Agenda

- 1. Business Overview**
2. Segmental Information
3. Key Highlights
4. Financial Performance
5. Future Business Strategy

Annexure – Facilities at a Glance

Overview – Company

We are an integrated sugar company producing sugar, ethanol and power in U.P. with a track record of several decades

Consolidated FY 16 Revenue from operations of INR 23,250mn (FY15: INR 18,561mn) and EBITDA Margin @ 10% (FY15: 8%)**

* Segmental EBITDA is calculated as earnings before tax and interest from each segment plus depreciation allocated to that segment

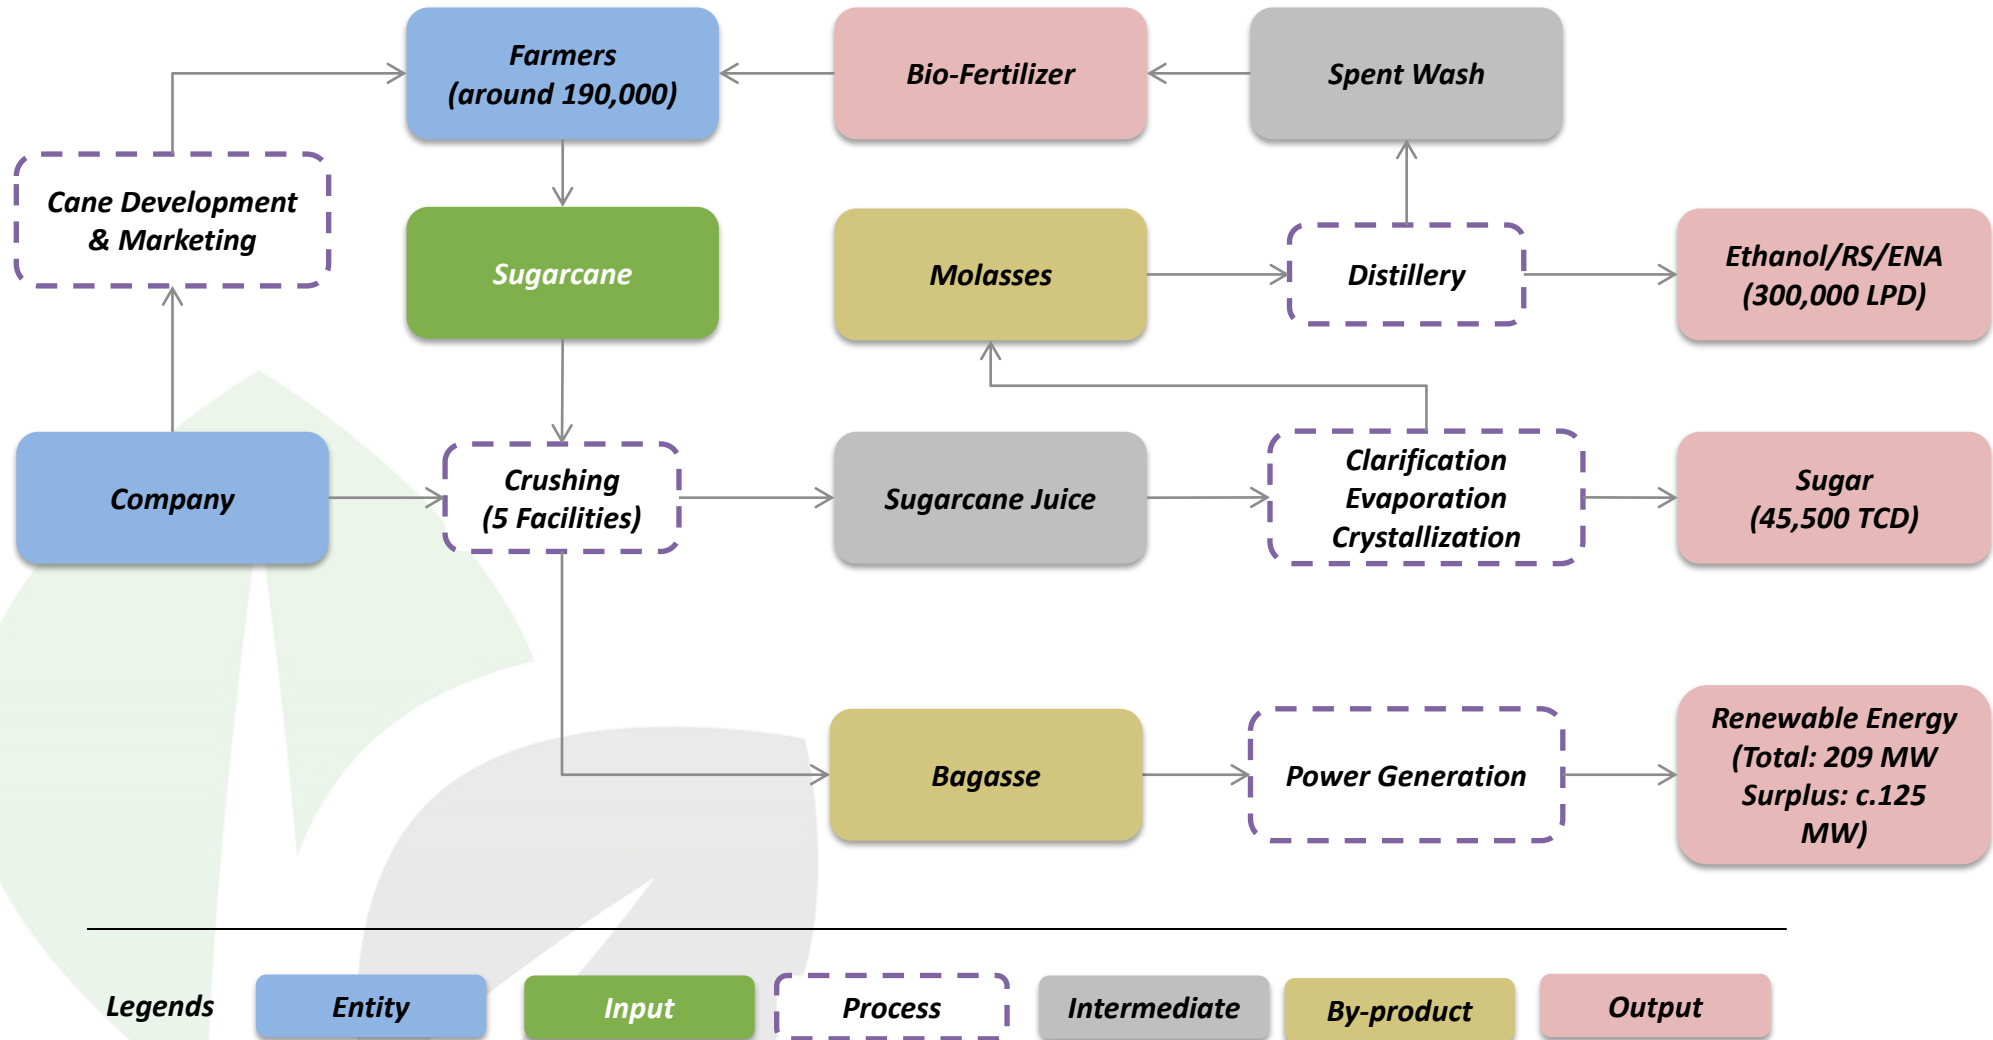

** Incl. excise duty

Note: Capacity numbers as on March 31, 2016.

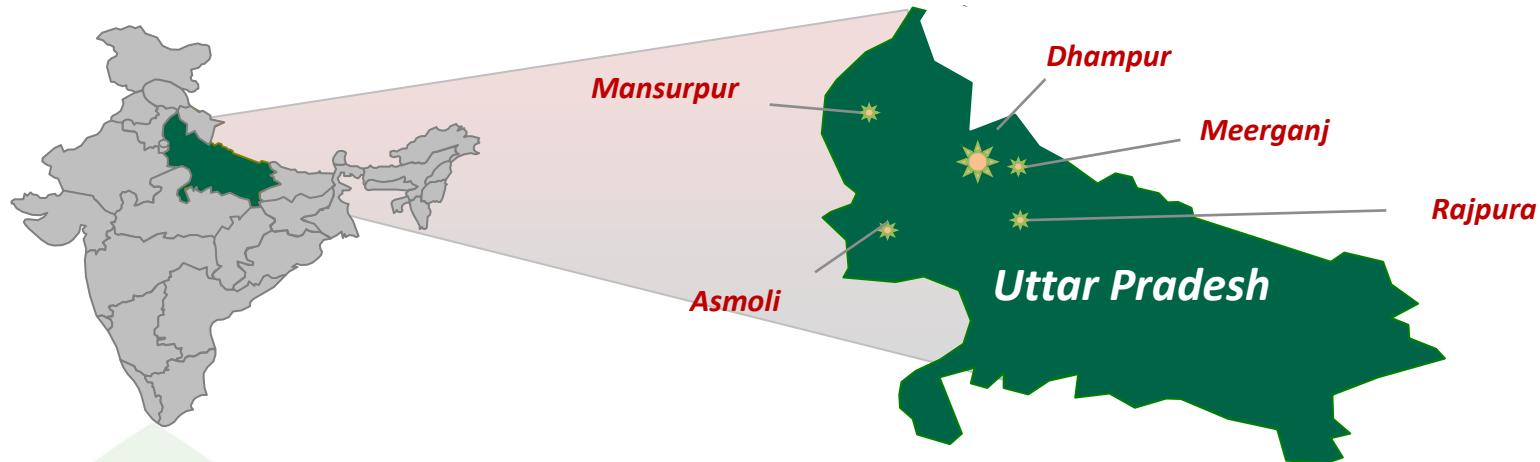

Note: TCD stands for tonnes of cane per day, TPD stands for tonnes per day, LPD stands for litres per day

Overview – Operations

We operate with the goal of maximum efficiency and zero waste

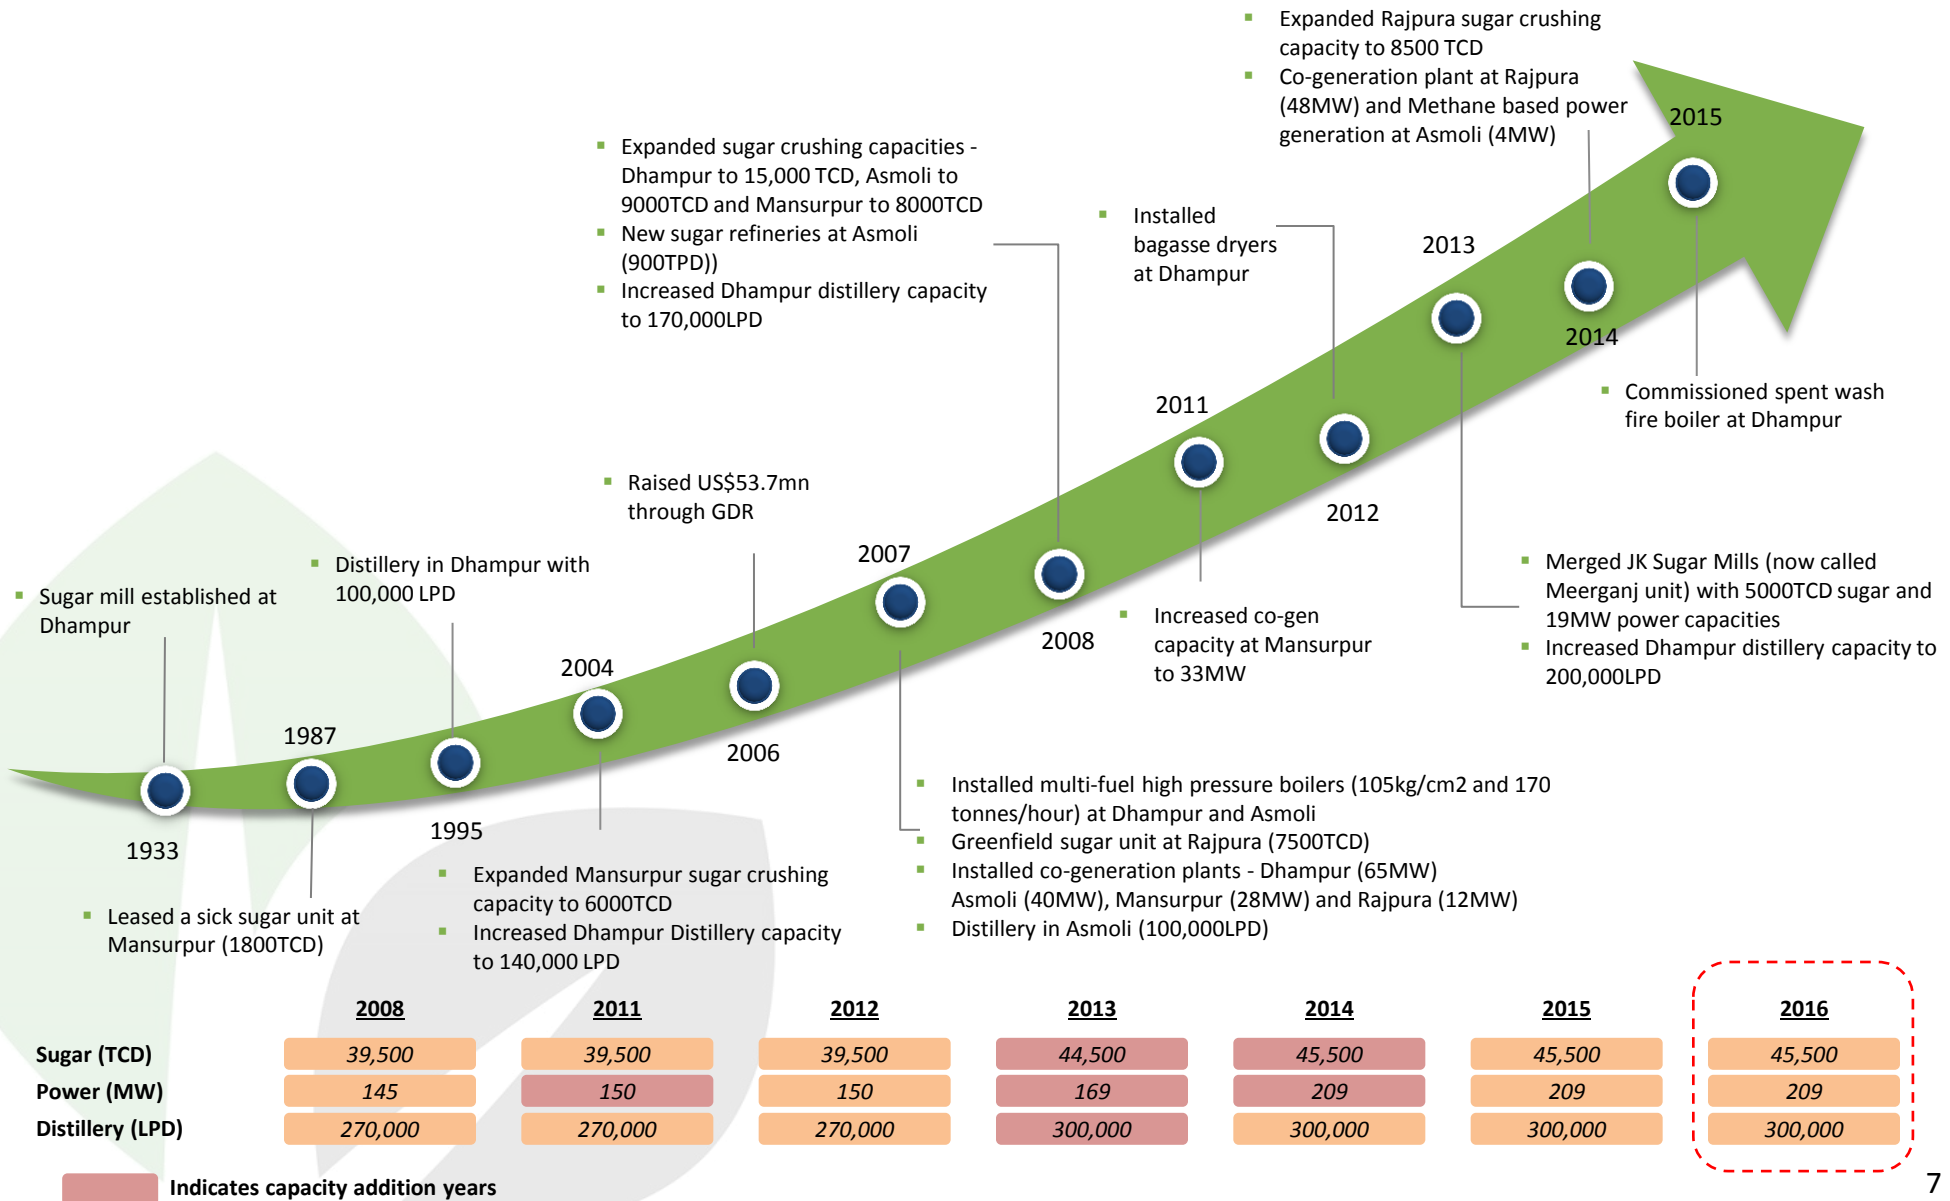

Overview – Facilities

Capacity	Consolidated	Dhampur	Asmoli	Rajpura	Mansurpur	Meerganj
Sugar Crushing (TCD)	45,500	15,000	9,000	8,500	8,000	5,000
Sugar Refinery (TPD)	1,700		900		800	
Renewal Energy (inc. Bio Gas based Power, MW)	209 (Surplus: c.125)	65	Bio Mass - 40 Bio Gas - 4	48	33	19
Bio-Fertilizer (LPD)	1,000			1,000		
Distillery (LPD)	300,000	200,000	100,000	Molasses supplied to the nearby Dhampur and Asmoli units		
Organic Manure - 'Power Booster' (tonnes/year)	20,000	15,000	5,000			

Key Milestones

Shareholding Pattern and Corporate Structure

Shareholding Pattern (As on March 31, 2016)

Corporate Structure

Agenda

1. Business Overview
- 2. Segmental Information**
3. Key Highlights
4. Financial Performance
5. Future Business Strategy

Annexure – Facilities at a Glance

Sugar

Improving sugar prices and recovery rates driving the turnaround

Rising cane crushing...

And improving sugar production & sales...

Supported by improving recovery, offsetting lower realization...

Leading to growth in segmental Revenue and EBITDA Margin

* incl. excise duty

Power

Multi-fuel high-pressure boilers run efficiently and generate valuable profits

Generation and Average realizations are increasing...

Generating attractive EBITDA margins

Highlights

- Generation Capacity: 209 MW; Exportable capacity: approx. 125 MW
- We believe we are among the first sugar companies in India to utilize high pressure boilers of 105 kg/cm² and 170 tonnes/hour capacities
- Installed multi-fuel boilers (operate on bagasse and alternative fuels like coal and rice husk) that allow operating flexibility
- Installed state of art technology of 'Bagasse Dryers' to improve efficiency
- Average realization of INR 5.05/unit for all units for electricity supply to UP state grid (FY16)
- Continuing the trend of innovation –
 - To install additional 4.5MW Bio-methane generators in FY17
 - To implement Incineration process at Distilleries to achieve zero discharge, expected to generate additional power of 11.4MW

* incl. excise duty

Distillery

Among India's largest manufacturers of Ethanol

Improving average realizations...

Driving impressive growth in EBITDA margins

Highlights

- Products include Ethanol, Rectified Spirits, ENA, Ethyl Acetate, CO₂, Organic Manure
- Incineration process already in place at Dhampur plant, provides approx. 60 additional days of operating Distilleries (during rainy season)
- Won tender for supply of over 95 mn litres of Ethanol – the highest in the country and around 19% of total orders from U.P.
- Flexibility in changing product mix within the segment depending on market conditions

* incl. excise duty

Agenda

1. Business Overview
2. Segmental Information
- 3. Key Highlights**
4. Financial Performance
5. Future Business Strategy

Annexure – Facilities at a Glance

Key Highlights

Established Brand with a Track Record of Innovation

Leading Sugar Manufacturer

- Total sugarcane crushing capacity of 45,500 TCD
- Five sugar mills, each with a crushing capacity of 5,000 TCD or more
- Our size allows economies of scale
- Dhampur unit crushed 1.59 mn tonnes sugarcanes in FY 2016, largest among UP sugar mills

Long History

- Established brand with operating history of over eight decades
- Second generation of the promoter family now running the business

Proven Capital Markets Access

- Over two decades of access to capital markets
- Global Depository Receipt issue in 2006

Track record of innovative breakthroughs

- We believe that we are among the first sugar companies in India to
 - Install a sugar refinery
 - Launch sulphurless sugar in consumer packs
 - Venture into energy alternatives through co-generation and ethanol production
 - Install multi-fuel high pressure boilers of 105kg/cm² and 170tonnes/hour capacities
 - Install state-of-the-art technology of bagasse dryers
 - Install 'incineration' process using spent wash fire boiler

Integrated Business Processes

Enables diversification and flexibility in operations

Diversification

- *Helps counter cyclical in the sugar business*
- *During FY14-16, over 50% of Revenue was contributed by the Sugar segment, which saw negative EBITDA margins. Still the consolidated EBITDA margins remained between 7-10% due to robust profitability in the Power and the Ethanol segments*
- *In FY16, the consolidated EBITDA margin was 10% even though the Sugar segment generated a negative EBITDA margin of -0.5% on revenue from operations of INR 18,146mn. Power segment (Revenue from Operations: INR 4,789mn) and Distillery segment (Revenue from Operations: INR 4,130) helped offset the Sugar segment losses by generating very healthy EBITDA margins of 42.4% and 17.8% respectively.*

Operational Flexibility

- *Allows adjustments in output mix, in response to changing market dynamics*
- *Multi-fuel boilers can operate on bagasse, coal, a combination of bagasse & coal, rice husk*
- *Two boilers, instead of one large, at Dhampur cogeneration facility provide operational flexibility*

Strong Relationship with Farmers

A hard-earned goodwill among the farmers of our reserved areas

No pending arrears

- *Timely payment to sugarcane farmers*
- *No principal amount outstanding to the farmers as on May 2, 2016*
- *Competitive advantage assuring unhindered raw material supply*

Cane Development Initiatives

- *Dedicated cane department to supervise cane development and procurement*
- *Promotion of high yield seed varieties and more efficient pesticides*
- *Monitors harvesting program to obtain desired quality and quantity of cane*
- *Soil Testing to chalk out most efficient usage of land*
- *Fertilizer and other input subsidies to farmers*

Energizing Rural Economy

- *Associated with around 190,000 farmer families*
- *Purchased sugarcane of INR 13,414mn and INR 12,689mn in FY 2016 and FY 2015 respectively from farmers in our reserved area providing the much needed boost to rural economy*

Improving Sectoral Trends (1/4)

Global Trends

SS15-16 is the first year of deficit, after 4 consecutive surplus years

Brazil's cane is diverted towards Ethanol production

Leading to declining sugar production and exports from Brazil

Resulting in decline in global sugar stock and a rise in global prices

Source: CRISIL Research: Sugar 2016; Brazilian Sugarcane Industry Association

* Updated until March 2016

Improving Sectoral Trends (2/4)

India Trends

4 states contribute c.83% of total domestic sugar production

Domestic sugar production is expected to shrink to a nearly deficit situation in SS 2015-16

UP is the only state among the major producer states projected to see a rise in production in SS16

Improving Sectoral Trends (3/4)

India Trends

Sugar prices have declined for last three SS, SS16 to see recovery

But the regulated sugarcane prices have increased, except in UP

Leading to significant increase in margins, especially in North Mills

Further, arrears to farmers now lower signalling sector recovery

* Assuming a recovery of 11.1% for the season; ** Assuming a recovery of 11.6% for the season

Actual price paid by the mills in SS 14 and SS15 has been INR 240 per quintal and INR 245 per quintal respectively; *** Prices for Mumbai S-30 variety
Prices depicted above are cane prices at factory gate (including basic price, recovery premium, transportation and harvesting cost as applicable)

Source: CRISIL Research: Sugar 2016

Improving Sectoral Trends (4/4)

Strong and consistent government support

Subsidies for cane procurement

- UP state government announced INR 35/quintal* subsidy for cane procurement for SS2015-16
- Supports unit economics of both the mills and the farmers

Financial Incentives

- INR 60,000mn in soft loans in 2015 to assist clear arrears to farmers

Ethanol Blending Program

- Ethanol blending target doubled to 10%
- Ban on ethanol imports
- India set to achieve 5% target, in practice, during SS 2016

Export Incentive Program

- INR 4.5/quintal in subsidy on sugarcane procurement if 80% of sugar export quota is met and 80% of committed quantity of ethanol is supplied

Partial Deregulation

- Abolished 'levy sugar' obligation in 2013
- Increased drive towards linking sugarcane prices to average realizations

* Breakup: INR 11.7 in form of Tax Relaxation and INR 23.3 as subsidy subject to approval by the UP state government

Experienced Promoters and Management Team

Direct involvement of promoter directors with decades of experience

- Around 56 years of experience
- Chemical Engineer and a reputed Sugar Technologist and Entrepreneur
- Former President of Indian Sugar Mills Association
- Promoter Director since 1960

V K Goel
Chairman

A K Goel
Vice Chairman

- Around 47 years of experience
- Founder President of Indian Agro paper Mills Association
- Former President of Indian Sugar Mills Association and former President of UP Sugar Mills Association
- Promoter Director since 1969

- Associated with the Company since 1994
- Handles operational management of the Company
- Former President of Indian Sugar Mills Association

Gautam Goel
Managing Director

Gaurav Goel
Managing Director

- Associated with the Company since 1994
- Holds a Business Management degree from UK
- Handles financial management of the Company
- Director of Indian Sugar Exim Corporation Limited; a member of Indian Sugar Mills Association and a member of The Associated Chambers of Commerce and Industry of India (ASSOCHAM)
- Former President of the Young Presidents Organization, Delhi Chapter and of the EO, Delhi

Senior Management

Sandeep Sharma
Chief Operating Officer and Head of
Dhampur and Rajpura Mills

Vice President - Marketing

Agenda

1. Business Overview
2. Segmental Information
3. Key Highlights
- 4. Financial Performance**
5. Future Business Strategy

Annexure – Facilities at a Glance

Annual Financial Trends

Improving Financial Performance

Impressive growth in Revenue and EBITDA Margin in FY 2016

We have expanded our Gross Block to meet future demand

Losses have shrunk and it's time to make profits again

Increasing our leverage, which we have started reducing strategically

* incl. excise duty

Quarterly Financial Trends

Improving Financial Performance

Increasing Revenues...

Sharp Improvement in EBITDA and EBITDA Margins...

Significant improvement in profitability

Sharp reduction in arrears to farmers

* Net of excise duty

Future Business Strategy

We are currently one of the leading integrated sugar companies in India. We plan to increase our asset utilization while we keep improving on our best practices

- Be agile in our response to changing industry trends of demands/prices of our various products on the back of our flexible manufacturing processes

- Continue educating farmers on best farming practices, high-yield seeds, pesticides etc.
- Making timely payment to farmers to incentivize increase in area under sugarcane

- Reduce leverage through a combination of prudent financial management and prepayment/repayment of debt

- With focus on zero waste, continue product and process innovation

- Mid-term focus not on adding new capacities but on increasing existing capacity's utilization
- Capitalize on any future demand pickup by increasing production
