PRESS STATEMENT

20th August 2015

Jaguar Land Rover wishes to express its most profound condolences to the families and friends of those who lost loved ones in the explosions in Tianjin. Our thoughts are with them as well as with all those who were injured in this tragic event.

Tianjin Port is one of three major locations in China through which Jaguar Land Rover imports vehicles. At the time of the explosion, approximately 5,800 vehicles that had recently been shipped to China were stored at various locations in Tianjin. However, access to facilities near the site of the explosion remains restricted and so whilst we believe many of these vehicles may have been damaged, we are presently unable to quantify the numbers of units affected.

We will continue to monitor the situation and work to minimise the impact on our customers and the business.

Ends
