Investor Presentation- March, 2016 results

Chambal Fertiliser at a glance

- Chambal is one of India's largest private sector urea producers.
- Two state-of-the-art nitrogenous fertilizer plants at Gadepan, Kota, Rajasthan.
- Promoted in the year 1985, Chambal's first urea plant was commissioned in 1993 and the second in 1999.
- Combined production capacity of about 2 million metric tonnes of urea per annum – about 9% of India's installed capacity.

THE STORY SO FAR.....

- CFCL has started urea expansion project for new urea capacity of 1.34 lac MT, which is expected to commence production in January, 2019.
- CFCL sold 8.98 lac MT of DAP and 1.87 lac MT of MOP in FY 2015-16. Other Agri-input volumes have also progressed.

Chambal Fertilisers Geographical reach

- Chambal Fertilisers has a vast marketing network comprising 15 regional offices.
- Chambal Fertilisers caters to the needs of the farmers in twelve states.
- Chambal's largest sales come from the territories of Punjab, Haryana, Rajasthan, UP and MP which are the bread basket of India.
