FORTIS HEALTHCARE LIMITED
STATEMENT OF UNAUDITED RESULTS FOR THE QUARTER AND NINE MONTHS ENDED DECEMBER 31, 2015

a) Delhi Development Authority ('DDA') had terminated the lease deeds and allotment letters relating to land parcels on which hospital of EHIRCL exists. Consequent to termination, DDA issued show cause notice and initiated eviction proceedings against EHIRCL. Both these matters are currently pending in various courts of law. Based on the experts' opinions, management is confident that EHIRCL will be able to suitably defend the termination order and eviction proceedings and accordingly considers that no adjustments are required to the financial result.

b) Further, EHIRCL also has open tax demands of ₹ 7,433 lacs (after adjusting ₹ 3,717 lacs for which the Company has a legal right to claim from erstwhile promoters and ₹ 11,819 lacs of an escrow account which was maintained out of sale consideration payable by the Company to the erstwhile promoters) for relevant assessment years. During the previous year, the Commissioner of Income Tax (Appeals) decided the case in favour of EHIRCL. Income Tax Department has filed an appeal before ITAT, which is yet to be fixed for hearing.

c) In relation to the order of the Honorable High Court of Delhi relating to provision of free treatment/ beds to poor, Directorate of Health Services ('DHS'), Government of NCT of Delhi, DHS appointed firm to calculate "unwarranted profits" arising to it due to non-compliance. During the year 2013-14, the Special Committee of DHS stated that before giving a formal hearing to the hospital, a formal intimation shall be given regarding the recoverable amount as per calculation of the appointed firm, which as per their method of calculations amounts to ₹ 73,266 lacs for the period 1984-85 to 2011-12, seeking hospital's comments and inputs, if any. The company responded to such intimation explaining errors and objections to the calculations. During the current quarter, EHIRCL has received notice from DHS to appear for a formal and final hearing raising demand of recoverable amount to ₹ 50,336 lacs for the period till FY 2006 -2007 in terms of above referred judgement. On receipt of hearing notice and subsequent to the quarter end, the Company has responded to such notice explaining errors and objections to the calculations. Based on its internal assessment and advice from its counsels on the basis of the documents available, management believes that it is in compliance of conditions of free treatment and free beds to the poor and does not anticipate any liability after proper hearing with DHS.

B) One of the subsidiary, ("Hiranandani Healthcare Private Limited") ("HHPL"), had received an Order from Navi Mumbai Municipal Corporation (NMMC) under Bombay Nursing Home Registration Act, 1949, for certain alleged contravention of the provisions of the Act and to cancel the registration of the Hospital and immediately cease its operations. The HHPL filed writ petition with Bombay High Court (HC) that it is ultra vires and contrary to principles of Natural Justice. HC stayed the order and restrained NMMC from taking any steps to interfere or obstruct the functioning. Despite above order, NMMC had again issued another Order to submit original certificate of registration of HHPL. HHPL had filed civil application in the Writ Petition seeking leave of HC to amend the Writ Petition to include grounds of challenging the new Order as well which were pending before the HC.

Subsequently during the previous quarter, NMMC communicated to HHPL that it has cancelled its earlier order of cancellation of the hospital registration. On that basis, HHPL has withdrawn its petition with the HC. The HC has also disposed off the petition vide order dated July 13, 2015.

- Ludhiana, the facility launched in 2014, also witnessed an encouraging momentum with revenues for the quarter seeing a 37% growth.
- **Clinical Excellence**

During the quarter, Fortis continued to demonstrate clinical excellence across specialties and facilities. Our Fortis Organ Transplant (FORT) programme at multiple hospitals across the country is gaining wider acceptance with the gradual recognition in society that an act of organ donation is amongst the noblest of contributions that can be made by an individual in alleviating human suffering. At Fortis Malar, Chennai we have already performed over 70 heart transplants making this the most advanced and extensive heart transplant programme not only in the country but in all of Asia. Similarly, Kidney, Liver transplantations continue to grow through our network providing relief to thousands of people in the country who have exhausted other options of living with dignity.

In a rare case of multiple transplants three of the four major organs – including the heart, liver and a kidney – retrieved from a deceased donor at Fortis Memorial Research Institute (FMRI), Gurgaon, were transplanted into recipients at the same facility. The other kidney was transplanted in a deserving patient at the Army Research & Referral (R&R) Hospital, New Delhi. Complex surgeries continue to be performed everyday through our network and provide a renewed hope of life to many adults and children including neonates, as was the case with the month old baby who underwent a successful open heart surgery for multiple defects that included a transposition of great arteries (TGA), a ventricular septal defect (VSD) and a patent ductus arteriosus (PDA). Such surgeries require medical skills of the highest order.

We at Fortis continue to invest in the latest equipment and technologies to back our desire that our hospitals and doctors remain at the cutting edge of medicine. The FMRI, Gurgaon, acquired a Da Vinci Xi advanced robotic ideal for precision, minimally invasive surgeries. The system allows surgeons to operate with pinpoint accuracy, causing very little damage to surrounding tissues, with a number of benefits to patients including reduced blood loss, fewer complications and a shorter hospital stay.

In yet another significant display of humanitarian service from the heart, our doctors in Chennai, set a shining example of commitment. They braved heavy unprecedented rains, and huge traffic snarls to perform a heart transplant, in spite of the prevailing chaos and saved a valuable life.

Indeed, there are many such heart-warming stories as we go about our daily routine living up to our motto of "Saving and Enriching Lives".
