Mr. Rajesh Patil, Chairman and Managing Director, Kolte-Patil Developers Limited said:

"During FY16, we offered over 1,500 units for possession to customers and have been seeing improved growth momentum in terms of sales value, realizations and collections in existing projects.

Mumbai is starting to deliver a more sizeable contribution to the business, contributing Rs. 50 crore in pre-sales during Q4. The Jai Vijay project saw sales acceleration with consistent improvement in APR. Our co-development agreement with JPMorgan has given stronger visibility from a cash flow perspective and we expect this to help us generate better realizations from sales in the current year. Link Palace, our first project in Mumbai, has sold 90% of inventory and possessions are planned by Q1FY18. This is a key milestone for our successful expansion into the city. In Bangalore, our pipeline is expected to expand with some launches slated for Q2FY'17, effectively improving project diversification.

Q4 financial performance also saw higher revenue recognition, margin expansion compared to recent trends and 33% yoy growth in net profit. We have used the cash generated during the quarter to bring down our debt levels, elevated following Corolla buyout, by Rs. 32 crore. Debt-equity has reduced from 0.49:1 in December to 0.46:1 in March, in line with management's prudent stance on leverage.

Recently, we have launched R1 sector at Life Republic township. Contribution from Wakad is expected to remain strong. Mumbai should also add to sales momentum across multiple projects, all of which are well-located in high-demand localities. Currently, we have over 4.5 million sq ft under execution and expect to offer over 2,500 units for possession in FY17. Our focus is fully on execution which will support cash flows, further reduce leverage and help drive stronger stakeholder value."
