## Management Perspectives

**Commenting on results and developments Mr. Jitin Goyal, CEO and Executive Director said:**

FY2016 was a strategically very important year for Polaris as we became part of Virtusa Corporation. We are now focussed on the integration with Virtusa and laying out the roadmap for realising synergy benefits. The combination is synergistic as it will not only augment our capabilities to provide end-to-end BFSI solutions but also expands our geographic reach and enables us to pursue larger business opportunities with an enhanced scale.

**Commenting on FY2016 results Mr. NM Vaidyanathan, Chief Financial Officer said:**

Our profitability for the year was impacted due to a discount provision made on a contract with a large customer, a loss on BPO business assets held for sale, a transaction cost and an adjustment for tax pertaining to prior periods. All these items put together had impact of about Rs. 657 million on our Net Income during the year. Our focus will be on sustaining margins even as we expect integration costs to impact us in the next fiscal year.
