---

## **Supplemental Disclosures**

---

**Safe Harbor:** - Some information in this report may contain forward-looking statements. We have based these forward-looking statements on our current beliefs, expectations and intentions as to facts, actions and events that will or may occur in the future. Such statements generally are identified by forward-looking words such as "believe," "plan," "anticipate," "continue," "estimate," "expect," "may," "will" or other similar words.

A forward-looking statement may include a statement of the assumptions or basis underlying the forward-looking statement. We have chosen these assumptions or basis in good faith, and we believe that they are reasonable in all material respects. However, we caution you that forward-looking statements and assumed facts or bases almost always vary from actual results, and the differences between the results implied by the forward-looking statements and assumed facts or bases and actual results can be material, depending on the circumstances. You should also keep in mind that any forward-looking statement made by us in this report or elsewhere speaks only as of the date on which we made it. New risks and uncertainties come up from time to time, and it is impossible for us to predict these events or how they may affect us. We have no duty to, and do not intend to, update or revise the forward-looking statements in this report after the date hereof. In light of these risks and uncertainties, any forward-looking statement made in this report or elsewhere may or may not occur and has to be understood and read along with this supplemental disclosure.

**General Risk:** - Investment in equity and equity related securities involves a degree of risk and investors should not invest any funds in this Company without necessary diligence and relying on their own examination of Bharti Infratel Limited; along with the equity investment risk which doesn't guarantee capital protection.

**Use of Certain Non-GAAP measures:** - This result announcement contains certain information on the Company's results of operations and cash flows that have been derived from amounts calculated in accordance with Indian Generally Accepted Accounting Principles (IGAAP), but are not in themselves IGAAP measures. They should not be viewed in isolation as alternatives to the equivalent IGAAP measures and should be read in conjunction with the equivalent IGAAP measures.

**Further, disclosures are also provided under "Use of Non - GAAP financial information" on page 23**

**Others:** In this report, the term "Bharti Infratel" or "Infratel" or "the Company" refers to Bharti Infratel Limited, whereas references to "we", "us", "our", "the Group" and other similar terms, unless otherwise specified or the context otherwise implies, refer to Bharti Infratel Limited taken together with its wholly owned subsidiary, Bharti Infratel Ventures Limited and Bharti Infratel's 42% equity interest in Indus Towers Limited till FY12-13.

Pursuant to filing the Order of Hon'ble High Court with Registrar of Companies (ROC) on June 11, 2013, Bharti Infratel Ventures Limited has been merged with Indus Towers Limited as of that date.

With effect from FY 13-14, references to "we", "us", "our", "the Group" and other similar terms, unless otherwise specified or the context otherwise implies, refer to Bharti Infratel Limited taken together with its wholly owned subsidiary, Bharti Infratel Services Limited (which was incorporated on June 4, 2013 and received Certificate for Commencement of Business on August 13, 2013), and Bharti Infratel's 42% equity interest in Indus Towers Limited.

**Disclaimer:** - This communication does not constitute an offer of securities for sale in the United States. Securities may not be sold in the United States absent registration or an exemption from registration under the U.S. Securities Act of 1933, as amended. Any public offering of securities to be made in the United States will be made by means of a prospectus and will contain detailed information about the Company and its management, as well as financial statements.

| PE Ratio   | Times | 31.89                        | 25.37          | 36.57          | 29.81                      | 30.82          | 33.45          | 36.57          | 40.22          |

1. Revenue, EBITDA, EBIT, Cash profit from operations, Operating free cash flow and Adjusted Fund from Operations (AFFO) are excluding other income.

2. EBITDA, EBIT and Net profit margin have been computed on revenue excluding other income.

3. Incremental Return on Capital employed/Shareholder's equity as at the end of relevant periods is not ascertainable as the capital employed/shareholder's fund for the quarter and year end was lower than capital employed/shareholder's fund as at the end of the corresponding previous period.

4. Operating free cash flow for the full year ended Mar 31, 2013 have been adjusted for change in estimate of site restoration obligation.

5. Previous periods' figures have been regrouped/ rearranged wherever necessary to confirm to current period classifications.

6. Revenue for the full year ended Mar 31, 2013 includes uneliminated IRU income, the accrual of which discontinued post Indus Merger.

## Section 2

### AN OVERVIEW

#### 2.1 Industry Overview

The Indian telecommunications industry is one of the most competitive globally. The focus of Indian operators in the last ten years or so has been to develop an affordable mass market telecommunications service model which allows for service availability across India's urban and rural areas at affordable prices. A strong focus on optimization of operational expenses through the outsourcing of non-core areas, process innovation, cost-to-serve alignment and strategic partnerships has also resulted in steady growth of the Tower Industry. Today, all operators prefer to lease towers from tower companies rather than build them for captive use.

Infrastructure sharing is effective in optimizing the utilization of available resources and helps to bring down the cost of providing telecommunications services. With the reduction in overall tariffs and restrictions placed by various local regulatory bodies on the installation of telecom towers, infrastructure sharing amongst service providers has become the norm rather than the exception in the Indian telecommunications industry.

Tower companies provide the entire range of tower infrastructure that is required by wireless telecommunications service providers to offer mobile telephony services to their subscribers. Tower infrastructure refers to equipments such as towers, shelters, power regulation equipment, battery banks, diesel generator sets ("DG sets"), air conditioners, fire extinguishers and a security cabin, required at a site where such towers are installed. There are generally two types of towers – Ground Based Towers ("GBTs") and Roof Top Towers ("RTTs").

GBT-WITH INDOOR BTS

GBT-WITH OUTDOOR BTS

RTT-WITH INDOOR BTS

Average specifications for GBT and RTT are summarized in the following table:

|                           | GBT             | RTT             |
|---------------------------|-----------------|-----------------|
| <b>Space Requirement</b>  | 4,000 Sq. Ft.   | Roof Top        |
| <b>Height (m)</b>         | 40-60           | 14-20           |
| <b>Occupancy Capacity</b> | 3-5 co-location | 2-3 co-location |

There are two kinds of infrastructure that constitute a telecom tower:

- Active Infrastructure: Radio antenna, BTS/cell site, cables etc that are owned and supplied by telecom operators
- Tower Infrastructure: Steel tower, shelter room, DG set, Power regulation equipment, Battery bank, security cabin etc. that supports active infrastructure.

## 2.2 Company Overview

Bharti Infratel is a provider of tower and related infrastructure sharing services. On a consolidated basis, we are one of the largest PAN India tower infrastructure providers, based on the number of towers owned and operated by Bharti Infratel and Indus, that are represented by Bharti Infratel's 42% equity interest in Indus. The business of Bharti Infratel and Indus is to acquire, build, own and operate tower and related infrastructure. Bharti Infratel and Indus provide access to their towers primarily to wireless telecommunications service providers on a shared basis, under long-term contracts. Bharti Infratel's and Indus's three largest customers are Bharti Airtel (together with Bharti Hexacom), Vodafone India and Idea Cellular, which are the three leading wireless telecommunications service providers in India by wireless revenue.

We have a nationwide presence with operations in all 22 telecommunications Circles in India, with Bharti Infratel and Indus having operations in 4 overlapping Circles.

As of Jun 30, 2015, Bharti Infratel owned and operated 37,486 towers with 77,292 co-locations in 11 telecommunications Circles while Indus operated 1,16,454 towers with 2,56,960 co-locations in 15 telecommunications Circles. With Bharti Infratel's towers and Bharti Infratel's 42% interest in Indus, we have an economic interest in the equivalent of 86,397 towers and 1,85,215 co-locations in India as of Jun 30, 2015.

- Bharti Infratel Circles
- Indus Towers Circles
- Overlapping Circles

We have entered into MSAs with our customers. The MSAs are long-term contracts which set out the terms on which access is provided to Bharti Infratel's and Indus's towers, with all service providers being offered substantially the same terms and receiving equal treatment at towers where they have installed their active infrastructure. Under the MSAs, Bharti Infratel and Indus enter into service contracts in respect of individual towers. The MSAs and service contracts govern Bharti Infratel's and Indus's relationship with their customers; the services provided, the applicable charges and incorporate annual escalation clauses in respect of the applicable charges. This provides stability to our business and provides visibility with regard to future revenues.

## Relationship with Indus

In order to capitalize on the opportunities for tower sharing in the Indian telecommunications market, Bharti Airtel, Bharti Infratel, Vodafone India and Idea Cellular agreed to establish Indus as an independently managed joint venture that provides non-discriminatory shared tower services to all wireless telecommunications service providers. In furtherance of this joint venture, the parties also agreed to contribute certain identified towers to Indus and to use the services of Indus in the first instance for any new rollout of telecommunications towers or co-locations in 15 telecommunications circles. In this context, Indus was incorporated in November 2007 and Bharti Airtel, Bharti Infratel, Vodafone India (certain of its subsidiaries), Idea Cellular and Idea Cellular Infrastructure entered into the Indus Share Holders Agreement (SHA) to govern their relationship with respect to Indus and its day-to-day operations and the Framework Agreement, which sets out among other things, the basis on which towers were to be contributed to Indus by the respective parties. In accordance with

the Framework Agreement, Bharti Infratel, Vodafone India and Aditya Birla Telecom hold a 42%, 42% and 16% shareholding interest in Indus, respectively.

The Indus SHA provides that Indus cannot carry on business in the seven telecommunications Circles in which Bharti Infratel currently operates exclusive of Indus. Similarly, subject to certain exceptions, the joint venture partners are not permitted to, among other things (a) compete with the business of Indus in the 15 specified telecommunications Circles that Indus currently operates in, (b) develop, construct or acquire any tower in the 15 specified telecommunications Circles that Indus currently operates in and (c) directly or indirectly procure orders from or do business with any entity that has been a customer of Indus during the previous two year period in competition with the business of Indus in the 15 specified telecommunications Circles that Indus currently operates in.

Bharti Infratel entered into an indefeasible right to use agreement with Indus in December 2008. Pursuant to this agreement, Bharti Infratel granted Indus an IRU in relation to certain of its towers in the telecommunications Circles of Mumbai, Kolkata, Maharashtra, Tamil Nadu (including Chennai), Kerala, Gujarat, Delhi, Karnataka, Andhra Pradesh, Punjab and West Bengal, which it was to contribute to Indus in accordance with the terms of the Framework Agreement. Consequent to the transfer of towers by Bharti Infratel to Bharti Infratel Ventures Limited, the IRU with Bharti Infratel was transferred to Bharti Infratel Ventures Limited (the "BIVL IRU") in respect of these towers. Similarly, the other joint venture partners had entered into similar IRU arrangements with Indus, which have been transferred to their respective tower infrastructure entities, and on the basis of which Indus operates and derives revenues from the towers that are to be contributed to it.

On the basis of the relationship as described above, Bharti Infratel and Indus do not compete with each other in any telecommunications Circle, they do not have any conflicts of interest in this regard and are able to work closely with each other and benefit from the synergies generated by the nationwide coverage and large scale of their operations.

Pursuant to filing the Order of Hon'ble High Court of Delhi with Registrar of Companies (ROC) on June 11, 2013, Bharti Infratel Ventures Limited has been merged with Indus Towers Limited as of that date. Please refer to the section "Indus Merger" in the glossary for further details. Pursuant to the Indus Merger, the IRU arrangements between BIVL and Indus Towers Ltd. cease to exist.

### Market Share

As per the recent report 'Indian Tower Industry: The Future is Data – June 2015' by Deloitte, Bharti Infratel and Indus Towers together have a market share of

40.8% and 48.6% for towers and co-locations respectively.

#### Share of Towers

#### Share of Co-locations

### Future visibility on revenues & cash flows

Bharti Infratel has assured future revenues and cash flows because of the following key competitive strengths:

- A leading telecommunications infrastructure operator in India, with large scale, nationwide operations in an industry with entry barriers.
- Extensive presence in all telecommunications Circles with high growth potential
- Long term contracts with leading wireless telecommunications service providers in India, providing visibility on future revenues.

On a consolidated basis, the estimated weighted average remaining life of service contracts, entered into with telecommunications service providers, as on Jun 30, 2015 is 5.87 Years.

- Comprehensive deployment and operational experience supported by well developed processes, systems and IT infrastructure.

### **Alternate Energy and Energy Conservation Measures**

Bharti Infratel believes that a healthy environment is a prerequisite for progress, contributing to the well being of society, our people and our business, and serving as the foundation for a sustainable and strong economy. In line with the vision of being known for Environmental Friendliness, the Company continues to deploy people, ideas and capital to help find effective solutions to environmental issues.

Bharti Infratel has initiated Green Towers P7 program based on seven ideas aimed at minimizing dependency on diesel and, thereby, carbon footprint reduction. This program promotes (a) improving energy efficiency of tower infrastructure equipment, (b) use of renewable energy resources, and (c) reduction of equipment load on tower infrastructure equipment.

Some of the key initiatives taken so far are:

- Solar Photovoltaic (PV) Solutions: As of Jun 30, 2015, we operate over 2,900 solar-powered sites across the network on a consolidated basis, which helps in reducing noise and emissions from DG sets and also in reducing dependency on diesel, thereby contributing towards better energy security. The Company is working towards scaling up the solar installations across the network.

Further, we are partnering with Renewable Energy Service Companies in our efforts towards powering our towers using renewable energy along with community power development, in rural areas.

- Adoption of Integrated Power Management Solutions (IPMS) and Plug and Play Cabinets (PPC) as part of standard configuration for new tower deployment to ensure effective utilization of grid power supply on the towers.
- Comprehensive program to ensure zero diesel consumption at our tower sites. On a consolidated basis, over 25,500 towers across our network are diesel-free.

We believe that these renewable energy initiatives, energy efficiency measures and load optimization methods will continue to have long-term benefits to our business, securing us against rising power and fuel costs as well as reducing the environmental impact of our operations.

| Personnel Cost per Employee per month | Rs   | 173,901      | 167,000      | 4.1%          | 164,889      | 5.5%          |
| Revenue per Employee per month        | Rs   | 3,752,535    | 3,561,859    | 5.4%          | 3,617,446    | 3.7%          |

### 4.2.3 Indus Towers

| Parameters                            | Unit | Jun 30, 2015 | Mar 31, 2015 | Q-on-Q Growth | Jun 30, 2014 | Y-on-Y Growth |
|---------------------------------------|------|--------------|--------------|---------------|--------------|---------------|
| Total On Roll Employees               | Nos  | 2,229        | 2,207        | 22            | 2,135        | 94            |
| Number of Towers per Employee         | Nos  | 52           | 53           | -0.5%         | 53           | -1.7%         |
| Personnel Cost per Employee per month | Rs   | 133,655      | 146,844      | -9.0%         | 136,734      | -2.3%         |
| Revenue per Employee per month        | Rs   | 5,829,320    | 5,830,014    | 0.0%          | 5,616,385    | 3.8%          |

Note: Indus operates on outsourced operations & maintenance model in certain geographical territories wherein the associated personnel cost is recorded as part of repair & maintenance and other expenses. Hence, the related human resources key performance indicators are not strictly comparable between Bharti Infratel Standalone and Indus.

## 4.3 Residual Lease Period and Future Minimum Lease Receivable

### 4.3.1 Bharti Infratel Consolidated

| Parameters                               | Unit   | Jun 30, 2015 |
|--|--------|--------------|
| Average Residual Service Contract Period | Yrs.   | 5.87         |
| Minimum Lease Payment Receivable         | Rs. Mn | 474,974      |

## Section 5

### MANAGEMENT DISCUSSION AND ANALYSIS

#### 5.1 Key Industry Developments

##### 1. DoT's Office Memorandum regarding steps to be taken to address poor connectivity in hospitals dated 26th May, 2015

DoT has observed that:

- Availability of adequate coverage (indoor as well as outdoor), in the hospital premises, from all telecom operators is essential, and
- Installation of In-building Solutions (IBS) within the hospital premises is the most effective method to improve indoor coverage

In order to ensure ubiquitous mobile network coverage to all the visitors to hospitals, DoT has advised Chief Secretary, Government of NCT of Delhi and Secretary, Department of Health & Family Welfare, Government of India to issue suitable instructions to all hospitals, including private hospitals, to take necessary measures listed below:

- a. Hospital authorities should readily permit on equal terms to install necessary telecom equipments in the hospital premises;
- b. Hospitals should provide necessary infrastructure at nominal/reasonable charges;
- c. Provision of permission for installation of telecom equipment (including IBS) should not be used as a means to generate revenue by hospitals;
- d. Existing infrastructure may be allowed to be shared by all the operators; and
- e. Existing sites inside the hospital premises should be allowed to function without any disturbance.

#### 5.2 Key Company Developments

##### 1. Inclusion in MSCI Global Standard Index

During the quarter, Bharti Infratel Limited (the Company) was included in the list of stocks in MSCI Global Standard Index, an index created by Morgan Stanley Capital International (MSCI) that serves as a benchmark of the performance in major international equity markets. The change in the index was effective from the close of trading on May 29, 2015.

MSCI indexes are used by investors around the world to develop and benchmark their global equity portfolios.

##### 2. Awards and Recognitions

- a. Bharti Infratel was adjudged the '**Best Employer**' at the prestigious **Aon Hewitt Best Employer Awards 2015**. Recognizing the high Engagement levels, Aon Hewitt has also bestowed upon us a special category of award for '**Commitment to Engagement**'. The Aon Hewitt awards recognize and felicitate companies for a robust people practices followed with key focus on career development and engagement through career opportunities, internal communications processes, leadership development, robust HR strategy and execution.
- b. Bharti Infratel won '**Firm of the year – Infrastructure**' award at the **CNBC TV18 India Risk Management Awards 2015**. The award was in recognition of the company's efforts to put in place a robust risk management infrastructure that encompasses risk mitigation practices and controls around all areas of operations.
- c. Bharti Infratel was conferred with '**Developer of the Year - off Grid Projects**' award at the **5<sup>th</sup> Global Solar EPC Summit 2015**. The company was recognized for its efforts in using renewable sources of energy through solar powered sites across India.

## 5.3 Results of Operations

*The financial results presented in this section are compiled based on the audited consolidated financial statements prepared in accordance with Indian Generally Accepted Accounting Principles (IGAAP) and the underlying information. The consolidated financial results represent results of the Company and its subsidiary and its share in Joint Venture Company accounted for by proportionate consolidation*

### **Key Highlights - For the quarter ended Jun 30, 2015**

- Consolidated tower base at 86,397
- Consolidated co-locations at 185,215
- Average sharing factor at the end of the quarter at 2.13 (L.Y. 2.02)
- Consolidated Revenues at Rs. 30,157 Mn (up 6% Y-o-Y)
- Consolidated EBITDA at Rs. 13,021 Mn (up 10% Y-o-Y)
- Net profit at Rs. 5,757 Mn (up 24% Y-o-Y)
- Adjusted Fund From Operation (AFFO) at Rs. 11,439 Mn (up 17% Y-o-Y)

### 5.3.1 Financial & Operational Performance

#### **Bharti Infratel Consolidated**

#### **Quarter Ended Jun 30, 2015**

##### **Tower and Co-Location base & additions**

Net co-locations added during the quarter were 2,921 on consolidated basis and 1,473 on standalone basis.

##### **Revenues<sup>1</sup> from Operations**

Our consolidated revenue from operations for the quarter ended Jun 30, 2015 was Rs 30,157 million, a growth of 6.1% compared to the quarter ended Jun 30, 2014. Our consolidated revenue comprises of primarily revenues from co-locations of Bharti Infratel and 42% economic Interest in Indus and their energy billings.

For the quarter ended Jun 30, 2015, Bharti Infratel and Indus had average sharing factors of 2.05 and 2.20 per tower, respectively.

##### **Operating Expenses**

Our consolidated total expenses for the quarter ended Jun 30, 2015 were Rs 17,136 million, or 56.8% of our consolidated revenues from operations. The largest component of our consolidated expenses during this period was power and fuel, amounting to Rs 10,733 million. The other key expenses incurred by us during the quarter ended Jun 30, 2015 were rent of Rs 2,556 million, repair & maintenance (operations and maintenance costs of the network) of Rs 2,296 million and employee benefits expenses of Rs. 1,017 million.

##### **EBITDA<sup>1</sup>, EBIT<sup>1</sup> & Finance Cost**

For the quarter ended Jun 30, 2015, the Group had an EBITDA of Rs 13,021 million, a growth of 9.9% compared to the quarter ended Jun 30, 2014. The reported EBITDA margin for the quarter was 43.2%.

During the quarter ended Jun 30, 2015, the Group had depreciation and amortization expenses of Rs 5,571 million or 18.5% of our consolidated incomes. The resultant EBIT for the quarter ended Jun 30, 2015 was Rs 7,400 million, a growth of 13.2% compared to the quarter ended Jun 30, 2014. The finance cost for the quarter ended Jun 30, 2015 was Rs 665 million or 2.2% of our consolidated revenues, resulting from our consolidated indebtedness.

##### **Profit before Tax (PBT)**

Our consolidated profit before tax for the quarter ended Jun 30, 2015 was Rs 8,893 million, or 29.5% of our consolidated revenues, a growth of 28.4% compared to the quarter ended Jun 30, 2014.

##### **Profit after Tax (PAT)**

The net income for the quarter ended Jun 30, 2015 was Rs 5,757 million or 19.1% of our consolidated revenues, representing a Y-o-Y growth of 24.4%. Our consolidated total tax expense for the quarter ended Jun 30, 2015 was Rs 3,136 million, or 10.4% of our consolidated revenues.

##### **Capital Expenditure, Operating Free Cash Flow<sup>1</sup> & Adjusted Fund from Operations (AFFO)<sup>1</sup>**

For the quarter ended Jun 30, 2015, the Group incurred capital expenditure of Rs 5,037 million. The Operating free cash flow during the quarter was Rs 7,828 million, an increase of 21.0% compared to the quarter ended Jun 30, 2014 on account of higher operating income.

The Adjusted Fund from Operations (AFFO) during the quarter was Rs 11,439 million, an increase of 17.0% compared to the quarter ended Jun 30, 2014.

<sup>1</sup>Revenue, EBITDA, EBIT, Operating free cash flow & AFFO are excluding other income.

## Return on Capital Employed (ROCE)

ROCE as at the period ended Jun 30, 2015 stands at 20.5% representing a healthy surge of over 400bps over corresponding quarter last year.

### 5.4 Bharti Infratel Consolidated Three Line Graph

The Group tracks its performance on a three-line graph.

The parameters considered for the three-line graph are:

1. **Total Sharing revenue** - i.e. service revenue accrued during the respective period

2. **Opex Productivity** - is calculated as operating expenses other than power and fuel expense divided by total sharing revenues for the respective period.

This ratio depicts the operational efficiencies in the Group.

3. **Capex Productivity** – this is computed by dividing sharing revenue accrued for the quarter (annualized) by average gross cumulative investments (gross fixed assets and capital work in progress) as at the end of respective period. This ratio depicts the asset productivity of the Group.

Given below are the graphs for the last five quarters of the Group:

| <b>Finance cost</b> | <b>665</b>      | <b>784</b>   |

### 7.3 Use of Non-GAAP Financial Information

In presenting and discussing the Company's reported financial position, operating results and cash flows, certain information is derived from amounts calculated in accordance with IGAAP, but this information is not in itself an expressly permitted GAAP measure. Such non - GAAP measures should not be viewed in isolation as alternatives to the equivalent GAAP measures.

A summary of non - GAAP measures included in this report are shown below.

#### 7.3.1 Reconciliation of Non- GAAP financial information based on IGAAP

##### a) Reconciliation of Total Income to Revenue

| Particulars                      | Amount in Rs mn               |
|----------------------------------|-------------------------------|
|                                  | Quarter Ended<br>Jun 30, 2015 |
| <b>Total Income to Revenue</b>   |                               |
| <b>Total Income as per IGAAP</b> | <b>32,315</b>                 |
| Less: Other Income               | 2,158                         |
| <b>Revenue</b>                   | <b>30,157</b>                 |

##### b) Reconciliation of EBITDA (Including Other Income) to EBITDA

| Particulars                                     | Amount in Rs mn               |
|---|-------------------------------|
|   | Quarter Ended<br>Jun 30, 2015 |
| <b>EBITDA (Incl. Other Income) to EBITDA</b>    |                               |
| <b>EBITDA (Incl. Other Income) as per IGAAP</b> | <b>15,179</b>                 |
| Less: Other Income                              | 2,158                         |
| <b>EBITDA</b>                                   | <b>13,021</b>                 |

##### c) Reconciliation of EBIT (Including Other Income) to EBIT

| Particulars                              | Amount in Rs mn               |
|--|-------------------------------|
|  | Quarter Ended<br>Jun 30, 2015 |
| <b>EBIT (Incl. Other Income) to EBIT</b> |                               |
| <b>EBIT (Incl. Other Income)</b>         | <b>9,558</b>                  |
| Less: Other Income                       | 2,158                         |
| <b>EBIT</b>                              | <b>7,400</b>                  |

##### d) Derivation of Operating Free Cash Flow from EBITDA

| Particulars                               | Amount in Rs mn               |
|---|-------------------------------|
|   | Quarter Ended<br>Jun 30, 2015 |
| <b>EBITDA to Operating Free Cash Flow</b> |                               |
| <b>EBITDA</b>                             | <b>13,021</b>                 |
| Less: Capex                               | 5,037                         |
| Less: Revenue Equalisation                | 223                           |
| Add: Lease Rent Equalisation              | 67                            |
| <b>Operating Free Cash Flow</b>           | <b>7,828</b>                  |

e) Derivation of Cash Profit from Operations from Profit before tax

| Particulars   | Amount in Rs mn               |
|---|-------------------------------|
|   | Quarter Ended<br>Jun 30, 2015 |
| <b>Profit before tax to Cash Profit from Operations</b> |                               |
| <b>Profit before tax as per IGAAP</b>                   | <b>8,893</b>                  |
| Add: Depreciation and Amortization                      | 5,571                         |
| Add: Charity & Donation                                 | 50                            |
| Less: Other Income                                      | 2,158                         |
| Less : Revenue Equalisation                             | 223                           |
| Add : Lease Rent Equalisation                           | 67                            |
| <b>Cash Profit from Operations</b>                      | <b>12,200</b>                 |

f) Derivation of Adjusted Fund from Operations (AFFO) from EBITDA

| Particulars                                    | Amount in Rs mn               |
|--|-------------------------------|
|  | Quarter Ended<br>Jun 30, 2015 |
| <b>EBITDA to Adjusted Fund From Operations</b> |                               |
| <b>EBITDA</b>                                  | <b>13,021</b>                 |

## **Section 9**

### **Basis of Preparation and Key Accounting Policies as per IGAAP**

#### **Basis of preparation**

These consolidated financial statements have been prepared under the historical cost convention on the accrual basis of accounting and reporting requirements of Accounting Standard ('AS-21') 'Consolidated Financial Statements' and ('AS-27') 'Financial Reporting of Interest in Joint Venture' notified under section 133 of the Companies Act 2013 (the 'Act'), read together with paragraph 7 of the Companies (Accounts) Rules 2014. The accounting policies as presented in paragraph 2.1 below have been consistently applied by the Group and are consistent with those used in the previous periods.

These financial statements represent consolidated accounts of the Company and its subsidiary and joint venture as follows:

| Entity                           | Country of Incorporation | Principal Service      | Relationship  | Shareholding |
|----------------------------------|--------------------------|------------------------|---------------|--------------|
| Indus Towers Limited             | India                    | Passive                | Joint Venture | 42%          |
|                                  |                          | Infrastructure         |               |              |
|                                  |                          | Services               |               |              |
| Bharti Infratel Services Limited | India                    | Operation & Management | Subsidiary    | 100%         |
|                                  |                          | Services               |               |              |

The Group's interests in jointly controlled entities are accounted for by proportionate consolidation. The Group combines its share of the joint ventures' individual income, expenses, assets and liabilities on a line-by-line basis with similar items as well as disclosures in the Group's financial statements.

Inter-Company balances have been eliminated on consolidation for the subsidiary. Elimination of transactions between joint venture and the Company is done to the extent of proportionate share. The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

#### **Key Accounting Policies**

##### **1. Revenue recognition and receivables**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to us and the revenue can be reliably measured.

Revenues include revenue from the use of sites and energy charges received from sharing operators. Revenue is recognized as and when services are rendered. If the payment terms in the service agreements include fixed escalations, the effect of

such increases is recognized on a straight-line basis over the fixed, non-cancellable term of the agreement, as applicable.

Unbilled receivables represent revenues recognized from the last invoice raised to a sharing operator to the period end. These are billed in subsequent periods based on the terms of agreement with the sharing operators. The Group collects service tax on behalf of the Government of India and therefore, it is not an economic benefit flowing to the group and is excluded from revenue.

##### **Interest and dividends**

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss. Dividend income is recognized when our right to receive dividend is established by the reporting date.

##### **Provision for doubtful debts**

We provide for amounts outstanding for more than 105 days from the invoice date in case of site sharing debtors other than from the parent group, or in specific cases where management is of the view that the amounts for certain customers are not recoverable.

##### **2. Use of estimates**

The preparation of consolidated financial statements is in conformity with generally accepted accounting principles (Indian GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the interim consolidated financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

##### **3. Tangible Fixed Assets**

Fixed assets are stated at cost of acquisition, except for assets acquired under the Scheme of Arrangement, which are stated at fair values at the date of acquisition in accordance with the scheme, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises cost of acquisition, including taxes and duties (net of

CENVAT credit), freight and other incidental expenses relating to acquisition and installation. Site restoration cost obligations arising from site acquisition are capitalized when it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

Subsequent expenditure related to a fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains and losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is de-recognized.

#### 4. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Software is capitalized at the amounts paid to acquire the respective license for use and is amortized over the period of licence, generally not exceeding three years.

Amortization is recognized in statement of profit and loss on a straight-line basis over the estimated useful economic lives of intangible assets from the date they are available for use. The amortization period and the amortization method are reviewed at each balance sheet date. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Gains or losses arising from de-recognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

#### 5. Depreciation on tangible fixed assets

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The Group has used the following lives to provide depreciation on its fixed assets:

| Asset Categories       | Useful lives  |
|------------------------|---|
| Plant and machinery    | 3 to 20 years   |
| Furniture and fixtures | 5 years   |
| Vehicles               | 5 years   |
| Office equipments      | 2 years/ 5 years  |
| Computers              | 3 to 5 years  |
| Leasehold improvements | Period of lease<br>or useful life,<br>whichever is less |

The existing useful lives of fixed assets are different from the useful lives as prescribed under Part C of Schedule II to the Companies Act, 2013 and the Group believes that this is the best estimate on the basis of technical evaluation and actual usage period.

The existing realizable values of fixed assets are different from 5% as prescribed under Part C of Schedule II to the Companies Act, 2013 and the Group believes that this is the best estimate on the basis of actual realization.

The site restoration cost obligation capitalized as a part of plant and machinery is depreciated over the useful life of the related asset.

#### 6. Impairment of tangible and intangible assets

The carrying amounts of assets are reviewed at each balance sheet date for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized in the statement of profit and loss under the caption depreciation and amortization expense for the amount by which the assets' carrying amount exceeds its recoverable amount. The recoverable amount is the higher of the assets' fair value less costs to sell and value in use.

For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

#### 7. Retirement and other employee benefits

Short term employee benefits are recognized in the year during which the services have been rendered.

All employees of the Group are entitled to receive benefits under the provident fund, which is a defined contribution plan. Contribution to provident fund is recognized as and when services are rendered. Both the employee and the employer make monthly contributions to the plan at a predetermined rate of the employees' basic salary. These contributions are made to the fund administered and managed by the Government of India. In addition, some employees of the Group are covered under the employees' state

insurance schemes, which are also defined contribution schemes recognized and administered by the Government of India.

The Group's contributions to both these schemes are expensed in the statement of profit and loss. The Group has no further obligations under these plans beyond its monthly contributions.

The Group provides for gratuity obligations through a defined benefit retirement plan covering all employees. The cost of providing benefits under this plan is determined on the basis of actuarial valuation at each reporting period end. Actuarial valuation is carried out using the projected unit credit method. Actuarial gains and losses are recognized in full in the year in which they occur in the statement of profit and loss.

The Group provides other benefits in the form of compensated absences and long term service awards. The employees of the Group are entitled to compensated absences based on the unavailed leave balance. The Group records liability based on actuarial valuation computed under projected unit credit method. Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred. The Group presents the entire leave encashment liability as a current liability in the balance sheet, since the Company does not have an unconditional right to defer its settlement for more than 12 months after the reporting date.

Under the long term service award plan, a lump sum payment is made to an employee on completion of specified years of service. The Group records the liability based on actuarial valuation computed under projected unit credit method. Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred.

## **8. Provisions**

A provision is recognized when there is a present obligation as a result of a past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

## **9. Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not

recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

## **10. Leases**

### ***Where the Group is lessee***

Finance leases, which effectively transfer to the Group substantially all the risks and benefits incidental to ownership of the leased asset, are capitalized at the inception of the lease term at the lower of the fair value of the leased asset and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss.

A leased asset is depreciated on a straight-line basis over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain the ownership by the end of the lease term, the capitalized asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset and the lease term.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the non-cancellable lease term.

### ***Where the Group is lessor***

Leases in which the Group does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognized in the statement of profit and loss on a straight-line basis over the non cancellable lease term. Costs, including depreciation, are recognized as an expense in the statement of profit and loss.

## **11. Borrowing costs**

Borrowing costs include interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its

intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

## **12. Investments**

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

Current investments are carried in the consolidated financial statements at lower of cost and fair value determined on an individual investment basis. Non-current investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

## **13. Foreign currency transactions and balances**

### ***Initial recognition***

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

### ***Conversion***

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

### ***Exchange differences***

Exchange differences arising on settlement of monetary items or on restatement of the Group's monetary items at rates different from those at which they were initially recorded during the period, or reported in previous consolidated financial statements, are taken to the statement of profit and loss.

## **14. Income taxes**

Tax expense comprises current and deferred tax.

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdiction where the Group operates. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Group has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the Group re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Group writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to statement of the profit and loss as current tax. The Group recognizes MAT credit available as an

asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e. the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the statements of profit and loss and shown as "MAT Credit Entitlement". The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

#### **15. Employee stock compensation cost**

Employees of the Group receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for options to buy equity instruments (equity-settled transactions).

In accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999, the cost of equity-settled transactions is measured using the Black-Scholes / Lattice Valuation option pricing model and the fair value is recognized as an expense over the period in which the options vest, on a straight line basis, together with a corresponding increase in the "Stock options outstanding account" in reserves. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of options to buy equity instruments that will ultimately vest. The expense or credit recognized in the statement of profit and loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Where the terms of an equity-settled transaction award are modified, the minimum expense recognized is the expense as if the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total intrinsic value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

For cash-settled share-based payments, a liability is recognized for the services acquired, measured initially at the fair value of the liability. At the end of each reporting period until the liability is settled, and at the date of settlement, the fair value of the liability is re-measured, with any changes in fair value recognized in the Consolidated Statement of Profit

and Loss for the year a corresponding increase in liabilities.

#### **16. Cash and cash equivalents**

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

#### **17. Earnings Per Share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.
