

NIIT Technologies Identified as a Leader in NelsonHall's Digital Transformation Services NEAT

NEW DELHI, January 21 2016, [NIIT Technologies Limited](#), a leading global IT solutions organization has been identified as a 'Leader' in '[Digital Transformation Services NEAT](#)' (Digital Focus market segment) by [NelsonHall](#), the leading global BPO and IT outsourcing firm.

[NelsonHall](#)'s Vendor Evaluation & Assessment Tool (NEAT) analyses the performance of 17 vendors offering 'Digital Transformational Services' across the globe. [NelsonHall](#) defines Digital Transformation Services (DTS) as IT services around e-commerce, websites and mobile apps, cloud computing, analytics and IoT.

Dominique Raviart, Principal Analyst at NelsonHall, commented "NIIT Technologies brought together its traditional strengths such as technology capabilities, offshore delivery and project management into new offerings such as e-commerce, mobile apps and cloud hosting. NIIT Technologies demonstrated it could drive offshore work that currently tends to be provided onsite. That is a significant achievement".

Graham Clark, Head Digital Services at NIIT Technologies says, "Being identified as a leader in the DTS NEAT assessment demonstrates our success in building digital capabilities which is as a result of our deep understanding of client's business, strong partnerships and an organization-wide culture re-orientation to deliver a superior experience."

NEAT evaluations are based on a combination of interviews with the vendors and their clients. The vendors are scored against a wide range of criteria, establishing a number of scenarios, each representing a different business situation or client business need. The NEAT tool allows strategic sourcing managers to assess the capability of vendors across a range of criteria and business situations and identify the best performing vendors overall, and in areas such as IT Operations Focus, Digital Focus, and Cost Conscious Focus.

Digital Services at [NIIT Technologies](#) include Digital Experience, Analytics, Cloud and Digital Integration.
