- The Company's initiative to provide low cost quality pre-primary education under the GLOBAL CHAMPS brand is now available at 6 centers in Mumbai.
- The company has initiated 'Swach Bharat Abhiyan' and conducted its awareness in its schools across India.

Commenting on the performance, Mr Rajesh Bhatia Managing Director, Tree House Education and Accessories Ltd said,

"In light of certain reasons as explained below the performance of the company is muted than as compared to that of the previous year.

Weak consumer sentiment.

- Due to current economic conditions, the consumer spends are weak & sluggish.
- Bad monsoon and drought conditions in most of the states in India have worsened the situation further.
- Food price inflation has led to changing consumption and spending patterns of consumers to large extent.
- Overall enrolments and fees payout by enrolled students has been affected.
- Considering the above situation, Company has supported parents by giving fees waiver, discounts

Impact on current year financials

- The above mentioned issues resulted in Revenue getting affected during last two quarters
- Since we were unable to recover fees from some parents as explained above, as a prudent conservative practice, Company has decided to take adequate provisions for the same during the year.
- Company has decided to close certain non-profitable centers which were not performing and were contributing negatively. Company has taken accelerated depreciation / impairment on account of closure of the non-profitable centers.

- The company has also opened few new centers across various core locations. As these centers are new, the same will take time to mature and start contributing positive. The seeding costs of these centers were substantial and the same has also caused reduction in profits for the year.

Steps taken to improve the performance of the company

- To ensure that the operating margins are on the expected lines centers which came up for renewal are being merged/rationalized in large metros to ensure better operational efficiency, lower rental and center operating costs.
- Going Forward the Company will continue with its exercise to evaluate the operations of its current centers very closely and wherever and if required necessary, will take appropriate call of closing down such centers, which are operating on losses/not generating enough cash flow. Company would constantly monitor loss making center to reduce burden on its operations and financials and to ensure better performance of the company in future.
- Looking at the strategic locations of the new centers, the company is confident that going forward they will start making positive contributions
- Further in order to support the current and future operations of the Company, we had a close look at the organization structure and manpower size and have started taking appropriate steps in order to align the same. We have already started re-negotiating the vendor agreements, salaries of top management, marketing spends, office lease, etc and reduction of major cost in these heads has already started in order to improve the margins of the company going forward. Company would keep on evaluating the costs of the company on continuous basis and will take appropriate steps from time to time.

Assets light focus: Franchising

- Company has already started focusing on increasing its franchisee network. We strongly believe that expanding through the asset light mode/ franchise mode would be better for the company going forward. However, Company will continue to open its self-run new centers at strategically good locations in future as well.

While the Company has been impacted by these provisions, write-offs and losses, it has gained consumer goodwill and brand loyalty. We are confident that all the above actions will ensure that in the subsequent quarters, company should see stronger and profitable performance.”
