Dear Sirs,

**Tata Power Renewable Energy Limited commissions two projects  
in Andhra Pradesh and Tamil Nadu**

Tata Power Renewable Energy Limited (TPREL), India's largest renewable energy company and Tata Power's wholly-owned subsidiary, today announced the commissioning of 36 MW wind capacity of a 100 MW wind farm (under construction) at Nimbagallu in Andhra Pradesh, and 49 MW solar plant at Kayathar, Tamil Nadu, under Welspun Renewable Energy Private Limited (WREPL). With these, the operating renewable energy capacity of TPREL grows to 1,876 MW, comprising 841 MW wind, 915 MW solar, and 120 MW waste heat recovery capacity as of today. In FY16, TPREL increased its operational capacity by 1169 MW.

The Press Release to be issued by the Company is attached for your ready reference.

Yours faithfully,  
For The Tata Power Company Limited

(H. M. Mistry)  
Company Secretary

Encl.

## Tata Power Renewable Energy Ltd. commissions two projects in Andhra Pradesh and Tamil Nadu

**National, 12th January, 2017:** Tata Power Renewable Energy Ltd. (TPREL), India's largest renewable energy company and Tata Power's wholly-owned subsidiary, today announced the commissioning of 36 MW wind capacity of a 100 MW wind farm (under construction) at Nimbagallu in Andhra Pradesh, and 49 MW solar plant at Kayathar, Tamil Nadu, under Welspun Renewable Energy Private Limited (WREPL). With these, the operating renewable energy capacity of TPREL grows to **1,876 MW**, comprising **841 MW** wind, **915 MW** solar, and 120 MW waste heat recovery capacity as of today. In FY16, Tata Power Renewable Energy Ltd increased its operational capacity by 1169 MW.

TPREL completed the acquisition of WREPL last year to become the largest Renewable Energy company in India. In 2016, TPREL has won **320 MW** of solar bids, which are under development and will be commissioned in 2017. The company has also added **304 MW** wind capacity in 2016, which are under development and construction in Gujarat, Andhra Pradesh, Madhya Pradesh and Karnataka.

Speaking on this achievement, **Mr. Rahul Shah, CEO & Executive Director, Tata Power Renewable Energy Limited**, said, *"With the commissioning of these 2 projects, TPREL continues to fortify its position of being the largest renewable energy company in the country. Our strategic approach is in line with Tata Power's aim to expand its clean energy portfolio up to 35-40% by 2025. We are extremely proud of this development and we continue to seek to grow our portfolio in India and in select international markets through organic and inorganic opportunities."*

TPREL's strategy emphasizes the development of clean energy generation from non-fossil fuel and renewable energy sources to balance the carbon emissions from fossil fuel based generation capacity while contributing towards energy security of the country.

### **About Tata Power Renewable Energy Limited:**

TPREL is a wholly owned subsidiary of Tata Power. TPREL is Tata Power's primary investment vehicle for clean and renewable energy based power generation capacity. TPREL's present operating capacity is **1876 MW**, comprising 841 MW wind and 915 MW solar, located in the states of Maharashtra, Gujarat, Madhya Pradesh, and Rajasthan. The company is also in the process of implementing nearly 500 MW of renewable power projects at various locations. In order to aggregate its clean and renewable energy portfolio, Tata Power has initiated the process of carving out its 500MW clean energy assets from its books into TPREL. TPREL is seeking to grow its renewable portfolio in India and in select international markets through organic and inorganic opportunities. With the acquisition of Welspun Renewable Energy Pvt. Ltd., and the project pipeline, TPREL's portfolio grows to about 2.2 GW making it the largest Renewable Energy company in India. ### **About Tata Power:**

Tata Power is India's largest integrated power company with a growing international presence. The Company together with its subsidiaries and jointly controlled entities has an installed gross generation capacity of 10477 MW and a presence in all the segments of the power sector viz. Fuel Security and Logistics, Generation (thermal, hydro, solar and wind), Transmission, Distribution and Trading. It has successful public-private partnerships in Generation,

Transmission and Distribution in India namely "Tata Power Delhi Distribution Limited" with Delhi Vidyut Board for distribution in North Delhi, 'Powerlinks Transmission Ltd.' with Power Grid Corporation of India Ltd. for evacuation of Power from Tala hydro plant in Bhutan to Delhi and 'Maithon Power Ltd.' with Damodar Valley Corporation for a 1050 MW Mega Power Project at Jharkhand. Tata Power is serving more than 2.6 million distribution consumers in India and has developed the country's first 4000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology. It is also one of the largest renewable energy players in India with a clean energy portfolio of 3042 MW. Its international presence includes strategic investments in Indonesia through a 30% stake in the leading coal company PT Kaltim Prima Coal (KPC), 26% stake in mines at PT Baramulti Suksessarana Tbk ("BSSR"); in Singapore through Trust Energy Resources to securitize coal supply and the shipping of coal for its thermal power generation operations; in South Africa through a joint venture called 'Cennergi' to develop projects in sub-Sahara Africa; in Zambia through 50:50 joint venture with ZESCO for 120 MW Hydro which has become operational in 2016; in Georgia through AGL which is a joint venture with Clean Energy, Norway & IFC for development of 185 MW hydro project which is scheduled to be commissioned in 2016; in Australia through investments in enhanced geothermal and clean coal technologies and in Bhutan through a hydro project in partnership with The Royal Government of Bhutan. With its track record of technology leadership, project execution excellence, world class safety processes, customer care and driving green initiatives, Tata Power is poised for a multi-fold growth and committed to 'lighting up lives' for generations to come".
