Dear Sir,

Sub.: Clarification on news Item

This refers to the e-mail received from NSE dt. 23.10.2017 and the clarification sought by BSE on the news item published in newspapers. In this connection, we would like to put forth the following clarification:

It is true that there is an issue of coal across the nation & IPPs are being given priority over the CPP for supply of coal. Nalco is sourcing power from its Captive Power Plant (CPP) for operation of its Smelter plant. Being a Captive Power Plant, because of the priority being given to IPPs as stated earlier, the coal supply is affected. As on date Nalco has not curtailed any production (Aluminium Metal) at Smelter due to Coal Crisis. However to tide over the situation & to sustain the production, Nalco is augmenting power to the tune of 120 MW through import from State Grid.

Thanking you,

Yours faithfully,
For **National Aluminium Co. Ltd.**
