## INDEPENDENT AUDITORS' REVIEW REPORT TO THE BOARD OF DIRECTORS OF HINDUSTAN ZINC LIMITED

1. We have reviewed the accompanying Statement of Standalone Unaudited Financial Results of **HINDUSTAN ZINC LIMITED** ("the Company") for the Quarter and Six Months ended 30 September, 2015 ("the Statement"), being submitted by the Company pursuant to the requirement of Clause 41 of the Listing Agreements with the Stock Exchanges, except for the disclosures in Part II - Select Information referred to in paragraph 4 below. This Statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.
2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.
3. Based on our review conducted as stated above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the Accounting Standards specified under the Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014) together with the early adoption of Accounting Standard 30, Financial Instruments : Recognition and Measurement effective 1 April, 2007, and the consequential limited revisions as has been announced by the Institute of Chartered Accountants of India to certain Accounting Standards, as stated in note 2 of the Statement and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Clause 41 of the Listing Agreements with the Stock Exchanges, including the manner in which it is to be disclosed, or that it contains any material misstatement.
4. Further, we also report that we have traced the number of shares as well as the percentage of shareholding in respect of the aggregate amount of public shareholding and the number of shares as well as the percentage of shares pledged/encumbered and non-encumbered in respect of the aggregate amount of promoters and promoter group shareholding in terms of Clause 35 of the Listing Agreements with the Stock Exchanges and the particulars relating to investor complaints disclosed in Part II - Select Information for the Quarter and Six Months ended 30 September, 2015 of the Statement, from the details furnished by the Management..

## Operational Performance

### Production

Mined metal production increased by 13% to 240kt during the quarter as compared to a year ago, driven primarily by higher ore production across mines. For the six month period, mined metal production increased by 26% to 472kt from corresponding prior period.

Integrated zinc metal production during the quarter increased by 22% y-o-y to 211kt on account of enhanced smelter efficiency and conversion of WIP inventory. During H1 FY 2016, integrated zinc metal production was 398kt, up 28% from a year ago.

Integrated saleable lead and silver metal production was the highest ever during the quarter, up 53% y-o-y to 39kt and up 64% y-o-y to 110 MT respectively. This substantial increase was driven primarily by higher mined metal, smelter efficiency and better grades. Silver production also benefited from higher ore grade and volume from Sindesar Khurd mine. For the six month period, integrated saleable lead production increased by 41% to 67kt and integrated saleable silver production increased by 50% to 184 MT from a year ago.

### Cost of Production

The zinc metal cost of production per MT before royalty decreased by 8% in rupee term and 15% in US dollar term to Rs. 50,236 (\$771) as compared to Rs. 54,732 (\$903) a year ago. The decrease in cost was driven by higher volumes, reduced fuel prices and cost reduction initiatives, partly offset by regulatory levies and higher underground mine development.

### Financial Performance

Revenues increased by 4% during the quarter to Rs. 3,908 crore from a year ago, driven by significant increase in volumes and rupee depreciation even as LME prices and zinc premiums declined. In H1 FY 2016, revenues increased by 12% to Rs. 7,504 crore.

EBITDA was at an all time high, increasing by 9% y-o-y to Rs. 2,188 crore in Q2 FY 2016 primarily on account of higher revenues, rupee depreciation and lower cost of production, supported by write back of excess provisioning for contribution to District Mineral Foundation (DMF). For six month period, EBITDA increased by 15% to Rs. 3,860 crore.

During the quarter, Government of India notified the contribution towards DMF at 30% of royalty for existing mining leases, payable w.e.f. January 12, 2015. Accordingly, the Company has revised its DMF liability resulting in a write back of Rs. 140 crore provisioned during the prior quarters.

Net profit increased by 5% to Rs. 2,285 crore during the quarter as compared to a year ago on account of higher operating profit and increase in investment income, partly offset by higher tax rate. In H1 FY 2016, net profit was up by 11% to Rs. 4,206 crore.

## Expansion Projects

Rampura Agucha open pit deepening project, undertaken to de-risk the transition to underground mine, is on track. The underground mine project is progressing well and regular stoping will start in the current quarter. The main shaft sinking is now progressing as per plan.

At Sindesar Khurd mine, the development of two auxiliary lenses as separate production centres is in full swing which has helped in ramping up the mine better than original plan and will increase the production capacity from 2 million MT to 3 million MT by year end.

The ramp up of Kayad mine is progressing well and is expected to achieve 1 million MT production capacity by year end.

## Dividend

The Board of Directors has declared a special interim dividend of 95% i.e. Rs. 1.90 per share, in addition to maintaining last year's interim dividend of 95% i.e. Rs 1.90 per share on equity share of Rs. 2 each. Record date fixed for both the dividends is October 26, 2015.

## Liquidity and investment

As on September 30, 2015, cash and cash equivalents were Rs. 34,568 crore, out of which Rs. 25,310 crore was invested in mutual funds, Rs. 5,530 crore in bonds and Rs. 3,505 crore in fixed deposits. The Company follows a conservative investment policy and invests in high quality debt instruments.
