(CDSL), the authorized agency to provide e-voting facilities, engaged by the Company and the poll conducted at the 50th Annual General Meeting of the Company.

2. Further for the above, we submit our report as under:
- a. In accordance with the Notice of the 50th AGM sent to the shareholders, the e-voting period commenced on 20th September, 2017 at 9:00 A.M. and concluded at 22nd September, 2017 at 5:00 P.M.
 - b. The shareholders of the Company as on the "cut-off date" i.e. 16th September, 2017 were entitled to vote on the resolutions (item no. 1 to 8 as set out in the notice of the 50th AGM of the Company).
 - c. At the venue of the AGM the facility to vote through Ballot papers was provided to those members who were present at the AGM and had not exercised the option of Remote E-voting.
 - d. After the time fixed for closing of the Poll by the Chairman, one ballot box kept for polling was locked in our presence with due identification marks placed by us.
 - e. The locked ballot box was subsequently opened in our presence along with two witnesses, Ms. Komal Bhola and Ms. Swati Agarwala, who are not in the employment of the Company and the poll papers were diligently scrutinized. The witnesses have signed below in confirmation of the Ballot Box being unlocked in their presence. The poll papers were reconciled with the records maintained by the Company/ Registrar and Transfer Agents of the Company and the authorization/proxies lodged with the Company.
- 

Name: Komal Bhola

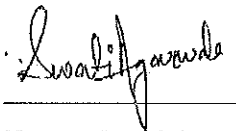

Name: Swati Agarwala
- f. The poll papers, which were incomplete and/ or which were otherwise found defective have been treated as invalid and kept separately.
 - g. After counting the votes casted by the members and proxy holders present at the 50th AGM, through polling paper, the votes casted through remote e-voting were unblocked on 23rd September, 2017, around 11:45 A.M. in the presence of two witnesses, Ms. Komal Bhola and Ms. Swati Agarwala, who are not in the employment

of the Company. They have signed below in confirmation of the remote e-votes being unblocked in their presence.

Name: Komal Bhola

Name: Swati Agarwala

- h. Thereafter, the details containing *inter-alia*, list of Equity Shareholders, who voted "for" or "against" each of the resolutions that were put to vote, were generated from the e-voting website of CDSL and poll conducted at the 50th Annual General Meeting and based on such, the result is as under:

This should be sent, to reach at the Registered Office of the Company before the AGM.
- k) Members holding shares in physical form are requested to immediately intimate any change in their residential address to the STA, so that change could be effected in the Register of Members before Book Closure.
- l) Members who are holding shares in demat mode are requested to notify any change in their residential address, Bank A/c details and/ or email address immediately to their respective Depository Participants to enable the Company to send communications.
- m) The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are therefore requested to submit their PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN to the Company / or STA.
- n) Members holding shares in physical form are requested to consider converting their holding to dematerialized form to

eliminate all risks associated with physical shares. They can contact the Company or STA for assistance in this regard.

- o) Members holding shares in physical form in identical order of names in more than one folio are requested to send to the Company or STA, the details of such folios together with the share certificates for consolidating their holding in one folio. A consolidated share certificate will be returned to such members after making requisite changes thereon.
- p) In case of joint holders attending the meeting, the shareholder whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
- q) Members are hereby informed that pursuant to Section 124(5) of the Act, the Company is obliged to transfer any money lying in the Unpaid Dividend Account, which remains unpaid or unclaimed for a period of seven years from the date of such transfer to the Unpaid Dividend Account, to the credit of Investors Education and Protection Fund established by the Central Government under Sub-Section (1) of Section 125 of the Act.

The unclaimed dividends that are due for transfer to the Investor Education and Protection Fund are as follows:-

S.No	Date of Declaration of Dividend	For the year ended on	Due for transfer on
1	29.09.2010	31.03.2010	03.11.2017
2	24.09.2011	31.03.2011	29.10.2018

Pursuant to Section 124(2) of the Act, and the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Company has uploaded the details of unclaimed amounts lying with the Company as on 30th September, 2016 (date of last Annual General Meeting) on the website of the Company (www.ansalapi.com).

Further pursuant to Section 124(6) of the Act, and Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 and its amendment Rules, 2017, all shares in respect of which dividend has not been paid or claimed for seven consecutive years or more shall be transferred by the Company in the Demat Account of Investor Education and Protection Fund (IEPF) Authority (Authority) within a period of thirty days of such shares becoming due to be transferred to the IEPF as per the procedure mentioned in the said Rules. However, in case any dividend is paid or claimed for any year during the said period of seven consecutive years, the shares shall not be transferred to IEPF.

The Company has sent individual notices to all the shareholders whose dividends are lying unpaid / unclaimed against their name for seven consecutive years or more and has also advertised in this regard in the Newspapers seeking action from the shareholders. Shareholders are requested to claim the same as per procedure laid down in the Rules. In case the dividends are not claimed by the due date(s), necessary steps will be initiated by the Company to transfer shares held by the members to IEPF without further notice. Please note that no claim shall lie against the Company in respect of the shares so transferred to IEPF.

EXPLANATORY STATEMENT AS REQUIRED U/S. 102 OF THE COMPANIES ACT, 2013

Item No. 6

The Board of Directors of the Company (Board) on the recommendation of the Nomination and Remuneration Committee has appointed Smt. Archana Capoor, B.Sc., MBA (DIN: 01204170), as Non Executive Independent Woman Director of the Company for a term of 02 (two) consecutive years with effect from the 11th February, 2015, subject to the approval of the Members by way of passing an Ordinary Resolution. Subsequently, her appointment was approved by the Members at their Annual General Meeting held on the 30th September, 2015. Accordingly, the tenure of her appointment as Non Executive Independent Woman Director had expired on the 10th February, 2017.

However, prior to the expiry of her tenure, the Board at their meeting held on 07th December, 2016, pursuant to the provisions of Sections 149 and 152 of the Act and the Companies (Appointment and Qualification of Directors) Rules, 2014 (Rules) (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force) read with Schedule IV of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations), has appointed Smt. Archana Capoor, as a Non-Executive Independent Woman Director of the Company (not liable to retire by rotation) for a further period of 3 (Three) consecutive years commencing from the 11th February, 2017. The appointment is subject to approval of the Members, by way of passing a Special Resolution, which is being sought at this AGM.

Smt. Archana Capoor, is a noted professional having more than 33 years of rich experience in the field of management & finance. Her appointment has been and expected to be substantially beneficial to the Company and its business, in the future.

Section 149(10) & (11) of the Act, among others, provide that an Independent Director shall hold office for term up to five consecutive years on the Board of a company, and shall be eligible for re-appointment for another consecutive term of up to five years on passing of a Special Resolution. Thereafter there should be a gap of three years.

Smt. Archana Capoor has given a declaration to the Board that she meets the criteria of independence as provided under Section 149(6) of the Act. Moreover, she is not disqualified to become director under the Act.

In the opinion of the Board, she fulfils the conditions specified in the Act and the Companies (Appointment and Qualification of Directors) Rules, 2014 and Listing Regulations for appointment as Independent Woman Director and she is independent of the Management.

The Company has received notice u/s 160 of the Companies Act, 2013 and Rules thereto from the member along with required deposit proposing the candidature of Smt. Archana Capoor.

The Nomination and Remuneration Committee of the Company at its meeting held on the 07th December, 2016 has recommended the appointment of Smt. Archana Capoor in terms of the said applicable provisions of the Act, its Rules and Listing Regulations.

In compliance with the provisions of Section 149 read with Schedule IV of the Act, the appointment of Smt. Archana Capoor as a Non-Executive Independent Woman Director is now being placed before the members at this AGM for their approval.

The terms and conditions of appointment of Smt. Archana Capoor as a Non-Executive Independent Woman Director shall be open for inspection by Members of the Company in physical form at the Registered Office of the Company on all working days, except Saturdays, during business hours (i.e., 10:00 a.m. to 5:30 p.m.) up to the date of the Meeting.

Brief resume of Smt. Archana Capoor, nature of her expertise in specific functional area and the names of the companies in which she holds directorship, shareholding and the relationship between the directors inter-se as stipulated by the Stock Exchanges are provided in the Notice, as an annexure forming part of the Annual Report.

In terms of the criteria for performance evaluation of Board and Independent Directors (approved by the Board of Directors at their meeting held on the 12th August, 2014), the averaging for peer review has been done on the basis of the rating received from all the Directors, which was placed before the Independent Directors at their meeting held on the 07th February, 2017.

It was generally recognized that all Independent Directors including Smt. Archana Capoor, a Non-Executive Independent Woman Director were highly experienced in diverse fields, qualified and completely conscious of their duties & responsibilities and discharging, overall, their role and responsibilities as per the best practices in the Industry.

The Memorandum & Articles of Association of the Company can be inspected by Members of the Company in physical form at its Registered Office of the Company on all working days, except Saturdays, during business hours (i.e., 10:00 a.m. to 5:30 p.m.) up to the date of the Meeting.

Your Directors recommend passing the proposed Resolution given in Item No. 6 as a Special Resolution.

Except Smt. Archana Capoor, none of the other Directors, Key Managerial Personnel of the Company, and/or their relatives are concerned or interested, financially or otherwise in this proposed Special Resolution.

Item No. 7

In terms of the provision of Section 148 and all other applicable provisions of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force), it is required to appoint the Cost Auditor of the Company to conduct the audit of the cost records of the Company. The remuneration of Cost Auditor is required to be ratified by the Members of the Company.

M/s. J. D. & Associates, Cost Accountants, Firm Registration No. 101443, has been appointed as Cost Auditor by the Board of the Company (Board) on the recommendation of the Audit Committee at their respective meetings held on the 12th August, 2017, to conduct the audit of the cost records of the Company for the Financial Year ending the 31st March, 2018 at the remuneration amounting Rs. 1,50,000/- (Rupees one lakh fifty thousand only) excluding applicable tax.

In compliance with the provisions of said Section the remuneration of the Cost Auditor for the Financial Year 2017-18 is now being placed before the Members at this AGM for their ratification and confirmation.

The Memorandum & Articles of Association of the Company can be inspected by Members of the Company in physical form at its Registered Office of the Company on all working days, except Saturdays, during business hours (i.e., 10:00 a.m. to 5:30 p.m.) up to the date of the Meeting.

Your Directors recommend passing the proposed Resolution given in Item No. 7 as an Ordinary Resolution.

None of the Directors, Key Managerial Personnel of the Company, and/or their relatives are concerned or interested, financially or otherwise in the proposed Ordinary Resolution.

Item No. 8

The Board of Directors has approved the matter of the sanction and disbursement of term loan up to Rs. 100 crores (Rupees one hundred crores only), among others, for general corporate purposes by IL&FS Financial Services Limited, having its branch at The IL&FS Financial Centre, 3rd Floor, Plot C-22, G Block, Bandra Kurla Complex, Bandra East, Mumbai- 400051 (IFIN or Lender).

Now it is proposed for inclusion of an option of conversion of the said loan into Equity shares of the Company by providing for such term/s by way of entering into fresh loan/amendment agreement/s with IFIN in substitution of the existing loan agreement/s executed on the 25th September, 2016 between IFIN and the Company.

Pursuant to Section 62(3) and other applicable provisions of the Companies Act, 2013 and the Companies (Share Capital and Debentures) Rules, 2014, prior approval of the Members of the Company by way of passing a Special Resolution is required for approving the term/s of fresh/amendment loan Agreement/s containing, inter alia, an option of conversion of said term loan into Equity shares of the Company. The approval of the Members will have to be accorded before the raising of the said term loan of Rs 100 crores from IFIN with such terms of conversion, pursuant to the said fresh/amendment loan agreement/s to be executed hereinafter.

The said borrowing of the Company is within the overall limit of Rs 5000 crores sanctioned by the Shareholders at their AGM

held on the 29th September, 2014 in terms of Section 180(1)(c) of the Companies Act, 2013.

The Memorandum & Articles of Association of the Company can be inspected by Members of the Company in physical form at its Registered Office of the Company on all working days, except Saturdays, during business hours (i.e., 10:00 a.m. to 5:30 p.m.) up to the date of the Meeting.

Your Directors recommend passing the proposed Resolution given in Item No. 8 as a Special Resolution.

None of the Directors, Key Managerial Personnel of the Company, and/or their relatives are concerned or interested, financially or otherwise in the proposed Special Resolution.

RESULTS OF OUR OPERATIONS

Net Profit for the Financial Year 2016-17 stood at Rs. 929.37 lakhs as against Rs. 2958.55 lakhs in the Financial Year 2015-16. The total turnover including other income for the Financial Year 2016-17 stood at Rs. 68208.72 lakhs, as compared to Rs. 72000.81 lakhs for the Financial Year 2015-16.

TRANSFER TO RESERVES

During the Financial Year under review, no amount has been transferred to General Reserve.

CAPITAL STRUCTURE

During the Financial Year 2016-17, there has been no change in the capital structure of the Company.

DIVIDEND

The Board of Directors of your Company, keeping in view the uncertainties in the real estate sector and so also the crucial need to conserve resources, have decided not to recommend any dividend for the Financial Year 2016-17.

LOANS, GUARANTEES AND INVESTMENTS

Details of loans, guarantees and investments under the provisions of Section 186 of the Companies Act, 2013 ("the Act") read with the Companies (Meetings of Board and its Powers) Rules, 2014, as amended from time to time as on the 31st March, 2017, are set out in the Standalone Financial Statements forming part of this report.

CONSOLIDATED FINANCIAL STATEMENTS

The Audited Consolidated Financial Statements of your Company for the Financial Year 2016-17 have been prepared in accordance with the applicable provisions of Companies Act, 2013, Rules made thereunder, Indian Accounting Standards (IND –AS) and the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 (hereinafter referred to as the “Listing Regulations”), and are forming part of this Annual Report. The consolidated Financial Statements for the financial year ended on the 31st March, 2017, are the Company’s first IND-AS compliant annual consolidated financial statements with comparative figures for the year ended on the 31st March, 2016 which also comply with IND-AS. The date of transition is the 1st April, 2015.

FIXED DEPOSITS

As on the 31st March, 2017, fixed deposits stood at Rs. 13267 lakhs as against Rs. 14180 lakhs in the previous year.

As already reported earlier, the Company could not comply with the provisions of Section 73 and other applicable Sections of the Companies Act, 2013 read with the Companies (Acceptance of Deposits) Rules, 2014, and therefore the Company had, w.e.f. the 01st April 2014, stopped accepting/renewing fixed deposits.

Since the Company was unable to make payments to its fixed deposit holders as per schedule mentioned in its Fixed Deposit Schemes due to fund constraints arising out of downturn in the real estate market, a revised schedule of payment of fixed deposits was approved by the then Hon’ble Company Law Board, (CLB) New Delhi Bench vide its Order dated the 30th December, 2014.

Subsequently, fresh petition had been filed at Principal Bench of the National Company Law Tribunal (NCLT), New Delhi for seeking further extension of time for repayment of Fixed Deposits (FDs) payable as there was no improvement in the real estate market.

In response thereto, NCLT passed an Order dated the 20th December, 2016 for repayment of fixed deposits with certain conditions. At the next hearing dated the 13th January, 2017, a fresh proposal had been submitted by the Company before the NCLT in terms of previous Order dated the 20th December, 2016 whereby up-to-date interest liability was directed to be liquidated by the Company on all fixed deposits and thereafter the Principal amount.

Thereafter at the various hearings held before the NCLT and at the last hearing held on the 13th July, 2017, NCLT has reviewed the status of its Order Compliance and passed an Order extending the Scheme for further three (03) months after which the performance of the Company shall be reviewed by it for considering further extension.

The Company has made regular payments to the fixed deposit holders in compliance with the fresh proposal approved by the NCLT till July, 2017. The next date of hearing will be on the 15th November, 2017.

The Company is complying with above NCLT Orders. Further, provisions of Sections 73 to 76 or any other relevant provisions of the Act, whichever is applicable have been complied by the Company.

Details relating to deposits covered under The Companies (Acceptance of Deposits) Rules, 2014 for the Financial Year 2016-17 are as follows:

- Deposit accepted during the year: Nil
- All the deposits accepted before the 01st April 2014 are in compliance with the requirements of the Companies Act, 1956.

MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY

No Material changes and commitments have occurred between the end of Financial Year 2016-17 and the date of this Report which could affect the financial position of the Company.

BUSINESS

There has been no change in Nature of Business of the Company during the Financial Year 2016-17.

Pursuant to its mission as well as in practice, your Company is constantly striving to create world class solutions in real estate and uplift the quality of life. Over the five decades it has been engaged in the business of real estate in various facets and in

that process, it has been evolving as a professionally managed organization striving for excellence. It is one of the foremost real estate development companies in India with five decades of real estate development experience.

During the last 50 years, it had been and presently engaged in the field of housing and real estate business covering development of Hi-Tech and integrated townships and other large mixed-use and stand-alone developments in the residential, commercial, retail and hospitality segments, with a focus on large-scale mixed use developments, particularly in residential projects. The business is being carried on by the Company on its own as well as through various subsidiaries, associates, joint ventures and collaborations. As a well-known developer, your Company has several landmark buildings in Connaught Place (CBD of New Delhi) viz. Akash Deep, Surya Kiran, Vikas Minar, Amba Deep, Statesman House etc., and it has established its brand image over long decades. The majority of its projects are located in the NCR, the States of Uttar Pradesh, Haryana, Rajasthan and Punjab.

Through Management's Discussion and Analysis Report forming part of the Directors' Report, your Board has tried to capture broader overview of the Global economic scenario and the Indian economy situation and more particularly the Real Estate Sector prevailing in the Country which have and shall have impact on the nature of Company's business and generally in the class of business in which the Company has interest.

No significant and material order has been passed by the Regulators or Courts or Tribunal impacting the going concern status and company's operations in future.

REAL ESTATE SECTOR

The real estate sector including construction is a pivotal cog of economic growth for India, as it contributes the third highest share to the Indian economy and is also the third largest employer (after agriculture and manufacturing). With forward and backward linkages to over 250 sectors and ancillary industries, the real estate sector is the third-highest contributor to the economy. The total market size of Indian real estate is estimated to have doubled since 2008 and reached about INR 07 lakh crore.

The construction sector's share in the Indian GDP has stayed constant between 7-8 per cent over the past five years. Owing to the impact of construction delays and demonetisation, which affected residential sales, the growth in the sector remained sluggish during 2016 and is expected to decline from 3.9 per cent to 2.9 per cent in coming years.

Real estate contribution to India's gross domestic product (GDP) is estimated to increase to about 13 per cent by 2028, on the back of increasing industrial activity, improving income level and urbanization.

The Indian realty attracted the second-highest Private Equity (PE) investments during 2016, which increased by over 62 per cent year on-year to INR38,000 crore. However, the Foreign Direct Investment (FDI) in construction development sector stayed subdued with only INR470 crores worth of investment reported during January–September 2016. This was primarily owing to foreign investors preferring quasi-debt route, which is not captured in the FDI.

Your Company has at present projects under various stages of implementation across residential, commercial, retail and others. It focuses on mixed use development, particularly in residential projects, and has a leading position in the housing segment, particularly in key cities in northern India. Within the residential asset class, the projects of the Company range from large-scale integrated townships to mixed use and stand-alone detached single and group housing, as well as serviced plots. Your Company continues to follow the strategy of developing integrated townships in key cities in North India.

TOWNSHIPS

The housing industry of India has been one of the fastest growing sectors. Over 50 years, your Company has developed and continues to develop world-class residential townships, complexes, giving facilities to its customers, stakeholders and investors while giving a new dimension to the India infrastructure development.

Townships have become the most sought after property destinations even though the properties located there-in cost higher than the standalone properties. Complexes built in large area of lands with all facilities including schools, hospitals, shopping malls, gymnasium, health spa provide the unique living experience that people demand these days. With these changes in consumer preferences it is but apparent that the townships are the next big thing in the Indian real estate development industry. As land prices show fluctuating movements with tendency of significant escalation in key cities and basic infrastructures lag to balance with increasing populace, real estate property developers are building cities away from the city to facilitate better quality lifestyles.

Details of major projects / townships of your Company are discussed in Management Discussion and Analysis Report which forms a part of this Annual Report.

NOTABLE ACCOLADES RECEIVED DURING THE YEAR

- Your Company has been conferred the following Awards:
- Ansal Plaza Khel Gaon has been awarded the “Retail Property of the Year at the “8th Realty Plu conclave and Excellent Awards”.
 - Sushant Golf City, Lucknow has been awarded the “Green Champion Award” by Indian Green Building Council.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Your Company has always been a committed organisation in working towards social causes and meeting the societal expectations and thus ushering in cooperative relationship. With this very notion in mind, the Company now seeks to extend its support towards community service with a public -spirited approach by enhancing the quality of life in the field of healthcare, learning, and basic infrastructure facilities to the underprivileged. Through its CSR initiatives, your Company wishes to create a community of goodwill thus enabling itself to reinforce a positive and socially amicable corporate entity.

Your Company aims to actively contribute towards a healthy and harmonious environment in the society and communities around its areas of operation. This allows your Company to enhance corporation from the society it caters.

The Corporate Social Responsibility Committee constituted by the Board of Directors (Board) on the 07th February, 2014, is in consonance with the requirements of the Section 135 of the Companies Act, 2013 and its Rules. The said CSR Committee has been entrusted with the responsibility of formulating and recommending to the Board, a Corporate Social Responsibility Policy (CSR Policy) indicating the activities to be undertaken by the Company, monitoring the implementation of the framework of the CSR Policy and the amount to be spent on CSR activities. In this regard following the recommendation of the said Committee, the Board has approved the CSR policy, on the 16th May, 2015 (duly amended), which is also available on the website of the Company i.e. <http://www.ansalapi.com/wp-content/uploads/2014/12/Corporate-social-responsibility-policynew.pdf>

The Composition of the said Committee and other particulars are mentioned in the Corporate Governance Report which forms part of this Annual Report.

As part of its existing Corporate Social Responsibility (CSR) your Company has since long supported the under-privileged and socially and economically backward sections of the society. This can be seen from many of its social projects in terms of setting up of schools, health care facilities, old age care homes and affordable homes for weaker sections. Your Company collaborates with social, charitable and NGOs which are similarly engaged in pursuit of upliftment of under-privileged sections of the society.

Annual Report on the Corporate Social Responsibility Activities for the Financial Year ended on the 31st March, 2017.

The CSR report for the Financial Year ended 31st March, 2017 is attached as **Annexure – A** to the Boards’ Report.

A. EDUCATION

Education imparts not just knowledge but a sense of perception, patience and most importantly nurtures an individual’s evolution for the future. The key factor knowledge is at core of all development efforts in advancing economic and social well being in an emerging nation like India.

Your Company, through its Associates/ Trust, has ushered in the field of education and has built eminent institutes like:

- **Ansal University**

Chiranjiv Charitable Trust (CCT) has setup a University called “Ansal University” under the Haryana Private Universities Act, 2006. Ansal University is dedicated to its mission to nurture scholars who will contribute to society by advancing knowledge and imparting it to new generations of students.

The University has established various schools with a focus on Architecture, Design, Engineering & Management supported by Applied Sciences, Computer Applications, Humanities, and Languages & International Studies. A few

unique features of the University are - contemporary curriculum, relevant pedagogy, emphasis on soft skills & trans-disciplinary learning (TDL) by all students across various disciplines.

The students having gone through the transcendental education model have come to the international benchmarks of quality education and are fast turning into all-rounded professionals for holistic perspective towards industry and academics.

Brief for various disciplines being taught at University are:

Sushant School of Art & Architecture (SSAA):- Conceived with the objective of combining traditional Indian aesthetics and mode of urban planning with the needs of a modern city space; SSAA not only fulfils this objective but also goes beyond and set its own paradigm. SSAA has completed 25 years of its existence and it has been recognised as one of the top three schools of architecture in the Country.

SSAA has associations with many international universities and institutions such as Massachusetts Institute of Technology, AA School London, University of Bath, Deakin University, Illinios Institute of Technology, Chicago, Lawrence Technology University, Aristotle University, University of British Columbia, University of Melbourne. These international relationships ensure that SSAA is always in dialogue with world community.

Sushant School of Design's:- Its curriculum is planned and progressed keeping in mind the individual's potential and abilities for pursuing the courses of interior designing, fashion and textiles designing, product designing, and visual communication.

School of Engineering and Technology:- It is focussing on renewal energies, design and development of sustainable products and processes to enhance manufacturing and its productivity, affordable health care systems and services, future cities and new materials in bio medicine and cooling. It offers courses on computer science engineering, electronics, electrical and communication engineering, mechanical and civil engineering.

School of Management Studies:- It offers management education with futuristic outlook. Courses include on real estate management, health care management, international business, specialisation in retail, insurance, tourism, marketing, finance, hotel management and catering technology.

School of Tourism and Hotel Management:- It has been setup in partnership with World's No. 1 Hospitality School VATEL from France. The school is offering courses in Hotel Management and Catering Technology.

School of Skill and Entrepreneurial Development:- It has been set-up with the objective to up-grade skills of unemployed youth to facilitate the supply of skilled manpower, ready to work in Industry. Imparting skills under partnership with NSDC will help the unemployed, particularly the dropout youths in getting job – employment or self employment. SSED will organize on the job training through placement at the Companies under the National Employment Enhancement Mission (NEEM) of AICTE to enhance the employability of the students.

● **Ansal Institute of Technology & Management, Lucknow**

Ansal Institute of Technology and Management (AITM):- Ansal Technical Campus at Sushant Golf City, Lucknow has been set up by the Sushil Ansal Foundation. Affiliated to Gautam Buddh Technical University, Lucknow, it is one of the premier institutions in the field of technical and management education and the only Institute in the region approved by the AICTE to conduct International Twinning Program B. Tech. (Electrical & Computer Engineering) both at undergraduate and postgraduate levels in engineering, in foreign collaboration with Valparaiso University and in association with Gautam Buddh Technical University, Lucknow. The objective of the Institute is to generate creative professionals, who can contribute not only to the human resource development but also to the Nation building exercise.

B. RESEARCH & RESOURCES CONSERVATION

Your Company recognizes the relationship of business sustainability with resources management and is committed to supervise and conserve the amount of water and electricity used across its project sites at the time of construction. It has installed Solar Power Plants at some of its location with view of generating clean energy for internal consumptions.

Scientific Research Program – In this era of technological advancement throughout the World, there is need for development of new technologies. Therefore Company has undertaken a scientific research program to bring out innovations in the field of Solar Energy Projects.

In India there is a wide gap between the peak and base demand for electricity leading to load shedding in rural areas. The small auxiliary power plants being set up by the governments are based on gas and oil which make them cost

inefficient. The solar thermal systems can provide very efficient and cost effective alternative for power demands. This project of your Company shall yield benefits for the entire Society clubbed with availability of sustainable and clean energy with reasonable costs.

In order to create awareness amongst employees towards environment and resources conservation, your Company organises various camps and has been anchoring green initiatives on a regular basis. The projects of your Company have integrated environment protection, up gradation, conservation, water harvesting, etc. and plantation of trees etc. as a part of the sustainable development.

C. DAY CARE CRECHE FACILITIES AT PROJECT SITES

Your Company, through an NGO- 'Mobile Creches', strives to ensure a healthy and secure childhood for children through quality day care programs aimed at holistic development. This further creates favorable conditions for Women to work at the Company's project sites by providing them the necessary day care support for their children and providing opportunities for basic schooling skills. Day care programs run for eight hours, six days a week for children as young as newborns to 12 year old, with trained, experienced and caring staff.

D. COMMUNITY DEVELOPMENT INITIATIVES

Your Company strongly believes in contributing to and investing in communities in and around its project sites. Under this endeavour, several initiatives have made a lasting impact on the economic, environmental and social conditions of local people. Some such initiatives are:

- Tree plantations
- Adoption of villages connected to project sites of the Company
- Construction of roads, sanitation facilities and temples
- Provision of electricity
- Provision of employment
- Sponsorship of Vocational Training Programmes
- Blood Donation Camps
- Provision of health facilities to poor people

E. HEALTHCARE

- **Diya India Foundation:-** This NGO is engaged for betterment of weaker sections of society. Your Company, through this trust, has been supporting primary school education to the underprivileged children from the slum clusters. Today the foundation has two school buildings - Chetan Vidya Mandir and Chetan Playway School. It is also being planned to conduct regular basic healthcare facilities with assistance in medicines to those in need in villages that have no access to the hospital facility.
- **Village Kahma in Punjab:-** The welfare and social upliftment of this village and the surrounding areas has been undertaken through Kahma Welfare Committee, a non profitable organization set up for this purpose. This initiative has been in progress for decades. A hospital in Kahma—Hansraj Government Hospital - in the name of Late Sh. Hans Raj – grandfather of Shri Sushil Ansal, has been set up. The Welfare Committee has been working well in providing medical support to the villagers of Kahma in Punjab and adjoining villages with the support from your Company. Specialized eye camps are organized every year and many are getting benefitted through camp facility.

F. HOUSING FOR ECONOMICALLY WEAKER SECTIONS (EWS) OF THE SOCIETY

More than three thousand plots for Economically Weaker Sections of the society, in townships of the Company, are in the process of development. The plots were allotted through open public lottery system at highly subsidised rates with easy interest free instalments. The affordable homes are being developed in the projects in Uttar Pradesh and Rajasthan and it is also proposed to further add to above tally of dwelling units in the affordable housing category in the next few years.

G. SENIOR CITIZEN HOME

A plot of 1000 sq. m. has long since been donated to establish a Senior Citizen's Home in Palam Vihar, Gurgaon. Free technical and engineering support was provided to build this home called Chiranjiv Karam Bhoomi. Several senior citizens are staying in this home which is being run by Divya Chaya Trust comprising Smt. Kusum Ansal and other members of the Trust.

H. PROMOTION OF LITERATURE

Kusumanjali Foundation, another social and literary initiative of your Company, a non-profit making company is promoting literary works of budding writers in Hindi and other regional languages. Kusumanjali Foundation has been established by Dr. (Mrs.) Kusum Ansal, the well-known writer and supported by your Company.

The Foundation has instituted an Annual Award titled “Kusumanjali Sahitya Samaan” to honour the creative writers, under whose auspices it has felicitated the literary contribution of two eminent writers, one each in Hindi and one regional language. Every year the Foundation, as enunciated, honours the literary works written in Hindi and other regional languages. The award winners will also receive a cheque of Rs. 2,50,000, the citation, a shawl and the award statue.

Your Company has launched SAMVAD – a literary charitable organisation. It provides an opportunity for creative writers where their literary works are discussed and analysed. Your Company’s social and charitable initiatives have been giving support for more than twenty years. A collection of the selected works of the members of the Samvad has been compiled into a book for dissemination to public and creative fraternity.

I. PROMOTION OF RELIGIOUS AND SPIRITUAL ACTIVITIES

Ethics and principles, which are immensely deep rooted in the philosophy of spiritualism and religious inclinations, are valued. Contributions have been made to religious and spiritual activities from time to time. An extended portion of Chhattarpur Temple in Delhi has been built. Earlier, a donation of five acres of land has been made to ISKCON, where a spiritual learning centre and the construction of temple are already in progress.

AUDIT COMMITTEE

The composition of the Audit committee is covered under the Corporate Governance Report which forms the part of this Annual Report. All the recommendations made by the Audit Committee were accepted by the Board.

INTERNAL FINANCIAL CONTROLS

The Company has in place adequate internal financial control with reference to financial statements. In this regard, the Board of Directors at their meeting held on the 11th February, 2015 have also noted/approved the policies and procedures adopted by the Company for ensuring an orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information.

SUBSIDIARY COMPANIES

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Ansal Properties and Infrastructure Limited
115, Ansal Bhawan,
16 K G Marg,
New Delhi- 110001

We were appointed by the Board of Directors of **M/s Ansal Properties and Infrastructure Limited** (hereinafter called "the Company") in the Board Meeting held on 31st August, 2016 to conduct the Secretarial Audit for the Financial Year 2016-17.

Management's Responsibility on Secretarial Compliances

The Company's Management is responsible for preparation and maintenance of secretarial records and for devising proper systems to ensure compliance with the provisions of applicable laws and regulations.

Auditor's Responsibility

Our responsibility is to express an opinion on the secretarial records, standards and procedures followed by the Company with respect to secretarial compliances.

We believe that audit evidence and information obtained from the Company's management is adequate and appropriate for us to provide a basis for our opinion.

Opinion

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by the Company. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon. Based on our verification of the books, papers, Minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial period ended on 31st March, 2017 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and Compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

- I. The Companies Act, 2013 (the Act) and the Rules made thereunder, as applicable;

BOARD MEETINGS

a) Scheduling and selection of agenda items for Board Meetings

The Board of your Company comprises of qualified as well as immensely experienced professionals. Roles and responsibility (ies) of the Executive Directors and Non- Executive Independent Directors of the Company have been growing in the context of rapidly expanding and increasing complexity of business.

Executive Directors are engaged in the day to day affairs of the Company. Non- Executive Directors, i.e. Independent Directors along with Executive Directors, in addition to attending meetings of the Board and its Committees devote time and make efforts to devising, designing and finalization of Company's policies and plan for successful implementation of project/s and other business activities, from time to time. The Independent Directors, although not involved in day to day activities of the Company, bring to the Company a wide spectrum of inputs and advice keeping in view their background of vast knowledge and expertise both in their fields and Boardroom and governance practices.

The annual calendar of meetings is broadly determined at the beginning of each year. The Board meets at least once in a quarter to review the quarterly/half yearly/ annual financial results and other operations of the Company. Additional meetings are also held whenever necessary, to address the specific needs of the Company.

The Board agenda and the detailed explanatory notes are prepared by the Company Secretary in consultation with Executive Directors of the Company (i.e. Chairman, Vice Chairman, and Joint Managing Director and CEO). All the key issues included in the agenda for consideration of the Board are backed by comprehensive notes and relevant supporting documents / papers containing all the vital information to enable the Board to have focused discussion, and, to take informed decisions. Inclusion of urgent additional items on the agenda is done with the permission of the Chair and other Board Members.

Board Meetings are scheduled well in advance. Dates of the Board meetings are usually informed to all Directors and Auditors and other concerned officer/s about a month in advance and thereafter detailed agenda papers are circulated at least seven days before the meeting. The Senior management personnel are invited at the Board / Committee meetings to apprise and update the Board members on the item being discussed at the meetings. The Statutory and Internal Auditors are also present in the meetings whenever the matters of financial results, internal audits and related issues are discussed. Adequate attendance is ensured and the quorum is always present throughout every meeting. Independent Directors attend in sufficient numbers.

Action Taken Reports in respect of the decisions arising out of the previous meetings are placed at the succeeding meetings of the Board/Committee. The draft minutes of each Board/Committee meetings are circulated to all Directors for their comments within 15 days of the meeting. The Company Secretary, after incorporating comments, received if any, from the Directors, records the minutes of each Board/Committee meeting within 30 days from conclusion of the meeting. The important decisions taken at the Board/Committee meetings are communicated to the concerned departments promptly.

These practices are in adherence to applicable laws including the Companies Act, 2013 and its Rules, Secretarial Standard on Meetings of the Board of Directors (SS-1) and the Listing Regulations, and, are aimed at maximization of good corporate governance.

b) Review of compliance by the Board

The Board periodically reviews compliance certificate/s given by the departmental heads of all laws applicable to the Company and takes steps to rectify non-compliances, if any. The Board also regularly monitors the compliance of the Code of Conduct for the Board Members and Senior Management and other norms of the Corporate Governance.

Remuneration Policy:-

The Company has also formulated a policy on the Remuneration of Directors, Key Managerial Persons (KMPs) and other employees. The key features of the policy are as follows:-

- The Company shall ensure that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors, KMP and other employees of the quality required to run the Company successfully.
- It should be ensured that no director/KMP/ other employee are involved in deciding his or her own remuneration.
- The market rates/ quantum and structures of remuneration as applicable to the comparable organisations in the similar business spheres should be given due consideration.
- It is to be ensured that relationship of remuneration to the performance is clear & meets appropriate performance benchmarks.
- Performance benchmarks are laid down.
- Increase in remuneration should provide rewards for improved performance.
- Remuneration packages should strike a balance between fixed and incentive pay, where applicable, reflecting short and long term performance objectives appropriate to the Company's working and goals.
- Following criteria are also to be considered:-
 - Responsibilities and duties ;
 - Time & efforts devoted;
 - Value addition;
 - Profitability of the Company & growth of its business;
 - Analysing each and every position and skills for fixing the remuneration yardstick ;
 - Standards for certain functions/Departments like Sanctions, Land, & Business Development, where there is a huge scarcity of qualified resources.
 - Ensuring tax efficient remuneration structures.
 - Ensuring that remuneration structure is simple and that the cost to the Company (CTC) is not shown inflated and, in comparison, the effective take home remuneration is not low.

- Any other criteria as may be applicable.
- Consistent treatment of remuneration parameters across the organisation.
- Provisions of law with regard making payment of remuneration, as may be applicable, are complied.
- Whenever, there is any deviation from the Policy, the justification /reasons should also be indicated / disclosed adequately.

This policy, duly reviewed thereafter, is also uploaded on the company website i.e. <http://www.ansalapi.com/wp-content/uploads/2015/08/APIL-Policy-on-Remuneration-Directors-KMP-Employees.pdf>

MANAGEMENT DISCUSSION AND ANALYSIS*

GLOBAL AND INDIAN ECONOMY- OVERVIEW

The macro-economic stability of the Indian economy improved in the first half of the current year, weathering global headwinds. Economic growth was robust, current account balance improved despite continuing sluggishness in global demand, fiscal trends remained attuned to the consolidation plans and inflation remained broadly within the corridor.

Various new initiatives were undertaken in this year as a part of the economic reforms of the Government, which included the implementation of Goods and Service Tax Act, the merger of railway budget with the general budget to allow for holistic planning and budgeting of transport infrastructure, advancing of the budget cycle by close-to-a-month, passage of the Insolvency and Bankruptcy Code 2016, formalization of the Monetary Policy Committee and instituting inflation targeting and changes in FDI policy regime with putting a large number of sectors on automatic route, among others.

Other sectoral initiatives included measures to revive the construction sector, employment generation and promotion of exports in textile and apparel industry. Government took an initiative in November 2016 to withdraw the legal tender character of all existing Rs 500 and Rs 1000 currency notes in circulation to, *inter alia*, tackle the menace of black money, terrorist funding and counterfeit notes. This measure could have short-term costs, but has the potential to improve medium-to-long term growth prospects. Apart from the above, the measures that were taken by the Government in the earlier years to boost manufacturing, employment generation, ease of doing business and transparency, including Make-in- India, Skill India, direct benefit transfer and measures for financial inclusion, were also taken forward in the current year.

An important macro-economic challenge faced by the Indian economy relates to the declining trend in the investment and saving rates, as seen from the latest available data. Along with an upward push to growth, durable improvement in the balance sheet of firms and banks is important to reverse this trend. Nonetheless, medium-term macro outlook stays bright against the background of green shoots in the global economy, positive farm expectations that can improve rural incomes, stable prices and continuing improvement in indicators of external vulnerability.

GDP growth

Growth rate of industry sector declined in 2016-17 mainly because contraction in mining & quarrying and moderation of growth in manufacturing sector. It was the services sector, led by public administration, defence and other services that resulted in the overall GVA growth rate of 7.0 per cent in 2016-17.

Real estate contribution to India's gross domestic product (GDP) is estimated to increase to about 13 per cent by 2028, on the back of increasing industrial activity, improving income level and urbanization.

From the demand angle, the expansion in government final consumption expenditure has been the major driver of growth. The growth in fixed investment at constant prices declined from 3.9 per cent in 2015-16 to (-) 0.2 per cent in 2016-17. The exports of goods and services are estimated to grow by 2.2 per cent whereas the imports are projected to decline by 3.8 per cent in 2016- 17.

INDIA'S REAL ESTATE SECTOR

The real estate sector including construction is a pivotal cog of economic growth for India, as it contributes the third highest share to the Indian economy and is also the third largest employer (after agriculture and manufacturing). With forward and backward linkages to over 250 sectors and ancillary industries, the real estate sector is the third-highest contributor to the economy. The total market size of Indian real estate is estimated to have doubled since 2008 and reached about INR 07 lakh crore.

The construction sector's share in the Indian GDP has stayed constant between 7-8 per cent over the past five years. Owing to the impact of construction delays and demonetisation, which affected residential sales, the growth in the sector remained sluggish during 2016 and is expected to decline from 3.9 per cent to 2.9 per cent in coming years.

The Indian realty attracted the second-highest Private Equity (PE) investments during 2016, which increased by over 62 per cent year-on-year to INR 38,000 crores. However, the Foreign Direct Investment (FDI) in construction development sector stayed subdued with only INR 470 crores worth of investment reported during January–September 2016. This was primarily owing to foreign investors preferring quasi-debt route, which is not captured in the FDI.

The Indian real estate market is expected to touch US\$ 180 billion by 2020. The housing sector alone contributes 5-6 per cent to the Country's Gross Domestic Product (GDP). In the period Financial Year 2008-20, the market size of this Sector is expected to increase at a Compound Annual Growth Rate (CAGR) of 11.2 per cent. Retail, hospitality and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

The real estate sector comprises four sub sectors - housing, retail, hospitality, and commercial. The growth of this Sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations.

HOUSING

The housing industry of India is one of the fastest growing sectors. A large population base, rising income level and rapid urbanization leads to growth in this sector. As per Indian Constitution the matters pertaining to the housing and urban development have been assigned to the State Governments. However, the Union Government is responsible for formulation and implementation of social housing schemes. It is also an important sector for the economy, as it has inter-linkages with nearly 269 other industries. The development of housing sector can have direct impact on employment generation, GDP growth and consumption pattern in the economy.

For the Indian residential sector, Financial Year 2016-17 was not a very good year due to pressures of increasing unsold inventory, delay in possession, high property prices, low demand, cautious buyer approach and a liquidity crunch. These have resulted in limited numbers of project launches in most of the cities despite of increase in the freebies being offered to sell the property, such as different innovative payment plans, discounts, and gifts with bookings etc.

The Government of India's focus on housing sector over the years, has been primarily due visible developments and it being a vital sector of the national economy creating jobs and generating taxes and wages, that positively influence the quality of life. Presently, affordable housing is being emphasised which basically targets the economically weaker class and low-income groups and constitutes majority of the Indian housing industry, both in terms of value and volume. Besides, luxury housing is also expected to see significant growth in the coming years as this market segment is comparatively very small and possesses huge potential for further developments.

At present your Company's projects are under various stages of implementation across residential, commercial, retail and others. It focuses on mixed use development, particularly in residential projects, and, has a leading position in the housing segment, particularly in key cities in northern India. Your Company continues to follow the strategy of developing integrated townships in key cities in North India.

TOWNSHIP DEVELOPMENT

The positive perception of township owes its existence in the trend of growing demand for luxury apartments in integrated townships. There have been shifting of necessities and standards of living of India's residential property buyers, who do not want just a modest home but a dream house.

Townships have become the most sought after even though they cost much higher than individual buildings. Complexes built in large area of lands with all facilities including schools, hospitals, shopping malls, gymnasium, health spa provide the unique living experience that people demand these days.

With these changes in consumer preferences it is but apparent that the townships are the next big thing in the Indian real estate development industry. As land prices peak in key cities and basic infrastructures lag to balance with increasing populace, real estate property developers are building cities away from the city to facilitate better quality lifestyles.

The growing Township development in India has bought in the Foreign Direct Investments and more and more foreign funds are investing in such projects. There is emphasis of investments in integrated townships for the planned growth of the knowledge industry because the booming IT sector in major cities is straining current infrastructure and adding to inflationary pressure.

Your Company is fully into development of Townships and it along with its subsidiaries/JV/associates etc is developing and promoting several fully Hi- tech, integrated and other townships, notably "Sushant Golf City" in Lucknow, the "Sushant Megapolis" in Greater Noida, "Esencia" in Gurgaon etc.

OTHER SECTORS

Commercial

Sectors such as IT and ITES, retail, consulting and e-commerce have registered high demand for office space in recent times. Information Technology and Business Process Management sector led the total leasing table with 52 per cent of total space uptake in the year 2016.

Your Company's commercial real estate business includes developing and constructing high rise office blocks and IT/ITES parks. Commercial space offerings are a mix of "built to suit" offices, customized facilities and pure multi-tenanted facilities.

Retail

Due to high demand of quality office/Retail space, retail real estate market in India continues to grow at a steady rate especially in IT/ITES driven markets like Hyderabad, Bangalore, Pune and Chennai. Positive changes in policy and regulations have given a further boost to retail segment.

The Indian retail industry has emerged as one of the most dynamic and fast-paced industries due to the entry of several fresh players. It accounts for over 10 per cent of the Country's Gross Domestic Product (GDP) and around 8 per cent of the

employment. India is the world's fifth-largest global destination in the retail space.

Your Company's retail business model includes both the leasing and sale of retail developments. It has developed many modern shopping malls and other retail spaces under the "Ansal Plaza" brand name such as Ansal Plaza in Palam Vihar, Greater Noida, Jalandhar, Ludhiana, Jodhpur, Ajmer, Gurgaon, Sonapat and also in the process of developing number of shopping malls in various cities. These retail spaces are characterized by better design, high quality infrastructure as well as have leisure and entertainment amenities such as multiplexes, food courts and restaurants.

Facilities Management

Facilities Management (FM) is an interdisciplinary business function that coordinates space, infrastructure, people and organization. It is about managing people and places like commercial complexes, malls, hospitals, residential developments etc., to achieve best value for money by balancing between needs of the users and the business to achieve ideal satisfaction and effectiveness.

The role of Facility Management in an Real Estate organization becomes more challenging and complementary to the core function of developing the real estate assets in a way to provide the best post sales services to the allottees/occupants and thus to keep the asset value on ever increasing curve.

Your Company provides/facilitates adequate facilities management for properties developed by it.

INDIAN REAL ESTATE: OPPORTUNITIES AND CHALLENGES/ THREATS/STRATEGIES

Opportunities

The Union Budget aims to give thrust to increase government spending in rural areas, infrastructure, alleviate poverty and maintain fiscal prudence. The government's agenda for the next year would be: 'transform, energise and clean India'.

Budget 2016-17 (since passed by the Parliament) is expected to have a long term positive impact on real estate sector such as:

- ❖ Infrastructure status has been accorded to the affordable housing projects
- ❖ Rural housing expenditure increased from INR15,000 crore to INR23,000 crore, under Pradhan Mantri Awas Yojana (Gramin)
- ❖ Over one crore houses to be built for the homeless in rural areas by 2019
- ❖ The National Housing Bank (NHB) would refinance individual housing loans of about INR20,000 crore in FY2017-18
- ❖ Allocation to infrastructure sector is at a record high of INR3.96 lakh crore for FY2017-18, an increase of over 38 per cent over the previous fiscal year
- ❖ The pace of construction of roads under the Pradhan Mantri Gram Sadak Yojana (PMGSY) has accelerated to reach 133km per day in 2016-17, as against the average of 73km during the period 2011-14
- ❖ The Airport Authority of India Act would be amended to enable effective monetisation of land assets
- ❖ The government is dedicated towards improving the ease of doing business in India. A number of tribunals are expected to be rationalised and appropriate tribunals would be merged to reduce overlapping functions
- ❖ Foreign Investment Promotion Board (FIPB) to be abolished in FY2017-18 and a road map is to be announced. Liberalisation of FDI policy under consideration and necessary announcements to be made in due course
- ❖ The government plans to amend, simplify and rationalise the existing labour laws through legislative reforms. The existing law would be amalgamated into four codes: wages, industrial relations, social security and welfare, and safety and working conditions.
- ❖ A specific program for the development of multi-modal logistics parks, together with multi-modal transport facilities, would be drawn up and implemented.

Government Initiatives

The Government's intention is to spur the real estate sector and it has taken commendable but measured steps. To accord the housing sector industry status has been a long-standing demand. Though only the affordable housing has been given

this much-coveted and all-important status, it is definitely a shot in the arm for the sector. Suddenly, the Government's objective of providing Housing for All by 2022 looks very much achievable.

The Government of India along with the governments of the respective states have taken several initiatives to encourage the development in the Real Estate sector. The Smart City Project, where there is a plan to build 100 smart cities, is one of the prime opportunity for the growth in this sector. Below are some of the other major Government Initiatives:

Some policy initiatives listed by international property consultants Colliers Research included the following 10 policy initiatives:-

- 1. Real Estate (Regulation and Development) Act, 2016:** The Real Estate (Regulation and Development) Act, 2016 which fully came into force from May, 2017 has laid down a regulatory framework which will change the way the real estate sector operates in India. It aims to enhance transparency, bring greater accountability in the realty sector and set disclosure norms to protect the interest of all stakeholders. Speedy execution of property disputes will also be ensured in due course.
- 2. Amendment to the Benami Transactions Act:** The Benami Transactions (Prohibition) Amendment Act, 2016 lays down stringent rules and penalties associated with dealings related to 'benami' transactions. It sets up a regulatory mechanism to deal with disputes arising from such transactions and levying penalties to increase the institution-investor participation and regulating the sector to make India an attractive investment destination.
- 3. 100% deduction in profits for affordable housing construction:** To promote affordable housing, the Finance Minister has taken forward 100% deduction in profits to an undertaking from a housing project for flats of up to 30 sq metre in four metro cities and 60 sq meter in other cities. These projects have to be approved during June 2016 to March 2019. Another condition was that the project should be completed within three years of grant of approval.
- 4. Interest subsidy for first-time homebuyers:** To stimulate housing demand from first-time home buyers, through the Union Budget 2016-17 the deductions of additional interest of Rs 50,000 per annum for first-time home buyers for loans of up to Rs 35 lakh sanctioned during the next financial year for houses with a value not exceeding Rs 50 lakh are now permitted.
- 5. Change in arbitration norms for construction companies:** To help the ailing construction sector, the government has cleared reforms including speedier resolution of disputes and the release of 75% of amounts that are stuck in arbitration. The government will now release 75% of amounts against margin-free guarantee in cases where arbitral awards have been given but have been contested. The amount released will be used by contractors to complete projects or pay off debts. This is aimed at improving the cash flow position of large developers who have significant exposure in infrastructure and government contracts and eventually help in speedy execution of large infrastructure projects. Coming at a time when most developers are struggling with liquidity issues, this is a boon from an overall perspective.
- 6. Service tax exemption on construction of affordable housing:** Exemption of service tax on construction of affordable houses of up to 60 square meter under any scheme of the Central or state government including public private participation or PPP schemes will propel construction in affordable segment across India and encourage greater collaboration between the public and private sector as well as participation in affordable home construction.
- 7. Dividend Distribution Tax exemption for SPVs to REITs:** Through the Union Budget 2016-17 there has been exemption of any distribution made from the income of the Special Purpose Vehicles (SPVs) to the Real Estate Investment Trusts (REIT) and Infrastructure Investment Trusts (InvIT) from the levy of Dividend Distribution Tax. This paves the way for the REIT model to become financially viable for retail investors.
- 8. Implementation of Goods and Services Tax structure:** Goods and Services Tax (GST) is a positive move towards simplification of Indian tax system. However, the real estate industry is still awaiting clarity on which items fall into "sin" and "common use" and whether they will attract 18%, or 12% possible tax rates. Additional clarification is also needed if the implementation of GST will subsume existing service tax and Value Added Tax (VAT), which are levied for under construction projects currently. The Government is issuing clarifications on a regular basis to usher in the new regime smoothly.
- 9. Currency demonetisation of 500 and 1,000 rupee notes:** The recent demonetisation of Rs 500 and Rs 1,000 rupee notes by the Central Government is perceived as a significant reform. In the long run, this measure along with Real Estate (Regulation and Development) Act, 2016 (RERA) will align the real estate sector to the international standards of doing business, resulting in more fund flow from institutional investors, banks and higher unit sales.

- 10. Permanent Residency Status for foreign investors:** The Union Cabinet has approved the grant of Permanent Residency Status (PRS) to foreign investors, subject to various conditions and with a provision for renewal for another 10 years. As PRS allows the holders' spouse/dependents to take up employment in India, as well as the purchase of one residential property for end-use, the end user pool, mainly for high-end and luxury segment products stands increased which can promote the asset class in a big way.

CHALLENGES/THREATS

The real estate sector is a critical sector of the economy. It has a huge multiplier effect and therefore, is a big driver of economic growth. Not only does it generate an elevated level of direct employment, but it also stimulates the demand in over 265 ancillary industries such as cement, steel, paint, brick, building materials, consumer durables and so on.

The key challenges that the Indian real estate industry is facing today are, inter alia, as follows:

- ❖ Projects of the Company are subject to many approvals/licenses. Obtaining formal clearances and approvals from Government authorities is slow and time consuming and may cause delays/ interruption in project execution or even rework/ modifications as Single window clearance mechanism not in place
- ❖ Projects in Real Estate business involve buying small parcels of contiguous lands within a large area and failure to purchase any contiguous/strategically located parcels may lead to delay of the launch of the proposed project. The land titles are not clear because of poor record keeping and division of land in many parts till independence. The slow pace of modernization of land records is further aggravating the problem. Delays in project launch and completion leads to cost and time overruns.
- ❖ The prices of land and real estate in India has increased exponentially during last decade and caused overpricing of commercial and residential properties. In recent times, the real estate has been the most favorable destination for investments in India and far ahead than equity or gold. Notably, real estate agents or brokers buy or sell property frequently with their own investments and cause of surging prices in properties which do not reflect genuine public demand.
- ❖ Finance is the key for development of any industry. Due to poor image of Real Estate sector, banks are becoming reluctant to give loans and making regulation tougher to avoid the bad loans. Alternate sources of finance are very costly and ultimately impact total cost of the project
- ❖ The real estate is a capital and labour intensive industry; thus, rise in cost of labour and construction material due to inflation poses many problems to real estate industry. Further real estate builders many times raise a question about unfair practices in cement industry for rise of price more than 50% in quick time.
- ❖ Further government intervention of building minimum 20% affordable housing putting extra burden on developers and ultimately on the rest 80%.
- ❖ Indebtedness of Company and the covenants with institutional lenders and other contractual commitments imposed by the lenders could restrict for expansion which may hurt the business and results of operations and financial condition.
- ❖ The Company is reliant on its directors and senior management team and loss of key members or failure to attract skilled personnel may adversely affect the business.
- ❖ The Company may not be able to raise adequate funds at competitive rates to fuel its development plans. The growth of the Company needs further capital, which may not be available on terms acceptable to it.
- ❖ Weather-related catastrophes have a similar stifling effect on the real estate market to global crises
- ❖ Real estate is the most famous sector for soaking the black money without any ambit.

THE ROAD AHEAD / POSITIVE APPROACH

Prospects

The prospects for Indian economy for the year 2017-18 need to be assessed in the light of emerging global and domestic developments. Indications are that global economic growth is gradually picking up.

Responding to an increasingly well-informed consumer base and, bearing in mind the aspect of globalisation, Indian real estate developers have shifted gears and accepted fresh challenges. The most marked change has been the shift from family owned businesses to that of professionally managed ones. Real estate developers, in meeting the growing need for managing multiple projects across cities, are also investing in centralised processes to source material and organise manpower and hiring qualified professionals in areas like project management, architecture and engineering.

India has enormous potential to attract large foreign investments into real estate. The growing flow of FDI into Indian real estate is encouraging increased transparency. Developers, to attract funding, have revamped their accounting and management systems to meet due diligence standards.

Strategies

The Company's strategy for long-term growth is based on continuing to scale, strengthen its core business and grow in new areas of business. The key elements of your Company's business strategy are as follows:

- ❖ The Company is focusing on high growth markets in NCR as well as in other states of Northern India by expanding its existing townships to increase returns through economies of scale as well as entering into collaboration for new projects in order to conserve capital deployment in land aggregation and to achieve better realizations.
- ❖ Accelerating its cash flows by monetizing its assets from finished stock sales, to consider sale /exit from non-core assets /slow moving investments if fetching better value and to reduce the debt.
- ❖ The company, in order to increase the cash flows and liquidate the unsold licensed inventory is changing its sales strategy, where ever required and developing and selling only those products which can easily be liquidated and marketed in the respective location.
- ❖ The Company is giving priority in completing and delivering the projects of good quality on time and building further saleable area(s) in these states by expanding the existing townships.
- ❖ Development / construction of the various projects for recovery of uncalled sale value to increase the cash inflows and handing over of the possession.
- ❖ The Company is restructuring / rescheduling the liability, wherever possible, keeping in view the projected cash inflow.

In addition, your Company is constantly trying to seek more private equity participation and other funding sources to increase the execution process and further mitigate its risks.

PERFORMANCE

You are already aware that, your Company has significant presence in North Indian States i.e. Uttar Pradesh, Haryana, Rajasthan and Punjab.

Your Company along with its associate and subsidiary companies have range of real estate business verticals such as Hi –Tech and Integrated Townships, Condominiums/ Group Housings, Malls/ Shopping Complex, Hotel, and Clubs.

The Company intends to take advantage of India's increasing urbanization by investing in the development of townships on the peripheries of cities throughout northern India, and searching for opportunities to expand existing townships by purchasing and developing or by acquiring under joint development arrangements adjacent land on the existing infrastructure.

Some of the projects in the process of various stages of development are as follows:-

❖ Projects in the State of Uttar Pradesh

PROSPECTS & OUTLOOK

The Company's long -term strategy continues to focus on smaller cities or better known as Tier 2 cities. This strategy has proved to be correct in the past considering both i.e. its performance and priority in overall development. As already said, the Company is developing many Hi- Tech and Integrated Townships.

Customer satisfaction being the most emphatic priority of your Company, all efforts are continue to be made to use the best of construction, architecture and allied inputs, both from highly reputed national and international Companies to provide quality products to customers at all the times. Sensing the need for the focus on quality and timely delivery, the Company has tied up with highly reputed construction contractors and other expert service providers.

Your Company is always looking forward to new opportunities. It continues to emphasize and build upon its well acknowledged brand image of "Ansal Plaza" and "Sushant City". It has successfully launched various Townships and commercial Projects under the Brand Name of Sushant City and Ansal Plaza, respectively.

The said Projects and the following Townships are expected to yield high visibility, status and effectiveness to your Company:

❖ **SUSHANT GOLF CITY – one of Asia’s largest Hi-Tech Townships- Lucknow**

The development of your Company’s premiere Hi-Tech Residential Township, Sushant Golf City in Lucknow, Uttar Pradesh sprawling across 6465 acres of land is in full swing. It is well known that this ultra- modern township offers wide range of residential/commercial properties with world class facilities. Located along the Amar Shaheed Path on one side & NH-56, Lucknow-Varanasi Highway on the other, located within a very short drive from Lucknow International Airport; Sushant Golf City has already become a preferred destination to live in Lucknow. It has eco-friendly environment with various other world class amenities and gives rise to opportunities for employment, trade and commerce. It has about 400 acres of land dedicated only to greenery with a world class 18 hole Golf Course designed by Dr. Martin Hawtree, U.K and hence this mega Township makes life on the greens a reality. This golf course is now a preferred destination for PGA Tours. The Golf Habitat villas are state-of-the-art designer villas and have features which not only match with the international class but also redefine luxury in the true sense of the word. Overall, it’s a perfect abode for modern living full of amenities.

Notably, possession has been offered for more than 3500 units in various categories of plots, built-ups and group housings and more than 1200 families have started residing in the township.

Your Company through its group/associates, has already launched its established brand “The Palms Golf Club & Resorts” at Lucknow. Some reputed institutions and business centers have also started operating, for example, Ansal Institute of Technology and Management, G D Goenka Public School, S J International School, Jaipuria School, and Kunsapkollon School-A Swedish School in the Township. The retail giant, Walmart, bulk market place is also operational in the township.

“Medanta, The Medicity” has started construction of its 800-900 bedded, multi-super specialty hospital in your Company’s Complex which itself will not only upgrade the stature of Sushant Golf City but will provide quality health care to the other residents of Lucknow city.

Iskcon’s Spiritual Centre at your Company’s complex at Lucknow has become a famous spot that attracts devotees from far flung areas.

Sushant Golf City has been acknowledged by the people in Lucknow and in the State of Uttar Pradesh as “New Lucknow” as it gives quality housing, employment and opportunities to make profitable investments in the Real Estate sector.

Ansal Institute of Technology has already gained - positive acceptance and it is rendering service to train the talented work force which has given momentum to the reputation of your Company.

Helipad services have been introduced to the township in the year 2016.

I.T hub in the close vicinity of Sushant Golf City, Lucknow, is being developed as Joint Venture between U.P Govt. and HCL, India’s fourth largest Information Technology services company, which is spread over 1600 acres which is integrated with Sushant Golf City. An Oncology Hospital has already started its OPD. The well- known brand “Amul” has a factory which has commenced production.

Out of nine ambitious projects initiated under the Hi-Tech Township policy within the State of Uttar Pradesh, your Company is the unquestioned leader and today the Company’s Sushant Golf City at Lucknow is known as one of the best and largest township being developed by any real estate company.

❖ **SUSHANT MEGAPOLIS – Green Hi-Tech Township, Adjoining Greater Noida**

“Sushant Megapolis is a green {Environment friendly} Hi-Tech Residential township being developed by Ansal Hi-Tech Townships Limited (A Subsidiary Company) on an area admeasuring 2504* acres (Approx. proposed Area) under the brand “SUSHANT MEGAPOLIS”. This Township is well connected with Delhi and other vital commercial centres via Noida- Greater Noida Expressway to Greater Noida, Eastern Peripheral Expressway and NH-91 and having vast green areas. It is coming up as self- sustaining urban development in the vicinity of Greater Noida, an area of excellence. Sushant Megapolis offers a wide range of commercial and residential properties. It also offers plots for residential purpose as well as for academics comprising schools & colleges.

It has various group housing projects like Fairway Apartments, Aastha Pride and Paradise Crystals. Sushant Megapolis is NCR’s principal self-contained Hi-tech township by its size.

Being one of the biggest townships within NCR undertaken by your Company, Sushant Megapolis has been accepted at the national level.

❖ **ESENCIA - Green Township of Tomorrow in GURGAON**

Your Company is to achieve one more “first” with the “ESENCIA” a Township Project. The aim is to build and sustain a “self-reliant community”. Every aspect of the Township is designed to conserve natural resources and has minimal adverse impact on the environment. The emphasis is on protection, use and recycling of natural resources.

ESENCIA offers well-designed homes with the best amenities. Strategically located at Sector 67/67A, Golf Course Extension Road, Gurgaon, ESENCIA is spread over an area of approx. 142 acres. The Township has been registered as the pilot project for rating under GRIHA* (Green Rating for Integrated Habitat Assessment) in India. ADARSH (Association for Development and Research of Sustainable Habitats), an independent, registered society, constituted by the MNRE (Ministry of New and Renewable Energy) and TERI (The Energy & Resources Institute), is helping your Company in this endeavor.

ESENCIA has been conceived and designed to create a balance between modern and environmentally conscious living. This Township will offer many leisure and recreational activities like medical center, high school, primary and secondary schools, clubs, sports complex and convenience stores. The Township is fast approaching completion. It has eight fully developed parks with automatic sprinkler system, jogging tracks and landscaped surroundings. Flora in these parks will not only give a visual treat but will have indigenous species which will balance the eco-system.

❖ **Green Escape**

Green Escape is being developed by your Company on an area admeasuring 30 acres and strategically located at 8-lane Kundli-Manesar-Palwal expressway at Sonapat (Haryana). It is being created with a vision of an awe-inspiring city-within city that will delight residents with its cosmopolitan, free-spirited atmosphere and unique, invigorating lifestyle. It offers an opportunity to escape from the humdrum and fierce harshness of the urban concrete jungle into the soft, flowing natural lushness of nature. This Project has world class facilities. It is in close vicinity of India's largest Educational City- 'Rajeev Gandhi Education City'

❖ **Golf Link I and II - Integrated Townships in Mohali**

Your Company is developing two integrated townships in Mohali, (Punjab). First Township is Golf Links I, spread in 240 acres and situated in Sector 114, Mohali, where- in the Company has handed over possession of plots, independent floors, and commercial. Army Welfare Housing Organization which had purchased FSI from your Company is building Group Housing consisting of 1000 high rise units which are expected to be handed over shortly.

The second Township is 'Golf Links II', spread over 106 acres and situated in Sector 116 where the development work is complete and the Company is in the process of handing over possession of residential plots and it also expects to hand over possession of independent floors in due course. In the coming months, your Company proposes to launch Premium Group Housing project at the entrance to Golf Links I; this Project will be crowning jewel of the Sector and will make the area a destination point.

❖ **Orchard County**

This Project is being developed on an area admeasuring 11.87 acres and strategically located on the main city road (Kharar-Landran Road), Mohali. The Project is being made to luxurious specifications. It offers well designed homes with best amenities.

There are two sections of this Project;

One is known as “Palm Grove” there are Ground + (Plus) 03 floors, and units are offered for possession

Another section is known as “Orchard County” flats:- which has 12 towers, wherein 10 towers have been offered for possession.

In total, in Sector 115, Mohali, your Company has already offered for possession of approx. 450 apartments.

❖ **Other Integrated Townships and Education**

Your Company's other integrated townships are Sushant City, Ajmer, Sushant City, Jaipur, Sushant City, Jodhpur, Sushant City, Agra, Sushant City, Meerut and others. The facilities in these townships include health centres, shopping complexes, schools, parks, community centres, and underground parking systems.

Your Company's strategy is to focus on high growth markets in NCR as well as in other states of Northern India by expanding its existing townships to increase returns through economies of scale as well as entering into collaboration for new projects to conserve capital deployment in land aggregation and to achieve better realizations.

In the last few years, the education sector of India has seen a number of dramatic changes which resulted in substantial increase in the market share of the education sector. With availability of enhanced technology, it is extremely essential to expand the Indian education sector in order to contribute to the economic growth of the Country. Education is also designed to be an important driver for the future, and, your Company, through its associates/ Trust, has ushered in the field of education and has built eminent Institutes like Sushant School of Architecture and Sushant School of Design. The Institutes run under the Ansal brand name and have in recent times acquired the status of a University called "Ansal University" under the Haryana Private Universities Act, 2006. All these have also footprints in the Corporate Social Responsibility of your Company.

In line with its motto of improving the lifestyle standards of people and the quality of life through creating state-of-the-art realty and infrastructure facilities and projects, your Company is committed to take on more and more challenging tasks in its area of operations with intensified focus and dedication, in the coming years.

OUTLOOK ON RISKS & CONCERNS

Your Company is aware that the first step in earning rewards in business is to mitigate the risk involved in business decisions. Throughout its long existence of more than 50 years, your Company has managed its business risks effectively. The management of risk and opportunities is the inherent responsibility of your Company. Many of the risks include uncertainties or emerging risks, which are difficult to quantify or control. Nonetheless, it is important that these are identified so that the Company can have options to deal with them.

Enterprise Risk Management Framework has been successfully implemented within the Organization of your Company with an overall goal to measure the progress in risk mitigation through quantifiable means. The process is constantly reviewed for improvement.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Internal controls and systems serve multiple needs in any organisation. Well- designed Internal control systems lay down the framework for day-to-day operations, and provide guidelines for employees and, most importantly, provide a certain level of security against a variety of risks such as fraud and misappropriation.

The primary responsibility for the development and maintenance of internal control rests with an organization's management. Internal control evaluation involves everything management does to control the organization in the effort to achieve its objectives.

Your Company's control system and procedures are regularly reviewed for relevance and effectiveness and changed as per the need of business environment.

The Company has an efficacious Audit Committee consisting of Independent Directors, the details of which have been given in the Corporate Governance Report. Independent Chartered Accountant firm has been appointed as Internal Auditors and effectiveness of internal control mechanism is reviewed by Internal Auditors at regular intervals. The Audit Committee reviews audit reports submitted by the Internal Auditors on a regular basis.

Suggestions for improvement are considered by the Audit Committee and its decisions are followed by the Management through implementation of the corrective actions and improvements in business processes. The Committee also meets, from time to time, the Company's Statutory Auditors to ascertain, inter-alia, their views on the adequacy of internal control systems in the Company and also keeps the Board of Directors informed of its major observations on a regular basis.

During the year under review, 6 (Six) meetings of the Audit Committee were held to review, inter-alia, the internal audit reports along with management comments and the follow up actions taken thereon.

Independent Auditors' Report**To the Members of Ansal Properties & Infrastructure Limited****Report On the Standalone Ind AS Financial Statements**

We have audited the accompanying standalone Ind AS financial statements of **Ansal Properties & Infrastructure Limited** ('the Company'), which comprise the balance sheet as at March 31, 2017, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity for the year then ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant Rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the financial position of the Company as at March 31, 2017, and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Emphasis of Matter**We Draw Attention to:**

- i. Note No. 41 to the standalone financial statements wherein the Company had claimed a cumulative exemption of Rs. 3,448 lakh up to the period ended March 31, 2011, continuing up to the end of current period, under section 80 IA of the Income Tax Act, 1961 being tax profits arising out of sale of Industrial Park units, pending the notification of the same by Central Board of Direct Taxes (Competent Authority). The Competent Authority rejected the initial application against which the Company has filed review petition. The Company has taken opinion from a senior counsel that its review petition satisfies all the conditions specified in the said Scheme of Industrial Park under Industrial Park (Amendment) Scheme,

2010. No exemption is claimed during the current year as there are no sales of industrial park units.
- ii. Note No. 42 to the standalone financial statements wherein the Company is carrying project inventory of Rs.11,455 lacs for one of its Group Housing projects. The Company had applied to the Authority for developing the project on the basis of revised Scheme announced by the Authority for which approval has been received envisaging developing the project on a smaller piece of land equivalent to the amount paid and surrender balance project land subject to certain conditions. Pending final decision of the Authority in the matter and fulfillment of conditions precedent, the management is of the view that there is no impairment in the value of land/ project and we have relied on management contention.
- iii. Note No. 55 to the standalone financial statements wherein the Company Pursuant to Orders of the Company Law Board (CLB) dated the December 30, 2014 and April 28, 2016, the Company was required to refund all its public deposits as per the schedule. As on March 31, 2017 overdue amount of public deposits including interest aggregating to Rs. 8505 lakh is outstanding. The Company has filed fresh application before National Company Law Tribunal, North Delhi Bench giving schedule of payment of fixed deposits, for which hearing is fixed for July 13, 2017.

Our opinion is not qualified in respect of above matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India terms of section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant Rules issued thereunder;
 - e) On the basis of the written representations received from the directors as on March 31, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"; and
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigation on its financial position as referred to in Note 39 to the standalone financial statements.
 - ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. The Company has provided requisite disclosures in note 67 to these standalone Ind AS financial statements as to the holding of Specified Bank Notes on November 08, 2016 and December 30, 2016 as well as dealing in Specified Bank Notes during the period from November 08, 2016 to December 30, 2016. Based on audit procedure and relying on the management representation regarding the holding and nature of cash transactions, including Specified Bank Notes, we report that these disclosures are in accordance with the books of accounts maintained by the Company and as produced to us by the management.

Annexure A to the Independent Auditor's Report to the Members of Ansal Properties & Infrastructure Limited dated May 29, 2017.**Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 ("the Act") as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section.**

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a phased program of physical verification of its fixed assets which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. All the fixed assets identified during the year for verification have not been physically verified by the management. However, discrepancies noticed during physical verification have been recorded and accounted for in the books of account to the extent of verification carried out.
- (c) In our opinion, and according to the information and explanations given to us, the title deeds of immovable properties are held in the name of the Company.
- ii. The Management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- iii. (a) The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under section 189 of the Act. Accordingly clauses 3(iii) (a) & (b) of the Order are not applicable.
- (b) Since there are no such loans, the comments regarding repayment of the principal amount & interest due thereon and overdue amounts are not required.
- iv. Annexure B to the Independent Auditor's Report to the Members of Ansal Properties & Infrastructure Limited dated May 29, 2017**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section**

We have audited the internal financial controls over financial reporting of **Ansal Properties & Infrastructure Limited** ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Ansal Properties and Infrastructure Limited ("APIL" or the "Company"), was incorporated in 1967. The Company's main business is real estate promotion and development in residential and commercial segment. This prestigious company deals in residential, commercial and retail properties located in the areas of Delhi NCR, U.P, Haryana, Punjab, Rajasthan, etc. The company is listed on the National Stock Exchange of India and Bombay Stock Exchange of India.

The registered office of the Company is situated at 115, AnsalBhawan, 16 K.G. Marg, New Delhi, India.

These financial statements were approved and adopted by board of directors of the Company in their meeting held on May 29, 2017.

B. Basis of preparation of accounts

Ministry of Corporate Affairs notified roadmap to implement Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules 2015 as amended by the Companies (Indian Accounting Standards) (Amendments) Rules, 2016. As per the said roadmap, the Company is required to apply Ind AS starting from the financial year beginning on or after April 1, 2016. Accordingly, the financial statements of the Company have been prepared in accordance with Ind AS.

For all the periods up to and including the year ended March 31, 2016, the Company has prepared its financial statements in accordance with the Accounting Standards notified under the Section 133 of the Companies Act, 2013 read together with Companies (Accounts) Rules 2014 (Indian GAAP). These financial statements for the year ended March 31, 2017 are the first financial statements which the company has prepared in accordance with Ind AS.

The financial statements have been prepared accrual basis on historical cost convention, except as stated otherwise.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

C. Operating cycle

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed & realisation of project into cash & cash equivalents and range from 3 to 5 years. Accordingly project related assets & liabilities have been classified into current & non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non-current based on a period of twelve month.

D. Functional and presentation currency

The financial statements are presented in Indian rupees, which is the functional currency of the parent company. All the financial information presented in Indian rupees has been rounded to the nearest Lakhs.

E. Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon the Management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods

a. Property, plant and equipment

Useful life of the tangible assets are based on the life prescribed in Schedule II of the Companies Act 2013. Assumptions are also made, when company assesses, whether an assets may be capitalised and which

components of the cost of the assets may capitalised.

b. Recognition and measurement of defined benefit obligations

The obligation arising from define benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumption includes discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities. The period to maturity of the underlying securities correspond to the probable maturity of the post-employment benefit obligations.

C. Fair value measurement of financial instruments

When the fair value of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market price in activate markets, their fair value is measures using valuation technique. The input to these models are taken from the observable market where possible, but this is not feasible, a review of judgment is required in establishing fair values. Changes in assumption relating to these assumption could affect the fair value of financial instrument.

d. Intangibles

Internal technical or user team assess the remaining useful lives of Intangible assets. Management believes that assigned useful lives are reasonable.

Before transition to IND AS, the company has revisited the useful life of the assets and the impact of change in life on transition is considered in opening carrying values. Also all Intangibles are carried at net book value on transition.

e. Provision for contingencies

Provision for project related liabilities is made on the basis of Management judgement and estimation for possible outflow of resources, if any, in respect of Contingencies/claim/litigations against the Company.

F. Standards issued but not yet effective

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of Cash Flows' and Ind AS 102, 'Share-based payment.' These amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of Cash Flows' and IFRS 2, 'Share-based payment,' respectively. The amendments are applicable from 1 April, 2017. The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The Company is currently evaluating the effect of the above amendments.

G. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data

are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

2. Significant accounting policies

A. Property, plant and equipment

Property, plant and equipment are stated at original cost net of tax/ duty credit availed, less accumulated depreciation and accumulated impairment losses, when significant part of the property, plant and equipment are required to replace at intervals, the company derecognized the replaced part and recognized the new parts with its own associated useful life and it depreciated accordingly. Likewise when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance cost are recognized in the statement of the profit and loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Internally manufactured property, plant and equipment are capitalised at factory cost including excise duty whatever is applicable.

Capital work in progress including property plant & equipment under installation/under development as at the balance sheet date.

Capital expenditure on tangible assets for research and development is classified under property and equipment and is depreciated on the same basis as other property, plant and equipment.

Property, plant and equipment are derecognised from the financial statement, either on disposal or when no economic benefits are expected from its use or disposed. Losses arising in the case of retirement of property, plant and equipment and gain or losses arising from disposal of property, plant and equipment are a recognized in the statement of profit and loss in the year of occurrence.

B. Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in the statement of profit & loss as& when incurred.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net

disposal proceeds and the carrying amount of the asset is recognized in statement of profit & loss in the period of de-recognition.

C. Intangible assets

Capital expenditure on purchase and development of identifiable assets without physical substance is recognized as intangible assets in accordance with principles given under Ind AS-38 – Intangible Assets.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the assets are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. Expenses Incurred during construction period, preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction / implementation, interest on borrowings to finance fixed assets and expenditure on start-up / commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets.

D. Depreciation and amortization

The assets' residual values, useful lives and methods of deprecation are reviewed each financial year end and adjusted prospectively, if applicable.

Depreciation on Property, Plant and Equipment is provided over the useful life of assets as specified in schedule II to the Act. Property, Plant and Equipment which are added / disposed off during the year, deprecation is provided pro-rata basis with reference to the month of addition / deletion.

Depreciation on property, plant and equipment is calculated on a written down basis.

The useful lives of property, plant & equipment are given below:

Asset	Use full life
Office & residential premises	60 years
Plant & machinery (computers)	3 years
Plant & machinery (others)	15 years
Furniture & fixtures	10 years
Office equipment's	5 years
Air conditioning plant & air conditioners	15 years
Vehicles	10 years

Depreciation on Investment property is provided over the useful life of assets as specified in schedule II to the Act. which is as under on written down basis :

Asset	Life
Office & residential premises	60 years

Intangible Assets are amortised on written down value over the useful life not exceeding Six years.

E. Capital work-in-progress

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidentalexpenditures and attributable borrowing cost.

F. Impairment of Non-financial assets

Property, plant and equipment, intangible assets and assets classified as investment property with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount

of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit or loss.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

Impairment losses on continuing operations, including impairment on inventories are recognized in the statement of profit and loss, except for properties previously revalued with the revaluation taken to other comprehensive income. For such properties, the impairment is recognized in OCI up to the amount of any previous revaluation surplus.

G. Inventories

Inventories are valued as under:-

i.	Building materials, stores, spare parts	At weighted average cost
ii.	Shuttering & scaffolding materials	At depreciated cost
iii.	Apartments / houses / shops/ flats	At lower of cost or net realisable value
iv.	Projects in progress	It represents land acquired for future development and construction, and is stated at cost including the cost of land, the related costs of acquisition, construction costs, borrowing costs incurred to get the properties ready for their intended use.

Cost is calculated on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and costs required to make the sale.

H. Cash and cash equivalents

Cash and cash equivalents includes cash on hand and at bank, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they being considered as integral part of the Company's cash management.

I. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2015, the company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Where the Company is the lessee

Finance leases are capitalized as assets at the commencement of the lease, at an amount equal to the fair value of leased asset or present value of the minimum lease payments, whichever is lower, valued at the inception date. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the company's general policy on borrowing cost. A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognized as an operating expense in the statement of profit and loss on a straight-

line basis over the lease term.

Where the Company is the lessor

Rental Income from operating leases is recognized on a straight-line basis over the term of the relevant lease, costs including depreciation are recognized as an expense in the statement of profit and loss. Initial direct costs incurred in negotiating and arranging an operating lease are recognized immediately in the statement of profit and loss.

J. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all potential dilutive equity shares.

K. Provisions, contingent liabilities and contingent assets

General

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that the outflow of resources embodying economic benefits will be required to settle the obligation in respect of which reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to provision presented in the statement of profit & loss is net of any reimbursement.

If the effect of the time value of money is material, provisions are disclosed using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Contingent liability is disclosed in the notes in case of:

- There is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.
- A present obligation arising from past event, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arises from the past event, when no reliable estimate is possible
- A present obligation arises from the past event, unless the probability of outflow are remote.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Onerous contracts

A provision for onerous contracts is measured at the present value of the lower expected costs of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the Company recognizes impairment on the assets with the contract.

Contingent assets

Contingent assets are not recognized in the financial statements.

L. Interest in Joint Ventures and associates

Investment in equity shares of Subsidiaries joint ventures & Associates are recorded at cost & reviewed for impairment at each Balance sheet date.

M. Taxes

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognized directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

N. Advances to subsidiaries, associates and others for purchase of land

Advances given to subsidiary and land holding companies for acquiring land are initially classified as 'Advances' for purchase of land under "Other non-current/ current assets". On obtaining the license for a land, the full cost of the land is transferred to cost of land, an item of cost of construction, from 'advance against land'.

O. Revenue recognition

- i. The Company follows "percentage of completion method" of accounting for contracts and constructed residential, institutional and commercial properties. As per this method, the revenue is recognized in proportion to the actual costs incurred as against the total estimated cost of the projects under execution subject to actual cost being 30% or more of the total estimated cost.

Effective April 1, 2016, in accordance with the "guidance note on accounting for real estate transactions (for entities to whom IND AS is applicable)" construction revenue on all projects have been recognized on percentage of completion method provided the following thresholds have been met.

- (a) All critical approvals necessary for the project commencement have been obtained.
- (b) The expenditure incurred on construction and development cost (excluding land costs) is not less than 25% of the total estimated construction and development costs.
- (c) At least 25% of the saleable project area is secured by agreements with buyers; and

- (d) At least 10% of the sale proceeds relating to agreements secured are realized at the reporting date in respect of such contracts.
- ii. Income from know how fee is recognized as per the terms of the agreement with the recipient of know how
- iii. The estimates relating to saleable area, sale value, estimated costs etc., are revised and updated periodically by the management and necessary adjustments are made in the accounts in the year in which the estimates are revised.
- iv. Indirect costs are treated as "period costs" and are charged to the statement of profit & loss in the year in which they are incurred.
- v. Surrender of flats by buyers are valued at cost and accounted for as surrender of rights under 'cost of construction' in the case of projects in progress and once sold, proceeds are treated as 'Sales'.
- vi. For recognizing income and working out related cost of construction, in case of developed land, flats / shops/ houses/ farms etc., major self-contained residential township projects are divided into various schemes such as plotted area, constructed houses, commercial area, malls etc.
- vii. Whereas all income and expenses are accounted for on accrual basis, interest on delayed payments by customers against dues and holding charges, interest claims for delay in projects and assured returns to customers are taken into account on realization or payment owing to practical difficulties and uncertainties involved.
- viii. Income from windmill is accounted for on the basis of power supplied to the customer as per the terms of the Power Purchase Agreement with the respective party.
- ix. Interest income on fixed deposits with banks is recognized on time proportion basis taking into account the amount outstanding and the rates applicable.
- x. Dividend income from investments is recognized when the company's right to receive payment is established.

P. Foreign currency translation/conversion

Standalone financial statements have been presented in Indian Rupees (₹), which is the Company's functional and presentation currency.

- **Initial recognition**

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction.

- **Conversion**

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

- **Exchange differences**

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

Q. Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in the statement of profit or loss as other gains/(losses).

R. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Borrowing costs that are directly attributable to the projects are charged to the respective project on the basis of expenditure incurred net of customer collections.

Other borrowing costs are expensed in the period in which they are incurred.

S. Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard (Ind AS)-19 - 'Employee Benefits'.

Defined contribution plan:

Retirement benefits in the form of provident fund and superannuation scheme are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

Defined benefit plan:

The Company's liabilities on account of gratuity and earned leaves on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (INDAS)-19- 'Employee Benefits'. Gratuity liability is funded on year-to-year basis by contribution to respective fund. The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Accumulated leaves, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method at the year-end.

T. Financial Instruments

(a) Financial Assets

i. Classification

The company classified financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and contractual cash flow characteristics of the financial asset.

ii. Initial Recognition and Measurement

The company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value plus transaction costs that are attributable to the acquisition of financial assets.

iii. Subsequent Measurement

For the purpose of subsequent measurement the financial assets are classified in three categories:

- Debt instruments at amortised cost

- Debt instrument at fair value through profit or loss
- Equity investments

iv. Debt instrument at amortised cost

A “debt instrument” is measured at the amortised cost if both the following conditions are met.

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flow, and
- Contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount and premium and fee or costs that are an integral part of an EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

v. Debt instrument at Fair value through Profit or loss

Debt instruments included within the fair value through profit or loss (FVTPL) category are measured at fair value with all changes recognised in the statement of profit and loss.

vi. Equity investments

All equity investments other than investment in subsidiaries, joint venture and associates are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or FVTPL. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income (OCI). There is no recycling of the amounts from OCI to statement of profit or loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of profit or loss.

vii. Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised when:

- The right to receive cash flows from the assets has expired or
- The company has transferred substantially all the risks and rewards of the assets, or
- The company has neither transferred nor retained substantially all the risks and rewards of the assets, but has transferred control of the assets.

viii. Impairment of financial assets

The company applies ‘simplified approach’ measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instrument and are measured at amortised cost e.g. loans, debt securities, deposits, and bank balance.
- Trade receivables

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime expected credit loss at each reporting date, right from its initial recognition.

(b) Financial liabilities**i. Classification**

The company classifies all financial liabilities as subsequently measured at amortised cost

ii. Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loan and borrowings and payables net of directly attributable transaction costs.

iii. Loan and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) Method. Gain and losses are recognised in statement of profit and loss when the liabilities are derecognised.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction cost. The EIR amortization is included as finance cost in the statement of profit and loss.

This category generally applies to loans & Borrowings.

iv. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are, substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amount recognised in the Statement of Profit and loss.

v. Offsetting of financial instrument

Financial Assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(c) Share capital**i. Ordinary equity shares**

Incremental cost directly attributable to the issue of ordinary equity shares are recognised as a deduction from equity.

U. Segment accounting and reporting

The chief operational decision maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements.

The Operating Segments have been identified on the basis of the nature of products/ services.

- i. Segment Revenue includes sales and other income directly identifiable with/ allocable to the segment including inter- segment revenue.
- ii. Expenses that are directly identifiable with/ allocable to the segments are considered for determining the segment result. Expenses not allocable to segments are included under unallocable expenditure.

60. The Company is engaged in the business of real estate development which has been classified as infrastructural facilities as per Schedule VI to Act. Accordingly provisions of section 186 of the Act are not applicable to the Company and hence no disclosure is required.

61. Information related to Consolidated financial

The Company Is listed on stock exchange in India, the Company has prepared consolidated financial as required under IND AS 110, Sections 129 of the Act and listing requirements. The consolidated financial statement is available on company's website for public use.

62. Events occurring after the Balance sheet date

No adjusting or significant non-adjusting events have occurred between the reporting date and date of authorization of the financial statements.

63 Transition to Ind As

First-time adoption of Ind AS

These financial statements, for the year ended March 31, 2017, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2016, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2017, together with the comparative period data as at and for the year ended March 31, 2016, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1 April 2015, being the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at April 01, 2015 and the financial statements as at and for the year ended March 31, 2016.

Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as on the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost on the date of transition. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Designation of previously recognised financial instruments

Ind AS 101 allows an entity to designate investments in equity instruments at FVOCI on the basis of the facts and circumstances on the date of transition to Ind AS.

The Company has elected to apply this exemption for its investment in equity investments.

Leases

Appendix C to Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease. In accordance with Ind AS 17, this assessment should be carried out at the inception of the contract or arrangement. Ind AS 101 provides an option to make this assessment on the basis of facts and circumstances existing on the date of transition to Ind AS, except where the effect is expected to be not material.

De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings are amortised upfront and charged to profit or loss for the period. Under Ind AS, transaction costs are included in the initial recognition amount of financial liability and charged to profit or loss using the effective interest method. The net effect of this change is a decrease in total inventory by Rs. Nil (March 31, 2016 Rs. Nil & March 31, 2015 Rs. Nil) resulting in a corresponding decrease in Long Term Loan Liability towards Banks, by Rs. 537 lakh (Previous year Rs. 519 lakh), and their Current Maturities by Rs.230 lakh (previous year Rs. 230 lakh).

Financial Assets & Liabilities

Under Indian GAAP, there was no such concept of financial assets or liabilities. Under Ind AS, financial assets and financial liabilities has been classified as per Ind AS 109 read with Ind AS 32. Figures of the Previous Year have been regrouped as per Ind AS, wherever necessary.

Trade Receivables

Under Indian GAAP, the Company has created provision for impairment of receivables consists only in respect of specific amount for incurred losses. Under Ind AS, impairment allowance has been determined based on Expected Loss model (ECL). Company has not expected any credit losses in its trade receivable.

FVTPL financial assets

“Under Indian GAAP, the company accounted for long term investments in unquoted and quoted equity shares as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the company has designated such investments as FVTPL investments. Ind AS requires FVTPL investments to be measured at fair value. At the date of transition to Ind AS, difference between the instruments fair value and Indian GAAP carrying amount has been recognised retained earnings, net of related deferred taxes. For the investments in subsidiaries, joint ventures and associates which deemed cost is their previous GAAP carrying amount deemed cost of those investments.

Under Indian GAAP, the company accounted for long term investments in debt securities as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the Group has designated certain investments as FVTPL debt investments. Ind AS requires FVTPL to be measured at fair value. At the date of transition to Ind AS, difference between the instruments fair value and amortised cost as at the date of transition has been recognised in retained earnings, net of related deferred taxes.

Defined benefit obligation

Both under Indian GAAP and Ind AS, the company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit or loss. Under Ind AS, remeasurements [comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI. Thus the employee benefit cost is increase by Rs. 29.91 lakh as on March 31, 2016 (for the period ended March 31, 2015 Rs. Nil) and Remeasurement gains/ losses on defined benefit plans has been recognized in the OCI net of tax.

Property, plant and equipment & Depreciation

The company has elected to measure certain items of property, plant and equipment at cost at the date of transition to Ind AS. Hence at the date of transition to Ind AS, has no impact on recognised in property, plant and equipment.

Other comprehensive income

Under Indian GAAP, the company has not presented other comprehensive income (OCI) separately. Hence, it has reconciled Indian GAAP profit or loss to profit or loss as per Ind AS. Further, Indian GAAP profit or loss is reconciled to total comprehensive income as per Ind AS.

Deferred tax assets (net)

Deferred tax have been recognised on the adjustments made on transition to Ind AS. And Mat credit entitlement has been reclassified from the loan & advances

Provisions

Under Indian GAAP, the Group has accounted for provisions, including long-term provision, at the undiscounted amount. In contrast, Ind AS 37 requires that where the effect of time value of money is material, the amount of provision should be the present value of the expenditures expected to be required to settle the obligation. The discount rate(s) should not reflect risks for which future cash flow estimates have been adjusted. Ind AS 37 also provides that where discounting is used, the carrying amount of a provision increases in each period to reflect the passage of time.

Finance Cost

Finance costs will normally include:

- (a) costs that are borrowing costs for the purposes of Ind AS 23 Borrowing Costs:
 - (i) interest expense calculated using the effective interest rate method as described in Ind AS 109
 - (ii) finance charges in respect of finance leases, and
 - (iii) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs
- (b) dividends on preference shares that are classified as debt
- (c) the amortisation of discounts and premiums on debt instruments that are liabilities
- (d) interest on tax payable where the interest element can be identified separately.

64 Financial instruments by category

Financial risk management objectives and policies:

The purpose of financial risk management is to ensure that the Company has adequate and effective utilized financing as regards the nature and scope of the business. The objective is to minimize the impact of such risks on the performance of the Company. The Company's senior management oversees the management of these risks.

The Company's principal financial liabilities comprise bank loans, trade payables and other liabilities. The main purpose of these financial instruments is to raise finance for operations. It has various financial assets such as loans, advances, land advances, trade receivables, cash which arise directly from its operation.

The main risk arising from the Company's financial instruments are market risk, credit risk, liquidity risk, and interest rate risk.

Market risk:

Market risk is the risk that the fair values of financial instruments will fluctuate because of change in market price. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Financial Instruments affected by market risk include loans and borrowings, investments and deposits. There is no currency risk since all operations are in INR. The Company managed interest rate risk by converting existing loans and borrowings with cheaper means of finance and charging interest on amount recoverable from customers in case of delays beyond a credit period.

Credit risk:

It is a that one party to a financial instrument or customer contract will cause a financial loss due to non fulfillment of its obligations under a financial instrument or customer contract for the other party, leading to a finance loss. The

Company's credit risks relate to the sales of Plot, FSI, under construction properties and completed properties after receiving completion certificate / occupancy certificate as per local laws and leasing activities. The customer credit risk is managed by holding property under sale as mortgage against recoverable amount till the date of possession or registry whichever is earlier. Further, it charges interest and holding charges over and above the amount recoverable in case of delay(s) in payment by customer. There is a cancellation policy where the Company can cancel the booking in case of nonpayment of amount dues by forfeiting up 20% of the amount already paid. In case of leasing activities, there is security as collateral up to three months rental value.

Liquidity risk:

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company's cash flow is a mix of cash flow from collections from customers, leasing and interest income. The other main component in liquidity is timing to call loans/ funds and optimization of repayments of loans installment, interest payments.

65 Capital Management

For the purpose of the Company's capital management, equity includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders and net debt includes interest bearing loans and borrowings less current investments and cash and cash equivalents. The primary objective of the Company's capital management is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals, long term borrowings and short term borrowings. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

The company monitors capital using gearing ratio, which is total debt divided by total capital plus debt.

Independent Auditors' Report

To The Members of Ansal Properties and Infrastructure Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of **Ansal Properties and Infrastructure Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries & joint ventures (collectively referred to as "the Group"), comprising of the consolidated balance sheet as at March 31, 2017, the consolidated statement of profit and loss (including other comprehensive income), the consolidated cash flow statement and consolidated change in equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with relevant Rules issued thereunder.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities, the selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone/consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Basis for Qualified Opinion

We invite attention to Note no 52 of the financial statement wherein in case of 1 subsidiary and 5 step down subsidiaries of the Holding Company not audited by us, whose consolidated financial statements/financial information reflect total assets of Rs 51,614 lakh as at March 31, 2017 and total revenues of Rs 3126 lakh for the year ended on that date, have been considered in these consolidated financial statements. The financial statements/information of these 6 subsidiaries including step down subsidiaries is based on management certified accounts. Our opinion in so far as it relates to the amounts and disclosures included in respect of these five subsidiaries including step down subsidiaries is based solely on the unaudited information provided by the Management. These subsidiaries including step down subsidiaries are material to the Group.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the effect of the matter described in the Basis of Qualified Opinion paragraph above*, the aforesaid consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2017 and their consolidated loss and consolidated cash flows for the year ended on that date.

Emphasis of matter

Without qualifying, we draw attention to the following matters:

- i. Note no. 43 of the consolidated Ind AS financial statements wherein the Holding Company had claimed a cumulative exemption of Rs. 3,448 lacs up to the period ended March 31, 2011, continuing up to the end of current period, under section 80 IA of the Income Tax Act, 1961 being tax profits arising out of sale of Industrial Park units, pending the notification of the same by Central Board of Direct Taxes (Competent Authority). The Competent Authority rejected the initial application against which the Holding Company has filed review petition. The Holding Company has taken opinion from a senior counsel that its review petition satisfies all the conditions specified in the said Scheme of Industrial Park under Industrial Park (Amendment) Scheme, 2010. No exemption is claimed during the current year as there are no sales of industrial park units.
- ii. Note no. 44 of the consolidated Ind AS financial statements wherein the Holding Company is carrying project inventory of Rs. 11,455 lacs for one of its Group Housing Project. The Holding Company had applied to the Authority for developing the project on the basis of revised Scheme announced by the Authority for which approval has been received envisaging developing the project on a smaller piece of land equivalent to the amount paid and surrender balance project land subject to certain conditions. Pending final decision of the Authority in the matter and fulfilment of conditions precedent, the management is of the view that there is no impairment in the value of land/ project and we have relied on management contention.
- iii. Note no. 49 of the consolidated Ind AS financial statements wherein pursuant to Orders of the Company Law Board {CLB} dated the December 30, 2014 and April 28, 2016, the Holding Company was required to refund all its public deposits as per the schedule. As on March 31, 2017 overdue amount of public deposits including interest aggregating to Rs. 8,505 lakh is outstanding. The Holding Company has filed fresh application before National Company Law Tribunal, North Delhi Bench giving schedule of payment of fixed deposits, for which hearing is fixed for July 13, 2017.
- iv. Note no. 51 of the consolidated Ind AS financial statements wherein the auditors' of one of the subsidiary company 'Star Facilities Management Limited' (SFML) emphasized that fair value of investment of SFML in Pro-Facilities Services Private Limited have not been determined after 01.04.2015, hence adjustment of fair value have not been done in other comprehensive income in the year ended 31.03.2016 and 31.03.2017 (Amount unascertained).

Our opinion is not qualified in respect of above matters.

Other Matters

- i. We did not audit the financial statements of 91 subsidiaries (including 58 step down subsidiaries) whose financial statements reflect total revenue of Rs. 19,470 lakh for the year ended March 31, 2017, the total assets of Rs. 207,566 lakh as at March 31, 2017 and net cash inflow amounting to Rs. 1,550 lakh for the year ended March 31, 2017, as considered in the consolidated financial statements. These financial statements and other financial information have been audited by other auditors whose audit reports for the year ended March 31, 2017 have been furnished to us by the management, and our opinion on the consolidated financial statements, in so far as it relates to these subsidiaries and step down subsidiaries, and our report in terms of sub – section (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries/ step down subsidiaries is based solely on the reports of the other auditors.
- ii. The Consolidated financial statements also include the Group's share of profit of Rs. 19 lakh for the year ended March 31, 2017 in respect of two joint ventures, whose financial statements have not been audited by us, as considered in the consolidated financial statements. These financial statements and other financial information have been audited by other auditors whose audit reports for the year ended March 31, 2017 have been furnished to us by the Management, and our opinion on the consolidated financial statements, in so far as it relates to these two joint ventures, and our report in terms of sub – section (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries/ step down subsidiaries is based solely on the reports of the other auditors.

- iii. We did not audit the financial statements of 1 subsidiary and 5 step down subsidiaries whose financial statements reflect total revenue of Rs. 3,126 lakh for the year ended March 31, 2017, total assets of Rs. 51,614 lakh as at March 31, 2017, and net cash outflow of Rs. 141 lakhs for the year ended March 31, 2017 as considered in the consolidated financial statements. These financial statements/financial information are unaudited and certified & furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries/step down subsidiaries, in so far as it relates to the subsidiaries, and our report in terms of sub – section (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries/ step down subsidiaries is based solely on the reports of the other auditors. In our opinion and according to the information and explanations given to us by the Management, the financial statements of these subsidiaries is not material to the Group.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;
 - In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - The consolidated balance sheet, the consolidated statement of profit and loss, the consolidated cash flow statement and consolidated changes in equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements;
 - In our opinion the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant Rules issued thereunder;
 - On the basis of the written representations received from the directors of the Holding Company as on March 31, 2017 taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiaries and joint ventures incorporated in India, none of the directors of the Group incorporated in India is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
 - With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.
 - With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditor’s) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group– Refer Note 41 to the consolidated Ind AS financial statements.
 - The Group did not have any long term contracts including derivative contracts for which there were any material foreseeable losses; and
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, and its subsidiaries incorporated in India.
 - The Group has provided requisite disclosures in note 68 to these consolidated Ind AS financial statements as to the holding of Specified Bank Notes on November 08, 2016 and December 30, 2016 as well as dealing in Specified Bank Notes during the period from November 08, 2016 to December 30, 2016. Based on audit procedures and relying on the reports of the other auditors submitted to us by the management regarding the holding and nature of cash transactions, including Specified Bank Notes, we report that these disclosures are in accordance with the books of account maintained by the Group and as produced to us by the management.

Annexure A to the Independent Auditor's Report to the Members of Ansal Properties and Infrastructure Limited dated May 29, 2017 on its consolidated Ind AS financial statements**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section**

In conjunction with our audit of the consolidated Ind AS financial statements of **Ansal Properties and Infrastructure Limited** as of and for the year ended March 31, 2017, we have audited the Internal Financial Controls Over Financial Reporting of **Ansal Properties and Infrastructure Limited** (hereinafter referred to as the "Holding Company") and its subsidiary companies & joint ventures (together referred to as "the Group"), which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding Company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies which are companies incorporated in India, have, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

- a. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to thirty four subsidiaries, fifty eight step down subsidiary and two joint ventures, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.
- b. In our aforesaid reports we are unable to comment under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one subsidiary and five step down subsidiaries which are companies incorporated in India for which no corresponding report of the auditors of such companies is available as the accounts are management certified.

1. Basic of accounting and preparation of Financial Statements

A. Group overview

Ansal Properties and Infrastructure Limited ("APIL" or the "Company"), including its subsidiaries and joint venture collectively referred to as ("the group") is engaged primarily in the business of real estate promotion and development in residential and commercial segment. This prestigious company deals in residential, commercial and retail properties located in the areas of Delhi NCR, U.P, Haryana, Punjab, Rajasthan, etc. The company is listed on the National Stock Exchange of India and Bombay Stock Exchange of India.

The registered office of the Company is situated at 115, Ansal Bhawan, 16 K.G. Marg, New Delhi, India.

These financial statements were approved and adopted by board of directors of the Company in their meeting held on May 29, 2017.

B. Basis of preparation of accounts

The financial statement of the subsidiaries and joint venture entities used in the consolidation are drawn upto the same reporting date as that of the company, i.e. March 31, 2017.

Ministry of Corporate Affairs notified roadmap to implement Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules 2015 as amended by the Companies (Indian Accounting Standards) (Amendments) Rules, 2016. As per the said roadmap, the Company is required to apply Ind AS starting from the financial year beginning on or after April 1, 2016. Accordingly, the financial statements of the Company have been prepared in accordance with Ind AS.

The consolidated financial statement of the group have been prepared in accordance with the Indian Accounting Standards (Ind AS) to comply with section 133 of the companies Act 2013 ("the Act"), and the relevant provisions and amendments, as applicable. The consolidated Financial Statements have been prepared on accrual basis under the historical cost convention except certain assets measurement at fair value.

These financial statements are the group's first Ind As financial statements and are covered by Ind As 101, First time adoption of Indian Accounting standards (Ind AS 101). The transition to Ind AS has been carried out from accounting principles generally accepted in India ("Indian GAAP") which is considered as the "Previous GAAP" for purpose of Ind AS 101. Under previous GAAP financial statements were prepared in accordance with Accounting Standards notified under section 133 of the Act read together with paragraph 7 of the companies (Accounts) Rules 2014 ("Indian GAAP") and relevant provisions of the Act as applicable.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

C. Operating cycle

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed & realisation of project into cash & cash equivalents and range from 3 to 5 years. Accordingly project related assets & liabilities have been classified into current & non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non-current based on a period of twelve month.

D. Functional and presentation currency

The financial statements are presented in Indian rupees, which is the functional currency of the parent group. All the financial information presented in Indian rupees has been rounded to the nearest Lakhs.

E. Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon the Management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods

a. Property, plant and equipment

Useful life of the tangible assets are based on the life prescribed in Schedule II of the Companies Act 2013. Assumptions are also made, when Group assesses, whether an assets may be capitalised and which components of the cost of the assets may capitalised.

b. Recognition and measurement of defined benefit obligations

The obligation arising from define benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumption includes discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities. The period to maturity of the underlying securities correspond to the probable maturity of the post-employment benefit obligations.

c. Fair value measurement of financial instruments

When the fair value of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market price in activate markets, their fair value is measures using valuation technique. The input to these models are taken from the observable market where possible, but this is not feasible, a review of judgment is required in establishing fair values. Changes in assumption relating to these assumption could affect the fair value of financial instrument.

d. Intangibles

Internal technical or user team assess the remaining useful lives of Intangible assets. Management believes that assigned useful lives are reasonable.

Before transition to IND AS, the Group has revisited the useful life of the assets and the impact of change in life on transition is considered in opening carrying values. Also all Intangibles are carried at net book value on transition.

e. Provision for contingencies

Provision for project related liabilities is made on the basis of Management judgement and estimation for possible outflow of resources, if any, in respect of:

Contingencies/claim/litigations against the Group

F. Standards issued but not yet effective

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of Cash Flows' and Ind AS 102, 'Share-based payment.' These amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of Cash Flows' and IFRS 2, 'Share-based payment,' respectively. The amendments are applicable from 1 April, 2017. The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The Group is currently evaluating the effect of the above amendments.

G. Fair value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate eco-

conomic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

2. Significant accounting policies

A. Basis of consolidation

The Consolidated Financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the consolidated financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1st April, 2015 being the 'date of transition to Ind AS'. All assets and liabilities have been classified as current or non current as per the Group's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Act.

Principles of consolidation and equity accounting

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

Associates

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

Joint arrangements

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. Value Ind AS Limited has both joint operations and joint ventures.

Joint operations

Value Ind AS Limited recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the financial statements under the appropriate headings. Details of the joint operation are set out in note .

Joint ventures

Interests in joint ventures are accounted for using the equity method after initially being recognised at cost in the consolidated balance sheet.

Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

Changes in ownership interests

The group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

B. Business combinations

The acquisitions of businesses are accounted for using the acquisition method. The cost of the acquisition is measured at the aggregate of the fair values at the date of exchange of assets given, liabilities incurred or assumed and equity instruments issued by the Group in exchange for control of the acquiree. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date except certain assets and liabilities required to be measured as per the applicable standard. Goodwill arising on acquisition is recognised as an asset and initially measured at cost, being the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities recognised and contingent liabilities assumed. In the case of bargain purchase, resultant gain is recognized in other comprehensive income on the acquisition date and accumulated to capital reserve in equity.

The interest of non-controlling shareholders in the acquiree is initially measured at the non-controlling shareholders proportionate share of the acquiree's identifiable net assets.

C. Property, plant and equipment

Property, plant and equipment are stated at original cost net of tax/ duty credit availed, less accumulated deprecia-

tion and accumulated impairment losses, when significant part of the property, plant and equipment are required to replace at intervals, the Group derecognized the replaced part and recognized the new parts with its own associated useful life and it depreciated accordingly. Like wise when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance cost are recognized in the statement of the profit and loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Internally manufactured property, plant and equipment are capitalised at factory cost including excise duty whatever is applicable.

Capital work in progress including property plant & equipment under installation/under development as at the balance sheet date.

Capital expenditure on tangible assets for research and development is classified under property and equipment and is depreciated on the same basis as other property, plant and equipment.

Property, plant and equipment are derecognised from the financial statement, either on disposal or when no economic benefits are expected from its use or disposal. Losses arising in the case of retirement of property, plant and equipment and gain or losses arising from disposal of property, plant and equipment are a recognized in the statement of profit and loss in the year of occurrence.

D. Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in the statement of profit & loss as & when incurred.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in statement of profit & loss in the period of de-recognition.

E. Intangible assets

Capital expenditure on purchase and development of identifiable assets without physical substance is recognized as intangible assets in accordance with principles given under Ind AS-38 – Intangible Assets.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the assets are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. Expenses Incurred during construction period, preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction / implementation, interest on borrowings to finance fixed assets and expenditure on start-up / commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets.

F. Depreciation and amortization

The assets' residual values, useful lives and methods of deprecation are reviewed each financial year end and adjusted prospectively, if applicable.

Depreciation on Property, Plant and Equipment is provided over the useful life of assets as specified in schedule II to the Act. Property, Plant and Equipment which are added / disposed off during the year, depreciation is provided pro-rata basis with reference to the month of addition / deletion.

Depreciation on property, plant and equipment is calculated on a written down basis.

The useful lives of property, plant & equipment are given below:

Asset	Use full life
Office & residential premises	60 years
Plant & machinery (computers)	3 years
Plant & machinery (others)	15 years
Furniture & fixtures	10 years
Office equipment's	5 years
Air conditioning plant & air conditioners	15 years
Vehicles	10 years

Depreciation on Investment property is provided over the useful life of assets as specified in schedule II to the Act. Which is as under on written down basis:

Asset	Life
Office & residential premises	60 years

Intangible assets are amortised on written down value over its useful life not exceeding six years.

G. Capital work-in-progress

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

H. Impairment of non-financial assets

Property, plant and equipment, intangible assets and assets classified as investment property with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit or loss.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

Impairment losses on continuing operations, including impairment on inventories are recognized in the statement of profit and loss, except for properties previously revalued with the revaluation taken to other comprehensive income. For such properties, the impairment is recognized in OCI up to the amount of any previous revaluation surplus.

I. Inventories

Inventories are valued as under:-

i.	Building materials, stores, spare parts	At weighted average cost
ii.	Shuttering & scaffolding materials	At depreciated cost
iii.	Apartments / houses / shops/ flats	At lower of cost or net realisable value
iv.	Projects in progress	It represents land acquired for future development and construction, and is stated at cost including the cost of land, the related costs of acquisition, construction costs, borrowing costs incurred to get the properties ready for their intended use.

Cost is calculated on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and costs required to make the sale.

J. Cash and cash equivalents

Cash and cash equivalents includes cash on hand and at bank, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they being considered as integral part of the Group's cash management.

K. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2015, the Group has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Where the Group is the lessee

Finance leases are capitalized as assets at the commencement of the lease, at an amount equal to the fair value of leased asset or present value of the minimum lease payments, whichever is lower, valued at the inception date. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group's general policy on borrowing cost. A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognized as an operating expense in the statement of profit and loss on a straight-line basis over the lease term.

Where the Group is the lessor

Rental Income from operating leases is recognized on a straight-line basis over the term of the relevant lease, costs including depreciation are recognized as an expense in the statement of profit and loss. Initial direct costs incurred in negotiating and arranging an operating lease are recognized immediately in the statement of profit and loss.

L. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all potential dilutive equity shares.

M. Provisions, contingent liabilities and contingent assets

General

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event and it is probable that the outflow of resources embodying economic benefits will be required to settled the obligation in respect of which reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, the expense relating to provision presented in the statement of profit & loss is net of any reimbursement.

If the effect of the time value of money is material, provisions are disclosed using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Contingent liability is disclosed in the notes in case of:

- There is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.
- A present obligation arising from past event, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arises from the past event, when no reliable estimate is possible
- A present obligation arises from the past event, unless the probability of outflow are remote.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Onerous contracts

A provision for onerous contracts is measured at the present value of the lower expected costs of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the Group recognizes impairment on the assets with the contract.

Contingent assets

Contingent assets are not recognized in the financial statements.

N. Taxes

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognized directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

O. Advances to subsidiaries, associates and others for purchase of land

Advances given to subsidiary and land holding companies for acquiring land are initially classified as 'Advances' for purchase of land under "Other non-current/ current assets". On obtaining the license for a land, the full cost of the land is transferred to cost of land, an item of cost of construction, from 'advance against land'.

P. Revenue recognition

- i. The Group follows "percentage of completion method" of accounting for contracts and constructed residential, institutional and commercial properties. As per this method, the revenue is recognized in proportion to the actual costs incurred as against the total estimated cost of the projects under execution subject to actual cost being 30% or more of the total estimated cost.

Effective April 1, 2016, in accordance with the "guidance note on accounting for real estate transactions (for entities to whom IND AS is applicable)" construction revenue on all projects have been recognized on percentage of completion method provided the following thresholds have been met.

(a) All critical approvals necessary for the project commencement have been obtained.

(b) The expenditure incurred on construction and development cost (excluding land costs) is not less than 25% of the total estimated construction and development costs.

(c) At least 25% of the saleable project area is secured by agreements with buyers; and

(d) At least 10% of the sale proceeds relating to agreements secured are realized at the reporting date in respect of such contracts.

- ii. Income from know how fee is recognized as per the terms of the agreement with the recipient of know how.
- iii. The estimates relating to saleable area, sale value, estimated costs etc., are revised and updated periodically by the management and necessary adjustments are made in the accounts in the year in which the estimates are revised.
- iv. Indirect costs are treated as "period costs" and are charged to the statement of profit & loss in the year in which they are incurred.
- v. Surrender of flats by buyers are valued at cost and accounted for as surrender of rights under 'cost of construction' in the case of projects in progress and once sold, proceeds are treated as 'Sales'.
- vi. For recognizing income and working out related cost of construction, in case of developed land, flats / shops/ houses/ farms etc., major self-contained residential township projects are divided into various schemes such as plotted area, constructed houses, commercial area, malls etc.
- vii. Whereas all income and expenses are accounted for on accrual basis, interest on delayed payments by customers against dues and holding charges, interest claims for delay in projects and assured returns to customers are taken into account on realization or payment owing to practical difficulties and uncertainties involved.
- viii. Whereas all income and expenses are accounted for on accrual basis, interest on delayed payments by customers against dues and holding charges, interest claims for delay in projects and assured returns to customers are taken into account on realization or payment owing to practical difficulties and uncertainties involved.
- ix. Income from windmill is accounted for on the basis of power supplied to the customer as per the terms of the Power Purchase Agreement with the respective party.
- x. Interest income on fixed deposits with banks is recognized on time proportion basis taking into account the amount outstanding and the rates applicable.
- xi. Dividend income from investments is recognized when the Group's right to receive payment is established.
- xii. Revenue from various service is recognised in the accounting period in which the services are rendered and when outcome of the transactions involving rendering of services can be estimated reliably.

Q. Foreign currency translation/conversion

Standalone financial statements have been presented in Indian Rupees (₹), which is the Group's functional and presentation currency.

- **Initial recognition**

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction.

- **Conversion**

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

- **Exchange differences**

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

R. Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in the statement of profit or loss as other gains/(losses).

S. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Borrowing costs that are directly attributable to the projects are charged to the respective project on the basis of expenditure incurred net of customer collections.

Other borrowing costs are expensed in the period in which they are incurred.

T. Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard (Ind AS)-19 - 'Employee Benefits'.

Defined contribution plan:

Retirement benefits in the form of provident fund and superannuation scheme are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

Defined benefit plan:

The Group's liabilities on account of gratuity and earned leaves on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in

accordance with the measurement procedure as per Indian Accounting Standard (INDAS)-19- 'Employee Benefits'. Gratuity liability is funded on year-to-year basis by contribution to respective fund. The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Accumulated leaves, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method at the year-end.

U. Financial Instruments

(a) Financial assets

i. Classification

The Group classified financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and contractual cash flow characteristics of the financial asset.

ii. Initial recognition and measurement

The Group recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value plus transaction costs that are attributable to the acquisition of financial assets.

iii. Subsequent measurement

For the purpose of subsequent measurement the financial assets are classified in three categories:

- Debt instruments at amortised cost
- Debt instrument at fair value through profit or loss
- Equity investments

iv. Debt instrument at amortised cost

A "debt instrument" is measured at the amortised cost if both the following conditions are met.

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flow, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principle and interest (SPPI) on the principle amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount and premium and fee or costs that are an integral part of an EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

v. Debt instrument at Fair value through Profit or loss

Debt instruments included within the fair value through profit or loss (FVTPL) category are measured at fair value with all changes recognised in the statement of profit and loss.

vi. Equity investments

All equity investments other than investment in subsidiaries, joint venture and associates are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or FVTPL. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income (OCI). There is no recycling of the amounts from OCI to statement of profit or loss, even on sale of such investments.

Equity instrument includes within the FVTPL category are measured at fair value with all changes recognised in the Statement of profit or loss.

vii. Derecognition

A financial assets (or, where applicable, a part of a financial asset) is primarily derecognised when:

- The right to receive cash flows from the assets have expired or
- The Group has transferred substantially all the risks and rewards of the assets, or
- The Group has neither transferred nor retained substantially all the risks and rewards of the assets, but has transferred control of the assets.

viii. Impairment of financial assets

The Group applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instrument and are measured at amortised cost e.g. loans, debt securities, deposits, and bank balance.
- Trade receivables

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognised impairment loss allowance based on lifetime expected credit loss at each reporting date, right from its initial recognition.

(b) Financial liabilities**i. Classification**

The Group classifies all financial liabilities as subsequently measured at amortised cost

ii. Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loan and borrowings and payables net of directly attributable transaction costs.

iii. Loan and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) Method. Gain and losses are recognised in statement of profit and loss when the liabilities are derecognised.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction cost. The EIR amortization is included as finance cost in the statement of profit and loss.

This category generally applies to loans & Borrowings.

iv. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are, substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amount recognised in the Statement of Profit and loss.

v. Offsetting of financial instrument

Financial Assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(c) Share capital**i. Ordinary equity shares**

Incremental cost directly attributable to the issue of ordinary equity shares are recognised as a deduction from equity.

V. Segment accounting and reporting

The chief operational decision maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements.

The Operating Segments have been identified on the basis of the nature of products/ services.

- i. Segment Revenue includes sales and other income directly identifiable with/ allocable to the segment including inter- segment revenue.
- ii. Expenses that are directly identifiable with/ allocable to the segments are considered for determining the segment result. Expenses not allocable to segments are included under unallocable expenditure.
- iii. Income not allocable to the segments is included in unallocable income
- iv. Segment results includes margin on inter segment and sales which are reduced in arriving at the profit before tax of the Group.
- v. Segment assets and Liabilities include those directly identifiable with the respective segments. Assets and liabilities not allocable to any segment are classified under unallocable category.

*Out of this amount, sum of Rs. 570.50 lakh (March 31, 2016: Rs.468.12 lakh, April 01, 2015: 53.33 lakh) has already been deposited.

\$ Interest on certain claims may be payable as and when the outcome of the related claims is finally determined and has not been included in above.

Notes:

- i. The management is of the view that in majority of the cases, claims will be successfully resisted or settled out of court on payment of nominal compensation.
- ii. As regards income tax demands of Rs. 8,560.90 lakh (March 31, 2016: 7,819.15 lakh, April 01, 2015: 5621.81 lakh) disputed by the Holding Company are concerned, similar demands have been set aside by the Appellate Authorities in most of the cases in the past. Further Holding company has deposited advance tax net of provision of income tax to the tune of Rs. 1576.30 lakh (March 31, 2016: Rs 2,207.49 lakh, April 01, 2015: 2,196.70 lakh) against such demand.
- iii. In respect of block assessment for the year April 1st, 1989 to February 12th, 2000, wherein cross appeals have been filed by the Holding Company and the Tax department, Income Tax Appellate Tribunal (ITAT) has given full relief to the Holding Company and rejected the de-partment's grounds of appeal and tax claim of Rs.4, 409 lakh. The tax department has gone for further reference to the High Court. The Holding Company, based on an arbitration award, had accounted for income of Rs. 4,200 lakh in the year 2002-03 and paid/provided income tax accordingly. The contingent liability not provided in the accounts in respect of block assessments is estimated at Rs. 1,884 lakh. The Holding Company has been legally advised that it has a good case to succeed in the High Court.

57. In the opinion of the Management, there is no reduction in the value of any assets, hence no provisions is required in terms of Ind AS -36 “Impairment of Assets”.
58. With a view to monetize its non-core assets, the Holding Company had entered into an agreement to dis-pose off its Wind Mill Undertaking on slump sale basis at a total sale consideration of Rs. 3294 Lakh in earlier year. The Agreement envisaged compliance of certain pre-conditions by the Holding Company. As most of these conditions have been complied with during the previous year. Therefore, sale of Windmill Undertaking was recognized in accounts in the said year. Consequently, the difference between the carrying book value of net assets in Wind Mill Undertaking and the net realizable value, resulting into deficit of Rs. 1532 lakh was recognized under Exceptional Items in the previous year.
59. During the previous year, the Holding Company had transferred Infrastructure assets in one of the inte-grated Hi-Tech Township projects in Uttar Pradesh, to a wholly owned infra subsidiary company on the basis of fair valuation by a certified valuer. Resultant gain of Rs. 2,404 lakh on transfer of such infrastructure assets, being the difference between the transfer value and book value was recognised during the previous year by the Holding Company. Further, pursuant to Ind AS- 110 which deals with consolidated financial statements, such gain had been eliminated in these consolidated financial statements on account of this inter group transaction.
60. Two subsidiaries , Ansal Colours Engineering SEZ Limited and Ansal Seagull SEZ Developers Limited, hd received advance from customers aggregating to Rs.60 Lakh (Previous year – Rs. 60 Lakh) & Rs. 150 lakh (Rs 150 lakh)

respectively against which documentation for Lease and other aggregating has not yet been made. Hence, the revenue has not been recognized.

69 Transition to Ind As**First-time adoption of Ind AS**

These financial statements, for the year ended 31 March 2017, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2016, the Group prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2017, together with the comparative period data as at and for the year ended 31 March 2016, as described in the summary of significant accounting policies. In preparing these financial statements, the Group's opening balance sheet was prepared as at 1 April 2015, the Group's date of transition to Ind AS. This note explains the principal adjustments made by the Group in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2015 and the financial statements as at and for the year ended 31 March 2016.

Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Designation of previously recognised financial instruments

"Ind AS 101 allows an entity to designate investments in equity instruments at FVOCI on the basis of the facts and circumstances at the date of transition to Ind AS.

The Company has elected to apply this exemption for its investment in equity investments."

Leases

Appendix C to Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease. In accordance with Ind AS 17, this assessment should be carried out at the inception of the contract or arrangement. Ind AS 101 provides an option to make this assessment on the basis of facts and circumstances existing at the date of transition to Ind AS, except where the effect is expected to be not material.

De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings are amortised upfront and charged to profit or loss for the period. Under Ind AS, transaction costs are included in the initial recognition amount of financial liability and charged to profit or loss using the effective interest method AS per 109.

Financial Assets & Liabilities

Under Indian GAAP, there was no such concept of financial assets or liabilities. Under Ind AS, financial assets and financial liabilities has been classified as per Ind AS 109 read with Ind AS 32. Figures of the Previous Year have been regrouped as per Ind AS, wherever necessary.

Trade Receivables

Under Indian GAAP, the Company has created provision for impairment of receivables consists only in respect of specific amount for incurred losses. Under Ind AS, impairment allowance has been determined based on Expected Loss model (ECL). Company has not expected any credit losses in its trade receivable.

FVTPL financial assets

“Under Indian GAAP, the company accounted for long term investments in unquoted and quoted equity shares as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the company has designated such investments as FVTPL investments. Ind AS requires FVTPL investments to be measured at fair value. At the date of transition to Ind AS, difference between the instruments fair value and Indian GAAP carrying amount has been recognised retained earnings, net of related deferred taxes. For the investments in subsidiaries, joint ventures and associates which deemed cost is their previous GAAP carrying amount deemed cost of those investments.

Under Indian GAAP, the company accounted for long term investments in debt securities as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the Group has designated certain investments as FVTPL debt investments. Ind AS requires FVTPL to be measured at fair value. At the date of transition to Ind AS, difference between the instruments fair value and amortised cost as at the date of transition has been recognised in retained earnings, net of related deferred taxes.

Defined benefit obligation

Both under Indian GAAP and Ind AS, the company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit or loss. Under Ind AS, remeasurements [comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI. Thus the employee benefit cost is increase by Rs. 157.71 lakh as on March 31, 2016 (for the period ended March 31, 2015 Rs. Nil) and Remeasurement gains/ losses on defined benefit plans has been recognized in the OCI net of tax.

Property, plant and equipment & Depreciation

The company has elected to measure certain items of property, plant and equipment at cost at the date of transition to Ind AS.

Hence at the date of transition to Ind AS, has no impact on recognised in property, plant and equipment.

Other comprehensive income

Under Indian GAAP, the company has not presented other comprehensive income (OCI) separately. Hence, it has reconciled Indian GAAP profit or loss to profit or loss as per Ind AS. Further, Indian GAAP profit or loss is reconciled to total comprehensive income as per Ind AS.

Deferred tax assets (net)

Deferred tax have been recognised on the adjustments made on transition to Ind AS. And Mat credit entitlement has been reclassified from the loan & advances.

Provisions

Under Indian GAAP, the Group has accounted for provisions, including long-term provision, at the undiscounted amount. In contrast, Ind AS 37 requires that where the effect of time value of money is material, the amount of provision should be the present value of the expenditures expected to be required to settle the obligation. The discount rate(s) should not reflect risks for which future cash flow estimates have been adjusted. Ind AS 37 also provides that where discounting is used, the carrying amount of a provision increases in each period to reflect the passage of time.

Finance Cost

Finance costs will normally include:

- (a) costs that are borrowing costs for the purposes of Ind AS 23 Borrowing Costs:
 - (i) interest expense calculated using the effective interest rate method as described in Ind AS 109
 - (ii) finance charges in respect of finance leases, and
 - (iii) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs
- (b) dividends on preference shares that are classified as debt
- (c) the amortisation of discounts and premiums on debt instruments that are liabilities
- (d) interest on tax payable where the interest element can be identified separately.

Financial risk management objectives and policies:

The purpose of financial risk management is to ensure that the Company has adequate and effective utilized financing as regards the nature and scope of the business. The objective is to minimize the impact of such risks on the performance of the Company. The Company's senior management oversees the management of these risks.

The Company's principal financial liabilities comprise bank loans, trade payables and other liabilities. The main purpose of these financial instruments is to raise finance for operations. It has various financial assets such as loans, advances, land advances, trade receivables, cash which arise directly from its operation.

The main risk arising from the Company's financial instruments are market risk, credit risk, liquidity risk, and interest rate risk.

Market risk:

Market risk is the risk that the fair values of financial instruments will fluctuate because of change in market price. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Financial Instruments affected by market risk include loans and borrowings, investments and deposits. There is no currency risk since all operations are in INR. The Company managed interest rate risk by converting existing loans and borrowings with cheaper means of finance and charging interest on amount recoverable from customers in case of delays beyond a credit period.

Credit risk:

It is a that one party to a financial instrument or customer contract will cause a financial loss due to non fulfillment of its obligations under a financial instrument or customer contract for the other party, leading to a finance loss. The

Company's credit risks relate to the sales of Plot, FSI, under construction properties and completed properties after receiving completion certificate / occupancy certificate as per local laws and leasing activities. The customer credit risk is managed by holding property under sale as mortgage against recoverable amount till the date of possession or registry whichever is earlier. Further, it charges interest and holding charges over and above the amount recoverable in case of delay(s) in payment by customer. There is a cancellation policy where the Company can cancel the booking in case of nonpayment of amount dues by forfeiting up 20% of the amount already paid. In case of leasing activities, there is security as collateral up to three months rental value.

Liquidity risk:

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company's cash flow is a mix of cash flow from collections from customers, leasing and interest income. The other main component in liquidity is timing to call loans/ funds and optimization of repayments of loans installment, interest payments.

71. Capital Management

“For the purpose of the Company’s capital management, equity includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders and net debt includes interest bearing loans and borrowings less current investments and cash and cash equivalents. The primary objective of the Company’s capital management is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals, long term borrowings and short term borrowings. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt.

In order to achieve this overall objective, the Company’s capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.”

“The company monitors capital using gearing ratio, which is total debt divided by total capital plus debt.
