Important Disclaimer

This presentation (the "Presentation", or the "document") has been prepared by Jubilant Life Sciences Limited (the "Company") for the recipient for the purpose of providing information on the Company. The contents of this Presentation are confidential and strictly for use by the recipient only. The Presentation shall not, in whole or in part, be disclosed without prior written consent of the Company. This Presentation must not be copied, reproduced, distributed, or otherwise disclosed or passed on to others, in whole or in part, by any means, in any form under any circumstances whatsoever at any time hereafter. The recipient agrees to keep confidential any information contained herein and any other written or oral information otherwise made available in connection with the Company. In furnishing this document, neither the Company, nor its associates and affiliates, nor any of their respective officers, directors, advisors, undertake any obligation to provide to the recipient (a) access to any additional information or to update this document, or (b) to correct any inaccuracies therein which may or may not become apparent.

This Presentation may contain statements about events and expectations that may be "forward-looking", including statements relating to future status, events, prospects or circumstances, including but not limited to statements about plans and objectives, outlook, the progress and results of research and development, potential product characteristics and uses, product sales potential and target dates for product launch are forward-looking statements based on estimates and the anticipated effects of future events on current and developing circumstances. Such statements are subject to numerous risks and uncertainties and are not necessarily predictive of future results. Actual results may differ materially from these forward-looking statements due to number of risks and uncertainties, including future changes or developments in the Company's business, its competitive environment, its ability to implement its strategies and initiatives, respond to industry changes and the political, economic, regulatory and social conditions in India. The Company may, from time to time, make additional written and oral forward looking statements, including statements contained in the company's filings with the regulatory bodies and our reports to shareholders. The Company assumes no obligation to update forward-looking statements to reflect actual results, changed assumptions or other factors.

This Presentation does not constitute a prospectus, offering circular or offering memorandum or an offer invitation or a solicitation of any offer to purchase or sell, any securities of the Company, and should not be considered or construed in any manner whatsoever as a recommendation that any person should subscribe for or purchase any of Company's securities. None of the projections, expectations, estimates or prospects in this Presentation should be construed as a forecast implying any indicative assurance or guarantee of future performance, nor that the assumptions on which such future projections, expectations, estimates, or prospects have been prepared are complete or comprehensive.

This Presentation utilises information which has not been independently verified (including by opinion, anecdote and speculation) and which has been sourced from a variety of public sources and third parties. Neither the Company, nor its associates and affiliates, nor any of their respective officers, directors, advisors, makes any representation or warranty (expressly or impliedly) as to the accuracy, adequacy or completeness of this document or its contents or of any other oral or written information furnished or made available. The Company disclaim to the extent possible by law, all responsibility in relation to this Presentation.

This Presentation, is not a recommendation to invest, is not an investment advice, and, is prepared to provide background information for investors in relation to the Company. This Presentation does not purport to contain all information investors may require to evaluate an investment in the Company. In preparing the Presentation, the Company have not taken into account the particular investment objectives, financial situation or particular needs of investors. Before making an investment decision, an investor should independently consider whether an investment in the Company is appropriate in light of its particular investment needs, objectives and financial circumstances. An investor should conduct its own independent investigations, due diligence and analysis of the potential benefits and risks of any investment in the Company. An investor should seek professional advice, including tax advice before making an investment decision.

The distribution of this Presentation in or from certain jurisdictions may be restricted or prohibited by law. Recipients are required to inform themselves of, and comply with, all restrictions or prohibitions in such jurisdictions. Neither the Company nor any other person shall have any liability to any person in relation to the distribution or possession of this document or copies thereof in or from any jurisdiction where the distribution of such a document is prohibited or requires special authorisation or any regulatory consent or approval. By accepting this document the recipient has agreed, upon request, to return promptly all material received from the Company without retaining any copies.

By accepting this Presentation, the recipient agrees that this Presentation is strictly confidential and shall not be copied, published, distributed or transmitted to any person, in whole or in part, by any means, in any form under any circumstances whatsoever and that the recipient has further agreed, upon request, to return promptly all material received from the Company without retaining any copies. The recipient further represents and warrants that it is lawfully able to receive this Presentation under the laws of the jurisdiction in which it is located and / or any other applicable laws, and that it will not reproduce, publish, disclose, redistribute or transmit this Presentation.

NOTES

1. The numbers for the quarter have been reclassified and regrouped wherever necessary
2. Closing Exchange Rate for USD 1 at Rs. 63.03 as on December 31 '14 & Rs. 66.16 as on December 31 '15
3. The Exchange fluctuation on long term forex loans in Indian books have been amortized over the tenure of the loan period as recommended under Indian Accounting Standards

Jubilant Life Sciences At a Glance

- ▶ **Global integrated pharma and life sciences solutions provider** with a track record of 37 years
- ▶ **'Caters to 19 of top 20 pharmaceutical companies** and 7 of top 10 leading global agrochemical companies
- ▶ Strategic presence in **Injectables with USFDA approved Manufacturing facilities** in North America
- ▶ **Strong positions** in products across niche businesses such as **Radiopharmaceuticals/Allergy Therapy Products**
- ▶ **Expertise in Chemistry** and manufacturing spans across over three decades of experience
- ▶ Strong international presence with 71% of sales coming from over 100 countries, about **50% of asset base in North America** and **42%⁽¹⁾ of total revenue contribution from North America**
- ▶ **4 USFDA approved manufacturing facilities** in North America⁽²⁾ and 2 USFDA approved manufacturing facilities in India
- ▶ **5 state-of-the-art Life Sciences Ingredients manufacturing facilities** in India
- ▶ Employs over 6,000 people globally, **including about 1,300 in North America** and **about 950 dedicated to R&D**

Note:

EBITDA includes other income of INR299m, INR191m, INR425m, INR111m and INR366m for FY13, FY14, FY15, 9M FY16 and 9M FY15 respectively
 EBITDA is pre-corporate expenses of INR 602m, INR668m, INR350m, INR225m and INR318m for FY13, FY14, FY15, 9M FY15 and 9M FY16 respectively
 EBITDA margin is post-corporate expenses

Fiscal Year End March, 9M FY15 represents 9 months period ended Dec 2014; 9M FY16 represents 9 months period ended Dec 2015

(1) For the period 9M FY16

(2) Includes Solid Dosage Formulations facility in Maryland, Radiopharmaceuticals facility in Montreal and CMO facilities in Montreal and Spokane

Performance Back on Track With Business Related Concerns Resolved

Strong Turnaround in Jubilant Life Sciences' EBITDA...

...and Normalized Net Income⁽¹⁾

Successful Resolution of Warning Letters at Montreal and Spokane

Montreal CMO Facility

- ▶ In Feb 2013, Jubilant's manufacturing facility Jubilant HollisterStier (JHS) located at Kirkland, Quebec, Canada received a Warning Letter from the FDA
- ▶ The facility engages in contract manufacturing of injectables for large pharma companies and also for the Radiopharma business
- ▶ It was re-inspected in Sep 2013 and all issues related to the facility were successfully resolved in Feb 2014 with the warning letter closed out in Sep 2014

Spokane CMO Facility

- ▶ In Dec 2013, Jubilant's manufacturing facility JHS located at Spokane, Washington State, US received a Warning Letter from the FDA
- ▶ During H1 FY14, the contract manufacturing operations at Spokane contributed 7% to consolidated sales and 4% to consolidated EBITDA.
- ▶ The facility was re-inspected by FDA in Apr 2014 and Dec 2014
- ▶ In Jun 2015, Spokane facility was upgraded to the status of Voluntary Action Indicated (VAI) and ramp up of operations is underway
- ▶ Successful inspection of the facility by USFDA in July 2015
- ▶ Fast resolution of Warning Letters at CMO facilities within 12-15 months

Key Growth Drivers – Pharmaceuticals

Pharmaceuticals	Generics	<ul style="list-style-type: none">▶ Portfolio of 71 ANDAs filed with 27 pending approvals<ul style="list-style-type: none">▪ Received 7 ANDA approvals in 9MFY16 – launch of approved ANDAs to drive near term growth▶ Geographic expansion across Europe, Japan and Emerging Markets – portfolio of 664 filings and 461 approvals ex US▶ Deep relationships with customers▶ 79 US DMFs filed with 33 DMFs reviewed/commercialized and 46 pending commercialization▶ Expected filings of 8-10 products annually, including specialized segments like injectables and ophthalmics
	Specialty Pharmaceuticals (Sterile Products)	<ul style="list-style-type: none">▶ New launches including differentiated products such as Ruby-fill▶ Strong order book in CMO business – expect good ramp up of operations and higher capacity utilization in the coming quarters▶ Target deeper penetration in North America and accelerating growth to become a leading Allergy Therapy products Company in the US▶ New targets, research opportunities and more collaborative programs in discovery services▶ Strategic positioning in sterile injectables with limited competition▶ Expected shortage of quality manufacturing sites for injectables in North America given increased compliance and regulatory focus

Key Growth Drivers – Life Sciences Ingredients

Life Sciences Ingredients

Specialty Intermediates and Nutritional Products

- ▶ Conversion of existing product specific plants to multi-purpose plants to meet enhanced customer demand requirements
- ▶ New Product launches in Specialty Intermediate plants
- ▶ Growth in Nutritional Products business driven by higher volume and improved pricing mix
- ▶ Increased uptick of Life Sciences intermediates for Pharma related applications
- ▶ Increased focus on new, non-traditional geographies for Pyridine
- ▶ Increased demand for higher value-added products in Fine Ingredients and Nutritional Products

Life Sciences Chemicals

- ▶ Higher capacity utilization to aid growth for Acetic Anhydride
- ▶ Expanding geographic reach into Key Markets such as US and Europe
- ▶ Cost advantages:
 - Efficient process
 - Volume advantage in procurement
 - Multimodal transportation and reverse logistics to optimize costs

Key Investment Highlights

What Makes Jubilant a Unique Investment Case?

1 Global Competitive Edge Due to Low Cost and Vertical Integration

Vertical integration across the value chain enables cost competitive advantage resulting in higher margins

Pharmaceuticals

- ▶ Presence across the spectrum offering products/services and delivering innovative solutions for customers
- ▶ APIs from the manufacturing facilities are used for dosage formulations under generic business

- ▶ Majority of commercial solid dosage formulations are based on in-house APIs
- ▶ Specialty Pharmaceuticals (Sterile Products)

Life Sciences Ingredients

2 Leadership Position in Key Products...

Pharmaceuticals

Generics	<ul style="list-style-type: none"> ▶ Global leadership positions in certain key API products in CVS (Valsartan, Irbesartan) and CNS (Oxcarbazepine, Carbamazepine, Tramadol, Donepezil) ▶ US leadership positions in certain Solid Dosage Formulations products in CVS (Terazosin), CNS (Prochlorperazine) and Methylprednisolone
Specialty Pharma	<ul style="list-style-type: none"> ▶ Ranked in top 5 Contract Manufacturers in North America for sterile injectables ▶ Leader in Radiopharmaceutical products such as MAA, DTPA and I-131 ▶ Leading supplier in North America for Allergy Therapy Products

Life Sciences Ingredients

Speciality Intermediates and Nutritional Products	<ul style="list-style-type: none"> ▶ Global leadership position in Pyridines & 14 Pyridine derivatives ▶ Second largest producer globally in Vitamin B3
Life Sciences Chemicals	<ul style="list-style-type: none"> ▶ Globally #4 in Acetic Anhydride (Merchant Sales) ▶ Globally #7 in Ethyl Acetate

2 ...With Strong Position in Radiopharma & Allergy Therapy Products Business

Radiopharma

- ▶ Wide array of therapeutic and diagnostic products, with market leadership and limited competition across key products in North America
- ▶ Demonstrated strong growth in Radiopharmaceuticals business (Revenue CAGR FY13-FY15 of 58%)
 - Future growth to be driven by a strong product pipeline and geographic expansion across Emerging markets
 - Ruby-fill, an infuser device used for heart imaging, currently under active FDA review, is expected to be launched in FY17

Allergy Therapy Products

- ▶ Strong market position in Allergy Therapy Products in North America
 - Among top 3 in the US for allergy immunotherapy with dominant market penetration
- ▶ US Market leader for manufacture of Stinging Insect Venom Immunotherapy Products

3 De-risked Business Model With Diverse Sources of Revenue

De-risked business model

- ▶ Presence in niche Specialty businesses that have high barriers to entry
- ▶ Forward integration in Pyridine related derivatives to ensure higher utilization and profitability
- ▶ Diverse end-use industry segmentation in Life Sciences Ingredients with focus on Pharmaceutical and Agrochemical industries

No Concentration Risk

- ▶ **Business:** Specialty Intermediates and Nutritional Products is the largest segment and accounts for 29% of FY15 Revenue
- ▶ **Customers:** Top 10 customers account for 22% of FY15 Revenue
- ▶ **Products:** Top 10 products account for 53% of FY15 Revenue
- ▶ **Geography:** 71% of FY15 Revenue from international markets with products & services reaching over 100 countries

4 Strong Pipeline of Products With Deep R&D Capabilities

- ▶ Strong R&D capabilities demonstrated by complex and niche product filings in formulations and API segments
- ▶ Strong R&D support with a dedicated workforce of 935 scientists
- ▶ Cumulative R&D spend of USD 79m over FY13 to FY15
- ▶ New products have contributed to 11% of revenues during last 5 years

Ongoing Investments in R&D (USD m)
