Welcome you all to the 43<sup>rd</sup> Annual General Meeting of your Company.

In the last three years, the external environment has been particularly harsh for your Company.

With a significant slowdown in the Indian economy, right across the automobile sector, demand was impacted adversely. Our principal customers into manufacturing of tractors, commercial vehicles and construction equipment has shown a decline in the demand in FY 2013 and FY 2014. We hope that the downside will remain for a short period of time and the revival will be faster.

We as Company had embarked on a long term strategy in the last few years to focus on growing exports, continuously staying abreast in terms of technology, developing scale of operations and promoting manufacturing excellence.

Essentially, we are in an investment phase at a time when external conditions have been difficult. Even under natural course of business, one would expect some pressure on profits during this phase. Naturally, in this period, our financial performance has been affected.

While, certainly the business slowdown has affected the pace of our growth plans, we have consciously continued to maintain focus on our long term strategy. There have been positive developments in most of the targeted building blocks of our strategic path.

To begin with, our exports performance continued to gain momentum. In fact, exports grew by 17% to Rs. 134.08 crore in FY2015, which accounts for 32% of total sales of the year. Only, five years back in FY2011, exports constituted only 16% of our total sales.

As you are aware, in FY2014 we inaugurated our third plant in Lonand, near Pune, Maharashtra. Commercial production commenced in FY2015. This plant, with a focus on transmission gears, is being developed with all the principles of LEAN management. I expect this to be our benchmark plant in terms of processes in the near future.

We have been focusing on promoting manufacturing excellence related to safety, 5S, Kaizen, autonomous maintenance, visual management, standard work and lost time our existing plants at Faridabad and Mumbra.

Today, we have the technology in bevel with dry cut machines and in transmission with high speed Mitsubishi machines with T-60 gear tester machine commissioned this year at Faridabad, to compete against the best of global players.

There are some positive trends in the automobile industry with an increase in volumes of passenger vehicles by 4.7% and commercial vehicles by 3.9%. However, tractor sales remained affected – decreasing by 18.1%. Government of India has already given positive indication of providing a thrust to infrastructure so one expects a pick-up in demand for construction equipment.

I believe, we are in a critical phase of our growth path and the worst is behind us. We are cautiously optimistic of being able to grow our topline in line with the debt servicing costs in FY 2016 and generate profits.

I thank all of you – employees, shareholders, financiers, partners and customers – for lending your support to the Company. Hope to continue receiving your good wishes as we make our moves through difficult times. We

are confident of sailing through to our long term goal and living up to the trust you have reposed on the Company.

Surinder P. Kanwar  
Chairman & Managing Director

*Thank you and best wishes*
