Dear Sirs,

Tata Power Skill Development Institute (TPSDI) plans to train over 54,000 people by 2020

Tata Power, India's largest integrated power company, through its skill development endeavour, TPSDI (Tata Power Skill Development Institute) has been successfully enhancing employability and uplifted the economic conditions of people since its inception. With the continued commitment to equip youth with relevant employable skills and make India the skill capital of the world, TPSDI has drawn a plan to train over 54,000 people by 2020.

In FY 17, 11,898 persons were trained under various skill development programmes. 58 per cent of eligible people have received placements post the training and this year the target is to reach the mark of 75 per cent. The company also has a vision to train all technical workforce deployed in various Tata Power plants and certify them under TPSDI. Central Board of Irrigation & Power (CBIP) has recognised TPSDI as the best training institute for skill development in FY17. TPSDI is also Training Partner of Power Sector Skill Council (PSSC) under NSDC and from this year onwards TPSDI is geared up to offer PSSC Courses with their certification.

TPSDI has set up five training hubs in five locations in the country leveraging the facilities of Tata Power which includes Shahad – Mumbai, Maharashtra; Trombay – Mumbai, Maharashtra; Maithon – Dhanbad, Jharkhand, Mundra – Kutch, Gujarat and Jojobera – Jamshedpur, Jharkhand.

The Press Release to be issued by the Company is attached for your ready reference.

Yours faithfully,
For The Tata Power Company Limited

Company Secretary
Encl.

Tata Power Skill Development Institute (TPSDI) plans to train over 54,000 people by 2020

- The skill training institute will benefit more than 13000 people in FY 18
- In 2017, 11898 persons were trained under various skill development programmes
- -(women train in FY 16 was 75, whereas in FY 17, the number was 294, which was a 292% rise)

National, 8th August, 2017: Tata Power, India's largest integrated power company through its skill development endeavor, TPSDI (Tata Power Skill Development Institute) has been successfully enhancing employability and uplifted the economic conditions of people since its inception. With the continued commitment to equip youth with relevant employable skills and make India the skill capital of the world, TPSDI has drawn a plan to train over 54,000 people by 2020.

In FY 17, 11,898 persons were trained under various skill development programmes. 58 per cent of eligible people have received placements post the training and this year the target is to reach the mark of 75 per cent. The company also has a vision to train all technical workforce deployed in various Tata Power plants and certify them under TPSDI. Central Board of Irrigation & Power (CBIP) has recognised TPSDI as the best training institute for skill development in FY17. TPSDI is also Training Partner of Power Sector Skill Council (PSSC) under NSDC and from this year onwards TPSDI is geared up to offer PSSC Courses with their certification.

TPSDI has set up five training hubs in five locations in the country leveraging the facilities of Tata Power which includes Shahad – Mumbai, Maharashtra; Trombay – Mumbai, Maharashtra; Maithon – Dhanbad, Jharkhand, Mundra – Kutch, Gujarat and Jojobera – Jamshedpur, Jharkhand.

Speaking on this achievement, **Mr. Anil Sardana, CEO & MD, Tata Power**, said, "At TPSDI, we will make sure that we create the best training facilities and design and impart *courses in the best possible manner. TPSDI's unique certification system will be a great value addition for both, the learners and the Industry. I encourage all stakeholders of Tata Power and other utilities in the Industry to mobilize as many people as possible from their fraternities and communities to get trained at TPSDI. In the next 10 years, through this initiative, we will make a mark in the Indian system and will also take this international. By getting skilled, people will find great value for themselves and will also be able to contribute more productively at their workplace*".

The institute provides modular training courses that are purposefully designed to be market driven and employment oriented across a wide range of skills especially in the power and allied sectors, to address the skill gap challenge faced by Indian power sector. TPSDI also focuses on other dimensions of skill building, such as numerical ability, science, basic IT, industry orientation, communication, soft skills and personality development, work ethics, and places special emphasis on safety, health and environment considering the sector's specific need. The training consists of both knowledge and hands-on skills. The Institute consciously works towards providing greater access to

its courses to the members of disadvantaged sections of the society as part of its Affirmative Action Policy and also reach out to those in the below-poverty-line (BPL) category.

Tata Power Skill Development Institute (TPSDI) this year introduced Skills on Wheels, a mobile concept to make skill trainings more accessible to people. It is essentially a 16 x 8 x 8.6 ft. mobile container designed to seat 12 trainees at a time. Through this 'Mobile' training and assessment center, TPSDI will provide Recognition of Prior Learning (RPL),; training and accreditation to Neighborhood Electricians, etc. It is considering expanding the offering to more such courses.

About Tata Power:

Tata Power is India's largest integrated power company with a growing international presence. The Company together with its subsidiaries and jointly controlled entities has an installed gross generation capacity of 10613 MW and a presence in all the segments of the power sector viz. Fuel Security and Logistics, Generation (thermal, hydro, solar and wind), Transmission, Distribution and Trading. It has successful public-private partnerships in Generation, Transmission and Distribution in India namely "Tata Power Delhi Distribution Limited" with Delhi Vidyut Board for distribution in North Delhi, 'Powerlinks Transmission Ltd.' with Power Grid Corporation of India Ltd. for evacuation of Power from Tala hydro plant in Bhutan to Delhi and 'Maithon Power Ltd.' with Damodar Valley Corporation for a 1050 MW Mega Power Project at Jharkhand. Tata Power is serving more than 2.6 million distribution consumers in India and has developed the country's first 4000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology. It is also one of the largest renewable energy players in India with a clean energy portfolio of 3141 MW. Its international presence includes strategic investments in Indonesia through a 30% stake in the leading coal company PT Kaltim Prima Coal (KPC), 26% stake in mines at PT Baramulti Suksessarana Tbk ("BSSR"); in Singapore through Trust Energy Resources to securitize coal supply and the shipping of coal for its thermal power generation operations; in South Africa through a joint venture called 'Cennergi' to develop projects in sub-Sahara Africa; in Zambia through 50:50 joint venture with ZESCO for 120 MW Hydro which has become operational in 2016; in Georgia through AGL which is a joint venture with Clean Energy, Norway & IFC for development of 187 MW hydro project and in Bhutan through a hydro project in partnership with The Royal Government of Bhutan. With its track record of technology leadership, project execution excellence, world class safety processes, customer care and driving green initiatives, Tata Power is poised for a multi-fold growth and committed to 'lighting up lives' for generations to come".
