FINANCIAL RESULTS

Q4'16 & FY16

May 10, 2016

- Global economic uncertainty continues. Sluggish pace of growth leaves the world economy exposed to risks (IMF). Sharp volatility in commodity prices and forex rates creates risks and opportunities
- Spending on training in US and Europe remains robust. However, pace of corporate decision making impacted due to macroeconomic uncertainty
- In India, while GDP growth has remained strong, uncertainty on timing of reforms continues to impact investment sentiment. New job creation remains weak
- Government continues to focus on skills development to drive sustainable and inclusive growth
- CBSE has issued circular to schools to make sure that the students are not forced to use books other than those prescribed by the NCERT
- NASSCOM expects net hiring in IT sector to decline next year as companies increase focus on automation. Aggressive push for Digitalization across sectors expected to drive demand for Digital Skills
- Hiring by banking sector expected to remain robust driven by network expansion by private banks, set up of new banks and replacement of retiring staff by PSU banks. RBI has released draft guidelines for issuing on-tap universal bank licences
