Re: Misrepresentation of statement pertaining to ABB India in the report

Dear Bhavin,

We were surprised and shocked to come across a news item in today's Financial Express captioned "Axis Cap raises ABB India target on delisting hint" wherein Axis Capital is quoted to have noted that "during the earnings call, the management indicated that new delisting norms are being finalized and would be simpler than existing". This interpretation by Axis Cap is totally wrong and misconstrued and ABB India strongly denies the same. During the call, the management of ABB India did not for once state any plans about delisting but only put the new Companies Act in context.

Further the said news item goes on to reportedly quote ABB India's Chief Financial Officer about his views on the new Companies Act and listing agreement. What was expressed during the call was the relaxation recently made by SEBI in Clause-49 of the Listing Agreement which facilitated more clarity and ease from compliance perspective. These views cannot, by any stretch of imagination, imply any hint on delisting.

As this misconstrued message may have a significant impact on the Company's script in the market, you are hereby advised to rectify this misunderstanding on your part immediately and confirm.

In future for any such matters and in the event of any confusion, you are requested to seek clarification from the company before filing a report.

Yours faithfully,
TK Sridhar,
Head Investor Relations and Country Controller
