**Press Release**

## **HCC awarded Rs 1783.42 cr contract by NHAI**

**Four laning of 36 Kms from Ramban to Banihal Section of NH-1A**

**Mumbai, September 24, 2015:** Hindustan Construction Company (HCC) has been awarded a prestigious NHAI contract worth Rs 1783.42 crore for constructing a 36 km highway which includes 3 kms of tunnels between Ramban and Banihal in Jammu & Kashmir. The project is a part of NHDP Phase-II program of NHAI on NH1A (now NH44) and is known for its difficult terrain and low temperatures especially in winter seasons.

The NH1A is major road connectivity to Srinagar from rest of the country and this project will decongest the existing narrow road between Ramban and Banihal and will cut short travel time considerably due to provision of tunnels.

Commenting on new order win, Mr. Arun Karambelkar, President & CEO- E&C, HCC Ltd. said "We are pleased to win this important contract from NHAI. This project not only allows us to further expand our presence in road related business segments but also gives us immense pride as this highway will contribute to the infrastructure growth of our nation."

In the transportation segment HCC has a strong track record in construction of Roads, Highways, Bridges, Railways and MRTS (Mass Rapid Transport System). HCC has already constructed 3600 lane km of Expressways / Highways across the country. In the MRTS space, the company has executed the Kolkata and sections of Delhi Metro Rail project. It has built nearly 356 bridges and 300 km of complex tunneling.

### **About HCC:**

HCC is a business group of global scale developing and building responsible infrastructure through next practices. With an engineering heritage of nearly 100 years, HCC has executed a majority of India's landmark infrastructure projects, having constructed 28% of India's Hydel Power generation and over 65% of India's Nuclear Power generation capacities, over 3,600 lane km of Expressways and Highways, more than 300 km of complex Tunneling and over 356 Bridges. Today, HCC Ltd. serves the infrastructure sectors of Transportation, Power and Water. HCC is also developing Lavasa City, a planned hill city and one of India's largest urban development and management initiatives. The HCC Group, with a group turnover of Rs 10,353 crore, comprises of HCC Ltd, HCC Infrastructure Co. Ltd, Lavasa Corporation Ltd and Steiner AG in Switzerland.
