Core business

Business environment

- Renewable fuel blending mandate intensity
- Sustained growth of alcoholic beverages - spirits and beer
- Momentum in Indian ethanol blending program
- International opportunities in pockets - South East Asia, South America, Africa

- Dependence of fuel ethanol on government mandates
- Liquor ban imposed by some Indian states

Challenges

Market opportunity

- Addition of MSDH module for fuel ethanol production in Indian distilleries
- Energy saving, yield enhancing solutions in developed markets
- Greenfield opportunities in select international markets

- Modernization and retrofit opportunities from existing base of 750+ references within and outside India
- Greenfield opportunities continue to remain the mainstay
- Commercialization of 2nd gen cellulosic technology

Approach

Global ethanol market

North America

- Mandates driven by RFS
- US E10
- Mexico E2

Europe

- EU E3.3, plans E6 by 2020
- Eastern Europe - pharma grade ethanol opportunities

Asia

- Mixed market - fuel & non fuel ethanol
- Thailand E20 & E85
- Philippines E5
- China E10

South America

- Mandate driven
- Colombia E10
- Argentina E12
- Paraguay E27.5
- Peru E7.8
- Brazil E27.5

Africa

- Mixed market - fuel & non fuel ethanol
- Malawi E10, Ethiopia E5, Zimbabwe E15
- Countries of interest - Uganda, Kenya, Tanzania, Nigeria, Ghana, Ethiopia

Australia

Queensland state has passed a bill for E3

Emerging business

Business environment

- Indian pharma industry moving toward biosimilars
- Make in India and union budget 2016 create incentives promoting R&D initiatives
- Indian pharma companies acquiring assets overseas
- India to move to Bharat Stage VI by 2020

- Lagged implementation of Ganga action plan
- Moderation of oil prices

Challenges

Market opportunity

- Stringent US FDA , WHO norms
- Stricter waste water norms within and outside India
- Initiatives like Ganga action plan and smart cities in India
- ZLD norms for thermal power sector in India

- Increasing wallet share and Internationalization of PHS business
- Focus on industrial waste water treatment
- Skids as a differentiator for CPES business
- Pre-qualifications & registrations with global EPC companies

Approach

Equipment for lethal service
CE marking

Resources

Our Resources - Praj Matrix R&D Center

Focus areas

- Core & emerging businesses
- 2nd gen ethanol technology
- Bio-products

Employs 120+ qualified PhDs and technologists

“At the lab level, Praj Matrix ranks up with almost any facility in the world. What is unique is the Labs, Pilot and the Scale up facilities are all at one location.”
