## RICOH INDIA STRENGTHENS ITS PUBLIC CLOUD SERVICES OFFERING

Expansion of the company's data centre facility in Kolkata

**Delhi, 16<sup>th</sup> February 2016:** Ricoh India Ltd., a market leader in Printing & Document solutions and IT services today announced the expansion of its existing data centre facility in Kolkata in order to strengthen its public cloud services offerings.

Ricoh India had set up the data centre in Kolkata in 2013 which was a flagship facility for providing Innovative Ricoh Cloud services to its customers. Currently the Kolkata data centre caters to more than 200+ domestic and international customers including Indian Government banks.

Ricoh runs its 24x7x365 Cloud Services operations from this facility, being managed and monitored round-the-clock by Data Centre professionals in a physically & virtually secured facility. It also provides Fully Managed Virtual Servers & Dedicated Servers, Backup & Disaster Recovery Solutions & Services, Managed email services, Colocation Services, Cloud Infrastructure to its public and private customers through its Cloud Data Centre services portfolio.

The ISO 27001 : 2013 certified Data centre has now been augmented into a Tier-3 facility. The data centre acts as the primary hub for Information Security and complement the existing Data Centre of Ricoh India at its Head Office in New Delhi.

**Mr. Manoj Kumar : Managing Director and CEO, Ricoh India Limited** said, *"At Ricoh India, we are dedicated to helping our customers embrace change through innovation. And the expansion of this facility is a testimony of our endeavour to tap the growing potential of the public cloud services. In addition to this, Ricoh will also provide a single umbrella to its customers and be a one-stop- solution provider for all their cloud services requirements under its IT Services Portfolio.*

**He also added,** *"We see a huge potential in this part of the country especially with strong initiatives by the state government to encourage development of industry and generation of employment opportunities for this region. We feel that this is the right time for us to invest here and expand state of the art facilities like this one. "*

### **About Ricoh**

Ricoh is a global technology company specializing in office imaging equipment, production print solutions, document management systems and IT services. Headquartered in Tokyo, Ricoh Group operates in about 200 countries and regions. In the financial year ending March 2015, Ricoh Group had worldwide sales of 2,231 billion yen (approx. 18.5 billion USD). The majority of the company's revenue comes from products, solutions and services that improve the interaction between people and information. Ricoh also produces award-winning [digital cameras](#) and specialized industrial products. It is known for the quality of its technology, the exceptional standard of its customer service and sustainability initiatives. Under its corporate tagline, *imagine. change.* Ricoh helps companies transform the way they work and harness the collective imagination of their employees.
