

## TCS Recognized as a Leader in Independent Testing Services by Everest Group for Second Consecutive Year

**NEW YORK | MUMBAI, August 13, 2014:** Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading global IT services, consulting and business solutions organization, today announced that it has been recognized as a 'Leader' in Independent Testing Services by Everest Group, in its report, [Independent Testing Services – PEAK Matrix™ Assessment and Profile Compendium 2015](#).

Everest Group evaluated 23 service providers in the independent testing services sector and mapped them on their Performance, Experience, Ability, and Knowledge (PEAK) Matrix™, a composite index of several distinct metrics related to a provider's capabilities and industry track record. Everest Group also profiled the capabilities of these leading service providers through a comprehensive assessment of their service scope, scale of operations, domain expertise and innovation, delivery footprints, buyer satisfaction, and market success.

TCS is positioned as a leader and received the highest rating in independent testing services delivery capability, as a result of its mature and industry-leading practice created through investments to build end-to-end capabilities, mix of product license and services play, and IP investments. TCS was also recognized for its domain expertise and innovation, outstanding customer satisfaction and extensive global delivery capabilities.

"TCS has a highly mature and industry-leading testing service practice with end-to-end capabilities," said Chirajeet Sengupta, Vice President, Everest Group. "Its shift in focus from pure services play to a mix of product license and services play is helping garner greater wallet share and strengthen its positioning in the market place."

"TCS is proud to be recognized as a leader in Everest Group's Independent Testing Services PEAK Matrix for two consecutive years," said Siva Ganesan, TCS' Global Head of Assurance Services. "It is a testament to our domain expertise, next generation assurance methodologies and offerings, industrialized global delivery, consulting and digital services and solutions, that enable our customers to succeed."
