at the acquisition date except certain assets and liabilities required to be measured as per the applicable standard.

The interest of non-controlling shareholders in the acquiree is initially measured at the non-controlling shareholders' proportionate share of the acquiree's identifiable net assets.

(b) Deferred Tax:

The Company does not recognise deferred tax liability with respect to undistributed retained earnings of subsidiaries and foreign Currency translation difference, comprised in Other Comprehensive Income, recognised on consolidation of foreign subsidiaries as the Company controls the timing of distribution of profits and it is probable that the subsidiaries will not distribute the profits in the foreseeable future.

(c) Goodwill:

Goodwill arising on an acquisition of business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or group of cash-generating units) that is expected to benefit from the synergies of the combination.

Pending allotment 1,76,17,568 nos. 0.01% non-cumulative compulsorily convertible preference shares having face value of ₹ 10 each have been shown as "Investment- pending Allotment (refer Note No. 3)".
- (c) In terms of the Scheme, all the business and activities of Business Undertaking 2 & Business Undertaking 3 carried on by the company on and after the appointed date, as stated above till 24th September, 2016 are deemed to have been carried for and on behalf of JUSL & JCL respectively. Accordingly, necessary effects have been given in previous year.
4. The necessary steps and formalities in respect of transfer of the properties, licenses, approvals and investments in favor of JSHL, JUSL & JCL and modification of charges etc. are under implementation.
5. The Department of Steel & Mines, Government of Odisha, while issuing No Objection Certificate to JSL has allowed transfer/right to use of the land to JUSL & JCL (a precedent condition for effectiveness Section III & Section IV of the Scheme), put / mentioned a condition that Section I & II of the Scheme will not be carried out in so far as the mining lease of JSL is concerned; accordingly transfer of the Mining Rights comprised in the Demerged Undertakings (as referred in the Scheme) has not been given effect, consequently :- (i) all mining activities in relation to the Mining Rights; (ii) all assets (excluding fixed assets) and liabilities (including contingent liabilities) in relation to the concerned undertaking (Mining); and (iii) all revenue/expenditure & net profit; continue to be carried out by and recorded in the books of JSL post 1st November, 2015 date on which the Section I and Section II of the Scheme became effective.
28. B. As above, Section III and Section IV of the Scheme became effective on 24th September, 2016, the Company has entered into settlement agreement and recovered interest reimbursement w.e.f 1st April, 2016 (consideration payable by them under the scheme) on account of delay in receipt of consideration from JCL and JUSL. Interest cost is net of ₹ 213.11 Crores and ₹ 23.63 Crores received from JUSL and JCL respectively.
28. C. Post section III and section IV of the Scheme becoming effective, as per the Scheme the Company is continued to operate the business on behalf of JCL & JUSL in trust in so far as may be necessary until all rights, licenses/permits for using inventory of coke (including trading and transport permit), approvals and sub-lease for use of the land or obligation etc. stand fully devolved to and in favour of the resulting companies (JCL & JUSL). Accordingly, the revenue & expenses and assets & liabilities in this regard for the yearended 31st March, 2017 have been excluded from these financial statements.
29. Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) is ₹ 129.73 Crores (₹ 13.78 Crores).
30. The Company had received a notice during the year 2012-13 from office of the Dy. Director of Mines, Jajpur Road Circle, Odisha (the Office) asking company to deposit in ₹ 85.40 Crores with the department on account of cost price on mining of excess quantity of Chrome Ore over and above the approved quantity of mining plan/scheme. The company has disputed and challenged the same as demand made by the Office is incorrect, unjustified, and baseless and was without furnishing any supporting documents and/or providing any basis/reason for such demand. The case is pending before Revisional Authority of Mining tribunal, Govt. of India.
31. (A) Corporate Debt Restructuring
- (i) Pursuant to the approval of reworked CDR package ("Rework Scheme") in September 2012 and execution of Amended & Restated Master Restructuring Agreement ("Amended MRA"), the long term financial obligations to the CDR lenders were reworked including reworking of repayment schedule, creation of Funded Interest Term Loan (FITL II) for certain facilities, adjustment in interest rates, etc. w.e.f. 31st March, 2012. Accordingly, interest has been accounted for based upon the terms of the Rework Scheme / confirmations received from the banks.
- (ii) During the financial year 2014-15, CDR Empowered Group (EG) while approving the Asset Monetisation cum Business Reorganization Plan ("AMP") vide its letter dated December 26, 2014 has approved conversion of both FITL I & FITL II ("FITL") into equity / other instruments, on certain terms and conditions, within 30 days of effective date of the Asset Monetisation cum Business Reorganization Plan ("AMP") subject to compliance with applicable laws. As per the terms approved by its CDR lenders, ₹ 250 Crore has been proposed to be converted into equity and balance outstanding amount of FITL into 0.01% Optionally Convertible Redeemable Preference Shares (OCRPS). Redemption of OCRPS shall be by March 31, 2022 and the CDR lenders would have the right to convert OCRPS into equity at any time after 5 years from November 01, 2015. Alternatively, the Company might redeem these OCRPS along with all dues thereof including recompense before conversion option is exercised by the CDR lender. In this regard shareholders have accorded its approval in its Extraordinary General Meeting held on 11th February, 2017.
- (iii) The credit facilities / loans under Rework Scheme are/will also be secured by:
- (a) Unconditional & irrevocable personal guarantee of CMD Mr. Ratan Jindal;
- (b) Unconditional & irrevocable corporate guarantee of certain promoter group companies in proportion to the number and to the extent of equity shares pledged by each promoter group company;
- (c) Unconditional & irrevocable corporate guarantee of Jindal Stainless (Hisar) Limited.
- (d) Pari-passu pledge of 10,54,17,065 nos. of equity shares held in the company by promoters. Non disposal undertaking (pending creation of pledge) over the requisite no. of shares allotted to JSHL on July 03, 2016 [pursuant to scheme referred in note no. 28(2)(a)] (will be pledged with lenders);

- (e) All assets transferred to JUSL and JCL pursuant to the Scheme; and
- (f) Pledge over shares of the subsidiaries as listed below:
- JSL lifestyle Limited* (Subsidiary till 31st March, 2014)
 - JSL Logistics Limited* (Subsidiary till 31st March, 2014)
 - PT. Jindal Stainless Indonesia
 - Jindal Stainless UK Limited
 - JSL Stainless FZE
 - JSL Group Holdings Pte. Limited
 - Jindal Stainless Madencilik Sanaye Ve Ticaret A.S
 - Jindal Aceros Inoxidables S.L
 - Iberjindal S.L.
- * transferred to JSHL pursuant to the scheme
- (g) Certain conditions, covenants and creation of security under the Rework Scheme, as the case may be, are in process of compliance/waiver. Certain secured facilities from Banks are subject to confirmation and/or reconciliation.
- (h) Pledge of shares of JCL & JUSL allotted/to be allotted to JSL (refer note no. 28A) (Will be pledged with lenders)
- (iv) Under the Corporate Debt Restructuring mechanism, the recompense amount works out to ₹ 34.63 Crores as at March 31, 2017. The same is taking into account the interest rate difference for all term loan facilities of each bank post restructuring. However, the same is subject to final reconciliation with individual lenders.
- (B) Restructuring of ECB Facilities
- Besides reworking of its domestic term debt obligations as stated in note A above, the Company has also completed the restructuring of its debt obligations in relation to USD 250 million ECB facilities (outstanding of USD 147.19 million as on 31st March 2017) availed for the part financing of Odisha Phase II project and has executed requisite amendment agreements with all the ECB lenders on 29th March, 2013. The revised terms inter-alia includes deferment of repayment schedule, increase in interest rates, etc. had been implemented on receipts of RBI approvals. The company has executed the Third Amendment and Restatement Agreement on January 3, 2017 with all the existing lenders for implementation of AMP.
32. As on March 31, 2017, the overdue financial obligations to banks/financial institutions (30 in nos.) (30 in nos.) were ₹ 266.68 Crores (₹ 553.60 Crores) of which maximum overdue period was 60 days (61 days).
33. Post adoption of IND AS and Due to adoption of fair valuation of assets (including property, plant and equipment as allowed in IND-AS and liabilities) the net worth of the company became positive (refer note no. 52). Further, to strengthen its net worth, the Company is taking necessary steps towards full implementation of AMP including conversion of Funded Interest Term Loan (FITL) by the Lenders of the Company into Equity Shares / Optionally Convertible Redeemable Preference Shares (refer note no. 31 (A)(ii)). Thus, these accounts have been prepared on a going concern basis.
34. The Company has made investment of ₹ 8.47 Crores (along with bank guarantee of ₹ 10.01 Crores) in MJSJ Coal Limited (MJSJ) and ₹ 0.10 Crores in Jindal Synfuels Limited (Jindal Synfuels), wherein JSL hold 9% and 10% stake respectively (both joint venture companies). The Hon'ble Supreme Court of India vide order dated 24.09.2014 has cancelled 214 out of 218 coal blocks allotted to various companies/entities, including the coal blocks allotted to MJSJ & Jindal Synfuels. No mining activity/production had commenced in these coal blocks, therefore cancellation of these coal blocks allotted to the MJSJ and Jindal Synfuels will not have any material impact on the current operations of the Company. The Company has filed review petition on 18.11.2014 challenging the order dated 24.09.2014 passed by Hon'ble Supreme Court and the matter is pending adjudication in respect of coal block allotted to MJSJ. After the enactment of the Coal Mines (Special Provisions) Act, 2015 dated 30th March 2015 allowing compensation to the prior allottees in respect of land and mining infrastructure, the management does not anticipate any material variance between carrying value of assets in investee companies and the expected compensation.
35. The company has filed Writ Petition (C) before the Hon'ble High Court of Orissa, Cuttack challenging the order passed by the Jt Commissioner of Commercial Tax, Jajpur disallowing the issue of C Form for the procurement of plant and machinery for Captive Power Plant during the year 2004-05 to 2007-08. The Hon'ble Court heard the matter and passed interim order dated 14.03.2012, directing the company to deposit 25% out of total demanded amount of ₹ 33.06 Crores. The company has deposited an amount of ₹ 8.26 Crores within the permitted time and informed the Hon'ble High Court. Pending final decision, no provision in this respect has been made in the books and the same is included in note no. 27(A)(d)(i) (Contingent Liability).
36. (a) Company has filed Writ Petition (C) before the Hon'ble High Court of Orissa, challenging the order passed by the Dy. Commissioner of Commercial Tax, Jajpur for the period from 01/10/2006 to 30/09/2010, for payment of Entry Tax under the Orissa Entry Tax Act 1999 on the goods procured from outside the territory of India. The demand is on 2/3rd amount of Entry Tax on the goods imported from outside the territory of India on which the payment of 1/3rd amount of entry tax deposited as per the interim order of the Hon'ble Supreme Court. Considering the prudence, demand of entry tax have been fully provided for and pending final decision interest and penalty have been included under note no. 27(A)(d)(i) (Contingent Liability).
- The Hon'ble Court has heard the matter and vide its interim order dated 14.03.2012, directed the company to deposit 50% of the amount of interest i.e. ₹ 1.08 Crores by 25.03.2012 and granted stay for the balance amount of demand till disposal of the case. The company has deposited the amount within the permitted time and informed to the Hon'ble Court.
- (b) The Company had challenged the legality of Orissa Entry Tax Act 1999 in the Hon'ble supreme court of India. On 16.04.2010 the Entry tax matters of the states have been referred to a larger 9-judges Constitutional Bench of the Supreme Court of India. the 9 judge bench while holding the constitutional validity of entry tax, has, vide its Order dated 11th November, 2016, referred the same to divisional/ regular

benches for testing and determination of the Article 304 (a) of the constitution vis a vis state legislation and left open levy of entry tax on goods entering the landmass of India from another country to be determined in appropriate proceedings. Considering the prudence, full liability in this regards have been provided. 41. (a) In the year 2008, the company (Jindal Stainless Ltd.) and PT Antam (Persero) Tbk, Indonesia had entered into Joint Venture agreement (50:50) to establish integrated stainless steel facilities in Indonesia and for that purpose initial equity contribution of **USD 4,500,000** was remitted to JSL Venture Pte. Ltd (JSL-V), through JSL Group Holding Pte. Ltd., Singapore. Pending utilization and because in 2008 Joint Venture was in the initial stage of project report preparation, initial Equity Contribution by JSL Venture Pte. Ltd. of **USD 4,500,000** was parked with PT Jindal Stainless Indonesia (PTJSI, a subsidiary company in Indonesia). As the JV was abandoned in 2010 between PT Antam (Persero) Tbk, Indonesia and the company on account of certain issues. JSL venture Pte. Ltd had knocked off the equity liability against loan receivable from PTJSI, Further, as per the MOU dated 31st March, 2011 signed between JSL-V and PTJSI, the above **USD 4,500,000** had been converted into an arrangement as "Cumulative Non-Convertible 0.01% subordinate un-secured term loan due in January, 2061, pending necessary approval. During the previous year JSL-V have decided to reduce its paid up capital from **SG\$6,838,211** to **SG\$427,961** (represented by sole shareholder holding 68,38,211 no. ordinary shares) and to distribute and transfer loan of **USD 4,500,000** receivable from PTJSI to its sole shareholder and holding company JSL group Holding Pvt Ltd.(a wholly owned subsidiary of the company). During the current year JSL-V has been liquidated.
- (b) Further in addition to above unsecured loan from the company (Jindal Stainless Ltd.) to PTJSI of **USD 2,500,000** for purchase of assets from PT Maspion Stainless Steel Indonesia is outstanding till date where there is no terms of definite repayment.
- (c) In PT Jindal Stainless, Indonesia with effect from January 1, 2012, it applied PSAK number 10 (revised 2010) "The Effects of Changes in Foreign Exchange Rates", which describes how to include foreign operations in the financial statements of an entity and translate financial statements into a presentation currency. The company considers the primary indicators and other indicators in determining its functional currency. The Company determined that its Company's functional currency is the US Dollar and decided that the presentation currency for the financial statements is the US Dollar. In relation to such change in the presentation currency, the statements of financial position as of March 31, 2012 and April 1, 2011/March 31, 2011 and the statements of comprehensive income, changes in equity and cash flows for the year ended March 31, 2012 were restated and presented using the US Dollar as the presentation currency.
42. Subsidiary company PTJSI had entered into a joint venture agreement with following two partners for activities of production, mining and trading of chrome and smelting in Vietnam with invested capital of **USD 18,000,000** and charter capital of **USD 5,400,000**. Such co-operation activities are under suspension since 2008 on account of slowdown in economic activities. Till 31st March 2016 PTJSI has contributed **USD 1,606,000** and the same is disclosed as investment advance, pending allotment of shares and receipt of confirmation. As the financial statement till 31st March 2017 are not available with the PTJSI no disclosure as per Indian Accounting Standard (Ind AS) 27 on "Investments in Associates and Joint Ventures", except as stated below as given;

FINANCIAL INSTRUMENT MEASURED AT AMORTISED COST

- (i) The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.
- (ii) The disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, trade payables, interest accrued but not due and book overdraft at carrying value because their carrying amounts are near to the fair values due to their short term nature.

FAIR VALUE HIERARCHY

The following table provides the fair value measurement hierarchy of Company's asset and liabilities, grouped into Level 1 to Level 3 as described below:

- level 1 -
Quoted prices for identical assets / liabilities in active markets. It includes fair value of financial instruments traded in active markets and are based on quoted market prices at the balance sheet date (like Mutual funds units) .
- level 2 -
Inputs that are observable for the asset / liability (other than level 1 inputs), either directly (that is, as prices) or indirectly (that is, derived from prices). It includes fair value of the financial instruments that are not traded in an active market , is determined by using valuation techniques. If all significant inputs required to fair value an instrument are observable then instrument is included in level 2.
- level 3 -
Significant Inputs for the asset or liability (instrument) that are not based on observable market data, is included in level 3.

For assets and liabilities which are measured at fair value as at Balance Sheet date, the classification of fair value calculations by category is summarized below:

51. Financial Risk Management, objective and policies
51.1 Financial Risk Factors

The financial risk management is governed by policies guidelines which are reviewed and approved by the Board of Directors. The guidelines and policies primarily cover credit risk, liquidity risk, forex risk, interest rate risk and commodity price risk. The Company's operation exposed to various of financial risks: market risk (including currency risk, interest rate, price risk), credit risk and liquidity risk. The company uses derivative financial instruments to hedge certain risk exposures.

(i) Credit risk

Credit risk is the possible risk that a counter party may not settle its agreed obligations under a financial instrument or customer contract, leading to a financial loss. It arises from credit exposure to trade receivable, cash and cash and cash equivalent including deposits with banks and derivative financial instruments. Trade receivables are generally unsecured non-interest bearing. There is no significant concentration of credit risk. The company's credit risk management policy in relation to trade receivables involves periodically assessing the financial reliability of customers, taking into account their financial position, past experience and other factors. The utilization of credit limit is regularly monitored and a significant element of credit risk is covered by credit insurance.

Trade Receivables

The company's exposure to the credit risk inherent in its trade receivables and the associated risk management techniques that the company deploys in order to mitigate this risk. The company's credit risk is mainly confined to the risk of customers defaulting against credit sales made.

Outstanding trade receivables are regularly monitored by Credit monitoring group. The Company has also taken advances and security deposits from its customers, which mitigate the credit risk to an extent.

The Ageing of trade receivables is as below:-

(ii) Liquidity risk

Liquidity risk is the risk that company could experience difficulties in meeting its existing or future obligations due to insufficient availability of cash or cash equivalents. Managing liquidity risk, is one of the central tasks of the company. In order to be able to ensure the Group's solvency and financial flexibility at all times, long-term credit limits and cash and cash equivalents are reserved on the basis of perennial financial planning and monthly rolling liquidity planning.

The company manages its liquidity risk by using reasonable and retrospectively assessed assumptions to forecast the future cash-generative capabilities and working capital requirements of the businesses it operates and by maintaining committed borrowing facilities and other credit lines as appropriate.

As per loan covenant and AMP conditions certain financial covenants are required to be maintained/ complied by the company like financial ratios (including total debt to EBITDA / net worth, EBITDA to gross interest, debt service coverage ratio and secured coverage ratio), failure of which may turn loans callable at the option of lenders, except where exemption is provided by lender.

(iii) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Various measures are used to mitigate or eliminate the risk of fluctuations in the fair values or future cash flows from financial instruments due to market changes. These mainly include foreign currency forward contracts, interest rate swaps and commodity forward contracts with banks. Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments.

(a) Foreign exchange risk

The company is exposed to foreign exchange risk in the normal course of its business. Multiple currency exposures arise from commercial transactions like sales, purchase, borrowings denominated in foreign currencies, recognised financial assets and liabilities (monetary items) denominated in foreign currencies and translational exposure on net investments in foreign operations. The company's manage foreign currency transactional exposures by entering into foreign exchange forward contract and other derivative contracts to hedge exposed foreign currency risk.

Foreign exchange risk sensitivity analysis has been performed on the foreign currency exposures in the company's financial assets and financial liabilities at the reporting date i.e. 31st March 2017, net of related foreign exchange contracts. Reasonably possible changes are based on an analysis of historic currency volatility, together with any relevant assumptions regarding near-term future volatility.

The impact on the Company's profit before tax and other comprehensive income due to Changes in the fair value of monetary assets and liabilities are given below:

52. Disclosures Required As Per Indian Accounting Standard (IND AS) 101- First Time Adoption Of Indian Accounting Standard

TRANSITION TO IND AS

1. Exemption availed and exceptions applied

The Group prepared financial statements for all periods up to 31st March 2016 in accordance with The Accounting Standards notified u/s 133 of The Companies Act 2013 (as amended) (read with Companies (Accounts) Rules 2014 ("Indian GAAP").

These are the Group's first annual financial statements prepared complying in all material respects with the Indian accounting standards notified under Section 133 of the Companies Act 2013, read with the Companies (Accounts) Rule 2015. Accordingly the Group prepared its opening IND AS Balance Sheet at April 1, 2015 and comparative period presented for the financial year 2015-16.

(i) Exemptions availed

As permitted by IND AS 101 the Group has availed following exemptions from the retrospective application of certain requirements under IND AS. These exemptions are:

- The Group has chosen to measure all items of PPE on transition date i.e. 1st April 2015 at fair value as their deemed cost.
- The Group has elected to adopt the fair value as a deemed cost of investments (Other than its subsidiaries, associates and Joint ventures).
- The Group has chosen to continue recognizing Exchange difference of other long term outstanding loan / liability (against which there is no depreciable fixed assets exists) as Foreign Currency Monetary Item Translation Difference Account and amortized over period / remaining period of loan/liability.
- The Group has chosen to consider the cumulative translation difference for all foreign operations existed at date of transition at zero.
- The Group has opted to apply business combination IND AS 103 post transition date and not retrospectively.

(ii) Exceptions applied

- Estimates: The estimates at 01st April 2015 and 31st March 2016 are consistent with estimates made for the same date in accordance with IGAAP.
- Classification and measurement of financial assets in accordance with IND AS 109 on the basis of facts and conditions existed on IND AS transition date.

The following reconciliations provide quantifications of the effect of significant differences arising as a result of transition from Previous GAAP (IGAAP) to IND AS in accordance with IND AS 101.

- Balance Sheet as at 1st April, 2015 (Transition date);
- Other Equity as at 1st April, 2015 (Transition date);
- Balance Sheet as at 31st March, 2016;
- Other Equity as at 31st April, 2016 ; and
- Statement of Profit and Loss for the year ended 31st March, 2016; and
- Summary of reconciliation of movement in profit and loss on transition to IND AS for year ended March 31, 2015.

Measurement and recognition difference for year ended 1st April 2015 and 31st March 2016
(a) Property Plant and Equipment- fair value as deemed cost

The Group opted for fair value as deemed cost for all property and plant equipment (PPE) situated in India on transition date to IND AS. The Group has also revised the useful life of certain PPE on transition date.

The company has considered fair value (pursuant to the Section III and Section IV of the Scheme becoming effective on 24th September 2016) for Property i.e. Land, Building and Plant & Machinery situated in India and the impact of ₹ 1,826.49 Crore [As against ₹ 2,165.77 Crore previously recorded], in accordance with stipulations of Ind AS 101 with resulted impact being accounted for in the reserves.

The impact of change in depreciation for 2015-16 due to fair valuation and changes in useful life is ₹ 53.68 Crores.

- The company has elected to measure some of its investment at fair value and consequently, investment was decreased by ₹ 1.60 crore and ₹ 1.76 Crore as on 01st April 2015 and 31st March 2016 respectively.

(c) Fair value of Financial Assets and Liabilities:-

The Company has financial receivables and payables that are non-derivative financial instrument.

Under previous GAAP, these were carried at transactions cost less allowances for impairment if any.

Under Ind AS, these financial assets and liabilities are initially recognised at fair value.

- The Company has accounted for additional deferred tax liability on the fair value of Property Plant and Equipment.

(e) Business Combinations:

As per composite scheme of arrangement, Section III and IV of the scheme, Business undertaking 2 (Hot Strip Plant) and Business Undertaking 3 (Coke Oven Plant) of the Company transferred and vested with Jindal United Steel Limited (JUSL) and Jindal Coke Limited (JCL) respectively w.e.f. appointed date i.e. close of business hours before midnight of March 31, 2015. The opening Balance Sheet as on 1st April 2015 as per IND AS has been prepared after giving impact of transfer of Business undertaking 2 and 3 as per Section III and IV of the scheme consequently gain on Slum sale of 362.60 Crores has been transferred to opening retained earnings as on 1st April 2015 (read with note no 28A).

- Under previous GAAP, actuarial gains and losses were recognised in the statement of profit and loss. Under Ind AS, the actuarial gains and losses form part of re-measurement of the net defined benefit liability/ asset, which is recognised in Other Comprehensive Income. Consequently, the tax effect of the same has also been recognised in other comprehensive income under Ind AS instead of the statement of profit and loss.

Reconciliation of Balance Sheet as at 1st April , 2015
