## **Hexaware and UiPath Enter into a Strategic Partnership to provide Intelligent Process Automation solutions**

**Mumbai – 26 May 2016:** Hexaware Technologies Ltd, a global provider of IT, BPO and consulting services announced that the Company has entered into a strategic partnership with UiPath Inc., a leading vendor of Robotic Process Automation (RPA) software, to transform client's support processes by enabling rapid and intelligent automation of human intensive and rule based back office administrative processes through RPA.

"Partnering with UiPath is an important step in our journey of offering Industry leading Digital Managed Services (DMS) BPS to our clients. DMS is our vehicle of disrupting the BPS Industry given our approach of no fear of cannibalization. Increasingly we see enterprise clients choosing the RPA tools they want to be implemented and our partnership will help us service enterprise class customers in their RPA led automation journey" said **Chinmoy Banerjee, Global Head, Business Process Services, Hexaware Technologies Ltd.**

"At UiPath we are constantly innovating our product technology in order to deliver superior value, and this is strongly reflected in our newest release of 2016, which has the best in class Enterprise Server Platform, the 'UiPath Orchestrator'," said **Raghunath Subramanian, President & CEO UiPath India & APAC.** "We are confident that our partnership with Hexaware will empower clients to run their business more effectively than ever before."

### **About UiPath**

UiPath is a leading provider of Robotic Process Automation technology enabling global enterprises to design, deploy and manage a full-fledged robotic workforce that mimics employees in administering rules-based tasks and frees them from the daily routine of rote work. The UiPath RPA computing platform is dedicated to automate business processes. It provides process modelling, change management, deployment management, access control, remote execution and scheduling, execution monitoring, auditing and analytics in full compliance with enterprise security and governance best practices.
