1

Stronger parentage for Financial Services Business

- Financial Services Business is likely to benefit from lower cost of funds, given stronger credit rating of Grasim (CRISIL - AAA):
 - AAA parent may potentially lead to reduction in cost of borrowing
 - Will provide access to larger pool of funds through capital markets in the form of both debt as well as equity
 - Borrowing mix can be optimized
- Grasim's stronger parentage will provide additional comfort to financial services regulators for on-going support to meet solvency requirements
- Strong balance sheet of Grasim overcomes ABNL's current capital constraints (2.5x FY 16 Standalone Net Debt/EBITDA adjusted for BSLI stake sale proceeds) and provides runway for future funding capability
- Ability to consistently support growth with capital through business cycles, e.g. inability of banks and infrastructure companies to raise capital in the recent past

Transaction Rationale (cont'd)

2

Access to high growth businesses

- Cash flow of the merged entity from various operating businesses can be meaningfully leveraged towards nurturing companies with future growth opportunities
- Businesses with significant growth potential and leadership positions
 - Among the top 10 diversified private NBFCs in India. One of the fastest growing NBFCs with high quality loan book
 - #4 Private Life Insurer in India
 - 4th largest Asset Management Player in India

3

Value Unlocking in Financial Services Business

- Aditya Birla Nuvo has invested and nurtured the Financial Services Business with capital infusion on an on-going basis to deliver on growth expectations
- Foray into Payments Bank, Health Insurance & Housing Finance offers strong future growth opportunities
- Demerger of Financial Services Business achieves:
 - Value unlocking for shareholders given the business has achieved scale
 - Listing of Financial Services Business provides flexibility to independently fund its growth through various sources of capital
 - Stronger parentage via Grasim continues
