Cyient Secures Prestigious Pratt & Whitney 2016 Supplier Innovation and Productivity Savings Awards

East Hartford, Connecticut, USA, January 18, 2017: Cyient has won two prestigious awards from Pratt & Whitney - the 'Productivity Savings and Cost Avoidance Award' and the 'Supplier Productivity Innovation Award' for 2016. The award announcement was made during a recent annual Supplier Summit held at the Pratt & Whitney Museum in East Hartford, Connecticut, USA. It is the fourth time that the productivity savings award has been bestowed on Cyient and the sixth time that the company has won the innovation award.

"Developing innovative solutions that improve speed, quality, and productivity is a key attribute we look for. Cyient continues to demonstrate this capability. It's our pleasure to recognize them with the 2016 productivity and innovation awards," said John Wiedemer, Vice President, Engineering – Module Centers, Pratt & Whitney.

Commenting on the awards, Krishna Bodanapu, Managing Director & CEO, Cyient Limited, said, "It is an honor to receive both awards once again this year. The awards not only recognize Cyient's ability to continuously deliver cutting-edge innovation with several co-patents secured this year, but also our proficiency in improving processes that lead to productivity savings. Pratt & Whitney's trust in our long-standing collaboration and strong working relationship provides the drive and determination to continue enhancing our performance."

"As a leader in our field, we bring together technology, process improvement, engineering expertise, and powerful innovation. It is wonderful to be continually recognized for the value we bring to customers at Pratt & Whitney," added Rajendra Kumar Patro, Vice President of Aerospace & Defense Delivery, Cyient.

In its 16 plus years of engineering design and research collaboration with global leader Pratt & Whitney, Cyient has developed extensive design engineering capabilities in aero engines, with experiences encompassing system-level engineering and beyond. Additionally, Cyient continues to support Pratt & Whitney with value engineering, test data analysis, and other advanced data analytics solutions, throughout the engine product life cycle.

About Cyient

Cyient is a global provider of engineering, manufacturing, data analytics, network, and operations solutions. We collaborate with our clients to achieve more and shape a better tomorrow.

With decades of experience, Cyient is well-positioned to solve problems. Our solutions include product development and life cycle support, process and network engineering, and data transformation and analytics. We provide expertise in the aerospace, consumer electronics, energy, medical, mining, heavy equipment, semiconductor, rail transportation, telecom and utilities industries. Strong capabilities combined with a global network of more than 13,800 associates across 38 global locations enable us to deliver measurable and substantial benefits to global industry leaders.
