## Investor Presentation

# Allcargo Logistics – India's 1<sup>st</sup> Multinational Logistics Company

- **Integrated multinational logistics company** headquartered in Mumbai, India
- **Diversified presence across multiple logistics sectors** including ocean & air freight-forwarding, container freight stations (CFS), inland container depots (ICD), project cargo, equipment rentals, coastal shipping and contract logistics
- **Global network** of 300 plus offices across 164 countries
- **Strong management team** with experienced industry professionals

## Business Verticals

### Multimodal Transport Operations (MTO)

- Consolidation of Less-than-Container-Load (LCL) ocean cargo into containers for shipment across 4,000 port pairs globally
- Global brand – 'ECU Worldwide' with presence in 164 countries
- Diversified customer base with an asset-light business model
- Presence in Full Container Load (FCL)

### Container Freight Stations (CFS)

- Provides storage & custom clearance services for EXIM cargo at major Indian ports
- Amongst top 5 CFS operators at JNPT, Chennai and Mundra
- ICDs at Pithampur & Dadri; presence in Contract Logistics segment
- CFS at Kolkata under development
- Logistics Park at Jhajjar under consideration
- Land bank of more than 200 acres

### Project & Engineering Solutions (P&E)

- Offers integrated end-to-end logistics services including transportation of over-dimensional & over-weight cargo, on-site lifting & shifting
- Diverse fleet of equipment needed for building & creating infrastructure
- Presence in Coastal Shipping through 5 owned and 1 chartered ships

FY16 EBIT<sup>1</sup>

<sup>1</sup> Considering business segments only, Excluding Others

# Key Developments

- **Contract Logistics Business (ACCI Transaction)**
  - 61% controlling interest
  - Merger of HCL and contract logistics business in ACCI; acquisition of additional stake at INR 130 Crores
  - Main sectors of business – Chemicals, Pharma and Auto Logistics
  - Scalable and fast growing business
- Proposed development of rail linked logistics park at Jhajjar, Haryana
- Raising of fund upto INR 300 Crore by issue of secured son-convertible redeemable debentures on private placement basis
- Bonus of 1:1 declared in financial year 2015-16

# Multimodal Transport Operations

# LCL Consolidation is a Multi Billion Dollar Global Market<sup>1</sup> With an Asset-Light Business Model

## Business Description

- Allcargo / ECU Worldwide receives Less-than-Container-Load (LCL) cargo from various freight-forwarders
- Cargo for each destination is consolidated into containers at bonded warehouses, to be shipped to either final destination or to hub ports from where it is trans-shipped to final destination
- After consolidating the LCL cargo into Full-Container-Load (FCL) consignments, Allcargo forwards the consignments to shipping lines for transportation to the final destination
- Besides LCL consolidation, Allcargo has also forayed into FCL freight-forwarding through acquisition of FCL Marine, a Netherlands based FCL freight-forwarding company

## Salient Features

- Asset-light business with high returns on capital employed: Total capital employed (excluding Goodwill) – INR 422 Cr; more than 40% average Return on Capital Employed (ROCE)<sup>2</sup> in last 4 financial years
- Resilience to global market volatility; Global LCL consolidation industry has grown by 4-5% yearly in last 3 years<sup>1</sup>
- Creation of global network is an entry barrier
- Customer diversification inherent to business model due to neutral approach
- Provides opportunity to service FCL volumes

<sup>1</sup>Management estimates and Industry data; <sup>2</sup>Capital employed as of 31<sup>st</sup> Dec, 2015, ROCE calculated as EBIT + Interest Cost / Average Capital Employed excluding Goodwill

# ECU Worldwide – Allcargo's 100% Owned Subsidiary is the Largest Player Globally in the LCL Market

## Critical Growth Factors

### Global Presence With Owned Network

### Operational Scale

### Management Capabilities

### Flexibility of Services

## ECU Worldwide's Unique Position

- ✓ Global network in 164 countries with 301 offices covering over 4,000 port pairs, provides ability to offer pan-global services to multinational clients
- ✓ Higher execution control with better visibility on the flow of cargo through presence at both ends of the cargo shipment
- ✓ Covers all major economies of the world and has the ability to capture incremental cargo with pick-up in global trade

- ✓ Large scale enables preferential freight rates with shipping lines and leads to operating leverage
- ✓ ECU Worldwide is one of the largest LCL consolidators in the world and has centralized procurement teams

- ✓ Experienced team of executive directors, supported by Regional CEOs and country managers with a total 200 years of industry experience
- ✓ Functional heads for procurement, commercials and key accounts

- ✓ Ability to offer FCL, air freight, warehousing and custom clearance for select locations and trade lanes

# ECU Worldwide Has Presence in 164 Countries and Covers over 80%<sup>1</sup> of the World

 Countries with ECU Worldwide Coverage

<sup>1</sup> Based on the Total Area of Countries Served by ECU Worldwide Services

# Successful M&A Strategy in MTO Business

**Econocaribe Consolidators (2013)** – 3<sup>rd</sup> largest NVOCC in the US with 9 offices and 22 receiving locations in the US and Canada

**FCL Marine Agencies (2013)** – Leading neutral NVO service provider in Full Container Load segment in Europe, USA and Canada

**2 Leading NVOCC Operators in China (2010)** – Extensive operations in Hong Kong, China and other parts of the eastern region

**ECU Line (Now ECU Worldwide) (2005-06)** – One of the Largest NVOCC in the World and 4 times larger than Allcargo, at the time of acquisition

- Acquisitions made to expand and consolidate network, gain footprint in major economies of the world and add more product lines for customers
- All acquisitions have been EPS accretive and cash flow positive from start of integration

# Elite Set of Customers

GEODIS

*America*

- Started his career with Econocaribe in 1989 in accounting function and became president over the years
- Completed BS in finance from University of Florida

# LCL Business will Continue to Drive Allcargo's Growth in Future

## Organic Growth

- Being the largest player in the LCL freight-forwarding industry globally, ECU Worldwide is best positioned to benefit from increase in global cargo volumes
- Further expansion in high-growth markets will improve ECU Worldwide's market leadership
- Selectively opening new offices, serving additional port pairs
- Warehouses in Antwerp, Rotterdam, Dubai, Singapore and Shanghai

## Inorganic Expansion

- LCL consolidation is a highly fragmented market globally with industry consolidation being witnessed in last few years
- ECU Worldwide has demonstrated strong capabilities in identifying suitable and value accretive acquisition opportunities
- Going forward, ECU Worldwide will continue to strengthen its market leadership through tactical acquisitions / buyout of local partners / strategic alliances in regions where ECU Worldwide does not have significant presence

## Operational Improvements

- Margin improvement through operational productivity enhancement and cost management, increasing outsourcing and streamlining procurement
- Centralized IT systems are being rolled-out

# MTO Business Volumes and Financials

Global Volumes (000's TEUs)<sup>1</sup>

Volume Split as per Geography - FY16<sup>2</sup>

Revenues  
(INR Cr)

EBITDA and Margin  
(INR Cr)

EBIT and Margin  
(INR Cr)

<sup>1</sup> Includes both LCL & FCL and Import and Export; <sup>2</sup> For LCL

# Container Freight Stations

# Indian Container Cargo is Poised for Growth

- Container volume in India is expected to be 2x by 2020, driven by EXIM trade and an increase in containerization from the current 55% to >65% (versus developed countries' average of 70%)
- Revival in EXIM trade expected to translate into higher demand for containerization due to their efficiency
- Infrastructural initiatives like Dedicated Freight Corridor and development of multi-model logistics park, to further support growth of cargo containerization
- Several upcoming container terminals planned at both major and non-major ports - to further increase flow of container traffic
- Strong growth expected in CFS container volume with container traffic growing
- CFS / ICD business expected to grow by CAGR 9% in coming years

Projected Indian Container Traffic (Million Tons)

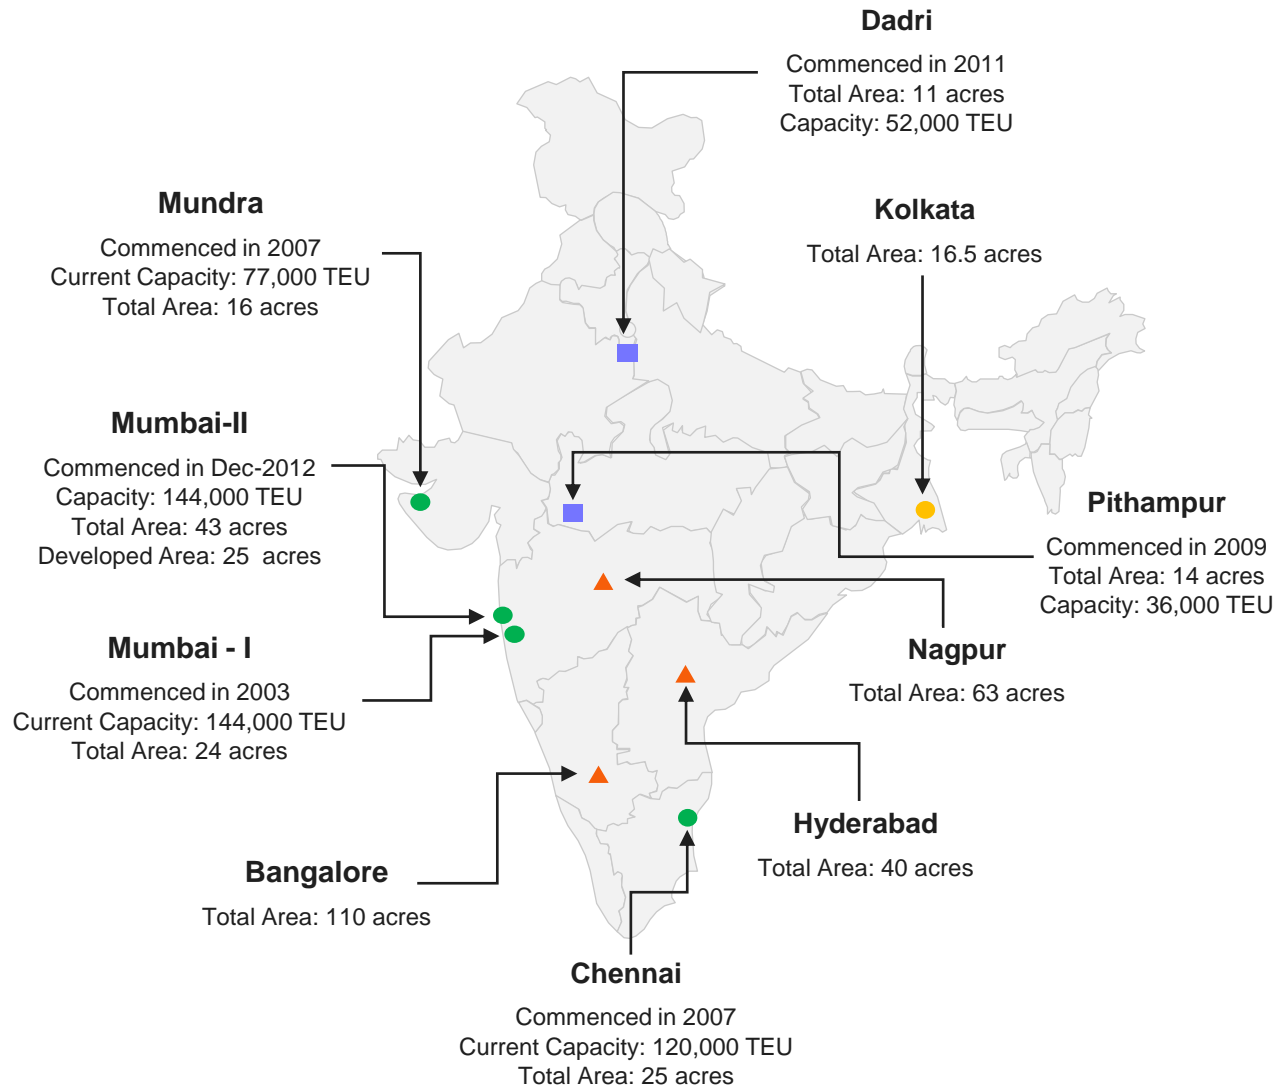

Expected Growth in CFS / ICD Market (Million TEUs)

# Allcargo is Present Across Major Container Ports of India

- Allcargo has leveraged its relationships with freight forwarders and major shipping lines by entering into CFS sector
- CFSs at JNPT, Chennai and Mundra with total installed capacity of 485,000 TEUs p.a. and ICDs at Pithampur and Dadri with total installed capacity of 88,000 TEUs p.a.
- JNPT, Chennai and Mundra - key ports in India handling bulk of container traffic. The three ports together handle around 75% of total container traffic of India

● Current CFSs    ■ Current ICDs    ● Under Development CFS    ▲ Land Banks

# CFS Business to Support Allcargo's India Focused Growth

## Presence at Key Container Ports

- Being one of the largest CFS operators in India, Allcargo is the only company with significant presence at key container ports of the country, viz JNPT, Chennai and Mundra, a new CFS is proposed to be constructed at Kolkata port
- These ports are in proximity to main industrial hubs, carry majority of the volumes and are preferred choice for customers because of their strategic location
- They collectively handle around 75% of total container traffic of India

## Scope for Capacity Addition

- Only c. 50% of land at 2<sup>nd</sup> CFS at JNPT has been developed, offering opportunity to double capacity as demand picks up
- Land bank of more than 200 acres across 3 strategic locations viz Hyderabad, Bangalore and Nagpur
- Continuously exploring opportunities to set-up CFSs at new and upcoming ports; and establish pan-India ICD presence through strategic JVs

## Owned Fleet

- Owned fleet of trailers, RTGs, reach stackers and forklifts to support transportation of containers between CFS and port; and movement within CFS, proving a unique differentiator
- Timely transportation supports incremental revenue

## Synergies from MTO Business

- Allcargo operates its business model with unique synergies between MTO and CFS business
- Allcargo leases container space with major shipping companies for its clients in MTO segment and on other hand, it gets clients of CFS segment from the same shipping companies

# CFS Business Volumes and Financials

## EBIT and Margin (INR Cr)

# Project and Engineering Solutions

# P&E's Strong Long Term Growth Opportunity

- Infrastructure led growth especially in sectors like power, oil & gas, cement and steel – expected to increase demand for specialized transport solutions
- Government focusing and incentivizing on shifting cargo carried by rail and road to coastal shipping and inland waterways
- Government plans to take wind energy generation to 60,000 MW in the next 5 years from around 20,000 MW currently. Government also plans to have 100,000 MW of solar power capacity by 2022
- Government plans to set up 5 new Ultra Mega Power Projects, each of 4,000MW
- US\$ 45 Billion is expected to be spent oil & gas sector in India in next few years
- India is the second largest producer of cement in the world with current capacity of around 370 MT - expected to grow to 550 MT by FY20
- Total market value of the Indian steel sector stood at US\$ 57.8 Billion in 2011 and is anticipated to touch US\$ 95.3 Billion by 2016
- Currently metro rails are fully operational in only 2 cities of the 53 Indian cities with a population of more than one Million. Almost all the state capitals are having plans to build metro railways
- Significant capex expected not only on Greenfield projects, but also on repairs & maintenance, and transmission & distribution
- Demand for world-class quality supply chains to handle project cargo - expected to increase significantly

# P&E Business to be the Game Changer with Expected Revival in Infrastructure Spending

## **Integrated Logistics Solutions**

- P&E division combines equipment leasing, project movement and coastal shipping
- Allcargo focusing on providing integrated logistics solutions to clients through above businesses, and also harnessing synergies from MTO and CFS verticals
- Planning to build niche business offering translating into customer stickiness and higher margins

## **Diverse Fleet of Equipments & Customer Diversification**

- Allcargo owns a diverse fleet of over 800 equipment including cranes, hydraulic axles, trailers, reach stackers, forklifts, prime movers, barges and coastal vessels
- Diversified customer base, representing some of major infrastructure sectors of Indian economy with long term strategic value

## **International Partnerships**

- Allcargo has entered into an alliance with Netherlands based Mammoet to provide crawler lattice boom cranes from 1,000 MT upto 5,000MT besides technical support for erection and lift plan
- Allcargo also exclusively represents Germany based Hansa Heavy Lift, world market leader in heavy lift business with 21 multipurpose heavy-lift freighters

## **In-House R&M Capabilities and Technological Support Systems**

- Allcargo has developed in-house repairs and maintenance (R&M) division to efficiently manage all types of R&M of its fleets where-ever deployed
- All sites are closely knitted with On-line Real time web-based connectivity with integrated IT platforms including CRM (Marketing), EAM (Engineering & Operations) and FMS (Finance and Audit) with centralized HR software
