Tatas to make iPhones in India

“PM @narendramodi Ji’s visionary PLI scheme has already propelled India into becoming a trusted & major hub for smartphone manufacturing and exports. Now within just two and a half years, @TataCompanies will now start making iPhones from India for domestic and global markets from India,” minister of state for electronics and IT Rajeev Chandrasekhar, said in a post on X.

The telecom ministry fully supports the growth of global Indian electronics companies that will, in turn, support global electronic brands that want to make India their trusted manufacturing and talent partner, he said.

Wistron also said its subsidiary, SMS InfoComm (Singapore), has proposed to convert debt of \$130.26 million to Wistron InfoComm Manufacturing into equity, as a part of the deal.

Wistron, which is one of Apple’s three contract manufacturers in India, currently employs more than 10,000 workers at its facility. The company has also been selected for the smartphone production-linked incentive (PLI) scheme. With the sale of the plant, the PLI benefits will also get transferred to Tata group.

Wistron is selling its unit due to difficulties in handling supplies and inventory management. Further, the company is struggling to manage its workers, who went on strikes over pay parity issues.

Globally, Wistron will continue as a contract manufacturer for iPhones, and will continue to handle repair services in India.

Reliance misses profit estimates

The company’s capex for the quarter was at ₹38,815 crore, with continuing accelerated investments in pan-India 5G roll-out.

The oil & gas segment revenues jumped 71.8% to ₹6,620 crore, riding on higher production and starting of production from MJ field. It was also supported by a 6% higher gas price realisation in KG-D6.

TMB says process on to find new MD & CEO

SAJAN C KUMAR
Chennai, October 27

TAMILNAD MERCANTILE BANK (TMB) has kickstarted the process of identifying the candidate for the post of MD & CEO and will appraise the Reserve Bank of India (RBI) of the progress made so far on the search before October 31.

SKrishnan tendered his resignation as MD & CEO of the bank on September 28, a week after a Chennai cab driver was wrongly credited with ₹9,000 crore in his TMB account.

Announcing that the MD has quit, TMB had then informed the stock exchanges that though the board has accepted his resignation, he will continue at the helm, till the guidance/advice received from the RBI.

Addressing reporters after releasing the earnings performance for Q2FY24, Krishnan on Friday said the bank is required to report the plan of action for recommending the new MD & CEO to RBI.

“A search committee has been constituted and it is in process. Before October 31, we will inform the RBI when we can finish the process.”

Krishnan took over TMB’s MD & CEO in September last year and had two-third of his tenure to go.

Meanwhile, the bank reported a 3.4% rise in its net profit at ₹274 crore for the second quarter of FY24 as compared to ₹262 crore in the corresponding quarter of last fiscal. Total income has improved to ₹1,365 crore from ₹1,141 crore.

TMB’s gross NPA stood at 1.70%, maintaining the level of the year-ago-period while net NPA marginally went up to 0.99% from 0.86%.

CreditAccess to hike non-MFI mix to 10-15% in next 4-5 yrs

AJAY RAMANATHAN
Mumbai, October 27

CREDITACCESS GRAMEEN IS planning to increase its non-microfinance portfolio to 10-15% in the next four-to-five years from 1.6% currently.

“We have a large number of customers that have been with us for more than four years, who need higher funding for their business. Since last year, we are focussing on increasing our non-microfinance loans,” said managing director Udaya Kumar Hebbar.

This segment includes unsecured loans with a ticket size of up to ₹250,000. But, loans with a higher ticket size classify as loan against property segment and come with a collateral.

The company is also focussing on two-wheeler loans and affordable housing loans. While a pilot of two-wheeler loans was launched in the third quarter of the previous financial year, affordable housing loan segment will be launched this year.

The company aims to largely target existing customers or the customer ecosystem through these loan segments.

“We do not want to do a dealer-driven business (in two-wheelers). These loans will be only provided to our existing loyal customers,” he said.

In March 2022, Reserve Bank of India (RBI) increased the ceiling on non-microfinance loans to 25% from 15% earlier.

With a gross loan portfolio of ₹22,488 crore, CreditAccess Grameen is the large microfinance company in the country. The Bengaluru-based company's loan book rose 36% year-on-year as on September 30.
