

Chennai Petroleum Corporation Limited

MINUTES OF THE 48th ANNUAL GENERAL MEETING OF THE SHAREHOLDERS OF THE COMPANY HELD AT 03.00 P.M. ON WEDNESDAY, THE 20TH AUGUST 2014 AT KAMARAJ ARANGAM, 492, ANNA SALAI, CHENNAI-600 006

PRESENT

Mr.B.Ashok, Chairman; Mr.S.Venkataramana, Director(Operations) /Managing Director; Mr.T.S.Ramachandran, Director (Technical); Mr.L.Sabaretnam, Director and also the Chairman of the Audit Committee; Mr.Sanjiv Singh, Director; Mr.Mohan Lal, Government Director, Mr.Venkatraman Srinivasan, Director; Mr.G.Ramaswamy, Director and Mr.P.Shankar, Company Secretary.

On behalf of Indian Oil Corporation Limited, Mr.Raju Ranganathan, Executive Director (Company Secretary & Law) , Indian Oil Corporation Limited, was present.

Mr.M.H.Ghods, Director represented Naftiran Inter-trade Company Limited.

Apart from the above, 2066 shareholders and 60 proxies attended.

PROCEEDINGS

- I. The Chairman welcomed the shareholders and declared that quorum was present.
- II. The Notice convening the meeting was taken as read.
- III. The Auditors' Report was read out by the Company Secretary.
- IV. The Chairman addressed the shareholders. In his address, Chairman, informed that India has registered an economic growth rate of 4.7% in 2013-14, affecting in particular the manufacturing sector, which remained stagnant during the year. He further informed that the Current Account Deficit (CAD) situation has significantly improved, with number of steps taken by RBI, and reduced the volatility in foreign exchange rate in the recent months and during the major part of the year, the manufacturing industry was affected by the wide fluctuations in foreign exchange rate, which resulted in lower profitability. He added that with the recent economic initiatives proposed by the Government, it is now

1/3

expected that the Indian economy would achieve a higher growth rate of above 5.5% in the current year.

The Chairman stated that during the year, Petroleum products consumption in India witnessed only a marginal growth rate of 0.7% over the previous year, with the demand for petroleum products increasing to 158.2 Million Metric Tonnes (MMT) from 157.1 MMT in 2012-13. However, with the expected robust economic performance in the current year, the consumption of petroleum products is likely to increase in the coming years.

The Chairman mentioned that Indian Refineries have delivered higher level of physical performance by processing 224.2 MMT of crude in 2013-14 and with production exceeding the demand, India continues to be a major exporter of petroleum products by exporting about 68.4 MMT during the year as against 63.4 MMT in 2012-13, earning valuable foreign exchange for the country. He added that the average crude oil price for Indian basket of crudes came down from \$ 107.97 per barrel in 2012-13 to \$ 105.52 per bbl during the year.

The Chairman informed that the company achieved a crude throughput of 10.624 Million Metric Tonnes (MMT) during the year, which was much higher than 9.742 Million Metric Tonnes (MMT) in the previous year, with Manali Refinery achieving the highest ever crude throughput of 10.065 Million Metric Tonnes (MMT). On the energy efficiency front, Energy Index of CPCL's Manali Refinery during the year was the lowest at 62.5 MBN as against 65.8 MBN in 2012-13, due to a number of energy conservation measures taken to reduce energy consumption. As a result of these efforts, the fuel and loss during the year reduced to 8.78% from 9.49% in previous year.

The Chairman stated that the Gross Turnover of the company improved from Rs.46842.7 crore in 2012-13 to Rs.53923.7 crore in 2013-14 registering an increase of 15.12% and the Profit Before Interest, Depreciation and Tax (PBIDT) from Rs.(845.26) crore to Rs. 626.58 crore. The performance of the Company improved resulting in reduction of loss from Rs. 1697.69 crore in the previous year, to a loss of Rs.330.96 crore during the year. He added that this loss was mainly on account of adverse impact of lower cracks of products

like Diesel, MS & Fuel Oil, unprecedented depreciation of the Indian Rupee against the US dollar, volatility in foreign exchange market, higher interest expenditure due to high working capital requirements, higher Central Sales tax (CST) under recovery

The Chairman also highlighted various performance improvement measures undertaken by the Company to strengthen the physical and financial performance like implementation of energy conservation schemes , implementation of value addition enhancement schemes, increased import of power from Grid to 5 MW to reduce overall cost of power used in operations, improving reliability of plant operations and also various cost reduction measures.

The Chairman briefly explained the details of projects completed during the year like Fire Water Storage Tanks, Volatile Organic Compounds (VOC) absorption facility, Construction of additional slop tank and MS –Naphtha tanks. He also highlighted the details of project under completion like Resid Upgradation project to maximise the distillates production at an estimated cost of Rs3110 crore, Mounded Bullet storage facility at an estimated cost of Rs. 279 crore. and 42” new crude oil pipeline at an estimated cost of Rs.257 crore.

The Chairman remarked that employees are the key drivers of performance and growth, and the company makes all possible efforts to communicate with employees on current business scenario and business challenges being faced by the organization. He added that to upgrade the skills and competencies of employees continuously, the company conducted a number of training programs in different fields of operations and technology, besides programmes on leadership development and risk management. All employees were provided with excellent health care services.

The Chairman stated that the company accords utmost priority for safety in refinery operations by continuously updating the safety procedures and systems, which are periodically audited by internal and external audit teams comprising experts from various disciplines and statutory agencies.

The Chairman further stated that as part of Sustainable Development initiatives during the year, the company installed rain water harvesting facilities in buildings, Volatile Organic Compound (VOC) Absorption System in Effluent Treatment Plant-II for lowering VOC emissions and 10 KW Roof-top Solar System for generating solar power. The company successfully implemented the concept of Recycling, Re-using and Reducing the water resources consumption.

The Chairman also informed that as part of CSR activities, the Company focussed on skills development, strengthening of education facilities, operation of community health centres, conducting general medical camps, home management training for visually challenged students and promotion of sports among school students.

The Chairman mentioned that all mandatory requirements of Corporate Governance guidelines issued by SEBI and Dept of Public Enterprises for the year were complied with except the Clause relating to the appointment of Independent Directors. The appointment of additional Independent Directors is under the consideration of Government of India as the company is a Government Company.

The Chairman informed that the Profit after Tax for the first quarter of the current year had improved to Rs.510.11 crore on account of recognition of Deferred Tax Asset on the carry forward business losses and unabsorbed depreciation to the extent of Deferred Tax Liability as per audited accounts 2013-14, based on the opinion by the Expert Advisory Committee of the Institute of Chartered Accountants of India. He also highlighted various measures taken by the company to achieve improvement in both physical and financial performance.

While concluding his address, Chairman thanked the Ministry of Petroleum & Natural Gas, Ministry of Environment & Forest and other Ministries/Departments of Govt. of India, Govt. of Tamil Nadu, Naftiran Intertrade Co. Limited, Shareholders, Banks and Financial Institutions for their constant support and guidance.

IV. The Auditors' Report was read out by the Company Secretary.

Chairman informed the members that in line with the provisions of Companies Act 2013 and rules notified thereunder, the company had provided e-voting facility to its members to cast their vote on the resolutions proposed in the Notice of the Annual General Meeting. He added that the e-voting was open from 14th August, 2014 to 16th August, 2014. He further informed that for those members who could not exercise their vote through e-voting process, the company has provided facility to vote at the Annual General Meeting and the ballot papers were available with the volunteers present in the polling counters.

Company Secretary explained the ballot process and informed that as per the Notice and the Addendum to the Notice of the AGM, the following resolutions were proposed for approval of shareholders :

1. To receive, consider and adopt Audited statement of Profit and Loss of the Company for the period 01.04.2013 to 31.03.2014 and the audited Balance sheet as at 31.03.2014 together with Directors Report and Auditors Report
2. Re-appointment of Shri.T.S.Ramachandran, who retires by rotation
3. Appointment of Mr.Mohan Lal as a Director
4. Appointment of Mr.G.Ramaswamy as a Director
5. Appointment of Mr.Sanjiv Singh as a Director
6. Ratification of Remuneration of Cost Auditor for the year 2014-15
7. Taking note of erosion of more than 50% of the networth of the Company.

Company Secretary also informed that as per the provisions of the Companies Act, the Company had received a notice from a member proposing the candidature of Shri.Ashok Balasubramanian as Director of the Company and in line with the provisions of Section 160 of the Companies Act, 2013 the Company had published a notice in the newspapers regarding the same. Accordingly the agenda item No. 8 for Appointment of Shri.Ashok Balasubramanian as a Director was

included in the business of the AGM for consideration of members and also in the e-voting process to enable members to vote. He also informed that Shri.Ashok Balasubramanian was nominated as part time Chairman of the Board of CPCL.

Company Secretary further informed that the Company has appointed Ms.S.Lalitha, a Practising Company Secretary to conduct the scrutiny of e-voting as well as voting at the Annual General Meeting and requested the Scrutinizer to lock / seal the ballot box in the presence of members to enable the voting. He requested the members to cast their vote in the ballot papers provided and drop the same in the ballot boxes kept in the Auditorium. He added that the voting would remain open till the conclusion of the meeting.

The Chairman then invited members to raise queries on the Annual Accounts, the Directors Report and the agenda of the Meetings as mentioned in the notice convening the meeting. With a view to facilitate participation of more members and to provide equal opportunities to speak, Chairman requested members to be brief and confine their queries to the business of the AGM and not to take more than a couple of minutes.

Members raised various queries, sought clarifications and made observations relating to the performance of the Company, which inter alia, included the following:

- Non declaration of dividend
- Non-receipt of Annual Report in time
- Measures taken to improve the performance
- Appointment of Additional Independent Directors to fill the vacancies
- Sickness of the company and reporting to BIFR
- Current net worth
- Delisting the shares from Madras Stock Exchange Limited
- Steps taken to improve the percentage of dematerialized shares
- Details of debenture trustees
- Reasons for higher expenditure on R&D and benefits derived from R&D
- Suggestion for early settlement of disputed dues
- Suggestion to bring ten year profile in the front portion of Annual Report

- Details of leasehold land
- Reasons for reduction in the value of fixed assets
- Performance of Joint Venture companies
- Possibility of merging Chennai Petroleum Corporation Limited with its holding company Indian Oil Corporation Limited
- Concerns on lower market price, reduction in book value ,depreciation of Indian Rupee and higher interest cost
- Appreciation for bringing down the losses, reduction in the staff welfare expenditure and salaries and allowances
- Concerns for not remitting dividend to Naftiran Intertrade Company Limited for the year 2010-2011 and 2011-2012 due to sanctions imposed by USA / European Union on IRAN.
- Other specific issues relating to items appearing in the Annual Report 2013-2014

The Chairman, thereafter, replied to most of the queries, observations and clarifications sought by the members on the various issues . He thanked the members for the observations and suggestions.

After the question and answer session , Chairman informed that the result of the e-voting and the physical voting at the Annual General Meeting on the Resolutions transacted in the meeting shall be notified to the Stock Exchanges and hosted on the website of the company within the next 2 days i.e., 22.08.2014.

Thereafter, the Chairman thanked the Members present.

COMBINED SCRUTINIZER REPORT FOR E-VOTING & POLL

On the basis of the combined scrutinisers report dated 21.08.2014 , Company Secretary , based on the authorisation of the Chairman, announced the results of e-voting and the poll on 21.08.2014 which is as under:

Item No.1:-

To receive, consider and adopt the Audited Statement of Profit and Loss of the Company for the period from 1st April 2013 to 31st March 2014 and the Audited Balance Sheet as at 31st March 2014, together with the Directors' Report and the Auditors' Report.

The combined result of the voting (e-voting and poll) is as under:

Particulars	Number of Members voted			Number of votes contained in			%
	E-Voting	Poll	Total	E-Voting	Poll	Total	
Voted in Favour	51	60	111	19,643,287	101,472,411	121,115,698	99.999
Voted Against	0	4	4	0	405	405	00.001
Total	51	64	115	19,643,287	101,472,816	121,116,103	100.000

The following ordinary resolution was therefore passed (e-voting and poll) with 99.99% votes:

"RESOLVED that the Audited Statement of Profit & Loss Account of the Company for the period from 1st April 2013 to 31st March 2014 and the Audited Balance Sheet as at 31st March 2014 together with the Directors' Report and the Auditors' Report thereon and the comments of the Comptroller and Auditor General of India ,be and are hereby adopted."

Item No.2:-

To appoint a Director in place of Mr T S Ramachandran (DIN:03589996) who retires by rotation and being eligible, offers himself for reappointment.

The combined result of the voting (e-voting and poll) is as under:

CHAIRMAN'S SPEECH

48th ANNUAL GENERAL MEETING

20TH AUGUST 2014, KAMARAJ ARANGAM,
ANNA SALAI, CHENNAI - 600 006

Chennai Petroleum Corporation Limited
(A group company of IndianOil)

Dear Shareholders,

On behalf of the Board of Directors and on my own behalf, I extend a warm welcome to every one of you to the 48th Annual General Meeting of the company. The Annual Audited Accounts and the Directors' Report are already circulated to you and with your permission, I take them as read.

Economic Scenario

India has registered an economic growth rate of 4.7% in 2013-14, affecting in particular the manufacturing sector, which remained stagnant during the year. While inflation has declined during the year, it was still above the comfort zones and continues to impact interest rate. The Current Account Deficit (CAD) situation has significantly improved, with number of steps taken by RBI, and has reduced the volatility in foreign exchange rate in the recent months. However, during the major part of the year, the manufacturing industry was affected by the wide fluctuations in foreign exchange rate, which has resulted in lower profitability. With the recent economic initiatives proposed by the Government and with prevailing political stability paving the way for introduction of many economic reforms, the confidence level in the future economic growth has substantially increased. It is now expected that the Indian economy would achieve a higher growth rate of above 5.5% in the current year and much higher growth rate in the subsequent years.

Domestic Oil Scenario

During the year, Petroleum products consumption in India witnessed only a marginal growth rate of 0.7% over the previous year, which is the lowest in the last decade, with the demand for petroleum products increasing to 158.2 Million Metric Tonnes (MMT) from 157.1 MMT in 2012-13. While Motor Gasoline, Aviation Turbine Fuel and Petroleum Coke registered a positive growth, products like Diesel, Naphtha, kerosene, Fuel Oil and LSHS recorded a negative growth over the previous year, resulting in only marginal increase in overall demand. However, with the expected robust economic performance in the current year, which is already reflected in the recent improvement in Core Manufacturing sector performance, the consumption of petroleum products is likely to increase in the coming years.

Indian Refineries have delivered higher level of physical performance by processing 224.2 MMT of crude in 2013-14 as compared to 218.8 MMT in the previous year, achieving higher level of capacity utilization. With production exceeding the demand, India continues to be a major exporter of petroleum products by exporting about 68.4 MMT during the year as against 63.4 MMT in 2012-13, earning valuable foreign exchange for the country. On the domestic crude oil production front, there is no significant improvement and as a result, India still depends largely on crude imports to meet our energy needs.

The average crude oil price for Indian basket of crudes has come down from \$ 107.97 per barrel in 2012-13 to \$ 105.52 per bbl during the year, which is still above the \$100 / bbl level. This has strained the working capital requirements of Indian Refineries, despite increased crude oil production from USA which has been offset by supply disruptions, mainly in Libya.

To improve the organisation's capability to handle complex fire and safety operations, your company has installed High Volume Long Range (HVLR) monitors on all tall structures and storage tank farms, in line with safety norms. Hydrocarbon Gas Detectors were installed in storage farms for early detection of hydrocarbon leaks and contribute to prevention of fire accidents.

Awards and Recognitions

Recognising the efforts of the company in reducing steam leaks, Your Company has been awarded a special prize for "Best Reduction in Steam Leaks in 2013" by Centre for High Technology, which also awarded second prize for "Furnace and Boiler Efficiency for 2012" to Cauvery Basin Refinery.

Your company along with Engineers India Limited, was jointly awarded a special commendation award for "Innovator of the Year –Team" for outstanding achievement in conceptualization, development, and successful commercialisation of OxyEnrich process technology for capacity enhancement of Sulphur Recovery Units.

Your company has won Golden Peacock Award for "Occupational Health and Safety for the year 2013". In addition, your company has also been bestowed with Greentech Safety Award in Silver category for Petroleum Sector, Greentech Environment Award in Silver category for Petroleum Sector, and "Governance Now" Award for Growth and Competitiveness in PSU. TamilNadu Pollution Control Board has awarded "Green Award for Industries Sector" to Cauvery Basin Refinery for undertaking significant environment preservation measures.

Sustainable Development

Besides the economic performance, your Company also focuses on responsible environment management and on its commitments towards the Society. The business practices of the Company support the Sustainable Development by following sustainable business practices that contribute to conservation of natural resources and optimum utilization.

As part of Sustainable Development initiatives during the year, your company has installed rain water harvesting facilities in buildings, Volatile Organic Compound (VOC) Absorption System in Effluent Treatment Plant-II for lowering VOC emissions, and 10 KW Roof-top Solar System for generating solar power. By ensuring continuous operation of Sewage Reclamation, Desalination and Zero Discharge Plants, your company has successfully implemented the concept of Recycling, Re-using and Reducing the water resources consumption. During the year, the company used Raw Water only to the extent of 12.25% of total water requirement, conserving the precious natural resource for enhancing drinking water supply for the city.

Awareness among employees on the need for sustainable development has been created through systematic training programmes, where employees were encouraged to generate innovative ideas for improving sustainable performance of the Company.

Corporate Social Responsibility

Your company is strongly committed to fulfil its Corporate Social Responsibility (CSR), which is an integral part of the Company's business philosophy for many years. As part of CSR activities, your Company focussed on skills development, strengthening of education facilities, operation of community health centres, conducting general medical camps, home management training for

Projects Under Implementation

Resid Upgradation Project

To increase the value addition by maximization of distillates production, your company has embarked on setting up Resid Upgradation project, using the vacuum Residue as the feedstock available in the company. The total outlay for the project is estimated at Rs.3110 crores and project is scheduled for completion by December 2015. The implementation is progressing in line with project schedule. The civil works are in progress and delivery of materials at project site will commence shortly.

Mounded Bullets

Your company is also implementing a Mounded Bullet Storage facility for LPG and Petrochemical products, as part of risk mitigation measures and in line with norms prescribed by the Oil Industry Safety Directorate, at an estimated cost of Rs. 279 crore. The implementation of the project was started in April 2013 and is expected to be mechanically completed by end of 2014.

New Crude Oil Pipeline

Your company has received CRZ clearance for the proposed 42" new crude oil pipeline with enhanced safety features, as a replacement for the existing old crude oil pipeline, which will reduce pumping time and demurrage incidence. The estimated cost of the pipeline is Rs.257 crore and schedule time for completion is 18 months.

Human Resources

Employees are the key drivers of performance and growth, with their valuable contributions in a congenial work environment. Your company makes best possible efforts to communicate with employees on current business scenario and business challenges being faced by the organization. During the year, two communication meetings with officers, four shop-level communication meetings and three communication meetings with collectives were organized by Managing Director and Functional Directors. Training programs on "Refinery Economics" were conducted for officers and collectives to create awareness on various factors that contribute to profitability of refinery operations.

To upgrade the skills and competencies of employees continuously, your company has conducted a number of training programs in different fields of operations and technology, besides programmes on leadership development and risk management. The Company achieved an average training man-days of 2.5 days during the year. Women employees were encouraged to celebrate the International Women's Day on the theme "Inspiring Change". All employees were provided with excellent health care services including screening for Osteoporosis by the Occupational Health Services Centre at Manali Refinery.

Safety Management

Your company accords utmost priority for safety in refinery operations by continuously updating the safety procedures and systems, which are periodically audited by internal and external audit teams comprising experts from various disciplines and statutory agencies. During the year, your company achieved the longest spell of 138 incident free days, with man-hours lost due to accidents as percentage of total man-hours at 0.02%.

Performance during 2013-14

Your company has achieved a crude throughput of 10.624 Million Metric Tonnes (MMT) during the year, which is much higher than 9.742 Million Metric Tonnes (MMT) in the previous year, with Manali Refinery achieving the highest ever crude throughput of 10.065 Million Metric Tonnes (MMT). The performance of secondary processing units like OHCU and FCCU facilities was also higher. While OHCU achieved the highest ever throughput of 2007 TMT against the previous best of 1996 TMT in 2010-11, FCCU achieved the highest ever throughput of 1065 TMT as compared to the previous best of 1006 TMT. On the energy efficiency front, Energy Index of CPCL's Manali Refinery during the year was the lowest at 62.5 MBN as against 65.8 MBN in 2012-13, by taking a number of energy conservation measures to reduce energy consumption. As a result of these efforts, the fuel and loss during the year was reduced to 8.78% from 9.49% in previous year.

The Gross Turnover of the company has improved from Rs.46842.7 crore in 2012-13 to Rs.53923.7 crore in 2013-14 registering an increase of 15.12% and the Profit Before Interest, Depreciation and Tax (PBIDT) from Rs.(845.26) crore to Rs. 626.58 crore. Profit Before Tax (PBT) has also improved, from a loss of Rs. 1697.69 crore in the previous year, to a loss of Rs.330.96 crore during the year. This loss was mainly on account of adverse impact of lower cracks of products like Diesel, MS & Fuel Oil, unprecedented depreciation of the Indian Rupee against the US dollar, volatility in foreign exchange market, higher interest expenditure due to high working capital requirements, higher Central Sales tax (CST) under-recovery due to out of zone movement of products.

Dividend

In view of the losses incurred during the year, the company has not recommended dividend.

Performance Improvement Initiatives

During the year, your company has implemented a number of performance improvement measures to strengthen physical and financial performance of the company that include the following major initiatives:

- Implementation of energy conservation schemes like Recovery of Diesel Hydrotreater (DHDT) off-gas hydrogen, and steam trap management of Refinery-III.
- Implementation of Value Addition enhancement measures such as maximization of CCR feed and Petrochemical Feedstock Butylene.
- Increased import of power from Grid to 5 MW to reduce overall cost of power used in operations.
- Improving reliability of plant operations and also various cost reduction measures.

Projects

Your company has successfully completed construction of one Naphtha Tank, one MS tank and one Slop tank with a capacity of 10000 KL each to increase the product and intermediates storage facilities during the year. Projects on "Fire Water Storage Tanks" and Volatile Organic Compounds (VOC) absorption facility" were also completed and commissioned.

visually challenged students and promotion of sports among school students. A key CSR initiative during the year was conducting placement-linked computer training programme for 100 beneficiaries in backward Nagapattinam District, which enabled 72 beneficiaries to gain employment subsequent to completion of the training.

Corporate Governance

Your Company strives to meet the highest standards of Corporate Governance to ensure transparency and accountability in business transactions. All mandatory requirements of Corporate Governance guidelines issued by SEBI and Dept of Public Enterprises for the year have been complied with except the Clause relating to the appointment of Independent Directors. The appointment of additional Independent Directors is under the consideration of Government of India. A separate section detailing all aspects of Corporate Governance in CPCL is incorporated in the Annual Report 2013-14.

Future Outlook

During the first quarter of the current year, Your Company achieved a crude throughput of 2.819 MMT as against the target of 2.479 MMT considering deferment of planned shutdown and despite reduced crude availability at Cauvery Basin Refinery. The distillates yield stood at 71.4 percent and Fuel & Loss was contained at 8.40 percent.

The Profit after Tax for the first quarter of the current year had improved to Rs.510.11 crore on account of recognition of Deferred Tax Asset on the carry forward business losses and unabsorbed depreciation to the extent of Deferred Tax Liability as per audited accounts 2013-14, based on the opinion by the Expert Advisory Committee of the Institute of Chartered Accountants of India.

Your Company has also initiated measures to achieve improvement in both physical and financial performance. Various margin improvement measures in the areas of energy conservation and consequent reduction in Fuel and Loss, value added products and optimization of crude mix. I am confident that with all these initiatives and support from IOCL, your Corporation's bottom-line will further improve.

Acknowledgment

I would like to thank all stakeholders for your wholehearted support in these difficult times. I would like to record my sincere thanks to Ministry of Petroleum & Natural Gas, Govt. Of TamilNadu, Ministry of Environment & Forests, Oil Industry Development Board, The Comptroller & Auditor General of India, Central Vigilance Commission, Banks and Financial Institutions for their continued support and guidance. I would like to convey my thanks to all employees for their commitment to improve the performance and contribution with dedicated work. I express my thanks to all my colleagues on the Board for their unstinted support and valuable contribution. I thank each and every one of you present here and convey my greetings for the forthcoming Festive Season.

JAI HIND.
