The MOU also provides for the Parties to explore the possibility to conclude Long-term crude oil and feedstock supply agreement(s) whereunder Rosneft (or its affiliates) would supply crude oil to the refineries of ONGC Videsh (or its affiliates) located in the Republic of India. For the purpose of such agreement(s) the Parties shall consider using crude oil produced by Rosneft (including Rosneft's share in Vankorneft) as the main stream with its option to substitute the main stream with alternative grades.
