

Hexaware and Riversand enter into a global partnership to Transform Data Management for Digital Businesses

Mumbai - 14 May 2015: Hexaware Technologies Limited, a leading global provider of IT, BPO and Consulting services, announced that the Company has entered into a partnership with Riversand Technologies, a worldwide provider of Master Data Management (MDM), Product Information Management (PIM) and data quality solutions to assist customers with data management strategies and help them in building the information backbone. Hexaware has joined Riversand's MDM Watershed Alliance Partners program as a Gold partner.

"We are excited about partnering with Hexaware. Hexaware brings in strong data management capability and deep industry knowledge across verticals and by working together, we can help our clients find innovative ways to showcase their products and realize successful digital commerce strategies", said **Upen Varanasi, CEO, Riversand**. He further remarked, "Riversand will provide the best MDM and PIM technology solutions to Hexaware's clients. Our partnership will bring significant benefits to clients of both companies."

"The goal of Riversand's Global Partner Program, the MDM Watershed Alliance, is to align our partners' strengths in technology, professional services and support with our core competencies in multi-domain MDM and PIM to create high value business solutions for our mutual customers," added Varanasi.

"This aligns very well with our portfolio of services and industry focus. We are equally excited to partner with Riversand for their leading MDM/PIM solutions and help our clients in enabling their digital journey "said **Senthil Nayagam, Senior Vice President, Manufacturing & Consumer vertical, Hexaware Technologies**.
