Lupin Launches LYFE, its Digital Therapeutic Solution for Holistic Heart Care

Mumbai, India, January 24, 2023: Lupin Digital Health, a wholly-owned subsidiary of global pharma major Lupin Limited, today announced the launch of its digital therapeutics solution, LYFE. LYFE is India's only evidence-based holistic heart care programme that significantly reduces the risk of a heart attack and improves vitals and quality of life for cardiac patients.

Designed by leading Indian cardiologists, LYFE helps patients improve their heart health through doctor-connected online and offline modules. FDA and CE approved wearable devices record vital parameters and notify caregivers and doctors about off-range vitals and emergencies. LYFE's simple and intuitive interface offers medication reminders, 24X7 emergency and ambulance assistance. In addition, LYFE offers expert intervention in the form of dedicated care managers, health coaches and nutritionists. LYFE is an end-to-end solution for cardiac patients, in accordance with protocols designed by their treating cardiologists.

Commenting on the launch, **Rajeev Sibal, President – India Region Formulations, Lupin** said, "Patients with chronic cardiovascular diseases experience high level of uncertainty and require significant care and monitoring in their treatment regimen. Through our digital therapeutics platform LYFE we are leveraging the power of human intelligence and AI/ML to improve patient outcomes by enhancing doctor-patient collaboration, constantly monitoring health vitals, amplifying patient awareness and improving therapy adherence."

Sidharth Srinivasan, Chief Executive Officer – Lupin Digital Health said, "Accurate and regular monitoring is the cornerstone to devising and strategizing treatment routes. Through connected devices, LYFE enables seamless monitoring of patient vitals and intervenes to assist and guide patients during emergencies. Coupled with a host of features and designed with inputs from leading cardiologists, LYFE improves the quality of life of our patients and reduces the stress and anxiety of their caregiver."

Currently available in 10 cities, patients can reach out to their consulting cardiologists to avail LYFE services.
