

Mphasis transfers significant portion of its domestic India business to Hinduja Global Solutions

Doubles focus in Global business

Bangalore, India, June 30, 2015

Mphasis, a leading IT services provider, today announced the signing of a definitive agreement to transfer a significant portion of its domestic business, subject to regulatory approvals, to Hinduja Global Solutions (HGS), a global BPM leader in optimizing customer experience for clients.

“Focus and specialisation will be key to success in the new Digital world. I am happy to see that with this agreement, Mphasis will further intensify our focus in Digital, Governance Risk and Compliance (GRC), Application Maintenance Services (AMS) and Infrastructure Services (IS). HGS’ specialisation will bring excellent value to the in-scope domestic customers and employees in India.” said Ganesh Ayyar, CEO of Mphasis.

“Our employees have found a new home in HGS and will play a pivotal role in augmenting their India footprint. A dedicated unit has been set up to ensure smooth transfer for all employees. There would be no loss of jobs or headcount reduction.” said Elango R, Chief Human Resources Officer and Head Emerging Geographies Business Unit of Mphasis.

“We see an environment of bullishness in India where companies are getting back into investment mode and looking for ways to enable higher growth. This acquisition is opportunistic and fits well into our growth plans. It adds scale and a wider footprint even as we enhance our capabilities and gain an outstanding team of domain specialists to cater to our clientele.” said Partha DeSarkar, Chief Executive Officer of HGS.

About Mphasis
