While addressing the shareholders, the Chairman briefly touched upon the performance of the Bank under various business parameters and global economic & industry scenario.

He said that the world economy continued to grow at a moderate rate. The recent data reflected a pickup in growth in some advanced economies and a slowdown in emerging markets and developing economies. On the domestic front, India's GDP growth rate had been 7.3% for FY 2014-15. Fiscal deficit and current account deficit were generally contained and the country's inflation rate also showed signs of moderation on expected lines. However, the growth

of Indian Banking Sector remained under pressure in FY14-15. Both deposits and credit grew at one of the slowest rates on account of economic slowdown, various infrastructure bottlenecks and subdued loan demand. Due to this challenging backdrop in which the banking system in India has been operating, there has been adverse impact on the asset quality, capital adequacy and profitability of most of the banks. In such an environment, the Bank continued to adopt the strategy of consolidation and strengthening its Balance Sheet.

He presented before the shareholders the business highlights of the Bank for the FY 2014-15:

- The Bank crossed the milestone of business mix of ₹3,50,000 crore. The total Business Mix of the Bank grew by 5.32%, with total Deposits and Gross Advances registering a growth of 5.44% and 5.17% respectively. CASA deposits grew by 4.94% and Retail Term Deposits (below ₹1.00 crore) by 14.61%. Bulk Deposits were reduced by 7.65%.
- The Advances portfolio of the Bank remained well diversified and the thrust areas for finance were Retail Advances, Agriculture & MSME which together constituted 47% of the total advances portfolio. The balance 53% was Corporate Credit which fulfilled the credit needs of the productive sectors of the economy.
- Retail Credit grew by 12.37% and constituted 12.24% of the total Advances. The Priority Sector (PS) Advances constituted 39.42% of Adjusted Net Bank Credit (ANBC).
- The Bank adopted strong recovery measures which resulted in sequential reduction in the level of NPAs in the fourth quarter of FY14-15. The gross NPA level of March 2015 remained approximately at the same level of December 2014 in terms of amount and the gross NPA ratio sequentially declined from 5.43% (Q3) to 5.18% (Q4). Similarly, the net NPA ratio sequentially declined from 3.68% (Q3) to 3.34% (Q4). The Provision Coverage Ratio sequentially improved from 57.39% (Q3) to 60.59% (Q4).
- During FY 14-15, total income increased by 5.34% and non-interest Income grew by 9.05%. The Operating Profits sequentially increased by 19.79% to ₹1,216 crore in the fourth quarter and stood at ₹4,227 crore for the full year. Net Profit for FY14-15 stood at ₹497.08 crore which was impacted by an

exceptional debit of ₹280.43 crore being reversal of Asset sale profit during FY 13-14 and wage revision provision during Q4 which was ₹201.74 crore including ₹148.59 crore for the previous period. The Book Value per Share increased to ₹438.80 as on 31<sup>st</sup> March, 2015 and the Business per Employee increased to ₹17.43 crore.

He apprised that the Bank took a lead role in implementing the PMJDY scheme launched by Honorable Prime Minister of India across all Branches and particularly in Delhi State as SLBC Convener. The Bank opened more than 25 lakh accounts under PMJDY and issued RuPay debit cards to 98% of the account holders.
