Strides Arcolab receives ANDA approval from US FDA for Benzonatate Softgel Capsules

Product to be launched immediately

Bangalore, July 31, 2015: Strides Arcolab Limited today announced that it has received approval from the United States Food & Drug Administration (USFDA) for **Benzonatate Capsules USP, 100 mg and 200 mg.**

According to IMS data, the US market for Benzonatate is approximately USD 41 Million.

The product will be manufactured at the Company's Oral dosage facility at Bangalore and marketed by Strides in the US Market. The product will be launched immediately.

About Benzonatate

Benzonatate is used to treat coughs caused by the common cold and other breathing problems (e.g., pneumonia, bronchitis, emphysema, asthma). It works by reducing the reflex in the lungs that causes the urge to cough.
