**DEBT DISTRESS**

## As defaults rise, cases accumulate at NCLT

**Stressed loans near \$10-billion mark; total bad loans seen at over \$130 billion; 250 NCLT cases across 10 benches**

**FE BUREAU**  
 Mumbai, September 4

**WITH DEFAULTS ON** loans and corporate bonds nudging \$10 billion in 2017 so far and the total quantum of bad loans estimated to have crossed \$130 billion, the number of cases at the National Company Law Tribunal (NCLT) has jumped to around 250 across 10 benches. At the end of March, fewer than 40 cases had been referred to the tribunal.

Banks are hoping to recover their loans via the Insolvency and Bankruptcy Code (IBC) and have already referred a dozen large accounts to the tribunal following a recommendation from the Reserve Bank of India (RBI). They are expected to approach the tribunal for another two dozen accounts.

Apart from banks, also knocking on the doors of the NCLT are other creditors such as non-banking financial companies and asset reconstruction companies. A few corporate debtors too have approached the tribunal.

While many of the loan exposures had turned toxic in 2015 and 2016, bankers were looking to recover their dues via other schemes such as the strategic debt restructuring or the S4A (scheme for sustainable restructuring of stressed assets) and 5/25.

Consequently, several of the exposures had not been classified as non-performing assets. With the RBI asking banks to refer the cases to the NCLT, the tribunal has been inundated with cases.

Industry watchers believe that given the quality of the fixed assets — plant and machinery — at many of the companies is of good quality, the firms are unlikely to be liquidated. However, buyers will come in only if banks take big haircuts since just about 45-50% of the debt is believed to be sustainable.

Of the 12 cases referred to the NCLT, 11 have been admitted. While some of the companies — Essar Steel, Bhushan Steel and Monnet Ispat — raised objections, the tribunal overruled these.

Bhushan Steel, which owes banks a whopping ₹44,447 crore, had earlier objected to the insolvency proceedings alleging that State Bank of India (SBI) had inflated the dues by around ₹100 crore.

**INSOLVENCY PROCESS**

## SC stays proceedings against Jaypee Infra

**Big relief for some 32,000 home buyers who can avail consumer protection law, file cases in other fora**

**FE BUREAU**  
 New Delhi, September 4

**IN A RELIEF** to around 32,000 home buyers, the Supreme Court on Monday stayed the National Company Law Tribunal's (NCLT) August 9 order that initiated insolvency proceedings against realty company Jaypee Infratech (JIL), a subsidiary of Jaiprakash Associates (JAL).

With the stay order, flat owners can now assert their rights to avail remedies under consumer protection law and can file cases or pursue their cases filed against the builder in other fora, the option that was taken away by the NCLT, which had declared a moratorium on proceedings before consumer and other courts.

The petitioners had contended that when the assets of the company would be liquidated under the Insolvency and Bankruptcy Code (IBC), 2016, flat buyers would virtually get peanuts since secured creditors

**TIMELINE**

**AUGUST 9:** NCLT admits IDBI's plea, appoints Anuj Jain as interim resolution professional, suspends board of directors of Jaypee

**AUGUST 23:** Home buyers move SC; say have been left in lurch; want forensic audit of Jaypee and Jaiprakash Associates to assess the extent of bankruptcy

**SEPTEMBER 4:** SC stays NCLT order; home buyers can file/pursue cases in consumer fora

would be safeguarded first under the insolvency proceedings.

A bench led by Chief Justice Dipak Misra sought responses from the Centre, the UP government, the Reserve Bank of India (RBI), the embattled group including JAL and JIL, and others on over dozens of petitions filed by individuals and their associations alleging they have been left in the lurch after the Allahabad bench of the NCLT admitted IDBI Bank's plea for initiating insolvency proceedings against the debt-ridden JIL for defaulting on a ₹526-crore loan.

Seeking a stay on the tribunal's order, the flat buyers also asked the apex court to conduct a forensic audit of JIL and JAL to assess the extent of their bankruptcy. The bench posted the batch of matters for further proceedings on October 10.

Various lawyers including senior counsel Ajit Sinha told the court that IDBI Bank's plea in the NCLT was filed "for collusion of a petty ₹500 crore" when more than ₹25,000 crore of flat buyers was at stake.

The IDBI Bank counsel, however, opposed the petitions, arguing that the buyers should wait for the interim resolution professional's (IRP) report as it could turn out to be fruitful for the buyers.

The petitioners also questioned the constitutional validity of the IBC as it doesn't address the rights of the buyers and also is not in tune with other recent laws like the Real Estate Regulation And Development Act (RERA) which protects the rights of aggrieved home buyers.

The flat buyers have been left remedy-less as they would have neither got their flats nor refund of their money invested in booking the flats on account of being "unsecured creditors", according to the petitioners.

**BIG SETBACK**

## Delhi HC tosses Voda IUC plea

**FE BUREAU**  
 New Delhi, September 4

**IN A MAJOR** setback for Vodafone India, the Delhi High Court on Monday dismissed its petition that urged for directions to the Telecom Regulatory Authority of India to disclose its methodology for calculating the interconnect user charge (IUC).

Though the petition was filed by Vodafone, the HC dismissal is also a setback for other incumbents like Bharti Airtel and Idea Cellular. This is because the telecom industry body, Cellular Operators' Association of India in which the three have majority, had earlier urged Trai to disclose the methodology for the sake of transparency and fair play but the regulator had rejected the plea.

With the dismissal, Trai can go ahead and come out with its regulations on IUC for which it has conducted all the required consultative process. However, the telcos would be free to approach the court once the regulation comes. It is widely expected that the mobile termination charge under IUC would come down to below 10 paise per minute from the current 14 paise. Termination charge is paid to the operator on whose network the call terminates by the originating network.

It also stressed on the need for immediate cessation of violence in Afghanistan.

Since the 2013-14 peak, India's farm exports had declined till last year partly because global commodity prices moderated. A slight pick-up seen in 2016-17 has been augmented in the initial months of this year, thanks to increased shipments of basmati rice.

**IPL MEDIA RIGHTS**

## Star shines bright with ₹16,347.5-cr bid

**FE BUREAU**  
 Mumbai, September 4

**BY COUGHING UP** a huge ₹16,347.5 crore, Star India has claimed the media rights of the Indian Premier League (IPL) for all markets across media and digital platforms for the next five years, from 2018-2022. The bid by Star India turned out to be ₹528 crore more than the sum of all the highest individual bids for the seven categories of rights being sold — ₹15,819.51 crore.

Star India chairman and CEO Uday Shankar said, "The Vivo Indian Premier League is undoubtedly one of the most exciting sporting leagues in the world and this acquisition of media rights reaffirms our commitment to serve cricket fans and make cricket even bigger than it is. We are delighted that in Star, IPL has found its natural home."

Star India edged out Sony Pictures Networks India (SPN), which held the IPL TV rights from inception for 10 years (un-

til 2017), as well as other biggies like Reliance Jio, Facebook and Airtel. Star India's Hotstar held the digital rights of the property over the last three years.

Vinit Kamik, business head at GroupM's entertainment and sports division ESP Properties India, told **FE**, "The way Star has strategised for the rights, it has done a fantastic job as it allows

the company to do multiple things at a time. Earlier, the rights were scattered. Whether it will translate into more revenues or not, is still too early to say, but the meter has started ticking."

While SPN had the highest bid for the TV rights, at ₹11,050 crore, the highest digital bid was from Facebook at ₹3,900 crore. However, Star India had a much

larger composite bid even though individually its bids were quite low. But as per the rules, the companies can form a consortium and if any company's consolidated global bid happens to be greater than the sum total of every individual bid, it stands to win the rights.

"We believe that Indian sports have barely scratched the surface of its potential. Both the viewership of sports and participation in sports is something that we would like to grow substantially over the next few years," Shankar added.

Industry experts had expected the rights to fetch anywhere from ₹12,000-14,000 crore, but it seems that Star India's aggressive bid surpassed all expectations. With the Indian sports broadcasting market becoming a duopoly between Sony and Star, competition is expected to be high.
