### **L&T Construction Wins Orders Valued ₹ 1489 Crores Bags Water Supply Projects In Rajasthan**

**Mumbai, August 31, 2015:** The Water & Effluent Treatment Strategic Business Group of L&T Construction has won turnkey orders worth ₹ 1489 crores in August 2015, in three packages, from Public Health Engineering Department, Ajmer, under the Rajasthan Rural Water Supply and Fluorosis Mitigation Project (Nagaur).

The projects, funded by Japan International Cooperation Agency (JICA), are aimed at providing potable water to 986 villages and seven urban towns in Nagaur district and 111 villages and two towns of Bikaner district in Rajasthan.

The scope of the packages includes the construction of a 5310 ML raw water reservoir, a 250 MLD water treatment plant, raw water and clear water pumping stations, mild steel and ductile iron pipelines, electro-mechanical and instrumentation and other allied works including operation and maintenance.

The Water & Effluent Treatment Strategic Business Group (SBG) caters to turnkey infrastructure projects including water treatment plants, water supply and distribution networks, desalination plants, water management system, waste water networks, waste water treatment plants, complete industrial water solutions covering water treatment, effluent treatment, de-mineralization, water reuse and lift irrigation systems.
