Dear Sirs,

**Maithon Power generation increased by almost 7 per cent in FY16 as compared to FY15**

Maithon Power Ltd., a 74:26 joint venture between Tata Power and Damodar Valley Corporation (DVC), today announced that it had increased its generation by 7 per cent in FY16 as compared to previous year. MPL generated 7172 MUs in FY16 as compared to 6684 MUs in FY15.

Maithon Power Limited (MPL) is the first successful public-private partnership (PPP) in green field generation project in the country. The plant has implemented 2 x 525 MW coal-fired power project power in Jharkhand, which had languished for more than a decade. The power project benefits close to 16 million domestic consumers apart from supplying cost competitive power to industry and agriculture.

The Press Release to be issued by the Company is attached for your ready reference.

Yours faithfully,  
For The Tata Power Company Limited

(H. M. Mistry)  
Company Secretary

Encl.

## **Maithon Power generation increased by almost 7 per cent in FY16 as compared to FY15**

**National, 2nd June, 2016:** Maithon Power Ltd., a 74:26 joint venture between Tata Power & Damodar Valley Corporation (DVC), today announced that it has increased its generation by 7 per cent in FY16 as compared to previous year. MPL generated 7172 MUs in FY16 as compared to 6684 MUs in FY15.

Maithon Power Limited (MPL) is the first successful public-private partnership (PPP) in green field generation project in the country. The plant has implemented 2 x 525 MW coal-fired power project power in Jharkhand, which had languished for more than a decade. The power project benefits close to 16 million domestic consumers apart from supplying cost competitive power to industry and agriculture.

Commenting on this development, **Mr. Ashok Sethi, COO & ED, Tata Power**, stated, *"This development has reaffirmed our position as largest integrated power company in the country. Tata Power will ensure that it continues to add to the generation capacity of the power sector of India and prove to be a national asset to the country. We are extremely proud of this development & hope to achieve many more milestones."*

**Mr. K.Chandrashekhar, Chief Executive Officer & ED- Maithon Power Ltd**, said, *"It is a significant achievement for us and has given much needed impetus to surge ahead and look for capacity addition by another 1320 MW at the same plant. MPL will continue to be a competitive source of power and help meet states growing demand for electricity"*.

The Power Project is located at Maithon in the state of Jharkhand with a total capacity of 1,050 MW. In addition to supplying power to DVC, power from the Maithon Project is being exported to power deficit northern and southern state. The Project supplies power to three states namely Delhi, West Bengal and Kerala as also to DVC as per long term PPA, which are currently facing shortage of electricity.

### **About Tata Power:**

Tata Power is India's largest integrated power company with a growing international presence. The Company together with its subsidiaries and jointly controlled entities has an installed gross generation capacity of 9184 MW and a presence in all the segments of the power sector viz. Fuel Security and Logistics, Generation (thermal, hydro, solar and wind), Transmission, Distribution and Trading. It has successful public-private partnerships in Generation, Transmission and Distribution in India namely "Tata Power Delhi Distribution Limited" with Delhi Vidyut Board for distribution in North Delhi, 'Powerlinks Transmission Ltd.' with Power Grid Corporation of India Ltd. for evacuation of Power from Tala hydro plant in

for immediate use

**PRESS RELEASE**

Bhutan to Delhi and 'Maithon Power Ltd.' with Damodar Valley Corporation for a 1050 MW Mega Power Project at Jharkhand. Tata Power is serving more than 2.6 million distribution consumers in India and has developed the country's first 4000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology. It is also one of the largest renewable energy players in India with a clean energy portfolio of 1749 MW. Its international presence includes strategic investments in Indonesia through a 30% stake in the leading coal company PT Kaltim Prima Coal (KPC), 26% stake in mines at PT Baramulti Suksessarana Tbk ("BSSR"); in Singapore through Trust Energy Resources to securitize coal supply and the shipping of coal for its thermal power generation operations; in South Africa through a joint venture called 'Cennergi' to develop projects in sub-Saharan Africa; in Zambia through 50:50 joint venture with ZESCO for 120 MW Hydro which has become operational in 2016; in Georgia through AGL which is a joint venture with Clean Energy, Norway & IFC for development of 185 MW hydro project which is scheduled to be commissioned in 2016; in Australia through investments in enhanced geothermal and clean coal technologies and in Bhutan through a hydro project in partnership with The Royal Government of Bhutan. With its track record of technology leadership, project execution excellence, world class safety processes, customer care and driving green initiatives, Tata Power is poised for a multi-fold growth and committed to 'lighting up lives' for generations to come".
