- (ii) Filing of fresh Scheme of Amalgamation of Tata Metaliks DI Pipes Limited ("TMDIPL") with the Company. TMDIPL is a wholly owned subsidiary of the Company.

The required details in respect of (ii) above as required under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 are as follows:-

**Withdrawal of the Scheme of Amalgamation of Tata Metaliks Limited and
Tata Metaliks DI Pipes Limited (TMDIPL) with Tata Steel Limited (TSL)**

Kolkata: May 17, 2016. Tata Metaliks Limited (TML/Company) today announced that its Committee of Directors (constituted and duly authorised by the Board of Directors) approved the proposal to withdraw the Scheme of Amalgamation of the Company and its wholly owned subsidiary, TMDIPL with TSL (Scheme) that is pending before the Hon'ble High Court of Calcutta.

The Scheme was earlier recommended by the Board of Directors in April 2013 and approved by the Members of the Company at the Court Convened Meeting held in March 2014. In terms of the Scheme, the swap ratio for public shareholders was 4 equity shares of Rs. 10/- each of TSL for every 29 equity shares of Rs. 10/- each held in the Company.

The decision to withdraw the Scheme was taken after consideration of various factors including the inordinate delay in obtaining requisite regulatory and statutory approvals and dilution in the intended synergies that were envisaged by the Promoter (TSL) and the Company in April 2013.

The Committee of the Board further approved filing of fresh scheme for amalgamation of its wholly owned subsidiary, Tata Metaliks DI Pipes Limited with its parent company, Tata Metaliks Limited. The proposed amalgamation is intended to enhance synergies through integrated operational and cost efficiencies, simplified corporate structure and supply chain integration.
