

**Press Release****HCC-Coastal JV awarded Rs 785 crore contract**

**Mumbai, July 21, 2015:** HCC Ltd, the leading infrastructure construction company, in joint venture with Coastal Projects Ltd, has been awarded a Rs 785 crore contract by Northeast Frontier Railway.

The contract is for developing a 9.5 km tunnel between Tupul – Imphal for New Railway Line Project from Jiribam - Tupul. The Share of HCC in the JV is 60% which is Rs.471 crore. The project is to be completed in 40 months.

This is the fourth successive order received by HCC from Northeast Frontier Railway on the new railway line between Jiribam and Tupul. The first project was to construct a 3.25 km tunnel between Dholakal and Kaimai Road stations and second was construction of a 3.3 km tunnel between Kambiron Road and Thingou stations and the third order was to develop a 4.9 km long railway tunnel between Kaimai Road and Kambiron Road stations. HCC, known for executing complex engineering projects, is also constructing the 4.315 km long Bogibeel Rail-cum-road Bridge over river Brahmaputra near Dibrugarh, Assam for Northeast Frontier Railway.

Commenting on new order win, Mr. Arun Karambelkar, President & CEO- E&C, HCC Ltd. said "HCC is proud to receive the fourth order from Northeast Frontier Railway. It is testament to the confidence enjoyed by the Company in successfully executing complex tunneling work. HCC with its sound engineering expertise and committed team is all set to leverage the opportunities in the infrastructure space".

In the transportation segment HCC has a strong track record in construction of Roads, Highways, Bridges, Railways and MRTS (Mass Rapid Transport System). HCC has already constructed 3600 lane km of Expressways / Highways across the country. In the MRTS space, the company has executed the Kolkata and sections of Delhi Metro Rail project. It has built nearly 356 bridges and 300 km of complex tunneling.

**About HCC:**

HCC is a business group of global scale developing and building responsible infrastructure through next practices. With an engineering heritage of nearly 100 years, HCC has executed a majority of India's landmark infrastructure projects, having constructed 28% of India's Hydel Power generation and over 65% of India's Nuclear Power generation capacities, over 3,600 lane km of Expressways and Highways, more than 300 km of complex Tunneling and over 356 Bridges. Today, HCC Ltd. serves the infrastructure sectors of Transportation, Power and Water. HCC is also developing Lavasa City, a planned hill city and one of India's largest urban development and management initiatives. The HCC Group, with a group turnover of Rs 10,353 crore, comprises of HCC Ltd, HCC Infrastructure Co. Ltd, Lavasa Corporation Ltd and Steiner AG in Switzerland.
