- (b) Attention is drawn to Note 36 relating to remuneration of Rs. 11,526/- paid to a Director in excess of the permissible limits and included under the head Other Receivables under Short Term Loans and Advances in Note 19. The Company proposes to recover the same from the said Director.

Basis of Disclaimer of Opinion:

As stated in Note 37 to the accounts, pending investigation, the amount of loss on account of misappropriation of funds by some of the employees of the Company at two of its branches audited by the branch auditors and the recovery, if any, in respect thereof cannot be estimated. We are, therefore, unable to comment on the impact, if any, on the financial statements for the year ended 31st March 2015.

Opinion

Except as stated in the 'Basis of Qualified Opinion' paragraph and 'Basis of Disclaimer of Opinion' paragraph, in our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2015 and its profits and cash flows for the year ended on that date.

Emphasis of Matter

Without qualifying our opinion:

Attention is drawn to Note 2(M) relating to the Scheme of Amalgamation and Arrangement between Mac Oil Palm Limited and the Company and their respective shareholders sanctioned by the Hon'ble High Court of Judicature at Mumbai in an earlier year, pursuant to which, an amount of Rs. 1,41,15,43,389/- (previous year Rs 45,64,16,665/-) has been debited to Business Development Reserve as per the details given in note 2(M).

Had the Scheme approved by the Hon'ble High Court not prescribed the accounting treatment as described in Note 2(M), the accumulated balance in the General Reserve and Securities Premium account as at March 31, 2015 would have been higher by Rs. 51,93,53,756/- and Rs. 2,38,42,29,582/- respectively, profit for the year would have been lower by Rs. 38,37,86,035/-, the accumulated balance in Statement of Profit and Loss as at March 31, 2015 would have been lower by Rs. 1,96,96,38,269/-, the balance in Revaluation Reserve would have been Rs. 1,47,11,58,962/- as against to Rs. Nil and the balance in Business Development Reserve would have been Rs Nil.

However, the aggregate balance in Reserves and Surplus as at March 31, 2015 would have remained the same.

Other Matters

We did not audit the financial statements and information of two branches included in the standalone financial statements of the Company whose financial statements / financial information reflect total assets of Rs. 2,57,08,03,419/- as at 31st March, 2015 and total revenues from operations of Rs.37,46,56,678/- for the year ended on that date, as considered in the standalone financial statements. The financial statements/information of these branches have been audited by the branch auditors whose reports have been furnished to us and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the report of such branch auditors.

Our opinion is not modified in respect of this matter.

Ruchi Soya Industries Limited

Performance for the year ended on March 31, 2015

May 27, 2015; Mumbai: Ruchi Soya Industries Limited (Ruchi Soya) has announced its audited financial results for the year (FY 2014-15) ended March 31, 2015. As compared to the corresponding previous year, Net sales during the FY 2014-15 grew by 16%, from Rs.24,381 crore to Rs.28,309 crore. Earnings before Interest and Finance Cost, Tax, Depreciation & Amortisation (EBITDA) stood at Rs.626.03 crore as against Rs.733.75 crore recorded in the previous year. After considering extraordinary item of Rs.64.92 crore (previous year Rs.11.05 Crore), Profit before tax increased by 62.16% from Rs.49.72 crore to Rs.80.62 crore. Profit after Tax improved by 354% from Rs.13.42 crore to Rs.60.93 crore.

The capacity utilization of port based refinery has gone up from 13.00 lac MT to 20.10 lac MT, with an impressive increase of 54.61%. Despite steep fall in commodity prices during the year, Branded sales have grown from Rs.6,965 crore to Rs.8,357 crore, registering healthy growth of 19.98%.

Commenting on the performance, **Founder and Managing Director, Mr. Dinesh Shahra** said, "The low crop size of soy bean during the year accompanied by a good crop production in the international markets have resulted in lack of commercial viability for processing and consequently impacted the capacity utilization of soya processing industry in India. Also, steep fall in commodity prices in short periods with intensified competition, have adversely impacted the market sentiments and operating profitability during the year. However, the domestic demand of soymeal has partly neutralized the impact on account of international disparity of Indian soymeal exports. The low edible oil prices have led to increase in domestic consumption and imports to bridge the growing demand- supply gap.

Due to expectation of improvement in soybean prices, weather factors and market conditions, we anticipate better sowing and production of soybean and therefore higher utilization of soya processing facilities in the current year. Our consistent performance on branded sales has strengthened our belief to relentlessly focus on serving our customers with value added products and thereby expanding our branded sales in the future. With the expected stabilization of commodity prices in the near future and better utilization of production capacities, more particularly the port based refineries; we expect the operating performance to improve significantly in the current year. We believe that, sustained focus on higher utilization of capacities and branded sales, with focus on cost rationalization measures, will entail better operating profitability in the times to come."
